It is our suggestion to you that if you will give consideration to the question of utilizing the interior portion of those two blocks for park purposes, but bearing the cost of acquisition to the extent that you do utilize it, leaving to us to bear the cost of the land that we utilize for housing purposes, we can accomplish the exact purpose for which we entered into this project. In other words, we can go into that community and render a civic service not only to the City of Newark, but the entire community surrounding there.

If you acquire it, it is not merely a park for those who happen to live in these houses; it is a park that can be utilized by all those who live in that crowded area. I believe with all sincerity, Mr. Mayor, that if we jointly, the City of Newark and the Prudential Insurance Company, enter into this project, the results will not be confirmed merely to those people who happen to live there and those who happen to utilize that, but we will have made a form of cooperation development of which I know of no similar example in the country.

I believe that we will have demon-

strated, if we are successful in this, the possibility of going into crowded areas in our great city, of removing these pest holes where human beings are now living under conditions that are certain to promote disease, that are certain to promote crime, and that are certain to destroy all that is best in the individual, and substitute therefor in a larger way, possibly, than you or I can imagine, conditions that will be destructive of all those things that have been debasing and drawing down. While it may be a small experiment in one sense and may directly affect a small area, it is nevertheless an attempt at solution of a problem that is not only the problem of Newark, but is the problem of every large municipality of this country.

I urge this upon you not because of the fact that the company that I represent in one sense is directly interested in this. We are interested in the fact that we as a large organization receiving our premiums from the working classes and some in many cases, the poorer of our citizens, should do something wherever we can to aid those from whom we receive the premiums that are represented by this. So far as the question of a simple investment goes, we are not interested particularly in securing this form of investment, but we are interested in the social problem that is presented here. Feeling that it is within our power, while recognizing and discharging our obligations as trustees, to do something toward the solution of the problem that confronts you and every similar governing body, we come to you with this suggestion that you and we cooperate in endeavoring to see whether, under the method that I have suggested, we cannot offer at least a partial solution of this very complicated question.

It seems to me that the City will be justified amply in doing what I suggest. We will immediately add to the ratables of this particular community. These particular streets will immediately add to the assessable value of the properties adjacent thereto. As I have said to you before, we propose to invest in the Ironbound District, together with the acquisition cost, something like over two million dollars. In other words, if this arrangement that I have suggested is undertaken by the City, the Prudential will have invested in

the project, assuming that the City bears a fair portion of the cost of acquisition of the two blocks, over five millions of dollars in endeavoring to provide housing accommodations for the citizens of your city, and we will have added substantially that sum of your ratables which you will find in the way of ratables assessable for tax purposes.

Now, assuming that you should not feel that you should cooperate in this matter; it seems to me that the project in the Third Ward is impossible from our standpoint. We could utilize that land. We could erect buildings there. We could proceed to rent this, but the rents would probably be at a point at which those who are seeking relief would be unable to pay. Since that is the whole point in the subject, I think that we would inevitably be driven, as an essential proposition, to abandon that thickly settled area with its high price of land and be driven to a point where we would buy the land more cheaply and erect houses at a lower rental. In other words, the acceptance of this suggestion is not essential to the housing program which we have undertaken. I think it is essential if we are to attempt the housing experiment in this particular locality.

I again submit the suggestion to you, with the further suggestion that if it meets with your approval that you adopt some resolution that would enable us to confer—in other words, adopt a resolution approving of this project and arranging for a conference at which this could be determined exactly what portion of the cost of the acquisition of land the City should bear and what portion the company should bear.

It strikes me, as I say, that a fair proposition would be the one that I have suggested—that each pay for the land it utilizes. Treating the acquisition as a whole, the cost should be divided up. Whatever portion the City utilizes for parks it should bear. Whatever portion the company utilizes for housing it should bear.

I appreciate the opportunity you have given me to present this matter. It is one that we are deeply interested in, one, as I say, that we are going to give the best that we have to the carrying out of successfully, believing that if successful it will be advantageous not

only to this City, but will be advantageous to the entire country as an experiment to solve the problem which remains unsolved, but which must be solved if we are going to meet present day conditions and measures up to the obligations that rest upon us.

Mayor Congleton: Mr. Duffield, for the members of the Commission—and I think that I can say for all the citizens of our City—I thank you very sincerely for the manner in which you and your associates have gone into this question. Speaking for myself, I have felt from the time when this proposition was first suggested that the Third Ward was one of the place where we ought to develop, if possible, along the lines proposed. It just so happens that the people of the Third Ward are very anxious for parks in their ward. They have been after us for a long, long, time. It seems to me that the proposition that you have put before us today meets that situation very nicely.

I would like very much to go along with you and sit down and see if we can come to some fair and equitable bases for the division of the cost of the land, so that the city will simply be paying its proportion and taking title in fee to the strip that is devoted to park purposes, so that we may have the parks for all time for the people living in the congested community. It seems to me that if we do that we shall make sure that for all time the parks of the blocks used by the Prudential will be devoted to the purposes to which it is now intended to devote them. It would be very difficult for anyone to take the street frontage and devote it to any useful purpose other than the one that you are proposing, because of the lack of depth that would be needed for any other purpose.

I am very glad you have appeared today and explained the proposition in the excellent manner that you have, and I again express our appreciation.

Mr. Duffield: I shall be very glad to answer any question that suggest themselves to any Commissioner.

Commissioner Murray: I would like to say a word, Mr. Mayor, Mr. Duffield, and gentlemen. This is one of the old wards of the City. The houses were built there many years ago. The crowded conditions grew from day and from year to year. Those who live

there pay a rental approximately that which is paid in the deteriorated districts of Ninth Avenue from 15th Street to 23rd Street in New York, and from Ninth Avenue to 12th Avenue, where they pay a lot of money and get very little in return.

In many of these houses, which are now being very closely inspected by the Health Department, it has been found that they haven't driven a nail, put a fastener on a window, corrected a bad toilet condition, or done anything whatever that might have cost a dollar to keep the premises habitable. The result of that has been that these people, because they cannot afford to go anywhere else, have had to stay and take what they got, which was usually very little, although the sum they paid per annum was fairly substantial.

Everyone will agree that environment has more effect upon a young child than any other element in this life. You cannot under the conditions that exist there expect these boys and girls to get a fair chance and comprehensive understanding of the way of right living as long as we keep them as they are. As Mr. Duffield says, it is a social problem, and it is a very intense social problem.

In the matter of the cost of the land, we have to grade against that the expense which will be laid upon the City through the exercise of its police powers, because just as long as you keep the conditions as they are, just so long you will have to compete with those who follow the wrong road. To continue the children in these difficulties will mean that when they get to be sixteen or seventeen years of age your Police Department gets them and your Juvenile Courts gets them before that. All these expenses can be reduced if the living conditions were right, because these children are as good as any of our children, but they can't get as fair a chance as long as they live there. You can't raise a rabbit in a rat's nest. You can't make a clearly understanding and kindly inclined individual, except in very rare cases, out of those who are crowded and who do not get a chance to live, a chance for their health, by way of light, air, and sanitation, and so forth, under any circumstances.

I will close simply by saying that

it will be my ambition to go along as far as possible to the ultimate object in the attempt to provide there proper living quarters within the means of people who continue to live in the neighborhood, the idea being that this is being done for their particular benefit, but actually and eventually for the benefit of the entire community. I am heartily in favor of it.

Mr. Henry Green, 259 Avon Avenue: May I address a question to Mr. Duffield?

Mr. Duffield: Certainly.

Mayor Congleton: Mr. Duffield, this is Mr. Green.

Mr. Green: Mr. Duffield, do I understand that the Third Ward housing is going to be in the interest of colored people?

Mr. Duffield: Why, we will undoubtedly make arrangements that some portion of it may be occupied by them, but not entirely.

Commissioner Brennan: I understand, Mr. Duffield, that the general plan of the housing, as shown here for the Lexington Avenue side, will be followed in the Third Ward with the exception of the—

Mr. Duffield: With the exception of these inner courts, yes.

Commissioner Brennan: I have been looking at the plan. I think it a God-send if it is possible to erect such places, giving all light and air.

Mr. Duffield: The man who is really more responsible than any other man individually for this whole housing project is Mr. Sinclair, and he has followed our plans. He started up along this road. If the Commission could spare a moment or two, I would like to ask Mr. Sinclair to say a few words to you.

Mayor Congleton: We will be very glad to hear him. Mr. Sinclair has led a lot of good movements in his County and we are all reaping the benefits of many years of his hard work and his beautiful heart. We are very happy to have him here to talk to us. I know that we will all hear with interest what he has to say.

Mr. Robert S. Sinclair, Essex County Park Commission: Mr. Mayor and gentlemen of the Commission, I think Mr. Duffield is rather too modest. It just so happens that I happen to be the means of sowing a little seed in very fertile ground. The desire was there in the Prudential Company. The spirit was there. I am satisfied that they would have done this thing sooner or later anyway.

In connection with this splendid project for the public good that the Prudential Company and you gentlemen are cooperating to put forward, there is one feature that has been touched upon that I would like to speak about briefly, and that is the utilizing of the interior space in the Third Ward for recreation purposes. Of course, it would have to be for recreation purposes, probably for small children largely. Such recreation grounds must of necessity be local. The larger boys and girls can and will go considerable distances to play fields, but the smaller children cannot, so I say that any playground for them must of necessity be local.

The importance of local playgrounds, of course, is impressed upon us by the appalling toll of life on our public streets through accidents to children. This would furnish an opportunity to take care of a great many, without doubt. You have already realized that to some extent by roping off certain blocks in the City and restricting them to play areas, during certain times of the day.

His thought of utilizing the interior of blocks probably isn't a new one. If you gentlemen decided to do it, as I hope you will, I am sure you will find that you will receive the backing of all the public spirited citizens of Newark. In the end you will find, too, that other people in the City have been thinking about this very thing.

I remember about three years ago one of the officials of the Young Men's and Young Women's Hebrew Association came to me with the suggestion that the interior of some blocks in the Third Ward should be utilized for playgrounds for children. As a member of County Park Commission I had to explain to the officials who came to me that that is a municipal function and could not be a county function.

Of course, it is unfortunate that when you go into a congested district to seek land for recreation purposes the cost seems to be prohibitive. That is unavoidable. It is not a reflection either, upon the local authorities, because after all this whole question of furnishing playgrounds for children big or little is a matter of comparatively recent growth.

Our secretary, Mr. Kelly, as you know is not a very old man. He tells me that when he was connected with the New York Park development he conceived the idea that it would be a fine thing to have a playground over on the East Side. He got hold of one of the influential officials of Tammany, called him out of an aldermanic meeting one day and told him that he wanted to get some money for establishing a playground on the East Side.

"For God's sake," said the man, "how long since have you become a high-brow reformer?"

So you see that even in those times it was considered that anybody who advocated a playground was a high-brow reformer.

The suggestion in the Third Ward may be properly realized by some when we think that the population of the Third Ward exceeds that of the entire Town of Bloomfield and is probably three-fourths of the population of the Town of Montclair.

Ordinarily, if you go into the Third Ward, for instance, to create a playground, you have to take an area that contains buildings, pay for the buildings, and scrap them. Here is furnished an opportunity for the City to acquire a playground area without necessity for the purchase of buildings and scrapping them, which, it seems to me, is a great opportunity.

I hope, Mr. Mayor, that the City Commission will favorably consider the plea that Mr. Duffield has made for cooperation in the way that he has outlined it in the utilizing of this ground in that way.

Mayor Congleton: Thank you very much, Mr. Sinclair.

Commissioner Howe: I feel that everything has been covered. I am in hearty accord with what Mr. Duf-

field is doing and with what he, the Mayor, and Commissioner Murray have said.

Mr. Green: Mr. Mayor and Commissioners, I am glad to have been here and to have heard the outline of the undertakings.

I notice in the Evening News this week that as a result of the census taken, the City of Newark in the last ten years has not risen in proportion to what it did in the ten years before, and I believe that the many shacks that are right within a stone's throw of Broad Street are like a cancerous growth upon the body of the City we know.

I am glad to have heard the proposition about outdoor and open air playgrounds, and I wish that not only you do what has been suggested, but if to see into the future that probably on the other blocks there will be such buildings coming up, whether by other generous or philanthropically inclined people, that you acquire instead of 125 feet that have been suggested for outdoor space, that you add if not an additional 125 feet that these shacks are in now, in order that if any more improvements come that you be ready with playgrounds.

Another thing: While these playgrounds are set aside, it would be fine that for the children one place would be set aside, so that they can throw balls or play tennis without hitting an elderly person if they sit on a bench, so that it will be fine for the older people as well, and I think that the Commission will not object if I make my suggestion that one place be set aside for grown boys and one space for the young generation that have to grow up. I hope that while we have made a step and advance towards progress, that more action will be taken.

I see that New York City is throwing down Chrystie and Delancey Streets. I believe, while I need mention the number of buildings, it is way above what is being undertaken here, but I think proportionately to the size of the City of Newark it is about pro rata on the percentage, and I say that we will have to have same body of men and women in the City, that this City must have municipe research. It is

too bad that Princeton College and Rutgers College, situated in the State of New Jersey, have not yet come to Newark and established some branch of municipal research for to be of assistance to us, but I have hopes and expectations that in the very near future, as we are growing, and I hope at the next census that they will be able to report that Newark has shown growth. I think that Newark is being stunted. I have been here before you a few weeks ago and I remarked that an unnecessarily large number of people that would have lived happily in Newark had to go into Hillside, into Union, into Maplewood and the Oranges, on account of the crowded and unsanitary conditions, when we could have kept our fine citizenship right here and have the taxes come into the City of Newark. I thank you.

Mayor Congleton: Mr. Green, I am very glad to have your views upon this, because I believe that there is none that knows the Third Ward better than you do. It is very helpful if you feel that this proposition that the Prudential is going ahead with in your ward is a worthy one.

Mr. Green: I thank you, gentlemen, for I see you are cooperating with me today.

Commissioner Brennan: I move, you, Mr. Mayor, that the Commission endorse the proposition submitted by Mr. Duffield and that this body be empowered to go into conference with the proper officials of the Prudential Company in relation to anything else on the proposition.

Mr. Green: I wanted to state a little while ago that the Third Ward has more of a population than Sussex County entirely, and there they have jails and parks. In the Third Ward we only have candidates for the jails.

Commissioner Murray: I second the motion made by Commissioner Brennan.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Mr. Duffield, we will be ready to go into conference with

you at almost any time that is agreeable to you.

Mr. Duffield: Well, we will go into conference at any time that is agreeable to you. We will arrange it with you.

I appreciate very much the opportunity that you have given us to present this, and I appreciate the cooperative spirit that you have shown. I trust that by working together we will be able to do something of substantial benefit to the City.

Mayor Congleton: We want to thank you for your spirit of cooperation also and for the fine civic attitude that you have taken.

The City Clerk presented an ordinance authorizing the making and execution of an agreement between The City of Newark and H-L-H Holding Company, providing for employment of real estate broker and agent for the payment of commissions for services in connection with the leasing of the Center Market and Farmers' Market to The City Center Corporation and ratifying the action of the Director of the Department of Parks and Public Property in connection therewith, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Nays: Commissioners Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken upon second reading:

An Ordinance authorizing the making and execution of an agreement between The City of Newark and H-L-H Holding Company, providing for the employment of Real Estate Broker and Agent for the payment of commission for services in connection with the leasing

of the Center Market and Farmers' Market to the City Center Corporation and Ratifying the action of the Director of the Department of Parks and Public Property in connection therewith.

The Board of Commissioners of The City of Newark Do Ordain:

1. That an agreement in the form hereinafter set forth be and the same is hereby authorized:

THIS AGREEMENT made this day of 1930, by and between **The City of Newark**, a municipal corporation of the State of New Jersey, hereinafter designated as "City", party of the first part, and **H-L-H Holding Co.**, a corporation of the State of New Jersey, hereinafter designated as "Agent", party of the second part;

WITNESSETH that whereas the Board of Commissioners of the City of Newark d.d. on October 19th, 1929, adopt a resolution authorizing the Director of the Department of Parks and Public Property to offer the lands and premises known as Centre Market and Farmers' Market, located in the said City of Newark, for rent, and did therein authorize the said Director to negotiate through real estate agents for the leasing of the said property, and

WHEREAS, in accordance therewith, the said Director of the Department of Parks and Public Property did advertise for offers for the leasing of the said lands and premises and did recite therein that a commission would be paid the agent or broker procuring the successful bidder therefor, and

WHEREAS the party of the second part in reliance upon said resolution and the said advertisement had duly caused to be presented to the Director of the Department of Parks and Public Property an offer in behalf of the City Centre Corporation to lease the Center Market and Farmers' Market for a term of fifty years, which said offer was the highest and best offer submitted pursuant to the advertisement therefor, and

WHEREAS the said City did, on the 15th day of January, 1930 (adopt a resolution accepting the offer of the City Centre Corporation for the leasing of the premises as aforesaid, and did

provide therein for the payment of a commission of \$200,000.00 upon certain terms and conditions:

NOW, THEREFORE, in consideration of the premises and of the sum of One (\$1.00) Dollar, by each to the other in hand paid, the receipt whereof is hereby acknowledged, the said parties do agree as follows:

1. The "City" agrees that it will pay to the said "Agent" as for services rendered in the negotiation of the lease, as aforesaid, the sum of \$200,000.00, said sum to be paid in six annual installments as follows:

a. The first installment in the sum of \$33,333.33 to be paid by the "City" to "Agent" when the City Centre Corporation shall have paid to the City the sum of \$100,000.00 as rent under the terms of the lease aforesaid.

b. The five remaining installments, amounting to \$33,333.33 each, to be paid by "City" to "Agent" on the first day of July in each of the following years: 1931, 1932, 1933, 1934, 1935. It is expressly provided, however, that such payments shall only be made to "Agent" in the event that the lease between the "City" and the City Centre Corporation shall then be in full force and effect and not in default.

2. The said "Agent" hereby agrees to accept the sum of \$200,000.00 in full payment for its services rendered as aforesaid, such sum to be payable in the manner and subject to the terms and conditions above stated.

IN WITNESS WHEREOF, the party of the first part has caused these presents to be signed by the Director of the Department of Parks and Public Property, attested by the City Clerk and the corporate seal of said City to be attached, and the party of the second part has caused it to be signed by its proper corporate officers thereunto duly authorized, attested by its Secretary and its corporate seal affixed, all in duplicate the day and year first above written.

CITY OF NEWARK,

By

.....  
Director, Department of Parks  
and Public Property.

ATTEST:

.....  
City Clerk.

H-L-H HOLDING CO.

By

.....  
President.

ATTEST:

.....  
Secretary.

2. The action of the Director of the Department of Parks and Public Property in advertising for agents and brokers to submit bidders and agreeing to pay a commission to the broker or agent producing the successful bidder is hereby ratified and confirmed; and the Director of the Department of Parks and Public Property and City Clerk be and they are hereby authorized and directed to execute such agreement, on the part of the City, on the passage of this ordinance.

3. This ordinance shall take effect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe.

Nays: Commissioner Murray, Mayor  
Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amend-  
ment.

Section 2 declared open to amend-  
ment.

Section 3 declared open to amend-  
ment.

The ordinance was declared open to  
amendment in all its parts.

Commissioner Brennan moved that  
the ordinance be adopted on second  
reading.

The roll being called, the motion

was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe.

Nays: Commissioner Murray, Mayor  
Congleton.

Commissioner Brennan moved that  
said ordinance be ordered to a third  
reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe.

Nays: Commissioner Murray, Mayor  
Congleton.

Commissioner Brennan moved that  
the ordinance be taken up on third  
reading and final passage.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe.

Nays: Commissioner Murray, Mayor  
Congleton.

Commissioner Brennan moved that  
the title of "An ordinance authorizing  
the making and execution of an agree-  
ment between The City of Newark and  
H-L-H Holding Company, providing  
for the employment of real estate  
broker and agent for the payment of  
commissions for services in connection  
with the leasing of the Centre Market  
and Farmers' Market to the City Cen-  
ter Corporation and ratifying the ac-  
tion of the Director of the Department  
of Parks and Public Property in con-  
nection therewith," be taken for its  
third reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe.

Nays: Commissioner Murray, Mayor  
Congleton.

The clerk then read the title of the  
ordinance as follows:

An ordinance authorizing the making

of an execution and agreement between the City of Newark and H-L-H Holding Company, providing for the employment of real estate broker and agent for the payment of commissions for services in connection with the leasing of the Center Market and Farmers' Market to the City Center Corporation and ratifying the action of the Director of the Department of Parks and Public Property in connection therewith.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Nays: Commissioner Murray, Mayor Congleton.

The City Clerk presented an ordinance to amend an ordinance entitled: "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, N. J.," adopted July 15, 1924, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, N. J." adopted July 15th, 1924.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3. declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on the third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of An ordinance to amend an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, N. J." adopted July 15th, 1924, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, N. J." adopted July 15th, 1924.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented an ordinance to amend Section 579, of Article XXX, of an ordinance entitled "Revised Ordinances of The City of Newark (Revision of 1913), adopted October 4, 1913, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading.

An ordinance to amend Section 579, of Article XXX, of an ordinance entitled "Revised ordinances of The City of Newark (Revision of 1913), adopted October 4, 1913.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioner Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of An ordinance to amend Section 579, of Article XXX, of an ordinance entitled "Revised Ordinances of The City of Newark (Revision of 1913) adopted October 4, 1913, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend Section 579, of Article XXX, of an ordinance entitled "Revised Ordinances of The City of Newark (Revision of 1913), adopted October 4th, 1913.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to repeal an ordinance entitled "An ordinance to amend an ordinance entitled 'An ordinance to regulate the construction, repair, alteration and removal of buildings within The City of Newark, New Jersey,' adopted January 8, 1930, which amendatory ordinance was adopted April 2nd, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second hearing.

An ordinance to repeal an ordinance entitled "An ordinance to amend an ordinance entitled 'An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey,' adopted January 8, 1930, which amendatory ordinance was adopted April 2, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, The City of Newark on November 27, 1929, issued its short time obligations in the aggregate amount of One million dollars (\$1,000,000.00) for money borrowed in anticipation of the receipt of money expended for Pavings, said Temporary Loan Bonds being numbered 1818, 1819, 1820, 1821, 1822, 1823, 1824, 1825, 1826, 1827, 1846, 1847, 1848, 1849, 1850, 1851, 1852, 1853, 1854 and 1855 and dated November 27, 1929, and payable May 27, 1930;

AND WHEREAS, the improvement for which said One million dollars (\$1,000,000.00) was issued for Pavings now in the course of construction or have been completed within six years, and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay said One million dollars (\$1,000,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of One million dollars (\$1,000,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said One million dollars (\$1,000,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to One million dollars (\$1,000,000.00) shall state in general

terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, that the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe

Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Department of Public Safety**

Newark, N. J., April 23, 1930.

Board of Commissioners  
of The City of Newark.

Gentlemen:-

By virtue of the authority of a supplement to an Ordinance entitled "An Ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, N. J." which supplement was passed on March 5th, 1930, I, William J. Brennan, Director of the Department of Public Safety, do hereby make the following appointments:

George Thompson, a member of the Board of Appeal, for a period of one year, at a salary of twenty dollars per day for actual service.

Marshall N. Shoemaker, a member of the Board of Appeal, for a period of two years, at a salary of twenty dollars per day for actual service.

Andrew B. Rodger, a member of the Board of Appeal, for a period of three years, at a salary of twenty dollars per day for actual service.

John Enstice, a member of the Board of Appeal for a period of four years, at a salary of twenty dollars per day for actual service.

James J. Farley, a member of the Board of Appeal for a period of five years, at a salary of twenty dollars per day for actual service.

And the City Clerk is hereby directed to place the names of the above appointees upon the City's payroll.

Yours respectfully,

W. J. Brennan,

Director of the Department  
of Public Safety.

Ordered filed.

Commissioner Brennan offered the following resolutions:

BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that the action of William J. Brennan,

Director of the Department of Public Safety of the City of Newark, in appointing George Thompson, a member of the Board of Appeal for one year from April 23rd, 1930 to April 23rd, 1931, at a salary of twenty dollars per day for actual service; Marshall N. Shoemaker, a member of the Board of Appeal for two years from April 23rd, 1930 to April 23rd, 1932, at a salary of twenty dollars per day for actual service; Andrew B. Rodger, a member of the Board of Appeal for three years from April 23rd, 1930, to April 23rd, 1933, at a salary of twenty dollars per day for actual service; John Enstice, a member of the Board of Appeal for four years from April 23rd, 1930, to April 23rd, 1934, at salary of twenty dollars per day for actual service; James J. Farley, a member of the Board of Appeal for five years from April 23rd, 1930, to April 23rd, 1935, at a salary of twenty dollars per day for actual service, payable as other salaries are payable, be and the same is hereby ratified and confirmed.

W. J. Brennan  
Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that Paul C. H. Manz, who has been certified as eligible by the Civil Service Commission, be and he is hereby appointed to the position of Mechanic (Traffic Signal System) in the Police Division, Department of Public Safety, at a salary of \$2100.00 per annum, payable semi-monthly as other salaries are paid, effective May 1, 1930.

Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

BE IT RESOLVED, by the Board of Commissioners of the City of Newark that a certain bond, in the sum of One million dollars (\$1,000,000.00) given to The City of Newark, a municipal corporation, by City Center Corporation, a corporation, principal, and Albert G. Preen, Issaac M. Shackter, Isaac Klinghoffer, Morton S. Klinghoffer and Theodore H. Cohn, sureties, conditioned upon the fulfillment of the terms and conditions of a certain lease heretofore authorized by this Board to be entered into between The City of Newark and said City Center Corporation, be and the same is hereby approved and accepted, in accordance with the terms of the lease aforesaid, subject to the proper execution thereof, to be approved by the Corporation Counsel.

W. J. Brennan  
John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Nays: Commissioner Murray, Mayor Congleton.

WHEREAS, for the safety and convenience of the public it was necessary to replace pent house roof and cornice on City Hall rear Franklin Street side with the utmost possible dispatch, and

WHEREAS, the Director of the Department of Parks and Public Property was in receipt of three estimates for said work and the estimate of the Barnett Sheet Metal Works, Inc., for One thousand, nine hundred, ninety-two dollars (\$1,992.00) for said work was in his opinion the most reasonable one for the work and materials involved in such repair work and the said Director did accept said estimate and authorized the doing of the work and furnishing of materials necessary to properly complete the same by said company,

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that an exigency exists which would not permit advertising for bids for the doing of work aforesaid, and

BE IT FURTHER RESOLVED, that the action of the Director of the Department of Parks and Public Property in entering into agreement with said Company for doing the work aforesaid, at the price stated, be and the same is hereby ratified and confirmed, and

BE IT FURTHER RESOLVED, that the sum of One thousand, nine hundred and ninety-two dollars (\$1,992.00) be and the same is hereby appropriated to said Barnett Sheet Metal Works, Inc., in full settlement and discharge of the amount due said company for furnishing labor and materials for the work involved in repairs to the pent house on City Hall rear Franklin Street side under and by virtue of the power and authority of Section 1, Article XI, Chapter, 152, P. L. 1917 as amended.

Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Permits—Road Openings prior to reconstruction Route No. 29, Section No. 3A.

April 21, 1930.

Mr. William J. Egan, Clerk,  
Newark, N. J.

Dear Sir:-

In accordance with Chapter No. 66, Laws of 1923 (Chapter No. 319, Laws of 1927), we are enclosing herewith for your information and guidance a copy of the notice promulgated by this Department in connection with the construction, reconstruction or widening of that portion of the State Highway System described as follows:

Route No. 29, Section No. 3A, from Route No. 25 to Union County Line, in Essex County.

Very truly yours,

J. L. Bauer,  
State Highway Engineer.

Copy—Newark Water Department

Newark Sewer Department.

Ordered referred to the Mayor.

A communication from Walter R. Darby, Commissioner of Municipal Accounts, Trenton, N. J., dated April 17, 1930, in reference to 1930 Budget Totals, Local Purpose Levies Deduction for Estimated Assessments, was received, read and on motion ordered referred to Commissioner Howe.

Commissioner Murray offered the following resolution:

RESOLVED, that the sum of Eighty-nine thousand, nine hundred and fourteen dollars (\$89,914) be and the same is hereby appropriated to the persons named on annexed certified list, being the bills and claims of the Department of Public Works, as follows:

Hospitalization .....\$89,914.00

Jno. F. Murray, Jr.  
Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Has any person any matter to bring to the attention of the Commission this morning?

Mr. Henry Green appeared and spoke in reference to the unemployment situation.

Mayor Congleton: Has any other person any matter to bring to the attention of the Commission.

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

W. J. BRENNAN  
JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
the City of Newark, N. J.

W. J. EGAN  
City Clerk.

Newark, N. J., April 30, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M., Standard Time, 11 A. M. Daylight Saving time.

Present: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Absent: Commissioner Brennan.

The minutes of April 23rd were read and approved.

Mayor Congleton: Gentlemen, before we go any further I would suggest that we have the roll call of the Junior Commissioners here so that their names may be recorded in the minutes. I would suggest that we start here and have each boy get up and give his name and office he holds and the school he is from.

Present: Anthony Weskerna, Mayor, Vocational School; Thomas Maloney, Director of Revenue and Finance, St. Benedict's; Michael Berman, Director of Public Works, Barringer High School; Joe McCluskey, Director of Public Safety, East Side High School; Louis Carrol, Director of Parks and Public Property, South Side High; Stanley Atchason, City Clerk, West Side High; Sidney Schwartz, Corporation Counsel, Central High; Jerome Popiel, Superintendent of City Hospital, South Side High; Morton Goodman, Superintendent of City Home; West Side High; George Roller, Health Officer, Central High; John Hardham, Chief Engineer, Farringer High; John Kashkevich, Fire Chief, East Side High; John Morgan, Police Chief, Boy's Vocational School; James Fagan, Judge, Juvenile Court, St. Benedicts.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commission Murray moved that the ordinance be laid over until May 28th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street with Asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated the today was the time fixed for hearing on the same.

A communication dated April 23rd, from Blanchard Bro. & Lane, suggesting that the assessments for this improvement be apportioned 60% against the City and 40% against the property owners was received and ordered filed.

Commissioner Murray moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundary line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the north-westerly corner of Sedgwick Avenue and Van Vechten Street north-westerly 272.19 feet to the Elizabeth-Newark boundary line, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen moved that the ordinance be laid over until May 14th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Queen Street from Frelinghuysen Avenue south-easterly about 425 feet with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until May 14th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of Littleton Avenue from Thirteenth Avenue to Fifteenth Avenue with asphalt pavement (1½" top-1½" binder) on the old concrete foundation prepared as directed.

The board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Littleton Avenue from Thirteenth Avenue to Fifteenth Avenue shall be resurfaced with asphalt pavement (1½" top-1½" binder) on the old concrete foundation prepared as directed, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 21, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street

for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$40,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporary financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$40,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improved commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes, shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that

May 21st, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of Summit Street from the northerly curb line of Academy Street as the same is laid out 40 feet in width, northerly 301 feet.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the grade of Summit Street from the northerly curb line of Academy Street as the same is laid out 40 feet in width, northerly 301 feet, shall be changed and established, the new grade to be established to include the roadway, gutters, and described as follows:

The westerly curb grade of Summit Street:

Beginning at the northerly curb line of Academy Street at an elevation of 101.67 feet; thence descend northerly 0.57 feet in 100 feet for 211 feet to an elevation of 100.47 feet; thence descend northerly 1.02 feet in 100 feet for 22½ feet to an elevation of 100.24 feet; thence descend northerly 2.17 feet in 100 feet for 22½ feet to an elevation of 99.75 feet; thence descend northerly 3.24 feet in 100 feet for 22½ feet to an elevation of 99.02 feet; thence descend northerly 4.31 feet in 100 feet for 22½ feet to the grade of the existing westerly curb at an elevation of 98.05 feet.

The foregoing elevations refer to Newark City Datum.

The easterly curb grade of Summit Street:

Beginning at the northerly curb line of Academy Street at an elevation of 100.75 feet; thence ascend northerly 0.50 feet in 100 feet for 87 feet to an elevation of 101.18 feet; thence descend northerly 0.57 feet in 100 feet for 113 feet to an elevation of 100.23 feet; thence descend northerly 1.20 feet in 100 feet for 25 feet to an elevation of 100.23 feet; thence descend northerly 2.17 feet in 100 feet for 25 feet; thence 99.69 feet; thence descend northerly 3.24 feet in 100 feet for 25 feet to an elevation of 98.88 feet; thence descend northerly 4.31 feet in 100 feet for 25 feet to the grade of the existing easterly curb at an elevation of 98.80 feet. The foregoing elevations refer to Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1005-G, dated March 8, 1928. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$18,000.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$18,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commis-

sion, approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same hereby are repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that May 21st, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer for house sewage only in State Highway Route No. 21 (Riverside Avenue) from Verona Avenue to a point approximately 2800 feet southerly.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a pipe sewer for

house sewage only shall be constructed in State Highway Route No. 21 (Riverside Avenue) from Verona Avenue to a point approximately 2800 feet southerly as follows: From a point approximately 400 feet south of Verona Avenue to Verona Avenue to be ten (10) inches in diameter; from the above mentioned point to a point approximately 1200 feet southerly to be twelve (12) inches in diameter and the balance ten (10) inches in diameter, together with eight (8) inch house connections to the right of way lines of State Highway Route No. 21, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 12, 1930, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$30,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$30,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improved commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall

take effect immediately and all ordinances or part of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that May 21st, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to about 562 feet west of the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Tiffany Boulevard from Mt. Prospect Avenue to about 562 feet west of the westerly side line of Highland Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or

sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 21, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$45,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$45,800.00, under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improved commission," approved March 22, 1916, (P. L. 1916-

525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

**RESOLVED:** That in pursuance of the provisions of Chapter 192, of the Laws of 1917, and amendments thereto and supplements thereof, the Director of Revenue and Finance be and he is hereby authorized to issue Tax Anticipation Bonds in a sum not to exceed Two Million Dollars (\$2,000,000.00) in anticipation of collection of Taxes 1930;

**FURTHER RESOLVED:** That each of the Tax Anticipation Bonds authorized by this resolution amounting in the aggregate to Two Million Dollars (\$2,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name

of the City the bonds authorized by this resolution, subject to the provisions of Chapter 192 of the Laws of 1917;

FURTHER RESOLVED: That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Tax Anticipation Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

To The Board of Commissioners  
of the City of Newark, N. J.

Dear Sirs:-

I respectfully submit the statements annexed (by items) of the amount in gross as shown by the records in this office of the several sewers, Chapter 152, Laws 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. Brady,

Acting Auditor of Accounts

Lang Street Storm Water	
Sewer, Elm Road to New	
York Avenue .....	\$2,977.14
Goldsmith & Summit Avenue	
sewer .....	6,866.64

RESOLVED: By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction and provision of the statutes in such cases made and provided.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Rocco Nisivoccio, owner of premises 273-5 Garside Street, paid the second one-half of taxes for 1929 assessed against said premises, amounting to \$212.80, to Granville Leech, an employe in the Department of Revenue and Finance who visited said property for the purpose of making an appraisal for the City, and represented himself to be a collector employed by the City of Newark; and,

WHEREAS, the said Leech failed to turn said money over to the city and absconded with the same; and,

WHEREAS, it is the feeling of this Board that said Rocco Nisivoccio was misled by the apparent authority of said Leech in appearing as a tax representative of the city to make an appraisal of said property; and,

WHEREAS, in the judgment of this Commission to continue said taxes as a lien upon said premises would work an undue hardship on said owner;

THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark that the Comptroller be and he is hereby authorized and directed to cancel from the records of his office taxes amounting to \$212.80; assessed against premises known as 273-5 Garside Street, made up as follows: No. 273—\$30.40; No. 274—\$182.40.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

WHEREAS, an indenture of lease was executed on the 20th day of October, 1924, between The City of Newark, as Lessor, and H. J. Steinlein Drug Co. Inc., as Lessee, by the terms of which

the said H. J. Steinlein Drug Co., Inc. leased a certain part of the Centre Market for a term of five (5) years, commencing November 1, 1924, and

WHEREAS, the said lease was renewed for a further period of five (5) years, commencing November 1, 1929, and

WHEREAS, the lease contained a provision that the Lessee shall not sell or assign its said lease, and

WHEREAS, the said H. J. Steinlein Drug Co., Inc. is desirous of assigning its right, title and interest in and to said lease unto the City Centre Corporation, a New Jersey corporation, and

WHEREAS, application has been made to the City of Newark for permission to consent to the said assignment;

NOW, THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark, that the said H. J. Steinlein Drug Co., Inc. be and it is hereby permitted and authorized to transfer, set over, and assign all of its right, title and interest in and to a lease existing between The City of Newark, as Lessor, and the said H. J. Steinlein Drug Co., Inc., as Lessee, covering premisses in the Centre Market Building, Newark, N. J., unto the said City Centre Corporation, a corporation of New Jersey.

Charles P. Gillen  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark, That the sum of Eighty-five Thousand Dollars be and the same is hereby appropriated to Ida Kohn, representing the purchase price agreed to be accepted by her for a conveyance to The City of Newark of certain lands in the City of Newark, Essex, County, New Jersey:

BEGINNING at a point in the westerly line of Belmont Avenue distant northerly 163.54 feet from the inter-

section formed by the westerly line of Belmont Avenue with the northerly line of Rose Street, said beginning point being the northeasterly corner of lot 17, on Block 2580, as shown on the Tax Maps of the City of Newark; thence (1) running along the westerly line of Belmont Avenue 95 feet, said corner being distant southerly 580 feet from the southerly line of Sidney Street (now vacated); thence westerly at right angles to Belmont Avenue and along the southerly line of lot 12, Block 2580, 100 feet; thence northerly and parallel with Belmont Avenue 40 feet to the southerly corner of lot 38 on Block 2580; thence westerly along said southerly line of lot 38 on Block 2580 and at right angles to Livingston Street 110 feet to a point in the easterly line of Livingston Street distant southerly 540 feet from the southerly line of Sidney Street (now vacated); thence southerly along the east line of Livingston Street 243.25 feet to the northwesterly corner of lot 26 on Block 2580, said corner being 60 feet 4½ inches northerly from the northerly line of Rose Street; thence easterly at right angles to Livingston Street and along the northerly line of lots 25 and 26 on Block 2580, 110 feet to a point in the rear line of lots fronting on Belmont Avenue; thence northerly along rear line of lots fronting on Belmont Avenue 108.25 feet to the northwesterly corner of lot 17, on Block 2580; thence easterly along the northerly line of lot 17, on Block 2580 and at right angles to Belmont Avenue 100 feet to the westerly line of Belmont Avenue and place of BEGINNING.

Being known and designated as lots 13-16 and 27-34 on Block 2580, as shown on the Block Maps of the City of Newark. Also known as 242-248 Belmont Avenue and 218-234 Livingston Street.

said conveyance to be made by Warranty Deed, free and clear of all encumbrances, except taxes 1930, which are to be apportioned as of date of closing; said Deed to be filed with the Acting Auditor of Accounts, after approval, as to form by the Law Department.

Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, after public advertisement certain bids were received for furnishing and installing awnings on the City Hall and Police Headquarters, and

WHEREAS, in the opinion of the Director of the Department of Parks and Public Property such prices offered were excessive,

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that the bids as aforesaid for said awnings be rejected and the Director of the Department of Parks and Public Property be and he is hereby authorized to advertise for bids for repairing awnings.

The following communication was received and read:

City of Newark, New Jersey  
Department of Public Affairs

April 30, 1930.

The Board of Commissioners of  
The City of Newark (Addressed).

Gentlemen:-

Pursuant to resolution of the Board of Commissioners I advertised certain lands at Port Newark Terminal, in said resolution more particularly set forth, for sale, at public auction, to the highest bidder, for cash, on April 28, at 10 A. M., at my office in the City Hall.

The highest and best bid received for said property was that of Westinghouse Electric and Manufacturing Company, in the sum of \$250,000.

I accordingly struck off said property to said bidder at the price aforesaid, such bid being the highest and best bid received for the lands in question.

Yours very truly,

Jerome T. Congleton,  
Director.

Received and filed.

Mayor Congleton offered the following resolutions:

WHEREAS, by resolution heretofore adopted by this Board the Director of the Department of Public Affairs was authorized to sell, at public sale, for cash, to the highest bidder, all the right, title and interest of the City of Newark in certain lands situate in the City of Newark, Essex County, New Jersey:

BEGINNING at a point in the northeasterly line of Haynes Avenue 120 feet wide (State Highway Route No. 25), which point is distant from a point in the center of said avenue 60 feet measured at right angles to the side line of said avenue and which said point in the center line is 2000.94 feet southerly from the center line of Peddie Street measured along the center line of said Haynes Avenue 120 feet wide (State Highway Route No. 25); thence running along the northwesterly line of said Haynes Avenue 120 feet wide (State Highway Route No. 25) south 30° 48' 7" west 547.72 feet to a point which is the beginning of a curve; thence on a curve to the right with a radius of 280 feet and still along the line of Haynes Avenue (State Highway Route No. 25) and along line of Haynes Avenue Extension 270.60 feet to a point which is the end of said curve; thence along northerly line of Haynes Avenue Extension south 86° 10' 28" west 916.06 feet to a point which is 10 feet from center line of the railroad siding which crosses Haynes Avenue Extension measured at right angles to said center line of said track; thence north 15° 53' 53" west 158.35 feet to a point which will be in line drawn parallel to

the northwesterly side line of Haynes Avenue (State Highway Route No. 25) and 990 feet northwesterly therefrom and which point is also 10 feet from center line of said Railroad siding measured at right angles to the center line of said track; thence north 30° 48' 7" east 1190.44 feet to a point 990 feet from Haynes Avenue 120 feet wide (State Highway Route No. 25) at the beginning point of this description, measured at right angles to said Haynes Avenue (State Highway Route No. 25) thence south 59° 11' 53" each 990 feet to the northwesterly side of Haynes Avenue 120 feet wide (State Highway Route No. 25) and the place of BEGINNING.

and,

WHEREAS, in accordance with said resolution the Director of said Department did expose, at public sale, said lands, and did receive therefor a bid of \$250,000 from Westinghouse Electric and Manufacturing Company, and did accept said bid, the same being the highest and best bid received;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the action of the Director of the Department of Public Affairs in accepting the aforesaid bid, at the price stated, for said lands, be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain & Sale Deed, with Covenant against Grantor's Acts, to said purchaser, for the interest of the City in said lands, upon compliance by said purchaser with Conditions of Sale forming part of said bid.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs,

which will in turn file the same with the proper City officer:

Antonio Lampariello, construction of sewer in Dickerson Street from Duryee Street to Jay Street. (Contract and indemnity bonds).

Healey Sewer Equipment Company, furnishing and delivering Healey basin cleaners and parts. (Contract bond).

Mack International Motor Truck Corp., furnishing and delivering Mack trucks and special equipment and repair parts. (Contract bond).

Rand McNally & Company, furnishing and delivering maps of the Port of Newark. (Contract bond).

Clinton Asphalt Road Oiling Company, furnishing and applying asphaltic road oil. (Contract bond).

P. H. Ryan, furnishing and delivering forage. (Contract bond).

Samuel S. Bellat, Plumber's bond.  
Arizio Carlucci, Plumber's bond.

Gordon L. Walker, Plumber's bond.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Frank Palumbo for the construction of a gasoline station; premises 290 Adams Street; on condition that work be commenced within 90 days;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: I move that that be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends

that the following structure or use for which application was made be allowed:

**Application of James F. Smith for a gasoline station on State Highway No. 25, at Carnegie Avenue; on condition that permits be obtained and work commenced within 90 days;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that that be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The following petitions were received and read:

Newark, N. J., April 24, 1930

Board of Adjustment,

City Hall,  
Newark, N. J.

Gentlemen:-

The undersigned, property owners in the immediate vicinity of 218 Parker Street, Newark, N. J., do hereby object to the granting of a permit to one Frank Casano, to erect a bake shop and store at 218 Parker Street, Newark, New Jersey.

Granting of such permit is in direct violation of the zoning ordinance of the City of Newark, passed to protect residential sections from objectional intrusion of commercial enterprises.

Respectfully yours,

Signed by 22 Property Owners.

Referred to conference May 6, 1930.

We, the undersigned, owners of property within a radius of two hundred feet of the premises known as Number 218 Parker Street in the City of Newark, Essex County, New Jersey, have no objection to the granting of a per-

mit for the alteration of dwelling to a store and a construction of a bakery at rear of premises No. 218 Parker Street, aforesaid.

Dated April 23rd, 1930.

Signed by 13 property owners.

Referred to conference May 6, 1930.

Commissioner Gillen offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Frank Cassano for the alteration of a dwelling to a store, and the construction of a bake shop; premises 218 Parker Street; on condition that the necessary permits be obtained and work commenced within ninety days;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Jack, Wildman, 11 Commerce Street.

Gentlemen, I am in opposition to that application. I have here the signatures of twenty-five property owners, which constitutes at least seventy-five per cent. of the owners within a radius of 200 feet of the property in question, which petition I wish to present to you gentlemen. I also have here eleven property owners in that vicinity.

We oppose this application on the ground that at 224 Parker Street there is already a bake shop for the same purpose and use as that wished by the present applicant.

Mayor Congleton: What is the number of this place?

Mr. Wildman: 224.

Mayor Congleton: The application is for where?

Mr. Wildman: 218. We see no need of another bake shop, because of this. This has been a purely residential section for the last twenty years. There have been no stores added to that street.

We have people here who have expended three to four thousand dollars for the alteration and improvement of their homes, and we think it would be an injustice to them to change the character of the neighborhood at this time, when they have planned and expended these sums for the improvement of their homes. With the expectation that they would be homes for them and not a business section.

My opponent has brought up the question of a machine shop having been run in the back of 218 Parker Street. We contend that that place has been obsolete and not in use for the last ten years. And that it is in the state of collapse. It has not been used at all for any business whatsoever.

The only stores there have been there for the last twenty years. Across the street from this place, my opponent has said, there are garages. These garages were put five or six years ago. I believe, before any zoning law affected that district, and that is the reason they were put up, and the only reason they could have any garages built there at all is because there is no room for any other building. The property there is so small that only the construction of garages was possible.

Within a radius of 200 feet from the property in question, on Bloomfield Avenue, I understand, there are one or two bake shops already there.

On these grounds, gentlemen, I oppose this application.

Commissioner Murray: You say that Parker Street there is purely residential. Is that so?

Mr. Wildman: Excepting for the stores that have been there for the last ten or fifteen years.

Commissioner Murray: Some of them have been there less than twenty years.

Mr. Wildman: Perhaps at the other end of the street near Bloomfield.

Commissioner Murray: At Bloomfield Avenue, within 200 feet, there are now a number of new stores.

Mr. Wildman: I don't know of any other new stores, Mr. Murray.

Commissioner Murray: Do you know the neighborhood?

Mr. Wildman: Yes, I have been up there.

Commissioner Murray: You don't know of any other stores on Parker Street between the bake shop that you have referred to, which you say has been there for years, and the corner of Bloomfield Avenue?

Mr. Wildman: Excepting this property across the street. There is a store there. That was put in, I hear, about five or six years ago, before any zoning laws affected that district, I think.

Commissioner Murray: Aren't there stores on Parker Street from Bloomfield Avenue south, north of your property Owners?

Mr. Wildman: There are, but they have been there for many years.

Commissioner Murray: Then, it isn't a residential neighborhood. Is your opposition based on the fact that the one bake shop now there is enough. We figure that this is going to be a protest because of competition.

Mr. Wildman: No, I represent ordinary owners there. The reason why they oppose it is that they have expended all this money for the maintaining of homes, only to find out—

Commissioner Murray: What is now at 218 Parker Street?

Mr. Wildman: That is just a home, and they intend to alter that place for the purpose of having a bake shop there.

Commissioner Murray: They have a store in the front?

Mr. Wildman: That is what they want to do. Are you referring to 224, sir?

Commissioner Murray: No, to 218.

Mr. Wildman: No that is the place that they want to alter.

Commissioner Gillen: They want to tear down an old two-story building in the rear that has been used for residential purposes and to put up a brick shop.

Commissioner Murray: 224 is where there is now a bake shop?

Mr. Wildman: Yes.

Mayor Congleton: Does anyone else desire to speak in opposition?

Mr. Clarence S. Janifer, 208 Parker Street.

Gentlemen, I own 208 and 210. I have a lawn at 210 that is fenced in. My objection to this bake shop is that it is a desire to suspend the zoning ordinance, which isn't necessary. My second objection is that we have two bakeries very close together, one within a hundred feet, in the zoning allotment. Then there is one across the street on Bloomfield Avenue, and then within, I should say, 200 yards on the other side, there are two Italian pastry shops that would serve the same purpose.

There has been no store or anything going on in the rear of 219 for, I guess eighteen or twenty years. I remember the time when it was owned by Mr. Dukes, and at that time Mr. Dukes ran a horseraddish concern. If Commissioner Brennan were here he would remember. My father could remember Mr. Dukes.

I myself think it is absolutely unnecessary. Although the opposition might say that the neighborhood is changing, there isn't any need to change is unnecessarily. We, who have been living there for a period of years; and I have been living in that neighborhood ever since I was a youngster, and I am a perfect fit now — think that we want to keep it residential as long as we can. I don't think it is necessary to change. It is absolutely unnecessary because we have too many bakeries close together now.

Commissioner Murray: We understand that the two-story frame shack in the rear—

Mr. Janifer: That thing is falling down from disuse.

Commissioner Murray: They are going to tear down that and put up a one-story brick building.

Mr. Janifer: I know, but we don't want to establish the way, especially when there is a bakery within twenty-five yards of it now. It is absolutely unnecessary. 224 may be all right, 220 may be all right and 220, of course, that is the limit. 218 is a step over the bounds. Just as soon as you step over the bounds once that is the establishment of a precedent. What we want to do is to prevent the establishment of a precedent. I have lived there for twenty-some-odd years and I don't see any need for it.

Mayor Congleton: Does anyone else desire to speak in opposition?

Mr. George DeNarco, 202½ Parker Street.

Gentlemen, the reason why I am in opposition to this petition is because we already have a bakery up there, and it seems there has been other drives to get permits in different parts of that section, the street above it, which were rejected, and apparently they are trying to settle up here, even though they realize there isn't enough business for two bakeries. It just merely to settle up there. We believe that such commercial encouragement is detrimental to the neighborhood.

We have a number of property owners in that section who have spent some money in the past years to renovate their places and make them home-like and respectable, and to grant such a permit will make these people feel that they have spent their money unnecessarily.

I want to speak a few words for other people we have here.

Mayor Congleton: If there are other people who want to repeat what you have said, let them stand up and give their names, and it will have the same bearing on the record as if they had spoken.

Mr. DeMarco: What I want to say, Mr. Mayor, is that they probably cannot explain themselves. Some of them, in fact, do not know the English language very well.

Mayor Congleton: If you will give

the names and let the parties stand up we will consider them as having spoken in opposition.

(The following persons gave their names:

Rocco Soriano, 228 Parker Street.

Michele Restanio, 206 Parker Street.

Mr. Lomardi, 203 Parker Street.

Mrs. Tedesco, 215 Parker Street.

Mrs. Defella, 220 Parker Street.

Mrs. Venizano, 207 Parker Street.)

Mr. Wildman: I would like to add, gentlemen, that my opponents may also bring up the point that there are some shops in back of some of these houses. We contend there are not. There are possibly one or two places, but they have been up for the last fifteen or twenty years, and in one instance the man had a little carpenter shop in back of his places, but he uses that exclusively for his own use. It is not a commercial proposition.

Commissioner Murray: Maybe he is in the business zone. There are a number of these places zoned for business, but this place is out of it.

Mr. Rocco Soriano, 228 Parker Street.

I am Rocco Soriano. As an American citizen, as a taxpayer and as a landlord of a nine-family house—and my house is the only house situated in Parker Street which has nine families. Those families have passed a remark onto me not to have more stores run in that zone where the zone is approved, because otherwise they move away out of the building, which they have more right to move. Now, I received the letter this morning, and that is why I am here to protest against the issue of new permission for a new bakery shop, which this bakery shop is not necessary in Parker Street, because we have already one bakery shop on 224 Parker Street. 218 is about two stores above.

I object to 224 Parker Street, even if 224 Parker Street is not in the zoning law, but 224 Parker Street is situated a hundred feet from Bloomfield Avenue inside and that is approved by the law, but 218 Parker Street is in the zoning

law, and I object, because we don't want any other store in Parker Street

I want to see the Parker Street zoning law made a scrap of paper, because on Parker Street we have a lot of gentle people. More stores mean people move away. I don't want to see my building all empty. We have a bakery shop there. It is not necessary for another one. If it was necessary I would say yes.

Now I leave it to your judgment to say what is right and what is wrong, and I respect your opinion.

Mr. Peter P. Adubato, 60 Park Place.

Mr. Mayor, I appear for the applicant. I first desire to submit a petition signed by thirteen property owners within 200 feet of the premises 218 Parker Street. Seven of the thirteen owners are immediate neighbors of the property in question. One of them in particular, number 216 Parker Street, abuts the property on the south side.

Mayor Congleton: And there is one at 220, on the other side, that has entered a protest.

Mr. Adubato: Number 220 has been here protesting, and I may say with reference to that that 220 already has a store with a butcher shop and Italian grocery store, so that it is not a residential property; it is a business property.

Mayor Congleton: 220?

Mr. Adubato: 220 is.

Mayor Congleton: 220 would be within the business zone.

Mr. Adubato: It is not within the business zone.

Mayor Congleton: According to the blueprint I have here the line of the business zone goes right through it.

Mr. Adubato: 220 I don't believe is in the business zone. It is 155 feet, I believe away from the corner. It is in the residential zone.

Mayor Congleton: How long has that store been there?

Mr. Adubato: That store has been there within the last year or two. It is a new property. I went up to the

neighborhood only a week or so ago and I noted that that store was put in there. From the looks of the building—it is a new brick building—I believe that the store must have been put in at the time the building was put up. Now, there are several buildings on the same street which are comparatively new brick buildings, which also have stores in them. I counted eight such places. At least four of these places are new buildings.

In the rear of the premises at 136 Parker Street there is a carpenter shop. In the rear of the premises at 144 Parker Street there is a polishing establishment.

Mayor Congleton: At 144?

Mr. Adubato: At 144 there is a polishing establishment. It is owned by some man who conducts a place for the polishing of beds. He carts bed or bedsteads into the rear of the premises and does the work there and then ships them out.

At 156 Parker Street there is a carpenter shop in the rear of the premises. This is aside from the eight stores which are already in that district.

Now, with respect to the contention of the opponents, I can readily see that their main point of objection is the fact that there is already one bake shop on the street. Mr. Soriano, who appeared here, I believe, has given us a good reason for not wanting the bake shop there. When we show that Mr. Soriano is the owner of the property on the corner, that the first floor of his property has several stores in it; that immediately next door the place which has recently been built as a bake-oven and a store is run by a brother-in-law of Mr. Soriano, you will see that the reason for Mr. Soriano's objection is not because of tenants in his building, which is located on the corner of Bloomfield Avenue and Parker Street, directly in the midst of the business district. Those premises also have more than one store in them I believe. I think that the main objection there is not that the tenants desire to move, but that Mr. Soriano desires to avoid competition for his brother-in-law, who has put up a bake shop.

Unfortunately, at the time my client contracted to buy the premises at 218

Parker Street we didn't know that such a business was going to be put up there. Nevertheless, competition creates more business. I believe that the neighborhood has within the past eighteen or twenty years changed. Dr. Janifer says it has been unchanged. I don't believe it has been unchanged, because of the recently built buildings there and the new stores. It has changed to the extent that there are people there who cater to businesses of this kind, who up until the last few years lived in the first ward below Clifton Avenue. Now they have moved up to that section in the First Ward, and their businesses are following them. We can't hold them back and say that because it is a residential section we are going to keep it such, when the neighborhood itself has already changed to a material extent, bringing for the fact that it must necessarily go to business.

We could say that South Broad Street years ago was a very good residential section, where all the elite of the City resided at one time. It is not so today. So it is with this neighborhood. Within the past eighteen or twenty years that this shop has been there, that of itself speaks of the fact that it was not a neighborhood of such a residential character that it did not take into its fold business because not only has this shop been there, but there have been other places of business there.

Now, the arguments of the opponents with regard to there being one bake shop there, I believe, won't have any bearing on the decision of the Commissioners because I know that we are not going to hold down the progress of the City. The arguments of the people who are here, I know, is also to some extent due to the fact that the party who has the bake shop on Parker Street is a man with eight or nine children, and all the arguments are prompted by sympathy. The women who have appeared here as opponents to this application are the wives of the men, who, no doubt, have the signed petition against it.

Their petition had been gotten up some months ago, but they succeeded in getting only twenty-five names out of seventy. We only went up there the last few days. I think that petition was sent out the twenty-third. I

handed it out the twenty-fourth. Within two or three days we obtained thirteen names of those who were not opposed to it. Seven of them of those within the immediate vicinity.

I respectfully ask for due consideration of this application.

Mayor Congleton: How long ago did your client buy this property?

Mr. Adubato: He entered into a contract to purchase it in December.

Mayor Congleton: This past December?

Mr. Adubato: Past December.

Mayor Congleton: He knew that the property was in a zone where business was not permitted?

Mr. Adubato: He did not know that. He made an application. He was informed that the property was already a business property, because of the use to which it had been put prior to his purchase.

Mayor Congleton: Is there any provision in your contract that it is dependent upon his getting a permit?

Mr. Adubato: He wants to locate there.

Mayor Congleton: I say, is there anything in the contract of sale providing that the contract is not effective unless he is able to get a permit?

Mr. Adubato: I think there is.

Mayor Congleton: Then he must have known something about the zoning ordinance and he had doubt as to whether his property could be put in the business zone.

Mr. Adubato: He was informed by the architect that this was a business property.

Mayor Congleton: Then, his attorney was careful enough to put that in as an anchor to the windward.

Mr. Adubato: I certainly did. He thought that this was in a business section. I knew nothing about uses. The architect, having had dealings with the Building Department, knew more than I knew.

Mayor Congleton: How long has your man been in this business?

Mr. Adubato: For a long time. His business is carried on around this neighborhood.

Mayor Congleton: Where is his business now?

Mr. Adubato: Garside Street. He has a little store there. I believe it would be condemned by the Board of Health if they went there, because it is a dilapidated store.

Commissioner Murray: Mr. Mayor, this seems to be a matter involving the zoning ordinance, requiring a variation of the ordinance. Their knowledge of that is indicated by their contract.

I move that the matter be referred to conference next Tuesday and that we have the secretary of the Adjustment Board give us an exact statement of the location of the hundred foot point south of Bloomfield Avenue, and also definite information as to the other premises which are changed or varied from the extent of the zoning law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Breakenridge & Tichenor**  
**738 Broad Street**

Newark, N. J., April 23, 1930.

Board of Commissioners,  
Newark, N. J.

Gentlemen:-

We understand that Oak Street in the Vailsburg section is zoned for a one family house.

As there is no demand for one family houses on that street, we are petitioning your honorable board to have the zoning ordinance changed so as to permit the erection of two (2) family houses.

We hope that you will see the necessity for making this change as a builder

is now negotiating for this property, provided same can be used for that purpose. Otherwise, we fear that the land cannot be used for a very long time.

Very truly yours,

Breakenridge & Tichenor, Inc.,

Halsey T. Tichenor, President.

Referred to the Board of Adjustment for recommendation and report.

The following reports of City Officers were received and ordered filed:

Auditor's Trial Balance for March, 1930.

Commissioner Murray offered the following resolutions:

RESOLVED, That Dave Linnick, of 74 Hobson Street, a resident of the Sixteenth Ward of the City of Newark, be and he is hereby appointed a Constable of the said Sixteenth Ward for a term expiring December 31, 1930.

Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That Leo M. Waldor, of 735 High Street, a resident of the Third Ward of the City of Newark, be and he is hereby appointed a Constable of the said Third Ward, for a term expiring December 31, 1930.

Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

RESOLVED, That the contract between the City of Newark and Antonio

Lampariello for construction of a sewer in Dickerson Street from Duryea Street to Jay Street, dated the 22nd day of April, 1930, and awarded to Antonio Lampariello, the lowest formal bidder in response to public advertisement for sealed proposals, a copy of which contract is hereunto annexed, be and the said contract is hereby approved, and the Director of the Department of Public Affairs and the City Clerk are authorized and directed to duly execute the same on behalf of the City upon the passage of this resolution.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen presented the following bond:

KNOW ALL MEN BY THESE PRESENTS that City Centre Corporation, a corporation, Principle, and Albert G. Preen, Isaac M. Shackter, Isaac Klinghoffer, Morton S. Klinghoffer, and Theodore H. Cohn, sureties, are held and firmly bound unto THE CITY OF NEWARK, a municipal corporation of the State of New Jersey, in the sum of One million dollars, to which payment well and truly to be made said corporation binds itself and its successors or assigns, and the said individuals, Albert G. Preen, Isaac M. Shackter, Isaac Klinghoffer, Morton S. Klinghoffer, and Theodore H. Cohn, bind themselves, their heirs, executors, and administrators, jointly and severally, firmly by these presents.

WHEREAS, said CITY CENTRE CORPORATION has on the date hereof entered into indenture of lease with The City of Newark, covering the premises known and described therein as the Centre Market and Farmers' Market property in the City of Newark, New Jersey;

WHEREAS, in and by Paragraph 5 of said lease, said City Centre Corporation did covenant and agree to erect a fire-proof building on said premises at a cost of approximately two million dol-

lars, to be completed and ready for occupancy on or before May 1, 1938;

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH that if said building shall be completed (subject to delay by strikes, acts of God or other causes beyond the control of the obligor) free and clear of mechanics' liens or charges for work done upon or materials furnished said building, on or before May 1, 1938, and provided further that said City Centre Corporation shall have performed all of the other sundry obligations contained in said lease and shall not be in default according to the terms of said lease at the time of the completion of said building, then this obligation to be void; otherwise to remain in full force and effect.

IN WITNESS WHEREOF, said City Centre Corporation has caused this instrument to be signed by its proper corporate officers thereunto duly authorized and its corporate seal to be hereto affixed; and said individuals have hereunto set their hands and seal this twenty-fourth day of April, 1930.

Signed, Sealed and Delivered in the presence of { CITY CENTRE CORPORATION

Mastery in Chancery .  
of New Jersey.

STATE OF NEW JERSEY }  
COUNTY OF ESSEX ss.

BE IT REMEMBERED, that on this twenty-fourth day of April, 1930, before me, the subscriber, a Master in Chancery, personally appeared Albert G. Preen, Isaac M. Schackter, Isaac Klinghoffer, Morton S. Klinghoffer, and Theodore H. Cohn, who, I am satisfied, are five of the persons named in and who executed the foregoing instrument; and I having first made known to them the contents thereof they did each acknowledge that they signed, sealed and delivered the same as their voluntary act and deed, for the uses and purposes therein expressed.

Fred Herrigel, Jr.

Master in Chancery  
of New Jersey.

Commissioner Gillen presented A certificate of resolutions passed by City Centre Corporation, et. al., and a Lease between the City of Newark and the City Centre Corporation.

Mayor Congleton: The Bond, Certificate of Resolutions and Lease will be filed and became a permanent record.

Mayor Congleton: Gentlemen, we are favored today with the presence of the junior Commissioners. We are very glad to have you young men here. We hope that you may get something out of your day. We shall be very glad to have any of you young men say a

word to us. Mr. Mayor, how about you?

Mr. Anthony Weskerna, Vocational High School. All I want to say is that I want to thank the civics club council for bringing about such a thing as this. I want to say that it has been a great honor to be in the Mayor's presence and the Commissioners' present. I hope that the boys of Newark will appreciate such an opportunity as this and I hope that the success of Boys Day and citizenship continues in further years. I thank you. (Applause).

Mr. Joe McCluskey, East Side High School, Director of Public Safety.

I also wish to thank all the councils that have made possible this Boys Day and Citizenship.

I wish to say that down at our school I did not expect to receive the nomination, because two other fellows had received the nomination of a larger number of students, but they were put off the list because of their scholastic standing. The teacher put my name on the list. The first I knew of it was when the ballots came out of the classes. This was when the girls were away on Girls Day. Because the girls were away I think I had a better chance of winning. (Laughter)

Some of the fellows that had their names down in the home room, they objected, and the teacher told them to put their names, and we voted for the candidates, and I was called out to the principal's office, and he notified me I was elected. I told him I would try to carry out all the duties that were necessary.

I thank you. (Applause).

Mr. Michael Berman, Barringer High School, Director of Public Works.

Mr. Mayor and Commissioners, I want to thank you for having this pleasure of being here with you. I have had a very interesting time so far, and it will prove to be more interesting, I think, I want to thank you all. I know I have had a good time. (Applause).

Mr. Thomas Maloney, St Benedict's Prep., Director of Revenue and Finance.

Mr. Mayor and honorable Commissioners, as a visitor I haven't fully acquainted myself with the duties of this office, but so far I have seen that everything goes along in an orderly way. It is very interesting indeed. It would be well for everybody, if possible, to see how the City's business goes on. I thank you. (Applause)

Mr. Louis Carroll, South Side High School, Department of Parks and Public Property.

Honorable Commissioners, I am very glad to be here and I think I have learned something. I would like to thank the civics clubs council for this opportunity. I think boys should continue to see that it is being a success, judging by the interest in our school and the interest of everyone in it. I think it is going to make some better boys and better men. I thank you. (Applause)

Mr. Sidney Schwartz, Central High School, Corporation Counsel.

Mr. Mayor, honorable Commissioners, members of the Civic Club Council; I just want to thank you for the way you have received us. I appreciate what you have done for us. I think I have learned something by sitting here and watching you do your work. (Applause)

Mr. Stanley Atchason, City Clerk.

Gentlemen, many of the students in our school have a feeling that our City government has an obsolete form or something, but they do not realize the spirit that there is in it, so I am glad that you have given the students the chance to see. I realize what goes on in city hall in order that everybody may get a fair deal.

I thank the Civics Clubs for giving the boys of our school a chance to participate in the activities of the City Hall. (Applause).

Mayor Congleton: The young men are going to be our guests at lunch across the street at Toni's Restaurant. I trust that as many of the Commissioners as can will be there. We shall arrange to have luncheon served at twelve-thirty.

Dr. William E. Caffrey, 685 Mt. Prospect Avenue.

On behalf of the Civics Club Council and its Boys Day and Citizenship, of which I have the honor to be the chairman, I want to thank you, Mr. Mayor, and the other Commissioners, as well as all the other city officials, for the kindly way in which you have taken these boys to your hearts. I know that I speak for the fourteen hundred members of the Civic Clubs of Newark when I say that we thank you.

Mayor Congleton: We are glad to do our part and we are always willing to have you call on us at any time.

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

May, 1930

---

Newark, N. J., May 7, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Congleton.

Commissioner Howe presiding.

The minutes of meeting of April 30th were read and approved.

The City Clerk presented An ordinance to provide for the repaving of Charlton Street from Springfield Avenue to Montgomery Street with Asphalt pavement (1½" top-1½" binder) and new oblong granite block pavement on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does anyone desire to be heard on this ordinance?

Three petitions signed by thirty-one property owners protesting against the repaving of Charlton Street were received, read and on motion ordered referred to Mayor Congleton.

Commissioner Brennan moved that the ordinance be laid over until May 21st:

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Parkhurst Street from Pacific Street to the easterly side of Dawson Street with asphalt pavement (1½" top-1½" binder) on a new (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

A petition signed by five property owners on Parkhurst Street protesting against the repaving of Parkhurst Street was received, read and on motion ordered referred to Mayor Congleton.

Commissioner Brennan moved that

the ordinance be laid over until May 21st.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance providing for the opening of Raymond Plaza West from Market Street northerly to River Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does anyone desire to be heard on this ordinance?

A communication from the Market Street Association urging that no assessments for the opening and widening of Raymond Plaza West be made on Market Street property, and that assessments be limited to abutting property, was received, read and on motion ordered referred to the Board of Assessments for Local Improvements.

Commissioner Howe: Does anyone desire to be heard on this ordinance?

Mr. Ernest Quackenbush, 738 Broad Street: I appear for Richard S. Pitts, 58 East Park Street and the Estate of C. E. Henry Stengel, 282-292 Market Street. I would just like to have my appearance noted. I understand that the reaction of the Commission will be that the matter in which we are involved is more particularly a matter for the Assessment Commission.

Commissioner Howe: You will have an opportunity to appear before the Assessment Commission and make known to them your objections.

Mr. Quackenbush: I understand.

Mr. Joseph Zemel, 763 Broad Street: Mr. Mayor and Commissioners, I appear here on this ordinance in particular with reference to section 2 of the ordinance. The second section provides that the improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the properties peculiarly benefited, etc. That is the ordinary provision that is inserted in a great number of these

ordinances. I am here today to enter my objection and an objection on behalf of the other owners of property to this provision of the ordinance.

As I understand the plans there is to be a plaza there of 250 feet or thereabouts between the lower line—between the station and the place across the Street. This will not in any degree benefit the property on either Market Street or on Commerce Street. The property owners on Market Street and the property owners on Commerce Street have a situation there today where they do not need a 250 foot plaza. One Hundred feet there would be plenty, but if the City Commission in its wisdom have decided on a 250 foot plaza, why, that settles that end of it; but who will use a 250 foot plaza? Obviously it is of no use to the property owners in the immediate vicinity. Any benefit which they may get would come from the station itself.

As I understand it, the plaza is to be used for buses or trolley cars or taxicabs or other means of conveyance to the plaza or to the station. It will be of no use to property owners who are in this vicinity.

In Newark it has been our experience that where we have a very wide street or a very wide plaza, regardless of what you call it, the property in the immediate vicinity of that plaza or street does not benefit. I need only call your attention to one or two instances. The first to which I call your attention is the Hayes Circle at Clinton Avenue and Elizabeth Avenue. Those of you who are familiar with that locality—and I presume all of you are—recall conditions there before the plaza was opened or before the circle was opened. You also know the present condition. You know that the property there is not worth any more today because of that opening than it was before the circle was opened. You know there is no more business there than there was before the opening. There are just as many vacancies and just as much vacant land as there was before, and even more. That is one instance where a plaza has not helped or increased the value of property in the immediate vicinity.

The next instance to which I call your attention is the plaza that was opened at Jones Street and South Or-

ange Avenue. There you have a street from 150 to 200 feet wide. The street there is so wide that you can hardly cross it. Business does not go from one side of the street to the other side. It has been our sad experience that the property has not increased in value. As a matter of fact, it has depreciated in value.

I am informed that the answer usually given to those objecting to assessments for a local improvement is the theory—and it is only a theory—that we get a hearing before the Assessment Commission. At the Assessment Commission we are given a chance to say that our property has not been increased in value, but it has been our unfortunate experience that Assessment Commissioners frequently in an effort to make up the cost of the improvements, assess benefits against properties that are not benefited. I will cite you two instances. The first is our own experience on Commerce Street. When Commerce Street was widened we were assessed. Our property did not increase in value one cent.

The other instance that I will show you is on Jones Street. When Jones Street was widened about two years ago there was an assessment of \$7,000 placed against our property. We had our hearings before the Commissioners. We tried to show them that that was all wrong. We tried to show them that we didn't have one nickel from this improvement, but nevertheless they assessed it. There was another hearing on it before the Circuit Court and so on, but now that thing has passed. Two years have gone by. The situation there has been the same. We have been obliged to pay to the City of Newark if not all at least part of the \$7,000, and we will have to pay the rest.

Gentlemen, we regard that assessment of \$7,000 against our property there as literally, if not technically, robbery upon the part of the City of Newark.

Commissioner Howe: Did the City of Newark pay you anything for damages for what it took?

Mr. Joseph Zemel: Not one cent. They didn't take any of our property. Our property hasn't increased in value one cent.

Commissioner Howe: You were on the other side?

Mr. Joseph Zemel: On the westerly side of Jones Street. Nevertheless, we will have to pay \$7,000, of which we had paid part, and I repeat that we regard that as literally, if not technically, robbery upon the part of the City of Newark. As I understand it, the Assessment Commission is only supposed to assess you in accordance with what they think your property will be peculiarly benefited by the improvement, but I don't know of anybody who will say that our property has been benefited \$7,000 or \$700. Nevertheless they assessed us that way. We feel that they may do the same thing here.

As I understand it, this is supposed to be a public improvement.

Commissioner Howe: That was one time when you were on the wrong side of the street.

Mr. Joseph Zemel: That was my misfortune at that time. I was hit on that end of it. When they came to assess us on it I was hit on that end. I was given a double spanking.

Commissioner Gillen: Did you make an appeal?

Mr. Joseph Zemel: We appealed.

Commissioner Howe: What happened?

Mr. Joseph Zemel: On the appeal, for technical reasons, the assessment stood. The court ruled at the time that the Commissioners of Assessments are supposed to know their business. The fact is, and it develops now—and after all, our hindsight is better than our foresight—that today that property has not gone up one cent in value.

Now, then, if this is to be a public improvement, the adjoining property owners do not need it, they didn't ask for it, and they don't want it. If it is to be a public improvement, the public should pay for it. If the public doesn't want to pay for it the public doesn't need it. We feel that any attempt to levy on the property is absolutely unjustified and we appeal to you in your discretion and in your common sense, aside from your theory

and aside from your technical experience, not to assess us for an improvement which will be of no benefit to us and which will not increase the value of our property.

You have seen that here adjacent to a railroad station does not increase business. As an example of that take Saybrook Place. You know how much property on the westerly side of Saybrook Place has been benefited by the tubes being there. All our experience and all your experience has shown conclusively that we get no benefits, nothing at all, aside from what the city in general gets. If the city in general gets a benefit our taxes go up. We have got to pay it; but we don't think that we should be hit with both ends of the stick—first on the assessment side and then on the taxing end of it. We think that the tax end of it will take plenty of money, which will be all that is necessary for our share of this improvement. If the Pennsylvania Railroad and the Public Service want this improvement—and they are getting it, we won't discuss that now—they are the only one who are getting any real benefit out of that, but we don't think that our property should be assessed for the benefit of the Pennsylvania Railroad.

Commissioner Howe: I wish to correct one statement. You say that the plaza there is 250 feet wide and you think that 100 feet would be sufficient. As a matter of fact, the width there is only 125 feet. I have a diagram of it here. You say it should be 100 feet; it is only 125 feet, so you are only having a plaza 25 feet wider than you want.

Mr. Zemel: As I understand it, they are to take a hundred feet from the Baum interests, they are to take 63 feet from 323 to 327 Market Street, and then from the Winters property, I think, 40 feet. There are one or two other properties, which, when added up, amount to 250 feet.

Commissioner Howe: The plaza is 125 feet wide. You still have, as you said yourself, an opportunity to go before the Commission on Assessments.

Mr. Joseph Zemel: That is an imaginary opportunity, and not a real opportunity.

Commissioner Howe: I am sure that you will be treated with consideration. The improvement is a wonderful one, and every part of that section below Broad Street will be benefited.

Commissioner Murray: The Pennsylvania Railroad Company already owns considerable land west of the railroad tracks and that goes in without cost to us. Maybe you are including the Pennsylvania Railroad part in the other part.

Commissioner Howe: The Plaza property is 125 feet wide.

Mr. Charles Zemel: Doesn't the City intend to condemn approximately 25 feet there or take by sale?

Commissioner Howe: 125 feet. That is all we have for the plaza.

Commissioner Gillen: Do you mean on Market Street?

Mr. Charles Zemel: On Market Street you are taking 250 feet. The City takes over the Pennsylvania Railroad property and then beyond that for how many feet?

Commissioner Gillen: Up Market Street, I guess, about 200 feet more.

Mr. Charles Zemel: Am I to understand that the City of Newark is going to give 75 feet, which they are to buy from the Pennsylvania Railroad?

Commissioner Murray: That is not going to be given to the Pennsylvania Railroad. It is to be used as a public street.

Commissioner Gillen: It goes from the easterly line of 313.

Mr. Charles Zemel: To where?

Commissioner Gillen: It goes right down to the point.

Commissioner Murray: That is more than 125 feet.

Mr. Joseph Zemel: If you will look at that map you will find 60 feet, 23 feet, 29 feet, and if you will add up all the figures you will find it is 250 feet.

Commissioner Howe: Does any other citizen desire to be heard?

Mr. Max L. Tannenbaum, 335 Os-

borne Terrace: Gentlemen, I also want to express my opinions on this subject. We are located on Commerce Street now nearly where this Raymond Plaza is going through. Our property, as you know, has suffered a whole lot in the past, but that has got nothing to do with the present, but we are just paying our part of the assessment on the widening of Commerce Street, and now we are going to get another assessment there.

If our street is 60 feet wide and has only been recently widened, we figure that if another street, if it is necessary, why it can be as wide as our street.

You didn't see fit to make our street any wider. We don't know if it is necessary to make any other street around there any wider. Surely if it is necessary for the benefit of the City to make it twice as wide as our own street, we figure that the City at large ought to stand that cost, instead of putting it on the adjoining property owners.

Commissioner Howe: It will not all be placed on the adjoining property owners. That you understand. This improvement goes all the way down Mechanic Street over through Park Street over to the Passaic River. All those river streets and all of the dock property is assessed for it.

Mr. Tannenbaum: Yes, but it is putting a burden on us. We have got to come here again and go before the Assessment Commission later on to appeal to them. We are put on the defensive all the time, instead of knowing just where we are. It ought to be decided what is going to be charged to the property owners instead of sending us to the Assessment Commission later to see what they think about it.

Commissioner Howe: That is the authority of the Assessment Commission, not ours.

Mr. Tannenbaum: It has been arranged here in the past. A certain portion has to be borne by the property owners and the rest to be borne by the City. That has been done right here in the past.

Commissioner Howe: Where buildings have been razed? Not that I recall.

Mr. Tannenbaum: I don't know exactly about buildings being razed.

Commissioner Howe: We do it on street pavings but this is not a street paving; this is a general improvement that involves blocks, where the assessment goes over almost a half mile from Mechanic Street to the Passaic River. It goes over an area of almost a half mile. It isn't as though they were going to put all the assessments on the adjoining property.

Commissioner Gillen: In view of the protests, why not put it over for one week until the Mayor is here.

Commissioner Howe: I do not see what can be accomplished by that. I know the Mayor's opinions on this.

Mr. Tannenbaum: I know the Mayor's opinions but the property owners' opinion is that we ought to get some relief from it. We are not yet through paying the other assessments.

Commissioner Howe: You are getting relief. Everything is being done there will enhance the value of the property.

Mr. Tannenbaum: That we have heard, but we find it has not done a bit of good. We are even afraid now of losing our tenants on account of the change in the market.

Commissioner Howe: You will have a frontage on a public street, a street wider than the one you have now, all of which will add to the increment of the property.

Mr. Tannenbaum: We now have a frontage on Commerce Street. If you make a plaza 500 feet wide we will not get any more benefit. You are benefiting the plaza and you are benefiting the City. What benefit will we get?

Commissioner Howe: You will get the same benefit as anyone else. You will only pay a portion of it. If you can prove that your property has not been benefited to the extent that we assess you have the power to go to the Assessment Commission and if necessary beyond that. Why don't you try it? We have this same trouble every time we go to make a public improvement. It only results in delay, a delay that is not necessary.

Mr. Tannenbaum: We are not opposing the improvement.

Commissioner Howe: You are only causing delays that are retarding the whole progress.

Mr. Tannenbaum: We figure that it is a benefit for the whole city at large and for the railroad station and so on.

Commissioner Howe: A certain portion of the assessments for this improvement will be paid for by the whole city at large.

Mr. Tannenbaum: A certain portion perhaps, yes, but we are getting one assessment after the other, and then we are going to get more assessments later on.

Commissioner Howe: You happen to be fortunate enough to own property there.

Mr. Tannenbaum: We are going to get an assessment to widen Mulberry Street. Where are we going to stop?

Commissioner Murray: We have to take these improvements as a whole. We cannot take any one part of it and fight it out on that. The necessity of this plaza is apparent. The necessity of getting that railroad work under way is apparent. Everybody is impatient about it. These people are not going to be called upon to pay anywhere near the whole assessment. A large portion of the assessment will be paid by the city as a whole and included in the budget. I am very well satisfied that the owners there got a fair deal on the previous assessment and they will get one on this. I do not think that we ought to delay the improvement. The sooner it is done the better it will be.

Mr. Tannenbaum: You say "the city as a whole." We are part of the city as a whole. Now, we are going to get an assessment for Mulberry Street also.

Commissioner Murray: You don't know whether you will.

Mr. Tannenbaum: Oh, yes, we will, and we are going to get an assessment for that triangular strip.

Commissioner Murray: The widen-

ing of Commerce Street was not all paid for by Commerce Street property owners.

Commissioner Howe: I live on Twelfth Street and I paid for a portion of the Commerce Street widening.

Mr. Tannenbaum: The city as a whole.

Commissioner Howe: Yes.

Mr. Tannenbaum: But we got a \$1,900 assessment put against our piece of property, and we had to lose a lot of money, because we could not build, because the City said they were going to use our property to put through Ward Street, and later on they said they were going to use it to cut through Route 21.

Commissioner Howe: Make that known to the Assessment Commission.

Commissioner Gillen: You are entitled to some sympathy and relief, but the project must go through.

Mr. Tannenbaum: We don't want to hold it up. If the street is going to be wider than all the rest of the streets in the City of Newark, it is for the benefit of the whole city at large and the railroad. Why should we locally be obliged to pay the whole assessment?

Commissioner Gillen: There isn't any doubt at all to the logic of your arguments. I have no doubt that the Assessment Commission will see the value of your arguments. If they do not, the matter can be taken to the courts.

Mr. Tannenbaum: Then we are on the defensive again.

Commissioner Gillen: I don't think you will have to go through all that, because if the Assessment Board sees that it is for the benefit of the City at large and for the traveling public they will take notice of it and make the assessments accordingly. I think that you are needlessly apprehensive about it.

Mr. Theodore Silver, 810 Broad Street: Gentlemen, this is on the same lines. I appear on behalf of the owners of property at 315-321 Market Street and 134-140 Commerce Street. The

previous men have explained the improvements will not be a local improvement, but will be a public improvement. I don't want to go into any detail in the matter. There have been examples set forth showing that the improvement is solely a public improvement and not a local improvement.

I can cite a concrete example right here on Broad Street—the Central Railroad of New Jersey station. There is no question in our minds that the east side of Broad Street does not bring the same revenue as the west side of Broad Street. It is because of the railroad station. Lots of people use it, but just the same that particular part of Broad Street is dead. There are plenty of vacancies there. As far as I can remember, there have always been vacancies there. The other side is not the same. I don't believe that the widening of a street improves the renting of property or the value of property. I might cite Belmont Avenue. It hasn't been widened, but it is a wide street. The fact that it is a wide street does not necessarily say that it is worth any more or that it brings any better return. As a matter of fact, it hasn't any better return. Past experience has shown us that wide streets, in fact, have deteriorated the value.

Commissioner Howe: Where?

Mr. Silver: I might cite Jones Street.

Commissioner Howe: That is only a block.

Mr. Silver: Well, it is a concrete example of what happens.

Commissioner Murray: Nobody on Jones Street will take today what he would have taken for the land six or seven years ago there.

Commissioner Howe: There isn't a man on Jones Street who did not get twice as much as he paid for the property. Let us take Broad Street as an example. Do you think that if Broad Street were reduced in width to the width of Halsey Street that it would be worth even a third of what it is today? That is just an example.

Commissioner Murray: Property on Belmont Avenue is very much more valuable than property on Livingston

Street, one block to the west, or property on Charlton Street one block to the east. You know that.

Mr. Silver: By the way, I want to cite the location of the Erie Railroad Station.

Commissioner Howe: Is it your desire to state just about what the other men have stated?

Mr. Silver: Exactly. It is on the same lines.

Commissioner Howe: All right, we shall record you as being opposed to it. We have our views and you have yours. If you do not get what you think is fair consideration at the hands of the Assessment Commission, before they finally agree on this you may come here, or we will go there with you.

Commissioner Murray: Were you referring to the Erie Station at Fourth Avenue?

Mr. Silver: Yes sir.

Commissioner Gillen: That is a jumping-off place right on the river bank.

Mr. Silver: I don't want to cite theory; I want to cite concrete examples from a practical standpoint. That is the way I want to bring it before you gentlemen.

Commissioner Howe: You will ultimately profit in that section. There isn't any doubt about that.

Mr. Silver: As I said before, the Central Railroad station is on Broad Street, and thousands and thousands of people use it every day, but it certainly does not improve the value of property. Railroad stations, as a matter of fact, very seldom improve property.

Commissioner Howe: Will it surprise you to know that since the Park Place Station has been there the sales show over three hundred per cent. increase on the block from canal to the tube station? There has been an increase of over three hundred per cent. Every inch of it has benefited in sales.

Commissioner Murray: Property right across the street is worth more than it was before, right at Saybrook Place.

Mr. Silver: I am speaking of the Central Railroad Station. As a matter of fact, I understand that the other side of Broad Street brings twice as much return as the east side of Broad Street.

Commissioner Howe: That is the shady side of the street in the afternoon. Don't you know candy stores, millinery stores, drygoods stores and the like pay twice the rent on the side of the street that is shady in the afternoon, because that is where the people shop? I learned that attending many of the conventions of National Tax Association. Property is most valuable and the highest rents are always paid for store purposes on the side of the street that is shady in the afternoon.

Commissioner Murray: You cannot make comparisons between two neighborhoods. The Central Railroad station is on Broad Street, a well developed neighborhood. The Pennsylvania Railroad station is going into a neighborhood that has been deteriorating for thirty or forty years. The neighborhood will be benefited by it. There is no doubt about it.

Commissioner Howe: The Central Railroad has next door to it a cemetery and a church. They don't bring business. Think that over. No church brings business, you know that.

Commissioner Murray: I move that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance providing for the opening of Raymond Plaza West from Market Street northerly to River Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the title of "An ordinance providing for the opening of Raymond Plaza West from Market Street northerly to River Street," be taken for its third reading, and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the open-

ing of Raymond Plaza West from Market Street northerly to River Street.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance creating the position of Traffic Engineer or Manager, under the supervision and direction of the Board of Commissioners of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance creating the position of Traffic Engineer or Manager, under the supervision and direction of the Board of Commissioners of the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the title of "An ordinance creating the position of Traffic Engineer or Manager, under the supervision and direction of the Board of Commissioners of the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance creating the position of Traffic Engineer or Manager, under the supervision and direction of the Board of Commissioners of the City of Newark.

The ordinance having been read three

times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark," adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled "Zoning Ordinance of the City of Newark" adopted January 8, 1930, be and the same is hereby amended by extending the Second Residence District, as shown on the Zoning Map, so as to include the area described as follows:

Bounded on the south by a line 100 feet north of and parallel to South Orange Avenue; on the west by a line 100 feet east of and parallel to North Munn Avenue; on the north by the City Line; and on the east by the westerly line of Holy Sepulchre Cemetery;

And that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the Second Residence District the area above described.

2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Gillen moved that May 21st, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time,

or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor. City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of part of Johnson Avenue on the westerly side thereof between Clinton Avenue and West Peddie Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That part of Johnson Avenue on the westerly side thereof between Clinton Avenue and West Peddie Street, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1402-V, dated April 23, 1930, shall be vacated as a public street or highway, the part to be vacated being described as follows:

All that part of Johnson Avenue lying north-west of the northwesterly line of the same as it is laid out 80 feet in width by city ordinance, approved November 4, 1871, said vacation to extend from the southerly line of Clinton Avenue southerly to the northerly line of West Peddie Street, excepting such portions of the above described part of Johnson Avenue lying within the limits of West Alpine Street, West Bigelow Street and West Runyon Street.

Under and by virtue of the pro-

visions of Section 1, sub-division of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplemental thereto.

Section 2. That said ordinance shall take effect immediately and all ordinance or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that May 28th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, Henry G. Baker, an inspector in the Division of Water in the Department of Public Affairs of The City of Newark is an honorably discharged Union Soldier who served in the War of the Rebellion, has reached the age of eighty-three years, and has been for upwards of twenty-three years in the public service of The City of Newark:

And Whereas, said Henry G. Baker has made application to be retired from service with a pension of one-half the compensation now being received by him;

Therefore Be It Resolved, by the Board of Commissioners of The City of Newark that by virtue of the power and authority vested in it by Chapter 84 of the Laws of 1912, Henry G. Baker, be and he hereby is retired from the service of The City of Newark as of June 1st, 1930, upon his own request, with a pension of one thousand, eight hundred (\$1,800) dollars per annum, being one-half the compensation now being received by him from the said City, for and during the term of his natural life: said pension to be paid in the same manner as other salaries are paid.

Jerome T. Congleton

Charles P. Gillen  
John Howe

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan offered the following resolutions:

**RESOLVED:** That the Director of the Department of Public Affairs be and he is hereby authorized and directed to negotiate and consummate an agreement between the City of Newark and the Public Service Electric and Gas Company for the installation of underground conduits in the administration area of the Newark Airport as follows:

Beginning at the main entrance to the Airport and the State Highway and running southerly along said main entrance to the center line of the street, and thence running easterly along said street between the hangars, a distance in all of approximately fifteen hundred and fifty feet (1550');

Also, beginning at a point on Port Street opposite Bay Avenue and running thence southwesterly within the limits of a public street, a distance of thirteen hundred feet (1300') to a point opposite the center of the so-called New Jersey National Guard site;

And also, to run and install its electrical conductors therein with proper connections and outlets for the furnishing of electric energy for public and private use along the line thereof.

The City to share one-half the actual cost of the above described installations, but the City's share not to exceed the sum of \$13,783, for conduit construction, and also not to exceed an additional sum of \$475. for the taking down of existing poles and overhead wires.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

**RESOLVED:** That the Director of the Department of Public Affairs be and he is hereby authorized and directed

to negotiate and consummate an agreement between the City of Newark and the New Jersey Bell Telephone Company for the extension of underground and conduit telephone to the existing underground construction at the Newark Airport as follows:

An extension from the existing manhole immediately adjacent to the Municipal Hangar Office doorway (northwest corner of the building) three hundred and seventy feet (370') south to a proposed manhole location in the center of the street midway between the Newark Air Service and the eastern Aeronautical hangars;

Also, an extension from the existing manhole at the northeast corner of the property occupied by the Colonial Airways eight hundred and sixty-five feet (865') south along the route of a future street to a point approximately sixty feet (60') north of the northeast corner of the property of the New Jersey National Guard. The cost of the above mentioned work to the City of Newark not to exceed \$1984.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

**RESOLVED:** That the Director of the Department of Public Affairs be and he is hereby authorized and directed to advertise for sealed proposals for the construction of a sewer along the State Highway Route No. 25 (formerly Haynes Avenue) and Port Street extending from the Main Entrance of the Airport to Pierson's Creek.

Bids to be received at the office of the said Director at such time on such date as shall in said advertisement designate.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

BE IT RESOLVED, by the Board of Commissioners of The City of Newark, that the sum of Twelve thousand five hundred dollars (\$12,500.) be and the same hereby is appropriated, to Mott Realty Corporation, a corporation of the State of New Jersey, representing the purchase price of certain lands situate in the City of Newark, Essex County, New Jersey, agreed to be conveyed by said Mott Realty Corporation, to the said The City of Newark; and

BE IT FURTHER RESOLVED, that as an additional consideration to the amount above mentioned, the taxes on the said premises, for the years 1929 and 1930, and any unpaid assessments for any municipal improvements, be and the same hereby are cancelled by the said The City of Newark, on the following described premises: upon delivery of deed to the City:

**First Tract:**

BEGINNING at a point in the northerly line of the tow path of the Morris Canal, being about opposite the southwesterly corner of Lexington Street and Passaic Avenue, which beginning point is located as follows:

BEGINNING in the northerly line of the tow path of the Morris Canal at the center of a monument stone which locates the southwesterly corner of the property now or formerly belonging to the Passaic Chemical Co. the center of said monument stone being distant two feet three and one half inches westerly from the southwesterly corner of the brick foundation of the building standing on said property of the Passaic Chemical Company; thence along the northerly line of the tow path south 76 degrees 54 minutes west 228 feet 2 inches; thence still along the same 71 degrees 51 minutes west 267 feet 2 1/2 inches; thence still along the same south 74 degrees 55 minutes west 100 feet; thence still along the same south 81 degrees 45 minutes west 294 feet 5 inches to the beginning point of the premises herein described; thence running along said northerly line of the tow path of the Canal south 81 degrees 45 min-

utes west 2 feet 10 inches; thence still along the same south 78 degrees 24 minutes west 206 feet 4 1/2 inches; thence still along the same south 79 degrees 32 minutes west 70 feet 9 1/2 inches to the southwesterly corner of land formerly of Charles W. Cox, substituted Trustee, etc., thence along the westerly line of same north 12 degrees 34 minutes west 101 feet 2 inches to the dock line of the Passaic River; thence easterly along the same to a point which will be in a line drawn northerly from the Beginning point, parallel with the westerly line of the premises herein described; thence south 12 degrees 34 minutes east parallel with said westerly line 80 feet more or less; to the northerly line of the tow path and place of Beginning.

**Second Tract:**

BEGINNING at a point in the northerly line of the tow path of the Morris Canal, being about opposite the southwesterly corner of Oxford Street and Passaic Avenue, which beginning point is located as follows:

BEGINNING in the northerly line of the tow path of the Morris Canal at the center of the monument stone which locates the southwesterly corner of the property now or formerly belonging to the Passaic Chemical Company, the center of said monument stone being distant 2 feet 3 1/2 inches westerly from the southwesterly corner of the brick foundation of the building standing on said property of the Passaic Chemical Company; thence along the northerly line of the tow path of the Morris Canal south 76 degrees 54 minutes west 228 feet 2 inches; thence still along the same south 71 degrees 51 minutes west 267 feet 2 1/2 inches; thence still along the same south 74 degrees 55 minutes west 100 feet; thence still along the same south 81 degrees 45 minutes west 34 feet 5 inches to the above mentioned beginning point of the tract herein described; thence running along the northerly line of the tow path south 81 degrees 45 minutes west 200 feet to the southeasterly corner of lands conveyed by Charles E. Cox, as substituted Trustee,

tee, to P. Reilly & Son, by deed dated January 11, 1912, and recorded in Book Q-50 of Deeds, page 231; (being the first tract above described); thence along the same north 12 degrees 34 minutes west 80 feet more or less to the dock line on the Passaic River; thence easterly along the same to a point which will be in a line drawn northerly from the beginning point parallel with the easterly line of land conveyed to P. Reilly & Son, by deed above mentioned recorded in Book Q-50 page 231; thence south 12 degrees 34 minutes east 101 feet to the place of Beginning.

and

BE IT FURTHER RESOLVED, that the said sum of twelve thousand five hundred dollars (\$12,500.) be paid to the said Mott Realty Corporation, upon delivery by it to the Acting Auditor of Accounts of a warranty deed conveying the lands above described to The City of Newark, approved as to form by the Law Department of said City.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Frank Casano for the alteration of a dwelling to a store, and the construction of a bake shop; premises 218 Parker Street; on condition that the necessary permits be obtained and work commenced within ninety days;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe moved that the application be laid over to May 14, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following communications were received and read:

**Board of Adjustment  
City Hall**

Newark, N. J., May 6, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

In the matter of the application of Breckenridge and Tichenor of an amendment to the Zoning Ordinance placing property on Oak Street in the Second Residence District, which application was referred by your Honorable Body to this Board on April 30, 1930, I have been directed to report that the Board of Adjustment has in-

spected the premises in question. The Board finds that all streets adjoining and surrounding the street in question are developed with two, three and four family dwellings, and recommends that the request for an amendment be granted.

Respectfully submitted,  
The Board of Adjustment  
R. B. Rankin, Secretary

Referred to the Law Department to draw proper ordinance.

**Board of Adjustment  
City Hall**

Newark, N. J., May 7, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held yesterday resolutions were adopted granting the following applications for variations from the requirements of the Zoning Ordinance, and recommending that your Honorable Body allow the structures in question:

Application of Nino Nicola for the construction of a 4-family dwelling in a First Residence District; premises 65 Grand Avenue;

Application of Caruso Realty Company for the construction of stores in a First Residence District; premises 392 Second Avenue; corner of North 12th Street;

Application of Burns Brothers for the construction of a gasoline station in a First Industrial District; premises 104-116 Poinier Street;

Application of Thomas Burke for the construction of four additional individual garages; premises 54 Fourth Street;

Application of Marie Saggese for the construction of a 2-family dwelling in a First Residence District; premises 34 Arsdale Place;

Application of William H. White to conduct a blacksmith and repair shop in a Second Business District; premises 124-126 McWhorter Street.

Detailed reports on these applications will be submitted.

Respectfully,  
The Board of Adjustment,  
R. B. Rankin, Secretary

Action postponed to May 21, 1930.  
copies to be sent to each Commissioner.

**Price, Waterhouse & Company  
56 Pine Street**

New York, May 2, 1930.

Mr. W. J. Egan,  
City Clerk of the  
City of Newark.

City Hall, Newark, N. J.

Dear Sir:-

We take pleasure in enclosing six signed copies of our report on the audit of the City of Newark, N. J., for the year 1929.

As required by law, we are sending a certified copy of this report to the Commissioner of Municipal Accounts at Trenton.

Yours very truly,

Price, Waterhouse & Co.,

By J. H. Bowman

Registered Municipal Accountant.

Ordered filed and published according to law.

**Department of Revenue & Finance  
Room, 3 Town Hall**

Irvington, N. J., May 3, 1930.

Mr. William J. Egan, City Clerk,  
City of Newark,

Newark, N. J.

Dear Mr. Egan:

I am enclosing herewith a certified copy of a resolution pertaining to the widening of Clinton Avenue from Springfield Avenue in the Town of Irvington in a westerly direction through a portion of the Town of Irvington, Township of Maplewood, South Orange and Newark, the same having been adopted by the Board of Commissioners of the Town of Irvington.

at their regular meeting held Tuesday evening, April 29, 1930, together with the terms as therein set forth.

This is done in pursuance to a communication dated April 24, 1930, from the Board of Chosen Freeholders of the County of Essex of which I presume you have a copy in your files, and I believe provides we shall exchange resolutions.

Awaiting receipt of your certified copy of the same resolution for our files, I am,

Very truly yours,

W. E. Jamouneau,

Town Clerk.

Referred to the Mayor.

John Howe,

Director of Revenue & Finance

Commissioner Howe: Does anyone desire to be heard on any matter?

Mr. John J. O'Reilly, 433 Bloomfield Avenue.

I am down here in reference to this here man building outside the city field. He is putting up a small house down there. He started Sunday morning at half-past ten. It will hinder my business and three or four other people there right in that vicinity. That is right next to the Public Service booth where you get your check.

Commissioner Howe: Where is that?

Mr. O'Reilly: Bloomfield Avenue and Roseville Avenue. Mine is 432, right at the corner of 8th Street. He is going to sell everything that I sell. We are just living from hand to mouth now. They claim this man is a blind man.

We have blind men in our neighborhood and paralytic. We have an old soldier who served in the war. We are helping them out. I am willing to do everything I can.

Commissioner Gillen: Who owns the ground?

Mr. O'Reilly: The City.

Commissioner Gillen: Who gave him permission to build?

Mr. O'Reilly: He said he received permission from the Board of Education. The Board of Education has one on the inside. Now they are coming on the outside.

Commissioner Murray: What is your business?

Mr. O'Reilly: Lunch business.

Commissioner Murray: You are the fellow that keeps a lunch counter?

Mr. O'Reilly: Yes, sir.

Commissioner Murray: What is the fellow who is building now going to do?

Mr. O'Reilly: He is going to sell everything I have got.

Commissioner Murray: He is going to be on the outside of the stadium along the stadium line?

Mr. O'Reilly: Yes, sir.

Commissioner Howe: Do you mean between the sidewalk and the wall?

Mr. O'Reilly: Right up against the wall, yes, sir.

Commissioner Gillen: Fronting on Roseville Avenue.

Mr. O'Reilly: Yes, sir.

Commissioners Gillen: Do you think he is out on City property?

Mr. O'Reilly: Yes, sir.

Commissioner Brennan: Is the wall of the stadium out as far as the building line?

Mr. O'Reilly: No, sir. He is building right up against the wall, extending about twelve feet from the sidewalk.

Commissioner Murray: Mr. Corporation Counsel, do you know whether the Board of Education has a right to lease ground for these purposes?

Mr. Boettner: I don't know at this time, but I can refer it to my department to have them check up on it.

Commissioner Brennan: What is the distance, do you know, between the building line as shown on the maps and the stadium?

Commissioner Howe: Between the sidewalk and the building.

Mr. O'Reilly: The sidewalk and the wall? It is about, I should judge, eight foot.

Commissioner Howe: Where is your place?

Mr. O'Reilly: Right across the street

about three hundred foot from this here where he has got that.

Commissioner Howe: Is it on privately owned property?

Mr. O'Reilly: Yes, sir: I am paying rent and taxes there and I have been a resident there for thirty-five years right around that neighborhood.

Commissioner Gillen: I move that it be referred to the Law Department and that a communication be sent to the Board of Education to make a report on the matter.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray: We will take that up.

Mr. O'Reilly: Thank you.

Mr. Arthur Sykes, 304 Verona Avenue.

Gentlemen and Commissioners, I ask to be heard on a matter of the zoning of Verona Avenue west from Highland Avenue as far as the intersection of the Orange branch railroad where it curves to the west. Only recently, I understand, that had been zoned at commercial purposes. We have been asleep at the switch around our immediate neighborhood there. I learned on Friday or Saturday that that has been so since the 8th of January, if I remember Mr. Hardin's remarks correctly, that has been zoned for commercial purposes. There isn't anything but single family houses there, except as Rocco has converted a one-family into a two-family, and the south side of Verona Avenue west from Highland Avenue. I understand it is the purpose of Mr. Rocco to put ten or eleven garages on the property that he has on the south side of Verona Avenue between Lake Street and De Graw Avenue. That will be an eyesore and a fire risk as well.

I pray you to change the ordinance that makes the south side of Verona Avenue available for commercial purposes.

Commissioner Howe: On the north

side of Verona Avenue there are even some factories, aren't there?

Mr. Sykes: It is partly industrial and partly residential. It was zoned that way a few years ago. There is an apartment house on that side of the street, which really started the street off.

Commissioner Murray: This Rocco will have to get a permit before he can build these garages, won't he?

Mr. Sykes: I am told that he will not.

Commissioner Gillen: He may build up to ten individual garages without the permission.

Mr. Sykes: I haven't the plans, understand: I have simply been told by a man, who had the specifications about the plumbing. I don't want these garages there, because they will be an eyesore and it will depreciate the value of our property.

Commissioner Howe: If Rocco makes an application for these garages you will have an opportunity to come before the Commission.

Mr. Sykes: I have been told that he would ask. I ask that the zone be put back to where it was.

Commissioner Gillen: Perhaps we could have the Building Department hold up the permits.

Mr. Rankin: We could keep the zone down to two-family houses.

Mr. Sykes: Where is there a two-family house between Highland Avenue and DeGraw Avenue on the south side of Verona Avenue except that Rocco has converted? As a matter of fact he was going to start with a three-family house, but after we came down and made the protest he changed it into a two-family house.

Commissioner Howe: What street are you on?

Mr. Sykes: The southwest corner of Lake and Verona.

There isn't a thing between Highland Avenue and the west that needs to be zoned for commercial purposes. Nobody wants the commercial purposes

proposition there. We would not want a store next to our house.

Commissioner Murray: Why wouldn't it be proper to make an application to re-zone that area?

Mr. Sykes: I have been to see Commissioner Brennan yesterday.

Commissioner Brennan: I received a letter this morning. This zoning matter is not in my department. The request, I would imagine, might be referred to the Zoning Board for reconsideration and for consideration of the protest raised by this gentleman.

Commissioner Howe: Mr. Rankin will take it up. He is the representative of the Adjustment Board.

Mr. Sykes: Can we be assured that Mr. Rocco cannot in some way get his permits to start work?

Commissioner Brennan: I don't know that there will be any way that we can stop him.

Mr. Sykes: It isn't any fair proposition if he can go ahead without our knowing it and slap up ten or eleven garages, making it an eyesore.

Commissioner Gillen: It isn't so.

Commissioner Brennan: No, it isn't.

Commissioner Murray: Why not accept his application for the change of this zone and refer it to the Law Department for change along the necessary lines, getting it under way immediately?

Commissioner Gillen: I think that is a good idea.

Commissioner Murray: How many property owners are involved?

Mr. Sykes: I can't say how many are involved, because I don't know whether he owns on a shoestring that apartment house across the street, which would be about ten people, but there are really about ten people concerned.

Commissioner Howe: Have you called on this man to tell him about your objection?

Mr. Sykes: No, sir, but I still remember the reply that I had when we protested when he was going to make

a statement house of his own house. His reply was that if we didn't like it we could lump it.

Commissioner Gillen: I move that we take title to the amendment to change the zone, that it be referred to the Law Department, and that the matter of the building permit for the garages be referred to Commissioner Brennan.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Henry Green appeared before the Board in reference to the unemployment situation.

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., May 14, 1930.

Regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Howe, Murray.

Absent: Commissioners Gillen, Con-  
gleton.

Commissioner Howe, presiding.

Commissioner Murray: Out of consideration for the very sad fact that a short time ago Commissioner Brennan passed away, I move that the meeting of the Commission stand adjourned, and that the Commission meet again at the call of the Chair. There are only two present, so the adjournment will be effective, of course.

Commissioner Howe: I declare this meeting adjourned.

APPROVED:

JOHN HOWE  
JNO. F. MURRAY, Jr.

The Board of Commissioners  
of the City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., May 21, 1930.

A Regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan, deceased.

The minutes of meetings of May 7th and 14th, 1930, were read and approved.

Commissioner Gillen presented the following resolution and moved its adoption:

#### WILLIAM J. BRENNAN

Our beloved colleague has passed on—leaving in our hearts and in the hearts of the people he served so faithfully and so long, a great void.

His proverbial fairness, his deep-rooted rugged honesty, his fearless independence, his constant championship of the cause of right, is perhaps his greatest and most enduring monument.

There shall be forever graven on our memories that picture of this simple, noble man who devoted his life and his energies so unselfishly to the cause of the City he loved.

He belonged to the people. He served the people for many years of his full and eventful life. He was a member of the Board of Commissioners of the City of Newark for over 13 years, administering with indefatigable labor the affairs of an important and difficult department.

His friends are as numerous as the sands of the sea—and his passing leaves behind a host of saddened hearts. We all owe much to his genius, his kindly courtesy, his criticism and his example. Those who worked closest to him realized the strength and yet the gentleness of the man. Possessed of supreme courage and great fairness of purpose he typified the kind of American that the whole world admires.

His passing is a deep personal loss to us, his associates, and realizing our inadequacy to attempt in words to do full justice to his memory, we can only add our expression of sympathy

to the thousands of others who will say, briefly and simply—"We loved 'him.'"

JEROME T. CONGLETON  
CHARLES P. GILLEN  
JOHN HOWE  
JOHN F. MURRAY, Jr.

The Board of Commissioners of the City of Newark, N. J.

Attest:

William J. Egan,  
City Clerk.

The roll being called, the resolution was declared adopted by the following votes:

Commissioners Gillen, Howe, Murray, Mayor Congleton.

Hon. Edward Schoen, 34 Branford Place: Mr. Mayor and Commissioners, I have been asked by many friends of our late lamented friend, Commissioner William J. Brennan, to speak a few words this morning before your commission. Judge Schoen then read the following eulogy:

"There is no flock, however watched and tended

But one dead lamb is there;

There is no fireside howsoever defended  
But has one vacant chair."

Death rides on every passing breeze,  
He lurks in every flower."

I am aware that the most impressive tribute ever given to any man in our City has already been accorded to our departed friend. But as I watched the countless thousands of downcast people pass silently by the bier of him whom I cherished, and as I looked at the wilderness of flowers so reverently laid upon his tomb, I felt that if every tear and every sorrowing heart and every one of those fragrant and beautiful flowers could but speak, our ears would have been greeted with a thundering melody of love. So, I have come to endeavor to translate this mute expression of sentiment into words.

"No man is born into the world whose work,

Is not born with him. There is always work,

And the tools to work withal, for those  
who will,

And blessed are the horny hands of  
toil."

His were horny hands of toil in the  
truest sense.

His earthly abode had no gilded  
dome. He came from lowly beginning  
and rose to eminence, but continued  
to live in noble simplicity. From be-  
neath a humble roof he went forth to  
his daily task. He knew no glory but  
his City's good. There is no cloud upon  
his title to remembrance. It rests not  
upon mere holding of office. There was  
purity in his private life; there was  
inflexible integrity in his public con-  
duct; there was indescribable fascina-  
tion in his familiar conversation; there  
was a quick and keen perception; there  
was a simple dignity in his deportment  
in the conduct of his public duties;  
there was fidelity to friends; there  
was frankness; there was kindness.  
Together, these attributes made up a  
character to which we reverently do  
homage. His part in life was faith-  
fully performed.

"But Heaven gives its favorites—  
early death." He has been called  
away at the hour when all of us were  
looking to him to render many years  
of service to the community. The loss  
of such a man creates a wide and deep  
gap in the public councils. To the  
great mass of plain people with which  
he was especially identified, it is a most  
afflicting loss; to his immediate family,  
it brings over-powering grief, and no  
tongue may venture to attempt words  
of adequate consolation.

A star of the first magnitude has  
been struck from our civic firmament,  
but it has only been transferred to a  
higher and purer sphere where it will  
shine with undimmed brilliancy.

"Each man makes his own stature,  
builds himself,

Virtue alone outlives the pyramids;  
Her monuments shall last when Egypt's  
fall."

While living, he won the priceless  
treasure of life—a good name; the  
honor and respect of his fellowmen.  
It stands as a towering pyramid in our  
midst. In his death, it is proven again

that a good name is better than precious  
oil. But let us remember and per-  
petuate the lesson of his life. He in-  
spired us to forget partisanship and  
remember only the higher duty of citi-  
zenship. His ever increasing majority  
at each succeeding election, remains as  
imperishable proof of this fact. And  
those of us who supported him, al-  
though not of the same political faith,  
may feel grateful that he inspired us  
to a noble act of citizenship. His  
career may be regarded as a practical  
lesson in civics, and the children in  
our schools should be taught to remem-  
ber his name as one who demonstrated  
that good men make good government  
and that good men and good govern-  
ment are obtainable when patriotism  
is put above partisanship. This is his  
greatest contribution to our City. It  
must not be forgotten.

And now, let us be consoled by the  
words of the poet who said—

"There is no death! What seems so  
is transition,

This life of mortal breath  
Is but a suburb of the life elysian,

Whose portal we call Death."

Commissioner Gillen: I move that  
the eulogy be spread in full on the  
minutes of the meeting.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Gillen, Howe,  
Murray, Mayor Congleton.

Mayor Congleton: There are numer-  
ous other communications of condolence  
that have been received by the City  
Clerk. Do you want to make a minute  
of them now?

Commissioner Gillen: I move that  
they be received and noted in the  
minutes.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Gillen, Howe,  
Murray, Mayor Congleton.

Mayor Congleton: I understand that  
there are some people here who wish  
to address the Commission. If that  
is so, this is the proper time to do it.

Is there anyone who has any matter upon which he desires to address the Commission?

Mr. Benjamin M. Ratner, 60 Park Place: Members of the Commission, it is with untimely death that one of our own has left this world and is departed from our fold. It is a grief which we as individuals and humans will never forget, because the principles upon which this American government was founded are the principles upon which this man, the late Honorable William J. Brennan, has carried out his department one hundred percent to the best of his ability.

By the untimely death of that great man, gentlemen, there is a vacancy in this Commission.

Draped with purple and black is a chair which under our law must be filled within a very short period of time. It becomes your duty as members of the Commission to select a man who is able, capable, and qualified to fulfill that position. I know that you will not, in your consideration of that man, take in his religious beliefs, his race, his creed, or his political affiliations, but that you will consider that successor as a man and because of his qualification for the office which is now vacant.

I know that the man that I sponsor is the man who can fill that chair as well as any other man who might stand here before you or whom you might select in the place of the late William J. Brennan.

The man that I have in mind, gentlemen, is not related to me. I have not worked for him politically. I have worked for the Honorable William J. Brennan and for my good friend on my right, John F. Murray, and I will do so again; but politics does not enter into a Commission affair. That is why I, as a Democrat, openly say that I worked for John F. Murray, who is a strong, one-hundred-percent Republican, and it is because politics do not enter into Commission affairs that I stand here today sponsoring a man who is of the opposite faith politically. That man is no other than the Honorable Doctor Meyer C. Ellenstein.

The applause of the gathering here

does not mean a thing to me. The applause of the gathering here today should not influence you; it should be the fact that he is the man who came sixth in the race, a man who is an American citizen, and a qualified individual for the office. We as people who are guided by the Constitution of the United States are willing to give those people who are entitled to their constitutional rights their rights when they deserve it. I say that Meyer C. Ellenstein is now entitled to that vacant chair.

I don't know if my time is limited. I hope it isn't. Gentlemen, as the Honorable William J. Brennan now lies in his eternal sleep, I say to you honestly and impartially because of the very principles that he sponsored, it is his wish that Meyer C. Ellenstein sit in his place today. William J. Brennan stood for fair play, and you stand for the same. You are going to give every man fair play in your selection. I am assured of that, because I know you all. I have had the opportunity to mingle politically and otherwise with you from time to time. I know you will give fair play to the man that deserves the proper consideration. If I am right in what I say, even though there be no provision under our law that the sixth man shall substitute for the chair that may become vacant, yet if our legislators have been faulty, as I may call it, in not making that provision, we men with wisdom must correct that fault and do what the legislators would have done had they realized at the time the act was passed that the sixth man should be entitled to the place.

Let us assume, gentlemen, that one of you who now sits as a Commissioner of this great City were to be sixth man. Let us assume that it had happened—unfortunately it is something over which no one has no control except the Almighty God above; would you not, as the sixth man, not only request but demand your constitutional rights and ask for that vacant chair? Certainly you would, because you would be entitled to it, not only from a standpoint of constitutional right, but as a moral duty, it being the least that the man who spent his time, the man who spent his money, the man who by vote of the people, the greatest thing that has ever been conferred

upon the American people—the right of franchise—had been selected. Meyer C. Ellenstein is the sixth man. I say that if you would have wanted that, then Meyer C. Ellenstein is certainly entitled to it at your hands today.

Let me tell you something, gentlemen. The people of the City of Newark did not appreciate the strength of the man who now seeks office. Because the people hadn't the faith in his strength is the reason why he was sixth, but realizing as they do today his political strength and his character and his manliness and his qualifications, and everything else that goes with it, to make a proper Commissioner, as you men are, I say that if a vote was cast today Meyer Ellenstein would come over the top by all the people in the City of Newark.

What are his qualifications? The man is an able lawyer, a dentist by profession, educated, a gentleman, impartial in his deliberations and in his decisions, a man who therefore would be qualified to step into the shoes of one of the greatest men that have lived that I know of to carry on that fine work which the Honorable William J. Brennan, may his soul rest in peace, has laid down in the year he was a Commissioner of Public Safety, and if he will do that—if Meyer C. Ellenstein is the man that I say he is—and the people here today by their applause agree with me—then, I say it is your duty, gentlemen, as men, as Americans, to respect the stars and stripes, regardless of political standards, and give Meyer C. Ellenstein that position, not because he is a Democrat or not because he is a Republican, if he were one, but simply because he is the sixth man and a man who is well qualified to hold the office which is now vacant.

I am going to conclude, gentlemen. Probably I took up a little more of your time than I have been allotted. I have no interest in the determination of this matter, but as a representative citizen, as a member of the Jewish race, as a man who stands for what is right, if I think it is right—and when it is wrong I will acknowledge and apologize for its being wrong—I say to you that it is the right thing for you gentlemen to put Meyer Ellenstein in that chair. I say that for two reasons: First, because he was sixth and he

deserves, and secondly, because he can carry out—that is the important thing—the work that has been left behind by the untimely death of the late William J. Brennan.

Gentlemen, give Meyer C. Ellenstein that chair and the people will repay you thousands and thousands of times; and say to you that you are the men elected by the people and that you are for the people.

Mr. Henry Hahn, 9 Clinton Street: Honorable Mayor and respected Commissioners of the City of Newark: I appear here today as a friend of Meyer C. Ellenstein, as a taxpayer in this City, and as an independent loyal American, true to this flag that floats over us and guarantees us our rights. I want to make a special appeal in a few words for this gentlemen who we all love and esteem.

He is a man qualified in every sense of the word. He was sixth when the people cast their vote at the last election. There is an old saying, with which we all agree and which none will gainsay, which is "The voice of the people is the voice of God Almighty." When thirty thousand people of the City of Newark voted their suffrage for a man, I say to you that you should not repeat the mistake that was made in former years, when Monahan was thrown out, but you should do as you did when my friend John Howe was the sixth man—put Meyer C. Ellenstein in office, give him his rights and obey the voice of suffrage.

The people have spent thousands of dollars to have an election, to have it honestly conducted, and to get a square deal. That is all that comes before you today—to give a square deal to a man who is entitled to it, because he is qualified and has the confidence of his fellow citizens, and he will make good. Let us do our level best. Let us do justice and let us always remember that the thirty thousand people who voted for Meyer C. Ellenstein voted for you and put you in office. Now you return the compliment. We pay the debt of gratitude that is due to him and acknowledge what is justly due. Make Meyer C. Ellenstein a commissioner to fill the vacant chair of an honorable man, a man whom we all love and respect.

Mrs. Milton Unger, 58 Girard Place: Honorable Mayor and gentlemen, I am here in behalf of one of the largest group of charitable organizations of women. I represent the Deborah Consumptive Relief Association. I am not here to make a speech, as I am not a politician and I do not know how to talk; I am here in behalf of the women who feel that we are not here asking you to elect a man because he is a Jew or he is a Gentile. We are here to ask you to elect a man whom the people wanted. If there were six men on the Commission. I am sure that Mr. Ellenstein would have gotten in.

As the gentlemen who spoke previously to me said, previous to the last election the Honorable Mr. Howe was sixth, and I know how he felt when he was elected. I am not here to preach any sermon and ask you gentlemen to elect a man because of John Howe's being elected; I am here because I feel the election of Meyer C. Ellenstein would be just to the people.

We are here to ask you to give Dr. Ellenstein a fair deal. The only fair thing is to give the vacancy to the man that the people want. Those people are here. They want him. You know, gentlemen, that he is wanted by the people. All I ask of you, in behalf of the women of this organization and the women of the City of Newark, is to please give Dr. Ellenstein a fair deal.

Mr. Jamee D. Aposotakes, 1060 Broad Street: Mr. Mayor and fellow Commissioners, I represent the Essex County Hellenic American Republican Association and a great majority of the Greek citizens of Newark and Essex County. We all join, especially the Greek people, in the grief at the death of our late Commissioner. We join in the grief that has come to every one of the citizens of Newark.

However, as our Mayor said during the past campaign, the wheels of progress must keep going. Therefore we must turn to the selection of an incumbent to fill the late lamented Commissioner Brennan's chair.

My forefathers, as perhaps you are all aware, were the creators of the sort of democracy that is practised in this government of our. We know that America, and the United States

in particular has copied the examples that were instituted by the Greek people. It is only some forty years ago that the Greek people began to come to America, and in this comparatively short time they have made creditable strides both in business and in good citizenship. During the past campaign, we, among other people, selected Meyer C. Ellenstein to represent us, not because he was of the same political faith as we were, but because of the fact that Meyer C. Ellenstein represented those ideas and those ideals for which Greece has always stood. Doctor Ellenstein is a man who is righteous, a man who is tolerant, and a man who has a sense of honesty and fair play.

Of course, we did not succeed in putting Meyer C. Ellenstein across, but we did succeed in placing him sixth on the ticket. We know that this country of ours has always stood for a democratic and representative government. Meyer C. Ellenstein was elected sixth on the ticket. We believe that in keeping with the traditions of our country and with the traditions of the United States of America that the voice of the people should always be paramount to any other political scheme or idea.

We know and believe that when you gentlemen decide on the successor of the late Commissioner Brennan you will take into consideration the fact that you will be striking, if you should fail to appoint Meyer C. Ellenstein, right to the hearts of democratic government. You will have rejected the choice of the people and you will have in effect told the people that their voice does not count but that those who are incumbents of the office shall guide their destinies in the future.

I therefore urge that you gentlemen consider seriously the effects of your move in the selection of the successor to the late Director Brennan.

Mrs. Mary Patterson, 58 West Market Street: Honorable Mayor and gentlemen, I represent the Colored State Fair Association of the State of New Jersey, the Republican voters of the Seventh Ward of Newark, and the Daughter Elks of the Essex Temple No. 42. We have already mailed resolutions individually and to the papers. They have sent me down here to ask

you to please remember the man that ran sixth on the ticket.

We are old humble servants who have served long in the Republican party and expect to continue to do so, but knowing Doctor Ellenstein as a man after God's own heart, a man that will serve everybody right from race to race, we plead with you to remember the man eligible to the Commission.

Mr. Reginald Parnell, 460 Clifton Avenue: Mr. Mayor and members of the City Commission, When I came here this morning I had no intention whatsoever of saying a word on behalf of any particular candidate, because the thought had come to me that it must be all settled, otherwise you would not have come here this morning; but after listening to the various speeches here this morning it seems perhaps appropriate that I who am not a member of the Jewish faith may put in a word or two and clarify the situation on behalf of a great Jewish leader who is living in this City today.

If your mind will go back to a year or so ago this month, you will recall that some of us were out on the stump, some of us were out putting on an intensive campaign giving our aid, giving our energies, giving all our abilities in order to put over the particular candidate of our choice. During that time I had occasion to run into another person who was seeking office. I had occasion to be confronted and to meet upon the public platform a gentleman by the name of Ellenstein. I found that his ability was of an outstanding kind. I found that he was able to present his ideals and his thoughts and his principle of government for this great municipality in a constructive way. I learned to appreciate and I learned to admire him. I thought to myself that if Meyer Ellenstein does get elected, then this great City of Newark will be doing honor to itself, always hoping, of course, that the particular candidate in which I was interested would be just a vote or two ahead of him. I see gathered here this morning a great many people. I realize that a great number of the supporters of Meyer C. Ellenstein here, have come here as representatives of the seventy-five or eighty thousand Jewish people of New-

ark, a great class of people, a people who are doing a great deal for the progress of this municipality. They are a people who, as I understand and conceive it, have never been properly represented in the municipal government. It seems to me that this is a great opportunity for this City Commission to exercise fair play. It seems to me that this is a great opportunity for this City Commission to gather to itself a great body of Jewish people, loyal, splendid, and true, who know very little about politics as such, who do not play the game in a dirty way, who play it fair, hitting straight from the shoulder. They are asking to be represented. They are asking to carry into the municipal government the great ideals and the great business principles that they have placed upon the pages of history, which will live as long as time endures.

Sitting in my office the other day, I thought what that great statesman, Thomas L. Raymond, would do if he were alive today. I know what he would do. He would cast his vote for Meyer C. Ellenstein. By doing that he would bring onto himself seventy thousand people in this municipality, which would make him one of the outstanding figures of this country.

Gentlemen, this is an opportunity for you to demonstrate fair play to this City. If you are not willing to demonstrate fair play by such an act, then you cannot expect the man all the way down the line to play fair too. It is a great opportunity placed within your grasp. If you will take it, gentlemen, there is no power that will ever defeat you, because you will have the Jewish people behind you in this City. Where the Jewish vote in this community goes, gentlemen, victory goes hand in hand.

Mr. Joseph Yaculla, 353 Lyons Avenue: Gentlemen, I have heard a lot of Jewish talkers talking about the Jewish people. I ought to be down here in behalf of Peter Cavicchia, but I am not; I am here in behalf of a man who I have known for the last eight years. I know his qualification; and his ability. That man is Meyer C. Ellenstein.

I am also here today in behalf of the people of the Tenth Ward—that is, most of them. We have an organi-

zation down there, and we have received telephone calls and personal calls asking us to come up here in Mr. Ellenstein's behalf. Meyer C. Ellenstein polled 33,000 votes. I can't understand how you gentlemen can honestly and conscientiously vote for anyone else but Meyer C. Ellenstein if you honestly had the dictates of the taxpayers and citizens of the City of Newark at heart. If you see any reason why you should not appoint him, if you have any other candidate in mind, the organization that I represent feels that you should hold a special election and let the people decide who to elect.

Mr. Meyer Linick, Fefcourt Building: Honorable Mayor and members of the Commission, I come as a representative of the Hawthorne Avenue Improvement Association and Civic Organization, which has done very extended work in the City with your assistance. They have asked me as their representative to again request your assistance, if so it may be called.

It is true that the organization I represent is made up ninety per cent. of Jewish people, but we do not feature that.

The request is that you consider very carefully the name of Doctor Meyer C. Ellenstein. We present the name and sponsor the name of Doctor Ellenstein on two qualifications: First because of his ability, and second, because of what he is. He is a man of the people, by the people, and the people want him.

Mary Schacter, 27 Aldine Street: Honorable Mayor and Worthy Commissioners, I am here to represent a women's organization, the largest fraternal organization of women in the country—the Companions of the Forest of America, which is a non-sectarian order. All women believing in God and the Constitution of the United States are eligible to join. They have asked me to come down here in their behalf and represent Doctor Meyer C. Ellenstein and ask you if you won't please consider him as eligible to this office as Commissioner. We ask that because Doctor Ellenstein is a good man and not because he is a Jewish man. He would work for anyone, regardless of his religion or race. I am not an orator, so all I am going to ask you is

to please consider him in behalf of the Foresters of America.

Dr. Sidney H. Blumberg, 393 Springfield Avenue: Honorable Mayor and Commissioners, unfortunately for me, because I am a professional man I do not possess the forensic ability that my predecessors possess. I am merely here as a representative of a professional organization, a group of dentists who have asked me confidentially and sincerely to delegate Meyer C. Ellenstein as the candidate for the chair that has been left vacant by the death of the late William J. Brennan. In my organization there are professional men who belong to both sects—Jewish and Gentile. It is their earnest wish that Dr. Ellenstein represent them as a member and as a factor in the community and that he be chosen to represent them in the chair that has been left vacant.

Mr. David Goldberg, 66 Waverly Avenue: Honorable Mayor and Commissioners, citizens and ladies and gentlemen. You have heard Democrats speak, you have heard Republicans speak regardless of race or creed. You have not heard a Socialist speaker yet. You will all be surprised in a minute to hear a Socialist standing before you endorsing a candidate that ran sixth for Commissioner. Dr. Ellenstein.

Regardless of politics, gentlemen, regardless of personalities, regardless of religion, the fact that the right of opportunity that this symbol guarantees us here in the United States of America and in the individual states of the Union—when there comes to a man that right of opportunity, which right is not only the law of the City of Newark and the State of New Jersey, but a law of the world which this country today respects and honors and has not broken yet, and I believe that these honorable men who took the opportunity and responsibility to rule and govern the City of Newark will not be the ones that will make a jest of the law, a fundamental law in the world of the right of opportunity. The right of opportunity came to Dr. Meyer Ellenstein, because he came in sixth on the ticket.

Now would you gentlemen act, as American sports, if I were in a race of a hundred yards dash and came in third. Would you disqualify me?

Wouldn't you give me the credit of coming in third? You will be fine sportsmen if you do that. You will not be fine sportsmen if you will not do it. We American citizens today give the right of opportunity to every capable and able man that is honest and clean and stands for a clean government. Give this right to Doctor Meyer Ellenstein, so that right and opportunity shall not be destroyed, but shall be given to him, and he shall take the chair where he belongs.

Mayor Congleton: Does anyone else desire to speak? If not, we will declare the hearing closed. What is your pleasure, gentlemen of the Commission? Shall we proceed with the regular business and come back to this matter later?

Commissioner Howe: I move that we proceed first with the regular business of the meeting.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry line; Sedgewick Avenue from a point 303.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgewick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundry line, and stated that today was the time fixed for a hearing on the same.

Commissioner Gillen moved that the ordinance be laid over until June 4th. 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Queen Street from

Frelinghuysen Avenue southeasterly about 425 feet with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: There is some question with the owners of property.

Commissioner Murray moved that the ordinance be laid over until June 4th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Charlton Street from Springfield Avenue to Montgomery Street with asphalt pavement (1½" top-1½" binder) and new oblong granite block pavement on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Murray: I understand, Mr. Mayor, that there is strong opposition to that by the people on the street. Therefore I move that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Parkhurst Street from Pacific Street to the easterly side of Dawson Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Murray: The same thing applies there. There is opposition on the part of the property owners. I move that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the re-surfacing of Littleton Avenue from Thirteenth Avenue to Fifteenth Avenue with asphalt pavement (1½" top-1½" binder) on the old concrete foundation prepared as directed, and stated that today was fixed for hearing on the same.

The Board then entered upon said hearing.

Mr. Gabriel Mazzio, 211 Littleton Avenue: Honorable Mayor and Commissioners, in regard to this resurfacing of Littleton Avenue, as I understand it, I really feel as a property owner that it is an absolutely unnecessary matter to do here, because that street is in A-1 condition as it is. I really feel that it is seventy-five per cent perfect. Now, considering the situation, I absolutely want to be on-record, as a property owner, that I am against the proposition.

We also have several petitions representing one hundred per cent. against the improvement. I do not think it is an improvement in this case. It is only a question of squandering a lot of money unnecessarily. The petitions all are in, as I understand it. If they are not, they will be in a little later.

Commissioner Murray: In view of the petitions, I move that the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to order and cause the change and establishment of the grade of Summit Street from the northerly curb line of Academy street as the same is laid out 40 feet in width, northerly 301 feet, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioners Murray moved that the following ordinance be taken up on second reading:

An ordinance to order and cause the change and establishment of the grade of Summit Street from the northerly curb line of Summit Street as the same is laid out 40 feet in width, northerly 301 feet.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to order and cause the change and establishment of the grade of Summit Street from the northerly curb line of Academy Street as the same is laid out 40 feet in width, northerly 301 feet", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of Summit Street from the northerly curb line of Academy Street as the same is laid out 40 feet in width, northerly 301 feet.

The ordinance having been read three times was then declared to be upon its third and final passage

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of a pipe sewer for house sewage only in State Highway Route No. 21 (Riverside Avenue) from Verona Avenue to a point approximately 2800 feet southerly, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a pipe sewer for house sewage only in State Highway Route No. 21 (Riverside Avenue) from Verona Avenue to a point approximately 2800 feet southerly.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the construction of a pipe sewer for house sewage only in State Highway Route No. 21 (Riverside Avenue) from Verona Avenue to a point approximately 2800 feet southerly," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer for house sewage only in State Highway Route No. 21 (Riverside Avenue) from Verona Avenue to a point approximately 2800 feet southerly.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to about 562 feet west of the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: This ordinance is to be killed and a new one substituted.

Commissioner Gillen: I move that the ordaining clause be stricken out.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mr. Paul Wenner, 20 Tiffany Boulevard.

Mayor Congleton: Are you opposed to the improvement west of Highland Avenue or below it?

Mr. Wenner: No, from Mt. Prospect Avenue on Tiffany Boulevard to about 56, below Highland Avenue.

Mayor Congleton: We understand that the majority of the property owners are objecting to the pavement going beyond Highland Avenue.

Mr. Wenner: Yes.

Mayor Congleton: But that practically all the property owners are in favor of the new pavement between Mt. Prospect and Highland Avenue, is that right?

Mr. Wenner: Yes, that is so, but if the City don't pay anything to it I think it will come too dear.

Mayor Congleton: The City has never yet laid a pavement that it has not paid something toward the cost.

Mr. Wenner: Yes, but that is an awful dear price we got. I believe people can't pay this.

Mayor Congleton: Of course, that price covers the entire cost. The City absorbs a part of it. When the matter comes before the Assessment Commission they apportion the cost.

This morning we are disposing of the ordinance that has been pending. It is our intention to put in another ordinance to provide for the pavement between Mt. Prospect Avenue and Highland Avenue. You will get a new notice of that.

Mr. Wenner: That is all right.

Mayor Congleton: You will know what day it is coming up, so if you still want to take it up with us, you may do so.

Mr. Joseph B. Mayer, Tiffany Boulevard: I represent the F. & H. Foundry Company.

Mayor Congleton: Your part has been disposed of .

Mayor Congleton: You are west of Highland Avenue?

Mr. Mayer: Yes, sir. Thank you.

The City Clerk presented An ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be hard on this ordinance?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended by extending the Second Residence District, as shown on the Zoning Map, so as to include the area described as follows:

Bounded on the south by a line 100 feet north of and parallel to South Orange Avenue; on the west by a line 100 feet east of and parallel to North Munn Avenue; on the north by the City Line; and on the east by the westerly line of Holy Sepulchre Cemetery.

AND, that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment be and the same is hereby changed so as to in-

clude within the Second Residence District the area above described.

2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to amend an ordinance entitled: 'Zoning Ordinance of the City of Newark', adopted January 8, 1930", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark," adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled "Zoning ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended by extending the First Residence District as shown on the Zoning Map so as to include the area described as follows:

Bounded on the north by Verona Avenue; on the east by Highland Avenue; on the south by a line 100 feet south of an parallel to Verona Avenue; and on the west by the Orange Branch of the Erie Railroad;

and that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to in-

clude within the First Residence District the area above described.

2. All ordinance or parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that June 4th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled "Zoning Ordinance of the City of Newark, adopted January 8, 1930, be and the same is hereby amended by extending the Second Residence District as shown on the Zoning Map so as to include the area described as follows:

Bounded on the east by a line 100 feet east of and parallel to Oak Street; on the south by Arsdale Place; on the west and north by the City Line;

and that the Zoning Map which accompanies the Ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the Second Residence District the area above described.

2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that June 4th, 1930 at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete foundation, repaired or built up as directed.

The Board of Commissioners of the City of Newark, Do ordain:

Section 1. That Lake Street from Bloomfield Avenue to about 1800 feet southerly shall be repaved with asphalt pavement (1½" top-1½" binder) on the old concrete foundation, repaired or built up as directed, with the nec-

essary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or delaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled: "An Act Concerning Municipalities", approved March 27, 1917 (P. L. 197-318) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 5th, 1930 and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$44,800.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$44,800.00 under

and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that June 11, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

An Ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from

Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, or on the old base as directed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Frelinghuysen Avenue from About 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly shall be paved, repaved and resurfaced, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation or on the old base, as directed, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 6th, 1930 and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purpose of this improvement shall be consider a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$15,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$15,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioners Howe moved that June 11, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

An ordinance to provide for the construction of a fifteen (15) inch reinforced concrete pipe sewer for storm water only, in north Eleventh Street from Third Avenue West to Springdale Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch reinforced concrete pipe sewer for storm water only shall be constructed in North Eleventh Street from Third Avenue West to Springdale Avenue, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 25, 1930, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements

thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that June 11, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, by the Board of Commissioners of The City of Newark that the sum of thirty thousand, one hundred ninety-eight and 40/100 dollars, (\$30,198.40) be and the same is hereby appropriated to:

TRENTON TRUST COMPANY, Executor and Trustee under the Last Will and Testament of Henry H. Cook, Deceased;

TRENTON TRUST COMPANY, Executor and Trustee under the Last Will and Testament and Codicils of Hampton W. Cook, Deceased;

TRENTON TRUST COMPANY, Substituted Trustee under the Last Will and Testament of William G. Cook, Deceased;

being the purchase price of certain lands agreed to be sold by said corporation to The City of Newark, which said lands are situate in the City of Newark, Essex County, New Jersey, and are described as follows:

BEGINNING at a point in the line which would be the center line of Avenue B., if extended southerly across Bound Creek, distant along the same southerly 3875.2 feet from the center line of Maple Street, which point is also the center line of a ditch separating share No. 3 from the share awarded to Henry Jerolaman; thence (1) along said Jerolaman's line and the center of said ditch south 84° 51' east 744.83 feet to the center line of another ditch; thence (2) along the same and the line of said Jerolaman south 1° 55' west 19 feet; thence (3) still along the said Jerolaman's line south 72° 40' east 1005.75 feet to the line of lot No. 4, awarded to Trustees of the Estate of Edward Grand Cook; thence (4) along line of said Trustee south 18° 18' west 154 feet to the center line of a ditch in line of lands of formerly Nancy F. Nye; thence (5) north 71° 42' west along center line of said ditch and along line of lands of formerly said Nancy F. Nye 965.50 feet to the northwest corner of her lands and the northeast corner of lands of formerly James F. Van Houten;

thence (6) along the center line of said ditch and line of lands of formerly said Nye and Van Houten south 16° 19' west 242.02 feet to a point in the center line of another ditch and which point is in the 7th line of the description of the tract of 12.12 acres set off to Henry H. Cook, William G. Cook and Hampton W. Cook by commissioners in the partition suit in the court of Chancery of New Jersey wherein Henry Jerolaman was complainant and Henry H. Cook et al were defendants; thence (7) along said ditch and said 7th course in said description north 69° 27' west 257.93 feet to the end of said 7th course in the center line of another ditch; thence (8) along the same north 1° 53' east 107.62 feet to the center line of another ditch; thence (9) along same north 82° 54' west 806.44 feet to the center line of another ditch; thence (10) along the same north 12° 22' east 278.47 feet to the center line of the first ditch above mentioned; thence (11) along the same south 84° 51' east along the line of said Jerolaman 9 feet to said line of Avenue B and the place of BEGINNING.

The references above made to Avenue B and Maple Street are for descriptive purposes only and it is not intended in any manner to dedicate the same as public highways.

EXCEPTING from the above described premises so much thereof as has been taken by the City of Newark for the opening of Carnegie Avenue.

Said premises are shown upon the assessment map of the City of Newark as being Section 18, page 2, lots 4, 4-A, 6 and 6-A Clinton Meadows.

Containing 9.437 acres;

upon the filing by said corporation of a Bargain and Sale Deed, with Covenant against Grantor's Acts, conveying the lands above described free and clear of all encumbrances, except taxes for the year 1930, which are to be apportioned as of time of closing title, with the Acting Auditor of Accounts of the City of Newark, which said Deed shall be approved as to form by the Law Department.

**Application of Frank Cassona for the alteration of a dwelling to a store, and the construction of a bake shop; premises 218 Parker Street; on condition that the necessary permits be obtained and work commenced within ninety days;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this matter?

Mr. George DeMarco, 202-½ Parker Street.

Mr. Mayor and Commissioners, much has been said about this already. It has been hanging on almost two months. The residents of Parker St-

reet near Bloomfield Avenue leave it to you for a square deal. I have just come heretoday—

Commissioner Murray: You don't want it?

Mr. DeMarco: No, sir.

Mayor Congleton: Does anyone else desire to be heard?

Commissioner Gillen: I move that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared lost by the following votes:

Yeas: Commissioner Gillen,

Nays: Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Corn & Silverman**

**Kinney Building**

Newark, N. J., May 19, 1930.

Board of Commissioners  
of The City of Newark,  
City Hall, Newark, N. J.

Gentlemen:-

We represent one DeLeonard and others who are interested in opposing an ordinance for changing of the zone from Residential A to business on application of Caruso Realty Company for premises at the corner of Second Avenue and North 12th Street, Newark, which we are informed will be presented to your Board at your regular meeting Wednesday, May 21st.

We desire to be present in order to enter objection to the passage of this ordinance but will be unable to do so on Wednesday on account of prior engagements in both the Orphans' Court and the Court of Chancery and we will thank you to continue the hearing on this ordinance for one week.

Yours very truly,

Corn & Silverman,

By Emil R. Silverman.

Ordered filed.

Commissioner Howe offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Caruso Realty Company for the construction of stores; premises 392 Second Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe moved that the application be laid over to May 28th, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Nino Nicola for the construction of a four-family dwelling; premises 65 Grand Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommen-

dations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The following communications were received and read:

**Board of Adjustment  
City Hall**

Newark, N. J., May 21, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held yesterday resolutions were adopted granting the following applications for variations from the requirements of the zoning ordinance, and recommending that your Honorable Body allow the structures and use in question:

Application of Timothy F. Foyle to convert a dwelling into a funeral home; premises 301 Roseville Avenue.

Application of F. W. McCarter to use the second floor of a garage for a carpenter and wood-working shop; premises 13 Beecher Street.

Application of Vincent Borey for the construction of a gasoline station; premises 317-323 Elizabeth Avenue.

Application of Louis Long for the construction of a public garage; premises 244 Abington Avenue.

Application of E. McDonald for the construction of a machine shop; premises 238 So. 20th Street.

Application of C. G. Guenther for the construction of an addition to an existing funeral home; premises 215 Roseville Avenue.

Application of Frank Parisi for the sale of a gasoline from portable tanks, granted for one year; premises 150 Fourteenth Avenue.

Detailed reports on these applications will be submitted.

Respectfully,

The Board of Adjustment,

R. B. Rankin, Secretary.

Copy to be sent to each Commissioner and action to be postponed for two weeks, June 4, 1930.

A communication from the Board of Public Utility Commissioners, dated May 16th, 1930, covering statement of Public Service Coordinated Transport for the month of April was received, read and on motion ordered referred to the Law Department

A communication from The Childhood League relative to Observance of National Children's Day June 21st was received, read and on motion ordered filed.

**Township of Maplewood**

Maplewood, N. J., May 13, 1930.

William J. Egan, Esq.,  
City Clerk,

City of Newark,  
Newark, N. J.

Dear Mr. Egan:-

I am enclosing herewith a certified copy of a resolution pertaining to the widening and improvement of Irvington Avenue, in the Township of Maplewood; the same having been adopted by the Township Committee of the Township of Maplewood, at a regular meeting of said Committee held Tuesday evening, May 6th, 1930.

Yours very truly,

Edward R. Arcularius, Clerk.

Ordered filed.

Commissioner Gillen offered the following resolution:

RESOLVED: That the sum of Three thousand seven hundred twenty-five dollars and fifty cents (\$3,725.50) be and the same is hereby appropriated to the City Treasurer as per annexed certified list, being the weekly payroll of the Department of Parks and Public Property for week ending May 14, 1930 as follows:

Shade Tree .....\$3,725.50

Charles P. Gillen

Mayor Congleton offered the following resolution:

RESOLVED: That the sum of Thirteen thousand, seven hundred ninety

seven dollars and sixty-five cents (\$13,-797.65) be and the same hereby is appropriated to the persons named, as per certified list attached, being the gross amount of bills contracted and chargeable to the Department of Public Affairs as follows:

Water .....\$13,797.65

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Telegrams, letters, etc., endorsing various persons for vacancy on the City Commission were received, read and on motion ordered filed.

Mayor Congleton: Has anyone any matter to bring to the attention of the commission?

Mr. Michael Breitskopf, Kinney Building: Mr. Mayor and Commissioners, I represent the residents of Ridgewood Avenue south of Bigelow Street. It appears that one side of Ridgewood Avenue is in a light business district and the other side of Ridgewood Avenue is in the residential district. The owner of premises on the corner of Bigelow Street has obtained a permit to build stores on that corner.

This is a strictly residential street, at that particular point and along that particular section. All of the residents in that section have come to me and have asked me to appear here this morning to ask the Commission to change the ordinance which makes that westerly side of Ridgewood Avenue

from Bigelow Street south into a residential section, so that no other permits of this nature can be issued.

They slipped up on the opportunity to come before your Commission before the Zoning Ordinance was put into effect with regard to this street. I respectfully ask that this Commission take this matter under advisement to see whether or not it would be a feasible plan to change the ordinance.

Commissioner Murray: I have just this minute been spoken to by a Miss Mary Dudack, 164 Ridgewood Avenue. I have asked Mr. Rankin to give the Commission a full report on this situation as affecting Bigelow Street and Ridgewood Avenue. When we get that report we will see what can be done. If there is any need for a change, I feel sure you will get it.

Commissioner Gillen: Mr. Mayor, if there is nothing further to come before the Board, I should like to make a statement.

We have listened today to the representatives of many important organizations in this City with respect to the filling of the vacancy created by death of William J. Brennan. In order that we may give some consideration to the statements made by these representatives, I think that we should take more time. I would therefore offer a motion that when we recess we go into executive session to consider the matters that are before us today.

Commissioner Gillen: I move that we take a recess until two o'clock.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The Board of Commissioners reconvened at 2 P. M.

Present: Commissioners Gillen, Murray, Howe, Mayor Congleton.

COMMISSIONER MURRAY: I move that we proceed with the election of a Commissioner to fill the vacancy caused by the death of William J. Brennan.

COMMISSIONER HOWE: I second the motion.

MAYOR CONGLETON: You have heard the motion, gentlemen. Are there any remarks?

The roll being called, the motion was adopted by the following votes:

Commissioners Gillen, Howe, Murray, Mayor Congleton.

COMMISSIONER GILLEN: Mr. Mayor and gentlemen of the Commission, for the past few days we have listened collectively and individually to a great many citizens who are interested in the various candidates who might succeed the late William J. Brennan. We have listened very attentively to the representatives of organized labor. They have advanced strong arguments as to why a member of organized labor should sit in the chair made vacant by the death of Commissioner Brennan. They have presented to this Commission the names of three, I believe, estimable citizens, all well-known men and good men. I know that the names of those men have very favorably impressed us and that we were all of the opinion that any one of them would creditably fill the vacancy and discharge the duties of the office satisfactorily to the citizens of Newark.

We have also listened to other groups of citizens and representatives of various groups who have presented the name of Dr. Ellenstein, an estimable citizen and a well-known citizen of this community. We have listened to their claims, which seem to have considerable weight. We have given full consideration to them, so far as I am able to observe.

We have listened to the name of Michael P. Duffy, Charles Kenlon and Joseph Byrne, two of whom are holding public office now and one of whom has held public office in the City of

Newark. All three are and have been connected with the City government, have had considerable experience, and are men who are well-worthy of consideration.

We have received petitions in favor of Peter Cavocchia, who was a candidate in the recent election for office but who was defeated. The petitioners advanced good arguments as to why he might be the successor to William J. Brennan.

We have gone into executive session and have deliberated and debated upon the arguments that have been presented. We have, I think, considered and weighed very carefully the merits of all the statements made here, and it seems to me that it is the consensus of opinion of the four remaining Commissioners that this position requires a man of exceptional ability and of long experience in the City Government. In other words, if there is such a candidate available, the Commissioners feel that he more than any other candidate is deserving of election to the Board of City Commissioners.

After all this consideration, deliberation and debate, the four Commissioners, as I understand it, seem to favor one man. I am now prepared, Mr. Mayor, to present the name of that man and to place his name in nomination.

I nominate William J. Egan.

COMMISSIONER MURRAY: I second the nomination. I should like to add just a word or two to what Commissioner Gillen has already said. I would not expect him as a good Democrat to call attention to the fact that as our Commission is now constituted, with only the four who are left, it is composed of three Republicans and one Democrat. There might have been in many places the idea that because the Republicans predominate they should have sought a Republican, but in view of the general opinion, which I think is absolutely proper, that the Commission itself is essentially, and should continue to be essentially, non-partisan so far as party lines are concerned, the Republicans stepped aside and accepted this Democrat, because it was understood that his long years of experience have qualified him ideally, in addition to his close association with

the man who has passed on. We have reached this conclusion, in my opinion, and, I think, in the opinion of all of us, as being the only safe and sound solution in such an exigency as faces us at this time.

**MAYOR CONGLETON:** There is only one nominee. Those who are in favor of the election of Mr. William J. Egan to fill the unexpired term of Commissioner Brennan will, as their names are called, say aye. Those who are opposed will say no.

The roll being called, William J. Egan was declared elected by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**MAYOR CONGLETON:** I shall cast my vote for Mr. Egan, but I also want to say a word or two why.

A great deal of stress has been made on the point that Dr. Ellenstein was the sixth man at the election, which is true. It is also true that he received a very substantial vote. It is also true that in the last municipal campaign issues were very sharply and very closely drawn on certain policies then being pursued by the City, as to whether they should be continued or not. Commissioner Brennan took a very positive stand with respect to those policies. In casting my vote as I cast it, I am thinking of the 59,000 and more who voted for Mr. Brennan and thereby signified their confidence in his judgment in going along with the policies that he had helped to establish. There was no one closer to Commissioner Brennan in his entire official life as a City Commissioner than the man who has been nominated to succeed him. He is familiar with the City's business. He knows the policies that Commissioner Brennan helped to establish for the progressive growth of our City.

It seems to me that the duty that is cast upon me should be exercised in voting for one whom I know is in full sympathy with those policies, who will assist the other Commissioners in carrying them out. For that reason, I cast my vote for Mr. William J. Egan.

Commissioner Gillen offered the following resolution:

**RESOLVED:** By the Board of Com-

missioners of the City of Newark, that under and by virtue of the authority vested in such Board by the statutes of the State of New Jersey, William J. Egan, a properly qualified person, be and he is hereby elected a Commissioner of The City of Newark, to serve for the unexpired term of William J. Brennan, deceased.

Charles P. Gillen  
John Howe  
John F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mr. William J. Egan took the oath of office, administered by Mayor Congleton.

Commissioner Gillen offered the following resolution:

**RESOLVED:** By the Board of Commissioners of the City of Newark that Commissioner William J. Egan be and he hereby is designated and appointed Director of the Department of Public Safety.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
John F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan: Mr. Mayor, gentlemen of the Commission and Citizens: This is not a time, when, it seems to me, one should rejoice particularly, so soon a time after the late Director of Public Safety has been called from our midst. However, I suppose that it is incumbent upon me to say something. I want to express my sincerest gratitude to the City Commissioners of the City of Newark for the unusual honor bestowed upon me. With the honor, I am fully aware, also goes a tremendous responsibility. The duty falling upon one handling the judicial, executive and administrative

affairs of the City of Newark is in itself important. The Department assigned to me is particularly important, and is one difficult to administer and administer properly, more particularly so because the former Director of Public Safety was such a unique character in public life. He has set standards in Newark, as a public servant, comparable to the standards set in our notion by Abe Lincoln.

You gentlemen of the Commission in selecting me have done it in your own best judgment. While I do not want to create the remotest impression that I am not grateful, I can say frankly to the entire citizenship of Newark that the office comes to me unsolicited. Even though it does, that isn't a political gesture, because I haven't any illusions as to it; neither have I any fears. You have made it possible for me to step into this position without any strings attached to me or to my duties in the future.

I am particularly grateful to the newspapers of this City for the complimentary things they have said about me and my record in public office as a subordinate official. I appreciate that more than I can express in words at this time. I hope that my future activities will be such that I shall be able to warrant friendly expressions at their hands though I know full well that my duties are going to be so complicated and so burdensome that differences of opinion will arise, and where differences of opinion arise discussions take place and sides take place; consequently criticisms become existent. Any man in public life, in my humble opinion, if that means much, unless he is able to stand up under criticism is not worthy of public office.

Looking at it from another angle: The man I am succeeding, who a year ago at the hands of the citizens of Newark received 59,691 votes, occupied a position of confidence in their hearts and in their minds. I know I have been selected by you gentlemen in charge of this duty under the law to carry on the work that he was chosen for by the people of this municipality. I am going to do the very best that I can. I fully realize the handicaps. I particularly recognize the fact that while I have been always intimately associated with labor and have been

friendly towards their welfare. I am not of their ranks, insofar as carrying a union card is concerned. I do not carry a union card. Commissioner Brennan, however, was particularly molded as a union man. I being classed as a union man, I can say to union labor everything that Commissioner Brennan has said, and what I say to the laboring men I say to the entire City of Newark—that insofar as public activities and public duties are concerned, the fundamental and cardinal principal that guided the late Commissioner Brennan will guide me: A square deal for all and special privilege to none.

The following communication was received and read:

May 21, 1930.

To the Honorable Board of Commissioners of the City of Newark, N. J.

Honorable Sirs:-

Having been elected by you as a City Commissioner of the City of Newark, New Jersey, I hereby respectfully tender my resignation as City Clerk, to take effect immediately.

Very respectfully yours,

W. J. Egan.

Ordered filed.

MAYOR CONGLETON: The vacancy in the City Commission is now filled. There now exists a vacancy in the office of City Clerk.

COMMISSIONER GILLEN: I move that we adjourn until tomorrow at eleven o'clock, to reconvene in this room.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
CHARLES P. GILLEN  
JOHN HOWE  
JOHN F. MURRAY, Jr.

The Board of Commissioners of the City of Newark, New Jersey

MARTIN G. BROSS,  
Acting City Clerk.

Newark, N. J., May 22, 1930.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Gentlemen, this adjourned meeting is for the purpose of considering the question of the filling of the vacancy that now exists in the office of City Clerk. I understand that we are ready to proceed with the election.

Commissioner Murray: I move that we proceed to fill the vacancy.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: We are ready to receive nominations, gentlemen.

Commissioner Murray: Mr. Mayor, we have had lengthy discussions concerning the possible new incumbent and we have been very fortunate in the fact that every one of those suggested would have been very likely an ideal individual in this office. We have considered a number of names—Frank Higgins, Frank Mullins, Peter J. O'Toole, Jr., Luke W. Delaney, Thomas L. Guthrie, and Cornelius Reilly—and each one has had the full consideration and the good will of all of us, although not the vote. It seems that the opinion was that the man best suited to fill the position would be a man who had had the greatest amount of experience, contact, and so forth, which would enable him to fulfill the duties of the office with credit to himself, with justice to the public, with perfect fairness to all the members of the City Commission at all times and to the City government generally.

I think it quite proper to say at this time that the man who most nearly meets those qualifications, apparently, is Peter J. O'Toole, Jr.; and I hereby nominate Peter J. O'Toole, Jr., for the position of City Clerk.

Mayor Congleton: Are there any other nominations?

Commissioner Howe: I move that the nominations be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: All those in favor of the appointment of Peter J. O'Toole, Jr., to the office of City Clerk will, as their names are called, say aye; those opposed, no. The Clerk will call the roll.

Commissioner Egan: Aye.

Commissioner Gillen: Mr. Mayor, I presented for consideration, as you know, several names, other than that of Mr. O'Toole's, and we took several votes on those names but were unable to get a majority for any one of them. So it seems now that after the whole Board, including the new member, Commissioner Egan, has considered all those names and a majority of the Board is in favor of Mr. O'Toole, I think that we should make it unanimous. I therefore vote for Peter J. O'Toole, Jr.

Yeas: Commissioners Howe, Murray, Mayor Congleton.

Mayor Congleton: I declare Mr. O'Toole elected and that I ask that he be sent for.

Mayor Congleton offered the following resolutions:

RESOLVED: That Peter J. O'Toole, Jr., be and he is hereby appointed City Clerk of Newark, N. J., said appointment to take effect immediately.

BE IT FURTHER RESOLVED, That said Peter J. O'Toole, Jr., shall forthwith enter into bond with the City with sufficient surety, in the sum of Twenty-Five Thousand (\$25,000.) Dollars.

Jerome T. Congleton  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED: That the annual salary of Peter J. O'Toole, Jr., City Clerk of Newark, be Seventy-Five Hundred Dollars (\$7500.00) payable in semi-monthly installments.

Jerome T. Congleton  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: I should like to say publicly that when it came to the time for selecting a City Clerk the first name considered by the Board was that of Mr. Martin G. Bross, by reason of his long and faithful service to the City. Mr. Bross was called before the Commission and he stated to us that while he appreciated the honor, by reason of the lack of tenure that goes with the City Clerk's office, he felt that at his age of life he could not, in justice to himself and to his family, consider the appointment to that office. I want to make that public statement with respect to that matter because we all feel that Mr. Bross has been an excellent man in the position that he has held for so many years and was therefore entitled to consideration.

Mr. Peter J. O'Toole, Jr., entered the Commissioners' Chamber and was then sworn in by Mayor Congleton.

Mayor Congleton: Is there any business to come before the meeting? This is an adjourned meeting and anything may be transacted that could have been transacted at the regular meeting. Is there any citizen who desires to be heard?

(No response).

Commissioner Gillen moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
CHARLES P. GILLEN  
JOHN HOWE  
JNO. F. MURRAY, Jr.  
W. J. EGAN

The Board of Commissioners of  
The City of Newark, N. J.

MARTIN G. BROSS,  
Acting City Clerk.

Newark, N. J., May 28, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meetings of May 21 and 22, 1930, were read and approved.

The City Clerk presented An ordinance providing for the vacation of part of Johnson Avenue on the westerly side thereof between Clinton Avenue and West Peddie Street, and stated that to-day was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of part of Johnson Avenue on the westerly side thereof between Clinton Avenue and West Peddie Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance providing for the vacation of part of Johnson Avenue on the westerly side thereof between Clinton Avenue and West Peddie Street", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of part of Johnson Avenue on the westerly side thereof between Clinton Avenue and West Peddie Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen: I move that further hearing on this ordinance be continued for four weeks from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements

thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 22, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$31,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$31,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that June 18th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be heard, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and temporary paving with broken stone of Allegheny Avenue from Foundry Street to Avenue P.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Allegheny Avenue from Foundry Street to Avenue "P" shall be graded and temporarily paved with broken stone, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of

which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 26, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$9,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$9,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525 and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum

per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that June 18th, 1930, at 10 A. M., Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Marion Street, from Grafton Avenue northerly to the northerly line of Montclair Avenue; for the vacation of Montclair Avenue, from the easterly line of the right of way of the Newark and Paterson Branch of the Erie Railroad easterly about 667 feet to the westerly line of Riverside Avenue (formerly River Road to Belleville); for the vacation of Riverside Avenue as it is laid out 80 feet in width on the Commissioners Map of Woodside Annexation, from Grafton Avenue northerly to

the northerly line of Montclair Avenue, excepting that part of the above described Riverside Avenue lying within the lines of Riverside Avenue (formerly River Road to Belleville).

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the following described streets shall be vacated as public streets or highways:

Marion Street from Grafton Avenue northerly to the northerly line of Montclair Avenue;

Montclair Avenue from the easterly line of the right of way of the Newark and Paterson Branch of the Erie Railroad easterly about 667 feet to the westerly line of Riverside Avenue (formerly River Road to Belleville).

Riverside Avenue as it is laid out 80 feet in width on the Commissioners Map of Woodside Annexation, from Grafton Avenue northerly to the northerly line of Montclair Avenue, excepting that part of the above described Riverside Avenue lying within the lines of Riverside Avenue (formerly River Road to Belleville).

All as shown on a map prepared under the direction of this Board, which map is hereto attached, and made a part hereof, and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1391-V, dated July 2, 1929. Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that June 18th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The following communication was re-  
ceived and read:

**The City of Newark,  
New Jersey**

**Office of the Mayor.**

May 21, 1930.

To the Board of Commissioners of  
The City of Newark. Addressed.

Gentlemen:

By virtue of the authority of  
Section 4, Article XIX, of an act  
entitled "An Act Concerning Muni-  
cipalities", approved March 27,  
1917, and the acts amendatory  
thereof and supplementary thereto.

I, Jerome T. Congleton, Mayor of the  
City of Newark, do hereby appoint with  
the consent of your Honorable Body,  
Jerome T. Congleton, Commissioner of  
The City of Newark, being an official  
of The City of Newark, as Insurance  
Fund Commissioner of The City of

Newark, to hold office, without com-  
pensation, during the term for which  
he has been elected and until his suc-  
cessor shall have duly qualified, said  
appointment being made to fill the un-  
expired term of the late William J.  
Brennan.

Respectfully submitted,

Jerome T. Congleton,  
Mayor.

Ordered filed.

Mayor Congleton offered the follow-  
ing resolution:

BE IT RESOLVED, By the Board of  
Commissioners of The City of Newark,  
that the action of Jerome T. Congleton,  
Mayor of The City of Newark, in ap-  
pointing Jerome T. Congleton as In-  
surance Fund Commissioner to fill the  
unexpired term of the late William J.  
Brennan, be and the same is hereby  
ratified and confirmed.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution  
was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

Office of the City Clerk,  
City Hall,

Newark, N. J.

May 28, 1930.

To The Board of Commissioners of  
The City of Newark. Addressed.

Gentlemen:-

By virtue of the authority of the  
Laws of the State of New Jersey, I,  
Peter J. O'Toole, Jr., City Clerk of The  
City of Newark, do hereby designate  
and appoint Martin G. Bross, a clerk  
in my office, as Acting City Clerk, dur-  
ing my absence or disability, said ap-  
pointment to remain in full force and  
effect until revoked.

Respectfully,

Peter J. O'Toole, Jr.,  
City Clerk.

Ordered filed.

Commissioner Egan offered the following resolutions:

BE IT RESOLVED By the Board of Commissioners of The City of Newark, that the action of Peter J. O'Toole, Jr., City Clerk of The City of Newark, in appointing Martin G. Bross, a clerk in his office as Acting City Clerk, to act during his absence or disability, be and the same is hereby ratified and confirmed.

W. J. Egan  
John Howe

Jno. F. Murray, Jr.  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED: That the salary of Mathilde Oestrich, a stenographer in the Law Department, be fixed at the sum of Two Thousand, Four Hundred and Twenty Dollars (\$2,420.00) per annum, to take effect as of June 1, 1930, payable semi-monthly as other salaries are paid. The City Clerk is hereby authorized and directed to change the payroll in accordance with this resolution.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, by resolution of the Board of Commissioners of the City of Newark, adopted at a meeting of said Board, held April 16, 1930, one Leo A. Hackett was appointed to the position of Telegraph Operator in the Police Division of the Department of Public Safety, said appointment to take effect April 16, 1930, and,

WHEREAS, the title of the position to which said Leo A. Hackett was ap-

pointed should have been described as "Telephone Operator" instead of "Telegraph Operator", the word "Telegraph" having been inserted by error;

NOW, THEREFORE, BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that said resolution appointing said Leo A. Hackett be and the same is hereby amended by striking therefrom the word "Telegraph" and substituting the word "Telephone", and that in all other respects the said resolution be and the same is hereby ratified and confirmed.

W. J. Egan  
Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, in the opinion of the Director of the Department of Parks and Public Property it is necessary to acquire the lands situate in the City of Newark, Essex County, New Jersey, hereinafter described, for City Hall Extension, etc.:

BEGINNING in the northwest corner of Mulberry Street and Franklin Street; thence along Mulberry Street north 28° East 30 feet, 2 inches; thence north 61° 35' west 34 feet; thence north 62° 40' west 68 feet, 8 inches, more or less, to land late of James Bruen; thence south 29° 10' west 29 feet, 8 inches, to Franklin Street; thence along Franklin Street south 62° east 103 feet, 3 inches, more or less, to Mulberry Street and place of BEGINNING.

Being the same premises conveyed to Joseph J. Matz and Abram Meyer by Deed from Thomas W. Lauterborn and wife, dated October 6, 1921, recorded October 11, 1921, in Book T-65-374 of Deeds for Essex County.

and

WHEREAS, the Director of the De-

partment of Parks and Public Property is unable to agree with Joseph J. Matz and Abram Meyer, owners thereof, as to the price to be paid by them for said lands;

THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark that the Corporation Counsel be and he is hereby directed to institute condemnation proceedings to acquire said lands for the purposes aforesaid.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, for the safety and convenience of the public it was necessary that repairs to the Power House be made with the utmost possible dispatch; and

WHEREAS, the Director of the Department of Parks and Public Property was in receipt of an estimate for said work in the sum of One Thousand, Five Hundred and Sixty-Seven Dollars (\$1,567.00) from Ralph B. Smith, which estimate, in his opinion, is a fair and reasonable one for the work and materials involved in such repair work, and said Director did accept said estimate and authorize the doing of the work and furnishing of the materials necessary to properly complete the same by said company,

Therefore Be it RESOLVED by the Board of Commissioners of the City of Newark that an exigency existed which would not permit of advertising for bids for the doing of the work aforesaid, and,

BE IT FURTHER RESOLVED, that the action of the Director of the Department of Parks and Public Property in entering into agreement with said company for the doing of the work aforesaid, at the price stated, be and the same is hereby ratified and confirmed; and,

BE IT FURTHER RESOLVED that

the sum of One Thousand, Five Hundred and Sixty-Seven Dollars (\$1,567.00) be and the same is hereby appropriated to said Ralph B. Smith in full settlement and discharge of the amount due said company for the furnishing of labor and materials for the work involved in repairs to the Power House under and by virtue of the power and authority of Section 1, Article XI, Chapter 152, P. L. 1917 as amended.

Charles P. Gillen  
W. J. Egan  
John Howe  
Jno. F. Murray, Jr.

John Howe  
Charles P. Gillen  
Jno F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the following supplemental schedule item in connection with the contract with Clifford F. MacEvoy Company for Sections Nos. 4 and 5 of City Railway, be and the same is hereby approved

Supplemental Schedule Item No. 300  
A for furnishing and erecting structural timber of the grade known as Selected Common Fir, exclusive of fastenings, the sum of One Hundred Dollars (\$100.00) per M. B. feet

Jerome T. Congleton  
W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Clinton Avenue West and Irvington Avenue extending from Springfield Avenue in the Town of Irvington in a westerly direction through said Town of Irvington into and through the Township of Maplewood and the City of Newark and into

and through the Village of South Orange to South Orange Avenue in said Village are Municipal Roads and said municipalities are desirous that the County of Essex shall take over said roads as a County Road and improve the same by the installation of a necessary road drainage system, grading, curbing, and paving from curb to curb with a hard durable pavement at the joint cost and expense of each of said Municipalities and the County of Essex for such work within the boundry lines of said Municipality in equal shares,

AND WHEREAS, the County of Essex is not willing either to take over or to improve any one portion of said road within any of said Municipalities unless the whole of said road in all four of the Municipalities between Springfield Avenue, Irvington and South Orange Avenue in the Village of South Orange can be simultaneously acquired and improved and unless the duty of maintaining and making temporary repairs to the present road bed shall be retained or assumed by the several municipalities within their borders, and the County shall be indemnified by such municipality against any claim or suit that may arise by reason of the present or existing condition of the pavement, until the beginning of the work of permanent improvement by the County.

RESOLVED, that the Board of Commissioners of The City of Newark hereby requests and consents to the taking over of said road within its boundries as a County road and it hereby makes application under Section 1, Chapter 133 of the Laws of 1925 for the improvement of said road within its borders by the construction of a storm drainage system and by grading, curbing and paving from curb to curb with a hard durable pavement at the joint cost and expense of this Municipality and the County of Essex in equal shares, the Municipality undertaking that if and when a similar or concurring resolution shall be adopted by all of said municipalities and a certified copy thereof delivered to the governing body of this municipality and to the Board of Chosen Freeholders of the County, it will enter into a cost-sharing agreement and said Municipalities and the County of Essex in the following general terms:

1. That it will pass the necessary resolutions, ordinance or ordinances to carry out the terms and conditions of this resolution and authorize the execution and delivery of the cost-sharing agreement and the payment of its share of said improvement.

2. That this Municipality shall pay 50% of the cost of all of the work of improvement, (except the cost of any acquisitions of property for widening, straightening and realigning the road which shall be at the sole cost of the County) within its borders.

3. That this Municipality shall cause all house connections for sewer, water, gas or electric conduit if any, or other underground utilities to be made and completed without cost to the County prior to the grading and paving of said road by the County within its borders.

4. That the County shall be under no obligation to make temporary improvements or maintain the present pavement of said road prior to the commencement of the permanent improvement by it unless requested so to do by this Municipality and in such case this Municipality shall bear the sole cost thereof, and that this Municipality shall indemnify and save harmless the County against all claim or suit arising from the present or existing conditions of pavement prior to said work of permanent improvement.

5. That the County shall be under no obligation to proceed with said improvement unless a similar cost-sharing agreement shall be executed and delivered by all of said Municipalities for the work within their several boundries as stated and that if for any reason any of said Municipalities shall be unable by ordinance or otherwise to obtain the execution and performance on its part of cost-sharing agreement, this Municipality shall upon demand or request of the Board of Chosen Freeholders forthwith take over said road within its borders from the County and thereafter maintain the same as a Municipality Road, without any claim or cause of action against the County by reason of any proceedings hereunder.

6. The County shall undertake by said agreement to make said improvements in the same manner as other public County Road improvements are

made under Chapter 185 Laws of 1918 as amended and supplemented.

This resolution shall become effective only when a similar resolution has been adopted by the governing body having charge of roads and highways by each of said Municipalities and a certified copy thereof has been delivered to this Municipality and to the Board of Chosen Freeholders of the County of Essex.

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**The Board of Adjustment  
City of Newark, N. J.**

May 27, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Commissioners held May 21, 1930, Mr. Michale Breittkopf, counsel for property owners in the vicinity of Ridgewood Avenue and Bigelow Street appeared in protest against the construction of stores at 155-157 Ridgewood Avenue. The undersigned was requested to investigate the matter and report.

On May 9, 1930, a permit was issued by the Building Department to David Schapiro, owner, (Siegler & Greenberg, architects), to build a one-story addition to the 2½ story frame dwelling located on the above premises at the south west corner of Bigelow Street,

to contain three stores. The stores will occupy a frontage of fifty feet on Ridgewood Avenue.

The Zoning Ordinance adopted January 8, 1930, placed the west side of Ridgewood Avenue from Avon Avenue to Runyon Street in the First Business Districts in order to provide a buffer zone between the Industrial zone bordering the West Newark Branch of the Pennsylvannia Railroad on the west and the apartment house zone on the east. The regulations of the First Business District are the same as for the Third Residence (apartment house) District except that business is permitted on the ground floor.

The building complained of seems to be within the requirements of the Zoning Ordinance with the exception that it does not conform to the average set back established for the block.

Respectfully submitted,

E. B. Rankin,

Secretary, Board of Adjustment.

Ordered filed.

Commissioner Egan: That matter was taken up yesterday in conference and again discussed this morning by Commissioner Murray and me in the Mayor's office. The Commissioner had a long petition signed by citizens objecting to the structure now under consideration. I called Mr. McLane of the Building Department in, Mr. Shapiro and Mr. Zirpolli, and instructed them to stop the work on the building until we had an opportunity to find out whether they were within their rights or not. There has been a great deal of complaint about it. Whether they are right or wrong, the work is stopped by now.

Commissioner Murray: Mr. Mayor, I should like to add to that that whether or not this building comes within the purview of the City's business district allowing stores on the first floor, if the rules of the Building Department permit such a structure, the rules ought to be changed. Such a building is an infliction on the neighborhood. Here is a gray concrete structure fitted in peacemeal with the concrete block coming up against the side of a frame house and stopping right at that place, with

a foundation line set at a few feet from the sidewalk.

If the building were of a representative type or of any kind of modern construction, there might be some excuse, but it is the cheapest thing put up. If the Building Department rules permit such a structure, the rules ought to be changed, because the building is a terrible piece of work. Not only do they violate the set-back of the other properties, but the very structure itself is a cheap one.

Commissioner Gillen: They claim that they can violate it.

Commissioner Murray: They claim they can. I asked the owner, and he said yes. I asked him why he put up that kind of building. He said that he could put it up the way he wanted, that he had the permit for it.

Commissioner Gillen: We ought to look into it and see if he can do it.

Commissioner Egan: The matter has been referred to the Law Department. Pending that Department's going into the technical side of it, no work will be done.

Commissioner Gillen: I move that the action of Director Egan be approved.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following petition was received and read:

To the Commissioners of the City of Newark, County of Essex and State of New Jersey.

We, the undersigned, owners of property set opposite our names, do hereby protest, object and oppose the granting and issuance of a permit for the erection of stores on property located at the southwest corner of North 12th Street and Second Avenue, Newark, New Jersey.

Your petitioners request your Honorable Body to reverse the decision of the Board of Adjustment, and dismiss the application made by the Caruso Realty Company for a permit to erect said stores.

Signed by 31 property-owners.

Ordered filed.

Commissioner Howe offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Caruso Realty Company for the construction of stores; premises 392 Second Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. William S. Cantalupe, 11 Commerce Street.

I represent the objectors.

Mr. Mayor and members of the Board of the City Commission, I represent some thirty-one property owners in the vicinity of this location—North 12th Street and Second Avenue, where the permit for the erection of stores has been granted by the Board of Adjustment. I understand that there are some thirty-seven people within the 200-foot restriction. Of these thirty-seven, thirty-one have signed the petition I have here. The others were not available, because of the fact that some of the properties are under foreclosure and because the rest of the property owners were not living in the vicinity.

The section is a Class A section, according to the zoning ordinance which was passed by the City Commission some time in April, and the section has been classified as such. The houses there range from one to two-family houses and are of the value of from \$10,000 to \$35,000. The location is not a location where such stores would be a necessity at this time. There are

stores only a couple of blocks down on Roseville Avenue, which have been built, I understand, for a period of over three years. In this row of stores there are still three or four stores vacant and have never been rented. On Springdale Avenue, a short distance away from these particular corners, there are also stores which have been built for a couple of years and none of them, I understand have been rented.

The property owners appeared at the hearing scheduled before the Zoning Board, and I understand that an application was made by one of the property owners for an adjournment, which application was denied and refused. Some of the property owners of these thirty-seven owners within the 200-foot restriction stated that they never received a notice and that that was the reason why they were not here at that time.

To permit stores to be erected in a section where they are not necessary and proper at this time, thereby changing the ordinance which was adopted two months ago by this City Commission, is, in the minds of property owners in this section who have bought property there knowing that they would have a residential section, unfair and unjust.

I might further state that some of the property owners in the location say that there is a restriction in their deed up to 1953 for the purposes of building one and two-family houses and dwellings.

On these grounds, representing the owners in that particular locality, I feel that this Board should deny a permit for the erection of stores on that corner.

Mr. John F. Griffith, 17 Academy Street.

Mr. Mayor and City Commissioners, Doctor Ellenstein, who originally represented the Caruso Realty Company, is unfortunately detained in the Hudson County Circuit this morning, and he has detailed me to appear before you. This morning at nine o'clock I went up and interviewed in this section people within the two or three hundred feet. They told me that they had signed a petition. They also told me that two or three people had ap-

peared before them and had represented that there was going to be shacks or shanties built on 392 Second Avenue and that with that in mind they had signed these petitions.

Now, this is the shack or shanty that is going to be built (handing a blueprint to the Commission). I would like this Honorable Board, at least, I make an application for an adjournment to see these people and instruct them and, if possible, to get a petition to show you that the facts have been misrepresented.

Mr. Cantalupo, in speaking, expressed the fact that most of the dwellings were one or two-family houses. The proposed site is here (indicating), and there are nearly all four-family houses, with a ten-family apartment house right around the corner, and there are just a few one-family houses in the immediate vicinity.

The nearest store—to the east there aren't any. The City line of East Orange is a block and a half away—or, rather, to the west. To the east Roseville Avenue is exactly five blocks. That is the nearest store. To the north is Bloomfield Avenue, which is every bit of a quarter of a mile away. To the south is Springdale Avenue, which is a factory section. It is true that there are two or three vacant stores that have been vacant since God knows when and have never been rented.

Mayor Congleton: How long has the Caruso Realty Company owned the property?

Mr. Griffith: Two years.

Mayor Congleton: Did they develop the property in that vicinity?

Mr. Griffith: They developed the property.

Mayor Congleton: I thought so. They held this corner out for the purpose of putting stores there after they had sold the houses for residential purposes.

Mr. Griffith: That is right.

Mayor Congleton: I thought so.

Commissioner Murray: What deed

restrictions are in the present holdings of the Caruso Realty Company?

Mr. Griffith: It is unrestricted. There are no restrictions whatever.

Mr. S. H. Seeley, 790 Broad Street.

Gentlemen, I was counsel for the Caruso Realty Company at the time the Caruso Realty Company purchased these two blocks of property running from 13th Street to 12th and from 12th to 11th. They sold the property to different owners with the understanding that this particular corner would be reserved for the purposes for which this application is being made. They could not give the buyers a written guarantee to that section, because it was subject to the ratification and confirmation of your Commission. We had an express understanding with these property owners that they would put up four-family houses throughout the section and that this corner would be built and used for stores only, so as to accommodate the section.

I have had intimate knowledge of these facts and for that reason I urge your Board that this corner is properly available for that purpose.

I understand that some objection has been raised to the nature of the building. We were told that if the building was going to be a one-story building and if an apartment house were put up in conjunction with it, there would be no objection to the erection of the stores. We have no objection to putting up an apartment house with it if necessary.

I understand that when the application was made before the Adjustment Board the only few objectors were three or four people who were more or less speculators in that particular section. There was a man who owns an apartment house, who came in with an objection, although he himself had previously applied for that purpose.

Commissioner Murray: Is that the man who owns the ten-family house on the north side of 12th Street, north of the property, second from the corner?

Mr. Seeley: Exactly. He himself had to make an application for that purpose. I understand that a number of signatures were secured subsequent to

the granting of this permit, in opposition to these stores. I also understand that these property owners understand that if it is not objectionable to them we will erect an apartment house in conjunction with these stores.

Commissioner Murray: I move that this matter be laid over for two weeks with the distinct understanding that the pros and cons—the two sides of the argument, get their positions made clear to the property owners in the vicinity. If, as Mr. Seeley has stated, the property was sold with the understanding with the reservation as to the stores on this corner, we should approve the permit. If the people understood definitely what was going to be put there and if the majority of them are in favor of the change, we should favor it. If they are opposed to it, we should oppose it.

Mayor Congleton: What are the property restrictions?

Mr. Seely: There are no property restrictions whatsoever on the entire tract.

Mayor Congleton: Your company did not impose restrictions on the lots when they were sold?

Mr. Seely: None at all.

Mayor Congleton: I am very familiar with the neighborhood myself. I think it would be a shame to put stores in there at this time. I have no objection to the hearing being postponed, but I know the neighborhood. It is built up with very nice houses, and they are still putting up nice houses there. For the Caruso Company to hold out a corner and put stores there after the houses are built is something I am not in favor of. There are beautiful houses. I went up this morning to look at it.

Commissioner Murray: It is claimed by one side in this controversy that the people in the neighborhood have been misinformed and that they can be correctly informed. If that is so, we should give them an opportunity to be correctly informed. If after they have been so informed they are still opposed to it, that is another thing.

Commissioner Gillen: I move that the application be laid over to June 11th, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of James F. Smith for a gasoline station on State Highway No. 25, at Carnegie Avenue; on condition that permits be obtained and work commenced within 90 days;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that the application be laid over to June 11, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**State of New Jersey**

**Department of Health**

Trenton, N. J., May 22, 1930

To the

City Commissioners,  
Newark, N. J.

Dear Sirs:

The Annual Meeting of the American Association for Hygiene and Baths is scheduled to be held in Trenton, N. J., on June 20 and 21, 1930, and the pro-

gram of the meeting, a copy of which will be forwarded to you at a latter date, calls for the deliverance of important papers upon the development of recreational centers including indoor and outdoor bathing places.

Inasmuch as we believe you and your organization are interested in the subject of bathing places, this preliminary notice of the Annual Meeting is being forwarded sufficiently early, we hope, so that you can arrange to attend the meeting in Trenton on June 20 and 21, 1930.

Respectfully,

H. P. Croft,  
Chief Engineer

Referred to Commissioner Murray.

**Exchange Club of Belmar**

May 21, 1930.

The Honorable Board of City Commissioners,

City Hall, Newark, N. J.

Gentlemen:-

The Exchange Club of Belmar, N. J., has instructed me to acquaint your honorable body with the fact that at its regular meeting the Exchange Club of Belmar has unanimously endorsed and extended to your Board a vote of approval in your selecting the Honorable William J. Egan, as successor to the late Honorable William J. Brennan, as a member of the City Commissioners of the City of Newark, New Jersey.

Belmar, N. J. being the summer home of Commissioners Murray and Egan, the Exchange Club very naturally was interested in your selection.

The citizens of Newark of our day as well as those of posterity will owe to you gentlemen their everlasting gratitude for the appointment of the Honorable William J. Egan, as a member of your Commissioners.

Yours very cordially,

Exchange Club of Belmar, N. J.

By William B. Connelly,  
Director of Publicity

Ordered filed.

**Paul K. Owen**  
**45 Branford Place**

Newark, N. J., May 23, 1930

Board of Commissioners,  
City of Newark.

Newark, N. J.

Gentlemen:-

By order of the Optimist Club of Newark, I transmit herewith a resolution adopted at a special meeting held on May 22, 1930.

Very truly yours,

Paul K. Owen,  
Secretary

BE IT RESOLVED, by Optimist Club of Newark, that

WHEREAS, by an act of Divine Providence, the City of Newark has been deprived of one of its foremost public servants.

Optimist Club of Newark, as one of the organizations of the City, among whose objects is the enlargement and intensification of the interest of its members in social, civic, industrial and educational affairs of their community for its betterment, and as an expression of the individual feeling of each of its members, takes this means of joining with the family of the late lamented and beloved Commissioner William J. Brennan, and the City of Newark, in mourning the loss of a public servant, who came from an humble place in life and made of himself an authentic product of our democracy, of integrity that could not be doubted of independence that was admirable, of indomitable, courage to carry out his convictions, of humanity that won him not only the respect, but the love of the public, and of an outstanding popularity, well deserved by his personality and his long record of public achievement.

Optimist Club of Newark,  
B. H. J. Nickel, President

Attest:

Paul K. Owens, Secretary.

**Fidelity Union Club**  
**755 Broad Street**

Newark, N. J., May 21, 1930.

Honorable Board of  
City Commissioners,  
City Hall, Newark, N. J.

Honorable Gentlemen:

Attention Mr. William J. Egan, City Clerk

It is with a very deep sense of sympathy that we, the Fidelity Union Club, comprised of the officers and employees of the Fidelity Union Trust Company and its city-wide branches, the Fidelity Union Title and Mortgage Guaranty Company and its branches, and the Fidelity Union Stock and Bond Company, take this opportunity to express to the City Fathers the keen loss which they feel has been imposed upon the City of Newark and its citizenry through the untimely and sudden passing of a dearly beloved City Father.

The late William J. Brennan, in our estimation, was everything that could be expected of a man placed in high public office to carry out the will of the people who placed him as guardian over law and order. As we knew him, he was honest, most courteous, humane and had a very deep affection for his fellowmen and his passing, we feel, presents the opportunity for us to express to the City Commissioners of Newark, New Jersey, our very deepest sympathy in their loss.

Respectfully,

The Fidelity Union Club

George Zabriskie, Jr.  
President

The Executive Committee of the Fidelity Union Club at their regular meeting held Friday, May 16th, unanimously voted that a letter be sent to the City Commissioners of Newark, New Jersey, also a copy to Mrs. William J. Brennan, the late Commissioner's devoted wife.

Township of Hillside  
Union County, N. J.

May 22, 1930.

Board of Commissioners  
City of Newark, N. J.

Gentlemen:-

Receipt is acknowledged of copy of certified resolution adopted by the Board of Commissioners of the City of Newark, under date of April 30th, in connection with contribution of the City of Newark toward the cost of construction of storm sewer trunk in this Township.

I have been directed by the Township Committee to thank your Commission for the participation of the City of Newark in this matter.

Yours very truly,

Howard J. Bloy,

Township Clerk.

Referred to the Mayor.

**James J. Plunkett Association, Inc.**

**350 South Orange Avenue**

Newark, N. J., May 21, 1930

City Commissioners,  
Newark, N. J.

Honorable Sirs:-

At the last meeting of the James J. Plunkett Association, held on May 20th, the enclosed resolution was adopted and inscribed in the minutes of the Association.

This organization was deeply shocked at the passing away of the late Commissioner William J. Brennan, and offer sympathy and condolence to his family and to the members of the Board of Commissioners on their loss of an honorable and courageous man as he was.

James J. Plunkett Association

H. G. Palnick,

Corresponding Secretary

WHEREAS, Almighty God in his divine judgment has seen fit to take from our midst our beloved Director of Public Safety, William J. Brennan, and

WHEREAS, Director William J. Brennan was a very close and dear friend of the James J. Plunkett Association;

THEREFORE BE IT RESOLVED,

that the members of the James J. Plunkett Association deeply deplore his loss, and sympathize with his family in their hour of bereavement; and be it further

RESOLVED, that a copy of these resolutions be inscribed on the minutes of the Association, and a copy thereof sent to the family of our late Director, William J. Brennan, and to the Board of Commissioners of the City of Newark.

**International Union of Pavers, etc.**

New York, May 27, 1930.

To the Honorable  
Board of Commissioners,  
City of Newark, N. J.

Gentlemen:-

The above named International Union and the District Council of Pavers, Rammers, etc., recognizing the great loss to the Board of Commissioners and the people in general of the City of Newark in the death of the Honorable William J. Brennan, a member of your Board, express our heartfelt condolence in the loss sustained.

William J. Brennan, as a public official, dedicated his life to the services of the people, and was unbridled and unselfish in the performance of his duties in the interest of all. He was one who thoroughly understood the economic and industrial system where labor was employed. He was helpful, sincere, loyal and faithful unto death.

With sincere sympathy, we remain,

Yours respectfully,

Edw. I. Hannah,

International Union of Pavers, etc.

Secretary- Treasurer

District Council of Pavers, Rammers, Etc.

James Christy, President

Charles Martin, Secretary

Thomas Rock, Bus. Representative

The Erste Bershaver K. U. V. have this 19th day of May, 1930, passed the following resolution:

WHEREAS, by the Will of God, our

beloved Commissioner has passed away, thereby creating a vacancy in the Commission of the City of Newark; and

WHEREAS, Dr. Meyer C. Ellenstein was the sixth highest, having received over 30,000 votes at the election held at May, 1929; it is

RESOLVED, that this organization respectfully request you, as one of the Commission, whose vote will fill the vacancy, to cast your ballot for Dr. Meyer C. Ellenstein, and thereby respect the wishes of the citizens of the City of Newark, who have clearly indicated that this is their desire as evidenced by the last election.

IT IS ALSO RESOLVED, that Dr. Meyer C. Ellenstein possesses all the qualifications to enable him to carry out the duties as one of the Commissioners in a manner acceptable to the populace of the City of Newark.

Respectfully submitted,

Charles Zucker, President

Louis Feinberg, Secretary

Dated May 19th, 1930.

At the regular meeting of the Board of Police Commissioners of the City of East Orange, held May 19, 1930, the following minute was recorded:

The Board of Police Commissioners of the City of East Orange, note with sorrow and regret the passing of William J. Brennan, Director of Public Safety of the City of Newark. In his official capacity as Commissioner, in charge of the Police Department of Newark, during the past thirteen years, he was ever courteous and helpful, and we express our appreciation for his cooperation and counsel in the activities of this Department. In our personal contacts with Mr. Brennan we learned of his integrity, his sincere friendliness and purposes, and in his passing we realize that not only his family, but his friends and the City which he served have sustained a great loss.

C. H. Condit,

Frank L. Kraemer

Maximilian M. Stallman

The Board of Police Commissioners of The City of East Orange.

The following reports of City Officers were received and read:

Auditor's Trial Balance April 30th, 1930.

Mayor Congleton: Has any person any matter to bring to the attention of the Commission?

Mr. Michael Breitkopf, 790 Broad Street.

Mr. Mayor and Commissioners, about two weeks ago I made an application for the approval of a gas station at Nye Avenue and Leslie Street. The matter was taken up in conference and the Commissioners were to take it up at the informal hearing. Last week, because of the exceptional conditions, I didn't move this application. However, I am here now to move this application.

This application was passed by the Zoning Board and then referred to you gentlemen of the Commission. At that time there were two objectors to the granting of this permit. Since the original application has been made these objections have signed consents, which I have here, that the permit be granted by the Commissioners. The property is located on the southeast corner of Leslie and Nye Avenues. It is a proper zone for this kind of thing and is in a section where there are no other gas stations immediately thereabouts. I would like to show the Commissioners these pictures which represent conditions as they are in that vicinity. I think I have already shown them to you. This is the plot (indicating). The other photographs show the exact location of what is in the neighborhood.

(Mr. Breitkopf pointed out on the photographs several things to the Commissioners.)

Commissioner Egan: How large is this plot?

Mr. Breitkopf: 50 by 60 feet.

Commissioner Egan: There is a house right back of it and a house right along side of it.

Mr. Breitkopf: And I have consents from each one of the owners of these

houses—one alongside of the proposed station and one on the other side of it. They have consented to the erecting of this gas station.

Commissioner Gillen: I move that the matter be laid over for one week for inspection.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mr. William L. Greenbaum, 164 Market Street.

Mr. Mayor and gentlemen of the Board, I represent Mr. David Galowitz, who has a garage at 254 Belmont Avenue. He made an application some time ago before the Board of Adjustment for permission to make certain alterations. The matter was referred to the Board of Adjustment and they favored it unanimously.

Mayor Congleton: And this Board voted against it unanimously only in April—April 16.

Mr. Greenbaum: So I understand, Mr. Mayor. I also understand that there was nobody present at the time to present the facts to this Board so that perhaps our side might be explained in the most favorable light.

Mayor Congleton: Just a minute, please. Why wasn't anyone here to represent Mr. Galowitz?

Mr. Greenbaum: I don't know, sir.

Mayor Congleton: They knew it was coming up, didn't they?

Mr. Greenbaum: I don't know, sir. I wasn't in the case at that time.

Mayor Congleton: Personally I am opposed to these matters being disposed of and our being asked a few weeks later to open them up again, with different counsel and different groups appearing. Unless there is some very good reason for it, such as showing that they had no notice of its coming up or because of some other peculiar circumstances, I for one am going to vote against the opening up of these cases within a few weeks of the time they are disposed of.

I would like to know why your clients were not represented on that day.

Mr. Greenbaum: I don't know. I wasn't here.

Mayor Congleton: Will you inquire of them? They are here with you, I suppose.

Mr. Greenbaum: There is just one thing I want to say, and that is that there was no hearing held, as far as we were concerned. The merits of this thing were not presented, and I would like an opportunity to do so.

Mayor Congleton: I want to know why your clients weren't here.

Mr. David Galowitz, 254 Belmont Avenue.

I didn't know it was necessary for me to be here.

Mayor Congleton: You were here, weren't you?

Mr. Galowitz: No, sir.

Mayor Congleton: There was no one at all here for you?

Mr. Galowitz: No, sir.

Mayor Congleton: Wasn't your architect here?

Mr. Galowitz: The architect was here.

Mayor Congleton: I thought so.

Mr. Greenbaum: I didn't know if he was here that day.

Mayor Congleton: And he did not ask for an adjournment.

Mr. Arthur Wolf, 845 Broad Street.

I was here before the Board of Adjustment, but I wasn't down here before the Commissioners at any time.

Mayor Congleton: You were on the job very quickly about it, because you communicated with me. You knew it was coming up and your clients knew it was coming up.

Mr. Greenbaum: I think you are assuming something that is not so.

Mayor Congleton: As far as I am personally concerned, I object to these matters being scheduled, being disposed

of and a week or two or three later, coming up with new counsel or with different groups. It does not have a good atmosphere.

Mr. Greenbaum: That is not the case. We are not coming up with different counsel. My client didn't know and he didn't think it was necessary to be here. He thought it was a matter of course that when it has been before the Board of Adjustment, and passed, it would be taken up and passed by the Board of Commissioners without his having to be here.

Mayor Congleton: When your client got word from the Board of Adjustment that they had acted on the application favorably he was informed in writing that their permit did not amount to anything until it had been confirmed by the Board of Commissioners.

Mr. Greenbaum: Was he notified when it was going to appear before the Board of Commissioners?

Mayor Congleton: I should say that the communication of the Board of Adjustment would put your client on notice. If he wasn't interested in knowing about his application, he should have been.

Mr. Greenbaum: If that is the way you feel about it, Mr. Mayor, I am sorry, but I do think that my client ought to be given an opportunity to present the merits of his change.

Mayor Congleton: You will be given that opportunity, but I want to let you know how I feel about this thing.

Commissioner Murray: I suggest that

he be allowed to take it up next Tuesday at the conference.

Mayor Congleton: Why not let him take it up now?

Commissioner Murray: He is probably too flustered now. Why not let him wait until next Tuesday when he can gather his thoughts.

Commissioner Howe: He has waited so long. Let him wait until next Tuesday.

Commissioner Murray: I move that it be laid over until next Tuesday for conferences.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.

City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

June, 1930

---

Newark, N. J., June 4, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of the meeting of May 28th were read and approved.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundary line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundary line, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until July 2nd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark," adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "Zoning ordinance of the City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled, "Zoning Ordinance of the City of Newark," adopted January 8, 1930, be and the same is hereby amended by extending the Second Residence District as shown on the Zoning Map so as to include the area described as follows:

Bounded on the east by a line 100 feet east of and parallel to Oak Street; on the south by Arsdale Place; on the west and north by the City Line;

and that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment be and the same is hereby changed so as to include within the Second Residence District the area above described.

2 All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to amend an ordinance entitled: "Zoning Ordinance of The City of Newark," adopted January 8, 1930", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930, and

stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended by extending the First Residence District as shown on the Zoning Map so as to include the area described as follows:

Bounded on the north by Verona Avenue; on the east by Highland Avenue; on the south by a line 100 feet south of and parallel to Verona Avenue; and on the west by the Orange Branch of the Erie Railroad;

and that the Zoning Map which accompanies the Ordinance to which this Ordinance is an amendment be and the same is hereby changed so as to include within the First Residence District the area above described.

2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to amend an ordinance entitled: 'Zoning Ordinance of the City of Newark'", adopted January 8, 1930, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Queen Street from Frelinghuysen Avenue southeasterly about 425 feet with asphalt pavement (1½" top-1½" binder on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the lands herein-after particularly described, situate in the City of Newark, Essex County, New Jersey, shall be acquired by The City of Newark, either by purchase or condemnation:

**FIRST TRACT: BEGINNING** at a point in the northerly line of the tow path of the Morris Canal, being about opposite the southwesterly corner of Lexington Street and Pas-

saic Avenue, which beginning point is located as follows:

**BEGINNING** in the northerly line of the tow path of the Morris Canal at the center of a monument stone which locates the southwesterly corner of the property now or formerly belonging to the Passaic Chemical Company, the center of said monument stone being distant 2 feet, 3½ inches, westerly from the southwesterly corner of the brick foundation of the building standing on said property of the Passaic Chemical Company; thence along the northerly line of the tow path south 76° 54' west 228 feet, 2 inches; thence still along the same south 71° 51' west 267 feet, 2½ inches; thence still along the same south 74° 55' west 100 feet; thence still along the same south 81° 45' west 294 feet, 5 inches, to the beginning point of the premises herein described; thence running along said northerly line of the tow path of the Canal south 81° 45' west 2 feet, 10 inches; thence still along the same south 78° 24' west 206 feet, 4½ inches; thence still along the same south 79° 32' west 70 feet, 9½ inches, to the southwesterly corner of land formerly of Charles W. Cox, Substituted Trustee, etc.; thence along the westerly line of same north 12° 34' west 101 feet, 2 inches, to the dock line of the Passaic River; thence easterly along the same to a point which will be in a line drawn northerly from the beginning point parallel with the westerly line of the premises herein described; thence south 12° 34' east parallel with said westerly line 80 feet, more or less, to the northerly line of the tow path and place of **BEGINNING**.

**SECOND TRACT: BEGINNING** at a point in the northerly line of the tow path of the Morris Canal being about opposite the southwesterly corner of Oxford Street and Passaic Avenue, which beginning point is located as follows:

**BEGINNING** in the northerly line of the tow path of the Morris Canal at the center of the monument stone which locates the southwesterly corner of the property now or formerly belonging to the Passaic Chemical

Company, the center of said monument stone being distant 2 feet, 3½ inches westerly from the southwest-erly corner of the brick foundation of the building standing on said property of the Passaic Chemical Company; thence along the north-erly line of the tow path of the Mor-ris Canal south 76° 54' west 228 feet 2 inches; thence still along the same south 71° 51' west 267 feet, 2½ inches; thence still along the same south 74° 55' west 100 feet; thence still along the same south 81° 45' west 34 feet 5 inches to the above mentioned beginning point of the tract herein described; thence run-ning along the northerly line of the tow path south 81° 45' west 260 feet to the southeasterly corner of land conveyed by Charles W. Cox, as Sub-stituted Trustee, to P. Reilly & Son, by deed dated January 11, 1912, and recorded in Book Q. 50 of Deeds, page 231; (being the first tract above described; thence along the same north 12° 34' west 80 feet, more or less, to the dock line on the Passaic River; thence easterly along the same to a point which will be in a line drawn northerly from the be-ginning point parallel with the east-erly line of land conveyed to P. Reilly & Son by deed above men-tioned recorded in Book Q. 50, page 231; thence south 12° 34' east 101 feet to the place of BEGINNING.

Section 2. That the total cost of the purchase of said lands shall not exceed the sum of twelve thousand, five hun-dred dollars (\$12,500.);

Section 3. That the sum of twelve thousand, five hundred dollars (\$12,500.) be and the same is hereby appropriated for the purpose of acquiring the afore-said lands.

Section 4. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that June 18th, 1930, at 10 A. M Standard

Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meet-ing room, second floor, City Hall, New-ark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final pas-sage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first read-ing as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

RESOLVED: That the Director of the Department of Public Affairs, be and he is hereby directed to advertise for sealed proposals for the furnishing and delivering of "Buffalo-Springfield" Steam Roller with Scarifier and Grader attached, Scoops, Shovels, Picks, Pick Handles, Rubber Boots, Rubber Hose, L. P. Fire Hydrants, Tapping Sleeves and Valves, Brass Tees, Brass Nipples, Brass Sediment Faucets, Chlorine, Lumber, Bricks, Sand, Stone, Cement, Street Brooms and Fibre, Paints and Oils, Harness and Stable Supplies, Neatsfoot Oil, Hoofnu, Drive Chains, Fan Belts and Brake Lining.

Bids to be received at the office of said Director between the hours of 10.00 and 10.15 A. M., on such date as he shall in said advertisement designate.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

RESOLVED: That John H. Austin, whose name has been certified by the Civil Service Commission as eligible, be and he hereby is appointed Assistant Engineer, Department of Public Affairs, Transit Bureau, at a compensation of \$3,000. per annum, effective June 1st, 1930.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

BE IT RESOLVED by the Board of Commissioners of The City of Newark, that the sum of Seventy two thousand dollars (\$72,000.) be and the same hereby is appropriated to John M. Walker and Caroline C. Walker, his wife, representing the purchase price of certain lands and premises in the Township of Hardyston, Sussex County, New Jersey, containing 250.80 acres, and more particularly described as follows:

BEGINS at a black oak tree marked on four sides with a blaze and three notches which is also the Beginning corner of a tract of 129.90 acres as returned to R. R. Livingston, a part of which now belongs to James Frederick as conveyed to him by deed dated December the twenty-seventh, in the year eighteen hundred and fifty-eight, and recorded in Sussex County Clerk's office in Book W. 4 of deeds, page 336, from said Ash tree, running (1) north 25 degrees east 68 chains to stake in fence; (2) north forty-six degrees west 2 chains 50 links; (3) north 68 degrees and 30', east 3 chains 32 links through woods; (4) north 16 degrees west 5 chains and 50 links; (5) south 83 degrees and 30' east 1 chain and 63 links; (6) north 24 degrees and 30' east 2 chains 90 links; (7) south 65 degrees

east 12 chains 50 links to east side of road leading from Asa Morrison's to Snuff Town; (9) south thirty-nine degrees east 9 chains and 80 links; (10) north 88 degrees east 13 chains and 23 links; (11) south 14 degrees and 15 minutes east 3 chains 50 links to corner of Alanson Lyon's land; (12) south 78 degrees west 10 chains 53 links; (13) south 9 degrees 30' west 9 chains 20 links to stake on south side of Grove Yard; (14) south thirty minutes west 12 chains 32 links along ditch; (15) south 32 degrees east 6 chains 25 links; (16) south 40 degrees west 4 chains 33 links; (17) south 88 degrees east 7 chains 30 links; (18) south 7 degrees west 6 chains 10 links along lands of John Tice; (19) north 88 degrees west 11 chains 50 links; (20) south 40 degrees west 6 chains 50 links to corner of Donald Ross' land, thence along Ross' land; (21) south 88 degrees west 2 chains; (22) south 79 degrees west 24 chains 25 links to stake in woods; (23) north 34 degrees west 1 chain and 75 links to the Hubbard line; thence (24) south 47 degrees west 17 chains and 67 links to stone heap corner of James Fredericks' land; (25) north 88 degrees and 45' west 11 chains to Beginning.

Excepting out of above described premises two certain tracts of land conveyed by said Charles Walker and Mary Walker, his wife, to George W. Greer, the first deed bearing date April 1, 1869, recorded August 25, 1869, in Book X. 5 of deeds, page 469, for 67.90 acres; the second deed bearing date March 26, 1870, recorded March 8, 1871, in Book D. 6 of Deeds, page 80, for 7.18 acres.

Also excepting out of above described premises a strip of land conveyed by Albert P. Walker to the State of New Jersey, by deed dated May 11, 1927, recorded June 29, 1927; in Book 297 of deeds, page 440.;

AND BE IT FURTHER RESOLVED, that the said sum of Seventy-two thousand dollars (\$72,000.) be paid to the said John N. Walker and Caroline C. Walker, upon the filing by them with the City Auditor of a satisfactory deed, approved by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan: We inspected that yesterday, Mr. Mayor. It is a small brick building on Beecher Street. The downstairs part is used for making repairs to and straightening automobile fenders. Part of the upstairs is used for the manufacture of screens and small things of that sort.

Commissioner Murray: There is no heat and no light in the premises.

The following communications were received and read:

Newark, N. J., June 2, 1930.

Hon. Jerome Congleton,

Newark, N. J.

Dear Sir:-

In regard to the granting of an application of Timothy F. Foyle for the establishment of a funeral parlor at 301 Roseville Avenue, I wish to reiterate my protest of a previous date.

Very truly yours,

MABELLE P. LAUFFER.

Ordered filed.

320 Roseville Avenue,

Newark, N. J., June 2, 1930.

Hon. Jerome Congleton,

Honorable Sir:-

Referring to the establishment of a funeral parlor at 301 Roseville Avenue by Mr. T. F. Foyle, I wish to protest its confirmation by the City Commission for the reason that on a strictly residential street or block the possible almost constant assembling of hearse and coaches, etc., would be very unpleasant to the neighbors.

Respectfully,

ALBERT C. BATES.

Ordered filed.

309 Roseville Avenue,

Newark, N. J., June 4, 1930.

To the City Commissioners:

I desire to protest against the opening of a funeral parlor at 301 Roseville Avenue. The owner of same being a resident of Montclair, quite naturally has not the same interests in Newark property as the old residents. Having been a taxpayer for 40 years, I most earnestly protest against such a nuisance which would be a great detriment to the neighborhood and tend to decrease the values of its property.

I am sure your Honorable Body will deal fairly with this question and give heed to the majority of residents by granting our request.

Cordially yours,

THEO. P. HUFFMAN.

Ordered filed.

Newark, N. J., June 3, 1930.

Hon Jerome Congleton,

City Hall,  
Newark, N. J.

Dear Sir:-

I shall be unable to attend the meeting of the City Commissioners on Wednesday, but I want to reiterate my protest against the establishment of a funeral parlor opposite my home. I consider such a thing in this neighborhood not only a nuisance, but financial and social menace, and I sincerely hope that the Commission will respect the wishes of the property owners by denying the application.

Very truly yours,

MARY W. MUID LEID.

Ordered filed.

763 Broad Street,

Newark, N. J., June 3, 1930.

Honorable Jerome T. Congleton,  
City Hall,

Newark, N. J.

My dear Mr. Mayor:-

Mrs. Philip C. Walsh who lives at 300 Roseville Avenue, is quite stirred up about the application of Timothy F. Foyle for permission to open a funeral parlor directly opposite her house at No. 301 Roseville Avenue.

She tells me that the Zoning Commission had its meeting on May 20th, voting to grant the application, much to the disturbance of her peace of mind and that of her neighbors. Because of the vote of Mr. Pashkow against the application the matter has been referred to the City Commission, and will be brought up at its meeting on Wednesday, June 4th.

Mrs. Walsh and her neighbors believe that the granting of such an application would seriously impair the marketability and value of her property and other property in the neighborhood. She has asked me, therefore, to write this letter to you in protest of the granting of the application.

Very truly yours,

J. FREDERICK WHERRY.

Ordered filed.

50 Sussex Avenue,

Newark, N. J., June 3, 1930.

Hon. Jerome T. Congleton,

Director Dept. of P. A.,

City Hall, Newark, N. J.

My dear Mr. Congleton:-

Am writing you in protest about the action of the Zoning Commission, a majority of which has voted to allow a funeral parlor at 321 Roseville Avenue.

As you are aware, this block is tenanted by houses which are occupied by owners and I for one do not like to see it turned over to business. Aside from this, it is my belief that if this funeral parlor locates in this block it will depreciate the surrounding valuations.

Hoping you can help me out and see that justice is done to your old neighbors, I am

Yours respectfully,

P. H. RYAN.

Ordered filed.

Commissioner Howe offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Timothy F. Foyle to use the building located at 301 Roseville Avenue for a funeral home;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of zoning enforcement, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared lost by the following votes:

Nays: Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Frank Palumbo for the construction of a gasoline station; premises 290 Adams Street; on condition that work be commenced within 90 days;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe: I move that the resolution be laid over to June 18th, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Thomas Burke for the construction of four individual garages; premises 54 Fourth Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment

be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared lost by the following votes:

Nays:-Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Burns Brothers for the construction of a gasoline station; premises 104-116 Poinier Street; on condition that gasoline pumps be not more than four and one-half feet high, that all signs be recessed in the street face of the building, and that lighting fixtures be attached to the building;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe: I move that the resolution be laid over to June 11, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The following communications were received and read:

#### **Board of Adjustment**

Newark, N. J., June 4, 1930

To the Board of Commissioners of The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held yesterday resolutions were adopted granting the following applications for variations from the requirements of the zoning ordinance, and recommending that your Honorable Body allow the structures and uses in question:

Application of Frank Luciano to conduct a public garage in the building located at 49-51 Stone Street.

Application of Kaes Brothers to construct a public garage on premises 3-5 Kossuth Street.

Application of Charles T. Savitz (Stephen Gyrfas, owner) to enlarge gasoline station on premises 283-287 Frelinghuysen Avenue.

Application of Max Kazin to construct a gasoline station as in addition to a public garage on premises 150-156 Fifth Street.

Application of Royal Laundry Service, Inc., to construct an addition to an existing laundry building on premises 767-771 South 17th Street. This approval was contingent upon the filing of new plans; and the elimination of existing nuisances at the plant caused by the use of soft coal and the operation of the laundry nights and Sundays.

Detailed reports on these applications will be submitted.

Respectfully,

The Board of Adjustment,

R. B. Rankin, Secretary

Received, copies to be sent to each Commissioner and action postponed to June 18, 1930.

**The Kiwanis Club**

Newark, N. J., June 2, 1930

Hon. Jerome Congleton,

City Hall,  
Newark, N. J.

Dear Mr. Congleton:-

Enclosed you will find a copy of resolution on the death of the late William

J. Brennan. This was adopted by the Kiwanis Club of Newark at its meeting on May 22nd.

Cordially,

O. L. Ruth, Secretary

Ordered filed.

**Underwriters' Protective Asso.**

**of Newark, N. J.**

**227 Washington Street**

Newark, N. J., May 27th, 1930.

Hon. Jerome T. Congleton, Mayor,

City Hall, Newark, N. J.

Sir:-

The following resolution was adopted at the Annual Meeting of the Underwriters' Protective Association of Newark, N. J., held May 16th, 1930.

RESOLVED, that the Newark Underwriters' Protective Association in its annual meeting assembled, pausing out of respect for the memory of the late Commissioner of Public Safety of the City of Newark, William J. Brennan, records its consciousness of the grievous loss sustained by our City in the untimely death of Commissioner Brennan. He was a good citizen and capable administrator of the public affairs with which the people of Newark had by their votes repeatedly entrusted him.

His office as Director of Public Safety brought him into intimate contact with the field of labor in which this Association is occupied, and we always found him a true friend and helpful counsellor. It is but meet and right that this Association especially should honor him and keep the memory of his public life and service fresh.

RESOLVED, that a copy of this minutes be presented to the Mayor and Commissioners of the City of Newark and to the bereaved family.

Yours very truly,

Charles M. Henry,

Secretary

Ordered filed.

**Travelers Aid Society of Newark, N. J.**  
**Central Railroad of New Jersey**  
**Broad Street Station**

At a meeting of the Board of Directors of the Travelers Aid Society of Newark, New Jersey, held May 19th, 1930, the following resolutions were unanimously adopted:

WHEREAS, by the death of William J. Brennan, Newark has lost one of its ablest officials;

WHEREAS, the late William J. Brennan, during his lifetime, manifested a keen interest in the work of the Travelers Aid Society, be it therefore

RESOLVED, that the Travelers Aid Society take this means of expressing its appreciation of his splendid public service as a member of the Board of Commissioners of the City of Newark, and also of his generosity and helpfulness in the furtherance of the work of the Society; and extends to his family and loved ones its heartfelt sympathy in this, their hour of bereavement.

BE IT FURTHER RESOLVED, that these resolutions be entered upon the minutes of this Society and a copy be forwarded to the bereaved family and the Board of Commissioners of the City of Newark.

President, Elizabeth Coy Schneider

Vice-President, Solomon Foster

Secretary, Carlotta G. Stoddart

Treasurer, Moses Plaut

Ordered filed.

John Howe,  
Director of Revenue and Finance.

Mayor Congleton: Has any person any matter to bring to the attention of the Commission this morning?

Mr. George J. Busch, 57 Springfield Avenue.

Gentlemen, I am a property owner on the corner of Springfield Avenue and High Street and I am member of a firm of jewelers who have for the past

fifty years been conducting a high-class jewelry store on that corner. Recently a lunch wagon has moved in within a few doors of our store. That lunch wagon tears down the neighborhood which we have been striving to build up. I understand from the papers, through the press, that there has been some action of the City trying to get the lunch wagon out.

Commissioner Murray: Where is that lunch wagon?

Mr. Busch: On Branford Place there.

Commissioner Egan: How long has it been there, Mr. Busch?

Mr. Busch: About four weeks. I should judge about four weeks; it may be a little longer.

Commissioner Murray: Is that near Shipman Street?

Commissioner Howe: This is on High.

Mr. Busch: No, it is on Branford Place between Shipman and High Streets.

Commissioner Murray: Is that where they backed the lunch wagon in and put a wall around?

Mr. Busch: Yes, in the middle of the night they put it in there. As I understand, it was against the City's wishes that they have it there.

Mr. Boettner: Is that where they tore the front of the building out?

Mr. Busch: Yes. I would like to know what is going to be done, so that I may engage counsel if necessary.

Mr. Boettner: That matter is in court now.

Commissioner Egan: I don't think, Mr. Busch, that you as a private citizen will be required to employ counsel if they have done something that they have no right to do under the law. The Law Department has it now. I would like to have it referred to the Department of Public Safety.

Mayor Congleton: It is so ordered.

Commissioner Egan: We will advise you what has been done with it, Mr. Busch.

Mr. Busch: Do you think there will be any immediate action on it?

Commissioner Howe: They are working on it now.

Mayor Congleton: The matter is referred to Commissioner Egan, so you can take it up with him.

Mr. Busch: Thank you, Gentlemen.

Mr. Jerome B. Litvack, 485 Springfield Avenue.

I appear here for Michael Breitkopf in the matter of the application for a gas permit for a filling station at the intersection of Leslie Street and Nye Avenue. I didn't hear that matter called as a resolution.

Mayor Congleton: It was before the Commission in conference and we are considering the application that Mr. Breitkopf made to open the matter. It is not before the Board; it is in conference.

Mr. Litvack: I see, thank you.

Mayor Congleton: Has any other person any matter to bring to the attention of the Commission?

Commissioner Howe: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.

City Clerk.

Newark, N. J., June 11, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, was held on the above date, in the Commissioners' Chamber, City Hall, Newark, N. J. at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

President: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton. The minutes of meeting of June 4th, 1930, were read and approved.

The City Clerk presented An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete foundation, repaired and built up as directed, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until June 25th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement, (1½" top-1½" binder) on a new six (6) inch concrete foundation, or on the old base as directed, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until June 18th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of a fifteen (15) inch reinforced concrete pipe sewer for storm water only, in North Eleventh Street from Third Avenue West to Springdale Avenue,

and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An amendment to an ordinance entitled: "An ordinance regulating the sale and distribution of milk and milk products in the City of Newark, adopted December 2, 1913, and amendments thereto.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That Section eleven of an Ordinance entitled "An Ordinance regulating the sale and distribution of milk and milk products in the City of Newark, adopted December 2nd, 1913, shall be amended so as to read:

Section 11. Any person, persons, firm or corporation selling or offering for sale in the City of Newark, milk or milk products without first having obtained a license to do so from the Department of Health, shall be subject to arrest and to a fine of not to exceed \$25.00, or to imprisonment for ten days in the County Jail, or both, for the first offense; and for each subsequent offense; shall be subject to a fine not to exceed \$50.00, or to imprisonment in the County Jail for a period not to exceed thirty days, or both.

Every person, persons, firm or corporation convicted of violating any other provision of this ordinance, shall for the first offense pay a penalty of not less than \$5.00 nor more than \$50.00; and for each subsequent offense not less than \$10.00 nor more than \$100.00 in the discretion of the Court imposing the same.

2. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that June 25th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

A supplement to an ordinance entitled "An ordinance regulating the sale and distribution of milk and milk products in The City of Newark", adopted December 2, 1913, and the amendments thereto.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the following supplements to an ordinance entitled "An ordinance regulating the Sale and Distribution of Milk and Milk Products in the City of Newark, adopted December 2, 1913, be added:

That there be added to section 2 of the ordinance the following:

13a. "That all requirements, rules and regulations contained in the Milk Ordinance of the City of Newark, and the amendments thereto that apply to milk, shall similarly apply to Cream and its derivatives.

All cream (Cream) as used in this ordinance shall be taken to mean that portion of milk, rich in milk fat, which on standing, rises to the surface of milk, or is separated from milk by centrifugal force) held, kept, offered for sale, sold or delivered, in the City of Newark, New Jersey, shall be held, kept, offered for sale, sold or delivered under the following grades or designations and under no other, and in accordance with such rules and regulations as may be adopted by the Department, and shall conform with the following standards and requirements.

#### **Grade "A" Light Cream-Pasteurized:**

All milk used for the production of cream of this Grade, must comply with the requirements of Grade "A" Pasteurized milk, except in the matter of "labeling".

**Chemical Standard:** Grade "A" Light Cream-Pasteurized, must contain not less than sixteen (16%) per centum of butterfat.

**Bacteria Standard:** Grade "A" Light Cream-Pasteurized, shall not contain more than 90,000 bacteria per cubic centimeters after pasteurization, and before delivery to the consumer which must be made within forty-eight (48) hours after pasteurization.

**Labeling:** The outer caps or tags shall be exactly the same as for Grade "A" Pasteurized milk, with the following exceptions:

The word "Cream" shall be substituted for the word "Milk" and shall be plainly marked in black letters and legible type, "Light Cream" and the Hours of Pasteurization shall be omitted.

#### **Grade "A" Heavy Cream-Pasteurized:**

All milk used for the production of Cream of this grade, must comply with the requirements specified for Grade "A" Pasteurized milk, except in the matter of "labeling".

**Chemical Standard:** Grade "A" Heavy Cream-Pasteurized must contain not less than thirty-five (35%) per centum of butterfat.

**Bacteria Standard:** Grade "A" Heavy Cream-Pasteurized, shall not contain

more than 90,000 bacteria per cubic centimeters after pasteurization and before delivery to the consumer, which must be within forty-eight (48) hours after pasteurization.

**Labeling:** The outer caps or tags shall be exactly the same form as for Grade "A" Pasteurized milk, with the following exceptions:

The word "Cream" shall be substituted for the word "Milk" and shall be plainly marked in black letters and legible type, "Heavy Cream" and the Hours of Pasteurization shall be omitted.

**Grade "B" Light Cream Pasteurized:**

All milk used for the production of cream of this grade, must comply with the requirements specified for Grade "B" Pasteurized milk, except in the matter of "labeling".

**Chemical Standard:** Grade "B" Light Cream-Pasteurized, must contain not less than sixteen (16%) per centum of butterfat.

**Bacteria Standard:** Grade "B" Light Cream-Pasteurized, shall not contain during the first year after the adoption of this supplementary ordinance, more than 500,000 bacteria per cubic centimeter after pasteurization, and before delivery to the consumer when sold at retail and to the manufacturer for manufacturing purposes; the bacteria standard shall not be more than 400,000 bacteria per cubic centimeter during the second year, and the bacteria standard shall not be more than 300,000 bacteria per cubic centimeter during the third year and thereafter; which delivery must be made within ninety-six (96) hours after pasteurization.

**Labeling.** The outer caps or tags shall be exactly the same form as for Grade "B" Pasteurized milk, with the following exceptions:

The word "Cream" shall be substituted for the word "Milk" and shall be plainly marked in green letters and legible type, "Light Cream" and the Hours of Pasteurization shall be omitted.

**Grade "B" Heavy Cream-Pasteurized**  
All milk used for the production of cream of this grade, must comply with

the requirements specified for grade "B" Pasteurized Milk, except in the matter of "Labeling".

**Chemical Standard:** Grade "B" Heavy Cream-Pasteurized, must contain not less than thirty-five (35%) per centum of butterfat.

**Bacteria Standard:** Grade "B" Heavy Cream-Pasteurized, shall not contain, during the first year after the adoption of this supplementary ordinance, more than 500,000 bacteria per cubic centimeters after pasteurization, and before delivery to the consumer when sold at retail and to the manufacturer for manufacturing purposes; the bacteria standard shall not be more than 400,000 bacteria per cubic centimeter during the second year, and the bacteria standard shall not be more than 300,000 bacteria per cubic centimeter during the third year and thereafter, which delivery must be made within ninety-six (96) hours after pasteurization.

**Labeling:** The outer caps or tags shall be exactly the same form as for the Grade "B" Pasteurized milk, with the following exceptions:

The word "Cream" shall be substituted for the word "Milk" and shall be plainly marked in green letters and legible type, "Heavy Cream" and the Hours of Pasteurization shall be omitted.

All cream, including sweet and sour cream, buttermilk and skimmed milk, exposed or offered for sale to the consumer, shall be contained in sterilized, tightly closed and mechanically filled and capped bottles or receptacles of a similar character, such as shall have been approved by the Department of Health, and must be bottled at the place of pasteurization.

All sweet and sour cream, buttermilk and skimmed milk, exposed or offered for sale for manufacturing purposes, must be properly labeled and tagged and may be sold in cans or other receptacles approved by the Department of Health.

No. cream shall be reduced, standardized, homogenized, modified or changed by the addition of milk, buttermilk or by any substance whatsoever, except at the plant where the cream is pasteurized.

All Frozen or Cold Storage Cream shall come from approval sources and such cream shall be pasteurized before use and shall be properly labeled, re-pasteurized Frozen or Cold Storage cream.

No reconstituted milk or cream shall be permitted to be held, kept, offered for sale, sold or delivered in the City of Newark, New Jersey.

The time limit from pasteurization to delivery to the consumer is not required and the bacteria count is not required in sour cream, buttermilk and skimmed milk.

No false or misleading statement or mark shall appear upon any container or be attached thereto.

#### **Premises Open for Inspection:**

All premises, wherein milk, cream or other dairy products are produced or handled for sale or distribution in the City of Newark, shall be open at all times to the Inspectors of the Department of Health. The records of receipts and distribution of all dairy products shall be furnished for the inspectors, officers and agents of the Department of Health. Samples of milk, cream or dairy products shall be furnished said officers and agents by a producer or dealer, at any time, upon request.

Section 2. That there be added to Section 2 of the Ordinance, "An ordinance regulating the sale and distribution of milk and milk products in the City of Newark", adopted December 2, 1913, and amendments thereto, the following:

13b. **Buttermilk:** The milk used in production of buttermilk or other fermented milk, shall be of the same quality as required in this Ordinance for fresh milk (butter fat content excepted) and shall be handled during and after manufacture, in a manner approved by the Department of Health.

Section 3. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Section 4. This ordinance to take effect immediately.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that June 25th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of Homestead Park from Hawthorne Avenue to Clinton Place with asphalt pavement (1½" top-1½" binder) on the old existing macadam prepared as a foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Homestead Park from Hawthorne Avenue to Clinton Place shall be resurfaced with asphalt pavement (1½" top-1½" binder) on the old existing macadam prepared as a foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb,

under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319 and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 3, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$6,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$6,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in re-

spect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that July 2nd, 1930, at 10 A. M. Standard Time, 11 A. M. Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, a contract was awarded on November 23, 1929, to the Atlantic Gulf and Pacific Company for the dredging of a connecting channel at Port Newark, which contract included the disposition of dredged materials on and in the vicinity of a 60 by 65 inch reinforced concrete sewer; and

WHEREAS, due to faulty meadow bottom and despite precautionary measures adopted for the protection of said sewer, approximately 306 lineal feet of same was disturbed and opened up; and

WHEREAS, in the opinion of the Engineer in charge the disturbance of said sewer was unforeseen and not neglect on the part of the contractor; and

WHEREAS, the contractor has agreed to reset and clean the disturbed sections of sewer in accordance with the extra work clause of the contract, which provides payment for labor and materials, plus 15 per cent. for extra work authorized;

THEREFORE BE IT RESOLVED, that the contractor, Atlantic Gulf and Pacific Company, be and they are hereby authorized to proceed with the necessary resetting and cleaning of the disturbed section of sewer for a sum not exceeding \$7,646.00.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the City of Newark has a contract with the Atlantic, Gulf and

Pacific Company for the dredging of a connecting channel between the north and south channels adjacent to the United States Government Pierhead line on the south side of the city channel in Newark Bay; and

WHEREAS, it is advisable to further ease the turn from the existing north channel to the connecting channel for the safety of navigation; and

WHEREAS, the available materials from such dredging are suitable for and will expedite the completion of the main cross runway in the Newark Airport, which will result in quicker establishment of full United States mail operations at the Newark Airport; and

WHEREAS, the price bid for this work is exceptionally low and favorable to the City of Newark for the prosecution of the above mentioned work items;

THEREFORE BE IT RESOLVED, that the Director of the Department of Public Affairs be and he is hereby authorized to direct a further extension of this contract to the extent of 100,000 cubic yards of materials, dredged at the unit price of \$0.284 per cubic yard, which price is fixed in the above mentioned contract which is dated November 13th, 1929.

RESOLVED, that the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

Mahlon Averil, construction of Meadowbrook Storm Water Sewer, Section No. 1. (Contract and indemnity bonds).

Mahlon Averill, construction of Meadowbrook Storm Water Sewer, Section No. 2. (Contract and indemnity bonds).

Flockhart Foundry Company, furnishing and delivering manhole frames and covers. (Contract bond).

David Storm, plumber's bonds.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of James F. Smith for a gasoline station on State Highway No. 25, at Carnegie Avenue; on condition that permits be obtained and work commenced within 90 days;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Home: I move that the resolution be laid over to June 25, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Caruso Realty Company for the construction of stores; premises 392 Second Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. S. M. Seeley: On behalf of the Caruso Realty Company I would like to ask for a further extension of one week, for this reason: We have interviewed all of the owners of the property in connection with this application and we have also got in touch with the people who purchased the property originally from the Caruso Realty Company, and some of the people have indicated their wishes in favor of the application and have signed a petition in favor of the application.

Commissioner Murray: I move, Mr. Mayor, that the matter be laid over for one week, to be definitely disposed of at that time, and that there be no further extensions after a week from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Burns Brothers for the construction of a gasoline station; premises 104-116 Poinier Street; on condition that gasoline pumps be not more than four and one-half feet high, that all signs be recessed in the street face of the building, and that lighting fixtures be attached to the building;**

THEREFORE BE IT RESOLVED

by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. E. Garfield Gifford, 763 Broad Street.

Gentlemen, I think that anything that can be said on this matter has already been said. I haven't anything further to say than what has been said before your body already. There has been no public objection to it in any way.

Commissioner Murray: In view of the change in the street line on the south side of Poinier Street, I want to say that we went down there the other day and looked at the place. I think that the plan as laid out now is a feasible plan. We, of course, could not figure definitely the sidewalk line on the south side of the street, but if you judge the southerly curb line of the street by the new building that somebody is putting up there—I think it is a warehouse of the Lehigh Valley Railroad—this station will constitute a projection out beyond that line. Commissioner Egan and I don't try to figure it out. We thought that the oil pumps would have to go very close to the circle or else they would be beyond the building line.

Commissioner Egan: The driveway is liable to be over the sidewalk.

Mayor Congleton: The contract for the improvement of Poinier Street has been awarded. If there is any question in your mind as to the new sidewalk line, one of our men can easily state where that line is. Let the matter come up next week, if you want to.

Mr. Gifford: I shall say for Burns Brothers that we will comply with any requirements as to locations that the Building Department or any of you Commissioners might make. We have ample property there for the set-back of the pumps or whatever condition is required.

Mayor Congleton: I can have one of

our men drive you down there, Commissioner Murray, and show you where the new sidewalk line will be.

Commissioner Murray: If the line of the pumps is as we recollect it by the plan submitted, and if the building line is as established by the new front of that new warehouse there, it will require automobiles loading at this point with gasoline or oil to be on the sidewalk most of the time.

I move that the matter be laid over for a week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Application to re-open consideration of the application of William Okin for permission to construct a gasoline station at 214 Nye Avenue.

Mayor Congleton: Does anyone desire to be heard on this?

Mr. Michael Breitkopf, 790 Broad Street.

Gentlemen, I have appeared on this matter twice now and I have presented the consents of the adjoining property owners to this particular plot. The Zoning Board has passed this situation. It is in its proper zone, and the neighborhood is such that it could stand a gas station of the sort that would be erected there. I don't know of any good reason why the permission should not be granted for this particular corner, especially in view of the fact that this is a corner that sort of deadens into Nye Avenue there and the traffic at that particular point would be benefited by a gas station which is set back in that corner plot.

I have presented pictures of this locality showing the character of the neighborhood. There being no objection now, I do not see any reason why this permit should not be granted. The objections have been removed. The original objectors have now consented.

Mayor Congleton: All the Commissioners have viewed the location and understand it very much better than

your pictures show it, so the Commissioners have full knowledge of the situation.

Mr. Breitkopf: I live in that section, Mr. Mayor.

Commissioner Murray: Mr. Mayor, I interviewed the owner of the house on Nye Avenue and she did say that she is perfectly satisfied to have a gasoline station there. I asked her why she had changed her opinion. She said she had changed her opinion because she had been told that if they did not get the gasoline station on there they would build up the entire plot, that a large building would go up on the entire plot. Under those circumstances, the owner thought she would rather have the open gasoline station there than have the building take up the entire plots, which cannot be so. They cannot take up the entire plot with a large building. They cannot avoid the necessary compliance with the State laws and the ordinances of the City in the matter of the construction of a building. I refer to the ordinance governing air spaces, yard spaces and so forth. Rather than have the plot closed up entirely, she signed her consent for the gasoline station.

Two other neighbors were asked if they objected and they said they did, so they signed a petition objecting. They were told they need not appear in person, so while there aren't any objectors here, it is because they have been told that they need not appear here.

Mr Breitkopf: I haven't any knowledge of it.

Commissioner Murray: That was long before you got into the case, Counselor.

Mr. Breitkopf: I don't know who got it and I don't know anything about it, but I do say that when I went around to make this investigation I found no objectors. That much I can say, because that much I know from my own knowledge.

In explanation with reference to this corner plot, I might say that the zoning ordinance was read to these people adjoining it, showing what might be erected there.

Mayor Congleton: There is a condition of protest. It was before the Board of Adjustment.

Commissioner Murray: The objectors apparently did not appear in person because they were told that they didn't have to appear, but that signing the petition was all they had to do.

Mayor Congleton: There is a rather substantial protest.

Mr. Breitkopf: I might say that the zoning Board passed this at that hearing.

Mayor Congleton: Does anyone else desire to be heard on this matter?

There being no further persons to appear, the motion is to reopen the matter.

Commissioner Gillen: I move that the case be re-opened and that a vote be taken on it.

The roll being called, the motion was declared lost by the following votes:

Yeas: Commissioners Gillen, Howe.

Nays: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of David Galowitz to alter the front of a public garage so as to provide for a drive-in gasoline station; premises 254 Belmont Avenue on condition that work be commenced within 90 days;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of

granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. William L. Greenbaum, 164 Market Street.

I have appeared before you gentlemen and have discussed what I think are the merits of this application. I don't think that I ought to take up any more of your time to go through all the details, except to say that this is an application in which there is a garage existing at the present time, which has stood there for eleven years. I think that the changes that we wish to make are really an improvement, which would remove the danger of cars backing out from this garage. I also wish to stress the fact that this matter has not been presented before your body on its merits. True, it has been taken care of once before, but we weren't here, because we didn't know it was coming before you.

I would like very much to have your Board reconsider it.

Commissioner Murray: I move that this case be re-opened.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

Mayor Congleton: Gentlemen, do you want to hear anything further or are you ready to vote on the resolution?

Commissioner Murray: I move that we vote on the resolution.

Mayor Congleton: The motion is to concur in the recommendation of the Board of Adjustment that the application of David Galowitz be approved.

Commissioner Egan: Mr. Mayor, before you call the roll on this application, I would like to have the matter held up for one week and referred to the Building Department, to see that the alterations will be based upon a set of plans which will be entirely within our understanding of what Mr. Greenbaum has explained to us ver-

bally. If this proposed alteration means the use of the sidewalk in any respect for this gasoline station, I personally would be opposed to it.

Commissioner Howe: So would I.

Commissioner Egan: The elimination of the portable tanks on the sidewalk and the elimination of the driving-in and backing-out in order to obtain gas at this place, which condition is already under permit, as against a new layout within the garage building, is a change which would be to advantage to make. I would not like to see the application considered favorably until it has been technically covered by the Building Department.

Commissioner Howe moved that the resolution be laid over to June 18, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

Invitation from George W. Page, Chairman of Convention Committee of the City of Trenton, N. J., to attend the Annual Convention of the American Association for Hygiene and Baths, to be held in Trenton, N. J., June 20th and 21st.

Referred to Commissioner Murray.

Michael P. Duffy Association, Inc.

597 South Orange Avenue,

Newark, N. J., June 9th, 1930.

The Board of Commissioners  
of The City of Newark,

City Hall,  
Newark, N. J.

Gentlemen:-

At our last regular meeting the following resolution was unanimously adopted:

"WHEREAS, Almighty God in His infinite wisdom has seen fit to take from our midst and call Director William J. Brennan to His own; and

WHEREAS, it was our pleasure to have Director Brennan as our friend for many years; it is therefore

RESOLVED, that our deepest sympathies be extended to his family and to the Board of Commissioners;

And that this resolution be spread upon the minutes of this Association, and a copy be sent to the Board of Commissioners and to Mrs. William J. Brennan.

Yours in sympathy,

Michael P. Duffy Association.

Resolution Committee:

Joseph Reilly

John Patterson

Joseph A. Quinn

Received and noted on minutes.

To the Mayor and  
Commissioners of the  
City of Newark: .

The petition of Antonio De Lorenzo shows that:

He was born in Teora, Italy, on January 20, 1859, and is now in his seventy-first year in age.

He was appointed as laborer in the Water Department of the City of Newark, N. J., during the week of June 5, 1899, and has worked continuously in that capacity ever since, and is still so employed, so that he has been continuously in the employ of the City of Newark for thirty-one years.

He now resides at 154 Second Street, Newark, N. J., and his advanced age makes it advisable for him to cease laborious work.

He therefore asks that he may be granted a pension in accordance with the provisions of an act entitled:

"An Act to provide for the maintenance of old and faithful servants of the several cities of the State of New Jersey," Chapter 103, page 194, Laws of 1923, which provides:

1. Any person who has been continuously in the employ of any city

of the State of N. J. for a period of 25 years, and having reached the age of 70 years, may retire or be retired at any time thereafter; provided, however, that nothing in this act contained shall in any way affect the provisions of Chapter 160, of the Laws of 1920.

2. On or after such retirement the said employee shall be paid by said city one-half of the amount he or she was receiving as salary from the city at the time of their retirement.

3. This act shall take effect immediately.

Approved March 20, 1923.

Joseph T. Brienza,

Attorney for Petitioner.

Mr. Joseph P. Brienza, 689 South 19th Street.

Mr. Mayor and Commissioners, I have here a petition in behalf of Antonia De Lorenzo to be awarded his pension under the act passed by the Legislature in 1923, which provides that any person who has worked continuously for any city in this State and has attained the age of seventy years may be retired or may retire himself upon a pension of one-half of his salary.

Mayor Congleton: We are quite familiar with the act.

Mr. Brienza: Mr. De Lorenzo is a man seventy-one years of age—

Mayor Congleton: Submit your proof and your papers in the regular way, and they will be taken up.

Mr. Brienza: All right, thank you.  
National Municipal League,

261 Broadway,

New York, N. Y., June 10, 1930.

Honorable Jerome T. Congleton,

Chairman, Board of Commissioners,  
City of Newark,

City Hall, Newark, N. J.

My dear Mayor Congleton:

I take pleasure in submitting here-

with a report on my survey of the purchasing agencies and purchasing methods of the central city government of Newark. I regret that I have been so delayed in completing this report. When I undertook the project, however, I informed the City Commission that I would have to complete it at odd moments in connection with my regular duties. Although several weeks have been occupied, I have spent only five days in field work and three days in the office in the preparation of the report, making a total of eight days' work.

I hope that I may be able to help you in improving the purchasing system of the city in accordance with whatever decision you make on the basis of my report.

Cordially yours,

RUSSELL FORBES,

Secretary.

Commissioner Gillen: I move that it be received and referred to conference. I further move that the City Clerk be requested to make a sufficient number of copies to provide for each Commissioner and have it sent to them, and that we take it up in conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray offered the following resolution:

RESOLVED, that Charles Mooney, Oiler and Wiper, employed at the Cen-

tre Market, Department of Parks and Public Property, as Oiler & Wiper, be and he is hereby transferred to the Bureau of Baths, Department of Public Works, as Oiler and Wiper, at a salary of \$2,975. per annum, same to take effect dating from June 1, 1930.

Jno. F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, JR.,  
City Clerk.

Newark, N. J., June 18, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of June 11th were read and approved.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: I have agreed to lay that over at the request of the property owners for two weeks.

Commissioner Howe moved that the ordinance be laid over until July 2nd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, and temporary paving with broken stone of Allegheny Avenue from Foundry Street to Avenue "P", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? (No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading and temporary paving with broken stone of Allegheny Avenue from Foundry Street to Avenue "P".

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An Ordinance to provide for the grading and temporary paving with broken stone of Allegheny Avenue from Foundry Street to Avenue "P", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading and temporary paving with broken stone of Allegheny Avenue from Foundry Street to Avenue "P".

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Marion Street, from Grafton Avenue northerly to the northerly line of Montclair Avenue; for the vacation of Montclair Avenue from the easterly line of the right of way of the Newark and Paterson Branch of the Erie Railroad easterly about 667 feet to the westerly line of Riverside Avenue (formerly River Road to Belleville); for the vacation of Riverside Avenue as it is laid out 80 feet in width on the Commissioners Map of Woodside Annexation, from Grafton Avenue northerly to the northerly line of Montclair Avenue, excepting that part of the above described Riverside Avenue lying within the lines of Riverside Avenue (formerly River Road to Belleville), and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Marion Street, from Grafton Avenue northerly to the northerly line of Montclair Avenue; for the vacation of Montclair Avenue, from the easterly line of the right of way of the Newark and Paterson Branch of the Erie Railroad easterly about 667 feet to the westerly line of Riverside Avenue (formerly River Road to Belleville); for the vacation of Riverside Avenue as it is laid out 80 feet in width on the Commissioners Map of Woodside Annexation, from Grafton Avenue northerly to the northerly line of Montclair Avenue, excepting that part of the above described Riverside Avenue lying within the lines of Riverside Avenue (formerly River Road to Belleville).

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the relocation of the present City Dock Sewer from the City Dock (Municipal Dock No. 5) at the Passaic River to the intersection of Proposed Route 21 and Green Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the present City Dock Sewer from the City Dock (Municipal Dock No. 5) at the Passaic River to the intersection of Proposed Route 21 and Green Street shall be relocated, together with all the appurtenances necessary to complete the same, under

and by virtue of the provision of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 11th, 1930, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof assessed against the City at large under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$350,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$350,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolution:

**RESOLVED:** By the Board of Commissioners of the City of Newark, N. J., that the sum of \$1,200.00 be and the same is hereby appropriated to defray expenses of the Convention of the Smoke Prevention Association of the United States to be held in Newark at the Robert Treat Hotel on June 24, 25, 26, 27, 1930.

Charles P. Gillen  
John Howe  
W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray offered the following resolution:

**RESOLVED:** That the following changes affecting the payroll of the Department of Public Works, be and the same are hereby approved for the last half of June, 1930:

#### **BUREAU OF BATHS**

##### **Temporary Appointments:**

Joseph B. Adams, Attendant-Life Guard, salary \$1,200. per annum, effective June 9, 1930.

Michael Seahill, Fireman, salary \$3,000. per annum, effective dating from June 16, 1930.

Charles Bell, Fireman, salary \$3,000. per annum, effective dating from June 16, 1930.

William Van Damark, Engineer, sal-

ary \$3,250. per annum, effective dating from June 16, 1930.

#### **RESCINDING RESOLUTION**

Rescinding Resolution No. 3674-P, adopted by the City Commissioners at the regular meeting held on Wednesday, June 11, 1930, insofar as it affects the appointment of Benedict Dispenzire, Life Guard.

##### **Temporary Appointment:**

Benedict Dispenzire, Life Guard, salary \$1,200. per annum, effective dating from June 4, 1930.

#### **BUREAU OF HEALTH**

##### **Temporary Services Terminated—Not Eligible for Appointment:**

Lawrence Rendis, Food & Drug Inspector, services terminated dating from July 1, 1930.

Victor Mintz, Food & Drug Inspector, services terminated dating from July 1, 1930.

Benjamin Cohen, Food & Drug Inspector, services terminated dating from July 1, 1930.

##### **Public Outing—Camp Newark:**

(Change of Name)

Nora Seeley, Cottage Maid, name changed to Emily Seeley.

##### **Resignation:**

John McCabe, Kitchen Help, resigned dating from June 25, 1930.

##### **Rescinding Resolution:**

Rescinding Resolution No. 3560 adopted by the City Commissioners at their regular meeting held Wednesday, May 28, 1930, insofar as it affects the appointment of Teresa Finn, Cook and Arthur Gallagher, Medical Assistant.

##### **Seasonal Appointments:**

Teresa Finn, Cook, salary \$100. per month, effective dating from July 1, 1930.

Arthur Gallagher, Medical Assistant, salary \$100. per month, effective dating from June 16, 1930.

Lawrence Nestor, Kitchen Help, salary \$20. per month, dating from July 1st, 1930.

#### NEWARK CITY ALMS HOUSE

##### Temporary Appointment:

John S. Johnson, Watchman, salary \$1,200. per annum, effective dating from June 16, 1930.

Harriet Wood, Cook, salary \$1,200. per annum, effective dating from June 16, 1930.

#### BUREAU OF HEALTH

##### Temporary Appointment—No Eligible List:

Frank Guidera, Bacteriological Technician, salary \$1,200. per annum, effective dating from June 16, 1930.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolutions:

**RESOLVED:** That the contract between The City of Newark and Warren Foundry & Pipe Co., the lowest formal bidder in response to public advertisement for sealed proposals for furnishing and delivering to the Department of Public Affairs of Cement Lined Cast Iron Pipe and Specials, a copy of which contract dated May 21st, 1930, hereto is annexed, be and the same hereby is approved, and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute the same on the part of The City of Newark upon the adoption of this resolution.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED:** That the contract between The City and Michael Saggese, Inc., the lowest formal bidder in response to public advertisement for sealed proposals for the construction of a sewer along the State Highway Route No. 25 and Port Street, Port Newark Terminal Development Project, dated the 10th day of June, 1930, and awarded to Michael Saggese, a copy of which contract is hereto annexed, be and the said contract is hereby approved, and the director of the Department of Public Affairs and the City Clerk are authorized and directed to duly execute the same on behalf of the City upon the passage of the resolution.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** in accordance with the provisions of Chapter 113 of the State Laws of 1919, an estimate was submitted to the Board of Commissioners of the City of Newark by the Engineer in charge of the Bureau of Sewers showing the probable cost of constructing a sewer in Summer Avenue from Sylvan Avenue about 140 feet northerly to the Orange Outlet Sewer, for the use of the abutting property only, together with lateral connections to the curb lines of said street, to be \$600.00, said probable cost being based on the best information obtainable as to the probable cost of such sewer;

**AND WHEREAS,** The Board of Commissioners signified its intention by a resolution to construct such a sewer in Summer Avenue from Sylvan Avenue about 140 feet northerly to the Orange Outlet Sewer for the use of the abutting property only together with lateral connections to the curb lines, at a

meeting of said Board held on May 28, 1930:

AND WHEREAS, a copy of such resolution together with a notice stating that objections to the making of said improvement would be heard by the Director of the Department of Public Affairs on June 9th, 1930, at 10 o'clock A. M., was mailed or caused to be mailed by the Engineer to the last known address of the last owner of record, as shown by the tax maps of such city, of the property abutting on the portion of the street or highway through which such sewer is proposed to be constructed;

AND WHEREAS, A copy of such resolution and notices was posted conspicuously in the City Hall at least five days prior to the introduction of this resolution, setting forth the final decision of said Board to cause the construction of said sewer;

THEREFORE BE IT RESOLVED, That this Board hereby signifies its final decision to construct a sewer in Summer Avenue from Sylvan Avenue about 140 feet northerly to the Orange Outlet Sewer together with lateral connections to the curb lines, and the construction of such sewer to be done by day labor under the supervision of the Department of Public Affairs.

Commissioner Howe: I move that the resolution be laid over to July 2, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation

from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Kaes Brothers for the construction of a public garage; premises 3-5 Kossuth Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that the resolution be laid over to July 2, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following petition was received and read:

We, the undersigned, do hereby certify that in 1928 and 1930, we purchased land from the Caruso Realty Company, a New Jersey corporation, amounting to about 845 front feet, which land is within 200 feet of 392 2nd Avenue, Newark, N. J.

We further certify that at the time of this transaction it was verbally agreed by and between the Caruso Realty Company and the undersigned that the Caruso Realty Company would retain title to the land known as 392 2nd Avenue, for the purpose of erecting stores for the convenience of our future tenants.

Corneselo Mortaccio.

STATE OF NEW JERSEY, }  
COUNTY OF ESSEX. } ss.

John F. Griffith, being duly sworn, according to law upon his oath, deposes and says:

"I am an Attorney-at-Law of the State of New Jersey, with offices at 17 Academy Street, Newark, N. J.

On May 29, 1930, I interviewed Dr. A. E. Turi, who resides at 352 North Eleventh Street, Newark, N. J., with reference to the erection of stores at 392 Second Avenue, Newark, N. J.

I asked Dr. Turi if he had signed a petition as an objector against the erection of the proposed stores and Dr. Turi informed me that 352 North 11th Street, the house in which he lived, was owned by the Baldwin Construction Company, a New Jersey Corporation, that he was President of the said corporation and that the said corporation had not signed any petition as an objector, nor had he, as President, signed any petition as an objector, and he further stated that he had no knowledge of any petition being signed in his behalf.

John F. Griffith.

Subscribed and sworn to before me this 11th day of June, 1930.

JANET C. JARIE,

Notary Public of N. J.

We, the undersigned owners of property within 200 feet of 392 Second Avenue, Newark, N. J., having previously objected to the erection of stores, and after seeing the plans of the proposed building at the above address, do hereby withdraw any objections we may have had to the erection of same.

Angelo Mineo, 345 No. 13th Street  
and thirty-one others.

Referred to Board of Adjustment.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Caruso Realty Company for the construction of stores; premises; 392 Second Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The

City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. S. M. Seeley, Kinney Building.

May it please the Commissioners, in this matter the original application was made by the Caruso Realty Company before the Adjustment Board, and at the hearing a few objectors and receiving practically no opposition to the application, with the exception of three or four objectors, the Adjustment Board decided to grant the application. Ever since the application was made and granted by the Adjustment Board there has been some opposition presented before this Honorable Board. As I understand, thirty-one signatures were secured by the opposition to oppose this application for the erection of stores on the corner of 12th Street and Second Avenue. Out of the thirty-one signatures that they have secured, we checked up the names of the parties who signed their names to the opposition, and we found that out of the thirty-one six persons are not within the two hundred feet. That leaves the opposition with twenty-four signatures.

We thereupon interviewed the people who signed the application in opposition to this application and we have secured six signatures now of those who are consenting to this application. That reduces the number opposing from thirty-one to eighteen. In addition to the six signatures we also secured fourteen additional signatures within the two hundred feet, making a total number of twenty who are favoring this application.

Now, I wish to direct your attention to this fact. Mr. Griffith, who is associated with me in this application, and Mr. Caruso interviewed some of these people who signed their names in opposition to this application, and a great many of these people expressed their desires of remaining neutral in the matter. By way of illustration, I have a short affidavit prepared by Mr. Griffith. He interviewed Dr. Turi. He is

one of the men who signed the application in opposition. He put his name to it. He said in substance that he never signed the petition. Mr. Griffith said, "I asked Dr. Turi if he did sign the petition as an objector against the erection of the proposed stores, and Dr. Turi informed me that 352 North 11th Street, the house in which he lived, was owned by the Baldwin Construction Company, a New Jersey Corporation; that he was president of the said corporation; and that the said corporation had not filed any petition as an objector, nor had he as president signed any petition as an objector; and he further stated that he had no knowledge of any petition being signed in his behalf."

Mayor Congleton: Does Dr. Turi live there.

Mr. Seley: He lives there.

Mayor Congleton: But he is going to move away very soon.

Mr. Seley: I don't know about that.

Mayor Congleton: I do.

Commissioner Murray: I understand that the Doctor's mother lives there.

Mayor Congleton: Yes, he lives there with his mother, and his mother is going to remain there.

Mr. Seley: But he is president of the Baldwin Construction Company, and the Baldwin never signed it. We respectfully submit this new petition, signed by the following persons (Reading names from 3728) in which we say: "We, the undersigned, owners of property within 200 feet of 292 Second Avenue, Newark, New Jersey, having previously objected to the erection of stores, after seeing the plans of the proposed building at the above address, do hereby withdraw any objections we may have had to the erection of same."

In addition to the twenty signatures we have the signatures of about eleven who own various properties adjoining the 200 feet.

At the last hearing there was some question raised about the Caruso Realty Company having a vast amount of property in the neighborhood and that they sold it for residential purposes

and that they reserved this corner for the purpose of erecting stores. I wish to call your attention to the following statement: "We, the undersigned, do hereby certify that in 1928 and 1929 we purchased land from the Caruso Realty Company, a New Jersey Corporation, amounting to 845 front feet, which land is within 200 feet of number 392 Second Avenue, Newark, New Jersey.

"We further certify that at the time of this transaction it was verbally agreed by and between the Caruso Realty Company and the undersigned that the Caruso Realty Company would retain title to the land known as number 392 Second Avenue for the purpose of erecting stores for the convenience of future tenants."

Commissioner Murray: Who makes that statement?

Mr. Seley: This is signed by all of the people who purchased the land from the Caruso Realty Company, 845 feet, and they all signed it. The statement specifies the number of feet, all the way through, and it aggregates 845 feet.

In conclusion, I wish to say that the majority of the owners have signed and expressed a desire that they wish to have stores erected on that corner. It is very evident that when these people bought the property from the Caruso Realty Company, which aggregates 845 feet, that they used this property for the erection of four-family houses. The entire section of the 845 feet consists of four-families. These families have to shop. They have got to purchase their groceries. They have got to buy merchandise for their households. There are absolutely no stores within the immediate neighborhood for them to buy their very necessary things.

Mayor Congleton: The Caruso Realty Company did not have trouble in selling the houses without the stores being there, did they?

Mr. Seley: No, we didn't have them. I am solely answering the question that was raised at the last meeting, that the Caruso Realty Company probably reserved this property for its own selfish purposes. I am directing your attention to the fact that at the time the property was sold it was understood

that the Caruso Realty Company would reserve this particular corner for its particular purposes.

I respectfully submit that it would be a decided benefit for this section to have those stores on the property.

Mr. William S. Cantalupo, Lefcourt Building.

Mr. Mayor and members of the City Commission, this matter came up before the Adjustment Board on May 6. At that time an application was made for an adjournment, which was not granted. The ground for the application, I understand, was the fact that all the objectors could not be present. It was at that meeting that the application was approved.

Now, some three or four weeks ago I went into the facts and I hardly feel that it is necessary for me to repeat the facts again, but one thing that I would like to call your attention is that during this time we have made a survey at the property—that is, at the houses and properties within this 200 feet limitation—and we find that there are 15 one-family houses ranging in value from ten to fifteen thousand dollars, that there are three two-family houses ranging in value from twenty thousand to twenty-five thousand dollars, and that there are ten four-family duplex houses worth about \$24,000 each.

Mayor Congleton: How many stories high are they?

Mr. Cantalupo: Two stories. There is one ten-family brick apartment house worth about \$50,000. There are fourteen lots, seven of which are restricted for private dwellings only until 1953, the others being covered by the zoning restriction.

Now, we challenge the statement that is made by the Caruso Realty Company as to the ownership of the majority of this land by them. They may have sold the property to the property owners within this area as brokers, receiving commissions for the sales, but they were not the owners of the 845 feet that I understand they claim to own.

Four short blocks away there, about 900 feet, is Roseville Avenue. There

are a number of stores there. There are a good many stores in a row there that have never been rented yet, although they have been erected for over two or three years. Two blocks away is Springdale Avenue where there are five stores that have been erected for two years; yet not one of them has been rented. The northeast corner of North 11th Street is covered by the Zoning ordinance. The ordinance permits the erection of stores. I understand that there has been a permit issued for the erection of seven stores there, two blocks away.

I charge that the Caruso Realty Company is not acting in good faith. They have this property under sale, I understand. There is a contract for sale, providing that a permit is granted for the erection of stores on this corner. They will be out of the neighborhood. They will not be known as the developers. They will not be interested in the locality and therefore will not be interested in holding up the residential character of the neighborhood and seeing that it is protected.

There must be taken into consideration that this property is quite valuable. A good many of them are two-family houses, where the owner must rely upon rent in order that he may pay his building and loan, taxes, and so forth. Taxes are quite high in the locality, it being all modern homes built within two years or so. For that reason it would be a great detriment to the property to have these stores erected in that locality where they are so unnecessary, so uncalled for and spoiling that locality, changing it into a non-residential section.

In April this Board decided and recommendations to be made in so far as what part of the City should be restricted and what part should not. This Board, after due and careful consideration directed that that corner be a residential class A section. Yet within two months of that time an application is made to change the character of this locality by the building of stores.

Now, I say that if the Caruso Realty Company were acting in good faith, if they were the developers of this property, they say that they are the owners

and were the owners of certain properties; they have not taken into consideration that the possible sides of the streets were never owned by them. They may have owned some property above this store, but not on the other side. These people must be taken into consideration. The deed restricted us, and I understand that a good many of the property owners within the 200 feet say that this property was restricted until 1953 as against stores.

Now, on all those facts, if this Board feels that stores should be placed in this locality, which stores undoubtedly will be vacant, I say that we must not forget that it will be a great hardship to the people in this vicinity, who have bought this property and have paid high prices, in order that they might be protected and live in a residential section. I respectfully urged that this Board use its discretion and thereby with the action of the Zoning Board.

Commissioner Murray: Do you represent the owners of the property where permits have been given for building of seven stores which have not been built yet?

Mr. Cantalupo: I do not, Mr. Commissioner. I have been so advised by a realtor. There is a sign on that corner of First Avenue and 11th Street which says, "Sold. Stores will be erected here."

Commissioner Murray: The stores on Roseville Avenue, four blocks away, and on Springdale Avenue, two blocks away, have not been rented?

Mr. Cantalupo: That is a fact. I know that myself. I want to call attention to the fact that the corner has a sign on it, "For Sale, Caruso Realty Company." Why they are making application to build stores on it, I don't know.

Mr. Seley: I understand that Mr. DiLenardo has a sign on that very building that Mr. Cantalupo spoke of, as being the sole agent of these stores, and he is one of those appearing in opposition. I want to bring to the Commissioners' attention the fact that there are twelve one-family houses and fourteen four-family houses in the section.

Mayor Congleton: These four-fam-

ily houses are only two-stories high and look a great deal like two-family houses?

Mr. Seley: Yes.

Mayor Congleton: They are not big four-story structures.

Commissioner Egan: Mr. DiLenardo told me that he owns a house within the 200 foot area.

Mr. Seley: And he has had a sign "For Sale" on that house for the last year and a half.

I want to refute the question of Caruso Realty Company not owning any property in that section. They own today, in addition to this corner—the opposite corner belongs to the Caruso Realty Company. They also have another corner of 100 by 100 on First Avenue and 11th Street, which is in the immediate section. They are very vitally interested in this application and in this section. So far as the charge made here, that 845 feet was sold by the Caruso Realty Company as brokers, that is entirely untrue and unwarranted, because the records will prove that the Caruso Realty Company had 845 feet, which property went right through my office. I prepared all the deeds and I know all about it, so there is nothing to it at all.

Mr. Cantalupo: Those corners, I understand, are under foreclosure and are owned by the North Essex Company.

Mayor Congleton: That doesn't make any difference. It is the neighborhood that we have to consider. We don't care about the ownership.

(Hearing closed.)

Commissioner Egan: Mr. Mayor, before we take a vote on this, I would like to say that I have not seen the property. I should like to go up and look at it.

Commissioner Gillen: I move that the matter be laid over for one week.

Commissioner Murray: In this connection, it seems to me that there are two conflicting statements. The one which guided us originally was to the effect that the people objected to it. I

can't quite follow the numbers, and so forth, but the applicant endeavors to show that there are practically all the objectors signing to the contrary and that within 200 feet they are in favor of the stores. Might it not be well to ask Mr. Rankin of the Adjustment Board to take these papers and figures as given by the two sides and take the trouble to verify them. If the neighborhood objects to it we should decline to grant it. If the neighborhood wants it let them have it. I think that we should be swayed by the determination of the neighborhood within 200 feet and not be affected by the opposition of competing stores. If it is a matter of competition, we don't care whether they win or lose by it; but as to the matter of objection, if Mr. Rankin can look into it, we may take absolute reliance upon his findings, as he is absolutely neutral.

Mayor Congleton: Commissioner Murray's suggestion that the papers be referred to Mr. Rankin for the purpose of his analyzing them and giving us a report on it. You do not mean for Mr. Rankin to go up and interview the property owners, do you?

Commissioner Murray: No.

Mr. Canatalupo: May I bring in something further at the next hearing?

Mayor Congleton: You people have made your case. I think we can go ahead on what we have.

Mr. Cantalupo: Papers have been brought forth this morning which I have not investigated yet.

Mayor Congleton: Well, we will give you an opportunity to present anything further. Both sides, in fact, may have that opportunity one week from today. We have heard you on two or three occasions. I do not think it is necessary to have the matter rehearsed again, but either side may submit such further documentary evidence as they have received.

(Laid over to June 25, 1930.)

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of

Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of David Galowitz to alter the front of an existing public garage so as to provide for a drive-in gasoline station; premises 254 Belmont Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe: I move that the resolution be laid over to June 25, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Burns Brothers for the construction of a gasoline station; premises 104-116 Poinier Street; on Condition that gasoline pumps be not more than four and one-half feet high, that all signs be recessed in the street face of the building, and that lighting fixtures be attached to the building;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: I move that the resolution be laid over to June 25, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED, that Anthony Guariglia of 84 Scheerer Avenue, Newark, N. J., a resident of the Ninth Ward, be and he is hereby appointed a Constable from said Ninth Ward for a term expiring December 31, 1930.

John Howe  
Charles P. Gillen  
W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

RESOLVED, that Fred D'Alessandro of 280 South Sixth Street, a resident of the Fourteenth Ward, be and he is hereby appointed a Constable of the said Fourteenth Ward, for a term expiring December 31, 1930.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

#### **Board of Adjustment**

Newark, N. J., June 18, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held yesterday resolutions were adopted granting the following applications for variations from the requirements of the zoning ordinance, and recommending that your Honorable Body allow the structures and uses in question:

Application of Benjamin Greenblatt for the operation of a miniature golf course; premises 927-933 Eighteenth Avenue.

Application of William A. Ryan (Harry Metzger, owner) for an open air automobile sales station; premises 247 Central Avenue.

Application of Essex Lumber & Millwork Co. (Mary E. Potter, owner) to use the building located at 516 Fifth Street for a lumber and trim stock room.

Application of John G. Steib for a gasoline station; premises 403 Lyons Avenue; (granted for a period of five years).

Application of John Murray for the construction of five additional garages; premises 27-29 North 9th Street.

Detailed reports on these applications will be submitted.

Respectfully,

The Board of Adjustment,

R. B. Rankin, Secretary.

Received, copies to be sent to each Commissioner, and action postponed to July 2, 1930.

Newark Chapter

American Business Club

Newark, N. J., June 12, 1930.

Board of Commissioners,  
City of Newark,

Newark, N. J.

Hon. City Commissioners:

At a meeting of the Newark Chapter,

American Business Club, the resolution was adopted for the opening of Marshall Street, from Coes Place west to High Street. It would, therefore, create a direct thoroughfare from Broad Street to Belmont Avenue, therefore greatly relieving traffic congestion in this area.

We trust that you will give this matter your careful consideration at your next City Commissioners' meeting.

Very truly yours,

Lawrence C. Kennedy, Secretary.

524 Central Avenue, City.

Mayor Congleton: That is already in the hands of the Engineering Department and has been for a few weeks. It was Commissioner Gillen's suggestion that they make a study of it.

Commissioner Egan: I move that it be referred to the Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication from Walter R. Darby, Commissioner of Municipal Accounts, relative to 1930 legislation, tax payments on accounts and partial payment of taxes was received, read and on motion ordered referred to the Director of Revenue and Finance.

The following annual report was received and ordered filed:

Newark Technical School for year 1929.

Mayor Congleton: Has any person any matter to bring to the attention of the Commission this morning?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. EGAN

JOHN HOWE

CHARLES F. GILLEN

JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, JR.,  
City Clerk.

Newark, N. J., June 25, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of June 18th were read and approved.

The City Clerk presented An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete foundation, repaired or built up as directed, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until July 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until July 23rd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard upon this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An amendment to an ordinance entitled: "An ordinance regulating the sale and distribution of milk and milk products in the City of Newark, adopted December 2, 1913, and amendments thereto.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An amendment to an ordinance entitled: 'An ordinance regulating the sale and distribution of milk and Milk products in The City of Newark, adopted December 2, 1913, and amendments thereto'" be taken for its third reading.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An amendment to an ordinance entitled: "An ordinance regulating the sale and distribution of milk and milk products in The City of Newark, adopted December 2, 1913, and amendments thereto.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented A Supplement to an ordinance entitled: "An ordinance regulating the sale and distribution of milk and milk products in the City of Newark", adopted December 2, 1913, and the amendments thereto, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing .

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

A Supplement to an ordinance entitled: "An ordinance regulating the sale and distribution of milk and milk products in the City of Newark", adopted December 2, 1913, and the amendments thereto.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "A Supplement to an ordinance entitled: 'An ordinance regulating the sale and distribution of milk and milk products in The City of Newark', adopted December 2, 1913, and the amendments thereto", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

A Supplement to an ordinance entitled "An ordinance regulating the sale and distribution of milk and milk products in the City of Newark", adopted December 2, 1913, and the amendments thereto.

The ordinance having been read three times was then declared to be upon its third and final passage

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquisition of property known as No. 227 Mulberry Street, in the City of Newark, for City use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the land hereinafter particularly described, situate in the City of Newark shall be acquired by the City of Newark, either by purchase or condemnation, for City use:

BEGINNING in the westerly line of Mulberry Street at a point 90 feet south of Green Street; from thence running westerly along Mandeville's line 87 feet to land of Herbert W. Chapman; thence along his line southerly 23 feet, 5 1/2 inches; thence easterly 87 feet to Mulberry Street and at a point 24 ft. from pt. 0 of beginning; and thence northerly along Mulberry Street 25 ft. to the place of BEGINNING.

Being the same premises conveyed to James Gerahty, in his lifetime, by Deed from Thomas Van Wagoner; and another, executors of the Last Will and Testament of Robert Van Wagoner, Deceased, dated Sept. 30, 1887, recorded in Book R-23/505 of Deeds for Essex County, and of which premises said James Gerahty died seized, leaving a last will and testament, duly filed in the Essex County Surrogate's Office.

2. That the total cost of the purchase of said lands shall not exceed the sum of twenty-seven thousand, three hundred fifty dollars (\$27,350.);

3. Pursuant to the provision of—

**Section 13, of Chapter 252, P. L. 1916, as amended**

there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding twenty-seven thousand, three hundred fifty dollars (\$27,350), bearing interest at a rate not exceeding 6% per annum, payable semi-annually, for the purpose of temporary financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this

ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such times or time in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of twenty-seven thousand, three hundred fifty dollars (\$27,350.), to be raised by the issuance of such temporary loan bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that July 9th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquirement of property known as No. 233 Mulberry Street, in the City of Newark, for City use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the lands hereinafter particularly described, situate in the City of Newark, shall be acquired by the City of Newark, either by purchase or condemnation, for City use:

BEGINNING on the west side of Mulberry Street at the south corner of Robert Van Wegenen's lot on which a house stands known as 131 Mulberry Street; thence running along said Van Wagenen's line westerly 100 feet, to Jame Bruen's Lot; thence southerly along said Bruen's line 32 feet; thence at right angles and parallel with said Van Wagenen's line 100 feet, to Mulberry Street; thence along the same northerly 32 feet to the BEGINNING corner. Also a strip of land 3 feet in width on the front and rear and 100 feet, more or less, in depth, lying on the south side of the above lot, and running along the same the whole depth thereof, known as No. 233 Mulberry Street.

Being the same premises conveyed to Ezra W. Whitehead, in his lifetime, by Mary Perry by deed dated September 10, 1857, recorded in Book H-10/517 of Deeds for Essex County, and of which said Ezra Whitehead died seized, leaving a last will and testament which was duly admitted to probate by the Surrogate of Essex County, in and by which said last will and testament the testator devised the above mentioned lands to his daughter-in-law, Lucy D. Whitehead, for life, remainder to her children, in fee, the issue of any deceased child to take the parent's share.

2. That the total cost of the purchase of said lands shall not exceed the sum of forty-two thousand dollars (\$42,000.)

3. Pursuant to the provisions of—  
Section 13, of Chapter 252, P. L., 1916

(as amended)

there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding forty-two thousand dollars

(\$42,000), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provision of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or as many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of forty-two thousand dollars (\$42,000) to be raised by the issuance of such temporary loan bonds, is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton

Commissioner Gillen moved that July 9th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to rescind an ordinance entitled: "An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, and providing for the financing thereof", adopted June 18, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled "An ordinance to authorize the acquirement, by purchase or condemnation of lands in the City of Newark, and providing for the financing thereof", adopted June 18, 1930, be and the same is hereby rescinded.

2. This ordinance shall take effect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that July 9th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquirement of lands on the northerly line of the Tow Path of the Morris

Canal, in the City of Newark, for city use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the lands hereinafter particularly described, in the City of Newark, shall be acquired by The City of Newark, either by purchase or condemnation, for city use:

**FIRST TRACT: BEGINNING** at a point in the northerly line of the tow path of the Morris Canal, being about opposite the southwesterly corner of Lexington Street and Passaic Avenue, which beginning point is located as follows:

**BEGINNING** in the northerly line of the tow path of the Morris Canal at the center of a monument stone which locates the southwesterly corner of the property now or formerly belonging to the Passaic Chemical Company, the center of said monument stone being distant 2 feet, 3 1/2 inches, westerly from the southwesterly corner of the brick foundation of the building standing on said property of the Passaic Chemical Company; thence along the northerly line of the tow path south 76° 54' west 228 feet, 2 inches; thence still along the same north 71° 51' west 267 feet, 2 1/2 inches; thence still along the same south 74° 55' west 100 feet; thence still along the same south 81° 45' west 294 feet, 5 inches, to the beginning point of the premises herein described; thence running along said northerly line of the tow path of the Canal south 31° 45' west 2 feet, 10 inches; thence still along the same south 78° 24' west 206 feet 4 1/2 inches; thence still along the same south 79° 32' west 70 feet, 9 1/2 inches, to the southwesterly corner of land formerly of Charles W. Cox, Substituted Trustee, etc.; thence along the westerly line of same north 12° 34' west 101 feet, 2 inches, to the dock line of the Passaic River; thence easterly along the same to a point which will be in a line drawn northerly from the beginning point parallel with the westerly line of the premises herein described; thence south 12° 24' east

parallel with said westerly line 80 feet, more or less, to the northerly line of the tow path and place of BEGINNING.

**SECOND TRACT: BEGINNING** at a point in the northerly line of the tow path of the Morris Canal being about opposite the southwesterly corner of Oxford Street and Passaic Avenue, which beginning point is located as follows:

**BEGINNING** in the northerly line of the tow path of the Morris Canal at the center of the monument stone which locates the southwesterly corner of the property now or formerly belonging to the Passaic Chemical Company, the center of said monument stone being distant 2 feet, 3 1/2 inches, westerly from the southwesterly corner of the brick foundation of the building standing on said property of the Passaic Chemical Company; thence along the northerly line of the tow path of the Morris Canal south 76° 54' west 228 feet, 2 inches; thence still along the same south 71° 51' west 267 feet, 2 1/2 inches; thence still along the same south 74° 55' west 100 feet; thence still along the same south 81° 45' west 34 feet, 5 inches, to the above mentioned beginning point of the tract herein described; thence running along the northerly line of the tow path about 81° 45' west 260 feet to the southwesterly corner of land conveyed by Charles W. Cox, as Substituted Trustee, to P. Reilly & Son, by deed dated January 11, 1912, and recorded in Book Q-50/231 of Deeds (being the first tract above described); thence along the same north 12° 34' west 80 feet, more or less, to the dock line on the Passaic River; thence easterly along the same to a point which will be in a line drawn northerly from the beginning point parallel with the east-line of land conveyed to P. Reilly & Son by deed above mentioned, recorded in Book Q-50/231 of Deeds; thence south 12° 34' east 101 feet to the place of BEGINNING.

2. That the total cost of the purchase of said lands shall not exceed the sum of twelve thousand, five hundred dollars (\$12,500.);

3. Pursuant to the provisions of—  
Section 13, of Chapter 252, P. L. 1916

(as amended)

there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding twelve thousand, five hundred dollars (\$12,500.), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance, is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 4. The sum of twelve thousand, five hundred dollars (\$12,500.) to be raised by the issuance of such temporary loan bonds, is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that July 9th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

RESOLVED: By the Board of Commissioners of the City of Newark that the sum of \$42,000 be and the same is hereby appropriated to Estate of Ezra Whitehead, being the purchase price of certain lands agreed to be sold to the City by said Estate, said lands being situate in the City of Newark, and more particularly described as follows:

BEGINNING on the west side of Mulberry Street at the south corner of Robert Van Wagenen's lot on which a house stands known as No. 131 Mulberry Street; thence running along said Van Wagenen's line westerly 100 feet, to James Bruen's lot; thence southerly along said Bruen's line 32 feet; thence at right angles and parallel with said Van Wagenen's line 100 feet, to Mulberry Street; thence along the same northerly 32 feet to the BEGINNING corner. Also a strip of land 3 feet in width on the front and rear and 100 feet, more or less, in depth, lying on the south side of the above lot, and running along the same the whole depth thereof. Known as No. 233 Mulberry Street.

Being the same premises conveyed to Ezra W. Whitehead, in his lifetime, by Mary Perry by deed dated September 10, 1857, recorded in Book H-10/517 of Deeds for Essex County, and of which said Ezra Whitehead died seized, leaving a last will and testament which was duly admitted to probate by the Surrogate of Essex County, in and by which said last will and testament the testator devised the above mentioned lands to his daughter-in-law, Lucy D. Whitehead, for life, remainder to her children, in fee, the issue of any deceased child to take the parent's share;

said sum to be paid to said Estate of Ezra Whitehead upon the filing by it of a Warranty Deed, approved as to form by the Law Department, conveying the lands aforesaid to The City of Newark, free and clear of all encumbrances except taxes for 1930, which are to be apportioned as of closing title, said Deed to be filed with the Acting Auditor of Accounts.

Charles P. Gillen  
Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED:** By the Board of Commissioners of the City of Newark that the sum of \$27,350, be and the same is hereby appropriated to Estate of James Geraghty, being the purchase price agreed to be accepted by said estate for a conveyance to The City of Newark of certain property owned by it, situate in the City of Newark, more particularly described as follows:

BEGINNING in the westerly line of Mulberry Street at a point 90 feet south of Green Street; from thence running westerly along Mandeville's line 87 feet to land of Herbert W. Chapman; thence along his line southerly 23 feet, 5½ inches; thence easterly 87 feet to Mulberry Street and at a point 24 feet from point of beginning; and thence northerly along Mulberry Street 25 feet to the place of BEGINNING.

Being the same premises conveyed to James Geraghty, in his lifetime, by deed from Thomas Van Wagoner, and another, executors of the Last Will and Testament of Robert Van Wagoner, deceased, dated Sept. 30, 1887, recorded in Book R-23/505 of Deeds for Essex County, and of which premises said James Geraghty died seized, leaving a last will and testament, duly filed in the Essex County Surrogate's Office;

said sum to be paid to said Estate of James Geraghty upon the filing by it of a Warranty Deed, approved as to form by the Law Department, conveying the lands in question, with the Acting Auditor of Accounts of the City of Newark, such conveyance to be made free and clear of all encumbrances except taxes for 1930, which are to be apportioned as of closing title.

Mayor Jerome T. Congleton,  
City Hall,

Newark, N. J.

In re: application of Caruso Realty Co. of stores—Second Avenue and 12th Street.

Dear Mayor:-

Upon returning to my office today and looking in my diary, I find that I have set aside Wednesday, June 25th, 1930, for an outing being held by the Directors of the Star of Essex Building & Loan Association.

The above matter has been adjourned a number of times on request of the Caruso Realty Company, my opponent, and this morning on the suggestion of Commissioner Murray the matter was closed and held over one week, to wit, June 25th, 1930, to be voted upon by the City Commission. I have been quite interested in this matter in behalf of the property owners and have appeared at least three or four times in their behalf. I certainly would want to be present upon the final consideration. The Building & Loan Outing was set down for June 25th over a month ago and I did not anticipate the above matter being adjourned so long.

Under the circumstances, could you

advise me whether this matter can be finally closed on Wednesday, July 2nd, 1930, so that I can carry out my appointment with my Building & Loan Association.

Thanking you for any consideration you may give me in this matter and hoping to get an immediate reply, I am

Sincerely yours,

WILLIAM S. CANTALUPO.

Ordered filed.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Caruso Realty Company for the construction of stores; premises 392 Second Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Egan: It would seem to me, Mr. Mayor, that this thing should be disposed of now without any further comment on either side. I am ready to vote on it.

Commissioner Murray: Counsel for the other side requested an adjournment. I move it be adjourned one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this

Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of James F. Smith for a gasoline station on State Highway No. 25, at Carnegie Avenue; on condition that permits be obtained and work commenced within 90 days;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe: I move that the resolution be laid over until July 9, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of David Galowitz to alter the front of an existing public garage so as to provide for a drive-in gasoline station; premises 254 Belmont Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby

directed to issue a permit for the application above set forth.

Commissioner Egan: I have not received any report from the Building Department. I move it be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Burns Brothers for the construction of a gasoline station; premises 104-116 Polner Street; on condition that gasoline pumps be not more than four and one-half feet high, that all signs be recessed in the street face of the building, and that lighting fixtures be attached to the building;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Egan: The same situation exists on this one as on the previous one.

Mayor Congleton: Commissioner Egan has not had a report as yet and asks that it be laid over one week.

Mr. E. Garfield Gifford: My clients would be willing to locate those pumps as requested by the Building Department. In the absence of that report the request for an adjournment for one week is not objected to.

Commissioner Egan: I move it be laid over one week.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

WHEREAS, on April 16, 1930, the Board of Commissioners adopted a resolution approving the recommendations of the Board of Adjustment and granting the application of Elmer T. Bley for a gasoline station at 95-97 James Street in accordance with plans filed and attached thereto; and

WHEREAS, the applicant now desires to use twenty-five additional feet on James Street in order to improve the plan of his station; therefore be it

RESOLVED, by the Board of Commissioners of the City of Newark that the revised plans hereto attached be approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit in accordance with the revised plans.

John Howe  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

The following communication was received and read:

Board of Adjustment  
Newark, N. J., June 25, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

At a special meeting of the Board of Adjustment held yesterday resolutions were adopted varying the Zoning Ordinance and granting the application of City Centre Corporation to alter the basement of Centre Market so as to provide for the parking of automobiles.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above use be allowed.

The Board of Adjustment,

R. B. Rankin, Secretary.

Ordered filed.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of City Centre Corporation to alter the basement of Centre Market so as to provide for the parking of automobiles;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: I understand there are some people here who want to be heard on this matter.

Dr. A. G. Vogt: Mr Mayor and Commissioners, of course I have just returned from abroad and I received this notice that this application was to be made before this Department yesterday. Unfortunately for me, I did not receive it in time. But we, as property owners, would object to the granting of this privilege and would ask this Board of Commissioners not to grant this application for the reason that originally the lease was made for a specific purpose: As we understand it, for merchandising and for office buildings. And I think the objections of the lamented Commissioner Brennan still hold good; The extreme hazard of a garage in this building underneath. He objected upstairs, now they are going downstairs

where there are hundreds of people. Of course, that part is for you gentlemen to determine—I am not all certain—the property holders in the vicinity against the granting of this privilege, and I would therefore ask you gentlemen to adjourn this subject for at least two weeks. Next week would be sufficient, but it is right near the holiday period and most people will be away, and I wondered if it would work any hardship to the applicants to adjourn it for two weeks so we could get our forces together, a united front. I understand Mr. Kussey objected yesterday, representing some neighboring property holders. We do own some land in the neighborhood, and at the proper time we want to put up a proper building commensurate with the conditions there, and that will increase the ratables of that neighborhood. And if it is at all possible I would request you gentlemen to adjourn this.

Commissioner Gillen: How could this injure your property?

Dr. Vogt: Well, we think it will. Possibly we may not object to this if we can analyze the subject and analyze the application; but we think at this time that it will injure us because the same hazard exists. Here is a garage underneath where hundreds and hundreds of people are going to walk. I am not permitted to allow my chauffeur to live over my garage, under the ordinance; we have to have a separate place for him; and I wondered if the same conditions existed here.

Commissioner Gillen: The law permits garages in the basement under certain conditions.

Dr. Vogt: I was not permitted.

Commissioner Gillen: All over the country they have them, hotels and places all over.

Dr. Vogt: I realize that, but it seems to me at the present moment, it looks to me as though it would be an objection.

Commissioner Gillen: I think you are mistaken regarding the intention of the lessees. They explicitly stated in their application in the beginning that they were going to have a garage in the basement.

Dr. Vogt: There is one above now.  
Commissioner Gillen: Yes, and in the basement, and they also stated they might go down in a sub-basement and have another one there provided the construction would permit.

Dr. Vogt: Didn't Commissioner Brennan object to that?

Commissioner Gillen: No. Mr. Brennan was satisfied if a sprinkler system would be installed; and under the permit now granted, or to be granted, a sprinkler system will have to be put in there and it will cost them about \$25,000.

Dr. Vogt: Didn't his objection create this new application?

Commissioner Gillen: No. He amended the ordinance and put the sprinkler system in so as to prevent any real danger such as you fear there. And with the sprinkler system in there there is virtually no danger at all.

Dr. Vogt: Of course, we were in Europe at the time he objected to this, and we thought it was very good.

Commissioner Murray: Also, it might be said that it was within their contemplation that they might put up a building that would be solely a garage.

Dr. Vogt: I didn't so understand it and probably I didn't read it that way. Our understanding in the neighborhood was that they were going to have a commercial establishment, which, of course, would be a great benefit to the neighborhood.

Commissioner Gillen: We have to come to the realization very soon that you have got to get cars off the street, no matter where you put them, provided you put them in a place that has a sprinkler so there will be no conflagrations; and in the city any new garage that is created will be a benefit.

Dr. Vogt: But it is positively only a garage.

Commissioner Gillen: A parking station.

Dr. Vogt: No other business is permitted in that building.

Commissioner Gillen: Oh no.

Dr. Vogt: All over the country you will find that?

Commissioner Gillen: Nonsense. They have it in hotels and all sorts of commercial buildings.

Dr. Vogt: I have traveled pretty nearly all over the world, Commissioner, and there is only one place I know that they do, and that is the Biltmore Hotel in Los Angeles.

Mayor Congleton: What about the Hotel Statler in Boston?

Dr. Vogt: Well, they have done the same.

Commissioner Gillen: They are putting them in all over.

Dr. Vogt: Possibly if we looked into this subject we might be with the whole subject. I don't know.

Commissioner Gillen: You see, this building is a great big heavy cement building. It would take three or four days to burn any floor in that building. The worst thing that could come from there would be smoke, and that would come out through the windows.

Dr. Vogt: Many so-called fireproof buildings have had the greatest loss of life. Unfortunately that is true.

Commissioner Gillen: You can't stop putting up buildings for that reason.

Dr. Vogt: I agree we have got to get the machines off the street, and if it is a garage it must be a garage.

Commissioner Gillen: Oh no, it is only partly a garage. It is a garage to accommodate the patrons of the market and also to accommodate the patrons of the arena to be built on the top floor.

Dr. Vogt: They have that now.

Commissioner Gillen: It is not sufficient and would not be sufficient if you had additional business there.

Dr. Vogt: Most people object to going up the stairs, that is the reason they go to the parking stations. I guess you will agree with me.

Commissioner Gillen: The upstairs is also crowded.

Dr. Vogt: It wasn't profitable in your time.

Commissioner Gillen: It is crowded now.

Dr. Vogt: Of course, under private operation probably it is.

Commissioner Murray: In this scheme it is very much more of a parking station than it is a garage. They go in from Mulberry Street and go out the lower end.

Commissioner Gillen: You see, they are permitted—

Dr. Vogt: We might be for it. I don't know whether I am asking something that is unreasonable, and I hope I am not, but to give—

Commissioner Gillen: Personally, I wouldn't want to see it postponed over a week, because these people have now made their arrangements to proceed with their big construction and spend a million or more dollars on the market building, and it is the initial step in the construction, and they have their plans and everything ready, and I do not think it ought to be postponed, and if we are going to give them a permit it should be given without delay.

Dr. Vogt: If my position is wrong we would be with you.

Commissioner Gillen: I move it be laid over for one week.

Mayor Congleton: The motion should be the regular rule should be suspended and it should be taken up one week from today.

Commissioner Gillen: I will make that motion.

Dr. Vogt: Thank you very much.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

The Village of South Orange

New Jersey, June 19th, 1930.

Mr. P. J. O'Toole, City Clerk,  
Newark, N. J.

Dear Mr. O'Toole:-

Enclosed herewith find a certified copy of a resolution pertaining to the turning over of Irvington Avenue, in the Village of South Orange, to the County of Essex and the improvement of same, which resolution was adopted at a meeting of the Board of Trustees of the Village of South Orange held June 16th, 1930.

I hereby acknowledge receipt of a certified copy of a resolution from you adopted by the Commissioners of the City of Newark at a meeting held May 28th relative to the turning over, widening and improvement of Irvington Avenue by the Board of Freeholders of the County of Essex.

Very truly yours,

M. A. FITZSIMMONS,

Village Clerk.

Ordered filed.

State of New Jersey

Meadows Reclamation Commission

323 Broadway

Newark, N. J., June 21, 1930.

To the Honorable Mayor and Council:

This Commission has been authorized by the Legislature of the State of New Jersey to prepare a plan for the reclamation and utilization of the meadow lands bordering Newark Bay, the Hackensack and Passaic River and Arthur Kill.

Respectfully yours,

Harry W. Renner

Secretary.

Referred to the Mayor.

The following reports of City officers were received and ordered filed:

Overseer of the Poor for March, April and May, 1930.

Auditor's Trial Balance as of May 31, 1930.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

A communication from C. H. Bishop, of 204 Miller Street, Newark, N. J., in the interest of the Commission men of Newark, regarding the desirability of combining the Farmers' Market and the Commission Dealers Market, so that they can be operated as one, was received, read and on motion ordered referred to Commissioner Gillen.

Mr. C. H. Bishop, 204 Miller Street, Mr. J. S. Hageman, 205 Miller Street, Mr. John H. Van Riper, Montville, N. J., and Mr. Jacob Heller, 126 Commerce Street, appeared and requested the Board to establish a Farmers' Market near the Commission Merchants Market in Miller Street.

Commissioner Gillen moved that the Board inspect the section suggested for a Farmers' Market after the conference to be held next Tuesday morning.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mr. Henry Green appeared before the Board and suggested that another conference be held in relation to the unemployment situation.

Mayor Congleton and Commissioner Murray stated that the Board was doing all in its power to help improve unemployment conditions and requested Mr. Green to make specific suggestions for the improvement of conditions.

Mayor Congleton: Does anyone else desired to be heard?

A petition presented by Anthony Grasso, of 249 Lake Street, protesting against the ordinance providing for the repaving of Lake Street and signed by about 30 property owners, was received, read and on motion referred to the Mayor.

Mr. Anthony Grasso, 249 Lake Street.

Mr. Mayor and Commissioners, we have a number of people coming from Lake Street on that paving bill. Of course, they are here a second time, and, of course, we feel that we should have it out once and for all. When that street before came up the Water Department came and put a six-inch main and put it across the street, and we understood at that time that the City was going to put the street in the same condition. Then after about a year or so they put on a six-foot main and left our street very bad to rent flats, and was very hard to get in your streets. We lost a considerable amount of rent and we cannot collect our rent and we were behind in our taxes on that account. We feel at this time that our street was in good shape at the time the Water Commission came along and open up the street and put in a six-foot main, and the property owners on Lake Street did not get any benefit out of it, and our taxes have to be paid and we cannot rent our flats on account of the street, and that we suppose is to put the street in better condition than it was. They told us it was temporarily filling at that time, but we find out now that they want us to pay for that. I don't think it is fair for us to have it charged against the property owners on that street.

Mayor Congleton: I do not think it is fair to charge much of it against the property owners, and that is the reason the matter has been laid over for investigation.

Mr. Grasso: Mr. Mayor, all the people are here and they are kind of tired coming down here.

Mayor Congleton: I think they will find the City will deal fairly with them.

Does anyone else have any matter to bring before the Commission?

Mayor Congleton offered the following resolution:

WHEREAS, various municipalities of New Jersey have united for the purpose of prosecuting cases before the Interstate Commerce Commission, and other tribunals, for the purpose of securing for New Jersey the benefits to which it is rightfully entitled with respect to lighterage in New York Har-

bor, and to that end have caused to be organized the New York-New Jersey Business Associates, and

WHEREAS, in the judgment of the Board of Commissioners of The City of Newark it is to the best interests of said City to join with its neighboring municipalities in said prosecution;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that it join with the New York-New Jersey Business Associates in the prosecution of cases before the Interstate Commissioner Commission, and other tribunals, looking to the readjustment of lighthage charges in New York Harbor, and

BE IT FURTHER RESOLVED, that a sum not to exceed Ten Thousand Dollars (\$10,000) be and the same hereby is appropriated to the New York-New Jersey Business Associates for the purpose of meeting its share of legal and engineering services in preparing and prosecuting said cases.

Jerome T. Congleton  
W J. Egan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
W. J. EGAN  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of the  
City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

### July, 1930

---

Newark, N. J., July 2, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Absent: Commissioner Howe.

The minutes of meeting of June 25th were read and approved.

The City Clerk presented An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, or on the old bases as directed, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the

ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: There is a request from property owners that that be laid over for two weeks.

Commissioner Gillen moved that the ordinance be laid over until July 16th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

The City Clerk presented An ordinance to provide for the resurfacing of Homestead Park from Hawthorne Avenue to Clinton Place with asphalt pavement (1½" top-1½" binder) on the old existing macadam prepared as a foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any one desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the resurfacing of Homestead Park from Hawthorne Avenue to Clinton Place with asphalt pavement (1½" top-1½" binder) on the old existing macadam prepared as a foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the resurfacing of Homestead Park from Hawthorne Avenue to Clinton Place with asphalt pavement (1½" top-1½" binder) on the old existing macadam prepared as a foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the resurfacing of Homestead Park from Hawthorne Avenue to Clinton Place with asphalt pavement (1½" top-1½" binder) on the old existing macadam prepared as a foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets:

Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundary line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundary line, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until July 30th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark Do Ordain:

1. That an ordinance entitled: "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended by extending the Third Residence District, as shown on the Zoning Map, so as to include the area described as follows:

Bounded on the east by Ridgewood Avenue; on the north by a line 100 feet south of and parallel to Clinton Avenue; on the west by a line 100 feet west of and parallel to Ridgewood Avenue; and on the south by a line 100 feet north of and parallel to Runyon Street;

Bounded on the east by Ridgewood Avenue; on the north by a line 100 feet south of and parallel to Avon Avenue; on the west by a line 100 feet west of and parallel to Ridgewood Avenue; and on the south by a line 100 feet north of and parallel to Clinton Avenue;

and that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment be and the same is hereby changed so as to include within the Third Residence District the area above described.

2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to amend an ordinance entitled: "Zoning ordinance of the City of Newark," adopted January 8, 1930", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning ordinance of the City of Newark," adopted January 8, 1930, be taken for its third reading.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete base repaired, replaced or built up as directed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Lake Street from Bloomfield Avenue to about 1800 feet southerly shall be repaved with asphalt pavement (1½" top-1½" binder) on the old concrete base repaired, replaced or built up as directed, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 26th, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said

connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof assessed against the City at large under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$44,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$44,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission" approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Egan moved that July 23rd, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J.,

be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base and on the old concrete base, repaired, replaced or built up as directed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly shall be paved, repaved and resurfaced with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base and on the old concrete base, repaired, replaced or built up as directed with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by

virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 26th, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof assessed against the City at large under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$15,-800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation, and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$15,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of

the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that July 23rd, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

"A Further Supplement to an ordinance entitled "An ordinance to establish the Names of Certain Streets in the City of Newark".

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the names of the following public streets or highways situate in the City of Newark, be and the same are hereby changed and shall hereafter be known and designated as follows:

Clifton Avenue, from Orange Street to Verona Avenue, to be changed to Roosevelt Avenue;

Norfolk Street, from South Orange Avenue to Orange Street, to be changed to Roosevelt Avenue;

Jones Street, from South Orange Avenue to Springfield Avenue, to be changed to Roosevelt Avenue;

Belmont Avenue, from Springfield Avenue to Meeker Avenue, to be changed to Roosevelt Avenue;

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray moved that July 23rd, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, under Article VI, Section 603, of Chapter 236, of the Laws of 1918, it is incumbent upon the governing body of each municipality to fix by resolution the rate of discount to be allowed for the payment of taxes previous to date on which the same become delinquent, and also the rate of interest to be charged for the non-payment of taxes on or before the date when the same become delinquent.

THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark: That

If any person who shall be assessed in any of the taxing districts of said City shall pay the second instalment of his taxes for the current year between April 15 and June 1, the Director of Revenue and Finance shall deduct therefrom three per cent.

If any person who shall be assessed in any of the taxing districts of said City shall pay the second instalment of his taxes for the current year between June 2nd and July 1st, the Director of Revenue and Finance shall deduct therefrom two and one-half per cent.

If any person who shall be assessed in any of the taxing districts of said City shall pay the second instalment of his taxes for the current year between July 2 and August 1, the Director of Revenue and Finance shall deduct therefrom two per cent.

If any person who shall be assessed in any of the taxing districts of said City shall pay the second instalment of his taxes for the current year between August 2 and September 1, the Director of Revenue and Finance shall deduct therefrom one and one-half per cent.

If any person who shall be assessed in any of the taxing districts of said City shall pay the second instalment of his taxes for the current year between September 2 and October 1, the Director of Revenue and Finance shall deduct therefrom one per cent.

If any person who shall be assessed in any of the taxing districts of said City shall pay the second instalment of his taxes for the current year between October 2 and November 1, the Director of Revenue and Finance shall deduct therefrom one-half of one per cent.

No person, however, shall be allowed any of the deductions above set forth unless the first instalment shall have been paid, and no person shall be entitled to any deduction on the payment of the said first instalment.

If any such instalment of taxes shall remain unpaid on June 1, or December 1, respectively, or if that day falls on Sunday, the next day, it shall be the duty of the Director of Revenue and Finance to charge, receive and collect upon such instalment of tax so remaining unpaid upon said days interest thereon from and after said date at the rate of nine per cent. per annum.

WHEREAS, The City of Newark is the owner of certain lands in the City of Newark, Essex County, New Jersey, described as follows:

BEGINNING at a point in the center line of Avenue A and in the center line of Bound Creek as it formerly existed, being at the end of the fourth course in the second tract of deed from Essex and Hudson Land Improvement Company to the Mayor and Common Council of the City of Newark, dated September 5, 1914, recorded September 21, 1914, in Deed Book C-55, page 209; thence (1) along said center line of Bound Creek and along said fourth course in said deed and along land of United New Jersey Railroad and Canal Company 50 feet more or less to a point which is 990 feet from Haynes Avenue (State Highway Route No. 25 120 feet wide) measured at right angles to said Haynes

Avenue; thence (2) north 30 degrees 48 minutes 7 seconds east and parallel with Haynes Avenue (State Highway Route No. 25 120 feet wide) 220 feet to a point of curve; which point of curve is at the end of the eighth course in a line described as follows:

BEGINNING at a point on the west shore line of Newark Bay, said point being situated 800 feet more or less, east of the center line of Doremus Avenue and 200 feet north of the northerly side line of Port Street; thence (1) running a course of north 65 degrees 37 minutes 5 seconds west and parallel to the northerly side line of Port Street an approximate distance of 4953.84 feet to the westerly line of the right of way of the Central Railroad of New Jersey (Newark and Elizabeth branch); thence (2) northeasterly along the westerly line of said Central Railroad of New Jersey (Newark and Elizabeth branch) right of way 20 feet more or less to a point in a line drawn parallel to the northeasterly line of Port Street and 220 feet northeasterly therefrom; thence (3) north 65 degrees 38 minutes 5 seconds west parallel with and 220 feet northeasterly from the northeasterly line of Port Street 2744.11 feet to the easterly side line of Avenue I 75 feet wide; thence (4) southwesterly along the easterly side line of Avenue I 20 feet to a point which will be in a line drawn parallel to and 200 feet northeasterly from the northeasterly line of Port Street; thence (5) north 65 degrees 38 minutes 5 seconds west 595.99 feet to a point of curve; thence (6) continuing along a curve of 2 degrees 30 minutes with a radius of 2292.01 feet, a distance of 875.76 feet to a point of tangency said point being distant 565 feet north of the northerly side line of Haynes Avenue (State Highway Route No. 25, 120 feet wide) as measured on a right angle therefrom; thence (7) continuing on a course north 87 degrees 31 minutes 42 seconds west parallel to and 565 feet north of the northerly side line of Haynes Avenue a distance of 3762.75 feet more or less to a point of curve; thence (8) continuing along said curve of 2 degrees 50 minutes with

a radius of 2022.41 feet, a distance of 2,200.14 feet to a point of tangency said tangent point being distant 990 feet west of the westerly side line of Haynes Avenue (State Highway Route No. 25, 120 feet wide) and measured at right angles thereto; thence (9) running a course south 30 degrees 48 minutes 7 seconds west parallel to said westerly line of Haynes Avenue (State Highway Route No. 25, 120 feet wide) a distance of 2134.62 feet to a monument distant 10 feet easterly from a point in and measured radially to the center line of a side track of the United New Jersey Railroad and Canal Company, extending to land now or formerly of Mary C. Gaddis Plum, said monument being also distant 647.18 feet southeasterly from a point in and measured at right angles to the line established as the original center line of the railroad of said The United New Jersey Railroad and Canal Company; thence (10) south 15 degrees 55 minutes 53 seconds east 158.35 feet to a monument distant 10 feet eastwardly from a point in and measured radially to the center line of the aforesaid side track of the United New Jersey Railroad and Canal Company and which monument is also in the northerly line of Haynes Avenue as now opened by ordinance adopted by the Board of Commissioners of the City of Newark, April 16, 1930; thence (3) on a 2 degree curve to the right, with a radius of 2022.41 feet 1550 feet more or less to a point which is in the line of lands conveyed by Mary P. H. Jones individually and as Executrix of S. Howell Jones, deceased, to New York Bay Railroad Company by deed recorded in Book I-59 of Deeds for Essex County, page 440 (second tract) and which was also formerly the line of Thomas Hays; thence (4) along line of land formerly of Thomas Hays now New York Bay Railroad Company, 146 feet more or less to the old center line of Wheeler's Creek and to the line of land of United Real Estate Company; thence (5) southwesterly along the old center line of Wheeler's Creek the several courses, being along land of United Real Estate Company and along

land of New York Bay Railroad Company conveyed to it by Charles H. Mapes by deed dated February 28, 1917, recorded in Book F-59 of Deeds for Essex County, page 477, 289.19 feet more or less to line of land now City of Newark being a part of the land herein described; thence (6) along the easterly line of land now or formerly of James Smith, Jr., and along the westerly line of land formerly of Charles H. Mapes, Trustee now New York Bay Railroad Company north 8 degrees 30 minutes east 317 feet more or less to the northerly line of land formerly of James Smith, Jr. (now City of Newark) and the southerly boundary of land formerly of Sayres Coe or Benjamin Coe later conveyed by James R. Nugent, and wife to New York Bay Railroad Co. by deed dated April 21, 1926, recorded in Book M-74 of Deeds for Essex County, page 48; thence (7) along the line of land formerly of Sayres Coe or Benjamin Coe now New York Bay Railroad Company, north 79 degrees 38 minutes west 276.54 feet to a point; thence (8) still along the westerly line of land now or formerly of Sayres Coe or Benjamin Coe 463.21 feet more or less to land formerly of Mary E. Dodge and later conveyed to New York Bay Railroad Company by deed from Manor Real Estate and Trust Company dated December 30, 1908, and recorded in Book F-49 of Deeds for Essex County, page 134; thence (9) westerly along the line of land formerly of Mary E. Dodge now United New Jersey Railroad and Canal Company 70 feet more or less to the center of Avenue A; thence (10) southerly along the center line of Avenue A and along land of United New Jersey Railroad and Canal Company 820 feet more or less to the northerly line of Peddie Street Ditch; thence (11) westerly along the said northerly line of Peddie Street Ditch and along land of United New Jersey Railroad and Canal Company 37.50 feet to the westerly line of Avenue A; thence (12) southerly along the westerly line of Avenue A and along land of United New Jersey Railroad and Canal Company 200 feet to the southerly

side of Flushing Ditch; thence (13) easterly along the southerly side of Flushing Ditch and along the line of land of United New Jersey Railroad and Canal Company 37.50 feet to the center line of Avenue A; thence (14) southerly along the center line of Avenue A and along land of United New Jersey Railroad and Canal Company 1000 feet more or less to the center line of Bound Creek as it formerly existed and place of BEGINNING.

Containing 11.74 acres more or less.

Subject to outstanding rights in Bound Creek and Wheeler's Creek.

Reserving from the above lot an easement or right of way 100 feet wide, the center of which easement shall coincide with the center line of Peddie Street.

Any reference to streets, avenues or highways is for descriptive purposes only and it is not intended by such reference to, in any manner, dedicate or offer to dedicate any of them to public use.

WHEREAS, said lands are not convenient or needed for public use by the City; therefore be it

RESOLVED by the Board of Commissioners of the City of Newark that by virtue of Article 18, Chapter 152 of the Laws of 1917, of the State of New Jersey said lands above described be sold at public sale, to the highest bidder, for cash, after public advertisement given in a newspaper circulating in the municipality at least once a week for two weeks, prior to such sale; and be it further

RESOLVED that the Director of the Department of Public Affairs be and he is hereby authorized and directed to offer said lands for sale to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

RESOLVED, that the following bond be and the same hereby is approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

Cyclone Fence Company, furnishing, delivering and erecting wire fence at Clifton and Seventh Avenues. (Contract bond).

W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The following communication was received and read:

#### The Board of Adjustment

Newark, N. J., June 27, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

The following is a supplementary report on the application of Essex Lumber and Millwork Company (Mary E. Potter, owner) to conduct a lumber and trim stock room on the premises 516 Fifth Street, and which was reported to your Honorable Body at your meeting on June 18th.

This application was granted by the Board of Adjustment at its meeting of June 17th subject to the approval of the Bureau of Combustibles. The premises in question is a two-story frame building and it was felt that the storage of lumber and trim in this building might constitute a fire hazard.

The action of the Board of Adjustment was reported to the Bureau of Combustibles, and a letter has been re-

ceived from Assistant Inspector John J. Eber disapproving the proposed ordinance.

#### THE BOARD OF ADJUSTMENT,

R. B. Rankin, Secretary.

Miss Louisa Potter, 15 Bruen Avenue, Irvington.

Commissioner Murray: Are you Mrs. Potter?

Miss Potter: I am the daughter.

Commissioner Murray: You are the owners of the property?

Miss Potter: Yes. I claim priority right. This shows the first lease. It was leased first as a machine shop.

Commissioner Murray: In 1905?

Miss Potter: A machine shop and he was manufacturing wood-working machinery—both wood working machinery and iron working machinery, and I believe that for years and years that he has been conducting that.

Commissioner Murray: It is a frame building?

Miss Potter: It is a frame building.

Commissioner Murray: You have power machinery?

Miss Potter: Well, electricity.

Commissioner Murray: There is no steam boiler?

Miss Potter: There is no steam boiler.

Commissioner Murray: There is no fire of any kind there?

Miss Potter: No.

Commissioner Murray: Are you sure about that?

Miss Potter: Yes.

Commissioner Murray: How do you heat it?

Miss Potter: Two stoves.

Commissioner Murray: I think I can sum this up very shortly. These

premises have been occupied by a producer of woodworking machinery since 1905.

Miss Potter: Well, he has been out temporarily.

Commissioner Murray: In 1905 it was leased for woodworking machinery production by a man named Teidy. It has been occupied in miscellaneous lines similar to that ever since. Now, Mrs. Potter makes a lease with the Essex Lumber and Millworking Company as of May 1, 1930. They are to make screens. According to this lease it is "The business of lumber, millwork, of screens, and for the storage of aforesaid articles, and for the purpose of conducting business incident to the lumber, screen, or millwork business." I suppose that that means door frames and window frames and screens.

Miss Potter: Well, he doesn't manufacture. They are ready-made stock. He glazes them over and he has three miniature machines to do any altering of that stock to fill up his orders.

Commissioner Gillen: Are there any people living in the building?

Miss Potter: No.

Commissioner Murray: It is only a two-story building.

Miss Potter: It is a shop.

Commissioner Gillen: What is next door to it?

Miss Potter: A brick house.

Commissioner Gillen: A residence?

Commissioner Murray: Why did they have to make an application for similar use?

Mayor Congleton: The pertinent question is, how were the premises occupied and used in 1920, when the zoning ordinance went into effect?

Miss Potter: Well, he still had his power machines there. That was in the war time.

Commissioner Murray: That was after the war time.

Miss Potter: And then he had a nervous breakdown.

Mayor Congleton: What was he making?

Miss Potter: Same kind of business.

Mayor Congleton: He wasn't building screens and things like that then. He was just doing wood turning.

Commissioner Murray: Woodworking machinery and ironworking machinery. He was a manufacturer of woodworking machinery. The saw tables have a wooden top saw and the gauges also have wooden things on them.

Miss Potter: He had more powerful machinery than this man would have.

Mayor Congleton: My first inclination would be to stand by the recommendation of the Bureau of Combustibles, but suppose that we lay it over for a week and go into it?

Commissioner Egan: I move that the matter be postponed for a week for a report to be made on it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Ordered referred to the Director of Public Safety for a report.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of City Centre Corporation to alter the basement of Centre Market so as to provide for the parking of automobiles;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the

administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

A. J. Steelman, of 24 Commerce Street, said he represented owners of property on the northerly side of Raymond Boulevard between Mulberry Street and Cherry Street. In their behalf he protested against the conversion of the basement of Centre Market into a garage. He said that his clients felt that "Centre Market was going to be developed into a piece of property that would be in keeping with the large expenditure of money by the city". He also said that the property owned by his clients probably would be soon available for garage purposes and that the proposed use of the Centre Market basement for garage purposes would be detrimental to the value of the property owner by his clients. He added that the further use of Centre Market for garages was not for the best interests of the neighborhood so far as property valuations are concerned.

Commissioner Gillen: I move that the matter be laid over for one week to be taken up in conference next Tuesday.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Benjamin Greenblatt for a miniature golf course, premises 927-933 Eighteenth Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the en-

forcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of William A. Ryan (Harry Metzger, owner) to conduct an open air automobile sales station; premises 247 Central Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that the resolution be laid over to July 9, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of John G. Steib for the construction of a gasoline station; premises 403 Lyons Avenue; permit to expire at the end of five years;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: I move that the resolution be laid over to July 16, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of John Murray for the construction of five additional individual garages; premises 27-29 North Ninth Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that the resolution be laid over to July 9, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of David Galowitz to alter the front of an existing public garage so as to provide for a drive-in gasoline station; premises 254 Belmont Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that the resolution be laid over to July 9, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Kaes Brothers for the construction of a public garage; premises 3-5 Kossuth Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. William A. Eisenbiegler, 780 South 18th Street.

I represent the owner. I am the architect. Our real object in filing for this permission is that the demand by industrial and commercial organizations in that neighborhood demands public garages very much. I am now building one of them below that in the industrial zone, and we have had seven applications within the last two weeks to rent that garage. You will probably notice that there is an old dilapidated building on the lot there which is not bringing in very much rent, and intend removing that and certainly would like to replace it with this public garage.

Commissioner Murray: How large is the garage going to be?

Mr. Eisenbiegler: About 40 by 100.

Commissioner Murray: I move that it be laid over for a week, to be disposed of at that time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Max Kazin for the construction of a gasoline station as an addition to an existing public garage; premises 150-156 Fifth Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Boards of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: I move that the resolution be laid over to July 16, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Burns Brothers for the construction of a gasoline station; premises 104-116 Poinler Street; on condition that gasoline pumps be not more than four and one-half feet high, that all signs be recessed in the street face of the building, and that lighting fixtures be attached to the building;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen: I move that the resolution be laid over to July 16, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Caruso Realty Company for the construction of stores; premises 392 Second Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The

City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: I am going to request that both sides present to us this morning simply new matter. We have heard this matter three times. If there is anything in addition to what has already been given to us, let us have it.

Mr. William S. Cantelupo, 11 Commerce Street.

Mr. Mayor and members of the City Commission, in addition to the matters which I have already called to your attention I would like to call your attention to the fact that after a careful survey made of the property owners within the 200-foot limitation who are for and against I find that 17 of the property owners are opposed to the erection of stores whereas, on the other hand, 9 are in favor. Of the 9 who are in favor I would like to call to your attention the fact that some of them are corporations. In one instance I have found that one of them is a building and loan. In other words, of the nine the majority of people who have no interest in the community. They are people who own the property in that community today because they must own it, either because of the necessity of having taken it under foreclosure or because it happens to be a holding of their company.

These people will not be permanent fixtures through the neighborhood—

Commissioner Egan: Just a minute, Counsellor. You have said all that twice already. Can't you give us new matter? Do not sum up again.

Mr. Cantelupo: All right. There was made to this Board in respect to this proposition, I believe, the statement that the Caruso Realty Company were the developers of this real estate and were the owners of a great part of this realty. I have had a search made of the tax office. I filed a search for the years 1927, 1928, 1929 and 1930

and to find out what properties were owned at any time during those years by the Caruso Realty Company, and I have had the following results, as will be shown by a certified copy of the search that I filed with Mr. Rankin, the secretary.

(Reading) "I do hereby certify that there are approximately 37 lots in said territory and that in the year of 1927 the Caruso Realty Company never owned any of said property within the 200 feet limitation, consisting of approximately 37 lots, according to the city tax map, and that in the year 1928 the Caruso Realty Company owned five lots and that in the year 1929 Caruso Realty Company owned two lots, having secured one by foreclosure, and that in 1930 the Caruso Realty Company, besides owning the property for which it is now making an application for a permit for stores, which aforesaid property was purchased through foreclosure very recently, owned one lot on 315 and 321 North 12th Street, Newark, New Jersey, which is also a corner and opposite the corner in question, and four lots on North 13th Street, Newark, New Jersey, a block above the corner in question.

"I further certify that within the years 1927, 1928, 1929 and 1930 the other properties within the 200 feet limitation were never owned by the Caruso Realty Company, in accordance with the records of the City tax office."

There is a map on file showing the lots which we claim were owned by the Caruso Realty Company. There is also an abstract of the search. You will be able to see just what property they owned during those years, and the distance they are from the proposed stores.

Taking all those things into consideration, I say that the application of the Caruso Realty Company for the erection of the stores should not be granted.

Commissioner Murray: They have one lot at 315 and one at 321?

Mr. Cantelupo: One lot at 315 and 321 North 12th Street.

Commissioner Murray: You mean one lot with two numbers?

Mr. Cantelupo: 315 to 321, according to the tax map, is one lot.

Commissioner Murray: By one lot you don't mean 25 feet frontage, do you?

Mr. Cantelupo: No, not exactly. I go according to the tax map.

Mr. Rankin: It is 94 feet. There are no 25-foot lots there in the whole area, Mr. Commissioner. They run from 33 feet to 90 feet.

Mr. S. M. Seley, Kinney Building.

I would like to answer the counselor. On the second proposition, the object of stating to the Commission that the Caruso Realty Company was the original developer of this section was in response to a question by the Mayor as to whether the Caruso Realty Company developed this section for residential purposes and then reserved to itself a corner so as to erect stores thereon. I happen to be particularly familiar with the entire transaction and I wish to direct your attention to the actual facts.

At the time when the property was purchased it was purchased from two sources. One was bought from Kinkead and Klausner, members of the Bar of Hudson County. That purchase approximated about 950 feet. It was purchased in the name of Gilbert J. Volleck, who was a member of the Caruso Realty Company and who in turn transferred all of his right title and interest to the Caruso Realty Company.

In addition to that, about a thousand feet in the same area was sold to Gilbert J. Volleck by Lieblow and Harasek and a few others. A second person who transferred to the Caruso Realty Company.

The Caruso Realty Company, according to the search in the court house, actually owned and controlled 2,000 feet within the approximate area of this particular location. We also submitted to the Board a statement from various persons that an understanding was had that this corner was to be reserved for store purposes.

As to the first proposition raised by counsel, I wish to say that we have taken up this matter with Mr. Rankin

and we have checked up the actual signatures. Mr. Rankin informs me that there were signatures in favor of the Caruso Realty Company's application and thirteen signatures in opposition to it.

Mayor Congleton: Within the 200 feet, do you mean?

Mr. Seley: Within the 200 feet. In addition thereto I wish to submit this little map showing the frontage of the footage in regards to space. It shows 1130 feet in favor of the application as against 597 feet who are opposing.

That is practically the only new matter, and, I think, is about all that we have to say in regard to it. Here is the map. All the red shows in favor of the application. The others shows in opposition thereto.

Mr. Anthony R. Masi, 416 North 11th Street.

Mr. Mayor and Directors, I am here representing two owners, one, Angelo Travisano of 316 North 12th Street, and the other, Luca Suppa of 311 North 12th Street. Travisano has a four-family house immediately adjoining this corner. Luca Suppa has a four-family house directly on the opposite corner to this corner. Both of these property-owners have instructed me to voice their sentiments, and they are heartily in favor of stores at this spot.

I have also interviewed another in their behalf at 328 to 330 North 12th Street. Therese Vito, and she told me that she interviewed her tenants and that all of her tenants were in favor of stores in this community. Mrs. Vito was originally an objector, but after interviewing her tenants she found that stores in the community were a necessity and would be a benefit to the community.

Those are the sentiments that I desire to express to this Board. Thank you.

Mayor Congleton: Does anyone else desire to be heard?

The resolution is to concur in the recommendation of the Board of Adjustment granting permission to erect the stores.

The roll being called, the resolution was declared lost by the following votes:

Nays: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The following communications were received and read:

#### Board of Adjustment

Newark, N. J., July 2, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held yesterday resolutions were adopted granting the following applications for variations from the requirements of the zoning ordinance, and recommending that your Honorable Body allow the structures and uses in question:

Application of Napoleon De Cicco (Annie Kreiss, owner) for the construction of a public garage for wrecking of automobiles; premises 175 Livingston Street.

Application of Max Manduck for a retail ice depot; premises 72 Holland Street.

Application of The Stanley Company of America for the construction of a public garage, theatre and office building; premises 870-880 Broad Street, 12-34 Lafayette Street and 2-8 Campfield Place.

Application of John A. MacDonald (F. W. Wilderotter, owner) for a miniature golf course and ice skating rink; premises 754-760 Sanford Avenue.

Application of George Stewart to enlarge an existing warehouse; premises 270 South 20th Street.

Application of George J. Wagner for the construction of a gasoline station, for a period of five years; premises 235-237 Chancellor Avenue.

Application of Samuel Jacobs for a gasoline station; premises 145-151 Bleecker Street.

Application of Thomas Diggett for

the construction of a public garage;  
premises 187-189 Astor Street.

Application of Regal Oil Company for  
the construction of a gasoline station;  
premises 71-73 Passaic Avenue.

Detailed reports will follow.

Respectfully submitted,

THE BOARD OF ADJUSTMENT,

R. B. Rankin, Secretary.

Ordered filed.

Mr. Runyon Colie, Prudential Building.

Mayor Congleton: We have received a communication from the Board of Adjustment, Mr. Colie. Following our usual procedure it will be laid over for two weeks.

Mr. Colie: I should like to apply to have that matter considered at a meeting within a week, by reason of the fact that the Stanley Theatre building is a rather large improvement. It has been held up for two weeks at the request of an objector, who did not appear at the end of the two weeks. Because that we lost two weeks on a large proposition for which we want to get the contracts out. There were no objections at the meeting yesterday.

Commissioner Murray: I suggest, Mr. Mayor, that we take the matter up at the conference next Tuesday and raise the question then, suspending the usual procedure.

Commissioner Gillen: I think that we ought to settle it in a week. I do not think that a big proposition like this should be held up so long.

#### State of New Jersey

Civil Service Commission

Trenton, June 27, 1930.

Hon. Peter J. O'Toole,  
City Clerk,

City of Newark, N. J.

Dear Sir:-

The Commission at its meeting on Tuesday, June 24th, had before it copy

of ordinance 3369-P creating the position of Traffic Engineer. We are directed to advise that it is the Commission's opinion that this position, under the law, comes within the classified civil service and that it cannot be legally established for a fixed term as the resolution would seem to indicate.

Very truly yours,

The Civil Service Commission,

Charles P. Messick,

Chief Examiner and Secretary.

Ordered filed.

Commissioner Murray: I move that the Civil Service Commission be requested to place the position in the exempt class of the Civil Service, under the State Civil Service legislation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

#### Board of Adjustment

Newark, N. J., July 1, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held this day resolutions were adopted approving revised plans for a gasoline station for Arthur L. Burgess, premises 244 Chancellor Avenue.

The original permit was approved by your Honorable Body November 13, 1929.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above revision be allowed.

Respectfully submitted,

THE BOARD OF ADJUSTMENT,

R. B. Rankin, Secretary.

Ordered filed.

Commissioner Egan offered the following resolution:

WHEREAS, this Board by resolution dated November 13, 1929, approved the application of Arthur L. Burgess for the construction of a gasoline station at 244 Chancellor Avenue on recommendation of the Board of Adjustment;

AND WHEREAS, the Board of Adjustment has now certified in writing to this Board that it has approved a revision of the original plans, after due notice and hearing two interested property owners;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the further recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the revised plans in the application above set forth.

W. J. Egan  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The following communication was received and read:

33 Farrandale Avenue,

Bloomfield, N. J., June 25, 1930.

To the Honorable

The Commissioners of  
The City of Newark, N. J.

Gentlemen:-

The undersigned, owner of 43 Homestead Park, requests you to obtain for park or playground purposes by purchase or condemnation the island property which is surrounded by the roadway of Homestead Park. The costs to be assessed on the properties to be benefited thereby.

Now is the time to create a park or playground in this residential sector which is greatly needed by the chil-

dren of this neighborhood. Small open places like this are too few in this large city.

It is sincerely hoped that you will take favorable action on this request at once.

Please have the Building Department rescind any permit for a building on this island property, which may have been issued.

Sincerely,

FREDK. J. THIELEMANN.

Referred to Commissioner Gillen for study .

Mr. Green, of 259 Avon Avenue, appeared before the Commission and requested the Board to oppose any increase in bus or trolley fares.

Mayor Congleton informed him that the Board of Commissioners went on record some time ago as being opposed to any increase in fare, and that counsel is representing the City before the Public Utility Commission.

Mayor Congleton offered the following resolution:

BE IT RESOLVED that the Board of Commissioners of the City of Newark, County of Essex, State of New Jersey, acting for the people of Newark, express their condolences to the people of Atlantic City on the untimely death of the Honorable Anthony M. Ruffu, Jr., Mayor of Atlantic City, whose passing terminated an active life of public services ably rendered in the interests of his community;

AND BE IT FURTHER RESOLVED, that the City Clerk be directed to send a copy of these resolutions to the Board of Commissioners of Atlantic City and to the bereaved family.

Jerome T. Congleton  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

PETER J. O'TOOLE, Jr.  
City Clerk.

Newark, N. J., July 9, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of July 2nd were read and approved.

The City Clerk presented An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete foundation, repaired or built up as directed, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the acquirement of property known as No. 227 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the

following ordinance be taken up on second reading:

An ordinance to authorize the acquirement of property known as No. 227 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to authorize the acquirement of property known as No. 227 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the acquirement of property known as No. 227 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the acquirement of property known as No. 233 Mulberry Street, in the City of Newark, for City use, and providing for the financing thereof, and stated that today is the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the

following ordinance be taken up on second reading:

An ordinance to authorize the acquirement of property known as No. 233 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance requiring and regulating the examination of Domestic Servants.

The Board of Commissioners of the City of Newark, Do Ordain:

1. No person shall work as a domestic servant nor shall any person, firm or corporation employ any person as a domestic servant unless such person shall have previously filed with the Department of Health of the City of Newark a certificate of a physician, duly

licensed to practice medicine in the State of New Jersey, setting forth that such person is free from tuberculosis and other contagious or communicable disease. The term "contagious disease" as herein employed shall be held to include any disease of an infectious, contagious or pestilential nature.

2. The certificate referred to herein shall be made out upon blanks to be supplied by the Department of Health of the City of Newark and when filed shall be good and effective for a period of six months thereafter. A separate certificate shall be filed for each person. Upon the filing of the certificate herein referred to, the Health Officer of the City of Newark, or such person as he shall designate, shall issue to such domestic servant a card showing that he or she has been duly examined by a licensed physician, in accordance with the provisions of this ordinance, and that he or she is free from tuberculosis and any other contagious or communicable disease. Any domestic servant desiring to conform with the provisions of this ordinance may be examined by physicians connected with the Department of Health of the City of Newark without charge.

3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be subject to a fine not exceeding \$25.00 for the first offense, and for each subsequent offense shall be subject to a fine not exceeding \$50.00.

4. This ordinance shall take effect September 1, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that July 23rd, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordi-

nance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, a contract was entered into on February 5th, 1930, between the City of Newark and J. Rich Steers, Inc., a corporation in the State of New York, for the construction of the Haynes Avenue Bridge, over the Pennsylvania Railroad tracks;

AND WHEREAS, such contract contemplated the location on said bridge of two low pressure water mains designed to feed the territory east of the bridge;

AND WHEREAS, conditions in the industrial development at this location have required the installation of a high pressure main in addition to the low pressure mains, and the necessity has arisen for the construction of a pipe tunnel in the vicinity of the bridge instead of placing the pipes on the bridge structure;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the Director of the Department of Public Affairs be authorized to enter into an agreement with J. Rich Steers, Inc., who are now constructing the bridge at Haynes Avenue, to construct the pipe tunnel, substantially as shown on the accompanying drawings, at the unit prices, and as part of their present contract for constructing the Haynes Avenue Bridge, said unit prices and classification to be in accordance with letter dated July 7th, 1930, from the Chief Engineer of the City of Newark to J. Rich Steers, Inc.; and

BE IT FURTHER RESOLVED, that the Director of the Department of Public Affairs be authorized to enter into an agreement with the Pennsylvania Railroad Company for providing the right of way for said pipe tunnel and for maintenance, shoring and protection of tracks and structures during this construction and that the sum of One hundred thirty thousand dollars (\$130,000.00) be appropriated to pay the cost of the construction above described.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

### **The Board of Adjustment**

Newark, N. J., June 27, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

The following is a supplementary report on the application of Essex Lumber and Millwork Company (Mary E. Potter, owner) to conduct a lumber and trim stock room on the premises 516 Fifth Street, and which was reported to your Honorable Body at your meeting on June 18th.

This application was granted by the Board of Adjustment at its meeting of June 17th subject to the approval of the Bureau of Combustibles. The premises in question is a two-story frame building and it was felt that the storage of lumber and trim in this building might constitute a fire hazard.

The action of the Board of Adjustment was reported to the Bureau of Combustibles, and a letter has been received from Assistant Inspector John J. Eber disapproving the proposed ordinance.

### **THE BOARD OF ADJUSTMENT,**

R. B. Rankin, Secretary.

Commissioner Egan: I have not received a report on that yet. I move that it be laid over for a week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of The Stanley Company of America for the construction of a public garage, theatre and office building; premises 870-880 Broad Street, 12-34 Lafayette Street and 2-8 Campfield Place;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolution:

RESOLVED, that the sum of Four thousand one hundred thirty-eight dollars and sixty-five cents (\$1,138.65) be and the same is hereby appropriated to the persons named on the annexed certified list, being the bills and claims of the Department of Parks and Public Property as follows:

W. J. Egan  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning ordinance of The City of Newark", adopted January 8, 1930.

The Board of Commissioners of The City of Newark do ordain:

1. That Section 7, subdivision (e) of an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended to read as follows:

"(e) Carousel, ferris wheel, merry-go-round, roller coaster, miniature and practice golf course, or similar amusement devices."

2. That Section 7, subdivision (h) of an ordinance entitled "Zoning ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended to read as follows:

"(h) Ice plant or storage; retail ice depots when located within 150 feet of Residence Districts."

3. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that July 23, 1930, 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon

thereafter as said matter can be reached and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

#### **Board of Education**

Green Street

Newark, N. J., July 1, 1930.

Board of Commissioners  
of The City of Newark.

Gentlemen:-

At the organization meeting of the Board of Education of 1930-1931 held on Tuesday morning, July 1, 1930, the following resolution was adopted:

"RESOLVED, that Henry Young, President, and William H. Seely, Vice President, be and they are hereby appointed as members of the Board of School Estimate, and that the Secretary be directed to notify the Board of Commissioners of the City of Newark of this action of the Board."

Yours truly,

R. D. ARGUS,  
Secretary.

Ordered filed.

#### **New Jersey State League of Municipalities**

24 West State Street,

Trenton, N. J., July 3, 1930.

To the Honorable Governing Body:  
Gentlemen:

The Legal Advisory Committee of the League of Municipalities has asked me

to write you in regard to Chapter 324, P. L. 1929 under which Public Service and other transportation companies are permitted to deduct from their franchise taxes the cost of transporting policemen and firemen. Public Service has recently tendered checks in payment for such franchise taxes and have made deductions which some municipalities think are unwarranted in amount.

Our Legal Advisory Committee thinks that this Act is unconstitutional and believes that municipalities would have a better position if they do not deposit such checks or accept any other compromise. It is the feeling of the Committee that there would be less question as to the legal position of the municipality, if checks of this sort were returned to the transportation company unused, if there is any question whatever as to the amount of the deduction.

If your municipality should decide to contest either the validity of the Act or the amount of the deduction by court action independent of other municipalities, it is hoped that you will instruct your solicitor to consult with our Legal Advisory Committee, through this office, so that we can confer jointly in the preparation of briefs and procedure of the case. Any such litigation by one municipality will affect several hundred municipalities and the payment of at least one thousand dollars so that the Committee feels that we should have the benefit of joint counsel in such litigation. Our Committee is actively considering plans for a suitable test case.

Respectfully yours,

SEDLEY H. PHINNEY,  
Executive Secretary.

Referred to Law Department.

James H. Beckett

120 West Market Street,

Newark, N. J., July 7, 1930.

Hon. Jerome T. Congleton,  
City Hall,  
Newark, N. J.

Honorable Sir:-

I have been selected as delegate to

3rd District Convention of American Woodmen. I would like very much to have the convention come to Newark which comprises 11 states, having a delegation of about 3,000 people.

I would appreciate it if you would give me some kind of an invitation so I can show when presenting my plea for the conventions coming to Newark.

I think it would create racial interest and pride among my people. The time of convention would be in July, about the latter part of the month.

I am leaving July 20th for St. Louis, Mo., where the military encampment convenes, of which I am the Brigadier General of N. J. I would like very much to have something in hand to take my political Republican.

Yours truly,  
JAMES H. BECKETT.

Referred to Commissioner Murray.

The following petition was received and read:

To the Honorable  
Commissioners of the  
City of Newark, N. J.

We, the undersigned, residents of Mercer Place, do hereby petition your Honorable Body, to have the name of this street changed. The reason of our request for this action is that we have a Mercer Street in the center of our city, also a Mercer Court and adjacent to us is Mercer Place in the Village of South Orange, which is not a through street to Newark. And as we are having considerable trouble with mail and parcel delivery, etc., we would suggest that the name of our street be changed to Tuxedo Parkway.

Presented by Mrs. James H. Ainsworth, 2 Mercer Place, City, and 17 other property owners.

Referred to the Mayor.

#### REPORTS OF CITY OFFICERS

The following Reports of City Officers were received and ordered filed:

Department of Weights and Measures for June, 1930.

Department of Buildings for June, 1930.

Clerk of First District Court for June, 1930.

Clerk of Second District Court for June, 1930.

Clerk of Alms House for June, 1930.

City Clerk (2) for June, 1930.

Ellsworth R. Noble, Clerk 1st Criminal Court, for June, 1930.

Ellsworth R. Noble, Clerk 1st Criminal Court, for June, 1930, Part Traffic.

Robert J. Beckley, Deputy Clerk, 2nd Criminal Court, Part 1, for June, 1930.

Thomas P. Guthrie, Clerk 2nd Criminal Court, Part 2, for June, 1930.

Arthur J. Connelly, Clerk 3rd Criminal Court, Part 1, for June, 1930.

Arthur J. Connelly, Clerk 3rd Criminal Court, Part 2, for June, 1930.

Elizabeth S. Lewis, Clerk Family Court, for June, 1930.

City Treasurer for June, 1930.

Comptroller for June, 1930.

#### Department of Revenue and Finance

John Howe,

Director of Revenue and Finance.

Mr. O. Henry Grois, 704 South 14th Street, appeared before the Board and requested them to go on record as opposing the application of the Public Service for an increase in bus and trolley fares.

Mayor Congleton stated that the Board was opposing the increase in fare, and that the Corporation Counsel has been instructed to work along those lines in this case along with Dean Sommers and Mr. Herman.

Commissioner Egan also stated that the Commission as a unit is resisting the demand of the Public Service for an increased fare.

Mr. Henry Green, representing the Socialist Party, appeared and also requested the Commission to go on record as opposing the fare increase.

Mayor Congleton: Does anyone else have any matter to bring to the attention of the Commission?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

PETER J. O'TOOLE, Jr.,  
City Clerk.

Newark, N. J., July 16th, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of the meeting of July 9th, 1930, were read and approved.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top -1½" binder) on a new six (6) inch concrete foundation," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen desire to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Tiffany Boulevard from Mt. Prospect Avenue to the westerly side line of Highland Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend Section 875 of the Revised Ordinances of The City of Newark, (Revision of 1913).

The Board of Commissioners of The City of Newark do ordain:

1. That Section 875 of the Revised Ordinances of the City of Newark, (Revision of 1913), be and the same is hereby amended to read as follows:

"Section 875. No person or persons shall place or permit to be placed or discharge or permit to be discharged or cast or deposit or cause or suffer to be deposited in the Passaic River, within the limits of the City of Newark, or into any tributary or tributaries thereof which empty into said Passaic River, any sewage or waste matter, article or substance, liquid or solid, of any kind, which creates odors or gases or fumes, due to the putrefaction of organic matter or the presence of chemicals or which discolors the waters of said river or its tributaries, or results in the presence of oil or grease on the surface of the waters of said river, or its tributaries, or which reduces the dissolved oxygen

content thereof to such an extent as to interfere with major fish life in said waters, without the permission of this Board."

"Any person violating the provisions of this ordinance shall, upon conviction thereof, be subject to a penalty of \$100, plus a penalty of \$25 a day for each day that the offense shall continue."

2. All acts and parts of acts inconsistent herewith be and the same are hereby repealed and this act shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that July 30th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Delavan Avenue from North 6th Street to North 10th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Delavan Avenue from North 6th Street to North 10th Street shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or re-laying of a sidewalks or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 12, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$26,400.00 is hereby appropriated to pay the

cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$26,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that August 6th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the

following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Kensington Place from South Twelfth Street westerly about 250 feet to its terminus.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Kensington Place from South Twelfth Street westerly about 250 feet to its terminus, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1403-V, dated June 28, 1930, shall be vacated as a public street or highway.

Under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that August 6th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduc-

tion and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Egan, Howe, Murray, Mayor Congleton.

Commisisoner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the opening and widening of Jackson Street at the southwesterly corner of Market Street.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Jackson Street at the southwesterly corner of Market Street shall be opened and widened as a public street or highway, by the addition thereto of the following described tract:

Beginning at the southwesterly corner of Jackson Street and Market Street; thence running along the southerly line of Market Street north  $69^{\circ} 15'$  west 22.12 feet to the line of land now or formerly of Ignatz Weiss; thence along the same south  $36^{\circ} 23'$  west 49.63 feet; thence still along line of land now or formerly of Ignatz Weiss north  $53^{\circ} 37'$  west 11.00 feet to line of land now or formerly of John J. Clancy; thence along the same south  $35^{\circ} 41' 30''$  west 53.86 feet; thence south  $52^{\circ} 33' 30''$  east 29.60 feet to the westerly line of Jackson Street; thence along the same north  $37^{\circ} 26' 30''$  east 110 feet to the place of Beginning.

Containing 2,740 square feet, being lot No. 9 of Block 2000 of the Newark City Tax Maps, known as No. 532 Market Street.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1313-O, dated July 9th, 1930.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, and in no case shall any assessment for said improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$29,500.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement temporary bonds or notes shall be issued from time to time in an amount not to exceed \$29,500.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that August 6th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time,

or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following resolutions:

RESOLVED, that the sum of Two hundred forty-one thousand three hundred eighty-four dollars and ten cents (\$241,384.10) be and the same is hereby appropriated to the City Treasurer, as per the annexed certified list, being the semi-monthly payroll of the Department of Public Safety from July 1st to 15th, 1930, as follows:

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on December 20, 1929, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Five Hundred Thousand Dollars (\$500,000.00) for money borrowed in anticipation of the receipt of money expended for street openings, said Temporary Loan Bond being numbered 1877 and dated December 20, 1929, and payable June 20, 1930;

AND WHEREAS, the improvement for which said Five Hundred Thousand Dollars (\$500,000.00) was issued was for Street Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued;

THEREFORE, BE IT RESOLVED,

That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Five Hundred Thousand Dollars (\$500,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Five Hundred Thousand Dollars (\$500,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

FURTHER RESOLVED: That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on

December 12, 1929, issued its short time obligations in the aggregate amount of Two Hundred Fifty Thousand Dollars (\$250,000.00) for money borrowed in anticipation of the receipt of money expended for Pavings, said Temporary Loan Bonds being numbered 1859-1860 and 1861 and dated December 12, 1929, and payable June 12, 1930;

AND WHEREAS, the improvement for which said Two Hundred Fifty Thousand Dollars (\$250,000.00) was issued was for Pavings now in the course of construction or have been completed within six years, and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two Hundred Fifty Thousand Dollars (\$250,000.00) of Temporary Loan Bonds issued;

THEREFORE, BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Hundred Fifty Thousand Dollars (\$250,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two Hundred Fifty Thousand Dollars (\$250,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two Hundred Fifty Thousand Dollars (\$250,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk, be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the

provisions of Chapter 252 of the Laws of 1916;

**FURTHER RESOLVED:** That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

**WHEREAS,** The City of Newark on December 12, 1929, issued its short time obligations in the aggregate amount of Two Hundred Fifty Thousand Dollars (\$250,000.00) for money borrowed in anticipation of the receipt of money expended for Sewer Construction, said Temporary Loan Bonds being numbered 1856-1857 and 1858 and dated December 12, 1929, and payable June 12, 1930;

**AND WHEREAS,** the improvement for which said Two Hundred Fifty Thousand Dollars (\$250,000.00) was issued was for Sewers now in the course of construction or have been completed within six years, and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two Hundred Fifty Thousand Dollars (\$250,000.00) of Temporary Loan Bonds issued;

**THEREFORE, BE IT RESOLVED,** That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Hundred Fifty Thousand Dollars (\$250,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two Hundred Fifty Thousand Dol-

lars (\$250,000.00) of Temporary Loan Bonds issued therefor;

**FURTHER RESOLVED,** That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two Hundred Fifty Thousand Dollars (\$250,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk, be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

**FURTHER RESOLVED,** That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

RESOLVED: By the Board of Commissioners of the City of Newark, that the sum of Twenty-Five Thousand Dollars (\$25,000.) be and the same is hereby appropriated to M. C. Copeland and Julia C. Copeland, his wife, Murray A. Gross and Essie Gross, his wife, Samuel Kaplan and Bertha Kaplan, his wife, being the purchase price of certain lands agreed to be sold by said M. C. Copeland and Julia C. Copeland, his wife, Murray A. Gross and Essie Gross, his wife, and Samuel Kaplan and Bertha Kaplan, his wife, to The City of Newark, which lands are situate in the City of Newark, Essex County, and State of New Jersey and are described as follows:

FIRST TRACT: BEGINNING and being on Academy Street designated as lot No. 5 on a map of property of Hannah Gifford, deceased, on the north side of said Academy Street, and 124 feet from the corner; thence running northerly along lot No. 4 on said map 81 feet 6 inches, to the incline plane of the Morris Canal; thence westerly along said plane of the Morris Canal; thence westerly along said plane 30 feet to lot No. 6 on said map; thence southerly along said lot No. 6, 80 feet 6 inches, to Academy Street; thence along Academy Street easterly 30 feet more or less to the place of Beginning.

Excepting therefrom so much as was conveyed to the Morris Canal and Banking Company by deeds in 0-8-49 and 0-12-210.

SECOND TRACT: BEGINNING at a point in the northerly side of Academy Street distant therein westerly 94 feet from the westerly side of High Street; thence running northerly at right angles to Academy Street 54 feet 3 inches; thence westerly parallel with Academy Street 30 feet; thence southerly parallel with the first course 54 feet and 3 inches to said northerly side of Academy Street; thence easterly along the same 30 feet to the point or place of Beginning.

The above two tracts being the same conveyed to said Murray A. Gross by Deed from Eureka Investment Company, recorded in Book Q 80-88 of Deeds for Essex County, New Jersey.

upon the filing of a Warranty Deed with the Covenant against Grantor's Acts, conveying the lands above described with the Acting Auditor of Accounts, which deed shall be approved as to form by the Law Department, and shall convey said lands free and clear of all encumbrances except for 1930 taxes, which are to be apportioned as of closing title.

The following communication was received and read:

**Board of Adjustment**  
City Hall,

Newark, New Jersey.

July 16, 1930.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:-

At a meetnig of the Board of Adjustment held yesterday resolutions were adopted varying the Zoning Ordinance and granting the following applications. In accordance with Section 9, Chapter 274, P. L. 1928, the Board respectfully recommends that these structures and uses be allowed:

**Gasoline Stations:**

636-638 Springfield Avenue; Meyer Zemel, owner.

13 Colden Street, (S. W. corner of Central Ave.) Herman Fresh, (Paramount Realty Co., owner).

107 Malvern St., Bernardino Neviello, owner.

106-108 Park Ave., Dan Marinella, owner.

690-692 Broadway; Frank Kaiser, owner.

**Miniature Golf Courses:**

1072 Broad St.; Max Tanenbaum (Commercial Funding Co., owner).

172-174 Clinton Ave., Sam Goldfein (M P W Realty Co., owner).

708-716 Sanford Ave., J. Abrams & D. Eichler (William Krueger, owner).

479-491 Clinton Pl., Arthur L. Burgess, owner.

**Miscellaneous Uses of Existing Buildings:**

122½ Branford Pl., John M. McCleve (Durham Apartments, Inc., owner), lunch wagon.

10 Crawford St., (rear); Henry F. Herpers, owner, automobile repair shop.

9-11 Belgium St., Max Nulman, owner; soda water factory.

35 Court St., Simco Sales Service (L. Farber, owner) storage; treatment and wholesale distribution of ice cream.

**Miscellaneous Construction:**

48-58 William St.; Elin Auto Supply Co., owner; automobile service station (laundry, lubricating, brake service. No gasoline sale or storage).

251-3 Springfield Ave., Jacob Lautman (North Jersey Realty & Securities Co., owner) for a two-family building on the street line.

**THE BOARD OF ADJUSTMENT,**

R. B. Rankin,  
Secretary.

Commissioner Murray moved that the communication be laid over for two weeks and that a copy be furnished to each Commissioner.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Simco Sales Service (L. Farber, owner) to use the building at 35 Court Street for the storage, treatment and wholesale distribution of ice cream;**

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Jno. F. Murray, Jr.  
Jerome T. Congleton

Mr. Joseph L. Lippman of 17 Academy Street, Newark, appeared and requested a suspension of the rules so that the resolution could be adopted at once.

Commissioner Egan moved that the rules be suspended and that the resolution be considered at once.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Elna Auto Supply Company for the construction of an automobile service station (laundry, lubrication and brake service; no sale or storage of gasoline); premises 48-50 William Street;**

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Egan moved that the resolution be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The following communication was received and read:

#### LAW OFFICES

Robert Gordon,  
786 Broad St.,  
Newark, N. J.

July 11, 1930.

Board of Commissioners of the  
City of Newark, N. J.

Gentlemen:-

Please be advised that I represent Mr. Frank Hillman, the party to whom Louis Kamm, Inc., assigned the twelve equal monthly payments of \$3645.83 aggregating \$43,750, the first of which payments was to have been made by you, under the terms of your agreement with Louis Kamm, Inc., bearing date March 30, 1929, and monthly thereafter. On February 3, 1930, the date of the assignment of said instalments to my client, you were properly notified thereof.

Although the guarantor to my client of the payments to be made by the City paid my client the instalment which came due May 1, 1930, no payments have been received by my client for the instalments which came due June 1, 1930 and July 1, 1930, respectively.

Inasmuch as my client does not desire to wait indefinitely for the receipt of said payments and inasmuch as he, as a disinterested third party, is not concerned in any way with any negotiations that may be pending between you and Mr. Lefcourt for the modification of the terms of his lease, your agreement to pay the commission being an unconditional one, he has instructed me to institute suit at once against the City and against the guarantors unless said payments shall be forthcoming and in his possession on or before July 15, 1930. Under the circumstances, I am compelled to demand these payments by that time or else, suit will be promptly instituted.

I shall appreciate your advice by return mail as to whether or not said payments will be made.

Very truly yours,

ROBERT GORDON.

Commissioner Murray moved that the communication be referred to Commissioner Gillen.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

A Communication dated July 5th, 1930, from A. D. McLarty, Secretary of the Illinois Municipal League, relative to a National Conference of Mayors and other Municipal Officials was received, read and on motion ordered referred to the weekly conference of the Commission.

The following reports of City Officers were received and ordered filed:

Acting Auditor of Accounts for June, 1930.

Commissioner Howe offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

**Application of Max Taunnenbaum (Commercial Funding Co., owner) for a miniature golf course; premises 1072 Broad Street; on condition that the hours of operation be from 8 A. M. to 11.30 P. M., for a period ending January 1, 1932;**

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

John Howe  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

Mr. Max L. Tannebaum, 126 Washington Street, appeared and requested a suspension of the rules so that the resolution could be adopted at once.

Commissioner Howe moved that the rules be suspended and that the resolution be taken up for consideration.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Has any other citizen any other matter to bring before the Commission this morning?

(No response).

Commissioner Murray moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
W. J. EGAN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
the City of Newark, N. J.

PETER J. O'TOOLE, JR.,  
City Clerk.

Newark, N. J., July 23, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of July 16th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until August 20th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication dated July 23, 1930 from Herman W. Brams, 951 Broad Street, protesting against the proposed ordinance changing the names of Clifton Avenue; Norfolk Street, Jones Street and Belmont Avenue to Roosevelt Avenue was received and read and on motion ordered filed.

A communication dated July 23rd, 1930 from E. W. Smith, 466 Belmont Avenue, protesting against the proposed ordinance to change the names of Clifton Avenue; Norfolk Street; Jones Street and Belmont Avenue to Roosevelt Avenue was received and read and on motion ordered filed.

The City Clerk presented "A Further Supplement to an ordinance entitled "An ordinance to establish the Names of Certain Streets in the City of Newark", and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Gentlemen, this is Clifton Avenue, Norfolk Street, Belmont Avenue and so forth. I have received several letters, some to the effect that they think it will cause a conflict by

having it called Roosevelt Avenue and they suggest it either be called Street or Boulevard, thinking it might conflict with Roseville Avenue, that people might mistake it; there are some who think if we are going to change the name we ought to make it Clifton all the way through, and others Norfolk Street all the way through, and others Belmont Avenue, and others so-and-so; and so that the public may know the reason for the selection of this name, it was called to our attention by the Veterans Association some time ago that in using new names that we use the names of Roosevelt and McKinley, because almost every other president of the United States had a street named after him.

Mr. Myer Zemel: Mr. Mayor and Commissioners, as one of the property owners along that thoroughfare, I, with all due respect to President Roosevelt—he was a fine man and he was a great President—I do not think the street should be named Roosevelt Boulevard or Roosevelt Avenue or Roosevelt Street because it will confuse with Roseville Avenue—it will confuse everybody. I think the proper thing to do is re-name Roseville Avenue. Roosevelt Avenue or road or boulevard, and what I have in mind—and the exercises that I was present at a little while ago in behalf of the war mothers impressed me more than ever, because the late Commissioner Brennan was one of our City Fathers at the time of the war or during the entire duration of the war. He served the City faithfully, honestly, and gave fourteen or fifteen years of his life, and the least you could do for him is to name this thoroughfare Brennan Boulevard. He was a wonderful man; he did honor to the City and did honor to the office he filled. It is too bad that he had to pass on. I hope that God is with him and is good to him. And I ask you gentlemen to name that thoroughfare Brennan Boulevard in honor of the late Commissioner William J. Brennan.

Mayor Congleton: Does anyone else desire to speak on this matter?

Miss Caroline L. Weis, 236 Clifton Avenue: I live near Bloomfield Avenue and I feel it should be Clifton Avenue. Clifton Avenue and Bloomfield Avenue is quite a business place, and

it has been known for fifty-eight years as a business property. Now, Roosevelt Avenue the same as Roseville Avenue, terminates at Bloomfield Avenue, and I think it would be complicated. Another thing, I think the largest part of the street is Clifton Avenue, and eventually we may cut through Verona Avenue and that will take you into Clifton, and why not leave it Clifton Avenue?

Mayor Congleton: People who live on Norfolk Street feel the same way, and others who live on Belmont Avenue, so that we thought the fairest way to all is to select a new name.

Miss Weis: While it is an honorable name I think it will make a lot of confusion. Now, anyone directing the name Roosevelt or Roseville would have to speak very distinctly; and another thing, the man who was receiving the directions would have to hear very well, I don't think it is good at all.

Mayor Congleton: Well, we might take the name of the other President and use McKinley.

Miss Weis: And I think that either Clifton Avenue or Belmont Avenue have a good business value, and why not take cognizance of it.

Mayor Congleton: I do not think the name makes the value.

Miss Weis: The name makes a big difference in business, because I was connected with a business for many many years, and they changed the name and they have been seven years just going in the hole, so I think the name means something.

Commissioner Howe: Clifton Avenue confuses with Clinton Avenue now. I think it would be just as well to leave them as they are, as far as I am concerned.

Miss Weis: No, I think it is well to change the name and make them one; I think that is progress; and I think the people of Jones Street and Norfolk Street feel the same way, because after all, they are short streets and they don't amount to an awful lot.

Commissioner Howe: It makes a

great deal of trouble in the Tax Department.

Miss Weis: Well, I certainly am not in favor of Roosevelt Avenue.

Commissioner Howe: Neither am I.

Miss Weis: And we own more than one property on Clifton Avenue. My father and grandfathers before me were all taxpayers, so I feel we have some standing.

Mayor Congleton: The Board will not pass the ordinance today. We will take it into consideration. Does anyone else desire to speak on the matter?

Mrs. C. W. Swift, 297 Clifton Avenue: Honorable Mayor, I represent a business house of Newark on Clifton Avenue and also residents of Clifton Avenue for twenty-seven years. I think that it is not right at this time to change the name to Roosevelt Avenue. I am also like Miss Weis, I think it is very much like Roseville Avenue, and I think the name should be Clifton Avenue.

Mayor Congleton: You would have to change your numbers if we made it Clifton Avenue all the way through.

Mrs. Swift: We do not object to changing the number, but we do object to changing the name. I think if all the people on Clifton Avenue were here and got a chance they would say they want it Clifton Avenue.

Mayor Congleton: Well, we will give consideration to what you have said about it. I think you are unduly alarmed, because you will recall we changed the name of Belleville and Washington Avenue to Broadway at the request of property owners and it has not caused any confusion or it has not depreciated the value of property at all.

Mrs. Swift: I am not talking about the value of property, but I don't think in changing the name of Belleville Avenue to Broadway—but I think to change the name to Roosevelt Avenue with Roseville Avenue only about seven blocks away, is something.

Mayor Congleton: There may be

something in that. Does anyone else desire to be heard?

(No response).

Commissioner Egan: I move the ordinance be laid over two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base and on the old concrete base, repaired, replaced or built up as directed, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base and on the old concrete base, repaired, replaced or built up as directed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch

concrete base and on the old concrete base, repaired, replaced or built up as directed", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the paving, repaving and resurfacing of Frelinghuysen Avenue from about 280 feet north of East Peddie Street to about 210 feet south of East Peddie Street and East Peddie Street from Frelinghuysen Avenue to about 70 feet westerly with asphalt pavement (1½" top-1½" binder) on a new (6) inch concrete base and on the old concrete base, repaired, replaced or built up as directed.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet northerly with asphalt pavement (1½" top-1½" binder) on the old concrete base, repaired, replaced or built up as directed, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete base repaired, replaced or built up as directed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete base repaired, replaced or built up as directed", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Lake Street from Bloomfield Avenue to about 1800 feet southerly with asphalt pavement (1½" top-1½" binder) on the old concrete base repaired, replaced or built up as directed.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled "Zoning Ordinance of The City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark Do Ordain:

1. That Section 7, subdivision (e) of an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended to read as follows:

"(e) Carousel, ferris wheel, merry-go-round, roller coaster, miniature and practice golf course, or similar amusement devices."

An ordinance requiring and regulating the examination of domestic servants.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the opening and widening of Dayton Street on

the southeasterly side thereof at Machin Street and Wharton Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Dayton Street on the southeasterly side thereof at Machin Street and Wharton Street, shall be opened as a public street or highway, by the addition thereto of the two following described parts:

Part No. 1 at Machin Street: Beginning at the southeasterly corner of Dayton Street and Machin Street; thence along the southeasterly line of Dayton Street South 55 degrees 39 minutes west 126.08 feet; thence South 12 degrees west along line of land conveyed to City of Newark by United States Trust Company of Newark, N. J., 43.70 feet; thence North 48 degrees East 166.84 feet to the southerly line of Machin Street; thence along the same North 78 degrees west 11.05 feet to the place of Beginning.

Part No. 2 at Wharton Street: Beginning at the intersection of the southerly line of Wharton Street and the easterly line of Sedgewick Avenue; thence along the easterly line of Sedgewick Avenue South 12 degrees West 22.61 feet; thence North 48 degrees east 27.95 feet to the southerly line of Wharton Street; thence along the same North 78 degrees West 16.43 feet to the place of Beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1314-O, dated July 18, 1930. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be assessed against the City at Large.

Section 3. That the sum of \$4,000.00

is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission", approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that August 13th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption in first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of all that part of Broadway (formerly Belleville Avenue and formerly Broad Street) lying between the westerly line of Broadway, as the same is laid out on map of Commissioners to lay out streets, avenues and squares, and the westerly line of Broad Street as laid out on map of property of Mill and Mt. Pleasant lots, North Ward property, dated April 20, 1835; said vacation to extend from the northerly line of Seventh Avenue East, northerly about 483 feet to the intersection of the northerly line of above mentioned Mill and Mt. Pleasant map with the westerly line of the aforesaid Broad Street, excepting from such vacation all that portion of the above described part of Broadway lying within the limits of Crane Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That all that part of Broadway (formerly Belleville Avenue and formerly Broad Street) lying between the westerly line of Broadway, as the same is laid out on map of Commissioners to layout streets, avenues and squares, and the westerly line of Broad Street as laid out on Map of property of Mill and Mt. Pleasant lots, North Ward property, dated April 20, 1835; shall be vacated as a public street or highway, said vacation to extend from the northerly line of Seventh Avenue East, northerly about 483 feet to the intersection of the northerly line of above mentioned Mill and Mt. Pleasant map with the westerly line of the aforesaid Broad Street, excepting from such vacation all that portion of the above described part of Broadway lying within the limits of Crane Street.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1404-V, dated June 26, 1930. Under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning

Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

This cancellation and discharge of all claims of the City of Newark against the above property in excess of Eight Hundred Dollars (\$800.00) is acceptable as the outstanding liens more than double the assessed valuation.

John Howe  
Charles P. Gillen  
Jerome T. Congleton  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on April 30, 1930, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two Hundred Thousand dollars (\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Sewer Construction said Temporary Loan Bonds being numbered 1950-1951-1952 and 1953 and dated April 30, 1930, and payable July 30, 1930;

AND WHEREAS, the improvement for which said Two Hundred Thousand Dollars (\$200,000.00) was issued was for Sewers now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two Hundred Thousand Dollars (\$200,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improve-

ment commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Hundred Thousand Dollars (\$200,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two Hundred Thousand Dollars (\$200,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two Hundred Thousand Dollars (\$200,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916.

FURTHER RESOLVED: That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Charles P. Gillen  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on April 16, 1930, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Seven Hundred Thousand Dollars (\$700,000.00) for money borrowed in anticipation of the receipt of money ex-

pendent for Sewer Construction, said Temporary Loan Bonds being numbered 1939-1940-1941-1942-1943-1944 and 1945 and dated April 24, 1930, and payable July 24th, 1930;

AND WHEREAS, the improvement for which said Seven Hundred Thousand Dollars (\$700,000.00) was issued was for Sewers now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Seven Hundred Thousand Dollars (\$700,000.00) of Temporary Loan Bonds issued;

THEREFORE, BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Seven Hundred Thousand Dollars (\$700,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Seven Hundred Thousand Dollars (\$700,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED: That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Seven Hundred Thousand Dollars (\$700,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED: That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Charles P. Gillen  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on April 30, 1930, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two Hundred Thousand Dollars (\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Street Openings, said Temporary Loan Bonds being numbered 1946-1947-1948 and 1949 and dated April 30, 1930, and payable July 30, 1930;

AND WHEREAS, the improvement for which said Two Hundred Thousand Dollars (\$200,000.00) was issued was for Street Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two Hundred Thousand Dollars (\$200,000.00) of Temporary Loan Bonds issued;

THEREFORE, BE IT RESOLVED: That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Hundred Thousand Dollars (\$200,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two Hundred Thousand Dollars (\$200,000.00) of

Temporary Loan Bonds issued therefor;

**FURTHER RESOLVED:** That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two Hundred Thousand Dollars (\$200,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

**FURTHER RESOLVED,** That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, by the Board of Commissioners of The City of Newark that the action of the Director of the Department of Public Affairs in accepting the bid of Pennsylvania Railroad Company, as lessee for the United New Jersey Railroad and Canal Company, for certain lands in the City of Newark, hereinafter described on the annexed sheet, which is made part hereof, which tract consists of 11.74 acres, at the price of \$2500 per acre, pursuant to resolution authorizing said sale heretofore adopted by this Board, be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed, with Covenant against Grantor's Acts, conveying the lands aforesaid, to said purchaser, upon compliance by said purchaser with the Conditions of Sale forming part of said bid.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, by the Board of Commissioners of the City of Newark that the sum of Twenty-nine thousand three hundred and fifty (\$29,350.) dollars, be and the same is hereby appropriated to the United New Jersey Railroad and Canal Company, a New Jersey corporation, being the purchase price of certain lands agreed to be sold by said corporation to the City of Newark which said lands are situate in the City of Newark, County of Essex and State of New Jersey, and are described as follows:

First

All that certain tract or parcel of land situate in the City of Newark in the County of Essex and State of New Jersey bounded and described in accordance with a survey and plan thereof made by George H. Gardner, 207 Market Street, Newark, New Jersey, January 15, 1930, as follows, viz:

BEGINNING at a point in the northerly line of Old Meadow Road distant on a course of north twenty-six degrees fifty-five minutes west three feet and twenty-two one-hundredths of a foot from a point in the northerly line of Haynes Avenue extension as shown in a public advertisement for the sale of land by the City of Newark dated July 10, 1929 (said Haynes Avenue Extension as mentioned in said advertisement occupying a portion of the land formerly included within the lines of Old Meadow Road) which point in Haynes Avenue extension is distant one hundred and eighty-two feet and fifty-four one-hundredths of a foot on a course of south eighty-five degrees twelve minutes east along said northerly line of Haynes Avenue extension, from a point, which point is

in a line drawn nine hundred and ninety feet from and parallel with the northwesterly line of Haynes Avenue (State Highway Route Number 25, one hundred and twenty feet wide) as it exists northeasterly from Haynes Avenue extension; thence north twenty-six degrees fifty-five minutes west from said beginning point, thirty-four feet and ninety-nine one-hundredths of a foot to a point distant ten feet eastwardly from a point in and measured radially to the center line of a side track of the United New Jersey Railroad and Canal Company extending to land now or formerly of Mary C. Gaddis Plum; thence north seven degrees thirteen minutes west one hundred and fifty-eight feet and thirty-five one-hundredths of a foot to a monument distant ten feet eastwardly from a point in and measured radially to the center line of the aforesaid side track said monument being also distant six hundred and forty-seven feet and eighteen one-hundredths of a foot southeastwardly from a point in and measured at right angles to the line established as the original center line of the railroad of said The United New Jersey Railroad and Canal Company; thence north thirty-nine degrees twenty-seven minutes east on a line parallel with the northwesterly line of Haynes Avenue (State Highway Route Number 25—one hundred and twenty feet wide) as it exists northeasterly of Haynes Avenue extension, one thousand one hundred and ninety feet and sixty-five one-hundredths of a foot more or less, to a monument distant seven hundred and eighty feet and fifty-nine one-hundredths of a foot southeastwardly from a point in and measured at right angles to the said original center line of railroad and also distant nine hundred and ninety feet from the northwesterly line and one thousand and fifty feet from the center line of Haynes Avenue (State Highway Route Number 25—One hundred and twenty feet wide) measured at right angles thereto, from a point in the northwesterly line of said Haynes Avenue distant seven hundred and thirty-four feet and fifteen one-hundredths of a foot

northeasterly from its intersection with the northerly side of Haynes Avenue extension (seventy-five feet wide) as mentioned in the aforesaid advertisement and from a point in the center line of said Haynes Avenue (State Highway Route Number 25, one hundred and twenty feet wide) distant two thousand feet and ninety-four one-hundredths of a foot southerly from the center line of Peddie Street (one hundred feet wide); thence south fifty degrees thirty-three minutes east along said line at right angles to Haynes Avenue, three hundred and three feet more or less to a point in the southeasterly line of land conveyed to said The United New Jersey Railroad and Canal Company by P. Sanford Ross and wife by Deed dated April 18, 1907 recorded in Deed Book Y-41 page 497, said point being also in the middle of (now or formerly) a ditch dividing the land conveyed as aforesaid from land formerly of Frederick Ahrens, now City of Newark; thence along the said middle of ditch and by said land formerly of Ahrens, now of City of Newark, being also the line of land conveyed by P. Sanford Ross and wife to The United New Jersey Railroad and Canal Company as aforesaid, south sixty-five degrees thirty-three minutes west one hundred and sixty-four feet more or less to a stone; thence still by line of land formerly of Ahrens, now of City of Newark and also by the line of land conveyed by P. Sanford Ross and wife as aforesaid, south twenty-six degrees thirty minutes east one hundred and fifty-five feet and seventy-six one-hundredths of a foot to a stake in the middle of (now or formerly) another ditch; thence up the middle of said ditch, partly by land of the City of Newark, formerly of Ahrens, south seventy-nine degrees seven minutes west four hundred and forty-three feet and sixty-four one-hundredths of a foot, more or less, to a stake in the middle of (now or formerly) Little Creek or ditch; thence along the center line of said Little Creek or ditch, south thirty degrees forty-eight minutes east one hundred and seventy feet and ninety-four one-hundredths of a foot

to a stake; thence by land of the City of Newark, along the said center line of Little Creek or ditch, south fifteen degrees eight minutes east two hundred and thirty-six feet and seventy-seven one-hundredths of a foot to a point; thence still along said center line of Little Creek or ditch and along line of land of the City of Newark, south twenty-three degrees thirteen minutes east one hundred and eighty-one and five-tenths of a foot to a point; thence still along said center line of Little Creek or ditch and along line of land of the City of Newark, south twenty-four degrees fifty-three minutes east one hundred and thirty-two feet to a point in the north line of (formerly) Old Meadow Road; thence south seventy-five degrees forty-three minutes west one hundred and thirty-five feet and three-tenths of a foot along said north line of Old Meadow Road, to a point; and thence still along said north line of Old Meadow Road, north eighty-five degrees twelve minutes west five hundred and fifty-seven feet and seventy one-hundredths of a foot more or less to the place of BEGINNING. Containing ten acres and ninety-six one-hundredths of an acre more or less.

Together with all the right, title and interest of the said party of the first part of in and to so much of the land within said Meadow Road abutting and lying southerly of the above property to the center of said Meadow Road and east of a line drawn from the beginning point on a course of south 26 degrees 55 minutes east to the center of said Meadow Road, but subject to the right of the public within the lines of Haynes Avenue as now opened, by ordinance adopted by the Board of Commissioners of the City of Newark, April 16, 1930.

**Secondly:**

All its estate, right, title and interest of, in and to ALL THAT CERTAIN tract or parcel of land situate in the City of Newark, in the County of Essex and State of New Jersey, bounded and described in accordance with a survey and plan

thereof made by George H. Gardner, 207 Market Street, Newark, N. J., January 15, 1930, as follows, viz:

BEGINNING at the end of the seventh course in a deed from P. Sanford Ross and wife to The United New Jersey Railroad and Canal Company dated April 18, 1907 and recorded in Deed Book "Y" 41 page 497, which point is also in the middle (now or formerly) of a ditch; extending thence from said place of beginning (1) along the eighth course as contained in said deed south thirty degrees forty-eight minutes east one hundred and seventy feet and ninety-four one-hundredths of a foot to a stake; thence (2) along the ninth course as contained in the deed from P. Sanford Ross and wife south seventy-nine degrees seven minutes east two hundred and sixty-six feet and sixty-four one-hundredths of a foot to a stake in the center line of (now or formerly) Little Creek or ditch; thence (3) along the tenth course in said deed from P. Sanford Ross and wife north thirty degrees forty-eight minutes west one hundred and seventy feet and ninety-four one-hundredths of a foot to another stake in said center line of Little Creek or ditch; and thence (4) north seventy-nine degrees seven minutes east two hundred and sixty-six feet and sixty-four one-hundredths of a foot to the point and place of BEGINNING. CONTAINING nine hundred and eighty-four one-thousandths of an acre more or less.

upon the filing by said corporation of a Bargain and Sale Deed with covenants against the acts of the grantor, conveying the lands above described free and clear of all encumbrances, with the Acting Auditor of Accounts of the City of Newark, which said Deed shall be approved as to form by the Law Department.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled, "An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels, restaurants, cigar stores, boot blacking parlors, bowling alleys, (other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on and conducted.

The Board of Commissioners of The City of Newark do ordain:

Section 1. That Sections 3, 4, 6 and 7 of an ordinance entitled, "An Ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels, restaurants, cigar stores, boot blacking parlors, bowling alleys

(other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on and conducted," be and the same are hereby amended to read as follows:

Section 3. No person, or persons, firm or corporation, shall pursue the business or occupation of keeping any billiard room, pool room, restaurant (other than hotel restaurant), cigar store, boot blacking parlor, bowling alley (other than in an incorporated club), miniature golf course, or such other place as may exist, wherein other games of skill may be carried on and conducted in the City of Newark, until the proprietor or proprietors thereof shall have first obtained from the Department of Public Safety, as herein provided, a license to carry on and conduct the same, and shall have paid the amount of license fee therefor as herein fixed, to the City Clerk of the said City of Newark.

Section 4. The fees to be paid for such license to carry on and conduct any billiard room, pool room, restaurant (other than a hotel restaurant), cigar store, boot blacking parlor, bowling alley (other than in an incorporated club), miniature golf courses, or such other place as may exist, wherein other games of skill may be carried on or conducted, respectively, are hereby fixed as follows:

Billiard Room—the sum of \$10.00;  
Pool Room—the sum of \$10.00;

Restaurant (other than a hotel restaurant of seating capacity of fifty persons, or a less number)—the sum of \$10.00;

Restaurant (other than a hotel restaurant of seating capacity of more than fifty persons)—the sum of \$20.00;

Cigar Store—the sum of \$1.00;

Boot Blacking Parlor—the sum of \$10.00;

Bowling Alley (other than in an incorporated club)—the sum of \$25.00;

Miniature Golf Course—the sum of \$100.00;

Or such other place as may exist where other games of skill may be carried on or conducted—the sum of \$10.00.

Said license fees as herein and hereby fixed, are imposed for revenue.

Sec. 6. The license herein provided for shall be posted and displayed in a conspicuous place in every billiard room, pool room, restaurant (other than a hotel restaurant), cigar store, boot blacking parlor, bowling alley (other than in an incorporated club), miniature golf course, or such other place as may exist wherein other games of skill may be carried on or conducted, licensed, under the provisions of this ordinance.

Sec. 7. Every billiard room, pool room, bowling alley, or such other place as may exist wherein other games of skill may be carried on or conducted, shall be closed at one o'clock A. M. every night, except Saturday, when they shall close up at midnight, excepting that miniature golf courses shall be closed at eleven-thirty o'clock P. M. every night, and all of said places shall remain closed until 7 A. M.

Section 2. All acts and parts of acts inconsistent herewith be and the same are hereby repealed, and this ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that August 6th, 1930, 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirement of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of John Murray for the construction of five additional individual garages; premises 27-29 North Ninth Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: The gentleman was supposed to submit a sketch to show they were back 60 feet from the street.

Mr. J. F. Wood, of 28 Manchester Place, requested an adjournment of one week in behalf of the owner.

Commissioner Murray: I move that the resolution be laid over until July 30, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

William Simon  
24 Commerce Street

Newark, N. J., July 16, 1930.

Board of Commissioners,

City Hall,  
Newark, N. J.

Gentlemen:-

Premises No. 84 Broad Street are being used by the Peoples Funeral for the purpose indicated by the name.

This, I understand, is objectionable and is zoned against.

I represent an owner of property immediately adjoining and he strenuously objects thereto. He has never received notice of any permit for the use of said property for funeral purposes.

Will you please look into this matter and advise with respect thereto. Has a permit been granted to the owner of premises No. 84 Broad Street to occupy the property for funeral parlor purposes? If not, will you please see that the necessary steps are taken, either through your department or the police authorities, to prevent the use of this property for such purpose.

Very truly yours,

WILLIAM SIMON.

Referred to Commissioner Egan.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Commissioner Gillen: Mr. Mayor, the suit that was brought against the City to prevent the City from paying a commission to the broker for making the Center Market lease was decided in favor of the City, and I see no reason why we should not now go through with the contract. Incidentally, I want to congratulate the Law Department.

Mayor Congleton: It is very nice to have the question settled. It was discussed back and forth many times at the time we took up the Lefcourt lease, but no aggrieved taxpayer took us to court at that time. The matter will be noted in the minutes. Does any other person have any matter to bring to the attention of the Commission?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

Newark, N. J., July 30, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of July 23rd were read and approved.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark Boundary line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundary line, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until August 13th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend Section 875 of the Revised Ordinances of the City of Newark, (Revision of 1913), and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to amend Section 875 of the Revised Ordinances of The City of Newark, (Revision of 1913).

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to amend Section 875 of the Revised Ordinances of the City of Newark, (Revision of 1913)," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend Section 875 of the Revised Ordinances of The City of Newark, (Revision of 1913).

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Board of Adjustment**  
City Hall,

Newark, New Jersey.

July 29, 1930.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body that the Zoning Ordinance be amended so as to include within the First Business District both sides of South Tenth Street between South Orange Avenue and Twelfth Avenue.

Respectfully submitted,

THE BOARD OF ADJUSTMENT,

R. B. Rankin,

Secretary.

Ordered filed.

Commissioner Howe introduced the

following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of The City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled, "Zoning Ordinance of the City of Newark, adopted January 8, 1930, be and the same is hereby amended so as to include within the First Business District the area described as follows:

Bounded on the east by a line 100 feet east of and parallel to South Tenth Street; on the north by a line 100 feet south of and parallel to Twelfth Avenue; on the west by a line 100 feet west of and parallel to South Tenth Street; and on the south by a line 100 feet north of and parallel to South Orange Avenue;

AND that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the First Business District the area above described.

2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that August 13th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as required by law.

The roll being called, the motion was declared adopted by the following votes:

lowing resolutions:

RESOLVED: That in pursuance of  
the provisions of an Act of the Legisla-  
ture of the State of New Jersey, en-  
titled, "An Act to authorize and regu-  
late the issuance of bonds and other  
obligations and the incurring of indebt-  
edness by county, city, borough, village,  
town, township, or any municipality  
governed by an improvement commis-  
sion," approved March 22, 1916, and  
the amendments thereto, there shall be  
issued Temporary Loan Bonds in the  
amount of Two Hundred Fifty Thou-  
sand Dollars (\$250,000.00) for the pur-  
pose of temporarily financing the con-  
struction of the City Railway and is an  
improvement for which the City is au-

thorized to issue bonds by the afore-  
said act;

**FURTHER RESOLVED:** That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two Hundred Fifty Thousand Dollars (\$250,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution;

**FURTHER RESOLVED,** That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

57-67 W. Market Street, Edward Nilan; automobile parking station.

84 Broad Street. Peoples Burial Company, funeral parlor.

#### THE BOARD OF ADJUSTMENT,

R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner, further action to be taken on August 13, 1930.

Commissioner Egan: I move the rules be suspended in the matter of the application of Andrew J. Hill for a miniature golf course at 1109-1113 South Orange Avenue and that we take it up today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Andrew J. Hill (Daniel Minihan, owner) for a miniature golf course; premises 1109-1113 South Orange Avenue; on condition that all requirements of the License Bureau be complied with, that a substantial fence be erected three feet back of property lines, that lighting standards be not over ten feet high, and that this approval expires January 1, 1932;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The

City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen: I move the rules be suspended in the matter of the application of Andrew J. Murray for the construction of a one-story building containing stores at 1097-1103 South Orange Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Andrew J. Murray, owner, for the construction on the street line of a one-story building containing stores; premises 1097-1103 South Orange Avenue;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan

Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Polish Home  
Building & Loan Association**

Newark, N. J., July 29th, 1930.

Honorable Board of Commissioners  
of The City of Newark,

City Hall,  
Newark, New Jersey.

Gentlemen:-

I am requested by the Board of Directors of the Polish Home Building & Loan Association to forward a copy of a resolution adopted by the Association at its last meeting held on July 24th, 1930, relative to the new designation of the thoroughfare upon which the Association has its headquarters.

Very truly yours,

Polish Home Building & Loan Ass'n.,

Albert M. Klemp, Secretary.

WHEREAS, the principal office of the Polish Home Building & Loan Association is situate in premises No. 52 Jones Street, in the City of Newark, New Jersey; and said Jones Street is a section of a continuing thoroughfare which over its entire course is variously designated as follows: Belmont Avenue, Jones Street, Norfolk Street, Clifton Avenue; and as a result of the use of the several names aforesaid confusion and inconvenience are experienced by those transacting business and having communication with persons, firms, organizations and institutions located in said thoroughfare; and it is desirable that this condition be remedied; therefore be it

RESOLVED, that the Honorable Board of Commissioners of the City of Newark, New Jersey, be requested to abolish the use of the several names aforesaid as descriptive of said thoroughfare, and to designate and apply

one name in common for all parts of said thoroughfare, and that the said Board of Commissioners be respectfully advised that the Board of Directors of the Polish Home Building & Loan Association favor and recommend the name "Roosevelt Avenue" as a proper and appropriate designation of said thoroughfare.

Polish Home Building & Loan Ass'n.,

By Peter Sypniewski,  
President.

Albert M. Klemp,  
Secretary.

July 24, 1930.

Referred to conference.

The following petition was received and read:

To the Honorable  
Board of Commissioners of  
The City of Newark.

Your petitioners unto this Honorable Board respectfully show that:

Your petitioners are owners of properties located at or adjacent to Homestead Park, in the City of Newark. Homestead Park is a first residential district according to the January 1930 ordinance of the City of Newark; it is circular in shape, with access to Clinton Place from the East and to Hawthorne Avenue from the West and encircles a piece of property approximately 200 feet in length and 150 feet in width, almost perfectly circular in shape. This piece of property is at the present time vacant. Your petitioners are informed and do believe, however, that the owners thereof, a charitable organization, intend to build thereon a large orphanage, which would be a detriment to the district and would greatly diminish the taxable values of properties situated at Homestead Park or adjacent thereto.

Your petitioners do firmly believe that the said property at the centre of Homestead Park is ideally located and adapted for use as a park, and the benefits of such a park will not be merely local. Your petitioners are informed and do believe that the said property may at this time be purchased for a reasonable price.

Your petitioners therefore respectfully pray that the City of Newark purchase the said property in the centre of Homestead Park and dedicate the same to be used as a park and your petitioners further pray that they, or a committee appointed by them, be given a hearing by this Honorable Board concerning the above matter.

Signed by 29 property owners.

Referred to conference.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. O. Henry Grois, 704 So. 14th Street.

On behalf of the Essex Trades Council, at their last meeting held on Friday evening, there was a request to appear before the Board of Commissioners and request consideration of you in naming this proposed boulevard after our late leader, William J. Brennan, and late Director of Public Safety. I believe the activities of this man, not only in behalf of labor but in behalf of the citizens of the City that he represented so well should not go for naught; and this particular boulevard, or some other boulevard, be named in his honor. At the same time, I might make mention of the fact that the Es-

sex Trades Council has appointed a joint committee to work in conjunction with the Building Trades as a monument committee, so we can get together and erect a monument in his behalf. No doubt we will take that matter up with you at some time later through this committee that has been formed. But we would seriously urge you to consider naming this Brennan Boulevard. That is all I have to say.

Mayor Congleton: Does any other person have any other matter to bring to the attention of the Commission this morning?

Commissioner Gillen: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

### August, 1930

---

Newark, N. J., August 6, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of meeting of July 30th were read and approved.

The City Clerk presented An ordinance, "A further Supplement to an Ordinance entitled 'An ordinance to establish the Names of Certain Streets in the City of Newark' ", and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until August 20th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading and paving of Delavan Avenue from North 6th Street to North 10th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearings be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading and paving of Delavan Avenue from North 6th Street to North 10th Street

with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to provide for the grading and paving of Delavan Avenue from North 6th Street to North 10th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading and paving of Delavan Avenue from North 6th Street to North 10th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Kensington Place from South Twelfth Street westerly about 250 feet to its terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Kensington Place from South Twelfth Street westerly about 250 feet to its terminus.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said reading be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance providing for the vacation of Kensington Place from South Twelfth Street westerly about 250 feet to its terminus", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Kensington Place from South Twelfth Street westerly about 250 feet to its terminus.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening and widening of Jackson Street at the south-westerly corner of Market Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Adolph Knobel, 145 Ferry Street: Gentlemen of the Worthy Board, I am representing my neighbors in reference to Market Street property. The neighborhood all the way through is a thoroughfare. We feel we have no objection for the city to build improvements in there, but we think that the expense should go to the City at large.

Mayor Congleton: How about the man who owns the property immediately next to this opening? He will be put on a corner. Doesn't he think that his property will be enhanced in value by having a corner along these instead of an inside lot?

Mr. Knobel: Well, the gentleman is right in here, if he wishes to say something.

Mayor Congleton: Of course, I do not blame him for wanting the City to bear it all.

Commissioner Howe: Mr. Mayor, I might say that when the appraisal on that property was considered, on the corner, he was allowed fifty per cent. additional in value because he was on the corner, and everybody agreed to that.

Mayor Congleton: All right.

Mr. Knobel: Thank you.

Mayor Congleton: Does anyone else desire to be heard on this?

Mr. William Zellner, 545-547-549 Market Street: Gentlemen, we do not object to the City to take this property, but we would like to have, instead of assessing the people around there, the City should assess the whole city at large.

Mayor Congleton: Where is your property?

Mr. Zellner: 545, 547, and 549 Market Street.

Mayor Congleton: Is that immediately next to the contemplated improvement?

Mr. Zellner: It isn't immediately next, but right across.

Mayor Congleton: The City will pay the very largest part of it.

Mr. Zellner: But of course, that it is—

Mayor Congleton: How about the fellow next to it? He is going to be right on a corner. Don't you think that his property is going to be enchanced?

Mr. Zellner: Well, his property naturally.

Mayor Congleton: If we did not do it this way we could not assess anybody anywhere.

Mr. Zellner: Well, on the strength of it, the taxes are pretty high now and we think that the City should tax people at large for this improvement, not only for the public, but for the improvement around that neighborhood.

Mayor Congleton: All right, sir, your objection will be noted.

Mr. Harry Lerman, 538-540 Market Street: My case is this, gentlemen, property today in the neighborhood is about fifty per cent. less worth than it was twenty years ago. The Commission will bear me out on that.

Commissioner Howe: You should have heard the fellow that sold the corner.

Mr. Lerman: I have got property at 538-540. I am renting out six rooms with all improvements for \$25. and I am glad to have those tenants. 540 I

was compelled to close up the rear house because I could not keep with the element that I have got around that section. That is the benefit that we have got in our neighborhood. Of course, I don't oppose any assessments that the gentlemen allow, but I would like to see it paid with an assessment at large.

Commissioner Howe: You won't have to pay much of that. That will help your property. You are right across the street.

Mr. Lerman: I am right across the street, but I understand—

Commissioner Howe: You are on both sides, aren't you?

Mr. Lerman: No, just on one side.

Commissioner Howe: Haven't you the other side any more?

Mr. Lerman: 538-540.

Mayor Congleton: All right sir, your objections will be noted. Does anyone else desire to be heard?

Mr. Simon Traurig, 537 Market Street: Gentlemen, all I want to say is that I am not opposed to the improvement, but I am opposed that the neighbors should pay for the assessment. It would not be more than fair that the City should pay whatever the assessment will be and then it should be placed on all the property owners.

Mayor Congleton: Where is your property?

Mr. Traurig: 537 Market Street.

Mayor Congleton: 537? Is that across the street?

Mr. Traurig: 537 is across the street, yes, sir.

Mayor Congleton: Across from Jackson Street?

Mr. Traurig: Yes, sir.

Commissioner Egan: On the corner?

Mr. Traurig: Yes, sir.

Commissioner Howe: You are right at the bridge corner?

Mr. Traurig: Yes, sir.

Commissioner Egan: Are you the property owners who owns the gas station there?

Mr. Taurig: Across the street.

Commissioner Howe: He is on the upper corner. That will even help your property, Mr. Taurig.

Mr. Taurig: It won't help much.

Commissioner Egan: And you will not be charged much.

Mr. Taurig: But it isn't more than fair that the City should pay at large.

Commissioner Howe: The Mayor has told you that the City will pay a majority of it, and the chances are that the assessment will be spread over such a large area that you will not be charged much.

Mr. Taurig: It should be spread over the whole city. The whole city should pay a good part of it.

Commissioner Howe: We will all have to pay a little of it.

Mr. Taurig: Yes, sir, but the City should pay its fair share.

Mayor Congleton: Does anyone else desire to be heard?

(No response).

No one else appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance providing for the opening and widening of Jackson street at the south-westerly corner of Market Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance providing for the opening and widening of Jackson Street at the south-westerly corner of Market Street", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the opening and widening of Jackson Street at the south-westerly corner of Market Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled, "An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot blacking parlors, bowling alleys (other than bowling alleys in licensed saloons and incorporated clubs) and such other places as may exist wherein other games of skill may be carried on and conducted, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Commissioner Murray: Mr. Mayor, this affects particularly permits covering miniature golf courses. I notice that there are some golf courses where they have a net in which to drive a ball from a tee. Most of the people who are driving the balls into the nets in those places are novices. If they happen to miss or let go of the golf club and hit somebody else there might be very serious injury done to persons. I think that in these places there ought to be a requirement, where they have a driving tee, that the owners be compelled to provide liability insurance to protect individuals against possible injury of the kind I have mentioned happening on the course.

Further than that, I think if they do the business that they seem to insist they do, they should be compelled to make sanitary arrangements for comfort stations. They should be put on a parity with gasoline stations and be required to put in proper comfort stations.

It strikes me that it would be wise at this time to include that in the ordinance either by amendment or otherwise. I ask you to think it over. I think that there is great danger in the swinging of a golf club by one not experienced in handling it who might

happen to let go of it. If somebody was struck by a ball or by a club, the owner, having nothing but his lease, would not be in a position to pay and the injured party would have nothing on which to recover.

Mayor Congleton: There is a good deal in what you say, Commissioner, but I think that we ought to pass this ordinance now. Then we can have control over them now, and in the meanwhile the Board of Adjustment can look into your suggestion and draw up an amendment providing for what you have mentioned.

Commissioner Murray: Yes. I also think that we should prohibit the sale of refreshments there, because it is unfair competition to people keeping stores in the neighborhood.

Commissioner Egan: Why can't we pass the ordinance this way, pending the new amendments being drawn up, and then have it understood by the Commission that before the Department of Public Safety will give the license the applicant will agree to carry some sort of insurance?

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled, "An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels, restaurants, cigar stores, boot blacking parlors, bowling alleys (other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on and conducted."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to amend an ordinance entitled, 'An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot blacking parlors, bowling alleys (other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on and conducted' ", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot blacking parlors, bowling alleys (other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on and conducted."

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer in Delavan Avenue from North 9th Street to North 6th Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a storm water sewer shall be constructed in Delavan Avenue from North 9th Street to North 6th Street as follows: from North 9th Street to North 7th Street to be twenty-four (24) inch reinforced concrete pipe and the balance eighteen (18) inch reinforced concrete pipe, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 25th, 1930, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement

shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provision of the act above referred to.

Section 3. That the sum of \$10,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$10,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners, Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that August 27, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED: That the sum of One Thousand, Seven Hundred Fifty-Six Dollars and Fifty-Three Cents (\$1,756.53) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance as follows:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, an ordinance providing for the opening and widening of Jackson Street at the southwest corner of Jackson and Market Streets was introduced July 16, 1930, and passed on final reading at the meeting of the Board of City Commissioners, held this day, August 6th, 1930, which ordinance appropriated funds for the taking of property necessary for said opening and widening; and

WHEREAS, the owner of said premises has agreed to accept in payment for the premises to be taken by the said City, the sum of twenty-nine thousand five hundred dollars (\$29,500.);

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the said sum of twenty nine thousand five hundred dollars be and the same is hereby appropriated to A. Milton Jacobs, being the purchase price of the lands agreed to be conveyed by him to the said City, situate in the City of Newark, Essex County and State of New Jersey:

BEGINNING at the corner formed by the intersection of the westerly line of Jackson Street with the southerly line of Market Street (formerly called East Market Street) and from thence running (1) southwesterly along the westerly line of Jackson Street 110 feet; thence (2) northwesterly and at right angles to Jackson Street 29.60 feet to the line of land of John J. Clancy; thence (3) northerly and

still along the line of said Clancy 58.85 feet to an angle in the same; thence (4) northerly and still along the line of said Clancy on a course at right angles to said Market Street 40 feet to Market Street afore-said; thence (5) westerly along the southerly line of said Market Street 44.80 feet to the westerly line of said Jackson Street and place of Beginning.

Excepting however, from the above described premises so much thereof as was conveyed by the party of the first part (Alliance Investment Company) to Ignatz Weiss and Rose Weiss, his wife, by deed dated May 1, 1911, which premises, so conveyed to the said Ignatz Weiss and Rose Weiss, his wife, are as follows:

BEGINNING in the southerly line of Market Street at a point distant 22.02 feet westerly from the westerly line of Jackson Street; thence running along the line of Market Street north 69 degrees 15' west 22.-78 feet; thence south 20 degrees 45' west 40 feet; thence south 38 degrees 14' west 4.95 feet; thence south 53 degrees 30' east 11.22 feet to the westerly side of the brick building adjoining the lot herein described on the east and thence north 36 degrees 30' east along the westerly side of said building, 49.63 feet to the southerly line of Market Street and place of Beginning.

upon the filing by him with the Acting Auditor of Accounts of a warranty deed, approved as to form by the Law Department conveying the lands aforesaid, said deed to be free and clear of all encumbrances except taxes for 1930, which are to be apportioned as of the date of closing title.

Yeas: Commissioners Egan, Howe, Murray.

Nays: Mayor Congleton.

Commissioner Murray moved that the resolution covering the application of Max Hulman to use an existing building for a soda water factory; premises rear of 9-11 Belgium Street, be laid over for one week, the Health Department to report back on its inspection.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The following communications were received and read:

The family of the late Anthony M. Ruffo, Jr., acknowledge with grateful appreciation your kind expression of sympathy.

Ordered filed.

#### **The Village of South Orange**

New Jersey, July 30th, 1930.

Mr. P. J. O'Toole,  
City Clerk,

Newark, N. J.

Dear Mr. O'Toole:-

Enclosed herewith is a certified copy of a resolution adopted by the Board of Trustees of the Village of South Orange at an adjourned regular meeting held Tuesday, July 29th, 1930, pertaining to the taking over of Irvington Avenue, in the Village of South Orange, and the improvement of said Avenue by the Board of Freeholders of the County of Essex as a County road.

Very truly yours,

M. A. Fitzsimmons,

Village Clerk

Note:—The certified copy of a resolution adopted by the Board of Trustees at a meeting held June 16th, 1930, and submitted to you under date of June 19th, 1930, pertaining to the above matter was rescinded at the adjourned regular meeting of the Board of Trustees of the Village of South Orange held Tuesday, July 29th, 1930.

M. A. Fitzsimmons,

Village Clerk.

Ordered filed.

#### **Girard Investment Company**

**478 Central Avenue**

Newark, N. J., July 31, 1930.

Board of Commissioners,  
Newark, N. J.

Gentlemen:-

The above Company, owners of property on Eighteenth Avenue between Melrose and Carolina Avenue, respectfully request the Commission to extend the business zone at this point to cover all lands owned by the Company at this point.

I am enclosing you a blueprint marked in red covering the desired extension.

Respectfully,

Girard Investment Company

Per Harry J. Stevens

Referred to the Board of Adjustment for recommendation and report.

The following petition was received and read:

We, the undersigned, Belmont Avenue property owners, resolved that the name of Belmont Avenue should be sustained from Meeker Avenue to Verona Avenue. In this we wish the Commissioners to act favorably in our request.

Signed by 42 Property Owners.

Received and referred to conference.

ment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of M. A. Anthony (R. E. V. Gerth Estate, owner) for a miniature golf course; premises rear of 349-359 South Orange Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, on the following conditions:

- (1) That a substantial fence be erected three feet inside of property lines;
- (2) That lighting standards be not over ten feet high;
- (3) That all requirements of the License Bureau be complied with;
- (4) That no refreshment stands or other business be conducted on the premises;
- (5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan: I move that the recommendation of the Board of Adjustment in this matter be concurred in.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan: In the matter of the application for permission to erect a miniature golf course at 277-281 Chancellor Avenue, in front of Aldine Street, I understand that there is no objection. I move that the rules be suspended in this matter.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of George E. Hewitt (William R. Ward, owner) for a miniature golf course; premises 277-281 Chancellor Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, on the following conditions:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan: I make a motion that the recommendation of the Board of Adjustment be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Has any person any matter to bring to the attention of the Commission this morning?

Mr. O. H. Fetterly, Mayor of Bound Brook, N. J.

Gentlemen, I am here this morning in reference to the application of the Somerset Bus Company for permits. The Somerset Bus Company has been giving us very good service in our section. I think that I represent not only my own town in this matter, but other towns along the line. They have

been running under temporary permits giving fifty-minute service from Newark.

Mayor Congleton: They have been running without permits in Newark.

Mr. Fetterly: I don't know exactly, but they have been giving good service. Up as far as Somerville at the end of the line it is a half-hour service. Of course, we find that a great many of our people who used to use the railroad into New York for shopping and so forth are beginning to come to Newark which we encourage, because we feel that we want to build up our own state institutions; and we can do it if we keep the money in the state. Heretofore the railroad service from Bound Brook and Somerville into Newark has been very bad and it still is. In fact, there is practically no one who uses the service if they do not absolutely have to do it. Until the Somerset Bus Company started we were with practically no connections whatsoever. In fact you might have just as well been out west, because no one patronized Newark unless he used his own car.

The Somerset Bus Company has given very fine service—good, clean and prompt service—and our people are using the line more and more all the time. With the limited number of buses that the company is allowed to run in the City of Newark it is loading the buses up so that our people are beginning to complain. They find that when they get on the buses downtown after shopping, especially in rush hours, they cannot get a seat. They have to hang into a strap until they get possibly to the other side of Springfield or Union or Hillside before they can get a seat. With the fifty-minute headway out of Newark the bus traffic to the suburban towns adds to the jam.

Of course, I realize that your traffic conditions here are much the same as they are in all other towns, if not worse, and that you are trying to eliminate as much as you can, but still I find that my family would rather ride on a bus to Newark than to use my car. I find that there are a great many families or a great many instances where four or five women would rather ride on a bus than to use the automobile. I

think that if the bus were improved by your allowing more buses to be run out of Newark you would eliminate of the smaller traffic, because people are beginning to use the buses instead of their own automobiles, not being able to find a place to park the automobile in Newark.

I would appreciate it, and other people along the line would, too, if the City of Newark, would see to it that the Somerset Bus Company is allowed to improve upon the service that they are giving by reducing the headway. I do not talk particularly about the Somerset Bus Company or any other bus line; I am here on behalf of no particular company, but what we are trying to do is to get better service for our community.

Of course, our train service, as far as New York and Philadelphia is concerned, is very fine. It cannot be beaten. We want to divert that traffic into Newark, so that it doesn't go into New York. That cannot be done without giving it to the buses. I remember a few years ago that the railroads were opposing a bus line coming into Newark, because they felt that it would take away revenue from the railroad, but when they checked up the timetable of the railroad they found that they were not attempting to give service to Newark. Fifty years ago they used to give pretty good service here, but today even with the increased population, their service is not nearly so good as what it used to be. In those days they used to run all their trains through around here. That was before they had the bridge, but now, with the new bridge people coming up from our way have got to make two changes to get into Newark—that is, at least from anywhere near Dunnellen, and the trains are locals and not very pleasant to ride in. They do not give anywhere near the service they used to give years ago.

I think there are a number of other people down there who in the interest of this community would like to see the bus service improved. They do not speak in the interest of any particular bus company, because neither they nor I represent one bus line or the other. We can't do much unless you people

want to co-operate with us. Of course, you know that we want to spend our money here in Newark instead of seeing it go to New York or to Philadelphia.

Mayor Congleton: Mr. Mayor, in order that you may know the situation, there were several legal questions involved in this matter, which have now been determined by the Board of Utility Commissioners. This matter has been in my department and I refused to act on those permits while they were in litigation. Counsel for the Somerset Bus Company advanced some very novel points which I desired to see decided by the Utility Commission, so that I might know how to act in other cases of permits. Those questions have only recently been decided, and I have the matter before me. There will be some action taken one way or the other within a very short time.

Mr. Fetterly: I hope so.

Commissioner Howe: Mr. Mayor, won't you sit down and join us?

(Mayor Fetterly took a seat at the council table.)

Mayor Congleton: For one thing, we wanted to know whether a bus company could put buses on the streets without getting permits. The Utility Commission said it could not, because it would create a very bad situation if anybody who had one permit thought he could put on ten buses. Furthermore, counsel for the Somerset Bus Company raised the point that as long as his company did not at one time have more than six or eight or whatever the number was buses in Newark at one time the company could do as it pleased. The Utility Commission has decided that. Now that we know where we are we have the matter in hand, and something will be done about it shortly.

Commissioner Murray: It is to be assumed that counsel for the Somerset Bus Company proceeded along the line of the same arguments as Mayor Fetterly has advanced in this case, which is that it is better to induce the people to come to Newark rather than to go to New York by way of the Central Railroad, which gives excellent service to New York.

Mr. Fetterly: You see, up until the last two or three years I do not think that Newark boasted the kind of stores that New York had, and therefore the people were not attracted here, but now the stores compare very, very favorably with those in New York. I have heard some women say that they would rather shop here than in New York.

Mayor Congleton: We want to have them here and we are going to do everything to bring them here.

Mr. Fetterly: I think that Philadelphia has a good idea about relieving the outside suburban traffic. Of course, they own their own lines and they are in a position to do more. At the end of the line, at the terminals, they have large parking spaces, which are properly supervised. For twenty-five cents a suburbanite can park his car in one of those parking spaces all day long, if he wants to, and he gets two tokens to ride in on the trolley or the subway or whatever line he chooses to take. That keeps the automobiles out of the city and gets the people to use the transportation lines. The people are using it a great deal. If you go to one of those city parking stations you find the parking places used very freely.

Commissioner Murray: The parking space, therefore, costs only fifteen cents, allowing five cents for each car or train ride, is that it?

Mayor Fetterly: Yeas.

Mr. George A. Henderson, Prudential Building.

Gentlemen, last week the Board of Adjustment approved the application for George McLaren for permission to build a miniature golf course in a section of the City where the premises are partly in the business zone and partly in the industrial zone. The application was unanimously approved by the Board of Adjustment.

Mayor Congleton: Where is it?

Mr. Henderson: 627 Broadway.

Mayor Congleton: Opposite Delavan Avenue?

Mr. Henderson: Near Elwood Avenue.

Mayor Congleton: There was a very strenuous protest against it, wasn't there?

Mr. Henderson: No.

Mayor Congleton: The matter is not before the Board today.

Mr. Henderson: No, the matter is not before the Board today. I was going to ask the Board if they would take it up today under a suspension of the rules. I think that it was the only application that was unanimously approved last week. The premises are partly in the business zone and partly in the industrial zone. The only objection against it came from two men.

Mayor Congleton: Yes, two men who live next door to it.

Mr. Henderson: One was from number 605 and one from number 627, quite a distance away.

Mayor Congleton: I am not inclined to think that the Board should suspend the rules and take it up. Unless there is something very strenuous to show why it should be granted, I don't think it will help you much.

Commissioner Murray: In this situation the objectors have probably been notified that they would have a right to appear before the City Commission on the 13th of August, which is a week from today. Where there are objectors who have been notified that their time to appear is on a certain day I do not see how you can go ahead in advance of that and ignore those people, especially if you know that there are objectors.

Mayor Congleton: It would not be good form, to say the least.

Mr. Henderson: There is only one objector.

Mayor Congleton: There are other men who live alongside, who have very substantial properties that they are using to live in. They have a substantial investment in fine places and live on properties with seventy-five-foot setbacks. This golf course will be practically in the front yards of the properties having a seventy-five-foot setback line. I looked at it. As far as I personally am concerned, I am

ready to take it up, but I shall vote against it.

Mr. Henderson: The man in question, the man who you are probably referring to today, is the man who at that meeting passed a remark that the people who frequent these golf courses should go back to work and leave golf to the millionaires which that objector probably is. I think that the objections of people of that type should not be taken too seriously.

Mayor Congleton: They are people who have a very substantial investment there and who are keeping their property up with a setback of 75 to 100 feet. Your client wants to put a golf course out in front of a house, which would not be very pleasing to me if I lived there, with those big flood lights out there at night, if I wanted to rest quietly in my own home.

What is your motion, Commissioner Murray? Shall we let this matter take the regular course?

Commissioner Murray: Yes, let it take the regular course and come up on the 13th, when the people who have been notified to appear before the City Commission will appear.

It is true that this application had the unanimous consent of the Adjustment Board, but that does not mean anything. In fact, even if only three of the men had approved it it might be more justifiable than if five had approved it. Five men can be just as wrong or right as three. I assume that the five men figured that because this golf course would be on a business street where there is a great deal of noise from the trolley cars and the other traffic going up and down all the time that the golf course would be a minimum objection, so far as an objectionable institution goes, and I think that they are right about it. Nevertheless, I do not think that when we have set a time for people to come before this Board and object that we have a right to abort that by suspending the rules before they appear. I do not think that that is a fair thing to do.

I think that it should be allowed to come in its regular course, by which

time it will have been inspected and everybody will know about it.

Mayor Congleton: Has any other person any matter to bring to the attention of the Board this morning?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
JNO. F. MURRAY, Jr.  
WILLIAM J. EGAN

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE,  
City Clerk.

Newark, N. J., August 13, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of August 6th were read and approved.

The City Clerk presented An ordinance providing for the vacation of all that part of Broadway (formerly Belleville Avenue and formerly Broad Street) lying between the westerly line of Broadway, as the same is laid out on map of Commissioners to lay out streets, avenues and squares, and the westerly line of Broad Street as laid out on map of property of Mill and Mt. Pleasant lots, North Ward property, dated Apr. 20, 1835; said vacation to extend from the northerly line of Seventh Avenue East, northerly about 483 feet to the intersection of the northerly line of above mentioned Mill and Mt. Pleasant map with the westerly line of the aforesaid Broad Street, excepting from such vacation all that portion of the above described part of Broadway lying within the limits of Crane Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, . Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of all that part of Broadway

(formerly Belleville Avenue and formerly Broad Street) lying between the westerly line of Broadway, as the same is laid out on map of property of Mill and Mt. Pleasant lots, North Ward property, dated Apr. 20, 1835; said vacation to extend from the northerly line of Seventh Avenue East, northerly about 483 feet to the intersection of the northerly line of above mentioned Mill and Mt. Pleasant map with the westerly line of the aforesaid Broad Street, excepting from such vacation all that portion of the above described part of Broadway lying within the limits of Crane Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance providing for the vacation of all that part of Broadway (formerly Belleville Avenue and formerly Broad Street) lying between the westerly line of Broadway, as the same is laid out on map of Commissioners to lay out streets, avenues and squares, and the westerly line of Broad Street as laid out on map of property of Mill and Mt. Pleasant lots, North Ward property, dated Apr. 20, 1835; said vacation to extend from the northerly line of Seventh Avenue East, northerly about 483 feet to the intersection of the northerly line of above mentioned Mill and Mt. Pleasant map with the westerly line of aforesaid Broad Street, excepting from such vacation all that part of Broadway lying within the limits of Crane Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of all that part of Broadway (formerly Belleville Avenue and formerly Broad Street) lying between the westerly line of Broadway, as the same is laid out on map of Commissioners to lay out streets, avenues and squares, and the westerly line of Broad Street as laid out on map of property of Mill and Mt. Pleasant lots, North Ward property, dated Apr. 20, 1835; said vacation to extend from the northerly line of Seventh Avenue East, northerly about 483 feet to the intersection of the northerly line of above mentioned Mill and Mt. Pleasant map with the westerly line of the aforesaid Broad Street, excepting from such vacation all that portion of the above described part of Broadway lying within the limits of Crane Street.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled, "Zoning Ordinance of The City of Newark", adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance.

Mrs. A. Stradling, 325 South 10th Street: Gentlemen, I have come here as a property owner to protest against South Tenth Street being placed in the business section, because it is perfectly residential now. We as property owners do not see any reason why, when South Orange Avenue is so near and a perfectly business section around here, that our neighborhood should be put in the business zone. I think it would be a great detriment to the property. I am not the only objector. Nearly every one of the other property owners say the same thing, so I hope that it will not be made into a business section.

Commissioner Howe: Are there any stores there now?

Mrs. Stradling: There are one or two on the southeast corner of Tenth Street.

Commissioner Murray: But not in the block?

Mrs. Stradling: But not in the block where we live.

Commissioner Murray: You have one on the southeast corner of Tenth Street? There is nothing else between there and the corner of South Orange Avenue?

Mrs. Stradling: Nothing more between there and Twelfth Avenue.

Commissioner Howe: Don't you think that business would enhance the value of your property?

Mrs. Stradling: No, I do not, because we think it would depreciate it, be-

cause I have lived there a number of years. If they turn the homes into a business section it will drive us out.

Commissioner Howe: Invariably, nine times out of every ten, when we change a section to a business zone it enhances the value of the property. That has been the history when we condemn property in business sections. We always had to pay more for the property because it is in a business section.

Commissioner Murray: The lady's idea is logical because South Orange Avenue between Ninth Street and Twelfth Street represents practically every kind of business that the neighborhood can support.

Mrs. Stradling: Then, in Ninth Street not so very long ago they were refused a permit to build six garages, because they classed it as residential. Tenth Street is far superior to Ninth Street in that section. Commissioner Murray knows that.

Commissioner Murray: That is right.

Mr. Mandell Svet, 17 Weequahic Avenue: I own four two-family houses in that block, South Tenth Street. Mostly the people that live there are that have business at South Orange Avenue. There are four like this next to mine, and I think they will all move out if that will be a business section. Again, I think it is a beautiful block, and it is very convenient.

Commissioner Howe: The Board of Adjustment recommended it. As I understand, one side is vacant.

Mr. Svet: No, it is built up. Only one corner is empty. Thirteenth Avenue corner is vacant; the rest are all two-family houses and private houses.

Commissioner Murray: They are well kept up and they suffer a lot from bad trolley conditions there. I move that the ordinance be laid over for a week and taken up in conference next Tuesday.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening and widening of Dayton Street on the southeasterly side thereof at Machin Street and Wharton Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mrs. Caro Scherlocher, 21 Branford Street: We had a letter that they are going to take some pieces of our property.

Mayor Congleton: We are going to take it for the purpose of new Dayton Street and making a very substantial improvement around there, straightening the street.

Mrs. Sherlocher: Yes, on Wharton Street and on Dayton Street, too.

Mayor Congleton: Right there at the corner, a little piece that runs in, 16 to 22 feet.

Commissioner Murray: The lady has just told me that she is worried about the fact that she will not be paid for the land taken. She will be paid for it.

Mayor Congleton: Yes, she will be paid for it. Mr. Blanchard tried to pay her for it and she would not be paid for it.

Mrs. Sherlocher: He wanted to pay for it before, but he didn't want to pay the price for it, so we didn't give it.

Mayor Congleton: You will have your opportunity to get your payment through the Assessment Commissioners, who will assess the property on condemnation and who will give you the fair market value of the property. In addition they will compensate you for any damage that the property sustains.

Mrs. Sherlocher: Are you going to take the whole property?

Mayor Congleton: No, just a little piece on the right.

No one else to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance providing for the opening and widening of Dayton Street on the southeasterly side thereof at Machin Street and Wharton Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance providing for the opening and widening of Dayton Street on the southeasterly side thereof at Machin Street and Wharton Street", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the opening and widening of Dayton Street on the southeasterly side thereof at Machin Street and Wharton Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundry line, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until September 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance to amend an ordinance entitled 'An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot black parlors, bowling alleys, (other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on or conducted."

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 7 of the ordinance entitled "An ordinance to amend an ordinance entitled 'An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot blacking parlors, bowling alleys, (other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on or conducted", be and the same is hereby amended to read as follows:

Section 7: Every billiard room, pool room, bowling alley, indoor miniature golf course, or such other place as may exist wherein other games of skill may be carried on or conducted, shall be closed at one o'clock A. M. every night, except Saturday, when they shall close at midnight, excepting that outdoor miniature golf courses shall be closed at eleven thirty o'clock P. M. every night, and all of said places shall remain closed until seven o'clock A. M.

Section 2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed, and this ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that August 27th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquisition of property known as No. 243 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the lands hereinafter particularly described, situate in the City of Newark, shall be acquired by the City of Newark, either by purchase or condemnation, for City use:

BEGINNING in the northwest corner of Mulberry and Franklin Streets, thence running along Mulberry Street north 28 degrees east 30 feet 2 inches; thence north 61 degrees 35 minutes west 34 inches; thence north 62 degrees 40 minutes west 68 feet 8 inches more or less to land late of James Brown; thence south 29 degrees 10 minutes west 29 feet 8 inches to Franklin Street, thence along Franklin Street south 62 degrees east 103 feet 3 inches more or less to Mulberry Street and place of Beginning.  
Being the same premises conveyed

to Joseph J. Matz and Abram Meyer, by deed dated June 6, 1921, by Thomas W. Lauterborn and Josephine M. Lauterborn, his wife.

2. That the total cost of the purchase of said lands shall not exceed the sum of sixty thousand dollars (\$60,000.);

3. Pursuant to the provisions of Section 13 of Chapter 252, P. L. 1916 as amended

there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding sixty thousand dollars (\$60,000.), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of sixty thousand dollars (\$60,000.) to be raised by the issuance of such temporary loan bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that August 27th, 1930, at 10 A. M. Standard 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when

and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance and recommends that the following use for which application was made be allowed:

**Application of Ralph Helsner (Forest Hill Association, owner) for a miniature golf course; premises 61-81 Forest Hill Parkway;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932; and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. R. Arthur Heller, 599 Ridge Street.

Gentlemen, I have been criticized in the newspapers by your Honor and others, for participating in this golf course. Personally I am absolutely opposed to it, was opposed to it, and am now opposed to it. I trust that the Commission, when the matter comes before it formally, will refuse to grant it. It is true that other members of my family were in favor of it, but that does not in any way point me to be in favor of it. The criticism to me, I think, is unfair.

Mayor Congleton: Well, there was no intent to criticize unjustly anyone who is not a part and parcel of it, but it was done because it was and is general knowledge that the Forest Hill Association is the Heller family. We did criticize the Hellers for leasing the property for use such as this when they had been so careful to put such stringent property restrictions in their deeds all through Forest Hill.

Mr. Heller: The point is well taken, except that the criticism seems to be direct against me personally. It appeared in the public print, whereas it should not have appeared against me, so I hope now it will be acted on one way or the other, either concurred in or rejected.

Mr. Howard Isherwood, 738 Broad Street.

Gentlemen, I have a petition here of 56 objectors, which petition I should like to present to the Commission.

Commissioner Murray: Mr. Mayor, Mr. Heisner, the applicant, is here and wants to withdraw the application.

Mr. Ralph Heisner, 771 Lake Street.

I want to withdraw the application, under those circumstances.

Mayor Congleton: The application should be acted upon by this Board one way or the other in my opinion. The Board of Adjustment has acted on it, so I think it is up to this Board to act upon it.

Commissioner Murray: To dispose of the matter, I move that the Commis-

sion decline to concur in the recommendation of the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of George A McLaren (C. Raymond Snyder, owner) for a miniature golf course; premises 627 Broadway;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932; and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. George A Henderson, Prudential Building.

Mr. Mayor and Commissioners, this application was made by Mr. McLaren before the Board of Adjustment, for

permission to have a miniature golf course at 627 Broadway. The property is half in the business zone and half in an industrial zone, the front half being in the business zone. On the property is located a large unsightly one-family frame dwelling, in which until recently there were three families living, and I believe, fifteen children were living there. At the present time it is untenanted. The property is owned by a prominent member of this community, Mr. Raymond Snyder. This golf course seems to be the only means of enabling him to pay the taxes on the property.

The golf course, if granted, will be conducted in an orderly way. I know that you are all familiar with the situation as to these golf courses and know what a clean, wholesome type of recreation it is. It is not a noisy business. It is not a business that is going to bring disturbance to the neighborhood. It is a neighborhood business, where the people of the neighborhood will come and enjoy themselves in the open, and their children can come too. There seems to be no reason why a golf course of this sort should not be granted in the business section.

If the question of traffic is brought up, most of the playing is at a time when the traffic is lightest—right after dinner. There is ample space in the rear of these premises for parking cars, if necessary. The street, I believe, is 75 feet wide. It is a very wide street. There will be no interference with traffic.

The house now on the property hasn't even electric lights or gas in it; it is lighted by oil lamps and it is really a fire hazard.

I respectfully urge that the Board approve of and concur in the recommendation of the Board of Adjustment.

Mayor Congleton: Does anyone else desire to speak in favor of the application? If not, we will hear the opposition.

Dr. Frank Devlin, 617 Broadway: Mr. Commissioner and gentlemen, I presented a protest against this application for a golf course at 627 Broadway, yesterday. At that time a dis-

cussion came up as to the ones who had protested previously and had changed their minds. I said at that time that these people that apparently changed their minds had done it under misapprehension, and when the thing was presented to them in the right light they took the privilege of changing their minds again and signed the protest. We have here this morning a protest signed by Mr. Weir, Mr. Zimmerman, myself, Mrs. Taylor, Mr. Moore and Mr. George A. Ohl, Jr., Mr. Weir represents 90 feet of the frontage. I represent 90 feet; Mrs. Taylor represents 90 feet. Mr. Moore represents 45 feet, Mr. George A. Ohl represents 20 feet within the required distance of 200 feet. This makes a total of protesting against that of 445 feet, while the total of frontage interested is 605 feet. We have about ninety per cent. of the people who are residents of that district who are protesting against this.

I will concede what Mr. Henderson has said as to the condition of the property, but I cannot forgoe the opportunity of making a remark as regards the owner of the property. Prior to Mr. Snyder's acquiring it it was the dwelling of Frank Frenzell, a patent lawyer, and it was beautifully kept in comparison with any private home in the City of Newark. After Mr. Snyder, this very prominent citizen, acquired it, it immediately commenced to depreciate. There has never been anything done. There is no grass cut there since Snyder has had it. Of course, that is a very poor attitude for a prominent citizen of the City of Newark to have as regards a dwelling.

I am not going to stay to take up your time. I know you are very busy men. I simply present this petition signed by these gentlemen. There are some of them here who would like to speak.

Mr. George A. Ohls, Jr., 611 Broadway: Mr. Mayor, and Commissioners. I have a nice piece of property up there. I keep my lawns nice and my flowers. On that east side of Broadway, just south of Elwood Avenue, there are seven nice homes, kept up as fine as any homes in the City of Newark. In the center of these seven homes there is this property that Mr. McLaren wishes to put a golf course

on, situated opposite Elwood Avenue. Now, Broadway is the main and the only artery from here going north. Elwood Avenue from the park comes in and it is too congested, in the first place. You can hardly cross the street today because of the speed merchants that go up and down that avenue. When it comes to opening a golf course and making the site pretty, it is a known fact that the class of people that would come there from this district depreciate property. This is a sure thing. I am positive of it. In fact, I would at once ask for a re-assessment if it went through.

When Mr. McLaren came to me a week ago and said, "Why do you object?" I told him congestion, and small boys and girls, and the old house he was going to make a rest room for the ladies. I told him that you play golf to get exercise, not to get rest. I told him he had no place behind for parking. It was like climbing the Alps to try to put a car back of the building. I told him that others objected to it.

He said Dr. Devlin had changed his mind and withdrawn his objection. I said, "I don't believe you," I said, "Doctor Devlin two weeks ago made a fiery speech in this room, and I don't think that he is a man to change his mind over night after speaking so strongly against it." It was an untruth. Mr. McLaren tried to get me to change my mind on that. I am simply mentioning to show the attitude of the people—untruths.

I said to him, "What are you going to do with this house? Don't forget gentlemen, that it isn't alone that little piece of lot there with a big lot of trees around it. What is going to be done with the house? Of course, he can't tell now; maybe later.

I objected because it is a nuisance. It will keep you up all hours of the night. It is going to depreciate property. It is going to congest automobiles, with the fire engines going up there. I can take another hour, I guess, but I don't want to take up your time, particularly when two blocks away there are lots where you can have a nice golf course without interfering with our houses.

Mr. James H. Weir, Sr., 637-41 Broadway: Mr. Mayor and Commissioners, I live within 16 feet of these golf links, and I objected to, and Mr. McLaren came in last week and asked me why. He said that Dr. Devlin was satisfied to have the links there and Mrs. Taylor across the street, and I asked him about Mr. Zimmerman, my next door neighbor, and he said that Mr. Zimmerman had made no complaint, he was satisfied. I said, "Then, all right, I will withdraw my protest, if that is the case."

I found out differently, that they are not satisfied at all, and I was never satisfied. Mr. McLaren led me to believe that the other people were all satisfied, and I went along.

Mr. Henderson: If I may. I should like briefly to answer what has been said. Mr. Ohls, we all know, has been a prominent objector in almost every attempt to improve that section. He objected when the first attempt was made to put a fire station on the corner near there, and he stated after that he was sorry because of the type of building that was put up.

Mr. Ohls: I want to contradict you. I never spoke about a fire station.

Mr. Henderson: A fire station on the corner.

Mr. Ohls: I beg your pardon. No such thing ever happened.

Mayor Congleton: You have it mixed up. You have the fire station confused with a police station.

Mr. Henderson: No, a fire station on the corner, I can supply the name of the man who was interested in the project at the time. Then when the Eighth Precinct Police Station was placed up that way. Mr. Ohls objected again. He has objected time and time again, to every effort to improve that neighborhood.

Mr. Ohls' property is more than 200 feet away. Mr. Develin is about 150 feet. His line is about 110 feet from the property. The traffic congestion spoken of I don't think amounts to anything. We have a letter that was sent to the Mayor by Meehan & Walt-

zinger, the attorneys for Mr. Weir and the Federal Construction Company.

Mr. Congleton: We had that before us yesterday, Mr. Henderson.

Mr. Henderson: The Federal Construction Company is conducting a construction business at the very next door to that house. On the other side, the site, the site between Dr. Devlin and the premises in question, is a large rooming house. Across the street from the premises are several places like tire shops and an incomplete moving picture theatre. In the rear is a poorer section of the City.

I respectfully ask you to grant approval of the action of the Board of Adjustment.

Dr. Devlin: Mr. Chairman. I came here this morning to present this protest upon its merits; I didn't come here for recrimination. I am surprised at the legal gentleman taking that attitude. Mr. Ohls has a right to protest at any time. He is a citizen and a taxpayer.

These figures which I have quoted are taken from the map of the City of Newark. The line of the proposed golf links is just 90 feet. It is 90 feet. The south line of that property is just 90 feet from my north line, which gives me 90 feet on it.

Mayor Congleton: The line next to the proposed site on the south is how wide, Doctor?

Dr. Devlin: It is 90 feet.

Mayor Congleton: Then, you are the next line?

Dr. Devlin: I am the next line.

Mayor Congleton: What frontage have you?

Dr. Devlin: I have 90 feet.

Mayor Congleton: Whose house is next?

Dr. Devlin: Mr. Ohls then has ten feet on the corner.

Mayor Congleton: What is your frontage, Mr. Ohls?

Mr. Ohls: A hundred feet.

Mayor Congleton: We have a plan on it. Just mentioning those names give us it all.

Dr. Devlin: Mr. Weir has 90 feet on the other side. As regards the tire shops: There is one automobile supply station at the farthest away right opposite my property, run by Mr. Moore, a very estimable gentleman who lives in Union and he has signed the protest.

The very fact of there being a moving picture house it is none of our fault that it hasn't been finished, and I guess if the ones interested could have been supplied with sufficient money, I suppose they would have finished it. But despite the fact that it is an unfinished building, there are some of the contractors who went in that who are finished.

I have no further remarks to make. I simply want to ask you gentlemen to vote upon the merits of the case as represented by the number and the amount of feet represented who are interested residents and living there with their families and children.

Mr. Ohls: I just want to apologize for interrupting the worthy attorney, but I believe that I should answer him. I never objected to a fire house; I objected to a police station there. The apartment houses put up there are very nice, and nice quiet families live there, and it is a nice apartment house. A few weeks ago—I guess I am a continual kicker—a few weeks ago there were three drunks on the lawn. Two policemen from Tim Meehan's Eighth Precinct ran them in. I looked out from my back porch and I saw a number of slot machines and I told the man he wouldn't last, and two days later he was out body and soul.

Commissioner Gillen: I move that the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to the Board that it has approved, on appeal from the refusal of the Building Commissioner an application for a variation from the requirements of the Zoning ordinance, and recommends that the following use for which application was made be allowed:

**Application of Capital Securities Company for a miniature golf course; premises 649-659 Clinton Avenue;**

**THEREFORE BE IT RESOLVED** By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property line;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. David M. Litwin, 800 Broad Street: Mr. Mayor and Commissioners at this time I ask for a continuance for one week.

Commissioner Gillen: I move that it be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS: The Board of Adjustment has certified in writing to this

Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

**Application of Charms Company (Dennis D. Cronin, owner) for a miniature golf course; premises 202-208 Sixth Avenue;**

**THEREFORE BE IT RESOLVED** By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen moved that the application be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the resolution covering the application of Max Nulman to use an existing building for a soda water factory; premises rear of 9-11 Belgium Street, be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed;

Application of Edward Nilan (Charlotte Crossley, owner), for an open air automobile parking station; premises 57-67 West Market Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed;

Application of Nicholas Jacenty for the construction of a two-family dwelling; premises 33 Netherwood Place;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved; and the Superintendent of Buildings, the administrative officer in charge of

granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Naye: Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this

Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Balme-Cohen Company, for a miniature golf course; premises 980-988 Bergen Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, on the following conditions:

- (1) That the property be fenced off five feet high from Shephard Avenue and that no entrance or exit be permitted to that street; fence to be three feet back of line of building;
- (2) That lighting standards be not over ten feet high;
- (3) That a substantial fence be erected three feet inside of property lines; five feet high;
- (4) That all requirements of the License Bureau be complied with;
- (5) That no refreshment stands or other business be conducted on the premises;
- (6) That this approval expires January 1, 1932; and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

Mr. Jacob Lubetkin, 60 Park Place: I represent the applicant. If there is no objection and if the Board does not desire me to state the merits of this case, I have nothing to say.

Mayor Congleton: I understand that the L has been eliminated.

Mr. Lubetkin: We have taken it up to the line of the house, not to project beyond the line of the house.

Mayor Congleton: Why not stop at the property line on Shephard Avenue?

Commissioner Murray: There is to be a fence across the rear of the lot so as to shut that out.

Commissioner Howe: How high is the fence?

Mr. Lubetkin: Four feet high.

Commissioner Howe: That isn't good.

Commissioner Murray: You can't put up a fence higher than seven feet.

Commissioner Howe: These four-foot fences are where they hang out on.

Mr. Lubetkin: It will really prevent anybody throwing ashes and garbage on it. In setting this off it would keep the dirt and dust and ash cans from coming on this lot, which would be more detrimental to the occupants of course. These people having business stores, might put a lot of ashes in cans and garbage and waste there, which they would be prevented from doing by the use of this course. Otherwise it would be dumped upon and boys would go in there and play and make a lot of noise.

Commissioner Murray: You could make the fence five feet high instead of four feet high.

Mr. Lubetkin: I will make the fence five feet high instead of four.

Commissioner Howe: The only objection I have is to this part coming out here (indicating on a map).

Commissioner Murray: If they ran the fence five feet high almost all the way around it would keep everybody out of it, and they would have to go around to Bergen Street to take a look.

Commissioner Howe: If you can keep that fence back and make it five feet high I do not think there will be any objection.

Commissioner Egan: The L is eliminated.

Mr. Lubetkin: Yes, as an entrance. It will practically eliminate most of the L. As I stated to Commissioner Howe: if you leave that open you probably would have a lot of boys going in there and playing on that little vacant piece. They would throw a lot of dirt in there which would be detrimental to the people than the golf course might be.

Commissioner Howe: How wide is the lot?

Mr. Lubetkin: It is 50 feet, and we only use practically 30 feet.

Commissioner Murray: When the fence is put on the side there you block the thing off as an entrance, and people can't hang around there, because they can only see a little piece of it. The people then have to go around to Bergen Street.

Commissioner Howe: If you put a straight fence across I think there would be no objection.

Mayor Congleton: The resolution is to concur in the recommendation of the Board of Adjustment.

Commissioner Egan: Provided the L is not used as an entrance and the fence is five feet high.

(Mayor Congleton read aloud the recommendation of the Board of Adjustment).

Mayor Congleton: This would seem to indicate that they can fence in three feet from Shephard Avenue.

Commissioner Howe: He has agreed to put a fence three feet from the house line.

Mayor Congleton: Let that be incorporated in the application.

Commissioner Murray: It is the opinion of the City Commission that golf courses should carry liability insurance to protect anyone who may be hurt on a golf course. If a man has only a lease on the property and has no assets it would not mean much to any-

body who might happen to be struck by a golf club in the hands of an amateur. They ought to carry the insurance for their own protection, anyway.

(Commissioner Egan read aloud the recommendation of the Board of Adjustment, with the amendments).

Commissioner Egan: How about the insurance?

Commissioner Murray: The License Department can take care of the insurance end of it.

Mayor Congleton: The resolution is to concur in the recommendation of the Board of Adjustment as amended.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Capital Securities Company for a miniature golf course; premises 451-461 Elizabeth Avenue;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside the property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. David M. Litwin, 800 Broad Street: May it please this Commission, I appear for the petitioner. We appeared two weeks ago before the Board of Adjustment. There was absolutely no objection to the granting of this permit, and the action of the Board was unanimous.

This property is located at the entrance of Weequahic Park. There can be no objection there from a residential standpoint. The applicant is willing to comply with all the restrictions imposed upon him by this Board or by any other authority in the City having jurisdiction. I respectfully ask for the granting of the permit.

Mayor Congleton: The Board of Commissioners have received very strenuous objections to it, Mr. Litwin. There are three others right in the immediate vicinity.

Mr. Litwin: May I ask you, Mr. Mayor, what the trend of the objections was?

Mayor Congleton: They objected to its being in a residential section and that the houses confront it.

Mr. Litwin: I am at liberty to say that the apartment house owner immediately adjoining has said that he has no objection to it. I have heard no objection from any of the tenants or any of the neighbors. I might say on behalf of the applicants that this company is one of the large taxpayers in this city and has this vacant piece of land without deriving any revenue. This is practically the only source of revenue that it has at the present time with which it can at least pay the taxes due the city. If you gentlemen have visited the site at the present time you can find that it is nothing but an old rubbish hole. I think that many of the neighbors who now make objection to having a high-class min-

ature golf course there rather than an old rubbish hole are the same neighbors who throw their rubbish into this pile. The traffic is not increased, nor is there anything in the nature of a golf course to make it noisy. It will be maintained with the highest degree of decorum.

The roll being called, the resolution was declared lost by the following votes:

Naye: Commissioners Egan, Howe, Murray, Mayor Congleton.

Yes: Commissioner Gillen.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Capital Securities Company for a miniature golf course; premises 104-114 Wakeman Avenue;**

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark, that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. David M. Litwin, 800 Broad Street: Gentlemen, I appear for the petitioner in this matter and I urge the

same reasons for the granting of the permit as I did for the prior one, with better hopes of success.

Mayor Congleton: You do not include in that that there are no objections? There were about 64 against this one.

Mr. Litwin: No. There was one attorney appeared, Mr. Mayor, and he appeared for some tenants in the neighborhood. The permit was recommended by the Board of Adjustment, I think, with a vote of four to one.

Commissioner Murray: There is a written protest by 62 property owners.

Mr. Litwin: There are not that many in the neighborhood, Mr. Commissioner.

Mayor Congleton. If they live there in their homes there are. Here is a petition with 64 names on it.

Mr. Litwin: I assume from common experience that it is very easy to get objections from anybody by circulating a petition, and if this Board is going to go by the protests, I do not see why we have the Board of Adjustment waste their time and the proponents waste their time in going over things.

Mayor Congleton: That is your pleasure if you take that attitude, but I personally am going to try to give some respect to the objections of the people who live around the immediate neighborhood, who have to put up with the playing in the neighborhood and with the large arc lights that will be put up near their homes. I think they are entitled to considerable consideration.

Mr. Litwin: Mr. Mayor, I too, think that the neighbors, in the immediate vicinity should be given every consideration, but I say that the presence of a golf course does not make it per se a nuisance. If it does become a nuisance there is more than one way of which it can be abated.

As to the playing, I have visited numerous golf courses in the past two weeks and I have seen them all conducted in an orderly manner—quiet and with no noise, just the same as you or I play on a regular golf course. As to the arc lights, they are all shielded, making the lights go down toward the ground and not affecting

the apartment house of the immediate houses around.

The roll being called, the resolution was declared lost by the following votes:

Nays: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Alfred F. Tokar, (Anna Pfeiffer, owner) for a miniature golf course; premises 243-249 Chancellor Avenue;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932; and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared lost by the following votes:

Nays: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

**Application of Aaron Shapiro (League Realty Co., owner), for a miniature golf course; premises 232-294 Hawthorne Avenue;**

**THEREFORE BE IT RESOLVED** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

- (1) That the grounds are not to be used on Sundays;
- (2) That the lighting standards be not over ten feet high;
- (3) That a substantial fence be erected three feet inside of property lines;
- (4) That all requirements of the License Bureau be complied with;
- (5) That no refreshment stands or other business be conducted on the premises;
- (6) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Abraham S. Honigfeld, 790 Broad Street: Gentlemen, I am a representative of the offices of Schneider and Schneider. Mr. Louis Schneider represents the applicant. He is now en route from California. I ask that the matter be adjourned for one week.

Commissioner Egan moved that the resolution be laid over until August 20th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: There is a matter that we have received a letter about. Some property owners assumed that the matter was coming before this Board today. It has to do with a permit for a miniature golf course at 1109-1113 South Orange Avenue.

Mr. Simon Englander, 790 Broad Street.

Mr. Mayor and members of the Commission, I suppose that the ultimate result to be gained by my appearance and by the appearance of my colleagues and their objections here this morning will be practically nil. I say that because I know the legal situation, as perhaps you gentlemen of the Commission do, and as I am sure that you, Mr. Mayor, do know. I am aware of the case of Montefiore Burial Association against the Board of Commissioners of this City and of that line of cases, which holds that even where a permit has been granted illegally or even if it is invalid, nevertheless, if the applicant has expended money under the permit it cannot be revoked. I appreciate that in this situation it cannot be revoked, and I am wondering whether that was the reason that actuated the suspension of the rules to pass this permit.

The application was originally heard, if you please, by the Board of Adjustment on July 29, a Tuesday, coming on for a hearing just prior to the close of the meeting, namely, four o'clock. There was nobody who addressed the Board of Adjustment in favor of the permit with the exception of the applicant, and I am advised that that applicant is the lessee of persons on this Board interested in the property. No one else spoke in favor of it, nor did the applicant himself give them any reason why the permit should be allowed. As against that we saw the spectacle of a signed petition containing names of 51 taxpayers within 200 feet and in the vicinity objecting most strenuously to its being granted. We saw personal appearances of landlords, property owners and tenants. We saw the appearances of attorneys representing the others. In face of this spectacle, as I say, we found on the other

hand the debacle of the Board of Adjustment granting the permit unanimously.

I ask you, Mr. Mayor and Commissioners, what is the sense of maintaining a Board of Adjustment and going to trouble and expense and time and putting the taxpayers of this community to the time, trouble and expense of appearing before such a board if the words fall upon deaf ears and stone walls? What is the sense of my taking a retainer fee from a neighbor immediately adjoining, when I find out that I could have been assured that the permit would be granted nevertheless? I have taken the liberty, gentlemen, of returning that retainer and I appear here gratis, because I feel that my effort can bring nothing, and I hesitate to take retainers when I can accomplish nothing.

After the argument before the Board of Adjustment, after the vote and the permit being granted, I requested the stenographer at the meeting to make note of the fact particularly that I and the rest of the objectors intended to appear before this Board to make further objections, and I requested the date. I was told that we would have such an opportunity and that date would be August 3, today, before you gentlemen. Let alone the fact that I censured the original reasons for maintaining this Board of Adjustment—let alone that—I censure the attitude of this Board of Adjustment and the nullity that any objection brings. I also must censure this Commission for what happened. The very next day, if you please, on July 30, at the regular meeting of this Commission at eleven o'clock in the morning, on the Wednesday, a motion was made to suspend the rules and to put through this application, without notice to any of the objectors, to myself, to the attorneys, to the taxpayers, or to anyone. That motion is passed and this applicant is granted, and we do not know a thing until a crowd of laborers are on the property the following Monday. I found it out on Monday night and on Tuesday I dictated my letter to the Board calling attention to what I considered to be a heinous irregularity.

I am speaking, Mr. Mayor and Commissioners, not from the point of view

that I can accomplish anything in this situation, but I feel that I am speaking now in the voice of the taxpaying public of this city. If you intend to railroad these applications through without a voice being heard, please do not serve us with notices. Please create here a Czarist regime and let us quit this Commission business. If there are those who are so overpowering they can pull things over on the eyes of the taxpaying public, it is time that we stop spending the City's money for useless purposes.

Getting down to the basis of this application, I want to tell you why we feel that there was real objection. In the first place, South Orange Avenue is the only through street to the Oranges. You can't get up from Twelfth Street on the right or from Munn Avenue on the left. Anybody going above that takes South Orange Avenue. You are well aware that this is a crowded street and narrow, subject to bus traffic, which is very heavy, automobile traffic, and trolley cars. The situation is such that if anyone is parked on the side it is very difficult indeed to get by, and those of you who take the road possibly realize it. This corner in particular has an oblique turn going to the right into Poe Avenue. Poe Avenue is a fairly narrow street, and anybody making the turn, in fifty per cent. of the cases, hits the left-hand curb, the wrong side of the street, so difficult is that curve. I assure you that the only players on this course would be such players as are attracted there by automobile traffic. The immediate residents of the neighborhood do not want it and will not play. Those within a radius of three or four blocks who do want to play can go to golf courses there. We have them innumerable. If you attract this automobile traffic to play, where are the cars going to park. In front of my clients' property and in front of my property. If I pay \$600 a year for taxes and my clients pays upwards of \$2,000 a year for taxes, he gets nothing but the privilege of parking. Why does he pay the taxes at all.

Poe Avenue is developed by, I understand—I may be corrected—by Commissioner Gillen and others. It was developed originally and intentionally as a park improvement and had that

title to its development name. The owners there purchased under that simulation of title. Mr. Gillen and the others, if they went into that company—if not, I stand ready to appolige—took their profits out of the development of that creature and they still have left the right arm on the corner. They do not need this piece to pay a revenue to pay their taxes. They can't say to you that because it is empty that that is the reason it should be occupied. They have had their gravy and have spent it perhaps for their enjoyment in their lives. They do not need to worry about the payments of taxes as I do if my tenants move, and as my clients do if their tenants move.

I say to you, gentlemen, that your action demands and requires the severese of reprimands, to the end that in the future the taxpaying public will not be trod upon.

Mayor Congleton: Mr. Englander, for myself I plead guilty to many of the things that you have said. The matter came before us in the manner that you have stated, not with any influence back of it. We have, in a few instances, where we have understood that there are no objections, suspended the rules and granted a permit. We should have been informed of the objections; we were not. I say that we are guilty of unfair dealing, so far as I personally am concerned, with the property owners in that neighborhood, and I regret that the law is as you say.

Mr. Englander. Mr. Mayor, I am very happy to hear you make that statement, especially in the presence of those whom I represent, some of whom are here now. It at least absolves me from having fallen down on the job, and I feel justified now in having returned the retainer. So far as my personal needs are concerned, I am satisfied with your statement. I will feel more than happy if in the future such a procedure will not be tolerated.

Mayor Congleton: I think that you are quite fair in assuming that a similar case will not occur.

Commissioner Gillen: Mr. Mayor and gentlemen, my name has been brought into this thing very properly. I want to say at the outset that I am very

sorry that Mr. Englander lost his fee. I can understand, perhaps, that that has made him a little more angry than he may have been under the circumstances. Fees nowadays are rather scarce in the law business, and I would not like to lose one myself if I were a lawyer.

I am one of the owners of that tract of lands and I was the main person in the development of it. We made a big profit on that tract, but we haven't spent it all. I have had a good time out of some of it, and if I live long enough I may have a good time out of the rest of the profit. When these lots on the inside streets were sold it was with the distinct understanding and knowledge that the South Orange Avenue frontage would be used for business purposes. The corners in each and every instance were kept out of the restrictions that were placed upon the streets. Each lot that was sold on Poe Avenue was sold with the proviso that nothing more than a two-family house could be erected thereon, with the exception of the corners. The corners were therefore retained, and very wisely and very properly, by the owners for business developments. Most of these corners have now been developed along business lines. Apartment houses and stores have been built on the properties.

If an apartment house with stores underneath were built upon the corner in question, it seems to me that it would be more objectionable to the property owners on Poe Avenue than a minature golf course.

Now, let me say this: I have studied the situation of minature golf courses and I have given a lot of thought to it. It is something new that has come to use. I happen to have charge of the Department of Parks and Public Property and in the capacity of Director of that Department it is my duty to look after small parks and playgrounds, and provide them wherever the City sees fit to do so. I am a thorough believer in outdoor sports, and I think that if I had my way about it I would turn every vacant plot in the City of Newark into a recreation spot and a breathing spot, particularly if it would do away with unsightly and poorly kept lots. Weeds and grass grow on those lots and they become a nuisance.

Scarcely any owner fixes up vacant lots, because there is no revenue from them. Most of these golf courses are beautiful and picturesque in appearance. They afford great opportunity to residents in the vicinity to enjoy outdoor sport. Many of the residents probably cannot afford to join the large golf clubs, which are very expensive, and so forth. These miniature golf courses give, particularly to the younger element, a chance to have decent, respectable, and quiet outdoor sports. All the golf courses, as I have seen them, are conducted in a very orderly manner. I have seen no rowdyism, have heard no noise, and have seen no boisterous action of any kind, and I am thoroughly in favor of them. As I said before, if it were up to me I would vote to turn every vacant plot in the City of Newark into a recreation ground.

Mr. Englander lives away in on the block. Is that so.

Mr. Englander: That is correct, sir.

Commissioner Gillen: How many feet from the corner?

Mr. Englander: I think it about 600 feet.

Commissioner Gillen: Do you think that a miniature golf course would injure you or your property there?

Mr. Englander: I think it would, and not only my property: I have two youngsters who would be attracted there as are all the youngsters on the street.

Commissioner Gillen: Would that hurt them?

Mr. Englander: I think it would.

Commissioner Gillen: Maybe it is a matter of economy.

Mr. Englander: There are automobiles running all over the street, which is a danger to them. Furthermore, I haven't the money that you have, but if it is a matter of economy I can plead guilty to economy.

Commissioner Gillen: With respect to this lease, Mr. Englander didn't have to come here today. He says he has no legal standing. He has already

aired his views very generously in the newspapers, and the newspapers have very generously give him all the space that he requires, which is as it should be and which is very proper. The action of the Board in suspending the rules is very proper. It has been done time and again. As a matter of fact, prior to a short time ago, when these matters came from the Board of Adjustment to this Board we acted on them immediately. Several times serious objections were raised, so the Board finally thought that it would be better to lay matters over for two weeks to give objectors who had meritorious objections to something that might be undesirable, such as a gas station, a public garage, a chance to come before the Board; but the board is perfectly within its rights, of course, in suspending rules. It has that right; there is no question about it.

The action was taken at my suggestion. I do not want any colleague of mine to share in any of this terrible odium that Mr. Englander tried to heap upon their shoulders. I will carry it all. I have carried more than that in my time and I can carry this, too. Mr. Andrew Hill, an old employee of this City in the Board of Health, came to us and wanted to lease that corner for a miniature golf course. The corner is a very valuable one. I think it is worth in the neighborhood of \$70,000. Knowing Mr. Hill very well, I said that we had turned down two or three applications for that purpose, which we had done, but that we would let him have it, because he is a very fine man, and it isn't a question of money so much. The lease is merely for one year and it only brings in \$100 per month, so that was no inducement to the owners of the property to lease it, for a miniature golf course. I could see no objection to it, aside from tying our hands for a year from selling the property, and I can't see any objection to it now. When Mr. Hill said that he wanted to put his boy in business there I rather encouraged him. When the application came over from the Board of Adjustment I had no knowledge that there was a very large protest that Mr. Englander probably created himself, I believe, because he was engaged by Captain Brady, who lives nextdoor, as counsel.

Mr. Englander: I beg your pardon, I do not represent him.

Commissioner Gillen: Well, someone. You got up the protest. I had no idea that the protest was so extensive at all. If I had I would not have suggested immediate action on the permit. Mr. Hill pointed out to me that the summer was fast waning and that if any results at all were to be had or any profit from golf courses he would have to have immediate action, and to help him out I suggested to the Board that we suspend the rules and let him proceed with the physical work on the golf course.

That is the situation as it stands now, and I have no apologies at all to make, as far as I am concerned, excepting that I did not know that the protest was quite what Mr. Englander says it is and I do not think that there would have been one-tenth the protest that he talked about unless somebody in the neighborhood had created it.

Mr. Englander: Mr. Gillen, there can't be smoke without fire. If I created the fire there was plenty of smoke. If there was plenty of smoke and if I stirred up the smoke, then, there was plenty of fire. So far as your knowledge of the objections is concerned, if Mr. Hill or his applicant or his nominee told you that the summer was fast waning that in order to make a profit something had better be done, done right away, he certainly knew of these protests. He was here, and I venture to say that he must have told you about it.

Commissioner Gillen: That exactly describes the character of this man who appears before this Board. I want to say now, Mr. Mayor, that I shall not engage in any controversy with a man of this character. I think that he is unprincipled and dishonorable and his main protest is that he lost his fee.

Mr. Englander: Mr. Commissioner Gillen, if this resolves itself into a matter of unprincipled and undignified conduct—

Commissioner Egan: I move that the hearing be closed.

Mr. Englander: (Continuing):—Let me say to you, sir, that you are the one

who is guilty of it and that you are the one who is guilty of the fraud.

Commissioner Egan: I have made a motion, Mr. Englander. That takes preference over your speech.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, that the sum of One thousand four hundred nine dollars and fifty cents (\$1,409.50) be and the same is hereby appropriated to the persons named on annexed certified lists, being the bills and claims of the Department of Revenue and Finance, as follows:

John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, the City of Newark on May 20, 1930, issued its short time obligations in the aggregate amount of Seven Hundred Fifty Thousand Dollars (\$750,000.00) for money borrowed in anticipation of the receipt of money expended for Pavings, said Temporary Loan Bonds being numbered 1954-1955-1956-1957-1958-1959-1960 and 1961 and dated, May 20, 1930, and payable August 20, 1930;

AND WHEREAS, the improvement for which said Seven Hundred Fifty Thousand Dollars (\$750,000.00) was issued was for Pavings now in the course of construction or have been completed within six years, and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Seven Hundred Fifty Thousand Dollars (\$750,000.00) of Temporary Loan Bonds issued:

THEREFORE BE IT RESOLVED, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Seven Hundred Fifty Thousand Dollars (\$750,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Seven Hundred Fifty Thousand Dollars (\$750,000.00) of Temporary Loan Bonds issued therefore;

FURTHER RESOLVED, that each of the Temporary Loan Bonds authorized by this resolution amounting in the

aggregate to Seven Hundred Fifty Thousand Dollars (\$750,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they hereby are authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that in pursuance of the provisions and an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Fifty Thousand (\$50,000.00) Dollars for the purpose of temporarily financing Grading, Curbing and flagging and is an improvement for which the City is authorized to issue bonds by the aforesaid Act;

FURTHER RESOLVED, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Fifty Thousand Dollars (\$50,000.00) shall state in general

terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution;

**FURTHER RESOLVED**, that the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

**Yeas:** Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS**, the City of Newark on May 27, 1930, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of One Million Dollars (\$1,000,000.00) for money borrowed in anticipation of the receipt of money expended for Pavings, said Temporary Loan Bonds being numbered 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980 and 1981 and dated May 27, 1930 and payable August 27, 1930;

**AND WHEREAS**, the improvement for which said One Million Dollars (1,000,000.00) was issued was for Pavings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said One Million Dollars (\$1,000,000.00) of Temporary Loan Bonds issued;

**THEREFORE BE IT RESOLVED**, that in pursuance of the provisions of

an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of One Million Dollars (\$1,000,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said One Million Dollars (\$1,000,000.00) of Temporary Loan Bonds issued therefore;

**FURTHER RESOLVED**, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to One Million Dollars (\$1,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

**FURTHER RESOLVED**, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Communication from the Atlantic Deeper Waterways Association, in reference to the 23rd annual convention to be held at Wilmington, N. C., October 7th to 10th, 1930, was received, read and on motion ordered filed, with the suggestion that as many as can attend.

A petition, signed by approximately forty-one residents, requesting the re-routing of buses on Ridge Street, was received, read and on motion ordered referred to the Mayor.

Mayor Congleton: Has any person any matter to bring to the attention of the Board this morning?

Mr. Charles Handler, 790 Broad Street.

Mr. Commissioner, I am here with a committee including the Hon. John F. Monahan, William Roebbing, Charles M. Jessupp and Elmer A. Day, and others. We appear in the name of the Joel Parker Association, Inc., Newark to suggest to this Commission a fitting memorial to the memory of the late departed William J. Brennan.

Of course, sleight of oratory, no matter how skilled, we know, would not evoke one mite of the emotional en-

thusiasm that mere mention of the name of him who is so lately departed. We likewise feel that perhaps in public it might be an indelicate stirring of wounds which all of us still feel. It would likewise be for me a bit of supererogation to detail to the public and to you gentlemen who have worked with him the notable record of that faithful public servant and leader, William J. Brennan.

The association which I represent here today has passed a resolution advocating this step, and with your kind permission I would like to present this resolution to your Board and read it at this time.

Mr. Handler then read the resolution in reference to the naming of Clifton Avenue, Jones Street and Belmont Avenue, Brennan Avenue, in memory of the late Commissioner.

It is with a parting thought and knowledge that you who have worked shoulder to shoulder with this man who was really a friend and a man among men will receive the tender consideration that nurtured this suggestion.

Mayor Congleton: I want to correct one impression, which is to the effect that nothing has been thought about this matter. The Essex Trades Council or one of the building organizations has the matter well in hand, and they have asked us to hold off, or to go along, if we approve of it, with something that they have, which is more than the naming of a street after the late Commissioner Brennan.

Mr. Handler: Well, surely we will lock our efforts with those who wish to memorialize this man's name, in whatsoever form it may take.

The resolution was then on motion referred to Conference of the Board of Commissioners.

Mayor Congleton: Has anyone else any matter to bring before the Commission this morning?

Mr. Louis Auerbacher, 60 Park Place.

Mr. Mayor and Commissioners, I present here a petition that was adopted by the property owners and residents living in the vicinity of 20 Montgomery

Street, Newark, New Jersey, protesting against the present use of a building at that number, 20 Montgomery Street. These people believe that the premises are not fit to live in, that the building in its present condition is dangerous and constitutes a fire hazard, that it appears likely to fall down at any time. The building is constantly occupied by a class of people who are a constant nuisance, a nuisance to the entire neighborhood. The floors in the building are rotted. There is no gas, electricity or water and no toilet facilities in the building. As a matter of fact, conditions are so bad that it is hardly fit to describe in a formal petition. The petitioners report that they protest most emphatically to the use of this building under these conditions, so they have asked me to present this petition here.

On motion the petition was received and referred to Commissioners Murray and Egan.

Mayor Congleton: Has any other person any matter to bring to the attention of the Commission this morning?

Mr. Dominick Orgo, 225 Eighth Avenue.

Your Honor and Commissioners. It is not long ago that an objection was raised in regard to some real estate bought in this community—in this city, rather. Even it was overpaid, we all know that the city has to pay a little higher than a private individual, but then, within three years it becomes a good investment to the City. It has been proved before, and it is going to be proved later.

I notice within the last two or three weeks that \$15,000 was put on the books to raise some employees of this City. I think that it is uncalled for, unless I am mistaken. I move to your Honor, the Mayor, that you instruct your City Counsel to look into the matter to see if that was justified at this time to put up that raise.

Commissioner Howe: Mr. Mayor, these raises were in my department. It may be interesting for you to know, Mr. Orgo, that the highest salary in that department was being received by a man who had been receiving the same

salary that was paid in that department over twenty years ago. The business of that department has increased, from the time when that salary was originally paid, from \$24,000,000 to \$84,000,000, almost four times as much, yet the man had been receiving the same salary and had been in the City's employ some thirty-one years. In addition to that, in the Department over which he presides, or acts as my personal representative there are less men employed than when I took that department over eight years ago. As for the Receiver's Department and the Department of the Arrears of Taxes, there are less men there today than there were when I took it over eight years ago, and the amount of money received in that Department represents also nearly a four hundred per cent. increase. Not only that; these men are working under a schedule of wages. Some of them who have been in that Department for twenty-five to thirty years are only receiving their maximum pay. Why don't you question other departments, where the same condition prevails? There is a maximum salary, and no man in that department is receiving more than the maximum salary, no more than a policeman or a fireman.

If you know any business in the City of Newark that has increased its volume—any private institution—from one hundred to four hundred per cent, and which still has the same number of employees retained, I would like to know it. It would have been a very easy matter to have gone along and employed an additional number of people, such as we have had to do in the Police Department and the Fire Department. Then twice the amount of money would have been expended and you would never have observed it.

It is my intention, so long as I am in charge of that Department, to pay the men in that department the best salary obtainable under the law.

In no instance has any man received one dollar more than the law provides or more than the maximum salary.

Mr. Orgo: I didn't mean to offend you personally.

Commissioner Howe: You are not offending me personally, but I have a right to let the public know that we could have spent \$30,000 instead of \$15,000 by putting more men on, and these men would not have had to work so hard.

Mayor Congleton: Has anyone else any matter to bring before the Commission this morning?

Commissioner Egan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.

Newark, N. J., August 20, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of August 13th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until September 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented an ordinance, "A Further Supplement to an Ordinance entitled "An ordinance to Establish the Names of Certain Streets in the City of Newark", and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until September 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An Ordinance to amend An Ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until August 27th.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

A further Supplement to an ordinance entitled "An Ordinance to establish the names of Certain Streets in the City of Newark".

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That the name of the following public street or highway situate in the City of Newark, be and the same is hereby changed and shall hereafter be known and designated, as follows:

Mercer Place, from Woodbine Avenue southerly to its terminus, to be changed of Tuxedo Parkway.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that September 10, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

Mayor Congleton: I believe Mrs.  
Ainsworth wishes to be heard on this.

Mrs. James H. Ainsworth, 2 Mercer  
Place.

Mr. Mayor and Commissioners, I  
hereby ask if you can please have it  
Tuxedo Parkway instead of Tuxedo  
Street. I have a letter which shows  
that two of our prominent men on the  
street thought we were going to have  
it Tuxedo Parkway, and we were very  
pleased about it. When I came down  
and found it was going to be Tuxedo  
Street, we were very disappointed.

Commissioner Howe: You want it  
changed from Street to Parkway?

Mrs. Ainsworth: Yes, sir, I think  
Tuxedo Parkway sounds much better  
than Tuxedo Street.

Commissioner Murray: If we can see  
our way clear to change it to Parkway  
I would like to do it. I move that the  
name be changed to Tuxedo Parkway  
instead of Tuxedo Street.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

Commissioner Howe offered the fol-  
lowing resolutions:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Herbert R. De Bevoise, Trustee, has agreed to sell to The City of Newark, for the sum of \$790,000, certain property held by him, situate in the City of Newark, Essex County, New Jersey:

BEGINNING at the northwesterly corner of Academy Street and Plane Street; thence running along the westerly line of Plane Street north 29° east 105 feet, 4 inches, to the southerly line of Morris Canal; thence along said line of the Canal north 63° 33' west 109 feet, 8 inches, to African Methodist Church lot; thence along the same south 28° 15' west 102 feet,  $\frac{7}{8}$  inch, to the northerly line of Academy Street; thence along the same south 61° 51' east 108 feet, 3 inches, to place of BEGINNING.

and,

WHEREAS, in the judgment of this Board it is advisable that the City purchase said lands at the price stated, which, in the opinion of this Board, is a fair price;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said De Bevoise, as Trustee, to sell said lands at the price stated; and

BE IT FURTHER RESOLVED: That the sum of \$790,000 be and the same is hereby appropriated to said Herbert R. DeBevoise as the consideration for the conveyance aforesaid, upon the filing by him with the Acting Auditor of Accounts of the City of Newark of a Warranty Deed, free and clear of all encumbrances, liens, mortgages or leaseholds of any kind, which deed shall be approved by the Law Department, and upon further consideration that possession of said premises will be delivered to the City on or before November 1, 1930.

Jerome T. Congleton  
Jno. F. Murray, Jr.  
W. J. Egan  
Charles P. Gillen  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED: By the Board of Commissioners of the City of Newark, that the sum of \$72,000, be and the same is hereby appropriated to Heinrich Horns, being the amount agreed to be accepted by them for a conveyance of lands to the City of Newark, situate in the City of Newark, Essex County, New Jersey:

FIRST TRACT: BEGINNING at the corner of Charles T. Shipman's lot on Academy Street; thence running along his line northerly 81 feet to the inclined plane of the Morris Canal; thence along said plane easterly 25 feet to an alley of 14 feet, in width now opened from Academy Street to the said plane; thence running south

along said alley 81 feet to Academy Street; thence along Academy Street westerly 25 feet to the place of Beginning.

SECOND TRACT: BEGINNING at the corner of a lot formerly belonging to Elihu Crane on the northerly side of Academy street; thence running westwardly along Academy Street 6 feet; thence northerly 80 feet; thence easterly 6 feet to a line parallel with the westerly line of the first mentioned lot; thence along line of said lot southerly 80 feet to the place of Beginning.

THIRD TRACT: BEGINNING on the northerly side of Academy Street at the southwesterly corner of Daniel Murphy's lot; thence running westerly along Academy Street 54 feet to land of Jesse C. Hedenberg; thence along line thereof northerly 80 feet to a point 21 feet from the inclined plane of the Morris Canal; thence easterly 54 feet to said Murphy's lot; thence southerly along the same 80 feet to the place of Beginning.

Being the same premises conveyed to said Heinrich Horns and Augusta, his wife, by deed from Anna C. Davis, et. als., recorded in Book N-30-596 of Essex County Deeds;

said sum of \$72,000 to be paid to said Heinrich Horns upon the filing by him with the Acting Auditor of Accounts of a Warranty Deed, conveying said lands, free and clear of all liens, except 1930 taxes, which are to be apportioned as of closing title, approved as to form by the Law Department.

(5). That this approval expires January 1, 1932; .

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does any one desire to be heard on this?

Mr. David M. Litwin, 800 Broad Street: Mr. Mayor and Commissioners, I respectfully request this Board to concur in the recommendations of the Adjustment Board. You are familiar with the conditions.

Mayor Congleton: Does anyone desire to be heard in opposition?

Mr. Louis Auerbacher, 60 Park Place: I desire to be heard in opposition. Mr. Mayor and Commissioners, there is considerable opposition in the vicinity of this proposed so-called golf course, and I respectfully submit that that application should be rejected. The term "golf course" is a misnomer. It really amounts to an amusement park, and the idea of putting an amusement park next door to a synagogue and half a block away from a Catholic Church and in a residential neighborhood is an unthinkable thing. It will mean considerable congestion of traffic along Clinton Avenue. It is a narrow artery, as it is, and a very important one. The cars are parked all around the neighborhood.

I dare say that once the place is in operation and business is not so good, other features will be added. I have here an advertisement from the Newark News as to a miniature golf course, which indicates what happens with these courses, after they become a little slack. Here is one where they advertise, "Holland Lighthouse with Roving Lights. Free Dancing." Then they have as an added feature, a special feature, "Lorraine Holmes, Hawaiian entertainer, in person."

Now, I respectfully submit that this is what is going to happen with these so-called miniature golf courses, which are in fact amusement parks. I respectfully submit that the Board should reject the application for this miniature golf course.

Mr. Litwin: In answer to Mr. Auer-

bacher's assertion, I think that all I need do is to call the attention of this Board to the very able statement prepared by Commission Gillen, as prepared in last Sunday's Call. I think if the Board will follow the advice of Commissioner Gillen with respect to the granting of permits for miniature golf courses it will do something worthwhile for the citizens of Newark.

Commissioner Egan: As I understand it, the synagogue up there is opposed to it.

Commissioner Howe: I was so advised by its President. He even went so far as to want to have it withdrawn.

The roll being call, the resolution was declared lost by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance and recommends that the following use for which application was made be allowed:

**Application of Charms Company (Dennis D. Cronin, owner for a miniature golf course; premises 202-208 Sixth Avenue;**

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1). That a substantial fence be erected three feet inside of property lines;

(2). That lighting standards be not over ten feet high;

(3). That all requirements of the License Bureau be complied with;

(4). That no refreshment stands or other business be conducted on the premises;

(5). That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jno. F. Murray, Jr.

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

Commissioner Egan: Mr. Mayor, it seems to me that these owners have made a mistake in constructing this course before the Commission took action in the matter. Counsel told us yesterday in conference that it has been done ignorantly. As I understand, there was no opposition to this course on Sanford Avenue. In view of those facts, I move that we reconsider the matter.

Commissioner Egan moved that the application of J. Abrams and D. Eichler (William Krueger, owner) for a miniature golf course; premises 708-716 Sanford Avenue, be reconsidered.

The roll being called the motion was declared adopted by the following votes:

Yeas: Commissioner Egan, Gillen, Howe, Murray.

Naye: Mayor Congleton.

Mayor Congleton: The matter is now before us.

Commissioner Egan: I move that the application be granted.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Naye: Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Aaron Shapiro (League Realty Co., owner) for a miniature golf course; premises 282-294 Hawthorne Avenue;

THEREFORE BE IT RESOLVED: By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be

and the same are hereby approved on the following conditions:

- (1). That the grounds are not to be used on Sundays;
- (2). That lighting standards be not over ten feet high;
- (3). That a substantial fence be erected three feet inside of property lines;
- (4). That all requirements of the License Bureau be complied with;
- (5). That no refreshment stands or other business be conducted on the premises;
- (6). That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. David Geltzeiler, 790 Broad Street: Gentlemen, may I respectfully request that this matter be adjourned for one week because of the fact that the applicant is ill and is unable to be here this morning?

Commissioner Egan moved that the matter be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made, be allowed:

Application of Max Nulman to use an existing building for a soda water

factory; premises rear of 9-11 Belgium Street;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officers in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

Board of Adjustment,  
City Hall,

Newark, New Jersey.

August 19, 1930.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day the application of the Girard Investment Company to amend the Zoning Ordinance so as to include within the Business District all of the property owned by them on Eighteenth Avenue, between Melrose and Carolina Avenue, was considered. This application was referred by your Honorable Body for recommendation on August 6, 1930.

The Eighteenth Avenue frontage of this property, for a depth of 100 feet is now within the 2nd Business District. The remainder, nearly 200 feet in depth, is in the 2nd Residence District, and is bordered on two sides by the Irvington Line.

The Board of Adjustment respect-

fully recommends that no change be made in the Zoning Ordinance at this time, being of the opinion that it would be better to wait until an application for a specific use for the property is made.

Respectfully submitted,

R. B. RANKIN,  
Secretary.

Mr. Rankin: Their property is about three hundred feet deep. They want the entire piece in the business zone, all the way back to the Irvington Line. That is the Girard Investment Co. application.

Commissioner Murray: I move that it be laid over so we can get more details on it.

Commissioner Egan: It is probably going to be used for an apartment house. Is it?

Mr. Rankin: They do not say. I have no idea. They can come to the Board for the specific use. That is what they ought to do.

Commissioner Egan: I think we ought to act on the recommendation of the Board now and let the applicants come in and apply for what they want it for.

Commissioner Egan moved that the recommendation of the Board of Adjustment be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communications was received and read:

Board of Adjustment,  
City Hall,  
Newark, New Jersey.

August 20, 1930.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Ad-

justment held yesterday resolutions were adopted varying the Zoning Ordinance and granting the following applications. In accordance with Section 9, Chapter 274, P. L. 1928, the Board respectfully recommends that these structures and uses be allowed.

Miniaurte Golf Courses:

962-968 Eighteenth Avenue; Samuel Greenberg (Eve Folger, owner);

351-357 Broad Street; John A. Cascella (Salvatore D'Auria, owner);

277-279 Warren Street; Theodore E. Davis (Brosis Realty Co., owner);

526-536 Bloomfield Avenue; Magna Investment Co., owner;

98-108 Maple Avenue; Conrad Throm, owner;

296-304 Washington Street; Wm. L. Mallon (Mallon-Carlough Corp., owner);

For An Indoor Course:

329 Halsey Street; Louis Beller, owner;

231-235 Clinton Avenue; Albert Hollander, owner;

267-271 Sixteenth Avenue; Herman Kravis (Gerber Bldg., Material Co., owner);

233-243 Park Avenue; Joseph Weisberger, owner;

796 Broad Street; Broad & Market Billiard Academy (Colonial Holding Co., owner; for an Indoor Course.

392-402 Thirteenth Avenue; Harry Max, owner;

Miscellaneous:

21-25 Bond Street; Herdman Motor Co., (Central Hudson Realty Co., owner); sale of used automobiles on vacant lot;

289-291 West Market Street; Charles von Hof (Oraton Investment Co., owner); gasoline station;

874 Clifton Avenue; Angelo Piana, owner; 4-family dwelling;

83-91 Bank Street (86-88 Academy

Street) R. C. Allen, (Prudential Insurance Co., owner) automobile parking station (no gasoline);

52 Stirling Street; Francis A. Sullivan, owner; 3 additional garages;

58-60 Plane Street (17 Essex Street); Isidor Block (Frank J. Bock, owner); automobile parking station (no gasoline);

32-34 North Munn Avenue; Jacob Hauser (Ann Meebus, owner); ice depot;

The Board of Adjustment,

R. B. RANKIN,  
Secretary.

Commissioner Egan moved that the communication be laid over two weeks and that a copy be furnished to each Commissioner.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Mr. Mallon has something to say, I believe.

Mr. W. L. Mallon, 300 Washington street: Mr. Mayor and Commissioners, I recently applied to the Board of Adjustment for permission to erect a miniature golf course in my property, in the building at 296-304 Washington Street; corner of Maiden Lane. At the regular meeting of the Board of Adjustment to consider this matter not one objector appeared, and the Board granted the permit. I respectfully request the Commission this morning to suspend the rules and concur in the recommendation of the Adjustment Board, for the reason that I have my contracts all prepared and there is sixty days' work involved. The property is now idle, and I would like to proceed to let the contract.

Commissioner Howe: It is all inside?

Commissioner Murray: Is that where the automobile used to be sold?

Mr. Mallon: Yes, sir. All inside.

Mayor Congleton: Mr. Rankin, there were no objections, were there?

Mr. Rankin: No, sir, there were none.

Mayor Congleton: We do not mean to question your word, Mr. Mallon, but I would like to have it officially from the Board.

Commissioner Murray: I move that the rules be suspended.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: The resolution is to concur in the recommendation of the Board of Adjustment.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of William L. Mallon (Mallon-Carlough Co., owner) for an indoor golf course; premises 296-304 Washington Street;**

**THEREFORE BE IT RESOLVED** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication dated August 18th from J. M. Davis, President of The Delaware, Lackawanna & Western R. R. extending an invitation to the Board to inspect a six-car electric train to be displayed at the Hoboken Terminal was received and read, and on motion the invitation was accepted and as many as can do so attend.

A communication dated August 12th, 1930, from the Green Cab Co., Cleveland, Ohio, relative to the operation of low-rate zone cabs, was received and read and on motion ordered referred to Commissioner Egan.

A communication dated August 13th, 1930, from the New Jersey State League of Municipalities, relative to deductions from franchise taxes by Public Service Corporation, was received and read and on motion ordered referred to the Law Department.

A communication dated August 14th, 1930, from Fred Sommerkorn, relative to change in name of Jefferson Street, was received and read and on motion ordered referred to the Law Department.

Mayor Congleton: Has an person any matter to bring to the attention of the Commission this morning

Mr. Bernard B. McGovern, 24 Commerce Street: Gentlemen, yesterday the Board of Adjustment recommended the granting of a permit for a miniature golf course to a client of mine, Mr. Harry Max. There were no persons appearing in opposition to the application. As a matter of fact, two persons appeared who were in favor of it, with the stipulation that the entire lot be cleaned up and no part of it be used for parking purposes. In view of the fact that there were no objectors, but, on the other hand, two persons in favor of it, I would ask that the recommendation of the Board of Adjustment be considered at this meeting.

Mayor Congleton: That is on Thirteenth Avenue?

Mr. McGovern: And Tenth Street.

Commissioner Murray: It is on the

southwest corner. That is the only vacant corner there.

Commissioner Howe: That is in the part that we decided to keep out of the business district. It is on that block. I think that we ought to be consistent about the matter.

Mayor Congleton: Personally, I should like to view the neighborhood before I vote to suspend the rules and pass on the recommendation.

Mr. McGovern: On one corner there is a convent. Mr. Fitzsimmons of our office represents the Diocese of Newark and there is no objection from that quarter. On another corner there is an apartment house. On the third corner there are vacant stores. One of the persons who appeared in the matter yesterday is a relative of one of the owners of those stores, and they seemed to think that if this course is constructed immediately it might help to rent the vacant stores.

Mayor Congleton: Personally, I am going to vote against the suspension of the rules as to these outdoor courses where they are in residential or semi-residential districts. We often received complaints from the neighbors that they did not know that the matter was coming up before the Board of Adjustment until they read that the permit had been granted. I think that in residential or semi-residential districts we ought to follow the rule.

Commissioner Howe: I have no objection to it. I am only calling attention to the fact to an incident that occurred here at the last meeting in reference to that being a business district.

Commissioner Egan: That matter is still pending.

Mayor Congleton: Yes, it comes up in conference next week. I hear no motion to suspend the rules, Mr. McGovern.

Mr. McGovern: All right.

Commissioner Murray: Mr. Mayor, that reminds me of something. We sometimes get complaints from people that they have not been notified in matters of this type. It seems to me

that the Board of Adjustment has only the word of the individual, who files an affidavit. The Board may send out notices for objectors to appear in reference to an application to vary the zoning rules. The Board's man may take it to a house and hand it to a child on the premises and the notice may never get to the party interested. It seems to me that the necessary step to take is one that requires that these notices be sent by registered mail and a receipt demanded, which receipt can be produced by the Adjustment Board before this Commission as evidence of the fact that the notices have been properly sent out.

Mr. Rankin: The State Law requires that the service of these notices be personal service or be left at the home of the owner. We used to require registered mail service until the 1928 law was passed, which changes it. We have been advised that we cannot demand registered mail service if the law does not demand it.

Mayor Congleton: Oftentimes the owner does not live at the house, or it is a large house with many servants, and the owner does not get the notice.

Mr. Henry Green appeared and requested that the City provide for Municipal Lodging Houses this coming winter for poor unfortunates who are now living outdoors. The matter was referred to Commissioner Murray.

The following petition was received and read:

To The Honorable William J. Egan,  
Commissioner of Public Safety,  
In the City of Newark:

Your subscribing petitioners in and around the above mentioned vicinity (West Kinney Street, between Belmont Avenue and Morris Avenue, and for Boyd Street between Springfield Avenue and Seventeenth Avenue) respectfully represents and shows that we are property owners and citizens, and are wholly unsatisfied with the police protection which we are afforded, both to our property and to our person. The aforementioned neighborhood in the past few years has so degenerated, that the permanent residents of years gone, find themselves at all times, during the day

and during the night particularly, solely at the mercy of the undesirables who have so successfully infested and inhabited the above described neighborhood.

Within the past few weeks numerous outbreaks have occurred, due to the insulting remarks cast at white girls, whether escorted or alone, in and about the neighborhood. The carrying of concealed weapons in this vicinity seems to be the latest fad.

We humbly submit the aforementioned which are but a few of the unlawful activities indulged in as instances of what we, the remaining property owners must tolerate.

On one other occasion we did submit a petition duly subscribed to, but have met without success.

Your petitioners therefore submit this petition in the hope that it meets with your sincere understanding.

Your petitioners pray that under the circumstances you will place a more stable patrol of policemen in and about the aforementioned neighborhood, both by day and by night in order to insure the protection which we so humbly request.

Respectfully submitted,

(Signed by 50 Property Owners).

Mr. Harry Wische, Lefcourt-Newark Building: Gentlemen, I have presented for your perusal a petition signed by the freeholders and residents in the vicinity of West Kinney Street, bound by Belmont Avenue, Morris Avenue, Springfield Avenue and Seventeenth Avenue, in which they petition for a better and stronger police protection. I have stated in this petition, which has been executed by various petitioners—

Commissioner Egan: Pardon me, Mr. Wische. Mr. Mayor, I want to say that this member of the legal profession comes in here with a petition signed by his clients asking for further police protection in that section. I think that he will agree with the Director of Public Safety that we are giving that particular section far more police protection than many of the

inhabitants care for, but we shall be very glad to go into it further and do more if possible. We have done a lot of centralized work in that particular section, with the idea of maintaining a proper standard of conduct there, for the reason that there are certain persons who have made that their haven, but not very comfortably, according to the police records. I want to thank this young man for coming here representing these people and making this further suggestion.

Mr. Wische: I should like to make one addition to Commissioner Egan's statement. It is very true that we are receiving a better and able police protection in that vicinity, but there is still plenty of room for more.

Mayor Congleton: Miracles are not accomplished in a day, you know.

Mr. Wische: True enough.

Commissioner Egan: I think that we took care of thirty or forty of them

last Saturday night and gave them free lodging.

Mr. Wische: I read that.

Commissoiner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

JOHN HOWE

W. J. EGAN

CHARLES P. GILLEN

JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

PETER J. O'TOOLE, JR.,  
City Clerk.

Newark, N. J., August 27, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Murray, Mayor Congleton.

Absent: Commissioners Gillen and Howe.

The minutes of meeting of August 20th were read and approved.

The City Clerk presented an ordinance to amend an ordinance entitled: An ordinance to amend an ordinance entitle "An ordinance to license and entitled, "An ordinance to license and restaurants, other than hotels-restaurants, cigar stores, boot black parlors, bowling alleys, other than bowling alleys in licensed saloons and incorporated clubs), and such other places as may exist wherein other games of skill may be carried on or conducted." and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "An ordinance to amend an ordinance entitled 'An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot black parlors, bowling alleys, other than bowling alleys in licensed saloons and

incorporated clubs, and such other places as may exist wherein other games of skill may be carried on or conducted'."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The clerk than read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to amend an ordinance entitled: "An ordinance to amend an ordinance entitled 'An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar

stores, boot black parlors, bowling alleys, other than bowling alleys in licensed saloons and incorporated clubs, and such other places as may exist wherein other games of skill may be carried on or conducted," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance to amend an ordinance entitled 'An ordinance to license and regulate billiard rooms, pool rooms, restaurants, other than hotels-restaurants, cigar stores, boot black parlors, bowling alleys, other than bowling alleys in licensed saloons and incorporated clubs, and such other places as may exist wherein other games of skill may be carried on or conducted'."

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The City Clerk presented an ordinance to provide for the construction of a storm water sewer in Delavan Avenue from North 9th Street to North 6th Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a storm water sewer in Delavan Avenue from North 9th Street to North 6th Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to authorize the acquirement of property known as No. 243 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the acquirement of property known as No. 243 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark," adopted January 8, 1930, (South Tenth Street between South Orange Avenue and Twelfth Avenue), and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Miss A. Stradling, 325 South Tenth Street: Gentlemen, I am here to speak against the zoning of South Tenth Street being placed in the business zone, because, as I said two weeks ago at the last meeting, it has always been a residential street, and the property owners, as far as we know, can see no reason why it should be changed. It is just composed of one and two-family modest homes with just working

people, and a number of them are now out of employment due to the depression and are really trying as hard as they can to keep their homes together, without added expense.

On South Orange Avenue, within a space of two blocks, there is every kind of business that anyone desires, including a dentist and doctors, as well as other classes of business. As I say, the property owners say for themselves, but of course they do not like to appear in public, that they would like it to remain as a residential section. Thank you.

Mayor Congleton: The man standing next to you is also of the same opinion?

Miss Stradling: Yes.

Mayor Congleton: All right, then, we will hear those in favor of it.

Mr. A. C. Birkenmeier, 525 Clinton Avenue: I am appearing for Mr. Jahn, 340 South Tenth Street. Mr. Jahn has conducted a florist business at that address and—

Mayor Congleton: He is interested in his business, isn't he?

Mr. Birkenmeier: That is right.

Mayor Congleton: He wants to extend it. We pointed out to him the other day how that could be done. We do not see any reason for changing the zoning of the whole street just to permit him to do what he wants to do, when he can do it in another way.

Mr. Birkenmeier: That is so, but we are really down here in favor of extending the street to business. The majority of the property owners—there are some sixty or seventy of them—have shown by their non-appearance that they are not affected one way or the other and would probably favor the business zone; otherwise they would have appeared here against it.

Mayor Congleton: We have heard from several of them, Mr. Birkenmeier.

Mr. Birkenmeier: Have you?

Mayor Congleton: Yes. Mr. Jahn can be taken care of in the manner that we pointed out to him when he ap-

peared at the conference. He has a business there that has been established for a long time and needs can be taken care of by making an application for an extension for non-conforming use. There isn't any question that it will be granted.

Mr. Birkenmeier: All right, thank you.

Commissioner Egan: I move that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issue of \$2,000,000.00 Temporary Loan Bonds on account of City Railway.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. In pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Million Dollars (\$2,000,000.00) for the purpose of temporarily financing the construction of the City Railway and as an improvement for which the City is authorized to issue bonds by the aforesaid act.

Section 2. Each of the Temporary Loan Bonds authorized by this ordinance amounting in the aggregate to Two Million Dollars (\$2,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after

its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the city the bonds authorized by this ordinance.

Section 3. The Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that September 10th, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Mayor Congleton: I desire to offer on first reading an ordinance that has to do with the Prudential housing plan. I ask that a public hearing be fixed for three weeks from today.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquisition of lands in the City of Newark, for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That WHEREAS, The City desires that in the interest of the public health, safety and morals certain blocks of unsafe and unsanitary dwellings, hereinafter described, in the City of Newark, should be replaced in part by new housing facilities constructed in accord with proper standards of sanitation and safety and provided with appropriate parks and playgrounds, and

2. That WHEREAS, The Prudential Insurance Company of America is willing, pursuant to authority of law to acquire the tracts of land upon which such unsafe and unsanitary dwellings now stand and to construct upon a part of such tracts such new housing facilities and to convey to the City certain other parts thereof for the purpose of such parks and playgrounds.

3. That an agreement between The City of Newark and The Prudential Insurance Company of America, a corporation organized under the laws of the State of New Jersey, providing for the erection of new housing facilities and the conveyance of certain tracts of land to the City of Newark for park purposes in connection with the same, a copy of which agreement is hereto annexed and made a part hereof, be and the same is hereby approved and the Mayor and City Clerk are hereby authorized and directed to execute the same on the part of the City, upon the adoption of this ordinance.

4. That the lands hereinafter particularly described situate in the City of Newark, shall be acquired by The City of Newark, either by purchase or condemnation, for city use;

**FIRST TRACT: BEGINNING** in the southerly line of Spruce Street at a point distant 30 feet westerly measured along the southerly side of Spruce Street from the south-

westerly corner of Spruce Street and Somerset Street; thence running southerly along a line 30 feet distant from and parallel to the westerly line of Somerset Street, a distance of 744.77 feet more or less to the northerly line of Waverly Avenue, thence running westerly along the northerly line of Waverly Avenue 140 feet more or less to a point 30 feet easterly from the northeasterly corner of Waverly Avenue and Barclay Street; thence running northerly along a line 30 feet distant from and parallel to Barclay Street 735.67 feet more or less to the Southerly side of Spruce Street at a point distant 30 feet easterly from the southeasterly corner of Spruce Street and Barclay Street, and thence running easterly along the southerly side of Spruce Street 140 feet more or less to the point and place of Beginning.

**SECOND TRACT: BEGINNING** in the southerly line of Montgomery Street at a point distant 30 feet westerly, measured along the southerly line of Montgomery Street from the southwesterly corner of Montgomery Street and Somerset Street, thence running southerly along a line 30 feet distant from and parallel to the westerly line of Somerset Street, a distance of 688.22 feet more or less to the Northerly line of Spruce Street, thence running westerly along the northerly line of Spruce Street 140 feet more or less to a point 30 feet easterly from the northeasterly corner of Barclay Street and Spruce Street; thence running northerly along a line 30 feet distant from and parallel to Barclay Street 697.15 feet more or less to the southerly line of Montgomery Street at a point distant 30 feet easterly from the southeasterly corner of Montgomery Street and Barclay Street, and thence running easterly along the southerly side of Montgomery Street 140 feet more or less to the point and place of Beginning.

5. That the total cost of the purchase of said lands shall not exceed the sum of One Million, Two Hundred Thousand Dollars (\$1,200,000);

6. Pursuant to the provisions of

**Section 13 of Chapter 252, P. L. 1916,  
as amended,**

there shall be issued temporary loan bonds of the City of Newark, in an aggregate principal amount not exceeding One Million, Two Hundred Thousand Dollars (\$1,200,000) bearing interest at a rate not exceeding six per annum (6%), payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Departments of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times, and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

7. The sum of One Million, Two Hundred Thousand Dollars (\$1,200,000) to be raised by the issuance of such temporary loan bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Mayor Congleton: I ask to have the further hearing on the ordinance fixed for September 17th, and that the newspaper men give as broad notice as possible to the fact.

Commissioner Murray moved that September 17, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is

hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

RESOLVED: That the assessments for benefits as determined by the Engineer in Charge of the Bureau of Sewers for the construction of a sewer in Newton Street between the terminus of the present sewer and 200 feet northerly be and the same is hereby approved and ordered filed with the Comptroller.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

RESOLVED, by the Board of Commissioners of The City of Newark, that the sum of Three Hundred and Sixteen Dollars and Fifty-four cents (\$316.-54) be and the same is hereby appropriated to Heinrich Horns, being the amount due said Heinrich Horns upon the apportionment of taxes for the year 1930 for lands conveyed by said Heinrich Horns to the City of Newark, located at 119-125 Academy Street, which lands were conveyed to the City in connection with the construction of the new City Railway.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, The City of Newark is about to enter into a contract with the National Air Transport Company pro-

viding for the transporting of United States mails to and from Newark Airport, and the said National Air Transport Company has been directed by the United States Post Office Department to begin the operations referred to above on September 8, 1930, and

WHEREAS, the terms and conditions of the aforementioned contract require the City to provide a suitable landing field for both day and night flying to accomplish which it will be necessary immediately to make certain changes in the lighting system now installed at Newark Airport;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that an exigency exists which will not permit of advertising for competitive bids for the lighting work above referred to; and

BE IT FURTHER RESOLVED; that the Director of the Department of Public Affairs be and he is hereby authorized and directed by virtue of the power and authority of Section 1 of Article XI of Chapter 152 of the Laws of 1917, as amended, to enter into such contract or contracts as may become necessary to make the necessary changes in the lighting system at Newark Airport.

Jerome T. Congleton  
John F. Murray, Jr.  
W. J. Egan  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

RESOLVED, that Henry C. Nims-  
gern be and he is hereby appointed Supervising Inspector, Bureau of Sewers, Department of Public Affairs, at a salary of \$2750 per annum, effective September 1, 1930.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the City of Newark, under date of November 6th, 1929, entered into contract with T. A. Gillespie Company, for the laying of a sixty inch water conduit, from Branch Brook Park to the Newark-Elizabeth city line;

AND WHEREAS, in order to procure proper rock cover for tunnel for said conduit in the vicinity of Orange Street and Eighth Avenue, it became necessary to construct the same fifteen feet below the grade shown on the contract drawings, and because of other delays in procuring rights of way, etc., by the City, the contractor is unable to complete said contract within the nine calendar months specified therein.

BE IT RESOLVED, that the contractor T. A. Gillespie Company, be and it hereby is granted an additional sixty working days, or until October 16th, 1930, in which to complete work under the contract aforesaid.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, in the preparation of the design, plans and specifications for the sixty-inch water conduit from Branch Brook Park to Elizabeth, consideration was given to the different types of pipe that could be used in the pipe tunnels under the Lackawanna Railroad and the proposed City Railway, and

WHEREAS, the actual radius of the tunnel pipe bends could not be accurately fixed before the contract for this work was awarded, and

WHEREAS, the length of the shaft openings required was directed proportional to the radius of pipe bends, therefore making it impracticable to complete the design and details of the tunnel shafts before the award of the contract, and

WHEREAS, it was the original intention to construct the tunnel shaft roofs of reinforced concrete and provision was made in the contract items to do so, and

WHEREAS, since the award of the contract for this work it has been thought advisable in the opinion of the Engineers to construct the tunnel shaft roofs using structural steel beams and reinforced concrete, the cost of this type of construction not exceeding the cost of the construction originally contemplated, and

WHEREAS, all of the work under this contract is being done on a unit price basis, and no provision was made in the contract items for structural steel beams

THEREFORE BE IT RESOLVED that the use of structural steel beams be allowed and that payment for the same be made to the contractor the T. A. Gillespie Company, Inc., as follows:

For furnishing all labor and materials necessary to install structural steel shapes and bearing plates,

Approximately 22,000 pounds

For the sum of five cents (5c.) per pound.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

BE IT RESOLVED, by the Board of Commissioners of The City of Newark, (Department of Public Affairs) that the following claims of The City of Newark, be and the same are hereby cancelled owing to uncollectability.

David Zuckerman, \$22.32.

Samuel A. Bakker, \$20.49.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Commissioners of The City of Newark on August 20, 1930 passed resolutions authorizing the purchase of certain properties on the northerly side of Academy Street, between High and Plane Streets, for the purposes of the City Railway and the widening of Academy Street, and

WHEREAS, it is necessary in order protect the City's interests that contracts be entered into between the City and the holders of said property for the purchase of the same at the prices set forth in said resolutions:

BE IT RESOLVED by the Board of Commissioners of The City of Newark, that in pursuance of said resolutions, the Director of the Department of Public Affairs and the City Clerk be and they are hereby authorized and directed to execute contracts on behalf of the City of Newark with the owners of said properties for the purchase of the same by the City of Newark at the prices set forth in said resolutions.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

RESOLVED, that the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

Automotive Equipment Co., furnishing and delivering brake lining. (Contract Bond).

Harrison Supply Company, furnishing and delivering portland cement. (Contract Bond).

The Central Foundry Company, furn-

ishing and delivering cement lined universal cast iron pipe and specials. (Contract Bond).

Hugh F. Gilligan's Sons, grade and temporarily pave with broken stone Allegheny Avenue from Foundry Street to Avenue "P". (Contract and indemnity bonds).

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The City Clerk presented the application of Aaron Shapiro (League Realty Co., owner) for a miniature golf course, premises 282-294 Hawthorne Avenue, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does anybody desire to be heard on this?

Louis Weiss, 164 Market Street: Mr. Mayor and Commissioners—

Mayor Congleton: Are you for it or against it.

Mr. Weiss: I am for the application. I appear for Aaron Shapiro.

Mr. Mayor and Gentlemen, we are willing to close the place during the Sunday services. We are going to make a beautiful-looking place out of it. At the present time my client is paying about \$1,000 in taxes. I think that about the only thing that the place can be used for at this time is a golf course. We cannot think of putting up an apartment house. We cannot think of putting up stores. There isn't a miniature golf course anywhere in the neighborhood. People have to walk quite a distance. In conformity with the principles of the Commission and with the ideas of the Commission, I think that it is a wholesome game and a good game for adults and children even, and I don't think that the application should be denied, particularly if we are willing to keep the place closed during Sunday services.

Mayor Congleton: The Board of Ad-

justment imposed the condition of keeping the place closed on Sundays.

Mr. Weiss: I think only during the services, if I am not mistaken.

Mayor Congleton: The note I have says that it is not to be used on Sundays.

Mr. Weiss: I think that would be a hard thing.

Commissioner Egan: There is nothing in the law that would permit you to use it on Sunday.

Mr. Weiss: I know, but they are all being used on Sunday.

Commissioner Egan: I am talking legally.

Mr. Weiss: In other words, if we get the permit in accordance with all the other permits given we would be satisfied to comply with Director Egan's technicality.

Mayor Congleton: Of course, they hold services in the morning, Sunday school in the afternoon, and further church services at night. You would have a rather difficult time having your golf players conduct their game so as not to be playing while the various services are going on.

Mr. Weiss: We are still willing to abide by the rules imposed by this Commission.

Mayor Congleton: Does anyone else desire to be heard on it?

Commissioner Egan: What is the record as to the church? Are they in favor of it or opposed to it?

Commissioner Murray: They are opposed to it.

Commissioner Egan: I move that it be laid over for a week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The following reports of City Officers were received and ordered filed:

Auditor's Trial Balance for July, 1930.

Mayor Congleton: Has any person any matter that he desires to bring to the attention of the Commission this morning?

Henry J. Sutton, 105 Springfield Avenue:

Mr. Mayor and Commissioners, I am one of a Committee sent from the Socialist Party of New Jersey to present a communication to you. Will it be in order to read it?

Mayor Congleton: Yes.

Mr. Sutton then read a communication from the Socialist Party of Essex County, dated August 26th, 1930, requesting certain relief measured during the period of depression, which was received and on motion ordered referred to the Conference of the Board of Commissioners.

Mr. Sutton: If there is any question I shall be glad to answer it.

Commissioner Murray: I should like to say, Mr. Sutton, that the City of Newark already has an employment agency or bureau which lists the names of all unemployed who come there. The Overseer of the Poor's office is probably at the present time, without complaint, taking care of every case that comes to it. I do not believe in Municipal Lodging Houses, because the average Newarker has a home of his own and does not need a Lodging house. It doesn't add to the dignity of the individual nor to the City either. As far as establishing a chain of employment agencies is concerned, I don't know whether there would be any utility in that, because it is quite as easy to go to 46 Franklin Street as it is to any other section of the city. While there may be good reasons—I don't know that there is—for complaining about private agencies and the charges they make, if you will be specific as to any one case or any number of cases I am very certain that the City would very promptly close such agencies.

Mayor Congleton: The employment agencies are licensed by the State, aren't they, Commissioner?

Commission Murray: Yes, but the City could take steps to have the state close them up, because the City desires

to have these agencies function along the lines of proper conduct. If an agency takes money and does not deliver the goods it is reprehensible conduct; there is no doubt about that. You will have to be specific, Mr. Sutton, you cannot state generalities. Just mention the specific agencies and the specific grievances and we will take the proper steps to have them closed, if we find that the grievances are founded on fact.

Mr. Sutton: The special request, gentlemen, is that if possible we revive the conference that was called by the Commission in the spring of this year, with a view to preparing for the future. We thought that on account of the number of people there are sleeping in the parks—and the situation is surely going to be aggravated in the coming winter months, when it will apparently be severe—that some means ought to be undertaken to provide for these people. As far as employment agencies are concerned, it seems that this is relatively a small matter, because if there is no work they can only be of small consequence in either helping or aggravating the situation, as I said before. The main thing is to provide legislation which would enable the Commission to go ahead with public works, both those immediately in view and those not in view, which have not yet been provided for.

Commissioner Murray: I suggest to you folks that you get the idea in your minds that Coue was right—that things are getting better and better. There isn't any reason to consider it as a foregone conclusion that things are going to be worse in the winter time. We hope they are not. We think they are going to be better. It is a good deal better to be optimistic than pessimistic, and I think that you folks ought to be a little more optimistic. While passing through Red Bank recently I was very glad to notice on the front of trucks, on store fronts, and on windows the poster "Business Is Good." I think that is a pretty good idea. A cheerful face is better than a sad one. A cheerful outlook is better than a pessimistic outlook. If we can cope with conditions we will do it, and we are willing to continue to do it right along. While it is a little bit

difficult and while the burden is a little bit heavy just now, we do not doubt that things will come back soon. You fellows are stressing a little bit too much the fact that it is going to get worse. I think that you ought to be a little more optimistic.

Mr. Sutton: I appreciate, Mr. Commissioner, that you are optimistic, and we are too, and perhaps for a different reason, because we think it may be brighter after the darkness has passed. You know the Socialist party has been accused of making political capital out of the depression. That is not so. We are merely students of what is going on. The average private citizen is taken up with his private affairs. Our organization is more interested in the general situation and in knowing more. We want to face the facts.

Commissioner Murray: We give you credit for acting in good faith in what you are trying to do, but I think that you are a little too pessimistic. Why don't you try being a little more optimistic.

Mr. Sutton: We try to be as optimistic as everybody else, but we want to face the facts. As I said before, we

are interested in seeing if the conference can be revived, to cope with the problems that are bound to arise during the coming winter months.

Mayor Congleton: The communication will be received, Mr. Sutton, and referred to the conference.

Mr. Sutton: Thank you.

Commissioner Murray moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

September, 1930

---

Newark, N. J. September 3, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chambers, City Hall Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present:- Commissioners Egan Gilen, Howe, Murray, Mayor Conleton.

The minutes of the meeting of August 27, 1930, were read and approved.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance prohibiting bathing and swimming in polluted waters.

The Board of Commissioners of the City of Newark do ordain:

1. Bathing or swimming is prohibited in the water of any pond, lake river, swimming pool or any other place in the City of Newark, which water has been declared by the Health Officers of

the City of Newark to the grossly polluted or hazardous to health.

2. Upon notification from the Health Officer it shall be the duty of every owner or lessee of property adjoining such water, or on whose property such water is located, to prohibit bathing or swimming therein, and to post signs warning the public that bathing or swimming is prohibited in such water.

3. Every parent or guardian permitting any member child to enter such water shall be deemed guilty of violating this ordinance.

4. It shall be the duty of any member of the Police Department or any Inspector of the Health Department to apprehend any person or persons who may violate this ordinance. Any person or persons, firm or corporation, found guilty of violating any of the provisions of this ordinance, shall upon conviction thereof be liable to a penalty of not less than two (\$2.00) dollars nor more than ten (\$10.00) dollars for the first offense, and for each subsequent offense shall be liable to a fine of ten (\$10.00) dollars, or imprisonment for not more than ten (10) days.

5. That this ordinance shall take effect immediately, and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas:- Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that September 24, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Boards meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of North Twelfth Street from the northerly line of Sixth Avenue West, north-easterly about 420 feet to the westerly line of the Newark and Bloomfield Railroad.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That North Twelfth Street, from the northerly line of Sixth Avenue West, north-easterly about 420 feet to the westerly line of the Newark and Bloomfield Railroad, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1191-V, dated September 18, 1926, shall be vacated as a public street or

highway; under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas:- Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that September 24, 1930, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas:-Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Aaron Shapiro (League Realty Company, owner) for a miniature golf course; premises 282-294 Hawthorne Avenue.

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That the grounds are not to be used on Sundays;

(2) That lighting standards be not over ten feet high;

(3) That a substantial fence be erected three feet inside of property lines;

(4) That all requirements of the License Bureau be complied with;

(5) That no refreshment stands or other business be conducted on the premises;

(6) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard;

Mr. Louis Weiss, 24 Branford Place:

I appear again, if your Honor please. I appeared last week.

Mayor Congleton: Is there anything further you want to say.

Mr. Weiss: Nothing further than what I said last week.

Mayor Congleton: Does anyone desire to be heard on the matter? The resolution is to concur in the recommendation of the Board of Adjustment. Those in favor will say aye, opposed no. Clerk will call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed.

**Application of Samuel Greenberg (Eve Fogel, owner) for a miniature golf course; premises 962-968 Eighteenth Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this matter?

Mr. David E. Feldman, 786 Broad Street:

I appear for the applicants, and this matter has been heard by the Board of Adjustment and they approved it.

Commissioner Murray: Isn't this the case where most of the neighbors object to it?

Mayor Congleton: Yes.

Mr. Feldman: I don't know whether

you men of the Commission are acquainted with the neighborhood, but there is a golf course across the street, and if the permit is granted we do not intend to build the entrance on Eighteenth Avenue to obstruct the jitney station, we are going to put the entrance on Alexander Street.

Mayor Congleton: If there is one right across the street, why do you need another one, to kill the other fellow's business?

Mr. Feldman: Only this, Mr. Mayor, that that land is of no use to us at present; we are paying high taxes and we might just as well put something there in order to make our taxes.

Mayor Congleton: Regardless of the wishes of the people in the immediate vicinity. This is the case where there was a petition in opposition signed by thirty-one property owners, twenty of whom live within 200 feet of the site proposed to be used. Now, we must give some consideration to the immediate owners who have gone there and put their money in their homes and you have not seen fit to improve your lot. I do not think your right is paramount to those who live there within 200 feet.

Mr. Feldman: I understand the petition that was signed was gotten up by some attorney and there were no objections which would be sound in theory and in practice. They claim there is too much noise from these golf courses. Now, you, as well as the rest of the members of the Commission, know that these golf courses do not give out any noise; it is as quiet a game as there is, there is no reason why a permit should not be granted.

Commissioner Murray: Do you mean to indicate by that that some attorney secured these signatures on the theory that there would be so much noise there it would be a nuisance to the neighborhood?

Mr. Feldman: I imagine—I saw the petition, and the petition does not state any cause at all; it is just an objection against the golf course. Now, if those people are interested enough I think they ought to appear before the Commissioners.

Commissioner Murray: Suppose you get a week on it, or two weeks, to check it up yourself and see if you can get them to sign a petition the other way—

Commissioner Egan: I am opposed to that practise. If they sign a petition in opposition to it and he is imagining something and he wants an adjournment based on his imaginings—he is stalling for consideration.

Mr. Feldman: Only this, that I have just gotten the names and addresses of the people yesterday and I haven't had a chance to go see them.

Mayor Congleton: The petition was filed with the Board of Adjustment two weeks ago when the hearing came up and the property owners were represented by an attorney. The owner directly across the street on Alexander Street, Mr. Keller, filed a written protest with the Board of Adjustment signed by thirty-one property owners, twenty of whom are within two hundred feet of the proposed golf course.

Commissioner Murray: Have you got that petition, Mr. Rankin? Have the people put in any kind of a statement of what they have in mind? If they have, isn't it just as effective as if they come here? There is no reason why they should lose their time from business.

(Commissioner Murray reads petition.) That is a good statement.

Mr. Feldman: The question of noise coming up, and you gentlemen have gone on record in other matters that there are no noises coming from these golf courses, I do not think that is sufficient reason to warrant disapproval of this permit.

Mayor Congleton: For myself, I am going to try to respect the wishes of the people that live in the immediate vicinity if they are at all reasonable. Now, where people have gone in a community and have invested their money and built their own homes, and it happens that the corner lot is vacant, I do not think that it is fair for us to ignore their wishes just because your client has not gotten ready yet to develop his property.

Mr. Feldman: We are ready now to develop it.

Mayor Congleton: That is not development; no taxes coming in from that.

Mr. Feldman: Well, we are paying taxes now.

Mayor Congleton: Well, put something on it to bring in an income that is commensurate with the value of your land.

Mr. Feldman: May I at this time request for an adjournment to give me an opportunity to see these people who have signed?

Mayor Congleton: Not with my vote. You have had two weeks since the Board of Adjustment acted on this and the protest was filed with them. It is up to the Commissioners.

Commissioner Murray: I move that the roll be called on the resolution.

Mayor Congleton: The resolution is to concur in the recommendation of the Board of Adjustment granting a permit to this applicant. All those in favor will say aye, opposed no; the Clerk will call the roll.

The roll being called, the resolution was declared lost by the following votes:

Nays:—Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commission, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Herdman Motor Company, Inc., (Central Hudson Realty Co., owner) to permit the sale of used automobiles on premises 21-25 Bond Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and

the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

Mayor Congleton: Does anyone desire to be heard on this?

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of John A. Cascella (Salvatore D'Auria, owner) for a miniature golf course; premises 351-357 Broad Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance,

be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this matter?

Mr. Frank Calabrese: I appear for the—

Mayor Congleton: You are applying for the permit?

Mr. Calabrese: Yes, representing Mr. Cascella.

Mayor Congleton: You have your course completed.

Mr. Calabrese: Not as yet.

Mayor Congleton: Practically completed. You have built your fence and you have not complied with the conditions imposed that the fence shall be three feet inside of the building line. Who told you to go ahead and do the work before you got your permit?

Mr. Calabrese: Mr. Mayor, this is just practically ignorance on the part of the applicant when he commenced to work. It passed the Zoning Board unanimously and there were no objections on the part of those who are affected by the erection of the golf course on that place in question. In view of all those circumstances the applicant commenced work, not with any intent that he was going to hurt the feelings of the Mayor or any other Commissioner here.

Mayor Congleton: He commenced work before he had his permit from the Board of Adjustment. I resent having someone think they can control my vote on these cases and the thing going through without asking any questions. I think this it a proper place for one and I propose to vote for it. But somebody is going to be surprised when they need my vote to get a permit someday when they assume they have got it and go ahead and build their golf course before they get their permit.

Mr. Calabrese: Mr. Mayor, the reason why the applicant erected the golf course, which is not complete as yet—

Mayor Congleton: Practically complete. I come by there every day.

Mr. Calabrese (Continuing): Because it passed the Zoning Board unanimously and there was no objection. It is fully in accord with all affected by it; and the mere fact two weeks—

Mayor Congleton: I want to ask Mr. Rankin now, who is secretary of the Board of Adjustment, so we won't have this same excuse put up to us every week, to see to it that his Board announces when they vote in favor of a permit, that they then inform the applicants that it has no binding force until it has been concurred in by the Board of Commissioners. Some people who have been turned down come and ask us to reconsider because they have invested their money and built the place.

Commissioner Egan: I would rather see it held up until it is done as it was ordered done by the Board of Adjustment. They had better get it right.

Mayor Congleton: You have one week to comply with the conditions imposed by the Board of Adjustment.

Commissioner Gillen: I move that the resolution be laid over to September 10, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Theodore W. Davis (Brosis Realty Company, owner) for a miniature golf course; premises 277-279 Warren Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

**Application of Magna Investment Company, owner, for a miniature golf course; premises 526-536 Bloomfield Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

**Application of Conrad Throm, owner, for a miniature golf course; premises 98-108 Maple Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

(6) That present ice depot be removed from the premises;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared lost by the following votes:

Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles Von Hof (Oraton Investment Company, owner) for a gasoline station; premises 289-291 West Market Street; on condition that the applicant conveys to the City of Newark a portion of his property for street purposes in accordance with a description prepared by the engineering department;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

Mayor Congleton: Does anyone desire to be heard on this matter?

Mr. George R. Sommer, 17 Academy Street.

If your Honor please, this is an ap-

plication of the Peerless Oil Company to erect a gasoline station at this particular corner and which was passed upon unanimously by the Board of Adjustment. There was one objector who had no objection to it, excepting that he sort of felt that he would like to look into the matter, and since then nothing has been heard of him.

Commissioner Murray: As I understand it, Mr. Mayor, here the applicant, according to Mr. Sommer, is willing to cut the northeast corner back so as to cure the jog that exists between the southerly side of Warren Street—the northerly side of Warren Street and West Market Street, and I don't know as there has been any plan filed as yet showing that. If there were, the City would save considerable as it would open the corner.

Mayor Congleton: I was informed that that is what they do when they do their work, they throw part of it into the city street.

Commissioner Murray: On condition they throw that back to cure that jog—

Commissioner Egan: How big a piece of ground is it?

Mr. Rankin: 54 feet on West Market Street and runs along Morris Avenue to West Hartford Street 126-1/2 feet, and 25 feet on Hartford Street; and the building is 51 feet back from the corner.

Commissioner Egan: I think we could grant the permit with the qualification that the plans be filed before the building is started.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Louis Beller, owner,

for a miniature golf course; premises  
329 Halsey Street;

THEREFORE BE IT RESOLVED  
by the Board of Commissioners of The  
City of Newark that the recommen-  
dations of the Board of Adjustment be  
and the same are hereby approved, on  
the following conditions:

(1) That a substantial fence be  
erected three feet inside of property  
lines;

(2) That lighting standards be not  
over ten feet high;

(3) That all requirements of the  
License Bureau be complied with;

(4) That no refreshment stands or  
other business be conducted on the  
premises;

(5) That this approval expires Jan-  
uary 1, 1932;

and the Building Commissioner, the  
administrative officer in charge of the  
enforcement of the Zoning Ordinance,  
be and he is hereby directed to issue  
a permit for the application above  
set forth.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

Mayor Congleton: Does anyone de-  
sire to be heard on this matter? What  
do you want to say, Mr. Beller?

Mr. Louis Beller, 78 Ridgewood Ave-  
nue.

I have nothing to say.

Mayor Congleton: You are applying  
for the application. There is another  
one that was almost completed yester-  
day afternoon.

Mr. Beller: Wasn't this granted last  
time?

The roll being called, the resolution  
was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

The following communication was  
received and read:

Clinton Avenue Baptist Church

412 Clinton Avenue

Newark, N. J., August 30, 1930.

Hon. Jerome T. Congleton, Mayor,

City Hall,  
Newark, New Jersey.

Dear Sir:

On behalf of the Clinton Avenue  
Baptist Church, the Board of Trustees  
of the church hereby enter formal pro-  
test against the granting of a permit  
for a miniature golf course at 231-235  
Clinton Avenue;

1. Because of its proximity to our  
building with the probability of disturb-  
ing our worship.

2. A course, ample to serve the  
community, is already in operation on  
the opposite side of Clinton Avenue  
nearly opposite Quitman Street.

3. The usual run of business natur-  
ally falls on Saturday and Sunday  
when patrons of the golf course would  
monopolize parking facilities, which  
are none too great already.

We trust that it will be the decision  
of the City Commissioners to refuse  
to grant this permit.

Yours very truly,

Grace A. Dewolf,

Secretary Board of Trustees,

Clinton Avenue Baptist Church.

Ordered filed.

Mayor Congleton offered the follow-  
ing resolution:

WHEREAS, the Board of Adjustment  
has certified in writing to this Board  
that it has approved, on appeal from  
the refusal of the Building Commis-  
sioner, an application for a variation  
from the requirements of the Zoning  
Ordinance, and recommends that the  
following use for which application was  
made be allowed:

**Application of Albert Hollander,  
owner, for a miniature golf course;  
premises 231-235 Clinton Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1). That a substantial fence be erected three feet inside of property lines;

(2). That lighting standards be not over ten feet high;

(3). That all requirements of the License Bureau be complied with;

(4). That no refreshment stands or other business be conducted on the premises;

(5). That this approval expires January 1, 1932;

(6). That present billboards be removed;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

Mayor Congleton: I have a protest here from the Clinton Avenue Baptist Church. There is a protest here from the Baptist Church right at the next corner objecting to it. Are your clients going to use Clinton Avenue?

Mr. David M. Litwin, 800 Broad Street:

Their intention is to use the Clinton avenue side and get their patrons to park on the other two sides. We have an entrance on Somerset Street and also on Rose Terrace.

Commissioner Egan: You won't have any parking there.

Mr. Litwin: There is a safety isle and also a traffic officer there.

Commissioner Egan: Where the old livery stable was.

Mr. Litwin: That is right. May I point out, Mr. Commissioners, the original plans for this plot were to build a theater, and I am sure the congestion would be no worse with a golf course—

Commissioner Egan: That is history; that is five years ago.

Mr. Litwin: It may go through yet, that theater.

Mayor Congleton: At any rate, there is a letter here from that Baptist Church strenuously opposing it, and I wanted it noted that I called it to the attention of the Board.

Commissioner Howe: There are three buildings in between. This is not adjoining the church. The Jube Memorial Church is across the way.

Mayor Congleton: I think it is a proper place for one, but this is a bad place there at Clinton Avenue, with the Elizabeth Avenue traffic.

Commissioner Egan: Where are you going to have your fence there?

Mr. Litwin: On line with the building next door.

Commissioner Egan: I notice that that one down at the Elks there are people hanging on the fence all the time.

Mayor Congleton: That is the condition imposed on all of them. Does anyone else desired to be heard on this matter?

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following petition was received and read:

To The Honorable

Board of City Commissioners of  
The City of Newark, N. J.

Gentlemen:

We, the undersigned, all property owners and residing on Clifton Avenue and Ridge Street between Montclair and Verona Avenues, in this city, do hereby respectfully petition your Honorable Body to reject the application of Angelo Piana for a permit to erect a four-family house on the premises, No. 874 Clifton Avenue, Newark, for the following reasons:

1. That all of the buildings now erected on said block are one or two family dwellings.

2. That the houses erected on said block are entirely occupied by the owners thereof as a place of residence with their families, relatives or tenants.

3. That all of the properties in the said block are used solely and exclusively for private residential purposes.

4. That the premises whereon the said building is to be erected is entirely restricted, by the express terms of the deed thereto, to not more than a two-family dwelling.

5. That all of your petitioners have a clause in their respective deeds restricting their use of their property to the erection of not more than a two-family house, and that one of the considerations for their buying their said properties was the belief that their blocks would remain so restricted.

6. That the erection of a four-family house as contemplated by Mr. Piana would work a direct hardship and injury to your petitioners in that it would materially change the nature of the neighborhood, lessen its desirability as a place of residence for those seeking a quiet residential zone, and as a result thereof would tend to decrease the value of the surrounding properties.

WHEREFORE your petitioners respectfully pray that your Honorable Body reject the application of Angelo Piana for a permit to erect the four-family houses contemplated by him, upon all of the grounds hereinbefore set forth.

Respectfully submitted,

Signed by 18 property owners.

Ordered filed.

The following communication was received and read:

Newark, N. J., August 27, 1930.

To the Mayor of the  
City of Newark.

Sir:

In regards to the building of a four-family house on Clifton Avenue north of Montclair Avenue, I desire to enter a protest against granting a permit for the above building on the following grounds:

That I have a house at 787 Ridge Street, the same I bought for a home and have resided there for more than twenty years and which is in the rear of the above mentioned property. My house is about 150 feet from said property to be built, and in my opinion to permit that house to be built there would depreciate my property.

Trusting you will give this protest your utmost consideration and thought, I beg to remain

Respectfully,

John S. McDonough.

787 Ridge Street.

Ordered filed.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Angelo Piana, owner, for the construction of a four-family dwelling; premises, 874 Clifton Avenue:

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the

administrative officer in charge of granting permits, he and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard?

Mr. Howard Isherwood, 733 Broad Street.

I appear for Mr. Piana, Mr. Commissioners. At the time of the hearing before the Board of Adjustment Mr. Ward appeared at that time—I know him very well—he thought there was going to be some kind of a tenement house, and after the consent of the Board of Adjustment had been given and I explained it to him outside, he said as long as it was going to be a high type of place it was all right. The place at the present time is filled with rubbish, and Mr. Piana is under contract to purchase the property; and there is a house similar to it at 894 Clifton Avenue. This is 874 where this application is pending. There are two other four-family houses between 874 and 894. It is a two-story proposition with two families on each floor. They are up-to-date, everything is in fine shape; they are frame places; it is to be tile bath, tile kitchen—a very high type of place and I think will be a credit to the community. The property when completed will be worth from eighteen to nineteen thousand dollars. And I don't know that there is anybody objects to, it at all except Mr. Ward, but when I explained it to him he said if that is the case, he said if it is going to be that type of place it is all right; and I think it will be an improvement to the neighborhood and not a detriment.

Mayor Congleton: There are some objectors here.

Mr. F. L. Romaine, 864 Clifton Avenue.

I have a petition here signed by seventeen property owners in the immediate vicinity of this house that has been asked to build on Clifton Avenue. As far as the four-family house is concerned that they have spoken about, they are further down the street by themselves. This four-family house is immediately in the center of

one-family houses and it is going to depreciate the value of our homes there. In fact, most of us who have bought our homes, if we knew we were going to be invaded by tenement houses would never have bought them. I made a trip last night and have the petition signed by seventeen people that I would appreciate if it was looked at.

Mayor Congleton: Are they all on the one block?

Mr. Romaine: All on the block and in the back, Clifton Avenue and Ridge Street also.

Commissioner Murray: Would you call this a tenement house?

Mr. Romaine: Three-family and four-family houses, and I know the type of house down below and the occupants.

Commissioner Howe: Are these flat-roofed?

Mr. Romaine: Yes, sir.

Mayor Congleton: Most of these people who have signed own their own homes?

Mr. Romaine: Every signature on there is the signature of people who own their own homes and live there with the exception of one or two that are tenants of people that own. Ninety per cent. of the names there are people living right in the houses themselves.

Mr. Isherwood: Aren't there any four-family houses within a hundred feet of it?

Mr. Romaine: Not within a hundred feet.

Mr. Isherwood: I understand there is a house of this type at 894.

Mayor Congleton: Further down opposite the garage. Down at the lower end of the block there are a couple of garages, and the upper part of the block, more than halfway in—what is the street south?

Mr. Isherwood: Verona Avenue.

Mayor Congleton: No, Verona Avenue is north.

Mr. Romaine: Montclair Avenue.

Mayor Congleton: From Montclair Avenue north, taking this on the side that you are interested in and some little distance beyond, they are the type of house Mr. Romaine speaks about, aren't they?

Mr. Romaine: Yes.

Mayor Congleton: And when you get down nearer Verona Avenue where you have got garages and the other four-family houses you speak of—

Mr. Romaine: I spoke to Mrs. Jelliff, who is the owner of the house at the corner of Montclair Avenue and Clifton Avenue whom Mr. Ward represents; and she told me Mr. Ward was in Pittsburgh and would be unable to be here, but they were very much opposed to it.

Commissioner Howe: Any objection to laying it over a week to let us look at it?

Mr. Isherwood: I think if the Board of Commissioners would look at it—

Mayor Congleton: You want to come further up the block and break in with the four-family houses where the others have built their homes and have taken an interest in the street when it was zoned under the zoning ordinance.

Mr. Isherwood: Yes, but I understand that the zoning ordinance allows two-family houses.

Mr. Romaine: We have no objection to two-family houses.

Commissioner Howe: These flat roofs are bad.

Mr. Isherwood: If you look at 894 you will see that is a decent piece of property, a decent house; four-room apartments, everything up to date in it, and the house is a credit to the neighborhood.

Commissioner Howe: I move that the resolution be laid over to September 10, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Herman Kravis (Gerger Building Material Company, owner) for a miniature golf course; premises 267-271 Sixteenth Avenue;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark, that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

- (1). That a substantial fence be erected three feet inside of property lines;
- (2). That lighting standards be not over ten feet high;
- (3). That all requirements of the License Bureau be complied with;
- (4). That no refreshment stands or other business be conducted on the premises;
- (5). That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this

Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Joseph Weisberger, owner, for a miniature golf course; premises 233-243 Park Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark, that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial fence be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

**Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.**

WHEREAS, a contract was entered into on February 5th, 1930, with J. Rich Steers, Inc., for the construction of Haynes Avenue Bridge, and

WHEREAS, said contract calls for the encasing of certain beams and girders with approximately 3-inch of concrete classified as Class 2 concrete, and

WHEREAS, under date of July 17th, 1930, J. Rich Steers, Inc., have agreed to the substitution of Gunite encasement for the steel work of the Haynes Avenue Bridge below the level of the underside of the roadway and sidewalk slabs, such Gunite encasement to be of a minimum thickness of 2-inch, with the stipulation that such Gunite encasement be paid for at the same price as the concrete encasement, as stipulated under the contract, and

WHEREAS, said Gunite encasement is considered to be a more adequate protection than the concrete as called for under the contract drawings;

Therefore, BE IT RESOLVED, That the proposal of J. Rich Steers, Inc., dated July 17th, 1930, be accepted and that authority be granted to make payment for the Gunite protection on the basis of the concrete protection as shown on the contract drawings.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication dated August 27th, 1930, from the North Jersey Transit Commission, requesting a conference with the Board to consider a solution for the traffic problems in Northern New Jersey was received, read and on motion ordered referred to the Conference of the Board next Tuesday.

Mayor Congleton: Gentlemen, as we all know since our last meeting one of our very prominent and active citizens, Richard C. Jenkinson, has passed away, and I think it is very appropriate that we pass a resolution that the City Clerk has prepared, and I will ask him to read it.

The Clerk then read the resolution as follows:

WHEREAS, our distinguished fellow citizen, Richard C. Jenkinson, departed this life on August thirtieth, terminating a career of immeasurable service to his native city which he loved, and to the state and nation as well, and by reason of his death the City of Newark has lost one of the most influential leaders of its cultural, commercial and civic development, and

WHEREAS, perhaps his greatest contribution toward the enrichment of this community was his high conception of the mission of the Free Public Library to which he applied his greatest interest and support throughout thirty-three years of unselfish service as a member of the Board of Trustees, during the last eight years of which he occupied the Presidency of that Board, and

WHEREAS, the impressive and far-reaching scope of his interested service in the public welfare was constantly evidenced by the numerous public positions of high trust for which he was chosen during his lifetime; which included serving as a member, for fifteen years, of the State Board of Commerce and Navigation, a Trustee for twenty-six years of the State Home for the Feeble-Minded, Trustee of the Newark Museum Association, a member of the

New Jersey Historical Society, President of the New Jersey Commission for the Blind, President of the Newark Board of Trade, member of the Newark Chamber of Commerce, Trustee of Dana University, Trustee of the Newark Institute of Arts and Sciences, member of the Advisory Board of the New Jersey College of Pharmacy, member of the New Jersey Harbor Commission, member of the Newark Excise Board, Federal Fuel Administrator for the State of New Jersey during the World War, and a member of the American Embassy Association;

NOW THEREFORE BE IT RESOLVED, That the Board of Commissioners of the City of Newark, New Jersey, on behalf of the people of this City, do hereby record this expression of their appreciation of Richard C. Jenkinson for his life-time of enduring service to the City and to his fellow-man, their sense of community-loss occasioned by his passing, and their deep sympathy for the members of his family;

AND BE IT FURTHER RESOLVED, That a copy of these resolutions suitably engrossed be presented to the bereaved family.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication from the Atlantic Deeper Waterways Association relative to the twenty-third annual convention to be held at Wilmington, N. C., October 7th to 10th, 1930, was received and read and on motion it was agreed as many members of the Board that could do so, attend the convention.

The following reports of City Officers were received and ordered filed:

Department of Weights and Measures  
For August, 1930.

Department of Buildings for August, 1930.

Clerk of First District Court for August, 1930.

Clerk of Second District Court for August, 1930.

Clerk of Alms House for August, 1930.

City Clerk (2) for August, 1930.

Ellsworth R. Noble, Clerk, 1st Criminal Court for August, 1930.

Ellsworth R. Noble, Clerk, 1st Criminal Court, for August, 1930, Part Traffic.

Robert J. Beckley, Deputy Clerk, 2nd Criminal Court, Part 1, for August, 1930.

Thomas P. Guthrie, Clerk, 2nd Criminal Court, Part 2, for August, 1930.

Arthur J. Connelly, Clerk, 3rd Criminal Court, Part 1, for August, 1930.

Arthur J. Connelly, Clerk, 3rd Criminal Court, Part 2, for August, 1930.

Elizabeth S. Lewis, Clerk, Family Court, for August, 1930.

City Treasurer, for August, 1930.

Comptroller for August, 1930.

Commissioner Gillen: In reference to the Gopsill Bill. We had it up two weeks ago and it was referred to the Law Department, and Mr. Boettner tells me that he has discussed this matter with Mr. Frazer, who was engaged by the League of Municipalities to bring suit, and that Mr. Frazer had made a mistake in his reference to the amount of the fee, and the City of Newark wanted to seek the aid of the Law Department to see if he would not take a smaller fee from the City of Newark.

Commissioner Howe: What does he mean by a small fee?

Commissioner Gillen: Oh, something like \$250 or \$500. And I think it would be well to combine the litigation in that matter and have the Law Department cooperate with Mr. Frazer. I would move the Law Department be given power to proceed in the matter.

The roll being called, the motion was

declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication dated August 29th, 1930, from the New Jersey State League of Municipalities, relative to the Sixteenth Annual Convention to be held at Paterson, N. J., September 25th and 26th, was received and read, and on motion it was agreed that as many members of the Board that can do so, attend the convention.

Commissioner Gillen: The League has also requested that the City make some exhibit there. It seems they are going to have some exhibits from various municipalities throughout the state, and if each department could send up some sort of an exhibit I think it would be well.

Commissioner Gillen: An ordinance having been introduced providing for an agreement to purchase from the Prudential Insurance Company in the two blocks that that Company has purchased in the Third Ward, the City to purchase these inside lands for park purposes, I would like to make a statement outlining my views regarding the matter.

The facts in connection with the Prudential Insurance Company housing plan in so far as it affects Newark financially must be fully considered. The announcement was made sometime ago that the Prudential Insurance Company with its own money intended to purchase land and build rows of houses which would be modern in every respect and rented at low rentals with the purpose in mind of bringing about better housing conditions in the City of Newark. The company has bought three sites, one in the Third Ward section where it has purchased two blocks at a cost which they say is \$1,750,000. These blocks are approximately 600 feet long each. The company intends to put up rows of houses along the fronts of these streets and to sell the backyard lands to the city at \$1,200,000 or nearly three-quarters of the total cost, the company paying about one-fourth of the total cost of the lands. It is proposed contrary to my opinion to buy

these backyard lands and to hand them over to me for public park purposes. Hitherto I was under the impression that the Director of the Department of Parks and Public Property should first make the selection of any park or park sites.

The backyard area of these two blocks would amount to 228,300 square feet which at a cost of \$1,200,000 to the City would have to pay at the rate of \$5.25 per square foot for this backyard land. Within the past two years I have purchased the block which is now Hayes Park West, having a frontage on three streets at the rate of \$3.65 per square foot. If the City ever desired to sell this property it would have valuable frontage on three streets, if the city ever desired to sell the backyard property of the Prudential blocks it would not be able to get any price because the property would not have any frontage to speak of. These long narrow backyard strips shaded by two rows of buildings which would keep the sunlight out most of the time are to my mind most undesirable for public parks. They would be all right for the accommodation of the people who would live in the buildings to be erected but for the games that are played by children of all ages they would be entirely unsatisfactory, inadequate and undesirable in every respect and as Director of Parks I will, of course, have nothing to do with them under any circumstances or conditions.

We have already given the Third Ward one park and have purchased a strip of ground fronting on Belmont Avenue for another small park and public playground. This land, by the way, was purchased at the rate of \$2.29 per square foot. Compare that price with the backyard lands for which it is proposed to pay the Prudential \$5.25 per square foot. Another park and playground was requested by the people of the Third Ward. They wanted it in the vicinity of the Morton Street School where the greatest congestion exists and where the greatest number of children have to be cared for. The Prudential location is several blocks to the south of the Morton Street School. Even if the Prudential plan is accepted the Third Ward people will want a park

near Morton Street School. The City cannot afford to spend too much money in any district for this one purpose, necessary as it is I have been for months canvassing several blocks in the vicinity of the Morton Street School and I find that in the case of three or four of these blocks the majority of the owners are willing to sell at a reasonable price, but a large minority on each block want exorbitant prices. If the City is to purchase there the plan of course would be to buy from the ones who are reasonable and start condemnation against those who are unreasonable just as we did in the purchase of the Hayes Park West site. In this way and only in this way can the City go forward with all the great improvements now contemplated and keep within reasonable bounds. I am firmly convinced from my investigation that I can buy a block in the vicinity of the Morton Street School with four street frontages at a cost less than one-half the amount asked for the Prudential backyards line. This kind of a block would be a valuable asset to the City because it would have four street frontages and if ever necessary could be sold at a high price. Backyard lands are no asset and never bring any price.

Is it the purpose of the Commission to run my department against my consent? Would the Commission attempt to dictate the policies of the Mayor's Department against his consent? Would the Commission try to tell Director Egan, Director Murray or Director Howe what policies to pursue in their respective departments against their will, consent and judgment? If I say I do not want these backyard lands for parks that they are not suitable, is it proper for the Commission to force them on my department? If this is a philanthropic plan would it not be better for this great insurance company to take all the praise and glory for it and not have the taxpayers share in the cost. If the Prudential Insurance Company is going to do something for the people why does it not bear the whole cost. There are scores of other citizens who have built rows of houses in Newark and who have made housing con-

ditions better. These contractors and developers will build more rows of houses. Would they not have the same right to come in and ask the City to share in the cost of acquiring their grounds?

How can the Prudential people say in one breath that they are doing a big thing for Newark and in another breath ask the City to pay nearly three-quarters of the cost of the land they are purchasing for this housing plan. I am firmly convinced that Newark must now pause and take notice of these vast expenditures which may engulf us in a debt which we may not be able to shoulder. We are buying blocks and blocks of land for the Pennsylvania Railroad. We are rushing into millions of dollars for the acquisition of lands for the New State Highway along the Pennsylvania Railroad. We are rushing into millions of dollars for the acquisition of land for the building of the City Railway.

As an official, a citizen and a taxpayer I will oppose the purchase of the Prudential backyard land, in every way possible.

Mayor Congleton: May I ask Commissioner Gillen the block that you have in mind in other section of the Third Ward you contemplate taking all of the block—from street to street—I mean.

Commissioner Gillen: Right near the Morton Street School—within a block of the Morton Street School.

Mayor Congleton: Of course, we must keep in mind that there were two things to be accomplished in going forward with the Prudential and the scheme that is outlined in the contract. The Prudential Insurance Company attempted to acquire land in the congested sections of the Third Ward inhabited eighty-seven per cent by colored people. We must all view the situation as we find it. The proper housing of colored people in the City of Newark is a vital question before us all. We talk about good citizenship, yet there has been no real effort made to give the colored people proper living

conditions in order to assist them in becoming the citizens that we all want them to become. The Prudential endeavored to buy this land. If they took it all they could not accomplish one of the main purposes, to wit: Giving the colored people in that section proper living quarters at a low rental. And one of these entire blocks is to be set aside for colored people. I appreciate the financial situation quite as fully and as keenly as does Commissioner Gillen; and the one thing that appeals to me so strongly in this proposition is that the taxes that we will collect from the Prudential Insurance Company on the buildings that they will build upon the street frontage, will give us more taxes than we are now getting, and will, over the period of the life of the bonds, retire the bonds, meet all the interest during the period, and would give us over and above that two millions and a quarter at the present tax rate—\$2,299,000. Over that period that the bonds would be issued for, the City will collect more than what it will cost us out of taxes collected from the buildings that the Prudential will build.

With respect to these being long and narrow strips, I do not concede that 140 feet width is a narrow strip. Running through these two blocks we will have park land equivalent to the distance from Kinney Street on our south to the middle of the block between Green and Lafayette Street, and a width that is greater than the width of Broad Street from building line to building line right here in front of the City Hall; and I would ask all the officials and clerks that work on the front side of the City Hall in the summer time whether or not the sun gets in there. As one who has an office on the front side, I can say that it does very substantially. Most of the other matters that Commissioner Gillen has raised he set forth in a letter which he wrote to me on May 9th, and which I replied to shortly after returning to the office after having been home ill for a while, and I think I can set forth my side of this question best by reading the letter that I wrote to Commissioner Gillen, as he has practically read the substance of the one

that he wrote me. I said to the Commissioner under date of May 29th: "I do not share with you the opinion which you hold with regard to combining the proposed municipal Third Ward park and playground with the Prudential better-housing project in that congested districts, but, of course, we are all entitled to our separate opinions on a question of policy.

"Certainly we are establishing a precedent. It is an excellent one, in my judgment, and if other large interests, with the same humanitarian motives should undertake to improve our city and the condition of our less fortunate people on a broad scale, by acquiring entire blocks in congested districts, in which there exist unsanitary and dangerous housing conditions which are a menace to the health, safety, morals and welfare of the public, and erecting in their places light, airy, modern, healthful homes, I shall always stand ready to go along with them.

"I am, however, very much surprised at the attitude of resentment which you assume at this late day toward your colleagues who issued the recent statement. I cannot help but think that this is the result of an afterthought. If you have felt right along that your colleagues were usurping your powers, I cannot understand why you have kept silent all this while.

"You will recall, of course, that all of us took luncheon with Mr. Duffield and his associates on April 9th, a full month before you expressed the protest that others than yourself selected this proposed park site. At that conference, Mr. Duffield outlined to us the general plan, stating that the price of lands in the Third Ward was so high that it would be impossible for his company to proceed with its program, unless the city participated to the extent of purchasing the interior lands for park purposes. As I recall the proceedings, you remained silent both as to the cost of the lands and the proposition that you had not been designated to select the site. In fact, there was not a dissenting voice on the part of any Commissioner. It was agreed by us then

and there that Mr. Duffield should appear before the Board of Commissioners at the Regular meeting on Wednesday, April 23rd, and outline the matter fully for public consideration, which we did.

"Furthermore, you are recorded as endorsing the Prudential's proposition at the time of its presentation by Mr. Duffield at our April 23rd meeting. The minutes of that meeting, as reported by the official stenographer, show that you made no comment either way. Commissioner Brennan submitted a motion, seconded by Commissioner Murray, that the Commission endorse the proposition submitted by Mr. Duffield and that the Board be empowered to confer with the Prudential officials in relation to the project, and all five Commissioners, including yourself, voted in the affirmative on this motion.

"We next arranged to confer with Mr. Duffield and his associates at luncheon on April 25th, and while it is true that you did not attend this conference you had expected to as late as twelve o'clock on that day. Instead, you sent a letter to Mr. Duffield which was read to us in which you for the first time voiced your opposition to the project. If you will look over your letter again, you will find that the only reason you assigned for your opposition was your feeling that the agents of the Prudential were paying too high prices for the property. You did not then raise the question that your colleagues were attempting to usurp your powers.

"Recently, your colleagues issued a formal statement to the press endorsing the plan, which I submitted to you prior to its issuance. You did not sign it, but neither did you voice any protest as to our interfering in the matter of selecting a proposal park site.

"As a matter of fact, the selection of the site was not put up to the Board; that question had already been decided by the Company behind the project, long before it came to our attention. We were called upon to determine the question of policy as to whether the City would participate with the Prudential in the development of this improvement. It was purely a question of

policy and had nothing to do with the selection of any particular site. As to the advisability of the City's participation in this project there is, of course, room for a difference of opinion, and I respect your judgment in this matter, in the same way in which I hope you judge mine, but I do not feel that, holding the opinion which you now express, you should have sat by all this while without letting your colleagues know about it.

"In your letter you cited certain cost figures with the object of indicating that the Prudential agents were paying too high prices, but may I point out in the following comparisons the very significant fact that the prices quoted for the Prudential site are very much closer to the assessed valuation of the property than were the purchase prices of several park sites which you as Director of Parks and Public Property purchased for the city.

"The City paid \$85,000 for the Belmont Avenue site, four and one-half times its assessed valuation of \$18,000; we paid \$135,000 for the Waydell Street property, which is three and a half times its assessed valuation of \$37,700; we paid \$159,000 for Hayes Park North, which is three times its assessed valuation of \$52,800; and we acquired Hayes Park West for \$366,450, which is three times the assessed valuation of \$123,900.

"In comparison with the prices quoted above, may I draw your attention to the fact that the Prudential housing site is being acquired for approximately \$1,750,000, which is only two and one-third times the assessments on that property, which total \$745,200. Therefore, you can readily see that this property is being bought at considerably lower relative prices than those paid through your Department, if we may take the assessed valuation as a basis for comparison.

"So far as your reference to my objecting to your buying meadow lands to be added to the Port of Newark Development is concerned, I would say that I should consider it helpful if you could procure any of the remaining lands within our area, and there would

be no feeling on my part that you were encroaching on my prerogatives."

Commissioner Gillen: Your reference to the first meeting that was held: We were invited to a luncheon in the Prudential Building by Mr. Duffield, but we were led in there like lambs to the slaughter. We had no knowledge at all that the City was going to be asked to pay any part of this business. I dare say that in the beginning of this whole matter when Mr. Sinclair first came down before the Board and spoke about the Prudential taking up this housing plan, that there was no one in this city had in mind that the City would be asked to participate in the cost of this project, and I say that we should not participate in it. This Prudential Insurance Company either ought to go ahead with it itself or abandon it. If the Prudential Insurance Company or any other Company cannot put up these buildings and rent them at a reasonable price, the plan falls by itself. If the Prudential Insurance Company—I do not state the Prudential Insurance Company is quite unselfish in this matter—it is a great, big insurance company and it is the object of all life insurance companies to better living facilities and better sanitary conditions so the average life may be prolonged and the cost to them in paying death benefits will be less. Now, I have been in this City Hall for a good many years and I have never seen anything like this before. I have seen the Public Service come along and get us into different plans where we spent millions of dollars for their benefit; I have seen the Pennsylvania Railroad come along and do the same thing; and now come the Prudential Insurance Company, another great corporation with money galore, and they want the City to shell out some more millions. Now, I am wondering what will be the next corporation to call upon us for assistance. If they keep on that way you won't have enough money left in the city treasury to pave the streets with. That is my opinion. Again, the comparison of the values of lands purchased by me for park site and the lands proposed by the Prudential Insurance Company, there

cannot be any comparison along that line. It wouldn't make any difference if Hayes Park West was assessed at a mere thousand dollars, the fact remains still that the city is buying land and the only way you can compare prices is on a square-foot basis. How many square feet are we buying here and how many square feet could we buy there? If I bought land up at Hayes Park West for \$3.65 a square foot, and that with three street frontages, how can the Prudential Insurance Company ask the City to pay \$5.25 a square foot for backyard lands? You cannot call them anything but backyard lands. I cannot see the logic of that at all.

Mayor Congleton: I want to agree with Commissioner Gillen that the procedure is now, so far as the City of Newark is concerned as I recollect, but it is not new to the extent that he indicates, in my judgment, for this reason. You know they have legislation in New York which permits housing, and where the municipality contributes directly and very substantially; and the Prudential undoubtedly could go forward with this project and take all the land if we were willing to give them same exemption that is given in New York. I refer to people in New York under the Housing Act developing houses as the Prudential proposed to develop these, would be tax free for ten years. Here this property is taxed and it is out of the taxes that the Prudential will pay upon the land and buildings within the boundaries of these two particular blocks that will turn back to the City the price we pay for the land, plus the interest that it costs us during that period, and \$2,299,000 besides, based upon the present tax rate.

Commissioner Gillen: That won't relieve the rate for the next ten years, Mr. Mayor, not much. It is like the green hills, it is far away.

Commissioner Murray: I recall that meeting, Mr. Mayor. Mr. Duffield said the Prudential was capable of going ahead with the entire proposition itself, except that if there were no participation by the municipality they could

not set their rents at the low figure that it was their ambition to maintain in these premises, and that their concern was not so much on behalf of themselves as it was on behalf of those who would occupy the premises and would be able to live in sanitary modernized quarters, which would not be the case if the City did not participate.

Mayor Congleton: That is my recollection.

Commissioner Gillen: It is a question whether the Prudential wants five per cent. or four per cent. or three per cent.

Commissioner Murray: They are willing to take three and a half.

Commissioner Gillen: If it is a philanthropic institution doing this as a philanthropic move, they ought to do this for almost nothing, because after all the company will benefit because their purpose is to prolong the life of the citizens so their death claims won't be so large.

Commissioner Murray: As a matter of fact, the life insurance companies want the death rate high. The prudential cannot do this, representing the policy holders of the Company—

Commissioner Gillen: The Directors can decide on what profit they want from it. As I understand, the Metropolitan takes very small profit on its investments.

Commissioner Murray: Yes.

Mayor Congleton: They could have gone out in Irvington, out in the outlying districts which compare with Long Island, and buy vacant land; but when you go up in the Third Ward and buy land, every inch of which has buildings on it along the street frontages it costs a great deal more, and our line of taking will pass through practically every building on that property.

Commissioner Murray: They take land in the Twelfth Ward and they are developing that on precisely the same lines without asking any assistance, because the total cost involved was lower.

Mayor Congleton: And they expect to invite bids on the Ironbound District site during this month of September, and they being in a position where they can control the situation are going to limit bidders to Newark contractors; only Newark contractors will be invited to bid on this large construction work.

A communication dated August 26th from Rev. A. L. Martin, Pastor of St. John M. E. Church, relative to the purchase by the City of Church property at 107 Academy Street was received, read and on motion ordered referred to weekly conference of the Commission.

A communication dated August 27th from the Essex County Mosquito Extermination Commission, relative to the condition of Waverly Sewer, between State Highway 25 and Bound Creek, was received, read and on motion ordered referred to Mayor Congleton.

A communication dated September 1, 1930, from Thomas J. McEvoy, Regional Manager, U. S. Veterans Bureau, relative to the establishment of bus service to Somerset Hills, was received, read and on motion ordered referred to Mayor Congleton.

The following report of the City Treasurer was received and read:

#### **Department of Revenue and Finance**

Office of the City Treasurer

Newark, N. J.

September 2, 1930.

To the Honorable,

The Commissioners of the  
City of Newark, N. J.

Gentlemen:

In compliance with the Act of the Legislature entitled "A further supplement of the Act entitled 'An Act to amend and revise the Charter of the City of Newark, N. J., approved February 22nd, 1866,'" I herewith present a statement of the receipts and disbursements for the month of August, 1930:

## RECEIPTS

Cash on Hand—July 31, 1930	\$3,570,514.50
Rec'd from Comptroller—August	6,271,024.76
	\$9,841,539.26

## DISBURSEMENTS

By Warrant	\$3,741,103.59	
Without Warrant	1,838,853.42	5,579,957.01
Balance on hand—September 1, 1930		\$4,261,582.25

Respectfully yours,

John J. Sugrue,  
Acting City Treasurer.

Ordered filed.

The following report of the Comptroller was received and ordered filed.

John Howe,

Director of Revenue and Finance.

Ordered filed.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission today?

(No response).

Commissioner Howe moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
W. J. EGAN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

September 10, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of September 3rd were read and approved.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Angelo Piana, owner, for the construction of a four-family dwelling; premises 874 Clifton Avenue; the entire building to be covered by a gable roof;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
John F. Murray, Jr.

Mayor Congleton: Does anyone desire to be heard?

Commissioner Murray: Mr. Mayor, the attorney for this applicant stated that they are willing to put a stipulation in the granting of the permit for this building that they shall have a gabled roof on this instead of a flat roof, so as to remove the objection that the average four-family house is subject to. As long as he is willing to do that I do not think it will hurt the neighborhood a bit.

Mayor Congleton: Mr. Romaine, you have heard the situation as coming from the applicant—

Mr. F. L. Romaine, 864 Clifton Avenue: I still cannot see where in a zone of one and two family houses where a four-family tenement is permitted to be built. If so, what are our zoning laws for? It simply means that we who buy one and two family houses with that understanding might just as well not buy them. Rather poor policy to invest your money in a home if you are not protected.

Mayor Congleton: I feel somewhat the same way. They go in this single family and two family neighborhood—the whole location was zoned as that—and there is just one vacant lot, and I do not see why the people should be—they do not object to two families.

Mr. Howard Isherwood: There is a three-family on one side.

Mayor Congleton: Further down the street with the garages across the way.

Mr. Isherwood: Just north of this is this Hatch house, a two-family house, which I understand has three families in; and just the other side of this Hatch house are two other four-family houses. It is the last lot and it is going to be a high-type of house, all tile baths, all tile kitchens, and we put the gable on it so as to make it a high-class proposition.

Mayor Congleton: What good does the gable do the people on the rear street? You only put it on the front, don't you?

Mr. Isherwood: I saw one this morning down on Grafton Avenue which I thought was a very good proposition; and I think if a gable were put on that house similar to it it will really be a credit to the neighborhood. This house sets a way up on the embankment there; they cannot get any garages in there; they would have to build garages down in front.

Mayor Congleton: On grade with the houses on Ridge Street?

Mr. Isherwood: Yes.

Mayor Congleton: So if they merely put a gable on the front on Clifton Avenue, the people living in the nice houses on Ridge Street which they bought for their own homes, have got to look across at this thing all the time.

Commissioner Murray: I understand this is a gable from front to rear, not put up in front for an ornament; the entire roof is to be gabled.

Mr. Isherwood: Yes.

Commissioner Howe: If you are going to put that gable the entire way back I will vote for it, but if it is a flat roof in back I won't vote for it.

Mr. Romaine: Just camouflage in the front.

Mr. Isherwood: It is not the idea of camouflage; we are in this thing in good faith; we are not trying to fool anybody or put anything over at all.

Commissioner Howe: You cannot camouflage the thing or we will stop it.

Commissioner Murray: If you put a gable roof in front, that is camouflage; but your agreement is to make the entire—

Mr. Isherwood: This man is putting some money in it. We are not trying to put something over on the neighbors up there or upon the City Commission; we are not trying to fool anybody.

Commissioner Howe: I have inspected the property and I agree with you that it has so high an embankment that you could not put a one-family house and garage in there.

Mr. Romaine: That would be a pretty hard proposition.

Commissioner Howe: At the same time, we want to get all the ratables we can, but we must take into consideration the adjoining neighbors. Now, if instead of having that flat roof you would make it look like the rest, even though it is hollow all the way through, why, we would be willing to do it. It won't cost much more.

Mr. Isherwood: This applicant—

Mr. Romaine: I have been approached on this thing by three people outside of this proposition as to why I didn't just come down here and drop this thing this morning. I don't see any reason why the man—

Commissioner Howe: If they get what they want and utilize the ground, which they are not doing now, and at the same time satisfy the neighbors—

Mr. Isherwood: That is our attitude, to put the gable on the house, not one of those fake things, but a gable all the way across the house so it takes away the effect of the flat roof and of the four-family house.

Commissioner Howe: That is what we want to eliminate, and if he is willing to do that I will vote for it.

Commissioner Murray: The entire building to be covered by a gable roof.

Mr. Isherwood: All right.

Mayor Congleton: The resolution is moved as amended. All those in favor of the resolution concurring in the recommendation of the Board of Adjustment as amended, will say aye; opposed no.

The roll being called, the resolution was declared adopted by the following votes:

Ayes: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

Mr. Romaine: Well, there isn't much use in buying a home in a restricted district—at least in Newark.

Commissioner Howe: If they do that I cannot see any harm in it.

Mr. Romaine: There was a zoning law put there for that purpose.

Commissioner Howe: If they will put an alley between, what harm will be done?

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this board that it has approved, on appeal from the refusal of the Building Com-

missioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of John A. Cascella (Salvatore D'Auria, owner), for a miniature golf course; premises 351-357 Broad Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, on the following conditions:

- (1) That a substantial fence be erected three feet inside of property lines;
- (2) That lighting standards be not over ten feet high;
- (3) That all requirements of the License Bureau be complied with;
- (4) That no refreshment stands or other business be conducted on the premises;
- (5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

Mayor Congleton: Does anyone desire to be heard on this?

Mr. Frank Calabrese, Lefcourt Building: Mr. Mayor and Commissioners, I appeared before you last week on behalf of Mr. Cascella, and I have been instructed by you to remove the fence which was constructed on the building line and remove it three feet. The applicant has complied with your request, which request is in compliance with the Board of Adjustment.

Commissioner Egan: What is the purpose of having that corner blocked out away from the golf course?

Mr. Calabrese: That is a space reserved for Mr. D'Aurio who intends to construct a bank.

Mayor Congleton: We have heard that for several years.

Mr. Calabrese: He only secured his permit four weeks ago just before he signed up a lease with us, and that is the reason why we reserved that space for him for the erection of a bank.

Mayor Congleton: Your application for the miniature golf course is for the entire plot.

Mr. Calabrese: No, Mr. Mayor—

Mayor Congleton: Just look at the application.

Mr. Calabrese: We have a certain number of feet.

Mayor Congleton: No, you have not; you have taken in all the frontage and its entire depth in your application for a permit for a miniature golf course.

Mr. Calabrese: The application specifies a certain number of feet, if I am not mistaken—I might be wrong, 100 by 231. It is 50 by 100.

Mayor Congleton: You say now you are going to build a bank building there?

Mr. Calabrese: Yes.

Mayor Congleton: Why did you, when you were shifting your stuff—now, if you are going to build your bank building in here right away, why have you gone to the trouble and expense of shifting the little shack that you had down there to Clay Street and fixing it up for a boot-shine parlor and candies and soda water and cigars and cigarettes?

Mr. Calabrese: We have nothing to do with that; that is Mr. D'Aurio's property 50 by 135 which he has reserved for a bank. That is his property. We have nothing to do with that. We are not going to sell any candies, cigarettes or anything on the property which we reserved for the golf course.

Commissioner Murray: That isn't your place at all?

Mr. Calabrese: No.

Mayor Congleton: The application is for the entire plot and the Board of Adjustment granted the permit on the condition that there should be no other business conducted on that plot.

Mr. Calabrese: We will comply with that. We don't own that space you are speaking about, and if you want it removed I will request Mr. D'Aurio to remove it.

Mayor Congleton: I am not finding fault with the number of feet or about cutting out the corner, I am going on your application where you ask for a permit for the entire corner plot.

Mr. Calabrese: Mr. Mayor, we will amend that.

Commissioner Gillen: Do you want to modify that?

Mr. Calabrese: Yes, we do.

Mayor Congleton: The motion is to concur in the recommendation of the Board of Adjustment as amended. All in favor will say aye; opposed no.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Naye: Mayor Congleton.

The following communication was received and read:

**Board of Adjustment,  
City Hall,**

**Newark, New Jersey.**

**September 9, 1930.**

**The Board of Commissioners  
of the City of Newark.**

Honorable Sirs:

At a meeting of the Board of Adjustment held this day, resolutions were adopted granting the following applicants for variations from the requirements of the Zoning Ordinance, and recommending that your Honorable Body allow the structures and uses in question:

34 Hanover Street; Edward Gatti, owner; poultry market.

304 South 11th Street; Earnest F. Hornig, owner; 5 additional garages.

1112 South Orange Avenue; Huegel & Clark, owner; gasoline station.

1184-1188 Broad Street; Arthur F. Egner, owner; gasoline station.

27-37 Nineteenth Avenue; Mary A. McGlennon (Excelsior Realty Co., owner); miniature golf course.

16-18 Gotthardt Street; Pasquale Manzo, owner; poultry market.

191 Bloomfield Avenue; Joseph H. Singerling (Fannie Katz, owner); indoor miniature golf course.

384 Mulberry Street; Peter Gunne, owner; alteration of gasoline station.

504-506 High Street; Wm. Vorunlon (Lucy J. Picone, owner); miniature golf course.

351-365 Sixth Avenue; Weldon Roberts Rubber Co., owner; manufacture of rubber erasers.

260-262 Fifth Street; Thomas E. Stauder, owner; four additional garages.

625-627 Market Street; Ace Realty Co., owner; miniature golf course.

340 South 10th Street; Walter K. Jahn, owner; enlargement of existing store.

487 Raymond Boulevard; Herman Fresh, (Peter Gunne, owner); gasoline station.

285 Broad Street, (9-11 Clark Street; C. H. Vanderhoof, owner; 19 garages.

188-190 Stuyvesant Avenue; Vesant Corporation, owner; miniature golf course.

82 Wilson Avenue; Fred Knieriemen (Hensler Realty Co., owner); miniature golf course.

292-296 Clinton Place; Samuel D. Blumenfeld (Wm. H. Fischer, owner); miniature golf course;

54 Park Place; G. S. Ridner, Jr.,

(Market Construction Co., owner); indoor miniature golf course.

R. B. Rankin,

Secretary.

Commissioner Murray moved that the communication be received and laid over for two weeks and that a copy be furnished to each Commissioner.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundary line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundary line, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until September 24th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation or Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until October 8th.

The roll being called the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented "A Further Supplement to an ordinance entitled 'An ordinance to Establish the Names of Certain Streets in the City of Newark,'" and stated that today was the time fixed for hearing on the same.

Commissioner Howe moved that the ordinance be laid over until October 8th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented A Further Supplement to an ordinance entitled "An Ordinance to Establish the Names of Certain Streets in the City of Newark," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

A Further Supplement to an ordinance entitled "An Ordinance to Establish the Names of Certain Streets in the City of Newark."

The ordinance having been read three

times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance authorizing the issue of \$2,000,000.00 Temporary Loan Bonds on account of City Railway, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken upon on second reading:

An ordinance authorizing the issue of \$2,000,000.00 Temporary Loan Bonds on account of City Railway.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. In pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Million Dollars (\$2,000,000.00) for the purpose of temporarily financing the construction of the City Railway and is an improvement for which the City is authorized to issue bonds by the aforesaid act.

Section 2. Each of the Temporary Loan Bonds authorized by this ordinance amounting in the aggregate to Two Million Dollars (\$2,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six-per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this ordinance.

Section 3. The Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said Ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance authorizing the issue of \$2,000,000.00 of Temporary Loan Bonds on account of City Railway," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the issue of \$2,000,000.00 Temporary Loan Bonds on account of City Railway.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of an Un-Named Street 60 feet in width, running on a course about north 3° 20' west, as shown on the Map of the Commissioners to Lay Out Streets, Avenues and Squares, said Un-Named Street lying partly between Lockwood Street and Esther Street, the middle

line of said Un-Named Street intersecting the middle line of Lister Avenue at a point in the same distant 28.30 feet westerly from the intersection of the middle lines of Lockwood Street and Lister Avenue; said vacation to extend from the northerly line of Euclid Avenue about 1,700 feet northerly to the terminus of said Un-Named Street; excepting from such vacation all those parts of the above mentioned Un-Named Street lying within the limits of Esther Street, Lockwood Street, Albert Avenue and Lister Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an Un-Named Street 60 feet in width, running on a course about north 3° 20' west, as shown on the Map of Commissioners to Lay Out Streets, Avenues and Squares, said Un-Named Street lying partly between Lockwood Street and Esther Street, the middle line of said Un-Named Street intersecting the middle line of Lister Avenue at a point in the same distant 28.30 feet westerly from the intersection of the middle lines of Lockwood Street and Lister Avenue, as shown on a map prepared under the direction of this Board, which map is hereto attached, and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1405-V, dated August 19, 1930, shall be vacated as a public street or highway; said vacation to extend from the northerly line of Euclid Avenue about 1,700 feet northerly to the terminus of said Un-Named Street; excepting from such vacation all those parts of the above mentioned Un-Named Street lying within the limits of Esther Street, Lockwood Street, Albert Avenue and Lister Avenue.

Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordi-

nance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that October 1st, 1930, at 11 A. M. or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Court from Commerce Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Commerce Court from Commerce Street to Raymond Boulevard shall be graded, curbed, flagged, paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be dis-

turbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 9, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be assessed against the city at large, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriations and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements

thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that October 1st, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Charles P. Gillen  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on February 20, 1930, entered into agreement with the Town of Belleville and

others for construction of the Meadowbrook Sewer; and

WHEREAS, it is necessary that certain rights of way through private property be acquired for the course of said sewer; and

WHEREAS, under the terms of the agreement the City of Newark is to pay for and procure such rights of way in the City of Newark and the Town of Belleville is to do likewise; and

WHEREAS, an agreement has been reached with the property owners through whose lands said sewer will run, to wit, through land of Geraldo Maioran, who has agreed to accept \$500 for the right of way through his land, and with Andrea Maglio, who has also agreed to accept \$500 for the right of way through his lands, which lands lie both in the City of Newark and the Town of Belleville; and

WHEREAS, the Town of Belleville has agreed to pay one-half of the sum agreed upon in each case, which amount will be assessed in accordance with the terms of the said agreement;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the sum of \$500 is hereby appropriated to Geraldo Maioran for a right of way through lands described as follows:

BEGINNING at a point on the northerly line of Newark Avenue, which point is also on the center line of an existing culvert under Newark Avenue, and running westerly on the northerly line of Newark Avenue about 20 feet to a point on the northerly line of Newark Avenue; thence in a northerly direction about 835 feet to a point on the line of the portal of the existing culvert under the Morris Canal, which line is assumed to be the southerly property line of the Morris Canal property and to be right angles to the center line of the existing culvert; thence about 20 feet in an easterly direction to a point on the center line of the existing culvert under the Morris Canal; thence continuing in an easterly direction about 15 feet to a point, which point is on the assumed southerly line of the

Morris Canal property; thence about 839 feet in a southerly direction to a point on the northerly line of Newark Avenue; and thence finally about 15 feet in a westerly direction and along northerly line of Newark Avenue to the point or place of BEGINNING. This parcel being entirely in the City of Newark, 35 feet wide and comprising about 29295 square feet in area.

and,

BE IT FURTHER RESOLVED, that the sum of \$500 is hereby appropriated to Andrea Maglio for a right of way through lands described as follows

BEGINNING at a point on the northerly line of property of the Watchung Branch of the Erie Railroad Company, which point is also on the northerly end of the center line of the existing culvert under the Erie Railroad; thence in a westerly direction about 20 feet to a point on the northerly property line of the Erie Railroad Co.; thence about 376 feet in a northerly direction to a point on the southerly line of Watchung Avenue; thence in an easterly direction about 70 feet and along the southerly line of Watchung Avenue to a point; thence on a curve the radius of which is 190 feet, with the center point to the east about 105 feet in a southerly direction to a point, which point is the point of tangency between the curve and the next line of description; thence about 304 feet in a southerly direction to a point on the northerly line of the Erie Railroad Co; and thence finally about 10 feet in a westerly direction to a point or place of BEGINNING.

Being partly in the City of Newark and partly in the Town of Belleville, 30 feet wide and comprising about 13030 square feet of which 4650 square feet are in the City of Newark.

The aforesaid sums of money to be paid to said Maglio and Maioran upon the filing by them of their respective deeds, containing the lands above described, with the Acting Auditor of Accounts, which deeds shall be approved to form by the Law Department, the

conveyance to be made free and clear of all encumbrances except 1930 taxes, which are to be apportioned as of closing title.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication dated September 9th, 1930, from Leslie H. Jamounea, relative to increasing cost of general improvements was received and read.

Commissioner Egan: Mr. Mayor, I move the communication be received and referred to Commissioner Howe for study and to report to the Commissioners in conference.

Commissioner Murray: I should think it might be well to mention there the uncontrolled and uncontrollable depreciation of ratables by the depreciation in market value of securities owned by various insurance companies in this city, the reduction of \$29,000,000 in ratables. He doesn't give any credit for that. Put that in and it will change his figures materially.

Mayor Congleton: We do not admit that Irvington and East Orange have the problems we have here. We have to widen a lot of our streets for their accomodation.

Commissioner Howe: And every change we have made has been practically by request.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

RESOLVED, by the Board of Commissioners of the City of Newark that Charles R. Hardin, Esq., be and he is hereby appointed a member of the Board of Trustees of the Free Public Library for the unexpired term of Richard C. Jenkinson, deceased, in accordance with the resolution heretofore adopted by this Board.

JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

Newark, N. J., September 17, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Egan Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of September 10th were read and approved.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Jacob Hauser (Anna Moebus, owner) for a retail ice depot premises 32-34 North Munn Avenue; on condition that the depot is placed in the rear of the dwelling house; and that all requirements of the Department of Health be complied with;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton  
John Howe

Commissioner Murray: There is no objection to that provided he complies with the requirements of the Health Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

Department of Health  
City of Newark

September 10, 1930.

Mr. P. J. O'Toole, Jr., City Clerk,  
Newark, N. J.

From: Dr. Chas. V. Craster,,  
Health Officer.

Subject: Application for Ice Depot Permit.

Dear Mr. O'Toole,:-

We have investigated your communication concerning an application by Jacob Hauser, 32-34 North Munn Avenue for an ice depot, which after approval by the Board of Adjustment, was referred to this Department for an inspection and report.

We find that the proposed location of this ice depot, in the rear yard of above address, is too low to permit connecting with the house drain and cannot be properly connected to the sewer. While this is usually required, a dry cesspool to care for the waste water will be satisfactory to this Department.

Yours Very truly,

CHARLES V. CRASTER,  
M. D., D. P. H.  
Health Officer

Ordered filed.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Walter K. Jahn for the alteration and enlargement of an existing business; premises 340 South Tenth Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jno. F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Mayor Congleton: Mr. Jahn was before the conference yesterday and asked for a suspension of the rules.

Commissioner Egan: I so moved, Mr. Mayor.

Mayor Congleton: The motion is to suspend the rules.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Now the motion is to concur in the recommendation of the Board of Adjustment.

Commissioner Murray: I so move.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray; Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS this Commission by resolution dated January 15, 1930, approved the recommendation of the Board of Adjustment and granted the application of Charles F. Von Hof for the construction of a gasoline station on premises 343-353 Bloomfield Avenue; and

WHEREAS, the original plans have now been revised in a manner accept-

able to this Commission, therefore be it

RESOLVED: By the Board of Commissioners of the City of Newark, that the revised plans be approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit in accordance with said plans.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED: That Evelyn O'Donnell, whose names has been certified by the Civil Service Commission as eligible and she is hereby appointed as Clerk-Telephone Operator, Department of Public Affairs, Division of Water-Accounts, at a compensation of \$1,200.00 per annum, effective as of September 16, 1930.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: If there is no objection, we will suspend our regular order of business and take up the Prudential matter, as there are several persons here who have stated to me that they want to get away as promptly as they can.

The City Clerk presented An ordinance to authorize the acquirement of lands in the City of Newark, for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: This is the time that has been fixed for a public hearing upon this ordinance. I see Mr. Sinclair here. As he is, I might say, really the father of this project, I should like him to speak first, if he will.

Mr. Robert S. Sinclair, President, Essex County Park Commission: Mr. Mayor and City Commissioners, I am taking the privilege, in behalf of all fairness to the Prudential Company, of saying a few words to show that the Prudential Company did not seek this investment in housing and has no selfish purpose to serve. I may say so without fear of being charged with the vain assumption that I carried this proposition to the officials of the Prudential Company, having become convinced by observations and experience of the overwhelming necessity for better housing in this city. I found the officials of the Prudential Company sympathetic but not eager to undertake a project that was going to mean the creation of a new bureau in the company and the taking on of a vast amount of work in the administration of these properties, at the same time receiving no more financial return at best than could be obtained by the easy investment in bonds and mortgages.

Then, Mr. Mayor, I came to you and was deeply gratified by the enthusiasm with which you and your colleagues upon the City Commission received this proposition. That was followed by a conference between the City Commission and officials of the Prudential Company, in which you gentlemen urged the Prudential Company to undertake this housing project, which they finally agreed to do, providing that suitable and proper legislation could be secured to enable them to use their funds in this way, which you agreed to obtain and which you did.

The overwhelming need for better housing was evident. It is a responsibility that falls upon the city, but the city has neither the authority nor the money to undertake a project of that kind. Thank God that we have in this city an institution of large financial resources, whose officials have sufficient human sympathy to be willing to undertake at no little personal sacrifice a work of such substantial benefit to the city. The city is asked to invest a million and a quarter in the Third Ward project, and what does the city get for it in return? It gets the agreement of a thoroughly competent and financially able institution to do for the people of this city what the city should do and would do probably if it has the authority and the money to do it. It gets an agreement with this institution to make an initial start of three housing propositions with an ultimate investment of ten million dollars, and I fancy, too, that that probably would only be a start.

The city gets an area of land in the Third Ward that can be used for recreational purposes. It gets an additional return in taxes upon the improvements to be installed by the Prudential Company, which will return to the city its contribution of a million and a quarter, principal and interest, well within the time for which the city bonds shall be issued.

Now, I think that a broad-minded view of this project would be that if the city didn't get one foot of land it would be justified in making this contribution. I think, too, that probably a broad-minded view of it would be that the considerable area of land that the city

will need in the Third Ward might reasonably be looked upon as just so much velvet.

I want to say that the Prudential Company has not gone into this project upon the basis of pure altruism, as the Prudential Company is not permitted to use the money of its policy holders for charity, but I will say without the fear of contradiction that the Prudential Company has gone into this scheme in the spirit of altruism, in the spirit of a deep, broad sympathy, with the best interests of its home town and with an unselfishness which warrants it should earn the high regard of all the people of the City of Newark. (Applause).

Mayor Congleton: Now we will proceed with the hearing. In order that we may conduct it in an ordinary way, I shall ask those that want to speak in favor of the project to speak first. Then we shall hear from the others. Every one who desires to be heard will be given an opportunity.

Mr. Meyer Zemel, 826 South 13th Street: Gentlemen, before I start my speech I want to tell you that I represent Nathan Zemel's Sons, that is my brothers and myself—and we own in the Third Ward; at 95 Monmouth Street we have 18 tenants. At 32 Hillside Place we have 12 tenants. At 276 Prince Street we have 5 tenants. At 270 Prince Street we have 18 tenants. At 191 Prince Street we have 10 tenants. At 114-116 Prince Street we have 14 tenants. At 577 High Street we have 5 tenants. At 611 High Street we have 3 tenants. So I am very much interested in the welfare of the Third Ward. I want to assure you.

Now, gentlemen, if an epidemic breaks out with the farmer and he has trouble with the Japanese beetle or the corn borer or the boll-weevil, the government comes along and helps him in a financial way to eradicate the disease. I don't care—I don't tell you how much they spend, whether it is a hundred thousand or five million; they spend it and get rid of that disease. If the cattle raiser is annoyed with the hoof and mouth disease or anthrax or hog cholera, the government comes along and helps him. The

resources are unlimited. If we had in our community today a smallpox epidemic or a scarlet fever epidemic, or a diptheria epidemic, the City of Newark would not be small; it would spend all the money necessary to eradicate the disease. Out in the Third Ward we got a moral epidemic—a disease. The entire Third Ward has got a cancerous growth there. It is full of pus. Both the property and the residents, I am sorry to say, are infected with it. It can't be cured all at one time. It can't be done. It has got to take its course. Along comes the Prudential Insurance Company and says that they will try in their way to eradicate that disease. They come along and they go where angles fear to tread at this time. Do you know of anybody that is spending a thousand dollars for improvements up in the Third Ward at the present time? No, I don't think you know of anybody that is willing. Everybody up there is discouraged and disgusted. Conditions are rotten, but the Prudential Insurance Company has got plenty courage, and it don't do for us citizens or this Commission to discourage them. They are going to pour into it three million dollars. They are going to erect wonderful housing—dwellings. They are not going to put any stores into it—not for commercial purposes; for dwelling purposes.

If this proposed park that you are asked to pay \$1,200,000 for were not used for parks, just used so the children could play around where they would not be molested by the automobiles and the wagons and other traffic, where they could not be put to any danger of being killed, maimed or injured, wouldn't it be worth that \$1,200,000?

I don't know what some people think of. They try to discourage people like the Prudential Insurance Company from coming along, investing their money, making it easier for the entire city at large, because these taxes will go into the treasury. The Prudential Insurance Company will pay its portion of taxes. I don't know why you want to discourage people from building. I think you should want to help humanity.

It seems at the present time things up in the Third Ward are so bad that if your mortgage—that if you are in bad luck enough to have your mortgage called, there isn't a building and loan or bank of Newark that wants to handle the property. You simply have to let it go. "That is your hard luck," they tell you. Nobody wants to go up there. Here the Prudential wants to go up there and wants to restore the confidence up there, and they are actually being discouraged. Why, I don't know. If ever I heard of a corporation with a heart and soul and conscience, that is the Prudential Insurance Company. If they will do as they say, because after all they are going to help not alone the Third Ward; they help the city at large. The main question for the citizens of Newark to ponder over is, are they going to get a fair return on the money that they are asked to invest in this proposed park. And I say yes, because they are going to get it back in taxes on these new buildings, and in time it will pay for itself and the city will own those parks. They are going to be—somebody said that these parks are only going to be for those apartments. That is either misconstruing or a misstatement of the facts or somebody isn't telling the truth. From what I understand there is going to be five entrances to those parks—Montgomery Street 1, Spruce Street 2, Waverly Avenue 3, Somerset Street 4, and Barclay Street 5, and the public at large will be welcome there, so I can't see where they can use that for an argument.

Mayor Congleton: And in addition to the entrances at the end, Mr. Zemel, there will be some archways running through the side of the apartment houses for direct entrance to the park from the apartments and also for the public to go to, in addition to those at the end of the block.

Mr. Zemel: Very good. So much the better. I don't know that at this time it is fair to take up your time much longer, but we being heavily interested, I would urge this entire Commission to vote favorably upon this Prudential proposition.

Gentlemen, I thank you. (Applause).

Mr. Chester I. Bernard, 540 Broad Street: Mr. Mayor, and gentlemen of the Commission, I am here today at the initial request of Colonel D'Olier of the Prudential under an agreement that I would not speak on behalf of the Prudential Insurance Company. I say that because since the time that this project started I was elected to the Board of the Prudential and immediately put on this housing commission dealing with this subject, so that I have some of the detailed knowledge of the project and its background. I come here primarily because I am interested in many other activities in this city. I don't like to appear to be personal, but whatever value there is to my comments depends up the position that I take in several requests. One is my principal business connection is that of a large taxpayer in the City of Newark—the telephone company. I am not speaking on behalf of the telephone company—it makes no practical difference—although it is fundamentally interested in where the money goes for taxes, in appearing for or against any project involving municipal or any other governmental expenditures.

I am also on the North Jersey Regional Commission, which is very much concerned with the situation of the City of Newark in relation to the towns of this general North Jersey community and to all of the factors involved in that relation.

My friends managed to push me a few months ago on the Board of the Welfare Federation of Newark, and they have succeeded in taking all my time considering the sum of the conditions relating to welfare and to the health of the people in this city, so I think I know something about that.

I spend considerable time considering the general interests of this city, as a director of the Chamber of Commerce of Newark, and I speak from the standpoint of not only the Prudential and the taxpayers and the Welfare Federation and the general commercial interests and the general organization of governmental activi-

ties, but also as a citizen who is interested in progress.

Now, when this project was first broached I was not connected with the Prudential, and I threw up my hands with considerable pleasure that at last the city had been able to find some commercial institution with the resources, possessed of a frame of mind and point of view that prompted them to use some of its resources in the direction of progress, instead of being conservative, naturally, and always in the interests of safety of the dollar, and I was amazed that it would be the Prudential Company, whose policies always have been governed by the sense of trusteeship which is involved in investing funds of people who pay money on insurance policies. I was amazed that it rather than someone else should do it; but who else is there in this city that can do it? Who else is big enough to take up an operation of this kind? The utility cannot do it, because they are borrowers; they are not investors. They are always out seeking the loan of moneys. There is no other institution of large resources that could be permitted to do it or can probably do it. The banks can't. I know of no one else that can do it. So I said that at last in this age when we ought to be able to get some enlightenment, here is somebody that can and is willing to go into this area and do what is necessary to be done there, without an eye purely to profit. That ought to be done and could only be done at all on this basis, because the possibility of profit in the ordinary operation of competitive real estate transactions for this class of people does not permit anyone to go into it on a strictly commercial basis.

Now, so far as the City of Newark is concerned, it seems to me that you have got to give some consideration to how the development of the city is going to go if something isn't done to clear up the deteriorated areas of the city. You really have reached the point where a large part of the so-called better class of people, which means the people who have the better class of incomes, is outside the city, with no possibility at the present time of getting Newark consolidated with

those areas. That process continuing indefinitely will mean that there will remain in the City of Newark nothing but the dregs. If something is not done to lift that condition from the dregs to one of self-respecting decency, the City of Newark is bound to suffer by it, because most of these areas that are dilapidated and deteriorating will not be available for the better kinds of business, nor will they attract a better class of inhabitants, and they are not well enough located with regard to transportation lines to permit their development for manufacturing purposes, and it seems to me that the City of Newark has a vital interest, from the standpoint of development of its home resources, in taking care of this situation, if it can find anybody who is willing to cooperate experimentally in doing something about it.

Now, to the extent that nothing is done about this thing, the city is going to pay out from its taxes, as it is now doing, very liberally for the relief and the police protection of this area. You take it at a time like this, when the city is caring for a great many people, the load that the city is carrying on ordinary social relief is pretty nearly ninety-five per cent of what is going to be spent in this city. As the burden goes up the city is going to pay more and more of that money, which comes out of the pockets of the taxpayers, so anything that is in alleviation of that condition tends to cut down the bill that the city has to pay for the same sort of people unable to take care of themselves properly.

Now, it makes no difference to me whether somebody makes a profit out of a transaction that does some good. I would very much prefer a situation under which somebody goes into this area and develops it and builds it up and makes a reasonable profit from it, as long as it does good and alleviates the conditions there. As the situation seems to me, it does not seem to attract any large group of people to become interested, until somebody shows the way, in investing money on such a prospect as there is before them at the present time; but, although it makes no difference to me, it does make a big difference to so

many people whether somebody can make a profit out of this kind of transaction.

I am sufficiently informed of the affairs of the Prudential Insurance Company to assure you that they can't make any profit, for the maximum that the Prudential can get by going into a proposition where they cannot, under the law and under the contract with the City Commission, realize more than the maximum, is no greater than they could ordinarily earn and make in a normal situation, with greater security and without any risk whatever, in the investment of their funds. I can assure you that they are the people that stand to lose if the project does not work out properly. The limit that they can get is six per cent, but if by reason of cost or by reason of other factors which have not been properly appraised they can only get three per cent, the Prudential is going to take the loss. In other words, it runs the risk without making any profit.

Now, I know, and others of you know that the Prudential Insurance Company makes an investment most weeks, as a current matter, a minimum of money which is now equal to all the money in connection with this housing relief.

I have one more word to say in support of this proposition. At a time like this I hope that no technicality nor any narrowness of point of view can possibly interfere with the continuance of a project involving construction which will give employment to the people in this city. About ninety per cent of the talk that we hear about giving jobs to people is pure bunk. You can't give jobs to people if there is no work. You can't provide work if there is no money. You can't get money unless people who have the money are willing to support you. If a project of this kind is held up on any basis whatever, it is exactly the thing which all the citizens and the taxpayers of Newark, and the city of itself, do not want. Practical relief of unemployment comes from what the Prudential Company is able to do under this project at the present time, and it is practically the only concern in this city

at the present day that is able to do anything really constructive about the situation, and I think it deserves all the support that can be given it.

Mr. Arthur E. Barlow, President, Newark Chamber of Commerce, 24 Branford Place: Gentlemen of the Commission, I want to say a few words in behalf of the Chamber of Commerce. The Chamber of Commerce has a Board of Directors which have considered this matter very carefully and they have appointed a special committee to look into the merits of this housing question. This special committee has taken some time. They have gone into the matter as carefully as it is possible to be done and they have come to the conclusion that the whole project is something which deserves the unqualified support of every member of the commission and every citizen of Newark. My enthusiasm for this project is not to be gauged by my brevity; I do not intend to take much time. I want to say just one or two words before asking our executive vice-president to read the report of the committee.

In the first place, we want to not only approve of the project as a whole, but we wish to commend you, sir, and the members of the Prudential for having evolved this workable plan, which will be a milestone in the progress of Newark. We are about to reap a golden opportunity, which, I think, we shall not pass over. It would be a pity to let any specious arguments or objections stop this great work.

I am asking the executive vice-president, Mr. Wollmuth, to read the report of the committee, and then, if it is your pleasure, I will ask the chairman of the committee, Mr. Young, and Mr. Adams, also a member, to give their views. (Applause).

Mr. E. W. Wollmuth, Executive Vice President of the Chamber of Commerce then read the following communication:

**Chamber of Commerce of the  
City of Newark, N. J.**

September 17, 1930.

To the Honorable,

The Board of Commissioners  
of the City of Newark, N. J.

Gentlemen:

The Board of Directors of the Chamber of Commerce of the City of Newark, N. J., appointed a Special Committee to inquire into and determine the facts with regard to the Prudential Insurance Company's housing project in the City of Newark, and to report back to the Chamber's Executive Committee.

The Executive Committee has met and after full consideration of every phase of the situation, unqualifiedly endorses the Board of Commissioners' action in the premises.

Before setting forth the reasons in support of the endorsement by the Chamber of Commerce, it should be borne in mind that the project in question was not initiated by the Prudential Insurance Company, but by reason of the splendid foresight of our municipal officials and the presentation of the problem in all of its economics and social phases, the Insurance Company agreed to carry forward the housing program after the necessary legislation had been enacted into law. This legislation, Chapter 201, Laws of 1929, was prepared by our municipal officials and was supported by the Chamber of Commerce at the public hearing held thereon.

The reasons for the Chamber's endorsement of the subject enterprise are set forth briefly as follows:

1. As an industrial city, Newark requires housing facilities not heretofore available, but which will be made available under the proposed housing plans.

2. It is recognized that under the law, no corporate funds can be used for a philanthropic housing plan, although in effect the building of low rental houses is in itself an important contribution in the solving of some phases of a social problem usually present in highly congested areas.

3. The city is committed to providing park areas in the congested

sections of our city and by co-operating with the Prudential Insurance Company in the Third Ward Plan, it will make possible the creation of a park over one-quarter of a mile in length and 140 ft. in width, and at the same time enable the Prudential Insurance Company to build living quarters of a character that will make possible low rentals for those whose wage schedule is low, as contemplated in the law, Chapter 201.

4. The land to be used as a park is wider than the widest part of Broad Street. A visualization of Broad Street at its widest part will give a good idea as to the area of the proposed park.

5. It will be a long step toward slum clearance.

6. The fact that two blocks will be converted into fireproof buildings will have the effect of eliminating present fire hazards.

7. It is generally conceded that the influence of better housing will have a very important bearing upon the police problem.

8. It is recognized that unlike New York State, New Jersey does not permit of any tax exemption in housing projects; in consequence of which, resort must be had to private financing and in the instant case, municipal cooperation in order to bring about improvement in housing conditions in our most congested district.

9. It is believed that the Third Ward Housing Plan will have a beneficial influence upon surrounding property, which should eventually bring a larger tax return.

10. At present the city collects \$29,360 on the assessed valuation of the two blocks. Under the proposed housing program the Prudential would produce tax ratables of approximately \$2,500,000, from which the city would receive at the present rate of taxation, the sum of \$98,500 per annum, or an increase per annum of a little over \$69,000. The first year's interest

charge at 4% on the \$1,200,000 bond issue would be \$48,000, which together with the amortization of \$25,000 per annum, makes a total charge to the city of \$73,000 as against which it would receive in taxes from the Prudential Company, \$98,500 per annum, using the present tax rate of \$3.94. These figures have nothing to do with the other housing projects—Frelinghuysen Avenue and in the Ironbound District, from which the city will receive increased taxes as compared with what it now receives. The city will be able to carry the proposed bond issue without additional taxation.

11. Note has been made of the law, that the Board of City Commissioners may determine the rentals to be charged to the Prudential Insurance Company, said rentals to be such as to limit the return to the Insurance Company not to exceed six per cent.

12. All together, the Prudential Insurance Company will invest an amount approximating \$10,000,000 providing better housing facilities in Newark for about 7,000 people, most of whom now live in all kinds of inadequate, squalid, unsatisfactory, and in some instances, totally unfit places for human habitation.

It is recognized that there is an urgent need for an adequate supply of low cost housing. Newark's problem in this respect is made difficult by reason of high land cost. This very fact makes it necessary to recognize the desirability of the policy of cooperation which the Board of City Commissioners has recently subscribed to, whereby it proposes to issue bonds to the extent of \$1,200,000 dedicated to the purchase of an area to be developed as an interior block park. We urge the enactment of the pending ordinance now before your Honorable Board.

Respectfully submitted on behalf of the Board of Directors of the Chamber of Commerce of the City of Newark, N. J., by

Very truly yours,

Arthur E. Barlow,  
President.

Ordered filed.

Commissioner Gillen: Mr. Mayor, might I ask a question of Mr. Wollmuth?

Mayor Congleton: Yes, if Mr. Wollmuth is willing.

Mr. Wollmuth: Oh, certainly.

Commissioner Gillen: Assuming that there is no difference of opinion as to the great need of better housing facilities in Newark, then comes the question of financing. Inasmuch as the Prudential has agreed to go into this plan. You have been somewhat familiar with this plan from its inception, haven't you?

Mr. Wollmuth: Yes, I think I have a pretty good idea of it, yes.

Commissioner Gillen: In the beginning and up to recently did you ever know that the city was going to participate financially in this enterprise?

Mr. Wollmuth: I wasn't in on the conference either from the beginning or in the middle of it, but at the end of the conference.

Commissioner Gillen: Has there ever been any hint given in public or in the newspapers or has there even been the slightest notice to the citizens or the taxpayers that the city was going to participate in the cost, until recently, until the recent conferences?

Mr. Wollmuth: I guess everybody knows that in vast projects all kinds of unforeseen difficulties and conditions might arise. In this instance the pledge to finance the project in a manner that would permit financing of low rentals, as was stipulated in the law, did not as to the means, but rather that the low rentals must be such so as to make the housing available for the wage earners who are employed in the fields of the lowest earnings.

Commissioner Gillen: Was it your impression in the beginning that the Prudential was going to do this itself?

Mr. Wollmuth: It was my impression—not my impression, but the

knowledge was public that the Prudential Company was going to engage in the construction of tenements, but that certain legislation would have to be worked out before they could proceed with it, and after that the consideration of space, which of course lay within the jurisdiction of the Prudential Company, since they were going to invest their funds in it.

Commissioner Gillen: But you had no knowledge as to the city's going to participate in the cost of it?

Mr. Wollmuth: No, not in the initial stages.

Commissioner Gillen: There was nothing before the Legislature providing for that?

Mr. Wollmuth: No, the law does not cover the question of participation by the city at all.

Commissioner Gillen: Legislation was enacted to authorize the Prudential to go into such a project, but there wasn't a thing done to authorize the city to do anything.

Mr. Wollmuth: At that time I do not think that there was any idea as to what would be the cost involved in this housing project. I remember the legislation very well. A law had to be set up to enable the city and the Insurance Company to proceed along the lines outlined by the Prudential.

Commissioner Gillen: To build a lot of houses isn't a very serious problem.

Mr. Wollmuth: It is not a serious problem.

Commissioner Gillen: It is easy. They are building all the time—the private builders.

Mr. Wollmuth: I don't see anybody putting up any buildings at these low rentals.

Commissioner Gillen: What I want to find out is whether the people had any knowledge that the city was going to participate in the cost, until very recently.

Mayor Congleton: They have since April.

Mr. Wollmuth: About April 23rd. I think it was on April 23rd that Mr. Duffield appeared before your honorable body and pointed out the difficulties of the situation with respect to the Third Ward District, which everybody knows requires housing of this character more than any other district in this city.

Commissioner Gillen: There is no disagreement on that.

Mr. Wollmuth: No there is no disagreement on that, and that is where the people first got this idea that it would be necessary for the Prudential to do the obvious thing, and that was to call upon the city for cooperation. Where else could we go? Where else could anyone go except to the City Commission and ask for financial cooperation of the city; and then, of course, the other point arises as to the program of the Board of City Commissioners with respect to providing ample park space and to open up the space as far as possible in congested areas, in addition to the need for better housing facilities. I think the city has been very wise in the development of park spaces. Then, as Mr. Barlow stated a golden opportunity is presented to carry out that program just one step further, and we have reached the point in municipal benefit where we recognize more and more that certain problems are perhaps the most important things that we have got to contend with. I have read an article by the Honorable Alfred E. Smith in a current magazine which points out most clearly that the time has come when it is no longer possible for municipal officials, business men, and organizations, commercial and otherwise, to ignore the problem. We have got to take this thing in hand and do something about it, that the individual can't do it, that the thing has got to be done either by the municipalities, by large corporate aggregations, or by municipalities with corporate aid.

Commissioner Gillen: That is quite correct, but insurance companies have done this thing before you know.

Mr. Wollmuth: Yes, I know that.

Commissioner Gillen: And did they

do it with an entirely unselfish and altruistic motive?

Mr. Wollmuth: Well, I don't know about that.

Commissioner Gillen: Haven't statements been made that, for instance, the Metropolitan Life Insurance Company went into the better housing proposition and built a lot of houses over in Brooklyn?

Mayor Congleton: On vacant land that had not as yet come into development.

Commissioner Gillen: Let me finish. Then they made the statement that it was done to promote the health and welfare of the people, so that those who were insured in these companies would be a better risk.

Mr. Wollmuth: Well, there are all kinds of considerations that enter into a large project, and I would say that in our case here—I don't know this to be so; this is my own view—that if it would have been possible for the Prudential Insurance Company to acquire property more cheaply up in the Third Ward, which has been so well described by Mr. Zemel as a very cancerous situation in our social fabric, that of course the Prudential Insurance Company would have been glad to have done there just as they have done in the Ironbound District or in the Frelinghuysen Avenue district, but a condition has arisen which makes it necessary for the city to cooperate. All the social workers and the people having to do with this body, including your honorable body, recognize these conditions. These conditions have brought forth several questions. One is, shall the city in this instance accept this fine opportunity to alleviate conditions up there or is it going to let it go by?

Commissioner Gillen: Do I understand you to mean that if the city does not accept this the thing will fall?

Mr. Wollmuth: I do not speak for the Prudential and I can't say what they will do, but—

Commissioner Gillen: Why don't we speak along logical lines?

Mr. Wollmuth: No doubt if the city did not accept it the Prudential might have to let it go by.

Commissioner Howe: I can answer that for you. At the conference they said that if they had to purchase the property on the hill, in the Third Ward, at the prices asked they would be unable to go through with the proposition, because the law would not permit them to accept more than six per cent on their outlay, and therefore they could not do it.

Mayor Congleton: The rents would be so high that it would defeat the purpose of such a project.

Commissioner Howe: But that does not affect the other two projects—the one on Frelinghuysen Avenue and the one in the Ironbound district.

Commissioner Gillen: What would be done if the Prudential lost money on the project?

Commissioner Howe: That is their funeral.

Mr. Wollmuth: I don't know.

Commissioner Murray: Mr. Mayor, in the original instance the Prudential Insurance Company did not know where it was going to put these housing improvements, and I was asked through the Department of Public Health to have the inspectors of the Health Department indicate to the Prudential the places where the conditions were worse and where the relief was most urgent. A map was prepared by the entire staff of the Department of Public Health, indicating the areas in which this work should be done if it were going to be done, and this is what happened to be the capital spot. It was chosen by the Health Inspectors as the point in Newark at which relief in Newark should first be granted if it was going to be done.

Commissioner Gillen: Did the Company then tell you that the City was going to participate in the financing?

Commissioner Murray: At that time no, but in April and before that at the conferences, it was made very clear that the only reason they wanted help was that they might keep the rent

schedule low. They did not say that they could not go through with it but they did say that they could not go through with it and give these people the low rentals which their circumstances in life demanded, at the cost which appeared to the Prudential was necessary at that time. They did not say that with respect to the other two blocks. We get the same benefits in the other two parcels as we do here, but without the aid of the City.

Mayor Congleton: Might I say here that very early in the negotiations by the Prudential to acquire a site in the Third Ward they informed me that the prices were so high that they could not proceed and give rents that the people they were building for, to which the colored people in that section, could pay. I in turn reported that back at a conference with my colleagues and suggested a way out, which was that the City take the remaining tract for park purposes, which would make it possible for the Prudential to acquire the balance of the plots and build the houses at a cost which would permit them to rent the apartments to the colored people of the Third Ward at a rent which it was thought they could pay, and I was told to go back and negotiate further with the Prudential along that line.

Mr. Percy S. Young, 80 Park Place. I am appearing here as a private citizen and as Chairman of the Special Committee of the Chamber of Commerce appointed to consider this matter. I would be very glad to listen to comments of the Commissioners, but nothing has been said by them which was not public knowledge for a number of months. In fact, this whole question has been public property for many months. The Committee of which I am chairman has endeavored to study this proposition from the social, economic, and financial standpoint. It is a matter of common knowledge that proper housing goes to the bottom of civic improvement. It is also a matter of common knowledge that there is no more difficult question and no more difficult problem to solve anywhere.

The proposal as the committee studied it seemed to be more and more desir-

able as we studied it. On the one hand you have a responsible corporation ready to invest ten million of dollars on the basis which gives to them a limited return under the law. It would seem evident that in the one unit, we will call it, out of the three, that seems to be creating more comment than the others, it seems to be necessary in the judgment of the committee that some such arrangement as has been talked about could be made.

Not to take your time further, I wish to say that the special committee appointed by the executive committee of the Chamber of Commerce unanimously endorsed the action of the Commission.

Commissioner Gillen: Mr. Young, you represent a large corporation of Newark, don't you?

Mr. Young: Not before this Commission at this time.

Commissioner Gillen: I mean, you are with the Public Service corporation.

Mr. Young: I represent my personal view of this situation.

Commissioner Gillen: I would not hold that against you.

Mr. Young: I am a responsible officer of the Public Service Corporation; that is true.

Commissioner Gillen: Thank you.

Mr. Barnard: I have to go now, but I do not want to run away without being asked any questions that the Commissioners may see fit to ask.

Mayor Congleton: I haven't any to ask you, Mr. Barnard. Have any of the other Commissioners any questions to ask?

(No answer).

Mr. Russell V. Adams, 24 Commerce Street.

Mr. Mayor and Commissioners and gentlemen, I am a member of the executive committee of the Chamber of Commerce, and I want to speak to you as a dealer in municipal bonds and particularly in the City of Newark for

over twenty-five years. I have viewed with quite some satisfaction that this is the first time that the City and County in acquiring land for parks, and in acquiring that land received from it some revenue. In other words, by the taking of land in this dual capacity the City itself will receive some revenue because of the housing proposition that goes with it. Heretofore when the City has acquired parks the only benefit has been the indirect benefit of the adjacent rising in value—adjacent to that park, but here it seems to me is a direct benefit from that housing proposition to the City to help pay the interest and principal on the bonds, which is my business.

That is all, Mr. Mayor.

Commissioner Gillen: Mr. Adams, may I ask you a question? The City is now deriving taxes from this property, is it not?

Mr. Adams: Yes, sir, I believe there is \$29,000, and by this proposition the Prudential will pay \$98,000, from the increased value the Prudential will put into this thing in the way of buildings of the houses for the low-grade wage earners.

Mr. Charles B. Johnes, 42 Bleeker Street, care of Social Service Bureau.

I want to say just a word on behalf of the Social Service in relation to this matter. I think the subject has been so sufficiently covered that I will take very little time. I do feel that this move that is being made is a move for help in the line of improving the housing conditions not in this particular case, but the influence of this will be broad and general in the city. We of the Social Service Bureau, whose job is rebuilding and revivifying families who are in all sorts of difficulties know how important housing matters are, and the question, it seems to me, that is involved here more than anything else is the question of the ability of the Prudential to produce these buildings at such a price that the rents will be small enough to meet the conditions that are found in the Third Ward. It is a Negro section. Our negroes are hired very irregularly. Their salaries are smaller on the average than anybody else's. Social

economists tell us that a man should not pay more than a quarter of his income for rent, and these men on an average, giving them full credit, do not get more than a hundred dollars a month, and rents are the important factors—the amount of rent—and if the City can see its way clear to buy this park property and make these rents cheaper, that is the point that the Social Service Bureau is more interested in than anything else. We certainly commend this move. I would like to have a word from the Secretary of the Social Service Bureau on the social conditions in that district.

Edward L. Parker, care of Social Service Bureau, 42 Bleeker Street:

It is my duty, Mayor Congleton, to be pretty familiar with the social conditions in the Third Ward. I am in constant touch with our welfare workers who visit in those homes and I am in frequent contact with Mr. Bayer of the Urban League, and similar organizations, doing social welfare work in that community. As I see the situation it simply boils down to one single point, which Mr. Johnes has stated. Will the Prudential have a fair fighting chance to serve the people who most need better housing conditions? I am convinced, as Mr. Johnes says, that housing, recreation, and employment are the three cancerous growths that work in the Third Ward. If men cannot work regularly, if they cannot live with their families in decent homes, and if they cannot have a fair opportunity to a wholesome and a respectable form of pleasure seeking, they will inevitably get into trouble. Either one of these three requisites for the insurance of good citizenship exists to the degree that good citizens want in Newark—that is, in this district in the Third Ward. I believe that the Prudential has taken, as the other speakers before me state it better than I can, the first progressive step along this direction. I would like to close with one thought: Some years ago a philanthropic institution with a commercial background, in New York City, undertook a very fine housing scheme. They laid out elaborate plans to serve the so-called white-collar group around New York City, whom they felt were having a pretty hard time to meet the

high cost of living. The overhead charge and expense of that undertaking proved so great an effort to serve one group, of necessity, had to be shifted until it served a much wealthier group very much less in need of assistance and help. Now, I take it that this plan of the City to bear a portion of the initial cost is one which will tend to prevent the same error being made here in Newark that was made around New York, and to me the kernel and substance of the whole matter is the particular point of keeping the cost low, and I can tell you as a social worker that if these rents are raised high and if the cost is very much more, the social need which is the basis and foundation of the present unrest in that district will be defeated. (Applause).

Mayor Congleton: Does anyone else desire to be heard in favor of it?

Mr. David Holdberg, 66 Waverly Avenue: Worthy Commissioners, taxpayers of the City of Newark: I have been looking forward for this opportunity of this meeting to come before you and lay down my point of view as a taxpayer and a citizen of the City of Newark, in reference to the development of the Third Ward District. I happen to be one of those citizens that are grown up in this slum that you call in the Third Ward. I lived there for thirty-two years; I live there today. I am facing the development property of the Prudential building today. I am bringing up three strong, healthy boys to be citizens, in the Third Ward, today, that slums that you call, which I heard that the Chamber of Commerce and also other interested persons here are trying to help us clean it up. There is no matter; a case like that it should be accepted, but it seems to me, gentlemen, that between the doctor and the nurse the child is going to be born without a nose or without a head.

If you want to listen to this, gentlemen. Gentlemen, Commissioners, when we picked you on election day we picked you out of over half million citizens of Newark. We realized that you are the best business people, reliable, that we can place our metropolitan city into your hands to run. We felt that way

and we feel it until today, and while we hope that you are not going to make a mistake about that. What happens? Come to the point now. About six months ago the Prudential Company came into the Third Ward to buy a tract of ground for the development of better houses. Fine. Who don't want better bread and butter and roast chicken and good glass of wine or beer? Everybody wants that. It looked wonderful to our people that we have property in the Third Ward. The Prudential people is going to clean up the slums. Mayor Congleton that it was told to him directly that these houses was going to be built for the colored people. It was told to me indirectly, Mayor Congleton, that it was going to be built for the white people and the colored people driven out of that Third Ward—indirectly, but as a taxpayer and a citizen of the Third Ward I can make that statement just as well. What happened later on? The Prudential came around and asked us for an option on our property. They asked me for an option on my property. Naturally we gave it to them. The Third Ward Improvement Association came to them and said, "Gentlemen, you are doing a wonderful thing. You are coming into our ward to improve it. We are willing to help you. What can we do? We can go direct to those property owners. We know them. We grew up with them and we know the way of getting around them and we can bring you the bacon with one-half the amount which you are going to pay for it."

What did I hear after the committee came to the Prudential people? In the newspapers they answered them, "Stay back; we can handle this proposition ourselves. We are experienced." The whole trouble is that the man who has too much experience takes too big a risk, and that is the man that makes the biggest mistakes. I am sorry to say that the Prudential people, an organization of that kind in the City of Newark controlling more than a million of business, should make such a big mistake as it is making today and then come around and say, "Here, gentlemen, we made a mistake. You pay a million and two hundred thousand dollars to help us in that proposition."

When my children ask me, "papa, what is going to be across the street?" I said, "Beautiful houses, nice living quarters, very fine, maybe a playground in the center, maybe some other development."

Afterwards, two weeks ago, I read and I saw Commissioner Gillen's picture on the front of the Star-Eagle, I am absolutely opposed. Unfortunately, I must be in favor of Commissioner Gillen today, because after all, Commissioner Gillen is an experienced man of backyard problems and gave us plenty of backyards in the Third Ward and no doubt he seen the mistake that he made and figured out and he seen that another mistake is going to be made and he wants to put his foot on it, and we are with him.

Gentlemen, we have in the Third Ward, that you may say, a shirt full of holes. One patch here and one patch there it not going to solve the question, no question about it. We need a new shirt, but we can't come down to you and ask you for \$5,000,000 and give it to us. We came to Commissioner Gillen before election, in his office, and we said, "Commissioner Gillen, something must be done in the Third Ward in order to improve it." These two blocks were pointed out to Commissioner Gillen in his office, that it can be well bought, which will be to turn it into a park where the other properties can be bought to be turned into and be developed for the benefit of the City entirely. Commissioner Gillen is right here. He can tell you. He said, "Yes, boys, go ahead with the work. Continue with the work. It will be very fine."

Before we could continue the Prudential came in and bid us out. That is not all. We have too much of backyard problems in the Third Ward, absolutely, but you can't help us with backyard problems. If you are going to give the Third Ward what is going to benefit us, good and well. You gave us a backyard. I don't think it helps us a bit. The backyard of the railroad here on Eighteenth Avenue is a block it didn't appreciate. The backyard that they are giving us in Livingston Street—a junk shop in the back and a cemetery of automobiles—is not going to help the Third Ward, and the back-

yard of the Prudential buildings is not going to solve the problems there. We taxpayers and citizens ask the simple question: You come into the City of Newark. You want to do a wonderful thing. You made a mistake. Very fine. You paid for the property that we could have got it, houses for three or four thousand, that people was begging to take it away from them, where it was paid eleven and twelve thousand dollars. They were empty, and the landlord was going to let them go. They came around and paid such a tremendous price. We got together and said, "How in the world can these people come in and give us cheap houses by paying such prices for these properties?" Finally the cat came out of the bag. As you see, there is something rotten in Denmark. The City should take a million two hundred thousand dollars and buy the backyard. I will say to the Prudential Company that the City will pay a million two hundred thousand dollars if you will give it the frontage and take the backyard yourself. (Applause). If you are taking the backyards, all our backyards should come in. We will give them to you free, not pay one million two hundred thousand. That has got to be a backyard business in the Third Ward. We come to you today and say, "Stop right where you are."

If I invest for property in the Third Ward and take a heavy loss there we don't come down and cry. We don't come to you and say, "Take my backyard and put up a park. I will sell it to you for a lot of money." I would talk to you about the competition of the rent, that Mr. Jones and Mr. Smith which he will have to come down and close up his property with the competition of the Prudential building, but that is all fair in business, but I should go to work and buy a whip for you to hit me? That is out of the question. Slavery was abolished a long time ago. You never heard of a Negro slave to buy a whip to be hit with, and that is what you are going to do right now.

With reference to the business proposition, with reference to the breathing spaces, with reference to the beautiful parks and all that, we got it already in Eighteenth Avenue in back of the freight yard with all those railroads

coming in and loading manure, along with all this cemetery for automobiles.

Commissioner Howe: What do you mean Livingston Street? You mean the one on Belmont Avenue?

Mr. Goldberg: The one facing on Livingston Street.

Commissioner Howe: Hasn't it a frontage on Livingston street?

Mr. Goldberg: All right, that is right.

Commissioner Howe: That is no backyard.

Mr. Goldberg: We know the Third Ward. We call it a backyard. Mr. Murray has been jumping many fences in the backyards. He knows that part. I cannot express myself so fine and so nice as the gentleman previous. I didn't have a chance to receive maybe the education that was coming to me, and still and all, coming from the slums of the Third Ward, I am very glad with what I did. If I make any mistakes I beg you gentlemen to excuse me. I am talking from the bottom of my heart. We accept the Prudential Building Company today with our full arms to come into the Third Ward and change the houses and they think it is fit, but when we say what Third Ward Improvements shall be made, they say, "You go back in your back seat. We don't want you to tell us that we can buy this property for half the amount," and then they go to work and pay the twice amount and then they say to the City, "Give us the rest of the money to pay for it." I hope the goose is not cooked, because I have been down before this table many, many times and it didn't do me no good, because I guess the goose was already cooked, and I guess the goose for this is already cooked, but the goose can only be cooked once, and in two years around the ballot box can cook the other goose, too. If it is tender, good and well, but if it is hard we will cook it again. A million was given from the estate of the Hayes Circle absolutely for the benefit of the Third Ward for a park. You all know it—only a park. What do you have? For it you gave us a lot of breathing places in the backyards of different locations. You don't come in

as a business man and say, "Here is a million dollars from the estate and here is a million dollars from our treasury. Let us rip out an area from the Third Ward and give a park in the Third Ward to the extent where it ought to be. You don't. You cripple it. We thank you very much for your breathing spaces. Keep your breathing spaces. We don't want it. If it is a charitable organization, I can give charity out of my pocket myself. If it is a company, another million dollars or so it don't make any difference. If the Prudential is so charitable, what is a million dollars more or less? Absolutely as much as a penny to me, but the backyard doesn't make this a charitable organization at all. I say to you gentlemen right here now, if the Prudential people want to go on with the building, let her go. If you give it a million dollars to go out and do it up in the Third Ward, we will have to pay for it, even if it is given in the Sixth Ward or Third Ward or anywhere else. Gentlemen, don't be foolish. We elected you from eighteen men. We have confidence in you. We know that you are going to spend that for the benefit of the City of Newark and not for foolishness of backyards.

Mayor Congleton: We will continue the hearing as we started it. We will hear first those who are in favor of the project. Those who are opposed will be heard afterwards. Does anyone else desire to be heard in favor of it?

Dr. I. J. Rachlin, 32 Stanley Avenue: As an individual and as President of the Union Building Company, one of the large building corporations of the City of Newark for the last thirty years, I come here to put the hall mark of approval on the project of the Prudential Company of America. My company has been interested for a good many years back in a great many of the buildings that are now in the Third Ward. I can assure you that we realize today the necessity of some radical action on the part of somebody aside from an individual to do something to create a new and modern condition that will enure to the benefit of the City at large. There is no individual who can do it alone. There is no corporation engaged in the building of private houses and homes that could afford to

step into a neighborhood of that kind and create model homes for rents within the means of the people who now live in the houses. It is a financial impossibility to conceive of such a condition. The City of Newark is unusually fortunate in having induced a large corporation possessed of ample funds sufficient to bring about a project of this kind. I say to you Mr. Mayor and Commissioners, it is your bound duty as custodian of the funds of this community to encourage the Prudential in this project. The mere case of putting up another \$1,200,000 in funds to help in a condition of that kind is nothing compared to the benefits that will accrue. As a taxpayer I am heartily in favor of the City making this expenditure.

Mr. Meyer Zemel: Mr. Mayor and Commissioners, I want to correct the erroneous impression that was given by the speaker previous to Dr. Rachlin. I happen to be conversant with some of the prices paid by the Prudential Insurance Company. On the corner of Spruce and Barclay, a piece of property owned by Mr. Wartell, the Prudential paid him \$35,000. Six years previous the New Order Building and Loan, of which I am one of the directors, loaned that man \$25,000. Now, if you want to gauge the price you can use that. This man says you can go into the Third Ward and get property for two, three, or four thousand dollars. I will cite to you another fact—

Mayor Congleton: Mr. Zemel, I want to give you all the opportunity you need to speak, but I do not think it is going to help any of us to get into a controversy of this sort.

Mr. Zemel: They say they paid exorbitant prices. I know of the prices they paid. They drove hard bargains.

Mr. Edard D. Jacobson, 136 VanBuren street.

Gentlemen: I am interested primarily in the social problem of one of the congested sections of Newark and as has already been said by our executive vice-president of our Chamber of Commerce, forward-looking men are beginning to realize that the social problem is a problem of prime importance to everyone in the community, whether

you represent a commercial interest, an industrial interest or any other interest. I deal with a lot of poor uneducated people, and I know some of the problems that they face, and one of the greatest problems that they face is exploitation by the unscrupulous landlord, and there seems to be some of that sentiment here today. Now, I think that every man that invests his money in real estate is justified to a fair return, but I discovered in social work that in proportion to the handicaps that a person has they are taken advantage of by these unscrupulous landlords, and so the people that we have in our City that are most handicapped or seem to have the greatest difficulty to adjust themselves, maybe because of lack of cooperation, are colored people. They are exploited the most. Here is a scheme to help alleviate this condition, and I can't see what other interests excepting that selfish real estate interest would possibly oppose this proposal. This is nothing new. Some talk about it as being something very radical and extreme. I mentioned a little letter that I submitted to the News yesterday, that when I was in Chicago years ago they faced a very similar situation around that stockyard district, where one baby out of every three that was born to a blessed mother dies because of conditions in that section. Statistics prove that one out of every three babies born had to be sacrificed. We have just such congested areas in just such a condition. We may be faced with such conditions unless we face the facts fairly and squarely and clean it up. What did Chicago do? They condemned not eight or ten blocks but condemned vast areas and we built those areas and put in parks in order that those people might live. I believe that \$1,000,000 could not be invested by Newark in a more profitable way than that already been mentioned. I think, as has already been mentioned, that from an economic point of view it is sound. The City won't have to pay one cent of taxes. It will be paid for itself. I think that when the Commission has given the money and the project is completed they will admit that it is a profitable achievement for Newark, which is probably one of the most forward looking cities, that the City Commission and this great private

corporation, the Prudential Company, could have conceived of for the City of Newark.

Mayor Congleton: Is there anyone else who desires to speak in favor of it?

Mr. Willard R. Hamilton, Prudential Building: Mr. Mayor and Honorable Commissioners, I don't want to appear in place of President Duffield to make any statement in favor of this project, but possibly before you proceed you would like a brief statement of facts as to the Prudential's position. Would you like it at this time?

Mayor Congleton: I think that it would be wise to make it at this time, before the other side begins.

Mr. Hamilton: I am sorry that President Duffield is not here today to speak for himself. He was here on the 23rd of April and stated that time to the Commissioners and those present what had transpired in the company's study and development of the question. He advised you that property had been acquired in the Ironbound District, so-called, and on Frelinghuysen Avenue, and that contracts had been entered into in connection with property in the Third Ward, but that he had become convinced that it was impossible from an economic point of view for the company to proceed with a housing development in the Third Ward on a basis that would furnish low rents to the people who needed them, and he consequently came before the Commission not to ask any assistance for the Prudential. This Company never has asked, does not now ask, any assistance from the City of Newark in its building operation. Mr. Duffield presented the facts, which proved conclusively that the housing development in the Third Ward and the high cost of land, due to the congestion was not economically feasible and satisfactory rentals, and asked whether cooperation on the part of the City of Newark would be possible and suggested it along this line: That if the City could see its way clear, in response to the desire for park areas in the Third Ward, to locate a neighborhood park on part of this land, the City paying for the part that is used and the company paying

for the part that the company used for building purposes, the plan might be worked out to furnish low cost, sanitary, fireproof, modern housing accommodations, for the citizens of the Third Ward, in a congested area, and, in his view, better the situation with respect to the City at large. It is true that in other states and in other countries housing for people in moderate circumstances has been encouraged by the public in the way of loaning at a very low rate of interest, possibly as low as two per cent., or by tax exemption, as in the State of New York, where the Metropolitan Insurance Company carried through a great project under that plan, but they have been preceded with a second project, and the tax exemption meant to them a difference of at least \$2.00 per room per month in rentals. The Prudential has never suggested any tax exemption; it always has paid its taxes, as any other citizen or corporate body, and always expects to. The Prudential would like to have it understood that we are interested in the welfare of the City of Newark from a purely social standpoint. We are under obligations, as Mr. Duffield pointed out, to our policy holders. It is the premiums paid by poor people which have been entrusted to us which we invest, and we have no right to take a man's ten cent premium and give it away. We must have at least a moderate return upon those premiums, for the benefit of the policy holders. The Prudential employs over nine thousand people in the City of Newark and has a payroll over a million dollars a month in the City of Newark. It pays taxes of over \$3,000,000 a year to the City of Newark, and has a legitimate interest as a taxpayer, and its representatives are citizens of Newark, in the welfare of the City. When we were appealed to in behalf of the public to undertake this, Mr. Duffield said, "we will if we can," and with some difficulty he saw his way clear to launch the enterprise and reported that fact on April 23. As the official responsible for the immediate handling of this housing project for the Prudential, I am prepared to say, as a purely personal expression, that I would rather have the bonds of the City of Newark with the interest rate which they pay, or to see the Pru-

dential finance its funds if it comes to \$10,000,000, as it probably will, in other securities, giving a larger rate of return and a greater degree of security, than to undertake this, from a purely economic point of view. I am expressing a personal opinion. I want to quote President Duffield briefly in two or three of the statements that he made in April. We particularly referred to this Third Ward project. He showed that if the City cared to undertake the location of a neighborhood park, that on the land which the company bought could erect buildings and can have moderate rentals. He also reported that he had asked for surveys on the part of the City, and Commissioner Murray has referred to the fact that some have been made, so that the selection of a possible site in the Third Ward was due to the desire of all of those, your Honorable body and others, interested in the welfare of the City, in the hope the congestion might be relieved in a measure and other conditions improved (Reading) "Therefore, if we are to carry out the main purpose of this whole project to go into this community and give to these people accommodations at a low rental, some method should be found to bring the cost down to a point where this can be done. That can be done not by asking the City to bear any part of the cost of the housing project. That is the last thing in our mind. As I say, we do not propose to ask your cooperation in the Ironbound District or on the Frelinghuysen Avenue tract, but in the Third Ward proposition we suggest to you that if the City could see its way clear to utilize such areas in these blocks which we have acquired and are not necessary for the utilization by the company for the erection of these houses, if you will take the remaining part of this land and utilize that for parks in this ward, we can carry out, we believe, our plan successfully." And again: "But leaving the entire interior space open, and having the City utilize that space for park purposes, dividing the cost of acquisition between the City and ourselves on what would be an equitable basis, we paying for the part that we utilize for housing and you paying for the part that you utilize for parks, we could then carry

out it seems to me, this project with a reasonable hope of success. "Now, assuming that you should not feel that you could cooperate in this matter, it seems to me that the project in the Third Ward is impossible from our standpoint. We could utilize that land in this way. We could erect buildings there. We could proceed to rent them, but the rents would probably be at a point which those who are seeking relief would be unable to pay. Since that is the whole point in the subject, I think that we would inevitably be driven, as an essential proposition, to abandon that thickly settled area with its high price of land and be driven to a point where we would buy the land more cheaply and erect houses at a lower rental. In other words, the acceptance of this suggestion is not essential to the housing program which we have undertaken. I think it is essential if we are to attempt the housing experiment in this particular locality. "I again submit the suggestion to you, with the further suggestion that if it meets with your approval that you adopt some resolution that would enable us to confer—in other words, adopt a resolution approving of this project and arranging for a conference at which this could be determined exactly what portion of the cost of the acquisition of land the City should bear and what portion the company should bear. "It strikes me, as I say, that a fair proposition would be the one I have suggested—that each pay for the land it utilizes. Treating the acquisition as a whole, the cost should be divided up. Whatever portion the City utilizes for parks it should bear. Whatever portion the company utilizes for housing it should bear." It is true that the land acquired by the company in every section has been obtained at a price that will warrant developments. It was perfectly apparent before we converted contracts to purchase, which we could have abandoned with very slight loss into taking title to the properties in the Third Ward, it became perfectly apparent that unless a park was feasible we could not proceed, and it was for that reason that the president openly and publicly appeared here to ask the will of the City Commission. At that time a resolution was passed approving in principle the

cooperative principle as to this Third Ward for park purposes and housing, and from that point the company has proceeded to complete as far as possible the acquisition of the site, and has nearly accomplished that purpose. The difference, so far as land value is concerned, I may say, between the Third Ward and the Ironbound District would represent between two and three dollars per room per month rental. Now, this part to which reference has been made would front on the three east and west streets, the more important thoroughfares, to the extent of at least 560 feet, and would permit that location of children's playground, lawn space of seats and walks for pedestrians, comfort stations, if you desire them, and an opportunity for very many in the neighborhood of Belmont Avenue east for several blocks and from Springfield Avenue south to utilize the open park area. Is there any question, Mr. Mayor?

Mayor Congleton: Do the Commissioners desire to ask Mr. Hamilton any questions?

Commissioner Murray: Mr. Hamilton, there is no policy of exclusion as to rates, between white and colored, is there?

Mr. Hamilton: No, Commissioner. The thought was that in acquiring these two blocks at least one should be devoted to colored people, possibly both, possibly one to colored and one to white.

Mayor Congleton: Is there anyone else who desires to be heard in favor? If not, I shall ask the City Clerk to read a few letters that he has received and then we shall go into the other side of the question.

The City Clerk then read the following communications, in favor of the housing project, which were, on motion, ordered filed:

The David Straus Company,  
685-87 Broad Street, Newark, N. J.

September 17, 1930.

Board of Commissioners  
of The City of Newark  
City Hall, Newark, N. J.

Gentlemen:

I have been much interested in the various projects promulgated by your body for the betterment of the City, especially the one of "Housing," inaugurated by the Prudential Insurance Company, and trust you will make every effort to avoid delay in furthering it, promptly taking such steps, financially and otherwise, to assure the quick development of this splendid enterprise.

Assuring you of my appreciation of any consideration you may give this matter, I am,

Yours very truly,

Martin H. Goldsmith.  
Wm. B. Gwinnell,  
Newark, N. J.,

September 12, 1930.

Board of Commissioners,  
City.

September 17, 1930.

Gentlemen:

I have followed with much interest the controversy over the purchase by the city of the strip of land in the Third Ward, running through the two blocks which are to be taken by the Prudential Insurance Company as a site for the construction of apartments to be used in housing poor negroes in that section of the City.

I am thoroughly acquainted with the conditions in that district both by personal observation and by talks with the Head Worker of the Friendly Neighborhood House of which I am treasurer. This is a social settlement for negroes, located within three blocks of the proposed site.

Any one who, like myself, has visited the splendid Paul Laurence Dunbar apartments in the negro district of Harlem, built by Mr. Rockefeller for the purpose of developing a cooperative housing project for negro families, can not but appreciate the many valuable benefits that will accrue from this Prudential project. The park to be developed by the City on the strip of land running through the two blocks

will afford a welcome breathing and recreation space to the negro families living in this congested quarter of the Third Ward where people live under more wretched conditions than in any other part of the city.

I can but assure you of my hearty sympathy with the proposed action in acquiring this strip of land for a park, and believe its development of great benefit to that section.

Very truly yours,,

Wm. B. Gwinnell.

J. S. Rippel & Co.,

18 Clinton Street, Newark, N. J.

September 15, 1930.

Commissioner John Howe,

City Hall, Newark, N. J.

My dear Mr. Howe:

As a taxpayer of the City of Newark I have been interested in the discussion which has taken place in regard to the desirability of the city lending its credit to the Housing Plan proposed by the Prudential Insurance Company. The improvements which are contemplated by the city, for which bonds will have to be issued, will no doubt keep our tax rate up to a high point. I think the city has already contracted for all the improvements it can safely enter into unless they are of such a character as to be self sustaining. I have given the housing question considerable thought and in view of the fact that this project will be self sustaining and also taking into consideration all the elements entering into it, I feel that neither the Prudential Insurance Company or the City can at this time rescind the action which it has taken to go forward with the plan. The City is not dealing with a group of speculators who are trying to unload a large block of undesirable property at a high price, but with an institution which is managed by men whose only object is to render a service to a class of people who have been very badly neglected and are rather helpless to do very much for themselves. The project instead of being condemned should be highly commended by reason

of the fact that this company does not expect to make a dollar on the investment but is entering into the project purely with the purpose of aiding in reducing the rents of these people. As I understand, from the Mayor's figures, while the City is making a considerable investment in the property; that over a period of years this amount will not only be returned with interest but show a considerable profit. If this is true then the City certainly may feel justified in going ahead with this project. However, there are other considerations which must be taken account of. The colored people as a rule are law abiding and faithful servants and the disturbances which have taken place in this district the last year or two, I understand, have been largely by outsiders. If there is a class of people who need help and sympathy from those charitably inclined, it is the negroes who are desirous of living a decent life but who are handicapped in any number of ways.

In an article written in one of our local papers by a negro worker, he has stated that the negroes who occupy the quarters in this section that were formerly occupied by whites are charged two or three times the rent that was formerly paid by the white occupants and that in several cases this rent consumes from 40 to 60 per cent. of their earnings.

With the tremendous increase in crime, holdups and murders which are going on in every large city in the country it behooves those who are in control of our public affairs to use every effort to combat this crime wave. I know of no better way than to have proper living quarters for a people who while under our Constitution are guaranteed all rights; at the same time we know they are frequently denied the privileges and benefits which accrue to the white man.

As one of this City's large taxpayers and also a holder of a policy in the Prudential Insurance Company, and taking into consideration all the elements entering into this plan, I thoroughly endorse the movement, both from a point of business and also from one of philanthropy, in helping to make better living conditions for these people.

Yours very truly,

J. S. Rippel.

Mayor Congleton: While this ordinance has been pending one or two questions have been raised with respect to one or two matters, and in order that there may be no doubt about what was intended by the ordinance, I will at the proper time offer an amendment to the ordinance, first by adding a new section which, if this ordinance passes, will not become effective until such time as the Prudential plans have been submitted to us and approved, as provided under the statute, and the second question which was raised by one of the newspapermen who thought that there might be some ambiguity as to whether or not the City Government was limited.

I am going to amend section 3 of the contract so as to make that absolutely clear, that the \$1,200,000 is to cover the purchase of all of the land running north and south and for 140 feet in width.

I will offer these amendments when the ordinance is up on reading for amendment, if we get that far.

Mr. Herman W. Brams, 951 Broad street.

Gentlemen, as you all know, I represent the Third Ward Improvement Association, an association made up of property owners, business men, and residents of the ward. We have gone over this problem from its very inception. I have kept in touch with it. I have lived with it practically down to this day, because every one of the people there will be vitally affected by this ordinance that is now being considered.

In the first place, I want to say that what I say now I am saying for the members of the association, not expressing my own individual thought at all. The words that I use are the words of the members of the association.

The Third Ward is made up of approximately twenty-five blocks, and in those twenty-five blocks there are between twenty-five and twenty-seven thousand people living. I have before

me the figures that I was able to get, being connected with the last census, showing how many people live in each block, and incidentally, the number of people unemployed as of April 1. There are living in that section a great many colored people. The neighborhood has changed tremendously. I might say that thirty years ago I lived on Prince Street. Prince Street is not now what it was thirty years ago. The type of people have changed. Buildings have grown older and have deteriorated. There is very little improvement that has taken place in the past thirty years as I remember that section. These people who live in the Third Ward now—I am referring especially to the colored people—are, as has been referred to by a great many people here this morning, specially the social workers, unable to earn the same as the white man. I mean in the amount. They receive a lower wage and therefore live in quarters that they can get commensurate with their earnings. They have come into the Third Ward, and as certain conditions have existed there—there is the same drawing power as amongst the Italians living in one section and the Jews living in one section. They are all crowded together. One or two rooms there are occupied by six to eight or ten people who live in those two rooms. They pay rents.

Now, the rents have been referred to this morning, Mr. Mayor, as being entirely out of proportion with what they get, but Mr. Hamilton has said that prices there are very high, land values are high. Assessments are high there. The property owner must charge in proportion to what he has to pay for the property. Now, assuming that he is over paying for the land or the rooms that he gets there; may I say to you gentlemen of the Commission that I have it from authoritative sources—not from one or two or a half dozen, but as many as a hundred property owners with whom I have spoken—that there are families living in their properties for six and eight months and have not paid one cent of rent. You cannot compel these people to pay rent. They are the type that move from one room to another room in the next house and get away with the payment of rent. We have no complaint to make with the type of people that they are,

but it has been often said that the property owner in the Third Ward has been oppressive and has exacted every bit of penny that he could from these people. I want to reiterate the fact that six and eight months rent has not been collected from some of the people who live there.

With regard to the project itself, there isn't anybody in the Third Ward Improvement Association who doesn't approve of the idea. They welcome it, because they feel that it is an advancement. They are not so narrow that they can't see that these things must come to pass, that improvements must come, but they say that if the Prudential Insurance Company has come into this project not on its own volition, but having been solicited to do so, if the Legislature has passed enabling acts by which they can come in, if the City feels that they want to cooperate with the Prudential Insurance Company, then, the members of our association asked me last night to say, "Did the City of Newark in any way have anything to do with the purchase of that property? Did the City of Newark in any way enter into negotiations or use its offices to find out the values of property? Did the Prudential in any way inquire from anybody how much should it pay or did they ask for anybody to assist them in obtaining the lower price than was asked of them?"

A member of the association last night, Mr. Mayor, told me that a block of land on which the same type of building was erected, one block west of one of the blocks that is now being talked about, was purchased for \$600,000. I am merely giving you gentlemen now, as I said at the outset, the statements of the members of the association. They feel that the property has been overpaid. They feel also that if you go into this project with the Prudential Insurance Company, will you stop at that point and say that that is all that we will do? Will it not open up the door to any other individual, any corporation, to come in and say to the City of Newark, "Gentlemen, I or my group have a block or blocks in the Third Ward that we would like to sell to you, so we want you to come in with us on

this project. We will sell you the inside of this block on the same proposition as we buy on the outside."

Mayor Congleton: Would they let us fix the rents?

Mr. Brams: I don't know.

Mayor Congleton: Yes.

Mr. Brams: After all, coming down from the point of view as to whether or not this is a purely business proposition, do the Commissioners feel that the value of land on the inside has the same value as outside land, talking only from the purely monetary or business viewpoint?

Now, then, with regard to the park in the center, that block here running through the center of it. As I understand it, this building is to be five stories high. There will be open space on the Montgomery and Spruce and Waverly Avenue sides, but the Barclay and Somerset sides will be entirely built up. The sun from the east and the sun from the west will not enter that tract in all areas. Those high buildings are bound to keep out the sun except at twelve or one o'clock in the daytime. Some sections of that place there will not get the benefit of the sun. They feel that if the City wants to erect parks in the Third Ward, as has been promised in addition to those that have already been given to the Third Ward, that the City ought to take an entire block, and then in that case every bit of that land will be open for playground purposes, open for everybody immediately adjoining, and the properties immediately facing that park will improve, as has been said, and is well known to everybody.

Now, there is one other thing. The people who are expected to be brought into these houses, are, as Mr. Hamilton has said, at least one block will be allotted to the colored people. Now, the members of my association told me last night that no matter what the rentals to be charged by the Prudential Insurance Company, there will be people in the Third Ward who will not be able to pay that rent, because some of the members of the association say that they have rooms that

they are willing to rent out a five or six dollars a room and there are no people to take them. Either that, or the people that move into them cannot afford to pay the five or six dollars that is asked of them for a room.

Now, there is one other thing that has to do with regard to the park, and that is, gentlemen, in computing all of these figures which the Mayor has prepared, and giving us an understanding that the City will benefit by two million dollars at the end of fifty years, it just occurred to me while I was sitting and listening to the speakers, as to whether or not it has been taken into consideration the cost of maintaining and building the parks.

Mayor Congleton: That would apply to any park that the city owned, would it not?

Mr. Brams: Yes.

Mayor Congleton: Your group wants to put the parking in another section of the City?

Mr. Brams: Surely.

Mayor Congleton: If we took it we would have to maintain it, so why should we charge maintenance out against one and not out against the other? It doesn't include anything for maintenance.

Mr. Brams: All right. I want to conclude by saying that the members feel—summing up all that I have said—that this area that represents the Third Ward, the area that is now being discussed, is not, to their mind, the best location for a park. They feel, as they have advocated some months ago here, that the location of a park in the vicinity of Morton Street, which will be much more central to that part of the ward which now has no park at all—they feel that the City in going into this contract should consider the fact that they are paying for inside land, same proportion that the Prudential is paying for outside land. They feel that the park will not get all of the results that the City believes it will get by reason of the fact that it will be sur-

rounded by five-story buildings and they are fearful that the buildings to be erected will not be able to be rented, even at the very low rental that the Prudential Insurance Company contemplates renting them for.

Commissioner Murray: You say that by building five stories high this place will not get sunshine except at noon. There is a building at Broad and Clinton Street thirty-four stories high, and Broad Street is not 140 feet wide. Why have they awnings on the windows on the opposite side?

Mr. Brams: I don't know.

Commissioner Howe: You will find sun on Broad Street, which isn't as wide as this proposed tract, at eight o'clock in the morning and you will find it on the other side at six o'clock in the evening. Isn't that the same sun as they have up there?

Mr. Brams: Yes, it is.

Commissioner Howe: Another thing. You know, Mr. Brams, you and I have talked this matter over considerably. The men opposing this are the very people who own property across the street, paralleling these buildings. Is that so, now?

Mr. Brams: No.

Commissioner Howe: I do not want to violate any confidence, but it is so.

Mr. Brams: I know. The meeting last night was made up of members who live at every section of the ward. As I said at the very outset, I am speaking their words, not mine.

Commissioner Murray: If your organization knew that this improvement was going to be made and actually not going to cost them a dollar, would they object to having it done—if they knew that this was going to be accomplished without cost to them? We are not trying to put your people out of business. It is a case of trying to help conditions.

Mr. Brams: Commissioner Murray, as far as having explained it to them I have received from the Mayor a statement that was made by the

four Commissioners and a letter that was written by Commissioner Gillen to the Mayor, and his answer. I read every bit of it last night to the members and I explained every bit of this project in detail, so I think that the members are fully aware of everything that has to do with this project.

Mr. Max Steiner, 150 Somerset Street.

Mr. Mayor and Worthy Commissioners, I am a taxpayer in the Third Ward over forty years. I would not speak long.

Mayor Congleton: You can have all the time that you want.

Mr. Steiner: I am not much of a speaker. I want to say a few words and I will be short.

Now, before the last election we had a big meeting up on the hill, in Montgomery Hall. Commissioner Howe was present and Commissioner Gillen was there. When he was there Commissioner Howe was the first speaker, and of course he said that the Third Ward is entitled to a park, but he said, "I haven't got the right to give you a park." He said, "I am only counting your money. I receive your money." He said, "If I have to buy a dozen pencils I have to ask the other Commissioners; but if you want a park," he pointed to Mr. Gillen. Commissioner Gillen said, "I will give you a park;" "and if he will give you a park, why, I will advance the money." Mr. Howe said that.

Mayor Congleton: And they have done it twice since that time.

Mr. Steiner: Commissioner Gillen got up. Of course he spoke in favor of giving us a park. The Hayes Circle has money to invest for a park, and he spoke in favor, and Mr. Gillen said whether he will be elected or not, the Third Ward will have a park.

Now, about the Prudential, that two blocks. They didn't come to the City and say, "Let us incorporate. You take the yards and we will take the front." They didn't say that. Now, they pay such a high price. Now they

are going to pull up two strips, one strip from Montgomery to Spruce and one strip from Waverly Avenue to Montgomery street. In the center will be the backyard with the ash cans and all those things. It will give us that for a park. Is that what we are entitled to? Is that what we are promised for the taxpayer owning a sixteen-family house? I am getting \$5 a room. Now, if they are going to put up for more people, especially what the papers said, like that what is in there now—now, if there isn't enough people in the Third Ward—if I don't carry a revolver with me I and my children can't go home at night. Is that improvement, sir?

Mayor Congleton: You have colored people there now.

Mr. Steiner: I haven't, sir.

Mayor Congleton: In the Third Ward?

Mr. Steiner: Oh! Yes, plenty of them.

Mayor Congleton: Let us get down to business. In these two blocks that it is proposed to take, 81 per cent. of the ownership is with the Hebrews, and 87 per cent. of the population of the houses is in colored people, so you have colored people there now.

Mr. Steiner: That wouldn't be five stories now, and there is only one family shacks and there is only one of two families there. Isn't there enough holdups there with adding some more?

Commissioner Murray: You do not think that all the colored people are holdup men, do you?

Mr. Steiner: In the Third Ward they are.

Commissioner Murray: All the colored people are holdup men?

Mr. Steiner: They are there.

Commissioner Murray: You had better not let the colored people there hear you say that.

Mr. Henry Green, 259 Avon Avenue.

We are a committee from the

Socialist Party, and I would like to introduce a speaker.

Mr. Frank Manning, 181 Huntington Avenue.

I have a communication from the Socialist Party, as follows:

Socialist Party of Essex County,

105 Springfield Avenue,

Newark, N. J., Sept. 19, 1930.

To the Mayor and City Commission  
of The City of Newark.

Gentlemen:

The Public Affairs Committee of the Socialist Party has given consideration to the facts in connection with the proposition of the Prudential Insurance Company to sell backyard strips of its property in the Third Ward to the City of Newark for a public park. We wish to register our emphatic objection to this backyard deal for the following reasons:

In the first place, the land in question would be entirely unsatisfactory and inadequate for a public park. At the most it would accommodate only the people who will live in the houses to be erected by the Prudential. It seems obvious to us that an attempt to make a public park on property running between rows of houses is most objectionable in that the sunlight would be shut out and furthermore it would not be suitable for general use.

When the Prudential announced its intention to purchase land and build rows of houses no mention was made that the city would be expected to pay three-fourths of the total purchase price for the purpose of building a public park on backyard territory. This widely-heralded philanthropic gesture has certainly lost its allure. In effect, the City of Newark is being asked to pay for the expense of improving the land value of a private enterprise, the motive of which can now well be questioned.

If the City of Newark is willing to improve property for the Prudential at its own expense, why not improve

the back yards of all other property located within its borders. There is a vital question of public policy involved in this matter which it seems to us is being overlooked. We can not understand why any public official should be willing to expend public funds to improve property owned by a private corporation so that such corporation may enhance the values of its remaining property. This becomes particularly offensive and strongly susceptible to suspicion in the face of a declaration from Commissioner Charles P. Gillen that the City can purchase more desirable land in the same section of the City for less money.

Now that the City Administration seems to have an interest in the housing question to the extent that it considers purchasing backyard property to encourage improvement in housing conditions, would it not seem more in line with public policy for the city to purchase land, build modern houses and rent them to residents of Newark at cost of maintenance. The Socialist Administration in Vienna, Austria has shown what can be done along this line.

In the past few days many competent social workers have declared publicly that the abominable conditions of vice and discontent in the Third Ward and other sections of the City are due primarily to inadequate housing and poverty resulting from widespread unemployment. We believe that in view of these tragic conditions the City Commission should take immediate steps to purchase land and build homes. Such a program will provide some relief in the matter of unemployment and also provide modern homes at low rentals.

The City Beautiful should be our aim. We have resources and the skill to make Newark a beautiful and healthy city where slums will be but a fading memory. The first step in realizing this happy ambition of a City Beautiful should be the immediate inauguration of an extensive housing program. This is a matter of such concern to the people of Newark that it should not be left to private corpor-

ations. It should be publicly financed and publicly owned.

Finally, we believe that Commissioner Gillen's objections to buying backyard land from a private corporation at exorbitant rates are most valid and worthy of public commendation. Should the City Commission act favorably upon the proposition of the Prudential their action will leave room for many sinister impressions.

#### COMMITTEE ON PUBLIC AFFAIRS

Henry Jager, Chairman

Frank J. Manning,  
Co-Chairman.

Ordered filed.

If I may just say one word of explanation, Mr. Mayor and City Commissioners, we have no desire whatever to discourage the City Commission in anything which would improve the housing conditions in the City of Newark. Most of our members are citizens of Newark and, like myself, were born in the city. We know a great deal about social problems. We have many intimate contacts with them. We have a lot of confidence in the people of Newark and believe that the time has come when the City of Newark and the City Commissioners could, if they will, display the same amount of zeal which they did in obtaining the same legislation to go into partnership with the Prudential, the same steps should be taken to make possible a program of municipal housing.

Our slogan is: Millions of dollars for public housing but not one cent of tribute to the Prudential Corporation.

Mr. Green: Mr. Mayor and gentlemen of the Commission, I am not here against the Prudential nor in favor of private landlords. I know the Third Ward. I have lived a long part of my life in the Third Ward. Mr. Scudder, Jr., of the Evening News, and many publicly interested honest people, fifteen years ago hired one of the best municipal research experts, and we went through the public schools and through the alleys and through the yards and through the houses that had not windows in them, and the first time after the survey the Newark

Board of Health, with Dr. Craster at the head of it, and the City Building Department ordered windows in each tenement house that never had a window in their bedrooms before. I know over fifteen years ago since that Evening News survey was taken, and it was taken into the 13th Avenue School, and all the schools of the city used it as a civic lessons for eighth grade pupils on the matter of housing and hygiene, and now I can declare after fifteen years conditions there are worse, and I mentioned here before you in Newark that Newark has housing—the poor housing is like a cancer growth on the city, and many other social workers took that up.

I stopped in here when Commissioner Egan took charge as director of the Police Department in Newark, and I told him that I was accosted by a strong tall woman, prostitutes, and I was invited to come in for a good time, and he noted that, and since I approached him I saw that he was new in charge with it and I was willing that he should get acquainted and he found conditions worse than I stated them here, and I have no quarrel with Commissioner Egan, even though some times it seems that for a couple of minutes we were at loggerheads, but personally I carry no bias and I know he don't.

I am interested in a park in the center of the Third Ward, because we have the Monmouth Street School and the building without an auditorium. Conditions in that school are not what they ought to be. We have the Morton Street School and the Belmont Avenue School, large schools with large population of pupils and teachers. All the people over to Rankin Street, Richmond Street, as far as South Orange Avenue, to the Third Ward, to Clinton Avenue, from High Street to Livingston Street, the most accursed conditions that ever existed in the civilized twentieth century exist there, and some of you gentlemen are familiar with them and you know that I state the truth, and if you are to invest \$1,200,000 of the people's money I wish that you go out on the market and secure the most land for the least money, where you can derive the most benefits out of the least investment,

and I believe, in order that you reach South Orange Avenue and towards Clinton Avenue, with the center of it—I am not interested in any of these people that have land for sale or private landlords because I know there is a curse. I am not against colored people and I haven't any issue here with the colored race. They are as honest as any others, and they are doing the best they can under the miserable circumstances that they live under.

The last crime that was committed in the Third Ward was a preventable crime. I hope that Commissioner Egan will fix up the police alarm that the policemen ring up the post that he has on the pole there, so we can ring up the policeman the same as we do the Fire Department. When a drunken man comes in front of his house, when he was there making a lot of noise, he came out and asked him to please be quiet, when a man comes out from across the street, and there was a fight and there was razors and two men lost their lives. These people are uneducated. Anything like that could not happen in my house. I have a telephone at my disposal. I will call up a police officer and remove these two people, and this will be prevented. I am in favor of things that will prevent a happening of this kind here again. Some day we will have it. Some day we will have an alarm for a policeman to ring up to the nearest police post, so the policemen can come in and remove the noise and racketeer makers from in front of the house of an honest man that seeks Sunday's rest.

On this proposition I have no quarrel with the Prudential. They say they will put up rooms for \$12.50 a month. The Metropolitan put up rooms for \$9.50 a month and they built with their rooms during the height of the war, when materials they built with was more than twenty per cent. higher than it is today. If the Prudential came out and offered to rent rooms for \$9.50, with a drop in the cost of materials that would more than make up the exemption of taxes. I am not here to quarrel with the Prudential. I am not here to quarrel with the landlords of the Third Ward. I am

here in the interest of improving conditions the city over. You have got Arlington Street and Augusta Street, and if the Board of Health would compel the owners of these disease breeding, germ breeding, tubercular breeding, consumptive breeding houses to clean up, it would be a great help. Women in these houses are going up in the better section of the City to do housework for women who have children, in which most of them carry germs. I am not against that poor woman that goes out and does a day's work. I don't want to prevent her from doing a day's work to make a dollar, but I do want here housing improved so she can live without germs.

In the unemployment condition and with the conditions in housing, we try to come here before the thing happens. I hope to see the fine cooperation and that you will buy the land we need with the least exertion.

Mr. Louis Weiss, 164 Market Street.

I represent a group of taxpayers and I don't think that the issue today has been brought out clearly, at least not clearly enough to satisfy the group that I represent. The question involved here is not whether the City should spend \$1,200,000 for public improvements. We contend that for public improvements, we are willing to end that the City Commission should spend not one million two hundred thousand dollars but five or ten million, if necessary, to police the City, and if the Department of Safety needs that we will give it to them. We will give Director Egan all the money he wants and needs to rid the city of robbers and crooks of all descriptions, and incidentally, I want to say that so far as Director Egan has done wonderful work. We all realize that and appreciate it.

We are willing to give Director Murray all the money he needs for hospitals and for sanitation purposes. We are willing to give Director Gillen all the money he needs for his parks and recreation centers, but we do not want to be a party to making a present of \$1,200,000 to an individual or a corporation who has entered into a moral obligation with the people of the City

of Newark, a moral contract in my mind is almost as good as a legal contract, because I always want to be able to take the word of a man as well as the bond of a man. The Prudential has told us that they are going to improve conditions in the Third Ward, in the Ironbound District. They started, I believe, in the Ironbound. We give them all the credit in the world for the fine spirit, for the charity work, if you please, but then Prudential says to us, "We can't be a charitable organization."

I want to say this on behalf of the people I represent: That since the Prudential has entered into a moral obligation to do these things in the Third Ward, for the people of the Third Ward, let them stick to their bargain. They didn't tell us in the beginning that they are going to ask us to give them back three-quarters of the price that they are going to pay for the land. I understand that they have paid for all of the land \$1,750,000. Now, when they realize, I believe, what they paid—otherwise they would not ask the City to reimburse — when they realize that they have paid tremendously large prices, that the cost will be exorbitant, they come back to the City and say, "Here is what we are going to do with you: We have made a mistake. We are going to blindfold the people of the City of Newark. We are going to hoodwink you. We are going to tell them that we will give them back \$1,200,000 and tell them that we are going to do them a favor, that we are going to give them a park in the backyard."

We believe the only men who know where the park should be, who know the best way to have a park and who knows what the land should cost, is the man who has had experience with parks, and that is Director Gillen. We do not feel that any of the other departments of the City should interfere. We do not believe that any other department should tell Director Egan where to station a policeman. I believe he knows it better than anyone else. I don't think that anybody would tell Director Murray where or in what neighborhood a hospital is needed, because we believe that Director Murray has made a study and knows where a hospital is needed.

Gentlemen, I say for the Third Ward and for those I represent that we need a park, but we don't need it at the price we are going to pay for this one. Director Gillen has been buying and can obtain land for park purposes much more cheaply. I plead with you in the name of justice of the City of Newark—

Incidentally, somebody has said—Mr. Brams has said—that there are landlords who have not been receiving rent for six or eight months. I so happen to be one of them. I think that I ought to be receiving a little contribution toward it. I have property down neck. One tenant paying the same owes me eight months. I think I am doing a charitable act. When I make application for reduction in taxes I am told nothing doing. I plead you to leave with Director Gillen as to the place where the park should be. If the people of the Third Ward want a park, don't you think that the voice of the people of the Third Ward should be consulted? We haven't heard a person in the Third Ward except Mr. Zemel who speaks in favor of this. We have heard, yes, representatives of the Telephone Company, representatives of the Public Service, representatives of the Prudential and other big and high interests, and I think, gentlemen, that the time is ripe now to take away that suspicion from some of the people of our community. There is too much talk going already.

Mayor Congleton: Who is doing it?

Mr. Weiss: I don't know who is doing it, but there is talk going on already that this City is controlled by big interests, interests like the Public Service, Prudential, and so forth. I don't say that I agree with them, but certainly if this ordinance is passed this suspicion is going to be strengthened. Cast away that suspicion. Do away with that and let Commissioner Gillen decide where the park is needed.

Commissioner Howe: Do you own any of the property adjacent to these proposed buildings?

Mr. Weiss: I myself? No.

Mr. Harry A. Scher, 10 Emmett Street:

Mr. Mayor and Commissioners and

public, there has been quite a lot said today in reference to this proposition. I want to know if these three propositions stand out clearly in our minds. First, that this thing is not eleemosynary proposition on the part of the Prudential. It is purely and simply a business proposition. That has been plainly told to you. They have no right to tax any of their stockholders ten cents for any such proposition. They are therefore a profit; that is absolutely clear to us.

Mayor Congleton: They have no stockholders. It is a mutual company.

Mr. Scher: Or their bondholders.

Commissioner Howe: Let us get that cleared up. There are no stockholders. There are no bondholders. There are no security holders. The Prudential Company is a mutual company owned by you and me.

Mr. Scher: We will get this clearly while we are getting clearly, that the policy holders of the Prudential are not going to lose ten cents on this proposition. Is that clear?

Commissioner Howe: I would not put a nickel in it. That is how much I think of it—if I owned it.

Mr. Scher: Well, my proposition is clear. Now, the next proposition that hasn't been brought out exactly, that is, that they are going to charge a rental of six per cent. on the cost of their investment.

Mayor Congleton: They haven't said that. Under the law they can't get more than six per cent.

Mr. Scher: The enabling act, as I understand it, reads this: "They shall be allowed to charge six per cent. on the cost of the investment plus such sums as will amortize the entire proposition within twenty years." Now, that proposition is clear, isn't it? I would like to have you gentlemen tell me what real estate man—and I have been in the real estate business for 25 years—would not go into a proposition if he was allowed to make that amount of money, under the enabling act.

Mayor Congleton: Well, we have been waiting a great many years for some

group of people or some individual to build the kind of houses that we are hoping the Prudential is going to build to take care of the people that we say will be taken care of, but they have not come forward.

Mr. Scher: Can they do it? I know that they can't and I know that they are going to charge more rent. No private builder will attempt to put it up.

Mayor Congleton: While you are going into the enabling act, why don't you state it all. They can't fix the rents within the purpose of the amendment that I offer. They have got to come here with their plans. They have got to submit them to the Board of Commissioners. We have to go over it and say what rent they can get, to see that it comes within the law.

Mr. Scher: It leaves it open, doesn't it?

Mayor Congleton: No, it does not.

Mr. Scher: Well, it leaves it open for a rent to be fixed. Now, as a taxpayer and citizen I say that this granting to the Prudential a sum of \$1,200,000 is a subterfuge in the aid of a building proposition for a profit, as I have set forth at the outset, and I don't believe that it will stand up in court.

Mr. Morris Newman, 8 Barclay Street.

Mr. Mayor and Commissioners, you all know I am not very well educated, as I am twenty years in the country and just made night school. I could not get a chance to go any further. It is a hard job for me to get up and talk in public and to speak, but I happen to be the owner of several pieces of property on the hill. I have got a property at 124-126 Broome Street. That is right on the hill in the Third Ward section. I have a property at 68 Barclay Street, one at 66 Montgomery Street, where the Prudential is going to build, one at 37 Livingston Street, and I have been paying \$4,000 taxes every year. When I had to pay my taxes this time I had to borrow.

I am not against the Prudential at

all. They are welcome to my property. It is necessary in the Third Ward. It is necessary for the Third Ward. I am not against the colored people. I have 83 of them in my places. 15 of my flats are occupied by them, and they are living in each flat five or six families, and you can't do nothing to them, but we had a promise in 1928 that the Commissioners — we were promised by the Commissioners—Commissioner Howe was there and Commissioner Gillen was there—that we were entitled to a park in the Third Ward. I have a boy I am sending to high school, and also I have a girl. They want to go out and play? Where will they go out and play? Will they go out in the backyard in the Prudential buildings? The people of the Prudential buildings will say, "I pay rent here. Get out." They will do it.

We are entitled to the park. You have promised us a park. There is land available for a third of the price that you will pay for this backyard park.

I happen to be an owner of property up around there. I know the Prudential is paying too much for their property, and you know it. I have a piece of property on Broome Street that I paid \$100,000. I am willing to accept \$60,000. That is how much I am willing to give it for. The City could go out and buy property for half of the price in any place of the Third Ward, for a third of the amount. If the City wants to go out and spend \$1,200,000 they could spend it, but they could spend it and it would do for High Street, Springfield Avenue Belmont Avenue, the most usable part in it, but absolutely for a backyard, no. It is entirely too small to have a backyard. I do feel that we have been promised a park down in that place we should have it, but not in a backyard.

Mr. Max Herman, 133 Hillside Avenue.

Mr. Commissioners and Mayor, I am a property owner from 1901. I represent some property up on Baldwin Street, and I will sign right here an agreement, and I will prove that, and I will say it right here—you take from Morton Street or from Baldwin Street

to West Street, from Broome Street, to Howard Street, and I will sign all those property owners they will give you all those backyards if anybody will be paid for flowers to be planted there.

Another thing about the dilapidated property there. I got my own property. There is 60 by 85 foot there and I will sell that—I will sign an agreement here for \$20,000. There is all improvements and baths in there, and I am getting \$4.50 per room and they don't pay the rent for that either. Then another thing, gentlemen, that the way the Prudential, they are going to buy for their development and then the City is going to improve and to buy up those yards and pay \$1,200,000, and strange children, when the people that are living there in their own house, when strange children from another couple of blocks away will go in there the people they certainly would not stand for it. "You are not living around here. You go and get out." You fight them. Children don't consider that stuff. You would hurt the Third Ward. I know that. They need this. That is very well for the Prudential to build those houses. Let them build them. Let us not bother with them. Let us not bother to protect them. We don't need to buy their backyards. You can ask every taxpayer and find that they will sell their property for a little over what they are taxed on.

Mr. Edward I. Forman, 85-87 Waverly Avenue.

Mr. Mayor and gentlemen, I just want to ask this question: Does the Prudential Insurance Company contemplate erecting stores in these improvements?

Mayor Congleton: No, sir.

Mr. Forman: No stores whatever?

Mayor Congleton: No stores whatever.

Mr. Forman: That was the only interest I had; otherwise I am heartily in favor of it. In fact, my family has owned property within a hundred feet of the proposed improvement for the past fifty years.

Mayor Congleton: Does anyone else want to be heard?

Mr. Morris Sossner, 16 Quitman Street.

Honorable Mayor and Commissioners, when the Prudential people went around to buy these two blocks we were all glad in the Third Ward. I am thirty-eight years in this country and I got some property in the hill. All property was worth a half what it was worth ten or fifteen years ago. Where do we come to go with the Prudential people in a partnership to buy a backyard and give them \$1,200,000? Why don't the City Commissioners come to us? We will give them Prince Street we will give them Morton Street, we will give them Quitman Street. We will sell them for a half—for a half a million dollars, not for a million two hundred thousand dollars. Where will we come to have a park in that backyard, where all our children will have to grow up in the backyard and to grow up with all kinds of nationality which are not fit to play with, where it will be, excuse me, it will be a garbage can, I tell you..

Mr. Alex. Lerner, 21 Harding Terrace.

Mr. Mayor and Commissioners, I want just to answer a little of what my friend Mr. Zemel has said. As he pointed out, the Third Ward has got a cancer on its back, but he did not point out on whose back the cancer is resting. I think he got a part of it himself. He is a landlord the same as we are. He never pointed out the cancer. The cancer is the landlord is carrying it. They are all in bad now. All they need that the Commissioners just give them one push and they are in the grave. What they are doing now is by helping the Prudential Insurance Company to erect houses and give them a cheap rental, and then they are all in bad now and they will be in the grave then. I feel as a taxpayer of the City that the City Commissioners should thoroughly look into the matter and not to put this cancer right on top. We got it now and we are in bad, and shortly after that goes through we will be in the grave.

Mayor Congleton: Does anyone else desire to be heard against it?

Commissioner Egan: I move that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray,, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan,, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Commissioner Egan: I am perfectly willing to vote for the ordinance on second reading in order to bring it to a point where it can be considered finally. I want to make my position clear. At this time I am only voting for the movement of the ordinance to second reading; I am not indicating my position on the final reading, because I want to give it further study.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Mayor Congleton offered the following amendment and moved its adoption:

Section 3 of the ordinance be amended by amending Section 3 of the proposed contract referred to in said section 3 of the ordinance, and made a part thereof, so that section 3 of the said proposed contract will read as follows::

"3. Upon the acquisition by the Prudential of the said tracts or parts thereof and the approval by the City of the said project the City, in consideration of the acquisition of such

tracts or parts thereof hereinabove described by the Prudential and of the undertaking on the part of the Prudential to construct such housing facilities will purchase from the Prudential such part of the vacant strip approximately one hundred and forty (140) feet wide running north and south through the interior of each of the said blocks as the Prudential may have acquired for the purpose of parks and playgrounds to be maintained by the City for the benefit of the public at large and will pay the Prudential as the purchase price thereof such proportions of the total price paid by the Prudential for the said tracts as the area of the strip so purchased bears to the total area of the said tracts acquired by the Prudential, and, in consideration of the premises, the City will acquire for such park purposes, either through private treaty or through the exercise of its powers of condemnation, such portions of said tracts as shall not have been acquired by the Prudential, as aforesaid; provided, however, that in no case shall the City pay a sum in excess of one million, two hundred dollars (\$1,200,000), for the acquisition of the aforesaid vacant strip approximately one hundred and forty (140) feet wide, running north and south through the interior of each of the said blocks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Mayor Congleton offered the following amendment and moved its adoption:

At the end of Section No. 7 of the ordinance, insert a new section to be known as Section No. 8 of the ordinance, which section shall read as follows:

"No 8. This ordinance shall take effect immediately, but section 6 and 7 of the same shall not become effective until the passage of a resolution by the Board of Commissioners approving application by the Prudential Insurance Company for the erection of said housing facilities and authorizing and empowering said company to undertake and carry to completion said project, in accordance with the provisions of Chapter 201 and 202 of the Laws of 1929."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray Mayor Congleton.

Nays: Commissioner Gillen.

The ordinance was declared open to amendment in all its parts.

The ordinance as amended was read by the clerk, as follows:

An ordinance to authorize the acquirement of lands in the City of Newark for park use, and to authorize the execution of a contract with The Prudential Insurance Company of America for the acquisition of the same, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That whereas: The city desires that in the interest of public health, safety and morals certain blocks of unsafe and unsanitary dwellings, hereinafter described in the City of Newark, should be replaced in part by new housing facilities constructed in accord with proper standards of sanitation and safety and provided with appropriate parks and playgrounds, and

2. That whereas: The Prudential Insurance Company of America is willing, pursuant to authority of law, to acquire the tracts of lands upon which such unsafe and unsanitary dwellings now stand and to construct upon a part

of such tracts such new housing facilities and to convey to the City of Newark certain other parts thereof for the purpose of such parks and playgrounds.

3. That an agreement between the City of Newark, and the Prudential Insurance Company of America, a corporation organized under the laws of the State of New Jersey, providing for the erection of new housing facilities and the conveyance of certain tracts of land to the City of Newark for park purposes in connection with the same, a copy of which agreement is hereto annexed and made a part hereof, be and the same is hereby approved and the Mayor and the city clerk are hereby authorized and directed to execute the same on the part of the city, upon the adoption of this ordinance.

4. That the lands hereinafter particularly described, situate in the City of Newark, shall be acquired by the City of Newark, either by purchase or condemnation, for city use.

**FIRST TRACT:** Beginning in the southerly line of Spruce Street at a point distant 30 feet westerly, measured along the southerly side of Spruce Street from the southwesterly corner of Spruce Street and Somerset Street; thence running southerly along a line 30 feet distant from and parallel to the westerly line of Somerset Street, a distance of 744.77 feet more or less to the northerly line of Waverly Avenue; thence running westerly along the northerly line of Waverly Avenue, 140 feet more or less to a point 30 feet easterly from the northeasterly corner of Waverly Avenue and Barclay Street; thence running northerly along a line 30 feet distant from and parallel to Barclay Street 735.67 feet more or less to the southerly side of Spruce Street at a point distant 30 feet easterly from the southeasterly corner of Spruce Street and Barclay Street; and thence running easterly along the southerly side of Spruce Street 140 feet more or less to the point and place of beginning.

**SECOND TRACT:** Beginning in the southerly line of Montgomery Street at a point distant 30 feet westerly, measured along the south-

erly line of Montgomery Street from the southwesterly corner of Montgomery Street and Somerset Street; thence running southerly along a line 30 feet distant from and parallel to the westerly line of Somerset Street, a distance of 688.22 feet more or less to the northerly line of Spruce Street, 140 feet more or less to a point 30 feet easterly from the northeasterly corner of Barclay Street and Spruce Street; thence running northerly along a line 30 feet distant from and parallel to Barclay Street 697.15 feet more or less to the southerly line of Montgomery Street at a point distant 30 feet easterly from the southeasterly corner of Montgomery Street and Barclay Street and thence running easterly along the southerly side of Montgomery Street 140 feet more or less to the point and place of beginning.

5. That the total cost of the purchase of said lands shall not exceed the sum of one million, two hundred thousand dollars (\$1,200,000).

6. Pursuant to the provisions of Section 13 of Chapter 252, P. L. 1916, as amended, there shall be issued temporary loan bonds of the City of Newark, in an aggregate principal amount not exceeding one million, two hundred thousand dollars (\$1,200,000) bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times, and in such amounts as he may deem advisable. The Mayor, director of the Department of Revenue and Finance, city auditor and city clerk are hereby authorized and directed to execute said bonds or so many thereof as the director of the Department of Revenue and Finance shall deem it advisable to issue.

7. The sum of one million, two hun-

dred thousand dollars (\$1,200,000) to be raised by the issuance of such temporary Loan bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

8. This ordinance shall take effect immediately, but Sections 6 and 7 of the same shall not become effective until the passage of a resolution by the Board of Commissioners approving application by the Prudential Insurance Company for the erection of said housing facilities and authorizing and empowering said company to undertake and carry to completion said project, in accordance with the provisions of Chapters 201 and 202 of the Laws of 1929.

THIS AGREEMENT, made in duplicate, the \_\_\_\_\_ day of \_\_\_\_\_, between

THE CITY OF NEWARK,  
a municipal corporation of the State of New Jersey, (hereinafter called the "City") party of the first part, and

THE PRUDENTIAL INSURANCE COMPANY OF AMERICA, a corporation organized under the Laws of the State of New Jersey, (hereinafter sometimes called "the Prudential"), party of the second part, WITNESSETH:

WHEREAS, the City desires that in the interest of the public health, safety and morals certain blocks of unsafe and unsanitary dwellings, hereinafter described, in the City of Newark, should be replaced in part by new housing facilities constructed in accord with proper standards of sanitation and safety and provided with appropriate parks and playgrounds, and

WHEREAS, The Prudential is willing, pursuant to authority of law, to acquire the tracts of land upon which such unsafe and unsanitary dwellings now stand and to construct upon a part of such tracts such new housing facilities and to convey to the city certain other parts thereof for the purpose of such parks and playgrounds:

NOW, THEREFORE, the parties hereto in consideration of the mutual covenants hereinafter set forth do

hereby covenant and agree with each other, as follows:

1. The Prudential agrees forthwith to take all possible steps to acquire, pursuant to the authority conferred upon it by Chapters 201 and 202 of the Laws of 1929 of the State of New Jersey, the following described tracts or parcels of real estate in the City of Newark, viz.:

FIRST TRACT: All those tracts or parcels comprised within the block bounded by Waverly Avenue, Barclay Street, Spruce Street and Somerset Street, situated in the Third Ward, and

SECOND TRACT: All those tracts or parcels comprised within the block bounded by Spruce Street, Barclay Street, Montgomery Street and Somerset Street, situated in the Third Ward,

at the lowest prices obtainable which the Prudential is willing to pay therefor, or such parts of said tracts as it may be able to acquire, and to submit to the City a project for the construction upon such tracts or parts thereof of new housing facilities occupying only strips nor more than thirty feet (30) feet deep running from north to south on the block fronts on Somerset and Barclay Streets so that there shall be left vacant an interior strip running north and south on each of such blocks approximately one hundred and forty (140) feet wide and separating the housing facilities constructed on the respective street fronts.

2. Upon approval by the City of the project thus presented to it by the Prudential pursuant to the provisions of Chapters 201 and 202 of the Laws of 1929 aforesaid, the Prudential, upon the acquisition of the said tracts or parts thereof, will forthwith proceed to construct and carry to completion such new housing facilities.

3. Upon the acquisition by the Prudential of the said tracts or parts thereof and the approval by the City of the said project the City, in consideration of the acquisition of such tracts or parts thereof hereinabove described by the Prudential and of the

undertaking on the part of the Prudential to construct such housing facilities will purchase from the Prudential such part of the vacant strip approximately one hundred and forty (140) feet wide running north and south through the interior of each of the said blocks as the Prudential may have acquired for the purpose of parks and playgrounds to be maintained by the City for the benefit of the public at large and will pay to the Prudential as the purchase price thereof such proportion of the total price paid by the Prudential for the said tracts as the area of the strip so purchased bears to the total area of the said tracts acquired by the Prudential, and, in consideration of the premises, the City will acquire for such park purposes, either through private treaty or through the exercise of its powers of condemnation, such portions of said tracts as shall not have been acquired by the Prudential, as aforesaid; provided, however, that in no case shall the City pay a sum in excess of one million, two hundred thousand dollars (\$1,200,000), for the acquisition of the aforesaid vacant strip approximately one hundred and forty (140) feet wide, running north and south through the interior of each of the said blocks.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be signed by their respective officers thereunto duly authorized, and their respective corporate seals to be hereunto affixed and attested on the part of the City by the City Clerk, and on the part of the Prudential Insurance Company of America by its Secretary or Assistant Secretary, all on the day and year aforesaid.

THE CITY OF NEWARK.

ATTEST:

City Clerk.

THE PRUDENTIAL INSURANCE  
COMPANY OF AMERICA.

President.

ATTEST:

Secretary.

Commissioner Murray moved that said ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Mayor Congleton: The ordinance now having been amended, it is necessary to postpone further action by the Board of Commissioners for two weeks, during which time it will be republished in the newspapers.

Commissioner Murray moved that October 1, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its passage on second reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Mayor Congleton offered the following resolutions:

RESOLVED, that the contract between the City of Newark and Joseph Honixfeld of 164 Market Street, Newark, New Jersey, the lowest formal bidder in response to public advertisement for sealed proposals for the wrecking of buildings along the line of the Morris Canal between High Street and Henry Street, known as Contract B and dated the seventeenth day of September, 1930, and awarded to Joseph Honixfeld, a copy of which contract is hereunto annexed, be and the said contract is hereby approved and the Director of the Department of Public Affairs and the City Clerk are authorized and directed to duly execute the same on behalf of the City upon the passage of this resolution.

**RESOLVED:** That Frances E. Corbitt, a clerk in the Department of Parks and Public Property, Centre Market, be and he hereby is transferred to the Department of Public Affairs, Water, at a compensation of \$2,520 per annum, effective October 1, 1930.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The following resolution was presented:

**WHEREAS,** the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Edward Gatti, owner, for the construction of a poultry market; premises 34 Hanover Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Boards of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray moved that the resolution be laid over until October 1st.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Ernest F. Hornig, owner, for the construction of five additional individual garages; premises 304 South Eleventh Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe moved that the resolution be laid over to October 1, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Alfred S. Clark and J. William Huegel for the construction of a gasoline station; premises 1112 South Orange Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this matter?

Mr. Clark: Honorable Commissioners, I entered into an agreement with the property owners in the immediate vicinity, and their lawyer is here, and if you wish to hear from him I think he would be glad to outline the situation.

Mr. John J. McCloskey, 45 Branford Place.

I represent the adjoining property owners, and when this application was first made, of course, we were very much opposed to it, as the first blush is opposition to all gas stations. Then Mr. Clark talked with Mr. Donahue and a number of other neighbors, and Mr. Donahue living directly next-door to the property on Oakland Terrace, he arranged that the 80-foot lot between the proposed gas station and Mr. Donahue's property on Oakland Terrace, would be restricted to a one-family house; that the gas station would be 15 feet off Oakland Terrace and that there would be no entrance on Oakland Terrace, and that therefore the gas station would be the least objectionable of anything that could be built there, because the property is now zoned for business—a business or apartment house could go there—and with these restrictions that Mr. Clark and Mr. Huegel have made, a gas station is the least objectionable of anything that is now permitted, and therefore the neighbors are not only willing to consent, but heartily endorse the gas station as being the thing that will benefit their property rather than deteriorate it.

Commissioner Gillen: I move the application be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

**WHEREAS**, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Arthur F. Egner, owner, for the construction of a gasoline station; premises 1184-1188 Broad Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Al Kaplan, 17 Academy Street.

I am appearing for Mr. Samuel Roessler. Mr. Roessler was unable to be present this morning and is unable to appear in his behalf.

Mayor Congleton: The matter is to be laid over for one week. When it came up in conference Commissioner Egan and some of the rest of us were inclined to be opposed to it. We have had some trouble on High Street south of Springfield Avenue and we decided to lay it over until Commissioner Egan comes back.

Mr. Kaplan: May I call your attention to the fact there was no opposition before the Board of Adjustment.

Mayor Congleton: We understand that, but we have to assume some responsibility ourselves. It is right next to St. Benedict's School, and the corner there is a very busy traffic point.

Mr. Kaplan: You wouldn't want to hear Mr. Roessler on it?

Mayor Congleton: If he is here and wants to speak, all right, we will hear him, but it won't do him any good because it is going to be laid over to October 1.

Commissioner Howe moved that the resolution be laid over to October 1st, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Weldon Roberts Rubber Company, owner, to alter and occupy the building at 351-363 Sixth Avenue, for the manufacture of rubber erasers;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark, that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial metal fence on steel supports be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue

a permit for the application above set forth.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

**Application of Herman Fresh (Peter Gunne, owner) for the construction of a gasoline station; premises 487 Raymond Boulevard;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray moved that the resolution be laid over to October 1, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

**Application of C. H. Vanderhoof,**

**owner, for the construction of nineteen individual garages; premises 285 Broad Street;**

**THEREFORE BE IT RESOLVED**, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Vesant Corporation, owner, for a miniature golf course; premises 188-190 Stuyvesant Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

- (1) That a substantial metal fence on steel supports be erected three feet inside of property lines;
- (2) That lighting standards be not over ten feet high;
- (3) That all requirements of the License Bureau be complied with;
- (4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray moved that the resolution be laid over to October 1, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Fred Knierieman (Hensler Realty Company, owner) for a miniature golf course; premises 82 Wilson Avenue;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of G. S. Rldner, Jr. (Market Construction Corporation, owner) for an indoor miniature golf course; premises 54 Park Place; for a period ending January 1, 1932;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen moved that the resolution be laid over to October 8, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

Board of Adjustment  
City Hall

Newark, N. J., September 23, 1930.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Board, in accordance with Section 9, Chapter 274, P. L. 1928, that the following structures and uses in variance with the requirements of the Zoning Ordinance be allowed:

60-64 Lindsley Avenue, Michael Mekart, owner; two 2-family dwellings;

269-277 Plane Street, Kruvant-Mayzel Company, owner; automobile parking station;

400-402 South 12th Street, William L. Kabis, owner; indoor golf course;

27 Mulberry Place, William Cox, owner; commercial garage;

71-73 Bloomfield Avenue, Royal Ballroom Company, (Richard F. Mattia, owner); indoor golf course;

150-160 Goodwin Avenue, Parrow Holding Company, owner; 3-story apartment house;

36-40 Shaw Avenue, Jennie L. Blake, owner; miniature golf course.

Detailed reports on the above proceedings will be submitted.

The Board of Adjustment,

R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed for two weeks.

Commissioner Murray presented An ordinance prohibiting bathing and swimming in polluted waters, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance prohibiting bathing and swimming in polluted waters.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance prohibiting bathing and swimming in polluted waters," be taken for its third passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance prohibiting bathing and swimming in polluted waters.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of North Twelfth Street from the northerly line of Sixth Avenue west, northeasterly about 420 feet to the westerly line of the Newark and Bloomfield Railroad, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Congleton.

Commissioner Murray moved that

the following ordinance be taken up on second reading:

An ordinance providing for the vacation of North Twelfth Street from the northerly line of Sixth Avenue West, northeasterly about 420 feet to the westerly line of the Newark and Bloomfield Railroad.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioners Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that

the title of "An ordinance providing for the vacation of North Twelfth Street from the northerly line of Sixth Avenue West, northeasterly about 420 feet to the westerly line of the Newark and Bloomfield Railroad," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of North Twelfth Street from the northerly line of Sixth Avenue West, northeasterly about 420 feet to the westerly line of the Newark and Bloomfield Railroad.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that "An ordinance providing for the vacation of parts of the following streets:

Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundary line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundary line," be laid over to October 8, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person

have any matter to bring to the attention of the Commission this morning?

Mr. John Creran, 783 Broad Street.

I would just like to ask the Chairman about this garage at 304 South 11th Street that came up this morning, and what action was taken on it.

Mayor Congleton: It was laid over for a week.

Commissioner Murray: Additional garages?

Mr. Creran: Yes, five garages.

Commissioner Murray: Laid over one week for inspection.

Mr. Harry A. Pine, 17 Academy Street.

Mr. Mayor and Gentlemen, I appear for Nick Juliano who operates an open air parking station at Washington Street and Central Avenue. He has been operating under a permit that expired on the first of May. At that time his lease expired and the owners, I think, expected to build. They decided to postpone operations, and Mr. Juliano obtained a permit there until the first of September. He now asks to be permitted to continued there until the first of May. He may not be able to stay there that long, for as soon as they begin to build he will have to get out; but in the meantime, his station is a great convenience to the people in the neighborhood, particularly those employed by the Globe Indemnity Company, who have been using it right along, and I therefore think no great harm could be done by permitting him to stay there.

Commissioner Gillen: I move the permit be granted.

Commissioner Murray: I second that motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, the Board of Commissioners of the City of Newark by resolution dated February 5, 1930, granted a permit to Nick Giuliano for an open air automobile parking station at 65-67 Washington Street on the recommendation of the Board of Adjustment for a period ending May 1, 1930; and

WHEREAS, by resolution dated April 23, 1930, the above permit was extended for a period ending September 1, 1930; now therefore be it

RESOLVED, by the Board of Commissioners of the City of Newark that the aforesaid permit be further extended for a period ending May 1, 1931.

Jerome T. Congleton  
Jno. F. Murray, Jr.  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commission this morning?

, Commissioner Gillen: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, JR.  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

October, 1930

---

Newark, N. J., October 1, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Murray, Mayor Congleton

Absent: Commissioner Howe.

The minutes of meeting September 24th were read and approved.

The following communications were received and read:

The Prudential Insurance Company  
of America,  
Newark, New Jersey.

Honorable Jerome T. Congleton,

Mayor of the City of Newark,  
Newark, New Jersey.

My dear Mr. Mayor:

I was prevented by illness from attending the hearing in connection with the ordinance providing for the acquisition by the city for park lands in connection with the Prudential housing project in the Third Ward, and while the Pruden-

tial's position was at that time clearly presented by Mr. Hamilton, it seems to me that possibly in the confusion that has arisen it may be wise to restate it.

You are of course familiar with the whole situation, but our position has been so misrepresented that I am taking the liberty of writing this letter to you, recognizing that practically all I say is a matter of your personal knowledge.

The Prudential was not the moving party in this project, but engaged in the same at the request of yourself, representing the other commissioners. It was your desire as well as ours that not only should the Prudential provide additional housing accommodations for citizens of Newark, but that in so doing they should remove buildings now used but unfit for human habitation. In determining on our location we requested that a survey of the city should be made by the Police Department and by the Health Department in order that we might be advised as to what location from the standpoint of both health and social conditions would be benefited by the improvements which we were proposing to make. As a result of these two surveys the two blocks in question were recommended to us for the

purpose which we both had in mind. These conclusions were concurred in by the social and welfare agencies of the City.

Thereupon we caused a careful investigation to be made as to the probable acquisition cost of the two blocks in question. As a result thereof it soon became evident that if the existing buildings were demolished and new buildings erected in their place unless rentals were obtained on a scale which would be prohibitive to the people whom we were desiring to aid, a reasonable return on the invested funds would become impossible. It was of course recognized throughout all our negotiations that the Prudential could not engage in an philanthropic enterprise, but must conduct the whole project upon a business basis as the funds used for that purpose were held by us in trust for our policyholders. Under these circumstances if the rentals were to be kept at a low rate it was essential that a portion of the land not needed for the buildings should be acquired by the City, for park purposes. In order that we might accurately determine that our estimate of cost was based on actual conditions, we acquired options upon a few properties. When these had been obtained and we were satisfied as to the exact situation I asked for the privilege of appearing before the City Commission in order to present the whole situation to them.

At that time I stated to them frankly our reasons for desiring to proceed on this particular site, but emphasizing the fact that it would be impossible for us to do so unless the City was prepared to utilize a part of the land for park purposes. By a unanimous vote the City agreed to the cooperative program. Believing, therefore, that we had the endorsement of the City as to the proposition that in this thickly-settled community it was desirable that the buildings on the two blocks in question should be demolished and the ground used partly by the City for park purposes and partly by the Prudential for housing, we proceed to acquire title to the land with what we understood was a distinct understanding that the City would repurchase from us the portion it would use. Throughout the

entire period of acquisition we have endeavored to keep the City authorities advised both as to the land which we acquired and as to the price which we were paying therefor.

We have now invested a large sum in the acquisition of this land. We have done so relying upon the assurance given by the unanimous vote of the Commission approving in principle the project, and supposing, as we had every right to suppose, that the carrying out of the project by the City would be treated as a matter of good faith. At no stage has the Prudential urged the City to engage in this project. What the Prudential has done it has done solely with a desire to benefit the City in which its Home Office is located and where many of its employees live. We have supposed that in so doing we were merely meeting the wishes of the City and that we were cooperating with the City rather than asking the City to cooperate with us.

I am frank to say that it is somewhat discouraging at this time to have it suggested in a matter which has had the widest publicity, in which every step has been brought to the attention of the city authorities and published in our local press, that this is now a Prudential project, and that some way or other gain will inure to it in case the City carries out the plan that the Commission approved last April.

You, of course, realize that this form of investment is not of the most attractive character, entailing as it does a comparatively low return, coupled with many difficulties of administration, and that solely from an investment standpoint the Prudential with less difficulty could have utilized its funds in other channels. It has felt justified in doing what it has done by reason of the fact that it has been its desire to cooperate with your administration in advancing the welfare of Newark.

Yours very truly,

EDWARD D. DUFFIELD,  
President.

Ordered filed.

Fidelity Union Trust Company,  
Newark, N. J.

September 25, 1930.

Board of Commissioners of Newark,  
New Jersey,

Dear Sirs:

I regret exceedingly that I was unable to be at the meeting of the Commissioners the other day when they took up the question of the Prudential housing in the Third Ward.

The Essex County Park Commission of which I am a member, a little over a year ago at the request of the people in the Third Ward visited certain sections there with the idea of locating a park or playground in that vicinity. We felt the great need for a park or playground in this congested section, but after mature consideration the Park Commission decided that it was more of a playground matter and therefore under the City jurisdiction rather than a park matter or under the Essex County Park jurisdiction.

It seems to me that the Prudential housing plan in the proposed scheme not only provides cheaper housing where needed, but to a certain extent provides a playground or park space and while the City's proportionate share of the cost may seem large, the fact of the matter is that the larger taxes to be paid by the Prudential will more than amortize the bonds.

I am therefore heartily in favor of the City issuing bonds for this purpose.

Very truly yours,

J. H. BACHELLOR.

Ordered filed.

Curtis R. Burnett,  
238 Wilson Avenue,  
Newark, N. J.

September 30, 1930.

Hon. Jerome T. Congleton,  
City Hall,

Newark, N. J.

My dear Mayor Congleton:

I understand there is to be an opportunity given at a public meeting tomorrow for all those interested to give

an expression as to the City's participation in the Prudential Insurance Co. housing plan, to the extent of purchasing adjacent or contiguous lands for playground and park space.

It is a matter of regret that I shall be out of the city that day, otherwise I should feel it a privilege as a citizen to appear and commend the City Commissioners for their action in endeavoring to provide this feature to the residents of the neighborhood.

There is an old phrase, taken from the Good Book itself, which reads:

"Where there is no vision, the people perish."

Lack of vision on the part of former officials, City, County and State, in years past is making the cost of improvements such as highways, parks and other public necessities terrifically large and we would be confronted with the same condition twenty years from now if we put off improvements that should be made at the present time; therefore, regardless of the initial cost I believe the present is the time to carry through these specific improvements that are under discussion at the present time and that you and your associates, who approve and are working so hard to bring about these changes, are entitled to the commendation and definite backing of all progressive citizens, and I trust that your program will prevail.

Yours very truly,

C. R. BURNETT.

Ordered filed.

Newark Chapter  
American Business Club,  
Newark, N. J.

September 29, 1930.

To the Board of Commissioners,  
City of Newark, City Hall,  
Newark, New Jersey.

Gentlemen:

At the regular monthly meeting of the Board of Governors of the Newark Chapter, American Business Club, held September 23rd, 1930, this organization went on record as opposed to the City

of Newark purchasing the land in the rear of the proposed Prudential five-story brick tenement houses to be erected in the Third Ward.

The American Business Club hereby submit their objections:

1. The proposed land is not an ideal site for park purpose, due to the fact that it will be surrounded by tenement houses, which no doubt will keep out a great portion of sun, light and air.

2. The Prudential sought legislation (Housing Bill), in order that they may be permitted to purchase land and erect tenement houses, the same as any other individual or corporation, therefore, we consider this purchase the same as made by an individual or corporation for their own use, and, therefore the City of Newark should not be interested in the re-purchase of this land from the Prudential Insurance Company for the sum of One Million Two Hundred Thousand Dollars.

3. We understand that the amount paid for this land by the Prudential Insurance Company was One Million Seven Hundred Fifty Thousand Dollars, at this rate the City's cost providing they accepted the figure stated herein would be approximately 70% of the purchase price, whereas, according to expert appraisers the valuation of the property, purchased by the City would not be worth more than 50½% of the total purchase price, due to the fact that this is rear land, as the Prudential proposed to take the street frontages.

American Business Club,  
Newark Chapter.

LAWRENCE C. KENNEDY,

Secretary.

Ordered filed.

The City Clerk presented An Ordinance to authorize the acquirement of lands in the City of Newark, for Park Use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the ac-

quisition of the same, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: We shall now proceed with the hearing. We will hear first anyone who desires to speak in favor of the proposition. We will hear anyone who wants to be heard. As to those who spoke last week, unless they have something new to say today. I would say to them that what they told us last week was taken down by the stenographer and that we have an official copy of it in front of us, so we would ask that insofar as it is possible it shall not be repeated.

Is there anyone here who desires to speak in favor of the ordinance?

Mr. William C. Cope, care of Newark Rotary Club: Honorable Mayor and Commissioners, I represent the Boys' Work Committee of the Newark Rotary Club. That is an organization that has been interested for twenty years in this town in those things that have to do with the betterment and civic improvement. The Boys' Work Committee over a period of the last ten years in this City has invested in cash at least a hundred thousand dollars in the Boys' Work movement. Yesterday the Boys' Work Committee of the Newark Rotary Club held a special meeting to consider this proposition that you are now considering. After serious deliberation that committee voted unanimously not only to support this movement, but to encourage its passage. We could not see from a strictly cold-blooded, hard-boiled business standpoint but what it is a fine thing for the City, and from a social standpoint, from the standpoint of civic betterment, it is undoubtedly a great thing.

On behalf of the Boys' Work Committee of the Newark Rotary Club I urge you, Honorable Commissioners, to support this project and carry it through to a successful conclusion. If you do so, I am certain that your praises will be sung everlastingly.

Mayor Congleton: Does anyone else

desire to be heard in favor of the proposition?

Mr. Robert L. Hatfield, 207 Market Street: Gentlemen, I appear in several capacities, representing several groups. The first group that I shall appear for is that of the Boy Scouts of America. We have carried on a council in this city for years, the purpose of which is to bring to the youth and particularly to the boy the scout program, which is well known to you all. We have experienced considerable difficulty throughout the entire city in all creeds and colors, due to a lack of leadership. Our biggest problem has been with the colored group, and until facilities that will provide a better home life and a better background for the colored group is provided, our hope of leadership will remain practically at zero. These boys need this program. The benefits of the program you know. These boys are meeting a lot of trouble. Your delinquency you know. We are well aware of it. Practically all our efforts among the colored people to form troops and to have them survive has failed. We have tried time and time again. Anything that will help to provide better leadership for the youth of the city, better homes and better background for them, the Boy Scouts of America of Newark will approve.

We ask to see to it to the best of your ability that this project is approved. We are of the opinion that this ordinance will improve conditions, so we are in favor of it.

While I am talking, I may say that I also represent the Essex County New Jersey Society of Professional Engineers and Land Surveyors, who are concerned also in the benefits to the youth of our city. They are also of the opinion that anything that will improve the city as a whole will raise the general levels of business. We all derive our living and our income from the levels of the business. That has always been the basis. Regardless of the general wealth or of the general poverty of a few, the general levels of business is where we derive our income from. We are of the opinion that anything that will tend to raise the general levels of business will help the city as

a whole. We are of the opinion also that every transaction where all benefits can be termed a good transaction

The New Jersey Chapter goes on record as endorsing anything that will raise the general levels of business.

Mrs. Thomas E. Hartmann, 790 Broad Street: Gentlemen, I am president of the Civics Club Council, represent the Service Clubs of the city. One of our jobs is to see that the boys of today get a better deal than the boys of yesterday. We certainly are heartily in favor of this thing going through, so that the underprivileged boy may get a better deal.

Mr. David I. Kelly, 810 Broad Street: Gentlemen, I am chairman of the Rotary Survey Committee. Mr. Mayor and members of the Commission, about two years ago the Rotary Club of America spent a considerable sum of money to make a survey of the boys' life in the City of Newark. As a result of many months of study and investigation a report was prepared that the Rotary Club of America hoped would be a guide to the city officials, to social workers, to educators and to clergymen in order that we might raise the standard of boys' life in our city. Realizing that the boys of today are the future men, if we are to have a start and to build firmly and independently for the future, we must start with the boy.

We also found through our survey that the growing expense because of court procedure, conviction and the eternal damnation of these boys, was mounting, and that we are paying the bills. As business men we sent out to prepare a report and a guide for officials and the citizens of our city that would redound to the benefit of all our boys and to the future glory of our city. With these statistics, Mr. Mayor and members of the Commission, I will not bore you. One of the districts that received our attention was the district under discussion, the Third Ward. There we found conditions that we hope will be removed as soon as possible. The housing condition was one. The lack of facilities for recreation was the second. The lack of facilities for recreation showed to us that the boys' life was empty, that there was little or

nothing for him to do outside but to get into mischief, that to provide facilities in the field or recreation, we thought he ought to have, would cost a considerable amount of money. The matter was presented to the Essex County Park Commission, and with the members of that Commission a survey was made. We went over and inspected the property that might be purchased, just west of Belmont Avenue, and then the suggestion was made that we go a little east of Belmont Avenue and we made an investigation there around Prince Street. I might say long before this survey was made that matter had been brought to the attention of the Park Commission by the people who were interested in the social welfare in that district in and around Prince Street, who asked the Park Commission to initiate an improvement.

To build a park in there would be tremendously expensive. Of course, it would be very desirable and very necessary; so, gentlemen, when this plan was proposed and we found that a corporation in the City of Newark was willing to come in and spend millions of dollars to give better housing facilities and then asked the City Commission to cooperate with them to provide facilities for them for recreation for the boys, we certainly welcomed it wholeheartedly. To my mind—and I speak personally—I think it is one of the most progressive acts that I have seen in this city in a long time. Most of the building that has been done has been done purely on speculative ideals and standards. Here is one that comes forward with a proposition to aid the City to provide better housing accommodations where better housing accommodations are badly needed, and in addition, to provide areas for recreation for the children. There is a great group between the ages of six and eleven in our city that our reports show are almost entirely neglected. That is the type of interior areas that will provide for these children especially and provide for a class that needs attention just now.

The cities of England have worked out similar schemes. Many of the great city planning commissions of this country have formulated plans something similar to this, but nothing ever happened, gentlemen, for the reason

that there wasn't anybody willing to come along and risk so large a sum of money. Then, too, we have been built up more or less on the system of speculation, and after all, it comes down to the fact that the burden of that speculation must be born by those who pay the rent, and on that consideration those plans never materialized. I have never known any plan to be carried forward in this country on such a large and gigantic scale as proposed here. We in the City of Newark many years ago had similar plans, but they were very small, because they were financed by individuals for purely philanthropic motives. Gentlemen, we welcome this plan because of the type of men who are back of it. If it were a real estate corporation or a group of speculators coming before this body and suggesting this plan, humanitarian as it seems, I might consider and have a suspicion that there were ulterior motives, but knowing the men and the type of men and what they have done for the City of Newark in the past, I feel that this plan is certainly worthy of your approval, and as a member of the survey board of the Rotary Club, as chairman of the Boys' Club of Newark, and as Chairman of the Welfare Committee of the Rotary, I heartily hope that you will see with a clear vision that this is one of the most progressive steps you can take.

Commissioner Egan: May I ask you a question, Mr. Kelly?

Mr. Kelly: Certainly.

Commissioner Egan: Your official position is secretary of the Essex County Park Commission?

Mr. Kelly: Yes.

Commissioner Egan: Six or seven years ago your Commission made a study of that territory, recognizing at that time the fact that recreational centers were necessary?

Mr. Kelly: Yes, sir.

Commissioner Egan: Insofar as the suggestion that this is more of a park than a playground is concerned, I think you will agree with me that a park is a playground, after all, isn't it?

Mr. Kelly: Yes, a park is a playground with embellishments.

Commissioner Egan: That is right. Now, the Park Commission didn't take any definite action arranging for a park in that territory, did it?

Mr. Kelly: No.

Commissioner Egan: Yet they felt that a park was imperative, from their study. Purely from a financial standpoint, having in mind the taxpayer of the city as distinguished from the taxpayer of the county, each being a unit, would it be equitable for the Park Commission to consider the fairness of assuming this responsibility, in view of the fact that the Park Commission is charged under the law with carrying the operations of parks? I don't want you to answer that question if you feel that it is going to embarrass you in your official capacity.

Mr. Kelly: I would say yes, Mr. Director, that it would be equitable, providing that the Park Commission was sharing more equitably in the return that you would get from the property.

Commissioner Egan: What do you mean by that?

Mr. Kelly: For instance, you are going to collect all the taxes on that property and you are going to—we could, of course, if we were in the same position—amortize the debt. This improvement, as I understand it, will so increase the assessed valuation for the city that the return on the taxes for the city will amortize the bonded indebtedness and also pay the interest without distributing the cost over the entire city. If the Park Commission under its legal structure could do the same thing, I would say yes, that it would be perfectly equitable and perfectly right for the Park Commission, but under our structure as it is, where we have to distribute our costs over the entire county without reimbursing the county, there is no comparison.

Commissioner Egan: How do you reimburse the county now?

Mr. Kelly: We can reimburse the county now only through the health giving activities and the recreation it gives the people.

Commissioner Egan: That is all we can do, and of course, it is a broad basis, but you don't think that it is a sound basis? The question of amortization of the bond issue by the taxes collected as a return would justify it, wouldn't it?

Mr. Kelly: It would, yes, and we have pointed that out in the advancing park systems throughout the county. We have taken slough land in Branch Brook Park and Weequahic Park and have turned it into beautiful park land, and all the surrounding territory has increased in value because of the largeness and the beauty of the parks. We have filed a report showing that for 200 feet distant from the parks we not only paid the interest on the bonds and amortized the bonds, but we paid the entire cost of the maintenance and we had some money left over.

Commissioner Gillen: Aside from the park facilities, you can justify the movement because of the greater returns from the improved conditions in the locality.

Mr. Kelly: That is true.

Commissioner Egan: That is true of any improvement. Now, here is an expenditure of a million two hundred thousand dollars on the part of the City of Newark for acquisition of land that is to be used for park purposes. In view of the fact that the legal structure of our different governmental agencies particularly designates the Essex County Park Commission to have county, wouldn't it seem worthy of serious consideration as to whether the Park Commission of the City Government should assume the responsibility of purchasing and maintaining a park that has to do with the welfare of the public and particularly of the children? It is purely a matter of discussion in the hope of arriving at a fair decision as to which agency has to do with it.

I believe that the City of Newark has been fairly cared for insofar as your Park Commission is concerned. I would like to say in passing that I know of no public body that is worthy of higher commendation than your Park Commission for the great work that you

have done and that you are doing and that you are planning to do throughout the entire county.

Now, in this great county of Essex the one particular place above every other place within the boundary lines of the county that was recognized as being imperatively in need of improvements is the Third Ward of Newark, which is a part of Essex County. The charge for all the park systems of this county is carried to a very large extent by Newark. Something cancerous right in the heart of Newark now requires curings. Which is the fairer way to handle it? Under the auspices of the city government, charging the cost directly to the City taxpayers, or under the auspices of the Park Commission, charging the cost directly to the county, if you will?

Mr. Kelly: In this particular case I would say that it is entirely within the power and province of the City.

Commissioner Egan: We recognize that we have the power.

Mr. Kelly: If it were, for instance, a larger park scheme, where it would be not only for the City of Newark but for the people of the county generally, such as Weequahic Park maybe considered, or Branch Brook Park may be considered, or River Bank Park or Independent Park, I would say then that the county really should take care of it, but I think—and I am sure Director Gillen, from his knowledge because of the administration of the park system here will agree with me—that parks such as Military Park and other similar parks are distinctly city parks, such as we have in other municipalities. For instance, South Orange has its parks. Maplewood has its parks. All these municipalities have their little community parks which are really apart from the Essex County Park system, which are a county unit and must be taken as a county unit, taking care of the mountain reserves and are really large parks. We haven't gone into the question of providing parks as community centers. We rather left that to the communities themselves, because we feel that the communities know their needs in this respect much better than we do and can work out

their own schemes better, rather than having some sort of super-government dictating to the city governments what they should have or what they should not have in the matter of parks.

Commissioner Egan: Apropos of that, Mr. Kelly, Riverbank Park is used more or less exclusively by the residents of that territory, isn't it?

Mr. Kelly: It is, but not only people from Newark, but from other communities. What we are doing there now is changing that entire park in its character, so as to make it more nearly a park for county use, as well as for city use. For instance, we have boys come over there from South Orange, from Maplewood, and from all over to play ball with the boys in Newark.

Commissioner Egan: Well, take East Side Park.

Mr. Kelly: All right, East Side Park. We are remodeling that to meet conditions, so that it is growing away from just a little locality park. We are spending considerable money down below the park in order to enlarge the use of the park.

Commissioner Egan: Well, take West Side Park.

Mr. Kelly: The same thing is true there.

Commissioner Egan: We have the fact that your commission over a period of seven years has made a study of this particular situation in and about the Third Ward and that they have finally arrived at a particular point in their study where they feel that it is more advisable to establish this park east of Belmont Avenue. While that matter is still in the process of study under the auspices of your body, along comes this Prudential project. My thought is this: That in working out a problem that has to do with a public situation for the public good, where there are two agencies and the government involved, it is always an advantage to try to harmonize and cooperate in order to bring about what might be the best solution, equitably handled. Now, I think that at this moment it is something that could be discussed advantageously, as to whether Newark or the County of Essex

should assume the cost of this operation.

Mr. Kelly: That is very true, Mr. Director, but when you find a situation such as exists in the Third Ward and an organization comes forward and is willing to spend this large amount of money, they are going to provide housing facilities which a park would not provide. Of course, you understand that.

Commissioner Egan: That is so, but you will admit that when a park is laid out because of the new layout your houses have to come. Along every parkway you find a better class of residences than you find where there isn't a parkway.

Mr. Kelly: That is true.

Commissioner Egan: You will note in your records where you emphasized the improving conditions in the immediate vicinities of a park or parkway or boulevard?

Mr. Kelly: Yes.

Commissioner Egan: Take Oraton Parkway, for instance.

Mr. Kelly: That is very true, and it may develop up in the Third Ward, too, but here is the situation. If we were to develop a park in that area it would cost a considerable amount of money. For us to develop a park it would not pay the Park Commission, for instance to take two blocks and develop it into a park unless we have a minimum area, an area that we feel we need. We feel that a county park should consist of at least four square blocks. We feel that that is the minimum area that is required for a park to be considered as a park that comes under the county park system jurisdiction and provides for county needs. We would need at least that amount of land for our purposes, because, as you know, when we go into a park we provide football fields, baseball fields, and other facilities that may be used by other teams or people coming over to the park, so the cost might prove excessive, and we have to consider it from the cost angle. We didn't put this aside because we said it was unnecessary, but the Park Commission put it aside. Of course, I

don't appear here as a member of the Park Commission—

Commissioner Egan: I know that and I don't want you to think that I am taking advantage of you.

Mr. Kelly: You see, the Park Commission set that aside and they said that they think that it would require so much money to build the size of park that would be in keeping with our general county park system scheme that the City of Newark should join with the Park Commission. At that time we had a meeting with the Commissioners and we said that if the City of Newark would pay, I think it was something like two-thirds of the cost, we could then go to the people of the county and say that this bond issue is primarily for Newark; it hasn't much to do with the county.

Commissioner Gillen: Doesn't the City pay two-thirds of the County cost all the time?

Mr. Kelly: That is not quite true. It is a little over sixty per cent.

Commissioner Gillen: I mean that a good and substantial portion of the taxes that we collect up there now go to the county anyhow.

Mr. Kelly: Yes, that is so.

Commissioner Egan: Mr. Kelly, I don't want to be unfair. This is just a discussion in the hope of getting a little information, having in mind a better solution of the problem, if it is possible.

Mr. Kelly: If your question comes out as to which you would prefer—the housing plan as suggested here now, as contrasted to a park plan, it is not for me to say.

Commissioner Egan: Oh, no.

Mr. Kelly: But if it comes to a question of whether the City should control this park area in the center or the county should control it, there is no answer to that but that the city should control it. If this park is linked with the home situation and you are providing better homes for the people and removing them from the realm of speculation, then, of course, there is no

question but that it is within your province.

Commissioner Egan: After all, the Park Commission is designated by the State to handle the park problems. I know of no government agency that deserves more commendation than your body, and that isn't said with the thought of flattery. Only last week I visited Chicago. The park system in Chicago is a big problem. I say, with due respect to the local governmental body, that if it were placed in the hands of a local group of public officials, who have many other problems to handle in the course of a term of office, the result would not be obtained in Chicago that they have obtained today. They have a most beautiful system of parks, parkways and boulevards. It is under state auspices, under park commissions. To my mind it is sufficient to constitute a basis for study on the part of any public official. A comparable situation can be found in New Jersey, under the Essex County Park Commission. They have done a remarkably fine piece of work.

I think that for what we are attempting here, what the Prudential Insurance Company has agreed to do, words cannot be found sufficiently to commend the fine spirit prompting the acts. No matter how much money might be spent in the Third Ward, too much could not be spent to eliminate a cancerous condition, something that is beyond the police, something that is beyond the social situation, if you will. All elements having in mind the betterment of conditions will have to come into the Third Ward in order to improve conditions as they should be improved and to protect the uneducated and the other type of crude minds. The undertaking itself is very commendable. Mr. Sinclair of your Commission, I am sure, is the creator of the thought back of all this planning. The Prudential has come in and has shown a fine spirit in working out the problem. My thoughts have to do with the mechanism or the procedure as to what would be equitable insofar as the cost is concerned. I am of the opinion that even at this moment it is something that your board, this board, and the Prudential could sit around the table and discuss in the

hope of working out a result that would be more equitable to the taxpayers of the City of Newark.

I think that no matter what the viewpoint of this is, whether you are for it or against it, it is going to bring about a better condition in Newark. After all, no matter what the disagreements or what the differences of opinion are, we are all of one mind as to improving Newark. Whether we are private agencies, public agencies or individuals we have that one thing in mind as the goal. If we can more equitably distribute the cost of improvements such as this without taking unfair advantage of the rest of the county outside of Newark I think it ought to be done.

It will be granted that Newark has been fairly cared for under your organization plan. We have Branch Brook Park. We have Weequahic Park. We have East Side Park. We have West Side Park. We have River Bank Park and some other fine spots. We have the mountain reserves. You are doing great work along the Passaic River all the way up through the county, in the hope of inducing Passaic County and other parts of the state to cooperate and coordinate their activities toward making New Jersey a finer looking state; but here we are, after all, a City Commission, charged with protecting the interests of the people of the City of Newark, and if we can work out a better situation in so far as this thing is concerned, it is all right, in my opinion, but if we can't we ought to do it.

I think that Newark as a community has done far more than its full measure of service as compared with outside municipalities, in providing proper utilities and other features for making this county a better county. It is about time that we got some consideration at the hands of municipalities outside the City.

Mr. Kelly: You understand that my responses to you were in favor of an opportunity that has presented itself to the City to improve the City.

Commissioner Egan: I agree on that.

Mr. Kelly: And this opportunity knocks at the door of a municipality

only once. Well, it is only once in my knowledge that a large corporation has been willing to come forward and spend large sums of money not from a speculative standpoint, but from a humanitarian standpoint, to provide modern housing facilities, where they are needed. We need those modern houses here. I think that the matter as to whether the area outside those houses should be under county jurisdiction or city jurisdiction is a matter that should be considered by those on whom the responsibility falls. We haven't the legal authority. The question as to whether this matter comes in under general health or fire protection or public housing or whether it comes under a broad general planning of county park development would have to be decided in conference.

Commissioner Egan: It is the care of the public.

Mr. Kelly: I would say that we have always considered that the general health problem of a city is more the general problem of a municipality, such as is its fire department, its police department, or its water, and that our job was to provide beautiful park areas and to provide such facilities as may be found in park areas, and to provide recreation. We have carried that system forward and, as you say, have merited the approbation of the citizens of the county for the work that we have done toward that end.

Commissioner Egan: In closing let me bring it back to you that your body has studied for seven years that territory in the Newark Park System.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Robert O. Beebe, Director of Essex County Vocational School, Hall of Records: I want to speak to you gentlemen as a school man interested in the future welfare of boys and girls, whom we come in contact with in their impressionable age—the boys and girls of today, who are going to be the citizens of tomorrow—and to call to your attention the amount of influence that is brought to bear in the lives of these boys and girls by the places and the environment under which they live.

The schools are called upon more to interest themselves in and to be responsible for the health and the social conditions surrounding the boys and girls. I speak of this only from the social standpoint. I can't discuss it from the financial standpoint at all.

In our work in the vocational schools, which you gentlemen know is in training these boys and girls for useful occupations, and placing them in remunerative positions, we find that the places where and the conditions under which these boys and girls live has a great bearing in the matter of their attitude toward their work and toward things in general. We find that matter of juvenile delinquency is much more prevalent in the sections where the living conditions are poor. I can only raise my voice with the others in urging the commission to take this under consideration and to approach with an open mind any proposition which comes to it offering opportunities of improved conditions in some of the sections in Newark which are so greatly in need of betterment.

Mr. Edgar Bamberger, care of L. Bamberger and Co. Gentlemen, we at Bamberger's are very much interested in anything that improves the city and the living of the people in the city. We feel that if this can be done economically it will help everybody and ourselves as well. We have a good many of our employees living in that section and we are naturally much interested in better welfare for them. Having heard all the testimony on the one side, we are in accord with the statements of those that we have heard.

Mayor Congleton: Is there anyone else who desires to be heard in favor of it? If not, we will proceed to hear those who desire to speak in opposition.

Mr. Herman W. Brams, 961 Broad Street: Mr. Mayor and Commissioners, I represent you know, the Third Ward Improvement Association, the association that will be most affected by this ordinance. In speaking for those who are opposed to the project I want to say that this association and its members are not opposed to the project; we are absolutely in favor of the Prudential Insurance Company coming into the

Third Ward and erecting these model homes. We feel that the Prudential deserves all of the credit that is due it for undertaking this work, because we who are in that section, who will be affected by this project, know the conditions by being on the ground floor and perhaps know them better than a great many other people who have visited or casually looked over the situation. Our objection, however, is not to the project, but to the extent to which this project is going. It has been said this morning that there should be more playgrounds and more parks, and I think that you will find in the records of this Commission for the past two or three years agitation on the part of the Third Ward Improvement Association for the establishment of more playgrounds and more parks in that section because we think that only by doing that will the conditions that exist there be alleviated and wiped out.

Our main objection is to the proposed park as it is to be located. We feel that we are not getting that which we have been asking for in the past two or three years. We want a real park. That seems to be practically our whole contention. The question as to the value of the land, as to the participation in the purchase of this land by the City, as to the relative cost, and as to whether the city is paying too much for that which it is getting, are secondary considerations. We feel that in the vicinity of Morton Street, where there are thousands of people living under poor housing conditions, that section should have a park, and I believe that Commissioner Egan struck the proper note when he asked Mr. Kelly if it would not be more advisable that a park be located in that section under the jurisdiction of the Park Commission. Mr. Kelly said that only a park that would cater to the county-wide would they be interested in. I say that if it is a question of tearing the center of two blocks, let us tear down three or four blocks up there and put up a park under the jurisdiction of the Essex County Park Commission. That which the Prudential is doing, let them continue that as they had formerly intended.

Now, with regard to the relative value of the purchase of that land, we

feel that the City, secondarily, is paying too much for the land. It has been brought to my attention by one of the members of the association—this card which is headed "Board of Assessments, Division of Taxes, Newark, New Jersey, percentage of unit value for lots of various depths." Now, we understand that the Prudential is to use 30 feet of the hundred foot lot. Being in a residential district, the value of that land should be 45 per cent to the Prudential. On the basis of \$1,200,000 as against \$1,750,000 which the Prudential has paid or is intending to pay.

Mayor Congleton: Have you ever heard of the other rule that goes with that one, Mr. Brams, the one in which, when a public body goes in to take a part of the land, that they pay not only for the value of that which they take, but for damage to the remainder? What do you think of the kind of rules that the owners would try to impose upon the City if we were going in there and taking what you call the rear land leaving them with the frontage? Would the owners think that it was worth 45 per cent of the total?

Mr. Brams: I don't know. I can't say, Mr. Mayor.

Mayor Congleton: Well, my experience over a good many years has been that I have still to meet my first case where they would.

Mr. Brams: That may be true where there is a condemnation or the taking away of that which is already in existence, but it seems to me that in this case, where the Prudential says that they want 30 feet and they are willing to sell the balance to the City, it is not under duress that they are doing it, but voluntarily on their part. I am merely computing my figures on that basis. As I gather from those figures, a fair value of that land should not be over \$942,000, which, therefore, leave a balance of \$257,300 which is unaccounted for. Now, whether it is a bonus or a subsidy for promotion of new housing which is the jurisdiction made for it by the proponents of the ordinance, or simply a profit for a corporation acting as a real estate agent, is immaterial.

I want to say also one other thing. I think, as I understand it, that there

is not to be any condemnation of any of that land up there. Do I understand that all of the property has already been purchased?

Mayor Congleton: All but a few pieces, and those pieces, if the ordinance goes through, may have to be condemned.

Mr. Brams: It seems to me that the passage of the ordinance would require the City to sign a contract binding itself to exercise the special powers of condemnation for the benefit of the Prudential, which powers were conferred upon the City by Chapter 201 of the Laws of 1929. The exercise of those special powers is limited by that act. The act does not contemplate the exercise of those powers until after the submission of a proposition by the company together with plans and specifications, estimates and costs, schedule of rentals, et cetera, and until after the City has passed legislation authorizing the project, none of which has been done, an agreement by the City to bind itself to exercise these powers at this time is premature, under the act, and consequently seems to be illegal.

Mayor Congleton: Didn't you read Section 8 that we attached to the ordinance two weeks ago, amending it, wherein if this ordinance passes it is ineffective until such time as the Prudential submits the very things that you are mentioning?

Mr. Brams: Then, it seems to me that it might be well to hold up the entire passage.

Mayor Congleton: How can the Prudential go ahead and prepare plans and do all those things unless the City is willing to cooperate, when they have stated to all the Commissioners as long ago as April 23rd in a public meeting that unless there was some cooperation along the lines suggested, the cost of the land would be so great that they could not build the buildings and rent them for the moderate prices that we want for the people that most need it? It was after that declaration was made that a motion was made around this table by Commissioner Brennan, in which the Commissioners went on record as being in favor of the proposition

of cooperation and this is the following-up of that.

Mr. Brams: Well, finally I want to conclude whatever I have said. As I said before, this is only a secondary proposition to the main objection that we have. May we not make this suggestion: That the proposition as it now stands be held over for some time until the City Officials, the Prudential and the Essex County Park Commission meet and talk over to see whether or not the housing and the park proposition can be worked out on such a basis that all three might cooperate?

Commissioner Egan: Mr. Brams, you said in your opening remarks that your clients are not opposed to the project, and that in principle you believe it is a good thing. You also say that the Prudential deserves all the credit due for taking on this work. Your objection is to the extent to which this project is going. You feel that it is not going far enough. Still you feel that the cost is too high. How do you reconcile one with the other?

Mr. Brams: In this respect? That the City is not getting, on a purely business basis, value for its money.

Commissioner Egan: All right. Then you say that the value of the ground is secondary.

Mr. Brams: Yes, sir.

Commissioner Egan: That brings you back to the cost of the investment, does it not?

Mr. Brams: Yes, sir.

Commissioner Egan: You say that the value of the ground is secondary. How do you reconcile one thought with the other?

Mr. Brams: We might justify that thought by the wish that is in back of our minds—that we get that which we have been agitating for, no matter what the cost may be.

Commissioner Egan: The best rule of negotiation is always compromise. You never get all that you want, do you?

Mr. Brams: Absolutely true. That has been my experience.

Commissioner Egan: You say that you want a real park?

Mr. Brams: Yes, sir.

Commissioner Egan: You say that this isn't a real park, in one breath, and in the other breath you say it is too expensive. Now, this area is included in the Third Ward, is it not, and the ownership of some of this property, at least, rests in the names of members of your association, does it not?

Mr. Brams: Yes.

Commissioner Egan: Well, if you give the Prudential Insurance Company credit for that which they are doing in this work you are really sincere in your thought, then, why can't the members of your association show some spirit of philanthropy by making the cost of this ground lower, if you think it is too high?

Mr. Brams: May I say this: I believe that it was brought out at the last meeting that there had been efforts made by members of our association that we be permitted to inject ourselves into the purchases of that property.

Commissioner Egan: You know that it is entirely impossible to permit a welfare organization, thrown together more or less based upon expediency, to be given the right to have to do with the investment of millions of dollars belonging to somebody else. That is just begging the question. You come here in your talks and you say that there are other blocks of ground in this territory that can be bought for probably one-third cheaper than this land, but you do not back up that statement by anything concrete. Why don't you?

Mr. Brams: Let me say this, Director, that during the time from April until two weeks ago there were members of our association—since you have asked us directly that question—who went to see the owners of property immediately west of the block that is bounded by Barclay and Broome, and Montgomery and Spruce, and they have found, roughly, that that block can be bought at between six hundred thousand and six hundred and fifty thousand dollars. Now, I can say to you

that we can produce that block to you for that figure, because although I haven't verified those figures, I have all of these slips in my office and the amounts that were mentioned and the amounts that they will sell their individual properties for, which aggregate to between \$600,000 and \$650,000.

Commissioner Egan: Why don't you do it in actuary form? Figures are fine. We are public servants charged with a duty.

Commissioner Murray: Get them signed.

Mr. Brams: I have signed statements.

Commissioner Egan: We all have the one thought in our minds. You, apparently representing the association, are apparently trying to help the common cause. You should do it specifically. Another thing, in one thought you commend the Prudential. In another thought you say that the land value is secondary and you say that your objection is that the Prudential is not going far enough. You also say, under the classification of objections, that you object to the park as it is located. Then you come in with your final thoughts by showing a nasty spirit, by creating the inference that perhaps the Prudential Company is seeking a bonus. That isn't fair.

Mr. Brams: That is not my affair.

Commissioner Egan: That is what you say in your statement. You know it is not fair, when you find a person or a corporation doing something as a trustee, without any thought of individual profit, to inject an expression that might be looked upon as nothing but acrimonious.

Mr. Brams: That is only a matter of a choice of words.

Commissioner Egan: If I were you, representing that group, I would not have existent upon the record anything that is not consistent with cooperation and helpfulness, when you are here cooperating with a public body attempting to bring about a better situation in this city.

Mr. Brams: My figures as I gave

them \$947,200, left me with a sum of \$257,000 that I could not check, and a matter of words as to what that is, coming from me with the intention that I have in mind, means very little, and I say and repeat again and wish it to be understood that as far as I am concerned my intention is to represent my constituents in such a way that they will feel that I have given their thoughts to this Commission. My own personal thoughts are not involved, but I do feel that as far as they are concerned, that their main objection is that the project is not going far enough, that they are not getting all that they asked for for the last two or three years, and we feel that the matter that was suggested by you and spoken about with Mr. Kelly will go farther and will take care of the proposition as it should be.

Commissioner Murray: Mr. Brams, you speak about the \$250,000. The cost of that land to the buyer, to the Prudential, or to anybody else for any other purchase for which it is used would be the cost of the amount of the purchase price plus the cost of the razing of the structures that are upon that land before it can be used for the purpose that the City is buying it for, isn't that so?

Mr. Brams: Yes.

Commissioner Murray: Doesn't the \$257,000 come in there? You have got to raze this entire area to the ground. You have got to make your changes so that it can be ready for excavating, for the buildings to go on it and for the reconstruction of the area between the apartments. That has to be figured into the total cost. The total cost of that land will be the total cost when the land is ready for the projects.

In addition to that, you have referred sometimes to backyard land. There isn't any backyard land. The plan of these buildings makes the street front and the park front property. There won't be any garbage receptacles, and it won't have any. This will be a city park, if the plan goes through. The garbage and so forth will be handled by the janitor service in these places. If you got the park alone, to which you refer, would that relieve your housing conditions in there?

Mr. Brams: The park itself?

Commissioner Murray: Yes.

Mr. Brams: No, it won't relieve that, certainly not.

Commissioner Murray: It would mean greater congestion. Now, with this project in view, and with your having obtained figures which show that you could obtain the equivalent amount of land for \$600,000, why don't you go on through and get four square blocks, and we will see if we can get the county to put a park in there, but do not stop this desire on the part of a corporation to improve this neighborhood for the Third Ward. They are the one it is for. By tearing down these four blocks you may make it worse. Where are the people going to go? If you get this property to improve, you may get a park that you want, but you get a place for the people to live with plenty of fresh air and light, and you give a youngster a chance to live in a room where he doesn't have to associate with six or eight adults. It is not their fault, because his parents are as poor as he is and he is as poor as they are. If this ordinance goes through, why don't you see if you can get your extra three blocks and get it down to a price where we might be able to take it up with the county commission and get them to come in and put a county park there? Why don't you do that. Why don't you do something concrete, instead of just coming in here and talking.

Mr. Brams: We would be very much pleased with that and I think that we can get the members of the association to cooperate with the city and the county to get such a park. I am also sure of one thing: That these two blocks would just be scratching the surface of the other twenty blocks that are in the city, every one of which—

Commissioner Murray: It is a start, isn't it?

Mr. Brams: Yes.

Commissioner Murray: You have to begin somewhere.

Commissioner Egan: Mr. Brams, I would like you to consider this feature: That because of the conditions in the

Third Ward today, just so far as the Department of Public Safety is concerned, the payment chargeable to police service because of the conditions that can be eradicated will come to at least a hundred thousand dollars a year, represented in salaries to the members of the Police Department. For the last three weeks we have had three crews of men dealing with the vice conditions, a condition that is chargeable to lack of proper leadership in the territory, a condition that is chargeable to lack of proper intelligence on the part of the residents, a condition that is chargeable to other agencies of the government, which, after all, falls into the lap of the Department of Public Safety to attempt to eliminate. We have in there now at least twenty policemen under direct supervision of superiors, attempting to cope with an acute situation. We have been required to use unusual efforts in other respects in the last few weeks. It is just a repetition of that which has been continual and more noticeable from time to time, in the hope of eliminating a condition that goes to the very root of life. It would not be so bad if it only applied to the adults, but it creates a condition in the way of an example for the child, who doesn't have a proper atmosphere in which to grow up. You know just as well as any other person in this city knows it that if we hadn't anything else in mind but the saving of a child or two we could not go too far in our efforts to eradicate a condition that can be properly termed nothing other than cancerous. We have had occasion lately to bring in juveniles eight or ten or twelve years of age who have committed crimes comparable to the crimes committed by persons between the ages of twenty and thirty, and it is all because of the example that is set. You know that, and that is what you are after particularly.

The people up there, because they are weak are entitled to support, consideration and leadership. Men in public life can't give it all. We know—in fact, it is imperative—that we must have the support and cooperation of the citizens as private citizens. We don't want to organize crews to go in there, crews which may be properly classified as wrecking crews, to go through a place ruthlessly looking for people who have

no respect of law or who have no moral standing. The situation is due to lack of education and to poor home conditions, to a large extent. We have gone along slowly in some situations up there, because we know that it is utterly impossible for some of these residents to stay in their houses on hot nights. We have seen them up there as late as two or three o'clock in the morning walking the streets because they could not sleep in their poorly constructed places.

Commissioner Murray has done everything he can. He can probably charge off in his department \$25,000 a year because of unusual work done in that department by his inspectors, for that district, that he is required to deal with because of the situation. There are so many things that come into the situation that you have to deal with it broadly and not be picayune. You should not be acrimonious in dealing with a situation such as this.

Mr. Morris Newman, 8 Barclay Street: Gentlemen, I want to tell you that if the City is willing to spend a million dollars or three-quarters of a million, we will produce for the city a beautiful four square blocks in the Third Ward for half that price, which the landlords want to do. There is no doubt that we are willing to sacrifice our prices on the property there on some of the land. If the City has a right to condemn for their property, there is four square blocks. I think there was an option given on this property to find out the cost, and I think you can get them for three-quarters of a million dollars, and it would be four square blocks from West to Morton, from Morton to West Kinney.

Mayor Congleton: Will they build any houses to take care of the situation that we are trying to deal with?

Mr. Newman: Will who build?

Mayor Congleton: Your group.

Mr. Newman: Why, absolutely.

Mayor Congleton: Why haven't they? They never have.

Mr. Newman: They never have before because there was a time that they

couldn't build, but we are now prepared to build properties and to prepare their property and make them as much as required now, but if it is a matter of a park, if the city only wants to spend three-quarters of a million dollars we will produce four square blocks in the heart of the City.

Commissioner Murray: You will?

Mr. Newman: Yes, from West to Morton, from Morton to West Kinney, those four square blocks could be bought for less than three-quarters of a million dollars.

Commissioner Murray: Four Square blocks?

Mr. Newman: Four square blocks right there. I think there was an option given on those properties and they were taken in, naturally. Some of the landlords are asking high prices, which, if the city can show them it is for the good purpose, they will give it to you much cheaper.

Commissioner Murray: I will vote to buy those four blocks for \$750,000 if we can get it. I will do that at any time.

Mr. David Goldberg, 66 Waverly Avenue: Worthy Commissioners and citizens, it seems kind of strange to other citizens and taxpayers that don't live in the Third Ward that come up here and say, "Look here, we want to come into the Third Ward, erect beautiful houses, give them a park, do everything that we can possibly do, and they come down here and say they don't want it. There must be something wrong there; otherwise it wouldn't be so. I believe I feel with the other good and welfare associations and corporations that endorse this plan look upon us as savages. "Here we are coming in and spending millions of dollars in your ward. We want to clean up the trouble you have got there, and you come down here and say you don't want it. Why is that? There must be some reason." Why, I am living there thirty-two years and I am raising a family there, besides. Why do you come in and ask the doctor what is the matter with the patient? Why don't you ask the patient yourself, what he is suffering with

in the Third Ward? We from the Third Ward already realize that we need a different medicine. We need a different operation. I will ask a question of our Mayor which I want to be enlightened on: By the development of these two blocks—let us take it for granted or for consideration that a million, two hundred thousand dollars isn't much. Let us take it the other way, that we are not all angels and that we all make mistakes. Maybe they promised something to the Prudential which they are entitled to get, some courtesy or something. Will this be a beginning? Or will this be a beginning and an end? Will the development of these two blocks answer the question of the Third Ward or will it be a case of going ahead further? I would like to have that question answered. You all know, gentlemen, that it is more than two blocks decayed in the Third Ward.

Commissioner Egan: It is all decayed.

Mr. Goldberg: It is all decayed.  
Commissioner Egan: What do you want? To take apart the whole ward?

Mr. Goldberg: What we want is this: That if the Prudential came down and said, "gentlemen, we bought twenty-five blocks in the Third Ward. It is no more than right that you should assume six or seven blocks for a park, that we can go ahead with our work." When the Prudential came in with their idea we felt that the Prudential was coming in there to invest \$50,000,000 and here we hear that they only invested one million, seven hundred, fifty thousand dollars and then they got cold feet. Gentlemen, I believe that the majority of our property owners have invested in the Third Ward more than the Prudential is going to invest now. Aren't we entitled to some consideration? Did you come around and say, "We are going to rip out five or six blocks. Will you improve your property surrounding that area? You didn't come around and do anything of that kind. If you did, we should find a way to do that. Aren't we entitled to that consideration? You admit that we own at the present ninety per cent of the property in the Third Ward and the Prudential only owns two blocks. Why should you spend \$1,200,000 for

that particular corner and leaving the rest of it for them. If those two blocks will help the curse, I am willing that the City will spend not \$1,200,000, but five or ten million, but it will not be so. You cannot take a diamond and put it into the mud and make it shine, I don't care how much value that diamond will be; it is mud all around it. What you need is a park, not a playground. A gentleman over there representing the Essex County Commission—I read an article in the paper from the vice president of the Fidelity Union Trust Company, a member of the Park Commission, stating that we don't need a park in the Third Ward; what we need is a playground. Gentlemen, how many playgrounds have we got today there? Figuring up I can count seven or eight playgrounds, and you are going to give us another playground. Some people call it a park. Some people call it a playground. Do you know what we call it up in the Third Ward? A pain in the neck. (Applause).

We living in the Third Ward know what we want, and if we would know that this \$1,200,000 is going to solve the problem, we would come up and help all we can. We know you can't do it. It is impossible. You have got to cut deeper. Rip out five or six blocks there and make it right. Come in. You have the right of way. You have got the right of way. You can say, "Here, this property isn't worth more than six or seven hundred thousand dollars. It belongs to us, whether you like it or not." Condemn it. When you can get it at your own price and then come to the taxpayers of the Third Ward and say, "Look what we are doing with it. We are ripping out an area and you will have the finest place in Newark. Now, what are you going to do with your shacks? Then they will have to take them down and put up nice places. Nobody ever came to us with that proposition whatsoever. I appeal to you gentlemen, right now, answer me that question. The development of these blocks is it the beginning or is it the beginning and the end. If it is the beginning and the end, we oppose to spend a million, two hundred thousand dollars. If it is not ended, that means that you gentlemen have in mind to go ahead further, and we are

with you, but if you are going to stop right there at the two blocks and go no further, we can oppose as far as we can on spending a million, two hundred thousand dollars.

Mayor Congleton: I would like to answer your question for myself. I have already made public my attitude with respect to future developments of this kind. I have heretofore said that we are establishing a precedent. It is an excellent one, in my judgment, and if other large interests with the same humanitarian motives should undertake to improve our city and the condition of our less fortunate people, on a broad scale, by acquiring entire blocks in congested districts in which there exist unsanitary dangerous housing conditions which are a menace to the health, safety and welfare of the public, and erecting in their place, light, airy, modern and healthful homes, I shall always stand ready to go along with them. (Applause).

Mr. Goldberg: Very well, Mr. Mayor, I have always considered that point of view. I have had that in mind to ask that question and I was going to ask you right now this: Let us take it for granted there will be a company coming up to you and say, "Here, we bought two blocks in the Third Ward. We paid a lot less than the Prudential people, and we offer you the back yards for not a million, two hundred thousand dollars, but for five hundred thousand dollars." You would not turn them down again? You will be able to adjust the rents the way you want to. Will you refuse it?

Mayor Congleton: I have made my statement and I stand by it.

Mr. Goldberg: That you will not refuse it?

Mayor Congleton: I will go along with anybody who will go into what has been characterized as the cancerous growth of the City, and I will do everything with my vote that I can, as one of the Commissioners in charge of the City affairs, toward eradicating that situation.

Mr. Goldberg: Just imagine that, gentlemen and taxpayers. Within the next five years we are going to have

fifteen or twenty or twenty-five real estate organizations and other organizations and groups of landlords who own property down there who want to put up nice modern homes and they will come to the City and ask them to buy up the backyards and they will take the front of their houses. I can see where the City will spend \$25,000,000 to benefit these backyards. Isn't it much better for the City to spend \$10,000,000 and take one area in the entire district than to support every big operator who wants to make a profit by getting his backyards taken care of?

Commissioner Murray: Mr. Goldberg, you asked a question and it has been answered. You wanted to know whether the City would be willing to cooperate in all movements to help eradicate this condition in the Third Ward, and you were told that it would. You wanted to know if this was a beginning and an end or just a beginning, and you were told that it is a beginning. Now you jump around and you want to go into something else. After you get what you asked for you tried to pick it out. You asked the City Government if this was to be the beginning and the end. You were told by the Mayor that he would always be ready to go in with his vote to support any proposal of a like character for the rehabilitation of the Third Ward or any other Ward in Newark, and so would every other member of the Commission. When you got your answer that that would not be the end, that it was only a starting point, you turn around and try to pick it out and say that within five years there will be twenty-five groups of landlords and other organizations asking the city to take off their hands land that they cannot use for their building projects. You are just trying to pick out the answers to your questions. You are jumping to something else, something that may or may not be probable. Where is your consistency? Why don't you talk to the point? You have got what you want and now you are trying to bring in something else.

Mayor Congleton: I want to add one point to that. Your proposition of taking three or four blocks for a park would take that land out of the tax ratables for all time and you are not

providing any modern housing facilities, either. I want to make it just as clear as I can that the City by the proposition proposed in this ordinance is getting a park place a quarter of a mile long and 140 feet wide, and we are providing the housing facilities that a majority of the people of your ward need. Private parties have taken the initiative and provided for it. We are not spending the taxpayer's money except in the first instance that we are issuing our obligations, every dollar of which will be taken care of during the term of the bond, and it will turn back to the City \$2,299,000 more than this land cost us, with bonds issued for fifty years and bearing four per cent interest.

Mr. Goldberg: Well, honorable Mayor, I agree with you to that point to a certain extent. If you will look upon it with a business proposition—

Commissioner Egan: Business is business, isn't it?

Mr. Goldberg: Business is business, that is all right, but they come around and give us breathing spaces. You want to take care of our people. If you want to purchase future space come around and let the crowds and the people know where the joker is, and then go ahead with it. Don't come around and say that we have to do this because we want to give you a breathing space; therefore you can go ahead and do what you want with the city. We taxpayers and citizens of Newark say to you that we want a park, one hundred per cent park, and no playground. If there is any parks coming in from this particular area, a park—we feel that some times you have got to throw out a dollar and pick up a penny, to get what you want. I see in the last 32 years in Newark we are throwing plenty of dollars and picking up pennies. We don't see anything at all. I agree with you, Mayor Congleton, that you are right from your standpoint, and we are also right and we will insist upon our demand for a park in the Third Ward. As long as we are going to get playgrounds, we don't care how, what they are, what benefit they are, we will be opposed to it.

Mr. Samuel D. Levine, 524 Hawthorne Avenue: Gentlemen, I represent the Communist Party. In our party any

landlord or employer of labor can't be a member, only workers can be members of our organization, and therefore the Commission may be sure that I am voicing the opinion of workmen, not men and women who live in that ward in whose behalf different propositions pretend to be made. I claim that the workers in the Third Ward have reasons to doubt the humanitarian motives of the Prudential Insurance Company and also the humanitarian motives of the Third Ward Improvement Association. They had bitter experiences with both, and I think that this proposition that they are going to enter in the name of helping the poor is only a means of misleading the workers. It is not going to help. It is a business proposition from the Prudential Insurance Company, who are no better or worse than the Public Service Corporation or other corporations who are doing business. I came in this time of the depression when thousands of people are out of work, the City is not going to help the poor, but is going to help rich corporation. The poor are not going to be benefited by a proposition of house building, but the individual company, whose main motive is business. Therefore I believe that if we are really interested in helping and solving the problem—and everyone agrees that the situation over there is very bad, that the housing conditions is bad, that we need to have better housing, that we need to have more parks, that we need to have more playgrounds, that we should not let the landlords who are exploiting them steadily over there, getting big rents in these congested houses—we should not let them, nor should we let the Prudential Insurance Company or any other company to come up and say, "We are going to help you." We know that only last year the Prudential Insurance Company had some labor troubles when the workers wanted something, and therefore the workers think that the Prudential is not going into this thing for a good motive. The Communist Party proposes that a conference of labor organizations, of union labor, should be called, that instead of giving money to the Prudential Insurance Company, the Prudential Insurance Company should be taxed as well as many other corporations in this town should be taxed for a sum for building houses for the poor people in this district, that these slums should be wiped

out and that model apartments should be built and rented to the workers at a very low rent at a time of unemployment, when it is not their own fault that there should be no employment for them, that there should be no eviction, as it happened a few months ago and that the man was evicted for not paying the rent. Only next week we are having a case in Court where four Communists are appealing from a four months' sentence in jail because they dared to come out in Livingston Street and object to the eviction of a man who failed to pay rent for a few months, because he was out of work, and he and his family were evicted from the house. We came over to protest and we were arrested, and the four workers have been sentenced to three months in jail by a judge in that district, so we want this condition to be removed. You don't see the workers come over here; you see the rich club men and others come here, but not the workers in the districts over here, which say to the Prudential Insurance Company and to the City and to the Third Ward Improvement Association, "We don't want your favors. You are not working in our interest. The only ones that can work in our interest is the workers themselves." Therefore our proposition is that the City call a conference of the workers association, that they should decide to tax the Prudential Insurance Company and also the members of the Third Ward Improvement Association.

Mayor Congleton: Why do you make such a proposition? You know that there is no such law that gives us any such authority. You claim to know a lot about this proposition. Why are you making statements of that kind? You know that there is no legislation that will permit us to do the things that you are asking for.

Mr. Levine: If the City will be interested in it they can appeal for some such legislation.

Commissioner Murray: Do any members of the Communist party in the United States work or do they all spend their time lecturing?

Mr. Levine: They are all working.

Commissioner Murray: I have never seen one who is working.

Mr. Levine: No exploiter of labor can

be a member of the Communist Party.

Commissioner Murray: You doubt the good motives of the Prudential. You doubt the good motives of the Third Ward Improvement Association. You doubt the good motives of the Civic associations that have come here this morning. You seem to doubt the motives of everybody.

Mr. Levine: No.

Commissioner Murray: Whose motives don't you doubt?

Mr. Levine: I doubt the motives of people who are in business and of landlords—all people who are in business I doubt their motives.

Mayor Congleton: I suppose you doubt the motives of a person who saves his money and buys his own home, too.

Mr. Levine: As I said before, no landlord or business man can be a member of our party. Of course, if you don't want to listen to me I can—

Mayor Congleton (to the audience): Just a minute, let us be fair. We will conduct this meeting in an orderly way. I have no objection to sitting here as a commissioner and listening to you, Mr. Levine, if you will talk on matters that are in existence and not on some of those things that you have been preaching about for the last twenty or twenty-five years, and which have not materialized. We have got to deal with this thing under our form of government as we have it today.

Mr. Levine: Mr. Mayor, this proposition that I have made is under the jurisdiction of this form of government. We are proposing this for you to do it. If you don't do it it will only prove to the workers that you don't do it. (Laughter.)

Mr. Sol Merzell, 448 South 18th Street: Honorable Mayor of the City of Newark, and Commissioners, I want to say a few words in answer to that Prudential Insurance representative. He is here today in favor of the better things for the future of our boys and children. Everybody approves of a playground and model tenement houses. Sure. Why not? If the City will donate \$1,200,000, why not? How much did the City donate to the uptown boys

when they made Newark three times as large. What did the City give them? The only thing the City gave them is high taxes. The minute the city promised five years extension of taxes, they enlarged the city three times as big. What did the City give them? Nothing? Now, the Prudential wants to do something. In other words, they want to promote a charitable institution. Let them do that at their own expense, not at the city's. Furthermore, if the City is interested in the future, why, we are only making a laughing stock of ourselves, paying \$1,200,000 for a Barclay Street backyard. It would be a crime to do that, even if we had a machine to print the dollar bills, I would say not to do it. I believe the Commissioners will not stand for that, and especially Public Safety Commissioner Egan will say that that \$1,200,000 does not go out of the treasury for this.

Max Steiner, 150 Somerset Street:

Mayor Congleton: Do you want to add anything to what you said at the last hearing?

Mr. Steiner: Honorable Mayor, I will say something different: I will not mention all that I said last week. The first thing, I want to thank Mr. Egan for his good work. We had a meeting Monday night and we sent in a letter of thanks for his good work, because he has tried to clean out our undesirable neighbors and neighborhood, and he is trying his best. I see two cops going around on horseback, and that helps to improve the Third Ward fine. I hope Commissioner Egan will keep on that good work. Now, Honorable Mayor and worthy Commissioners, I want to say this much. The Prudential Insurance Company went to work and bought two blocks. I am only half a block away from that. I am half a block to Waverly Avenue and I lived there for a good many years, and the Prudential Insurance Company bought the two blocks, and the City goes to work and gives them \$1,200,000 for the yards which they, the Prudential Insurance Company and the Commissioners, call that for a park. Now, you know, gentlemen, what I call that? A prison yard and worse than a prison yard. (Applause). A prison yard has only got fifteen or twenty feet walls of brick or concrete or stone. Although I was never in a prison yard, I will tell you that, but that

is worse. I suppose that they will put up a strip of houses from Waverly Avenue to Montgomery Street and from Waverly Avenue and Montgomery to Barclay and on Barclay Street and one from Waverly Avenue to Montgomery Avenue and Somerset Street, and in the middle would be that backyard. Why, gentlemen, they use that backyard for wash lines and old mattresses and other stuff. These people need that. Now, gentlemen, when your children and our children, and your wife and my wife will go in that park—I suppose you will put in a little grass and put in benches—and we will sit down in this park; what will come from all those windows? All kinds of dirt and everything on top of it. (Applause).

Mayor Congleton: Your argument only convinces me more than ever that we need something of this kind, if that is the way people live in these houses.

Mr. Steiner: Now, it is too late, and I will cut it short. You know how we stand. You know that we are cut in the Third Ward. Now, the Prudential come to work and grinds that big sharp knife and they want the Third Ward should turn the grindstone and after they have the sharp knife sharpened like a razor they hand it to you, gentlemen Commissioners. They say, "Here gentlemen, you do the dirty work and cut their throats." Our legs are cut now and we need crutches. I say, gentlemen, this is the only way. If the City goes to work and wants to give us a park—we were promised a park. When we come together, we come together once a year before election or properly one in four years, and the City Commissioners come and say, "Yes, the Third Ward wants to be improved and that wants to be given a park." Even Commissioner Gillen said that he knows Lefcourt, the biggest builder in the United States, and he is going to build up the Third Ward fine. Now, worthy Commissioners, I will say that if we want this park—we were promised a park. If you gentlemen can't give us a park while you are in term here, while you are in office, we are not in a hurry for a park: we will wait until your term will expire and we will elect you again and give you a term again, a new term, but gentlemen, give us a park or give us nothing. Don't give us that alley which has a five-story building which is planned 55 or 60 feet

high on one side and a 55 or 60 foot high building on the other side, and say, you go in there. You know, gentlemen, who are going in this playground and park? Hoboes. You will find a lot of empty booze bottles in the morning. Although it is prohibition, I don't know; I can't get that stuff, but they are getting it, and that is what you will find in the park, and we don't want that park; we want a park that we were promised or nothing.

Mr. Albert Newert, 239 West Kinney Street: Gentlemen, I am trying to express the opinion of the people, although I am not an eloquent speaker like my predecessor, but I want to voice their feelings as I know them from that ward. Now, their idea is that they would live for the Commissioners as I understand it, to concentrate on an area of about four square blocks. I believe there are plenty of real estate corporations in the City who would work in conjunction with the Prudential Insurance Company. We would surround that park with modern buildings and with modern housing facilities, instead of going to the extent of buying backyard areas. The Mayor has said that they would work along with anybody on the same principle as the Prudential Insurance Company. Why should they work along with them and buy up the rear space? If that would be the case we would have a lot of rear space playground and no real park. Therefore I believe that if the Commissioners would concentrate on an area of about four square blocks for a park, I believe there are plenty of people in the City of Newark that would build up the surrounding area with modern buildings, and with modern facilities.

Mayor Congleton: Does anyone else desire to be heard?

Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray; Mayor Congleton.

Commissioner Egan moved that the ordinance be laid over until October 15, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Egan, Gillen, Murray, Mayor Congleton.

The City Clerk presented an ordinance providing for the vacation of an Unnamed Street 60 feet in width, running on a course about north 3 degrees 20 feet west as shown on the map of the Commissioners to Lay Out Street, Avenues and Squares, said Unnamed Street lying partly between Lockwood Street and Esther Street, the middle line of said Unnamed Street intersecting the middle line of Lister Avenue at a point in the same distant 28.30 feet westerly from the intersection of the middle lines of Lockwood Street and Lister Avenue; said vacation to extend from the northerly line of Euclid Avenue about 1,700 feet northerly to the terminus of said Unnamed Street; excepting from such vacation all those parts of the above mentioned Unnamed Street lying within the limits of Esther Street, Lockwood Street, Albert Avenue and Lister Avenue, and stated that today was the time fixed for hearing on the same.

The board then entered upon said hearing.

Mayor Congleton: Does anyone wish to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray; Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of an Unnamed Street 60 feet in width, running on a course about north 3 degrees 20 feet west, as shown on the Map of the Commissioners to Lay out Streets, Avenues and Squares, said Unnamed Street lying partly between Lockwood Street and Esther Street, the middle line of said Unnamed Street intersecting the middle line of Lister Avenue at a point in the same distant 28.30 feet westerly from the intersection of

the middle lines of Lockwood Street and Lister Avenue; said vacation to extend from the northerly line of Euclid Avenue about 1,700 feet northerly to the terminus of said Unnamed Street; excepting from such vacation all those parts of the above mentioned Unnamed Street lying within the limits of Esther Street, Lockwood Street, Albert Avenue and Lister Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray; Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray; Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray; Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray; Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance providing for the

vacation of an Un-Named Street 60 feet in width, running on a course about north 3° 20' west, as shown on a map of the Commissioners to Lay out Street, Avenues and Squares, said Un-Named Street lying partly between Lockwood Street and Esther Street, the middle line of said Un-Named Street intersecting the middle line of Lister Avenue at a point in the same distant 28.30 feet westerly from the intersection of the middle lines of Lockwood Street and Lister Avenue; said vacation to extend from the northerly line of Euclid Avenue about 1,700 feet northerly to the terminus of said Un-Named Street; excepting from such vacation all those parts of the above mentioned Un-Named Street lying within the limits of Esther Street, Lockwood Street, Albert Avenue and Lister Avenue," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of an Un-Named Street 60 feet in width, running on a course about north 3° 20' west, as shown on the Map of the Commissioners to Lay Out Streets, Avenues and Squares, said Un-Named Street lying partly between Lockwood Street and Esther Street, the middle line of said Un-Named Street intersecting the middle line of Lister Avenue at a point in the same distant 28.30 feet westerly from the intersection of the middle line of Lockwood Street and Lister Avenue; said vacation to extend from the northerly line of Euclid Avenue about 1,700 feet northerly to the terminus of said Un-Named Street, excepting from such vacation all those parts of the above mentioned Un-Named Street lying within the limits of Esther Street, Lockwood Street, Albert Avenue and Lister Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Court from Commerce Street to Raymond Boulevard with asphalt pavement (1½" top-½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Court from Commerce Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Court from Commerce Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Court from Commerce Street to Raymond Boulevard with asphalt pavement (½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray offered the following resolutions:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

WHEREAS, the following resolution was adopted by this Commission on March 19, 1930, as follows:-

"WHEREAS, The Overseer of the Poor of the City of Newark reports to this Board that because of the unusual demands upon his department for assistance, the amount heretofore appropriated for the support of said department is inadequate;

RESOLVED, that an emergency exists in said department which requires an increased appropriation therefore; and

BE IT FURTHER RESOLVED, that in order to meet the requirements of such increased demands the issue of emergency bonds be hereby authorized from time to time, as required in such amounts as this Board may by resolution declare."

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that pursuant to Chapter 192 of the Laws of 1917, entitled: "An Act Concerning Municipal and County Finances", and Acts amendatory thereof and supplemental thereto, emergency bonds in the aggregate amount of Fifty Thousand Dollars (\$50,000.00), (this sum being in addition to the sum of Fifty Thousand Dollars (\$50,000.00) heretofore authorized on July 30th, 1930.) are hereby authorized; and

BE IT FURTHER RESOLVED, that said emergency bonds authorized by this resolution shall state in general terms the purpose for which they are issued, shall be dated as of the date of issue, shall mature not exceeding six months after date, shall bear such rate of interest not exceeding six per

centum per annum and shall be issued in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized by this resolution, subject to the provisions of Chapter 192 of the Laws of 1917; as amended; and

BE IT FURTHER RESOLVED, that the Director of Revenue and Finance be and he is hereby authorized to sell said emergency bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners: Egan, Gillen, Murray, Mayor Congleton.

To the Board of Commissioners of The City of Newark, N. J.

Dear Sirs:-

I respectfully submit the statement annexed (by items) of the amount in gross as shown by the records in this office of the several sewers, Chapter 152, Laws 1917, now completed, which statement is now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. BRADY,  
Acting Auditor of Accounts

Walnut Street sewer, N. J. R.  
R. Avenue to Adams Street \$15,894.75

RESOLVED, by the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction and provision of the statutes in such case made and provided.

John Howe

Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, it has been reported to this Board by the Department of Health of the City of Newark that a proposed new milk code scheduled to come before the State Board of Health October 7th for its approval or disapproval would have a serious adverse affect upon the health regulations concerning the sale of milk in Newark, said regulations, based on many years of study and research, representing the most advanced methods of safeguarding the sale and distribution of milk; and

WHEREAS, This Board is informed that the proposed code would supersede all local ordinances covering the sale of milk and would permit the sale of three grades of raw milk, which would nullify all the progress which the City of Newark has made in prohibiting the handling of raw milk excepting certi-

fied milk, despite the fact that practically all medical and health authorities throughout the country agree that raw milk must be certified to be reasonably safe; and

WHEREAS, After years of effort, the City of Newark has succeeded in restricting each creamery to the handling of but one grade of milk, while under this proposed code no less than six different grades of milk could be handled in a single creamery;

NOW, THEREFORE BE IT RESOLVED, That the Board of Commissioners of the City of Newark is unqualifiedly opposed to all of the aforesaid provisions of the proposed State Milk Code, and does strenuously protest against its adoption by the State Board of Health; and

BE IT FURTHER RESOLVED, That a certified copy of this resolution be forwarded to the State Board of Health.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Murray moved that the application of Edward Gatti covering the construction of a poultry mar-

ket at 34 Hanover Street be laid over for one week for final inspection.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the application of Ernest F. Hornig covering the construction of five additional individual garages at 304 South Eleventh Street be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

**Application of Alfred S. Clark and J. William Huegel for the construction of a gasoline station; premises 1112 South Orange Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Commissioner Gillen moved that the application of Pasquale Manzo covering the construction of a poultry market at 16-18 Gotthardt Street be laid over for a week for final inspection.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillen moved that the application of William Vorunion covering a miniature golf course at 504-506 High Street be laid over for one week.

Commissioner Egan: It is near Springfield Avenue and it will cause trouble as far as traffic congestion is concerned.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Gillin moved that the application of Thomas E. Stauder covering the construction of four additional garages at 260-262 Fifth Street be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed;

**Application of Herman Fresh (Peter Gunne, owner) for the construction of a gasoline station; premises 487 Raymond Boulevard;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment

be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

Mayor Congleton: Has any person any matter to bring to the attention of the Commission this morning?

Commissioner Murray: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of The City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

Newark, N. J., October 8, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present Commissioners Egan, Murray, Mayor Congleton.

Absent Commissioners Gillen and Howe.

The minutes of meeting of October 1st were read and approved.

The City Clerk presented "A Further Supplement to an Ordinance entitled: 'An ordinance to Establish the Names of Certain Streets in the City of Newark,'" and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Egan moved that the ordinance be laid over until November 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street, westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the

following ordinance be taken up on seconding reading:

An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the title of 'An ordinance providing for the vacation of Boudinot Street, from the

westerly line of Mulberry Street westerly to the easterly line of Pine Street", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Boudinot Street from the westerly line of Mulberry Street westerly to the easterly line of Pine Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street, northerly 132.21 feet to Dayton Street, Van Vechten Street from a point 147.57 feet west of the north-westerly corner of Sedgwick Avenue and Van Vechten Street north-westerly 272.19 feet to the Elizabeth-Newark boundry line, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until October 22nd, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Muray, Mayor Congleton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the execution by the City of Newark of a Supplemental Joint Contract between the City of East Orange, The Townshpi of Hillside in the County of Union, The Town of Irvington, The Township of Maplewood in the County of Essex, The Township of Millburn in the County of Essex, The City of Newark, The Borough of Roselle Park, The Village of South Orange, The City of Summit, The Township of Union in the County of Union and the Town of West Orange, municipal corporations of the State of New Jersey, for the purpose of changing and modifying certain of the terms of the Joint Contract, dated June 1, 1926, entered into by the aforesaid municipal corporations, to permit a relocation of the route and an increase in the size and capacity of Section 1 and Section 2 of the Supplementary Joint Trunk Sewer, and a relocation and increase of the size and capacity of the Sewage Disposal Plant as provided in said Joint Contract of June 1, 1926; to provide for a reapportionment of the capacities allotted to each of the aforesaid municipal corporations in said Joint Contract of June 1, 1926 and for a reapportionment of the cost of said Supplementary Joint Trunk Sewer and Sewage Disposal Plant, and to appropriate and provide for the raising of the additional funds necessary to pay the share of the said The City of Newark of the cost of said improvement and the charges and expenses incident thereto.

The Board of Commissioners of the City of Newark, Do Ordain, as follows:

1. That a Supplemental Joint Contract, in form as hereinafter set forth, be and the same is hereby authorized.

SUPPLEMENTAL JOINT CONTRACT made this

One day of  
thousand Nine Hundred and Thirty, by and between The City of East Orange, the Township of Hillside, in the County of Union, The Town of Irvington, The Township of Maplewood, in the County of Essex, The Township of Millburn, in the County of Essex, The City of Newark, the Borough of Roselle Park, the Village of South Orange, the City of Summit, the Township of Union, in the County of Union and The Town of West Orange municipal corporations of

the State of New Jersey, WIT-  
NESSETH:

WHEREAS, under date of June 1, 1926, the municipal corporations hereinabove described entered into a joint contract for the construction and maintenance of a supplementary Joint Trunk Sewer and Sewage Disposal Plant, designed to furnish sewage facilities for the municipalities concerned, and based upon an estimate of the requirements of said municipalities, up to the year 1950, and

WHEREAS, it has become advisable and necessary to increase the size and capacity of Section 1 and Section 2 of said Supplementary Trunk Sewer and to relocate and to increase the size and capacity of the Sewage Disposal Plant as provided in said joint contract of June 1, 1926, at an additional cost over and above that contemplated by said original contract; all to provide for the present and future needs of said municipal corporations and of the City of Elizabeth, designed to furnish sewage facilities for the municipalities concerned, based upon estimate of the engineers of the various municipalities of the requirements of said municipalities, up to the year 1960, and

WHEREAS, under date of January 16, 1930, the contracting municipalities hereinabove described organized in Joint Meeting did enter into a contract with the City of Elizabeth wherein and whereby the said City of Elizabeth consented to the construction of said Supplementary Joint Trunk Sewer and Sewage Disposal Plant within the corporate limits of said City of Elizabeth in return for the allotment to the City of Elizabeth of certain fixed capacities in and right to use said Supplementary Joint Trunk Sewer and Sewage Disposal Plant, all as will more fully appear by reference to said contract with said City of Elizabeth, and

WHEREAS in order to accomplish the above and to obtain the execution of said contract with the City of Elizabeth, it was necessary to change the route of Section 1 and 2 of said Supplementary Joint Trunk Sewer from that established in the original contract between said municipalities, to which this contract is supplemental and

amendatory, and also to relocate the site of said Sewage Disposal Plant, and to enlarge their size and capacity, and

WHEREAS certain of the municipalities above described deem that they need and desire to obtain additional facilities and capacities in both said Supplementary Joint Trunk Sewer and Sewage Disposal Plant and are willing to pay their proportionate share of the additional cost thereof, and

WHEREAS, the governing body or board having charge of the construction of sewers and drains therein of each of the municipalities, parties hereto, has duly adopted an ordinance authorizing the execution of this Supplemental Joint Contract pursuant to the provisions of an act of the Legislature entitled "An act to authorize two or more municipalities in this state to jointly construct or maintain outlet or trunk sewers". Approved March 15th, 1899, the supplements thereto and amendments thereof.

NOW THEREFORE, pursuant to the authority of said act of the Legislature of the State of New Jersey, its supplements and amendments, and in further pursuance of the authority and direction of the ordinances hereinbefore referred to, passed on behalf of the municipalities, parties hereto, and in consideration of the premises and of the mutual covenants herein contained and of the sum of \$1.00 by each of the parties hereto to the other paid, the receipt whereof is hereby acknowledged,

IT IS HEREBY COVENANTED AND AGREED by and between the said municipalities, their and each of their successors as follows:

That in order to accomplish the matters and things above recited, the provisions of the joint contract between the parties hereto, dated June 1, 1926, hereinabove referred to, be and the same hereby are amended to provide as follows:

Those portions of Article 11 of said joint contract of June 1st, 1926, hereinafter named shall be amended to provide as follows:

ARTICLE 11. The capacity of the said existing outlet or trunk sewer and branches shall be in-

creased by the construction and maintenance of a supplementary joint sewer, branches and appurtenances, the route or line, size, capacity and extent of which are shown on a map on file with the Clerk of each of the said municipalities designated "Map of Supplementary Joint Trunk Sewer for certain municipalities in Essex and Union Counties," and also a revision of the above map entitled "Map of Supplementary Joint Trunk Sewer for certain Municipalities in Essex and Union Counties revised January, 1930".

The route or line of said Supplementary Joint Trunk Sewer and branches is generally described as follows:

Section 1. Beginning at a point on the pierhead line of Arthur Kill at the foot of Clifton Street in the City of Elizabeth, the sewer is proposed to be constructed northerly on Clifton Street to the proposed Sewage Treatment Plant located south of the Elizabethport and Perth Amboy Branch of the Central Railroad of New Jersey, thence across the tracks of the Central Railroad of New Jersey to a point on the prolongation of Clifton Street; thence northwesterly through private property to Brighton Street, thence northerly along Brighton Street to Brunswick Avenue; thence westerly on Brunswick Avenue to Myrtle Street; thence northerly along Myrtle Street to Grier Avenue; thence westerly along Grier Avenue to Allen Street; thence northerly along Allen Street to Roosevelt Avenue; thence continuing on Roosevelt Avenue to Ashton Avenue; thence northerly on Ashton Avenue to Lidgerwood Avenue; thence westerly on Lidgerwood Avenue a distance of approximately 240 feet; thence northerly through private rights of way parallel to the property line dividing the properties of the Lidgerwood Hoist Mfg. Company and Johnson, McKim, Johnson Co. to the right of way of the Pennsylvania Railroad; thence across said right of way of the Pennsylvania Railroad; thence across said right of way to a line distant approximately 30 feet northerly from the

northerly line of the right of way of the Pennsylvania Railroad; thence Easterly approximately parallel to the right of way of the Pennsylvania Railroad to the intersection with the center line of Allen Street; thence northerly along Allen Street to Rahway Avenue; thence Westerly along Rahway Avenue to Watson Avenue; thence northerly on Watson Avenue to Murray Street; thence westerly along Murray Street to Warinanco Park; thence Northerly along certain driveways and rights of way within Warinanco Park to the intersection of Acme and Canton Streets; thence in a northerly direction along Acme Street to a lot owned by the Joint Meeting; thence easterly through the said lot to Warinanco Park; thence through Warinanco Park to the intersection of the northerly property line of said Warinanco Park and the prolongation of Standish Street; thence northerly along Standish Street and the prolongation thereof through private properties to a lot owned by the Joint Meeting on Westfield Avenue approximately in prolongation of Monmouth Road; thence through the said lot to Westfield Avenue in prolongation of Monmouth Road, the end of Section 1.

Section 2. Beginning at the intersection of Westfield Avenue and Monmouth Road, the sewer is to be built in a northeasterly direction along Monmouth Road and the prolongation thereof to a point approximately 20 feet southwesterly of the existing Joint Trunk Sewer; thence northwesterly through private rights of way parallel to the existing Joint Trunk Sewer to Conant Avenue (formerly Green Lane); thence northeasterly along Conant Avenue a distance of approximately 350 feet; thence northwesterly parallel to and approximately 20 feet from the existing Joint Trunk Sewer to Potter Avenue; thence northeasterly along Potter Avenue to a point approximately 70 feet southerly from the center line of Salem Road; thence continuing for a distance of approximately 20 feet into private property; thence in a northerly direction through private property across Salem Road and again

through private property to the intersection of Wildwood Terrace and Brookfall Avenue; thence in a northwesterly direction along Brookfall Avenue and private right of way to Vaux Hall Road; thence along Vaux Hall Road, entering private rights of way at various angle points where necessary, to Erhardt Street; thence in a northeasterly direction along Erhardt Street to a point approximately 125 feet East of North Sunset Place; thence in a northerly direction through private right of way adjacent to the existing Joint Trunk Sewer to Union Avenue, the end of Section 2 and the intersection with Section 3 and 5.

That portion of Article II of Joint contract of June 1, 1926, referring to the sizes and extent of Section 1 and Section 2 of the sewer, should be amended to provide as follows:

Section No. 1, one thousand five hundred and fifty-two (1,552) feet of twin rectangular section 7 ft. 3 inches wide, 6 ft. 6 inches center height, eighteen hundred and eighty four (1,884) feet of twin rectangular section, 6 ft. 11 inches wide by 4 ft. 8 inches center height, eleven hundred and fifty nine (1,159) feet of twin rectangular section 5 ft. 8 inches wide by 4 ft. 8 inches center height, six thousand and nine hundred and forty-five (6,945) feet of eighty one (81) inch circular sewer, six thousand two hundred and eighty-eight (6,288) feet of seventy-two (72) inch circular sewer.

The sewer Disposal Plant will occupy approximately nine hundred and fifty (950) feet of Section No. 1. Section No. 2 eight hundred and ten (810) feet of seventy two (72) inch sewer, seventeen thousand one hundred and eighty (17,180) feet of seventy five (75) inch sewer, five hundred and ten (510) feet of twin sixty (60) inch circular sewer.

Section 1 and Section 2 of Article 111 of said joint contract of June 1, 1926 shall be amended to provide as follows:

Section 1. After reserving capacity necessary to secure the consent of the City of Elizabeth for the con-

struction of the Supplementary Joint Trunk Sewer therein, of said combined capacity, there shall be allotted, either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter, to the City of East Orange four and eighty eight hundredths (4.88) per cent. estimated to be equal to five and five tenths (5.5) million gallons per day, to the Township of Hillside ten and eighty three hundredths (10.83) per cent. estimated to be equal to twelve and two tenths (12.2) million gallons per day; to the Town of Irvington sixteen and fifty two hundredths (16.52) per cent. estimated to be equal to eighteen and sixty one hundredths (18.61) million gallons per day; to the Town of Maplewood six and twenty nine hundredths (6.29) per cent. estimated to be equal to seven and eight hundredths (7.08) million gallons per day; to the Town of Millburn five and thirty three hundredths (5.33) per cent. estimated to be equal to six (6.0) million gallons per day; to the City of Newark thirteen and seventy six hundredths (13.76) per cent. estimated to be equal to fifteen and five tenths (15.5) million gallons per day; to the Borough of Roselle Park eight and thirty eight hundredths (8.38) per cent; estimated to be equal to nine and forty four hundredths (9.44) million gallons per day; to the Village of South Orange six and twenty-two hundredths (6.22) per cent. estimated to be equal to Seven (7.0) million gallons per day; to the City of Summit six and sixty-six hundredths (6.66) per cent. estimated to be equal to seven and five-tenths (7.5) million gallons per day; to the Township of Union nine and fourteen hundredths (9.14) per cent. estimated to be equal to ten and three-tenths (10.3) million gallons per day; and to the Town of West Orange eleven and ninety-nine hundredths (11.99) per cent. estimated to be equal to thirteen and five-tenths (13.5) million gallons per day.

Section 2. After reserving capacity necessary to secure the consent of the City of Elizabeth for the construction of the supplementary

Joint Trunk Sewer therein, of said combined capacity, there shall be allotted, either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter, to the City of East Orange five and thirty-three hundredths (5.33) per cent. estimated to be equal to five and five-tenths (5.5) million gallons per day; to the Township of Hillside eleven and eighty two hundredths (11.82) per cent. estimated to be equal to twelve and two-tenths (12.2) million gallons per day; to the Town of Irvington eighteen and four hundredths (18.04) per cent. estimated to be equal to eighteen and sixty-one hundredths (18.61) million gallons per day; to the Township of Maplewood six and eighty six hundredths (6.86) per cent. estimated to be equal to seven and eight hundredths (7.08) million gallons per day; to the Township of Millburn five and eighty-two hundredths per cent. estimated to be equal to (6.0) million gallons per day; to the City of Newark fifteen and two hundredths (15.02) per cent. estimated to be equal to fifteen and five-tenths (15.5) million gallons per day; to the Village of South Orange six and seventy-eight hundredths (6.78) per cent. estimated to be equal to seven (7.0) million gallons per day; to the City of Summit seven and twenty-seven hundredths (7.27) per cent. estimated to be equal to seven and five-tenths (7.5) million gallons per day; to the Township of Union nine and ninety-eight hundredths (9.98) per cent. estimated to be equal to ten and three-tenths (10.3) million gallons per day; and to the Town of West Orange thirteen and eight hundredths (13.08) per cent. estimated to be equal to thirteen and five-tenths (13.5) million gallons per day.

Section 1 and Section 2 of Article IV, of said joint contract of June 1, 1926, shall be amended to provide as follows:

Section 1. The City of East Orange shall pay six and fifteen hundredths (6.15) per cent. the Township of Hillside thirteen and sixty-

three hundredths (13.63) per cent; the Town of Irvington seventeen and three hundredths (17.03) per cent; the Township of Maplewood six and seventy-four hundredths (6.74) per cent; the Township of Millburn four and eighty-seven hundredths (4.87) per cent; the City of Newark twelve and fifty-six hundredths (12.56) per cent; the Borough of Roselle Park eight and fifty-nine hundredths (8.59) per cent; the Village of South Orange four and fifty-six hundredths (4.56) per cent; the City of Summit three and sixty-five hundredths (3.65) per cent; the Township of Union eleven and eight hundredths (11.08) per cent; and the Town of West Orange eleven and fourteen hundredths (11.14) per cent.

Section 2. The City of East Orange shall pay six and seventy-two hundredths (6.72) per cent; the Township of Hillside fourteen and ninety-one hundredths (14.91) per cent; the Town of Irvington eighteen and sixty-three hundredths (18.63) per cent; the Township of Maplewood seven and thirty-seven hundredths (7.37) per cent; the Township of Millburn five and thirty-three hundredths (5.33) per cent; the City of Newark thirteen and seventy-four hundredths (13.74) per cent; the Village of South Orange four and ninety-nine hundredths (4.99) per cent; the City of Summit four (4.0) per cent; the Township of Union twelve and twelve hundredths (12.12) per cent; and the Town of West Orange twelve and nineteen hundredths (12.19) per cent.

Article XII. of said joint contract of June 1, 1926 shall be amended by adding at the end thereof the following:

The percentage of cost to be paid by each of the said municipalities shall be as follows:

The City of East Orange shall pay four and eighty-eight hundredths (4.88) per cent; the Township of Hillside ten and eight-three hundredths (10.83) per cent; the Town of Irvington sixteen and fifty-two hundredths (16.52) per cent; the Township of Maplewood six and twenty-nine hundredths (6.29) per cent; the

Shade Tree .....	\$2,057.00
------------------	------------

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

IT IS FURTHER AGREED That should there be any inconsistency between the figures hereinbefore recited or included in the contract dated June 1st, 1926, as hereby amended and the figures indicated upon the attached tabulation, the figures hereinbefore recited shall take precedence over and govern those in the attached tabulation. The tabulation is attached hereto merely for the convenience of interpreting the data furnished by the Engineer of the Joint Meeting.

IT IS FURTHER AGREED that under the contract of June 1, 1926, as hereby amended, each of the contracting municipalities will be required and does hereby agree to raise and pay to the Joint Meeting, as required, not less than the following additional amounts over and above the amounts heretofore appropriated by each of said municipalities under said contract before its amendment, which amount, together with the amounts heretofore appropriated, are the amounts necessary to complete the work as estimated by the engineer of the Joint Meeting:

City of East Orange.....	\$ 79,239.21
Township of Hillside .....	227,925.00
Town of Irvington .....	393,346.53
Township of Maplewood ....	101,112.31
Township of Millburn .....	64,129.36
City of Newark .....	199,087.58
Borough of Roselle Park ...	98,325.00
Village of South Orange ....	130,950.24
City of Summit .....	75,287.16
Township of Union .....	250,412.47
Town of West Orange .....	269,676.92

IT IS FURTHER AGREED that upon the sale by the said contracting municipalities of the lands heretofore acquired as the so-called City Line site in the City of Elizabeth for the purpose of the site of the Sewage Disposal Plant, the amount of money received therefor shall be credited to the General Expense Account.

In all other respects the provisions of said joint contract of June 1, 1926 shall be and remain as heretofore and are hereby ratified and confirmed.

IN WITNESS WHEREOF the said municipal corporations, parties hereto, have caused their respective corporate seals to be hereto affixed, attested by their clerks and these presents to be signed by their respective municipal

officers thereto duly authorized on the day and year first above written in fifteen original counterparts.

2. The proper officers are hereby authorized and directed to execute said Supplemental Joint Contract on behalf of the City of Newark.

3. For the purpose of raising and paying the share of the City of Newark of the additional cost of the construction of the Supplementary Joint Trunk Sewer, branches and appurtenances and of the Sewage Disposal Plant as provided in the contract herein authorized to be executed, together with the expenses and charges incident thereto, there is hereby appropriated the sum of One Hundred Ninety Nine Thousand and Eighty Seven Dollars and Fifty Eight Cents (\$199,087.58), which sum shall be raised by the sale of bonds issued in accordance with the requirements of existing statutes respecting bond issues for sanitary trunk sewer and disposal works construction; prior to the issuance of said bonds said sum may be temporarily financed by borrowing money and issuing from time to time temporary notes, which notes may be payable on demand or may mature in not exceeding six years from the date when the purpose for which they have been issued has been carried out, and may be subject to earlier call for payment and shall bear interest at a rate not exceeding six per centum per annum. Other matters with respect thereof shall be determined by the proper officers who are hereby authorized to execute said notes on behalf of the City of Newark.

4. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that October 29th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and

Yeas: Commissioners Egan, Murray,  
Mayor Congleton.

RESOLVED, that the sum of Two hundred and forty dollars (\$240.00) be and the same is hereby appropriated to the City Treasurer as per annexed certified list, being the supplemental payroll of the Shade Tree Division, Department of Parks and Public Property from July 31st to September 10th, 1930:

Shade Tree .....\$240.00

Charles P. Gillen  
W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray,  
Mayor Congleton.

RESOLVED, that the sum of Fifty-five thousand, seven hundred ninety four dollars and seventy three cents (\$55,794.73) be and the same is hereby appropriated to the persons named on annexed certified lists, being the bills and claims of the Department of Public Works as follows:

Newark City Hospital .....\$30,031.06  
Newark City Almshouse ..... 6,919.00

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the City of Newark on April 14, 1930, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of One Hundred Thousand Dollars (\$100,000.00)

for money borrowed in anticipation of the receipt of money expended for Pavings, said Temporary Loan Bonds being numbered 1927 and 1928, and dated April 14, 1930, and payable October 14, 1930;

AND WHEREAS, the improvement for which said One Hundred Thousand Dollars (\$100,000.00) was issued was for Pavings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said One Hundred Thousand Dollars (\$100,000.00) of Temporary Loan Bonds issued; therefore be it

RESOLVED, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of One Hundred Thousand Dollars (\$100,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said One Hundred Thousand (\$100,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to One Hundred Thousand Dollars (\$100,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six month after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, that the Dir-

ector of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

To the Board of Commissioners of the City of Newark, N. J.

Dear Sirs:-

I respectfully submit the statement annexed (by items) of the amount in gross as shown by the records in this office of the several grading, curbing, flagging and pavings, Chapter 152, Laws 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. Brady,

Acting Auditor of Accounts

Hawkins Street Grading, Curbing  
Flagging and paving Roanoke Avenue  
to Central R. R., \$10,050.18.

Fabyan Place Grading, Curbing,  
Flagging and Paving Chancellor Avenue  
1380 feet south, \$41,238.49.

RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the Direction and provision of the statutes in such case made and provided.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Commissioners of the City of Newark, on November 11, 1929, adopted an ordinance entitled: "An ordinance to Provide for the construction of a storm water sewer and sanitary sewer in Bloomfield Newark, and Belleville, beginning at Bloomfield Avenue and North Thirteenth Street and running to the northerly line of the Morris Canal at the Meadow Brook and authorizing the execution of an agreement between the Town of Bloomfield, the Town of Belleville, the City of Newark and the City of East Orange for the building of said sewers and appurtenances by the City of Newark and the payment of the cost thereof by said municipalities", and in said ordinance authorized the issuance of temporary bonds or notes from time to time in an amount of \$266,500 and appropriated the sum of \$266,500. for the purpose aforesaid; and

WHEREAS, the Director of the Department of Public Affairs has negotiated with Jeraldo Maioran, the owner and person interested in lands required for the construction of said sewer, and which lands are described as follows:

"BEGINNING at a point on the northerly line of Newark Avenue, which point is also on the center line of an existing culvert under Newark Avenue; and running westerly on the northerly line of Newark Avenue about 20 feet to a point on

the northerly line of Newark Avenue; thence in a northerly direction about 835 feet to a point on the line of the portal of the existing culvert under the Morris Canal, which line is assumed to be the southerly property line of the Morris Canal property and to be at right angles to the center line of the existing culvert; thence about 20 feet in an easterly direction to a point on the center line of the existing culvert under the Morris Canal; thence continuing in an easterly direction about 15 feet to a point, which point is on the assumed southerly line of the Morris Canal property, thence about 839 feet in a southerly direction to a point on the northerly line of Newark Avenue; and thence finally about 15 feet in a westerly direction and along the northerly line of Newark Avenue to the point or place of BEGINNING.

"Being 35 feet wide and comprising about 29,295 square feet in area.

Being part of premises described in Deed C. 63/17 of Essex County Deeds."

and has been unable to agree with said Jeraldo Maioran as to the purchase price to be paid for the same;

RESOLVED, that the Corporation Counsel of the City of Newark be and he is hereby authorized and directed to institute condemnation proceedings, in accordance with the Law, for the acquisition of said lands and rights therein.

Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

RESOLVED, that the Director of the Department of Public Affairs be and he hereby is authorized and directed to execute a lease with the United States Post Office Department for a period of ten (10) years, for a parcel of land located at Port Newark Terminal, containing .06 acres of land, more or less, which is described as follows:

"Measuring along the westerly side line of a Public Street, from the intersection of said side line and the centerline of Port Street, on a course south 27 degrees 49' 55" west 499.82 feet to the point and place of Beginning; thence (1) along a course north 65 degrees 38' 05" west 42.00 feet; thence (2) along a course south 27 degrees 49' 55" west 62.11 feet; thence (3) along a course 65 degrees 38' 05" east 42.00 feet; thence (4) along a course north 27 degrees 49' 55" east 62.11 feet to a point and place of Beginning.

The above plot being located at Port Newark Terminal and containing .06 acres, to be the same more or less.

(NOTE) Westerly side of Public Street is 825.957 feet west of centerline of C. R. R. measured along centerline of Port Street."

to be used for governmental purposes, viz; United States Post Office, United States Weather Bureau and United States Department of Commerce activities, at the rental of One Dollar (\$1.00) per year, upon the execution of the said lease by the Director of the Department of Public Affairs, to attest the same and affix the seal of The City of Newark, on behalf of the City.

Jerome T. Congleton

W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the application of William Vorunion for a miniature golf course at 504-506 High Street be laid over for one week.

Commissioner Egan; I am opposed to that because of the traffic situation. Mr. Al Kaplan, 17 Academy Street.

Will you lay that over for one week because of the absence of Mr. Roessler, who is not able to be here today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the application of Thomas E. Stauder owner for the construction of four additional garages at premises 260-262 Fifth Street be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Murray moved that the application of G. S. Ridner for an indoor miniature golf course at 54 Park Place be laid over for 2 weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends

that the following structure for which application was made be allowed:

Application of Edward Gatti, owner, for the construction of a poultry market; premises 34 Hanover Street; building to be in accord with all requirements of the Department of Public Health;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

Mayor Congleton: Is there anyone here in opposition to this application?

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The application of Ernest F. Hornig, owner, for the construction of five additional individual garages at 304 South Eleventh Street was received and read.

Commissioner Murray: I understand, Mr. Mayor, that there are some people here this morning who are neighbors there who approve of this, although we felt it might be very objectionable on account of that being a very nice block.

Mayor Congleton: Personally, I am going to vote against it. I would like to give the owner his day in court and with only three of us here, I think in all fairness we might lay it over until there are more members of the Commission present.

Commissioner Murray: I would suggest to the owner if he has any statement to make that he make it before the conference next Tuesday at eleven o'clock in the Mayor's office.

Mayor Congleton: If we put it to a vote today it won't go through, and I want to be fair to you and wait until

there are more members here.

Commissioner Murray moved that the application be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

Application of Pasquale Manzo, owner, for the construction of a poultry market; premises 16-18 Gotthardt Street; building to be in accord with all requirements of the Department of Public Health;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

Commissioner Murray: I would suggest on these chicken market permits that they be given with the limitation that they comply with all rules of the Board of Health.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

The application of Michael Mekart for the construction of two 2-family dwellings at 60-64 Lindsley Avenue was received and read.

Commissioner Murray: The only question there was whether we could get him to put a gable roof instead of a flat roof.

Commissioner Egan moved that the application be laid over to October 22, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Kruvant-Mayzel Company, owner, for an open air automobile parking station; premises 269-277 Plane Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

Application of William L. Kabis,

**owner, for an indoor miniature golf course; premises 400-402 South Twelfth Street; for a period ending January 1, 1932;**

**THEREFORE BE IT RESOLVED,** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

**Application of William Cox, owner, for the construction of a garage for the storage of his own commercial vehicles; premises 27 Mulberry Street;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Royal Ballroom Company (Richard F. Mattia, owner) for an indoor miniature golf course; premises 71-75 Bloomfield Avenue; for a period ending January 1, 1932;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed;

**Application of Parrow Holding Company, owner, for the construction of a 3-story apartment house; premises 150-160 Goodwin Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

Commissioner Murray: As I recall, there were a number of people in favor of this.

Mayor Congleton: There were no objections and fourteen property owners who were in favor of it, all of whom lived within a distance of 200 feet.

Commissioner Murray: Well, it is a valuable building and will increase the ratables.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Jennie L. Blake, owner, for a miniature golf course; premises 36-40 Shaw Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial metal fence on steel supports be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance,

be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

Mayor Congleton: Is anyone here in opposition to this? This is a case where a petition in favor of the application was signed by fourteen property owners within 200 feet.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

JOHN HOWE,

Director of Revenue & Finance

The following communications were received and read:

**LOUIS AUERBACHER, Jr.**  
60 Park Place

Newark, N. J., October 2, 1930.

Board of Commissioners of  
The City of Newark  
City Hall, Newark, N. J.

Gentlemen:-

On behalf of Clifford F. MacEvoy Company, I hereby request that the premises shown on the enclosed sketch be placed in the Second Business Zone, said premises are at the N. W. Corner of Roseville Avenue and 7th Avenue, being approximately 233.60 feet on Roseville Avenue, 89.45 feet on Seventh Avenue and approximately 429.31 feet along the Newark and Bloomfield R. R.

Very truly yours,

Louis Auerbacher, Jr.

Referred to Board of Adjustment for recommendation and report.

**BOARD OF ADJUSTMENT**  
City Hall

Newark, N. J., October 7, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honor-

able Board, in accordance with Section 9, Chapter 274, P. L. 1928, that the following structures and uses in variance with the requirements of the Zoning Ordinance be allowed:

24-28 Norfolk Street (23-27 Newark Street), Elmer Barrett, owner; automobile parking station; (for 2 years);

369-375 Roseville Avenue, Harry Clott; miniature golf course; (to Jan. 1, 1932);

76-78 Grand Avenue, Loreta Cirefici; 4-family dwelling;

929-933 Broad Street, Ardsley Enterprises, Inc. (Paramount Realty Company, owner); indoor miniature golf course, tea room and dance hall; (for 5 years);

792-802 North Sixth Street, Charles R. Trivett, owner; to use present one story warehouse for sheet metal works; (for 5 years);

266-268 North Twelfth Street, Generoso Marinaccio, owner; 4-family dwelling.

Detailed reports on the above proceedings will be submitted.

The Board of Adjustment

R. B. Rankin, Secretary

Copy to be sent to each Commissioner and further action postponed two weeks.

Mayor Congleton: Does any person

have any matter to bring to the attention of the Commission this morning.

Commissioner Murray: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON.  
W. J. EGAN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.

City Clerk.

Newark, N. J., October 15, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioner's Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of October 8th were read and approved.

The City Clerk presented an ordinance to authorize the acquirement of lands in the City of Newark, for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard upon this ordinance?

Mr. Reginald Parnell, 20 Clinton Street: Mr. Mayor and gentlemen. The American Business Club, Newark Branch, has asked me to come here this morning and say a word or two to you in regard to this proposition. First, they want to thank you for the opportunity you have given the citizens of Newark to have a just, fair and impartial hearing upon this matter. Now then, first may I review for a moment or two the origin of this proposition. In the first place, when this proposition was first brought to our attention it was in the latter part of 1928 or the early part of 1929. We understand that the Prudential Insurance Company wished to go into certain sections of the City of Newark and to remove certain conditions there, which, the gentlemen of this Commission have been pleased to call "cancer spots." And we thought it a splendid thing that this great Prudential Insurance Company, which has profited so much and has done so well in our midst should see fit to go in and engage in a great philanthropic effort; and you will recall that particular proposition was broached just prior to an election, and we went into these sections and we told the citizens in those sections that we were going to build

model apartment houses there; that they were going to have decent homes in which to live and they were going to be able to get those homes at a fair rental, or a rental they could afford to pay. And it was a great ballyhoo, it was a great vote getter, if you will recall, and no mention was ever made at any time that the Prudential Insurance Company was going to call upon the taxpayers of the City of Newark to contribute one cent or one dollar. Now then, you ask me for some proof of that situation, and that is a fair question. And I want to read to you what the Act says about it. The Prudential Insurance Company, in order to carry out this project, had to get authorization from the State of New Jersey because they were limited by their charter, and they went down to Trenton and they had an enabling act passed, and this is what the enabling act says, "That any insurance company of this state authorized to hold, purchase and convey real estate, may present to the Board of Commissioners an application for approval of a project for the acquisition of a tract of land within such city, for the construction upon such tract of land of new housing facilities in accord with the proper standards of sanitation and safety, at the expense of such application"—at the expense of the Prudential Insurance Company, gentlemen. That is the charter; that is the authorization; and when the Prudential Insurance Company went down to Trenton and got the Legislature at Trenton to authorize and pass this Act; this insurance company made a contract with the Legislature, and through the Legislature with the citizens of Newark. And I pick up an editorial from the Newark Evening News and I read that Newark must keep faith with the Third Ward. The citizens of Newark must keep faith with the Prudential Insurance Company. And we are asking—The American Business Club is asking the Prudential Insurance Company to keep faith with us. And when the Prudential Insurance Company, exercising bad business judgment, goes up to the Third Ward and pays too much for property, it seems to me it ill becomes that great corporation to come to the taxpayers of Newark and ask us to pull their chestnuts out of the fire. It seems to me that they should wallow in the mire

they have created, and extricate themselves, and not ask us to come to the rescue as an eleemosynary institution. Gentlemen, it seems to me that if you people go ahead and pay over \$1,200,000 of our money to the Prudential Insurance Company, then it may well be asked whether or not you too are not violating faith with the citizens of this City.

Gentlemen, since 1910 the tax rate of this City has increased from \$1.93 per hundred up to \$3.94 per hundred. We are spending millions today where formerly we hesitated to spend thousands. We watch the gas and electric rates increase. We are compelled now to pave between the Public Service trolley track when every inch of intelligence in any man's body knows that no one causes that destruction but the trolley cars of the Public Service. We watch them get a reduction in their gasoline price by not paying any tax. We see them pushing up the fare, and now they come to us this year and ask you and me to pay its—

Mayor Congleton: Mr. Parnell, you stand to the question we have before us, which is an ordinance authorizing the execution of a contract with the Prudential Insurance Company.

Mr. Parnell: Mr. Mayor—

Mayor Congleton: We will listen to you if you desire to discuss that question. If not, we will close the hearing right now.

Mr. Parnell: We are discussing, sir, the question of expenditure of city moneys.

Mayor Congleton: All right.

Mr. Parnell: On the part of the taxpayers.

Commissioner Egan: The Mayor is the presiding officer. You, as a gentleman and member of the Bar, should know your place. Do as you are told by the presiding officer or—the bum's rush.

Mr. Parnell: Mr. Commissioner, I have a right to talk to the question.

Commissioner Egan: You talk to the question from now on.

Mr. Parnell: And I am talking about

a matter of expenditure, and I say that this tax burden, that this increased expenditure of \$1,200,000, is placing upon the shoulders of the taxpayers of this community a condition which is becoming unbearable; and you cannot tell me, and nobody can tell me, that the expenditure of \$1,200,000 of our money is going to do anything but increase the tax rate. That is what the American Business Club is objecting to. And I am here this morning as their spokesman. And we view with tremendous alarm this unemployment situation that is in our midst and we appeal to you not to put upon our shoulders these tremendous burdens, and we are appealing to you to alleviate conditions in our midst, and in talking about that question I think I am certainly in order.

Commissioner Murray: Are you a taxpayer, Mr. Parnell?

Mr. Parnell: I am, and I am paying \$40. a month for the privilege of owning a little house on Clifton Avenue. Now, gentlemen, we say to you to hold up this kind of expenditure at this time, with 20,000 unemployed in our midst, with a hard winter ahead, with no relief in sight, we are asking you to forget this kind of a proposition and put your shoulders to the wheel to keep away from us the hard lips of famine and the parched hands of want.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Morris Soffner, 16 Quitman Street: Honorable Mayor and all Commissioners, I got my experience when I lived thirty-six years in the Third Ward. Ten years ago or twelve years ago when we used to live, and all the good people were living with us together, and all the best people could make a living, and our daughters and our children were able to pass the streets. Now, since a few years ago we could not pass the streets. About ten, eleven o'clock, everybody has got to be in the house. Now they move away—all the good people move away and all our Third Ward goes to pieces. We cannot do nothing; all our daughters and all our children we cannot do nothing; nor when we heard the Prudential building comes over in the Third Ward and bought some couple of blocks, and there was a holiday in the Third Ward. Now we heard a different thing. The

Prudential building go buy and the City goes with them together. Now, after it was the City promise, and Commissioner Gillen, and there was a promise of a park. If they want to give us a park we shall come back in the Third Ward, the good element, and live with us together, and we shall have to make a living on the poor business people. We cannot. That is impossible. Now, Commissioner Egan is right here now and I got to tell him something: Since he is Commissioner we weren't afraid to go out in the streets. They are not shooting policemen, they didn't shoot no lieutenant, and they didn't grab pocketbooks. Now, gentlemen, I want to tell you something: If you would take care of us in the Third Ward, if you want to give us a park, all right and if you want to build the Prudential Building improvements, let them build. We are taught from God from Heaven sent down the Prudential building and sent all angles here, and we won't see the Prudential building built, and we in the Third Ward where we paid and invest our money, they are investing our money what we all got interest, we got more than six per cent interest. That what I beg you gentlemen you shall consider this matter and make entirely everything well to see that we are entitled in the Third Ward shall be taken care of. That is the thing what I plead to you like a citizen of thirty-eight years in the City of Newark. I thank you.

Mr. Max Stein, 150 Somerset Street:

Mayor Congleton: Have you got something new to tell us this morning, Mr. Stein?

Mr. Stein: Mr. Mayor, before I would speak I will tell you I got two reasons to speak to you, and I will tell you the reasons why. In the first place, I was the last speaker next meeting and while I was the last speaker Commissioner Egan told me—a friend of mine—he said, "Max, cut it short because it is late." He showed me his wristwatch. And I said, "Commissioner, I will cut it short." And I did cut it short, and I want to piece it down today. Another reason is, because my friend Commissioner Howe was not here, and I knew it would not be passed.

Mayor Congleton: He had a copy of

the minutes which set forth in full everything you said.

Mr. Stein: I know he read about it, but I know Commissioner Howe for about forty years, before he was ever in politics, and I know in the business he was connected with the Third Ward. Now, that is about that. And if the Mayor will permit me I will speak, if not, I will go right down and sit down.

Mayor Congleton: If you have anything new, Mr. Stein, we will be very glad to hear it.

Mr. Stein: It is new. Honorable Mayor and worthy Commissioners: It seems to me that the Prudential Insurance Company wants to shoot two birds in one shot. In the first place, they are going to build up an apartment house, which you know I figure will be about four hundred families more or less, that they need a yard, and they will have a yard where the City will say they should be agreeable or not, the yard belongs to them. At the same time, the Prudential Insurance Company comes to the City and say, "Here, I will give you the backyards and give it to the Third Ward for a park." Now, you know, gentlemen, that even if the Prudential Insurance Company would come to the City and say, "Here, I will give you a backyard for nothing," we should not take it because it is a danger place, the City should protect it. People go in there, whether it will be a playground or it will be a park, what ever you call it—you know what I called it last meeting, a prison yard—but whatever it will be, you know that it is danger place. A good many people go out from that park or from the playground with a split hat because so many five-story buildings, so many windows, will be about forty tenants, will be about fifteen hundred people, intentionally or unintentionally will come down something through those windows and you will see what trouble that will be. I don't see why we should take anything like that. All, right, the Prudential Insurance Company wants to be landlord in the Third Ward, with pleasure, they should have it; but at the same time, the City should not interfere with them and give them \$1,200,000 for that. If they want to return their money let them build a public garage in that place and they will pay a rent for that place,

not to my children or your children, and throw so many windows down. That is a danger place. And if your patrolmen, when they go through Somerset Street and Barclay Street they cannot see anything. It is ridiculous. Gentlemen, the bell rings in the whole City, the church bell rings, and you know in time when the time will come to talk the City will have a tower not only in the Third Ward but in the Sixteenth Ward, will have something to talk about that, and I hope, gentlemen, you will consider that and see what—I don't want to take up much time—I hope this will be my last speech. I don't want to speak excepting something will come up which will offer me I should speak again to the Commissioner, but if not, I didn't want even to speak today but they asked me I should say a few words, and I am telling you gentlemen be careful, because the City have something to say in time when the speak will come up. I thank you.

Mr. David Goldberg, 66 Waverly Avenue: Worthy Commissioners and Mayor Congleton: It give me great pleasure to be here a third time. It makes a little more sort of friends, we know each other a little better and we can tell you something new, as I heard the Commissioners ask. "Have you got something new about the subject, otherwise let somebody else bring in something new."

Well, I think we have lost of news for this meeting today. In fact, it seems to me that the Commissioners make a habit of laying this thing over from one minute to another so we can bring something new. Coming into this meeting today, I thought I was not going to say anything, but looking among our friends, taxpayers and property owners and friends here, and hearing what happened and what occurred between last meeting and this meeting, I really want to get a little bit more enlightening on this matter. I am afraid if I will ask too many questions or something out of order I may be shown the door to get out to the last previous speaker, but if I have to go out I guess there will be about one hundred and fifty here will go with me, but we will leave that alone.

Commissioners, I want to ask you again, what is this, a matter of form or a matter of business, to call hearings of

public taxpayers, listen to their opinions, and then go over their heads and do whatever you please? Answer me that question. Have you got the law anybody can go ahead and do whatever you please with our money and we cannot say anything? Why call public meetings? Why make a circus and clowns out of us?

Mayor Congleton: Have you in any way ever been interfered with in saying what you wanted to say?

Mr. Goldberg: Have I interfered?

Mayor Congleton: This is the third time you have been given an opportunity to express your opinion.

Mr. Goldberg: Not yet. Why call public meetings? Listening to the opinion of different citizens and taxpayers and still go over their heads and say, "We will do as you please." It is an old saying, listen to everybody's advice and do what you please. And I think that is just what is going to happen right here, but nevertheless, I want to say this, gentlemen, I asked you before and I still ask you the same thing again, come out and say here, "We made a mistake, we are not going to make any more mistakes in the future." Then we are with you. But don't come out and say here you are going to save the Third Ward, you are going to do this and do that when you know you cannot mix oil and water, and you cannot mix colored tenants and the white people in the Third Ward; and if you are going to make an alley or park, I told you before—I called it a pain in the neck—you are going to have that where a boiling bucket and you will be able to go in one side and go out the other side; and you, Commissioner Egan, will have to have horses, mounted police on both sides—they are beautiful horses, I appreciate it, it is the only thing I see something decent in the Third Ward on a mounted horse, and we need them—and it will be another expense on the City for you to have special policemen in there running in there and running out of there. Gentlemen, it is not a park, it is not a playground; gentlemen, it is adding on a burden to the Third Ward more than what we have now. To sit here and appeal to you, it is out of the question. If we have to appeal to a man that is not an intelli-

gent man that has not gone through struggle or through the progress of the City of Newark, but we picked you out of a half-million people and we thought you are the best intelligent and best people in the City of Newark, and you come and give us a democratic right to come out here and express our opinion, and we stand and we appeal with you from one man to another and try to guide you and show you it is absolutely wrong. Can't you give us this time even the benefit of the doubt? If we are wrong—you have made many mistakes—we are all making mistakes—you are not angels—will you make a mistake this time? Don't carry that extra money on your burden, and sometime you will have to come to us and ask us a favor and we are ready to give it to you. Let us have that mistake and let us come around and say, "Here, boys we had something to give it to you and you refused it. Now, go ahead." That is what we want, for you to come down and give us a chance; it is give and take. The fact that you have the key of the safe doesn't give you the right to spend our money. It is a fact we turned everything over to you. We realized that you can manage things for the good and welfare of the City. If you would have called us to a public hearing, if you did not listen to us, all right, you went to work and you done it and it is all over with. But the fact that you call this public hearing you listen to us give our opinion; give us the benefit of the doubt, and later then you should down and say, "Here, boys, we done this for you and it was wrong. You wanted it, keep it." That is why I want to say to you take it from the standpoint and give the Third Ward property owners that benefit of that doubt. Let them make a mistake if they are making it, you have got plenty of mistakes on your burden. Don't carry this one with you. And I appeal to you to that effect.

Mr. W. Umscheid, 281 North Fifth Street: Mr. Mayor and Commissioners of the City of Newark. We are up against a proposition today and I don't know whether you people, the Commissioners or the Mayor of the City of Newark can resolve this thing. I come here today for the benefit of this City, taxpayers, and rent payers, to say a few words for the benefit of the City. Here is the proposition that we are up

against today. The Prudential comes before you and gives you a proposition they want to make better housing and all that. I am a man that is never against any improvements, always since I was a boy I liked this proposition of the Prudential very much. I come here now to win something, not to lose, to tell what I know, and if you don't know—if you know better than me, tell me. This is a proposition that I think ought to be put up to the taxpayers and rent payers, and you Commissioners that brought upon this subject, and if it suited them, and if it did not suit them, take time to do these things, today we are in debt. We are in some big improvements, some very big improvements, Pennsylvania Railroad, City Railroad, all your improvements, your new improvements throughout the city, I like to see them all done, but there you cannot bond the city. Here comes the Prudential and asks you to pay \$1,200,000, that is all right. Very good. But I don't see anyone in a private corporation or any corporation coming up and asking for any of this kind of improvement. And the situation today, I tell you gentlemen, you want to put this thing to a vote. And don't push things, to have it square and fair. If you think the City can stand this, understand, this \$1,200,000, on top of your improvements that you have to make today, I can show the City today where there is piles of insurance. Your tax rate today is going to be four something. And the situation of rent payers and tax payers today are not paying here six and a half per cent, and I can prove it. I have houses myself, and had them, and I will sell them fifty cents on the dollar if I can get it, and be even on paper. Now, gentlemen, I want you to consider this thing and have fair and square. Give the people a vote upon this subject and if they are right—if you people think they are right and the Prudential people think they are right, and I don't see where we have to gain to give eight or ten per cent. for the Prudential's money. Let them go elsewhere and get their money. They feel like that, coming and saying they want to make better housing. Then the City would have to spend for about at least fifty years to pay these expenses. Why should we? These people that is in there, I don't think there is one of them going to live

fifty years more. I am seventy-one years old and I don't expect to see that. Don't kill me while I am here, give me a chance. I have seen enough hard times. Gentlemen I thank you.

Mrs. Nettie Rasnick Oxman, 58 College Place: Gentlemen, I am not here to criticize you or to tell you what you ought to do or not to do. As a matter of fact, I voted for most of you gentlemen and I hope my trust in you was not unwarranted. I was born in the Third Ward. I am a professional woman and I have four sisters and brothers and we are all professional men and women. I think you gentlemen owe some duty to the respectable people of the Third Ward, and the duties that the Commissioners and the City of Newark owes them, you must make them homes, you must make them parks. What about those hundreds and hundreds of Jewish, Polish, German and Russian families that live in the Third Ward and have lived there twenty, thirty and forty years and have families, and we have children. What about these people on Springfield Avenue, on Howard Street, West Street, Broome Street, white people, that bring up their children, and their children certainly should have some place to play. I having been brought up in the Third Ward feel qualified to talk about the things of the Third Ward. As long as I remember there has always been talk of a park in the Third Ward, the need of a park in the Third Ward. I believe in a park for the Third Ward. There certainly are not many places to play. There will be no place to play for the white children if you build this park. I assure you, and you gentlemen know you would not permit your white children to play in the backyards of colored people's homes. I am not discriminating against the colored people, I am speaking for the respectable white people in the Third Ward. There are hundreds of them. The Morton Street School has at least a thousand white children in that school, and there are other schools in the Third Ward. That is all I have to say to you gentlemen. I think you should consider the needs of the respectable taxpayers, law-abiding, God-fearing people in the Third Ward, when you pass upon this resolution.

Commissioner Murray: Suppose this matter went through and the Third Ward got the park to which you refer?

Mrs. Oxman: Yes, we need a park in the Third Ward, a park that will permit white and colored children to mix, not a park in the backyard of colored people's homes.

Commissioner Murray: If you got the park you want in addition to this, you have no objection to it?

Mrs. Oxman: We have no objection to a park.

Commissioner Murray: You have no objection to this proposition if you were assured that you would have a larger park?

Mrs. Oxman: This is entirely a different thing.

Commissioner Murray: You are just against this.

Mrs. Oxman: I am just against this. Burdening the City with two parks is another question.

Commissioner Murray: I move the public hearing be closed.

Commissioner Gillen: The Prudential Company announced that they would buy several blocks in Newark and build on them model tenement houses for the purpose of stimulating better housing conditions in the City and for the purpose of giving those of humble circumstances cheaper rents. It was then distinctly and clearly understood by the officials and all, that the Prudential was going to pay the entire cost of this operation. The Prudential then decided to buy two blocks in the Third Ward. After they made a survey of this property they asked the City to share the cost. The City could not do this legally, so, some representative of the City ingeniously proposed that the Prudential could build on the frontages of these plots and the City could buy back yard lands and have them devoted to park purposes.

After considering the matter fully and after discussing the subject with several citizens, I decided that the City could not do this and announced my opposition. The Prudential paid no attention to this and proceeded with the

purchase of the lands and without the City having any voice in the question of price, purchase or value. The Prudential finally agreed to pay one million seven hundred fifty thousand dollars for these two blocks, or at the rate of eight hundred and seventy-five thousand dollars per block, or \$5.65 per square foot. We are now reliably informed that the opposite blocks can be bought at the rate of six hundred thousand dollars each. If this be so, the Prudential is paying more than half million dollars in excess of the true value of these two blocks. My department has purchased two park sites in the past two years in the same ward, and at the rate of \$3.66 per foot and the other at the rate of \$2.10 per square foot. If I could purchase these lands at these prices, why did the Prudential pay \$5.65 per square foot? Then the Prudential asks the City to pay for the back yard lands almost three-quarters of the total purchase price of the two blocks. Back yard lands have little or no value as everyone knows. The real value is the frontage. If the City ever wanted to sell these backyard lands they would bring no price to speak of; therefore, if it were agreed that the City should go in on this scheme, instead of the City paying nearly three-quarters, the Prudential should in all equity pay nearly three-quarters of the total price.

For more than a year I have been surveying blocks in the vicinity of the Morton Street School with a view to placing a park on a whole block there and am reasonably sure that an entire block can be purchased for less than one-half of the amount which the Prudential wants from the City for the backyard lands. When I say backyard lands, I mean backyard lands because these lands lie between the rears of two rows of buildings and are exactly in the same position as all backyards. You could plant them with flowers and shrubbery of the rarest kind and you could sprinkle them with cologne from one end to the other, but they would still be backyard lands. They would never make suitable parks in a thousand years. That was my reason for stating that as Director of the Department of Parks and Public Property I would not accept them, consent to their purchase or have anything to do with them. But the reply come back that all the cancers of Newark are going to be cured

by this one operation and all the City has to do is to dig its hands into the pockets of its taxpayers and bring out a million two hundred thousand dollars and hand it over to the Prudential. How can this Commission attempt to do anything of this kind? In these days when the tax rate is dangerously approaching \$4.00, when we meet with the greatest difficulty in trying to collect our taxes, when many thousand of people are walking the streets out of employment and poverty and distress are found everywhere, is it the time for the City to dig one million two hundred thousand dollars from the pockets of the taxpayers and hand it over to the great Prudential? If the Prudential found that it could not purchase those particular blocks at the prices quoted and rent the buildings to be erected thereon at reasonable rents, why did it not go a few blocks away and purchase lands at half the price? Whenever a plan of any kind is proposed for the benefit of citizens and the planners run short of money, they rush to the poor City Treasury and through that agency drag that money out of the pockets of the taxpayers. the taxpayers of Newark have reached the eternal limit. If we go any further we will choke them.

It is contended that perhaps in the course of fifty years the increased taxes from the new buildings to be erected by the Prudential will more than offset the amount the City is asked to pay the Prudential. Newark is changing tremendously in normal times. These old blocks of shanties everywhere are bound to give way in the very near future to rows of modern buildings, for business and living purposes. It is highly probable that within the next ten years or so buildings of greater value than the value of the proposed Prudential buildings would be erected on these buocks or portions of them. There is no advantage there. I am a heavy taxpayer myself in Newark. That is part of my interest in opposing this plan. I might say, Mr. Mayor, and gentlemen, that I have developed four tracts of land in the City of Newark, and through my development I have succeeded in having erected on those four tracts of land approximately five million dollars worth of buildings. I have never received a bit of aid from the City of Newark for these operations, and most of these buildings, I might say, are homes, and

the rents are moderate and the rooms are renting there now, in most of these homes, at rentals ranging from seven dollars a room upward. There are none of them very high at the present time. This fifty years promise comes to the taxpayers like a beautiful song, like the line from "Kathleen Mavourneen" It may be for years and it may be forever."

I have spoken with upward of one hundred business men whom I have met in Newark Athletic Club and every single one of them, without exception, is opposed to this plan. They will not make their opposition public because they are afraid to antagonize big interests. It is too bad that we are so timid. After all, there is nothing personal in this controversy. Personally, I have the highest respect for Mr. Duffield, the president of the Prudential Insurance Company, I oppose the scheme because I believe the property unfit for the purpose proposed. I believe the plan unsound and inequitable, and I believe that the precedent set would be one of the most dangerous that the City at this time could make. If this ordinance passes I again repeat that this Commission has no right to purchase these lands for parks without the consent and approval of the Director of the Department of Parks and Public Property, and I warn you that there are several groups of taxpayers ready to fight this matter even if they have to go to the court as a last resort. So they inform me.

Commissioner Howe: Mr. Mayor, Commissioners and citizens. This is one occasion when I cannot agree with my colleague, and those of you who know anything about the make-up of this Commission know that we have often voted together when we were in minority. Great stress has been laid upon the taxes paid by the citizens of the Third Ward and the great influence they wielded in electing the five members of the Commission. I do not want to be personal, but there are a lot of citizens and friends of mine who saw signs all over the Third Ward last year, "Vote for Ellenstein, Murray, Congleton, Brennan and Gillen, and against John Howe." Why? Are these any of you here ready to answer that question? But I was elected just the same on my record, and my record has been for twenty-seven years in the Department

of Taxes and Finance. Great stress has been laid upon the taxes paid. Do you know that the Prudential Insurance Company pays almost three times the taxes that the total Third Ward pays? Do you know that the total taxes paid by the Prudential—and I have it from the books downstairs, furnished by Mr. Fitzsimmons—is on a basis or ratables of \$70,213,400., and all they have is in a couple of blocks. Do you know that the total amount of personal property assessed in the City of Newark is \$190,000,000 and they pay on fifty-six, and all they get is one tax bill for it, which doesn't cost us anything, and they do pay on time. Do you know of all the taxes paid in the City of Newark they pay almost one-tenth of all? What expense are they to us? Now, let us be fair. The Prudential Insurance Company—let us take the blame, those of us who agree with this—now, be fair—let us take the blame, and I am willing to take it, even if it meant my recall from this Commission—the Prudential did not want to go through with this proposition, they wanted to fall down on it, and I agree that it is economically sound. Another thing you must remember, Newark has more square feet of park space per acre than any city in the United States. So that the City Commissioners, or those who were ahead of us, were not stingy on that score. It is true that I told those gentlemen that we needed park space up there. I think this proposition is a good proposition, and as Commissioner Murray said a moment ago, this does not interfere with you having more park space. I believe in park space. I was born in the tenement section of the Ironbound District, a product of the tenements, born in a tenement on Market Street in that thickly populated section. What is the result in that section today? Do you know that there are not as many houses in the Ironbound District in 1930 as there were in 1920? Do you know that there are not as many rooms for housing in the Ironbound District as there were in 1910? Just think of that. What does it mean? And take the block that the Prudential Insurance Company razed on Oxford Street, Mott, Fleming and Passaic Avenue. I myself can recall the names here today of the tenants in those houses whom I visited over fifty years ago. The Joneses, the Flynns, a number of persons. Those old houses

were there fairly hanging. If you took one away they would drop down. The Prudential Insurance Company has not asked us to spend one penny in that 1428 feet building down there and they razed those old shacks and old shanties that were not fit for anybody to live in. Had they asked us to contribute this amount for this one proposition and not these other two, I would have opposed it strenuously, but I do believe from an economic standpoint, a sound standpoint—we have analyzed this carefully in the tax board—and the amount of money we will eventually receive from this proposition will rebound to the City's benefit as well as to the social betterment of the colored people. Now, anybody knows, who knows anything about—I have investigated conditions in that section at the request of my son who took a great interest in that section, most of you know him—he was the Judge there for four years—in the interest of the colored people, and it is a well-known fact that the colored people have been obliged to pay more rent in those houses than the previous tenants who were in them, the white people. Now, I think we have got to be fair. We are not inviting colored people here, and I honestly believe that for their own good there are too many colored people in proportion to the white people in this City, but they are here, and as long as they are here we have to take care of them, and I, for one, am willing to stand by this proposition; and I want to say that it is the members of this City Commission who are advocating this and forcing it over if it does go over, and not the Prudential Insurance Company.

Mayor Congleton: Does any other Commissioner desire to be heard?

Mrs. Mary Zwenkel, 141 Court Street: Everybody say—I am Third Ward—everybody say colored people pay more. Every month I lose more than a hundred dollars. On Monday I came to collect rent, the colored lady wants to kill me. I come for the Fourth Precinct, I go here to the City Hall, the City Hall is empty. Nobody there. I took it to put already arrested lady, nobody to take care of this. My husband come then, people move for \$78.50. My husband is sick man, nervous, and

he isn't working four years. I lost my shirt already and come and look what makes the damage and the lady wants to kill again.

Commissioner Howe: How are you going to lose any money by this proposition? I think I can show you now—

Mrs. Zenkel: Please. Here is what I got for short time, what I lost. (Presenting paper to Commissioner Howe). Everybody read it. For six months I lost more than \$600.

Commissioner Howe: The citizens will eventually make money by this proposition.

Mrs. Zenkel: You cannot make money.

Commissioner Howe: You do not understand it, lady. If you will come to my office I will show you how.

Mrs. Zenkel: The colored people pay more rents when they never pay a quarter? They just want to kill people.

Mayor Congleton: Further discussion is limited to the Commissioners. Everybody else has had a chance to be heard. Each Commissioner may desire to express himself. Does any other Commissioner desire to be heard?

Commissioner Murray: Mr. Mayor and gentlemen, this is an unusual procedure, of course but we are facing new things all the time and most of the new things we do are based upon experience. When you refer to the taxes repaying to the City the carrying charges and interest and the amortization of these bonds that will be issued in the premises, you refer to something that will be borne by those who come after us and who get part of the benefit for themselves; and the fact that the City is going to gain immediately by it should not be lost sight of. Taxes are not the only things to consider here in so far as they apply to the property itself.

Taxes involve payments through the Department of Public Health, they involve payments through the Department of Public Safety and its various branches. The cost of policing, the cost of inspection, the cost of regulation is a very substantial item in any area, and it is particularly substantial in areas

so congested, and living conditions are apt to deteriorate because of the idea of some landlords that they don't have to repair. Now, we have made a very careful inspection of the Third Ward and we are having a re-inspection made there at the present time. The re-inspection is being made for the purpose of finding the number of landlords who comply in any measure with the requirements set forth by the Department of Public Health. I personally was in buildings in those two blocks and I stood in the bathroom and looked out through the corner of the wall, and a nail had not been driven in the place for two years, according to the tenant, and he was paying \$27.00 a month for living in a dump that was not fit to keep hogs in. In addition to the economic phase we have to consider the social features. You cannot raise a rabbit in a rat's nest and you cannot raise children to be model children where children of ten, twelve and fourteen years sleep in rooms where sexes are mixed, adult ages, where these children see things that scandalize them and teach practices that are dangerous and teach habits that destroy them. In the City Hospital we get many of them, thirteen year old boys and twelve and thirteen year old girls, victims of the environment and of the circumstances and surroundings; and it would be a crime for the City to sit by and see this continue any longer than we have to. It should be eradicated. This is done at this time from every possible angle of civic betterment, it is something to help those who cannot help themselves and give them a chance to live like people, limiting the number of people per room, limiting the number of people per apartment and supervising janitor service so we have no fear of the garbage can in front or not, or the destruction through front or rear windows of the buildings built to give sunlight and air, and which no room in these premises is without sunlight or daylight, much more than can be said about the rooms that are there today; and we have no reason to be swayed by the threat of any landlord; and if we, in the face of the situation that is before us now, were fearful because of the threat of somebody that two years from now they will do something—we may be dead two

years from now, we don't know—but dead or living, if we shirk the responsibility that is at our feet in this particular case, the responsibility of providing a better chance for those who will be better when you give them a chance to be better, and if you give the colored people a chance to advance themselves and put themselves on a higher plane, where they can show they are inclined to be as decent as anybody else in the town, then that would be cowardly and false to our trust; and I think the matter is so meritorious, and those who speak in its favor have been so honestly interested, which cannot be said for some of those in opposition to it, I am in favor of it.

Mayor Congleton: It is not my purpose to reiterate the stand that I have heretofore taken and which I have given as much publicity to as possible. I have not changed my position one bit; it is stronger today than ever. I recognize, as I have heretofore stated, that there is room for an honest difference of opinion. I only want to make clear one or two things. The Prudential did not seek the legislation under which this project goes forward if it goes. The Prudential has not asked us to spend \$1,200,000. We have asked the Prudential to go into this project and engage to carry it out in the section of the City where I feel it is most needed. We have agreed to pay for a part of the land to be devoted to park and recreational purposes.

Some reference has been made to the fact that the Prudential intended to stand all of the expense of the project in the Third Ward and that it has come as a surprise to some that the City is going to participate in it. I am sorry if that misunderstanding exists. But I want to make clear that when the Prudential found what it would cost to purchase lands in the Third Ward in the localities where the health authorities and the police authorities said the new houses were most needed, they reported to the Board of Commissioners, through me, that they could not go forward with the project and give the rents that we all wanted to see fixed. I, in turn, reported that to my colleagues at a conference, and it was in that conference that the scheme that is now before us was worked out, and I was told by a majority of the members

of this Commission to so inform the Prudential Insurance Company; and at that time they did not have one dollar of money invested in any of the land, and it was only after they had the assurance of the majority of the members of this Commission that we would take this land for park purposes, provided they would build the houses, and after we had given the subject full consideration, seeing that the taxes that we would get back out of the balance of the property retained by the Prudential would more than pay the interest and retire the bonds, that they went ahead and invested their money. This is an unusual proceeding, perhaps, but I say again, as I have said before, it is not a bit different from what has been going on in New York City for several years. The City participation here is only in a different form. In New York, the people who organized companies and built houses as proposed here, received an exemption from taxation for a period of ten years; so that in New York the general public is making their contribution towards getting better housing facilities for the underprivileged, if you please, citizens of our community. I say frankly that I would not be in favor of going in and buying a strip of land such as we are buying, and paying the amount that we are paying, unless there are coupled with it the housing proposition. The price that we are paying, in my opinion, can be justified because the line of our taking goes through practically every building upon the two blocks that are under consideration. I just want to close by quoting from the report of the Probation Officer of the County of Essex that has just come out since this matter has been before us. He is speaking about juvenile delinquency in the section that we now have under consideration, and he is an impartial person in this controversy. "Based on our experience with these delinquents, we cannot escape the conclusions that unless there is carried out some thinking, planning and provision with respect to the conditions under which large groups of people are living in this particular district, the social problems which they present will continue to grow, and in the next decade become almost overwhelming. It is a decidedly encouraging sign to note the extensive housing development about to be carried out by the Prudential In-

surance Company in at least two of the sections mentioned. More of this sort of improvement would be helpful." Because I believe the proposition to be sound from the taxpayer's standpoint, and that it is not going to increase the tax burden, because I believe that it is one of the finest things that the City can possibly do or has ever done toward assisting the underprivileged citizens of our City, I propose to cast my vote in favor of the ordinance.

Commissioner Egan: Mr. Mayor, over two years ago at luncheon with Mr. Sinclair of the Park Commission, he asked me to request the late Mayor Raymond to confer with him in connection with an idea that he had developed having to do with better housing conditions in Newark. Mr. Sinclair, in my opinion, is one of God's noblemen, a man who as a public servant has done unusual good for the community and has done it unselfishly. He explained to me at that time that he had developed a plan in his mind and had partially succeeded in selling the idea to the Prudential Insurance Company, having to do with better housing in the poorer sections of our City. I delivered the message to the late Mayor Raymond, and he, who everyone recognizes today, was a great public officer and a great civic leader, looked upon it with great favor. He was called to his reward before he had an opportunity to confer with Mr. Sinclair. Then Mr. Sinclair, as I understand it, conferred with our present Mayor, and eventually the matter was presented to the then City Commission. During those days I was the City Clerk of Newark. I had nothing to do with the affairs of the City so far as being a governing agent is concerned. When this matter was presented to the Commission, my predecessor, the late Commissioner Brennan, whose long years of experience in private life, in labor circles and in public service, gave him wisdom rarely found today; it was his thought that this was a very fine thing for the betterment of Newark. It fell to my lot, because of the passing of the late Commissioner Brennan, to occupy my present post. And as this Prudential plan developed, the proposition having to do with the acquisition by the City of this part of the parcel in the Third Ward, was discussed by the members of the City Commission. Frankly, my first

impression was not a favorable one. I have given it very serious thought and much consideration. It is something new, but even though it be new it is something in my opinion that is for the betterment of Newark. We of the governing body are charged with many responsibilities, and one of those responsibilities is to lead in the affairs of the City as the spokesmen and representatives of the City of Newark, in the hope of bringing about better conditions. When you look at Newark today you must admit that something new and something unusual must be done in order to reconstruct some of the older sections of our city if we are to continue to feel proud of Newark. Taking the City as a unite, there is no spot within the boundary lines that demands consideration more than the spot within the boundary lines of the Third Ward. Physical structures, to a very large extent, are in dilapidated condition. The majority of the residents of the Third Ward require assistance and guidance and leadership. From an economic standpoint, from a health standpoint, from a police standpoint, and above everything else from the social point of view, we have to do the unusual in order to properly protect the youth, as described accurately, and statistically, if you will, by the Probation Officer of the County of Essex. The youth of the community deserves the support and the leadership of the public, professional, commercial and private citizens, and I think, beyond its being selfish to a certain point in creating better health conditions, that the Prudential Insurance Company shows a genuine civic interest in taking this position. And if you will, I think the man of men who deserves credit for this movement is a man who is looked upon as a real citizen, Mr. Sinclair, because he sold the proposition to the Prudential.

Now, in so far as the operation of the plan is concerned, the Prudential in purchasing these plots found that if they were to give a rental within the means of the poorer person, they would have to have some help; and they felt, and I think properly so, that the proper agency to appeal to was the City of Newark. No doubt having in mind in their study the background of the great demand on the part of the residents of the Third Ward that better park facili-

ties were needed in that section. They came in and they asked the City to assist in this project, not because they are trying to put over a deal of speculation or a deal that will yield them a large return on their investment; but having as the paramount thought a better Newark, and particularly better housing conditions for the poor. When we look at New York we find they were fortunate in having individuals and groups philanthropically inclined who did much to reconstruct some of the very poorer sections of that great metropolitan city. When we study a city like Chicago and see the tremendous amount of public funds expended to develop parkways, boulevards and parks, it inclines one in public office to feel that sometimes it does not pay to be too timid about the expenditure of public money if in return you are going to do some good for the common cause. The residents of the Third Ward who come here objecting to this are genuine in their opposition, and they are sincere in their opinion. I am of the opinion to a large extent that their attitude is based upon the fear and selfishness; fear for the reason that when these new buildings are erected they are of the opinion that they might not be able to rent the older structures so readily; selfishness, because their particular property owned by them does not come within this particular two-block zone that is being acquired by the Prudential Insurance Company. Someone said something about Springfield Avenue. As a citizen of Newark I have watched Springfield Avenue very closely over the last fifteen years, maybe twenty years; but I have noticed particularly in the last ten years, more particularly in the last five years, the lack of business on Springfield Avenue as compared with the old days, and I appreciate in my mind that something in major form has to be done in order to rehabilitate Springfield Avenue as a business center. And from my study of the situation, Springfield Avenue today is not the thriving center of business that it was as of old, for the reason that the surrounding neighborhood has become so dilapidated, the type of person who is able to spend in these stores on the thoroughfare has moved out to the fringes of Newark, and into the suburbs, and Springfield Avenue, as one of our fine business streets, is suffering, and suf-

fering severely today, from a business point of view and property owning point of view. Now, if we are to bring back Springfield Avenue as a business center, it is my opinion we must reconstruct the residential territory adjacent to that avenue and I think this is one of the very first substantial moves in that direction. There are so many things that could be said in favor of this project, in my opinion, so few things that could be said in opposition to it, having in mind the leadership and wisdom naturally possessed by two great men who governed the affairs of this City, the late Thomas L. Raymond and the late William J. Brennan; realizing that Newark is the melting pot that it is, the metropolitan city that it is, the great industrial center that we have; and recognizing that these major improvements such as our new office building in the center of the City, our proposed new railroad center, our new highways, then if we are to hold within the boundary lines of Newark that which will make Newark a greater and better City, something must be done in order to have those who come to Newark recognize the fact that there is leadership. There are somethings in so far as the proposition is concerned that are quite new. Commissioner Gillen is justified, to a large extent, in saying that this should be left within the confines of his department, because after all the park system is one of the divisions of government that that is charged to his supervision as a director. There are new features in the fact that we are going into a park building proposition, tying up closely with a housing problem. If I were to pass upon the more important matter for us to decide upon today for the benefit of Newark, I would say, "Give us better housing first and better park facilities second." It is only yesterday that I conferred with two investigators of the Alms Department who are covering this city because of the conditions existing because of lack of employment, and they told me that ninety-eight per cent, of the homes visited are homes that should be properly recognized and classified as hovels and dens. The poorer people of our community surely are entitled to the leadership that is existent in this city. I am the junior member of this governing body. I do not happen to

be in a position where I am charged to the voters of the City directly because of my position. Indirectly I am, because the other four members of this body selected me by their votes to fill the vacancy caused by the late Commissioner Brennan's death. Politically, anything can be made more magnified than it deserves in substance. So far as the result is concerned politically with reference to me, I have no concern. Studing the situation from every angle, recognizing what I believe is necessary to make Newark a better city, Mr. Mayor and gentlemen of the Commission, I wish to announce publicly at this time I am going to vote in favor of this ordinance.

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Commissioner Murray moved that the following ordinance be taken up on the second reading:

An ordinance to authorize the acquirement of lands in the City of Newark, for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same, and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

Commissioner Murray moved that the title of An ordinance to authorize the acquirement of lands in the City of Newark, for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same, and the providing for the financing thereof, be taken for its third reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the acquirement of lands in the City of Newark, for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same, and providing for the financing thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Nays: Commissioner Gillen.

The following communication was received and read:

Henry R. Rose, D. D.

The Church of the Redeemer

Newark, N. J. October 14, 1930.

The Commissioners of the City of Newark.

Gentlemen:

The Prudential Company has planned very unusual and great things in the way of apartments for people of moderate circumstances in our city, and I trust that your Commission will vote unanimously to have the City of Newark do its part in providing the adjacent land for the open-air purposes desired. Our poorer people deserve this opportunity to live and thus to rise, as the rest of us have risen or our ancestors. Money-seeking landlords or landowners have no right to hold up a great city like Newark in a genuine forward step like this.

Even now, great business firms are giving Newark the go-by and planning to erect new stores in suburban towns instead of in our midst. It is because we

are not keeping the standard of Newark up to the highest and making the living conditions such in every part of our city as to invite and retain ever-improving classes of customers, such as move to the suburbs. Keep Newark on the upgrade, by all means, and this is your big chance.

Patriotically yours,

Henry R. Rose.

Order filed.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the City of Newark to contract with the County of Essex, The Town of Irvington, Township of Maplewood and the Village of South Orange for the improvement by The Board of Freeholders of said County of Essex of that part of Irvington Avenue within the limits of the City of Newark by paving the same with a hard, durable pavement with necessary drainage and curbing and other work incidental thereto, and for the sharing by the City of Newark of the cost of said improvement, pursuant to the provisions of Chapter 138, P. L. 1927, as amended and supplemented.

WHEREAS, by resolution adopted by this Board on May 28, 1930, application was made to the Board of Chosen Freeholders of the County of Essex for the improvement of that part of Irvington Avenue within the limits of the City of Newark, by curbing and paving from curb to curb with a hard, durable pavement and the construction of a storm drainage system and other work incidental thereto, the City, among other things, to pay one-half of the entire cost; and

Whereas, the contract in writing between the County of Essex and the City of Newark, embodying the terms and provisions of said resolution has been presented to this Board for approval;

The Board of Commissioners of the City of Newark do ordain:

1. That the contract between the

County of Essex and the City of Newark and other municipalities for the improvement by the Board of Freeholders of the County of Essex of that part of Irvington Avenue within the limits of the City of Newark, by paving the same, as set forth in said contract, a copy of which is hereto annexed and made part hereof, be and the same is hereby ratified and the Director of the Department of Public Affairs, and City Clerk, are hereby authorized and directed to execute said contract, on behalf of the City, on adoption of this ordinance.

2. All ordinances inconsistent herewith are hereby repealed.

3. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that November 5, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of William Vorunlon (Lucy J. Picone, owner) for a miniature golf course; premises 504-506 High Street;

Therefore Be it resolved by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial metal fence on steel supports be erected three feet inside of property lines;

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5) That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan: From what Mr. Roessler tells me, the setback of this lot on High Street, and the fact it is only going to be used in the evening, to a large extent, and there will be no parking permitted there anyhow, I do not see any objection so far as my department is concerned.

Commissioner Murray moved that the resolution covering the application of Thomas E. Stauder, for the construction of four additional garages, premises 260-262 Fifth Street, be laid over until October 22, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

Application of Ernest F. Hornig, owner, for the construction of five ad-

ditional individual garages; premises 304 South Eleventh Street;

THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Jno. F. Murray, Jr.  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

Commissioner Murray: I move the rules be suspended in the matter of the application of Charles R. Trivett.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles R. Trivett, owner, to permit an existing building in a second Business District to be used for sheet metal work; premises 792-802 North Sixth Street; for a period of five years;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby

directed to issue a permit for the application above set forth.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen: I move a reconsideration of the application of Angelo Piana and that we consent in the proposed change in plans on property at 874 Clifton Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Nays: Mayor Congleton.

Commissioner Gillen presented the following resolution.

WHEREAS, the Board of Commissioners of the City of Newark by resolution dated September 10, 1930, approved the recommendations of the Board of Adjustment and granted the application of Angelo Piana for a variation from the requirements of the Zoning Ordinance so as to permit the construction of a four-family dwelling in a Second Residence District on condition that "the entire building be covered by a gable roof"; premises 874 Clifton Avenue; and permission having been asked to amend the plans as submitted at that time, and it appearing to this Board that such permission should be granted; therefore be it

RESOLVED, by the Board of Commissioners of the City of Newark, that the revised plans, showing a gable roof over the front part of building only, be approved, and that the Superintendent of Buildings be and he is hereby directed to issue a permit in accordance with the said revised plans now on file in his office.

W. J. Egan  
Jno. F. Murray, Jr.

John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Murray, Howe.

Nays: Mayor Congleton.

Commissioner Egan: I move for a suspension of the rules in the matter of the application of G. S. Ridner, Jr.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of G. S. Ridner, Jr. (Market Construction Corporation, owner) for an indoor miniature golf course; premises 54 Park Place; for a period ending January 1, 1932;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, Our sister City of New Brunswick is celebrating the 250th Anniversary of its settlement and the 200th Anniversary of the reception of its royal charter from King George II; and

WHEREAS, the history of this City has been one of achievement, marked by a steadfast loyalty to the ideals and traditions of our Republic, exemplified in the early days when its citizens served under General Washington in the American Revolution and manifested through all the succeeding years; and

WHEREAS, Almost from the founding of this City steps were taken to insure adequate educational facilities, factors that have made a deep impress upon the cultural development of many of our country's illustrious citizens; and

WHEREAS, a steady growth in industry and population have marked the progress of this, one of our State's important industrial cities;

NOW, THEREFORE BE IT RESOLVED, That we, the Board of Commissioners of the City of Newark New Jersey, offer our warmest greetings, and felicitations to the officials and citizens of New Brunswick on this anniversary and extend to them our sincerest wishes for continued growth and abundant prosperity in the years to come.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commission this morning?

Commissioner Egan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of the City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

Newark, N. J., October 22, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan Gillen, Mayor Congleton.

Absent: Commissioners Howe and Murray.

The minutes of meeting of October 15th were read and approved.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry Line; Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the north-westerly corner of Sedgwick Avenue and Van Vechten Street north-westerly 272.19 feet to the Elizabeth-Newark boundry line, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until November 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Egan moved that the application of Thomas E. Stauder, owner, for the construction of four additional garages; premises 260-262 Fifth Street; on condition that they be set back from the street further than the other buildings on the block, be laid over until October 29th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Elmer Barrett for an open air automobile parking station; premises 24-28 Norfolk Street (23-27 Newark Street);**

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Gillen moved that the resolution covering the application of Michael Mekart, owner, for the construction of two 2-family dwellings, premises 60-64 Lindsley Avenue, be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

The following communication was received and read:

**Board of Adjustment  
City Hall**

Newark, N. J. October 21, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following structures and uses in variance from the requirements of the Zoning Ordinance be allowed:

308-312 Fourth Street (301 Fifth Street) William S. Wright (George T. Ciccone, owner); miniature golf course (to January 1, 1932);

142 West Kinney Street, William F. Meehan, (Aaron Weinberg, owner) gasoline station;

327 North 13th Street, Angelo M. Mesce, owner; 4-family dwelling;

78-80 Lock Street, William H. A. Reilly, owner; public garage;

384 Seventh Avenue, Roseville Athletic Association; indoor golf course.

Detailed reports on the above proceedings will be submitted.

The Board of Adjustment.

R. B. Rankin,  
Secretary

Received, copy sent to each Commissioner and further action postponed two weeks.

Commissioner Egan: I move the rules be suspended in the matter of the application of William S. Wright for a miniature golf course at 308-312 Fourth Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Gillen offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of William S. Wright (George T. Ciccone, owner) for a miniature golf course; premises 308-312 Fourth Street (301 Fifth Street);**

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved on the following conditions:

(1) That a substantial metal fence on steel supports be erected three feet inside of property lines:

(2) That lighting standards be not over ten feet high;

(3) That all requirements of the License Bureau be complied with;

(4) That no refreshment stands or other business be conducted on the premises;

(5)\* That this approval expires January 1, 1932;

and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

RESOLVED, that the sum of Seventy-two dollars and twenty-three cents (\$72.23) be and the same is hereby appropriated to Emanuel Hartig, being the proportionate share of 1930 taxes on premises 137-139 Academy Street, due to the seller on closing of title, he having paid the 1930 taxes in full.

Jerome T. Congleton  
W. J. Egan  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquisition of property known as 239 Mulberry Street in the City of Newark,

for city use, and providing for the financing thereof.

The Board of Commissioners of The City of Newark, do ordain:

1. That the lands hereinafter particularly described, situate in the City of Newark, shall be acquired by The City of Newark, either by purchase or condemnation, for City use:

BEGINNING at a point in the westerly line of Mulberry Street distant 30 feet 2 inches northerly from the corner of Franklin Street; thence running northerly along the westerly line of Mulberry Street 25 feet 7 inches, more or less to a corner of lands now belonging to the City of Newark, thence westerly at right angles or nearly so to Mulberry Street and along the southerly line of lands now belonging to the City of Newark, 102 feet 1 inch more or less to a corner of said lands belonging to the City of Newark; thence in a southerly direction and along said lands now belonging to the City of Newark 26 feet 6 inches more or less to another corner of lands of the City of Newark; thence in an easterly direction and along the several courses of lands now belonging to the City of Newark 102 feet 8 inches more or less to the westerly line of Mulberry Street and point and place of Beginning.

Being also known and described as the fifth tract in deed recorded in Book x 53 of Deeds for Essex County, on page 428, in the following manner;

Beginning at a point on the westerly side of Mulberry Street 30 feet north from the corner of Franklin Street; thence westerly parallel with Franklin Street 100 feet to James Bruen's lot; thence northerly along his line 25 feet 6 inches; thence easterly parallel with first mentioned line 100 feet to Mulberry Street; thence southerly along said street 25 feet 6 inches to Beginning.

Being also known and designated as Lot 64 on Block 873 as shown on the Tax Maps of the City of Newark, also known as No. 239 Mulberry Street, and being now owned by John C. Lloyd, Madeleine Lloyd

Goodrich and Caroline Lloyd Strobell.

2. That the total cost of the purchase of said lands shall not exceed the sum of Thirty two thousand dollars (\$32,000.)

3. Pursuant to the provisions of Section 13 of Chapter 252, P. L. 1916, as amended, there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding Thirty two thousand dollars (\$32,000.) bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of Thirty two thousand dollars (\$32,000.00) to be raised by the issuance of such temporary loan bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Gillen moved that November 5, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its in-

introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

The following communication was received and read:

**Department of Public Safety**  
City Hall

Newark, N. J. October 22, 1930.

To The Board of Commissioners of the City of Newark, and Peter J. O'Toole, City Clerk, of the City of Newark:  
Gentlemen:-

By virtue of the authority of the statutes of the State of New Jersey, I, William J. Egan, Director of the Department of Public Safety of the City of Newark, DO HEREBY ACCEPT THE FOLLOWING RESIGNATION AND MAKE THE FOLLOWING APPOINTMENT:

Donald McGregor; Resignation as Member of the Board of Public Safety to take effect November 1, 1930.

Edward A. Reilly; Appointed Member of Board of Public Safety to take effect November 1, 1930, at an annual salary of \$4500.00.

Yours respectfully,

W. J. Egan,

Director, Department of Public Safety  
Commissioner Gillen: I move the action of the Director of Public Safety be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

WHEREAS, in the construction of a City Railway over the highway formerly the Morris Canal, it is necessary to straighten the line of lands of the City, where the said lands adjoin premises of Max Bodenstein and Katy Bodenstein, his wife, located at a point commencing in the easterly line of Norfolk Street, and

WHEREAS, it appearing that along the said lands there is a confusion of title, and that it will be necessary for the City in order to perfect title to acquire a strip running from a width of one-half (1/2) inch, more or less, 47.65 feet to a width of 3.81 feet, more or less, to fix the line in accordance with plans for construction of the City Railway, and

WHEREAS, an agreement has been reached with the said Bodensteins for the acquirement of the said strip on the following terms: That the City convey all its right, title and interest in the adjoining strip running from a width 7.96 inches, more or less, 47.65 feet to a width of 4.19 feet, more or less, in order to clear the title of Bodensteins, and on the further condition that the City of Newark pay to the said Bodensteins the sum of Fifteen Hundred (\$1500.00) Dollars in further

consideration for the land to be acquired, and the removal of structures therefrom;

THEREFORE BE IT RESOLVED, by The Board of Commissioners of the City of Newark, that in accordance with an act of the Legislature, approved March 27, 1917, and the amendment to the said act, enacted March 19, 1927, and Chapter 38 of the Laws of 1929, the City Convey to the said Max Bodenstein and wife, such property as may be necessary to fix and determine the line of his property and the line of the property of the City of Newark, according to the following descriptions:

BEGINNING in the easterly line of Norfolk Street at a point therein distant 47.46 feet southerly from the southerly line of Central Avenue as the same are shown on map of the Morris Canal Right of Way Survey made by Marshall A. Congleton, Engineer and surveyor, and bearing date of May, 1929, measured along Norfolk Street on a course of south 26 degrees 13 minutes 25 seconds west, said beginning point being exactly in range with the northerly face of the concrete wall now erected; and from thence running south 60 degrees 29 minutes 30 seconds east and passing along the northerly face of the aforesaid wall for a distance of 47.65 feet and there ending.

AND BE IT FURTHER RESOLVED, that the sum of Fifteen Hundred (\$1500.00) Dollars be and the same is hereby appropriated to Max Bodenstein and Katy Bodenstein, his wife, being the purchase price of lands situated in the City of Newark Essex County, New Jersey, which lands are necessary to fix the line of the City's property in accordance with the above description, the said Max Bodenstein and Katy Bodenstein, his wife, to convey the said necessary lands to the City of Newark, said money to be paid to the said Bodensteins out of the appropriation heretofore made for said improvement, upon the filing by them with the Acting Auditor of Accounts of a Warranty Deed to the City of Newark, conveying the lands aforesaid, free and clear of all encumbrances, and approved as to form by the Law Department.

The following reports of City Officers were received and ordered filed:

Auditor's Trail Balance as of September 30, 1930.

Mayor Congleton: Does any person have any matter they desire to bring to the attention of the Board this morning?

Mr. O. Henry Grois, 704 South 14th Street: Mr. Mayor and Board of Commissioners—that is, those of you whom are present—I am here today representing the Essex Trades Council in regard to the locked-out musicians of the City of Newark. You gentlemen are well aware of the situation as it now is, that these here men, citizens of the City of Newark, were formerly employed in the theaters, and have been locked out because they would not accede to certain demands by these large theatre trusts, like all other citizens that are connected with the labor movement, the locked-out musicians of our city have conducted themselves as gentlemen. They intend to go along that line and continue to conduct themselves as gentlemen regardless of what they have been deprived of, or what suffering they may have to endure. The musicians like all trade unionists, have a principle, and they are endeavoring to keep that principle on a pedestal. They are endeavoring to make as many sacrifices as necessary in order that they may make living conditions in our city better, or keep them on the standards of what they were. I realize that the majority members of our City Commission are Republican, and I do not want to inject politics into the matter that I am discussing. But I say this: The president of our country being a Republican, and asking other Republicans to assist him in creating employment for unemployed, I believe that they, as colleagues of his, should consider this here matter very considerably and try to assist him in his endeavor. I realize that I could say many things which would be of no avail here today, but I feel that the gentle-

manly fight that the musicians have put up in trying to have their demands met in a legitimate fashion, has been one that has made the whole community sit up and recognize. The musicians are a fine lot of American Citizens. They are very able men and they are artists. They have given to the public their services in an artistic fashion. They have given to the theatre owners their services for which they have been slightly compensated. Today we have the theatre owners assuming an attitude that they want to force upon the public canned music. They want to eliminate the live and living musician, and do away with him completely. They want to give the public canned music for the same prices, and ask the people of our community to patronize them as heretofore. You gentlemen can take a great hand in this, and I know that when the president of the Musicians gets through telling you what he has to say you will find many ways whereby you can assist. It becomes your duty as public officials to see that there are not any unemployed in our city. It becomes your duty to see that as many as can be employed are employed and that they receive a fair rate of wages so that their living conditions may not in any way be altered. The American Federation of Labor stands for high wages, it stands for good living conditions and the betterment of the working class of people. We have tried in every way in our endeavors to protect not only the organized man and woman who toil every day for a livelihood, but the unorganized. We have been practically successful, but we have new conditions here confronting us whereby these large combines, not only of the theatres, but of other trusts, are ready to try to knock down the standards that were created by labor and by their hard work and ingenuity. Now, I feel that you Board of Commissioners here can do something to alleviate this here situation regarding the musicians in the City of Newark. There are over a hundred of them that have been locked out, and the men here are, as I have stated, true blue Americans. They are willing to conduct themselves in a peaceful fashion, and will continue to do so. We have got to win this lockout and we have got to have your assistance in order that we may win it. We

have to have the theatre owners meet the terms in consideration of the views and the problems as outlined by the president of this here country; and I say at this time while little heed may be paid to what I say, I want to take pleasure in introducing the president of the Musicians Union, Leo Cluesmann, who will outline the case for the musicians and the locked-out in the City of Newark.

Mr. Leo Cluesmann: Honorable Mayor and gentlemen of the City Commission, I represent the Musicians Mutual Protective Association, Local 16, of the American Federation of Labor. I happen to have the honor of being president. Our members—a considerable portion of them—were discharged from their employment a little over four weeks ago because they would not agree to certain demands that were made upon them by the theatre owners. They were bluntly informed that their services were no longer required. I wish to make that statement so it can be clear that they did not strike—while they have been called strikers, that they did not strike, they were locked out, they were discharged from their employment.

Now, we appear before you as citizens thrown upon the unemployed heap at a time when the great leaders of industry, labor, and the president of the United States have agreed that the discharge of employes should be discouraged. Our former employers, who are engaged in the second largest industry in the United States, which depends so much upon the prosperity of the community, are going contrary to this policy and are discharging their employees right and left. And what I wish to emphasize is, these people seem to have little regard for the well-being of the country or the community where they do business, because other employers are trying in every way to alleviate the unemployed situation; and the theatre industry, which depends largely upon the money that people have to spend for luxuries, are going absolutely contrary and letting their employees go and throwing them into competition with what would be their patrons, probably. Now, I would just like to make a little explanation as to what our difficulties are. A little over a year ago we negotiated with the Warner Brothers. That

happens to be the largest picture corporation in this section, or the largest theatrical corporation. And their representative came to us and told us that if we would help them go over this past year—they had just taken over the Stanley-Fabian circuit and they were in a period of reorganization—if we would help them out by cutting down the number of our members employed, and the women—we also have women who are involved in this—if we would agree to cut down from 121 who were then employed in their 26 theatres, and go down to 79, when this year came they would put back 121 and perhaps even more. On that condition, and feeling and believing what the man told us—he seemed to be an upright man—we agreed; and when this year came, instead of putting in 121 people as he had agreed, or even 79, that had been there, they bluntly told us that they are going to have 15 for their 26 theatres and that these 15 would be in one theatre, the Brandford Theatre, and all the other 25 theatres would not have a single living musician. Well, we reminded them of their promise of last year. They said it could not be helped, those were the conditions, that it was too bad, and in explanation that very day they told us how much money they lost. The next day we read in the newspapers they had bought—eight more theatres. So we did not agree to that. There were three vaudeville and picture theatres in Newark: Loews, Proctors, and the Newark Theatre. When we went to deal with them they said if we do not agree to the Warner Brothers terms they will not make an agreement with us; that they had no quarrel with us practically at all, but they told us that they would not sign up with us that they would cut out their vaudeville and put in straight pictures unless we agreed to the Warner Brothers proposition, which we refused to do. That went on for several weeks. Then the final break came and they sent us notice that we were no longer needed. I just want to emphasize we did not ask for any more than we had; we did not ask for any increase of wages, we did not ask for any shortening of hours, or anything like that; we simply asked them to sign on for another year together and keep in line with the policy that President Hoover is trying to have the leaders of industry estab-

lish and which has been generally developed. That is our situation as far as trouble with the theatres is concerned. Since then we have probably established a new precedent as to conducting industrial disputes like this, because I do not believe there has ever been a city where the people who have been out have conducted themselves in the way we have. We have been giving free concerts to the people, since we feel that as there are so few orchestras in the city at the present time we did not want to deprive the people in the city of hearing music by living musicians when in the theatres they hear nothing but the machine variety; and from the comments and responses we have received from the people, they were very well pleased with them and it made a very good impression. I might say now too that we did not solicit any subscriptions, we were not asking for any financial assistance, in spite of the fact that we had many offers, because we want to carry this thing on ourselves. We are not asking for charity, but we want to go to work for the money which we earn.

Now, from an economic standpoint to the community a situation like this is very bad. We have had, as has been stated, over 100 people—120 people who earned their money in this community, who spent their money here, and that money went to the benefit of the trades people in the community. They are now out, and have, of course, to cut down. Now, that not only effects the families of the musicians, it effects the trades people whose custom they formerly had. The machine does not produce anything economically. It earns huge profits as royalties. These patents are owned by corporations out of the state, and every cent that is earned by this machine goes out of the state and not one penny goes to any tradesman here in this community. There is the difference from an economic standpoint and how it effects the community outside of the musicians. From an artistic standpoint it is also very bad, because if this move—and it is not a local move entirely, it is a national proposition—if the corporations who own these patents are successful in gradually cutting down on the living music until it is eliminated entirely so that all the music of the nation would be given to the people through the means of a

machine, 125 musicians could make and produce all the music that was necessary for the entire nation. If we figure that we have about 125,000,000 of people in the country, you can see that would mean one musician to one million people, so it would take away the incentive of a student to study music, because if he had only one chance in a million to become successful he would not take that one chance. It is said that we are living in an age of progress, but sometimes it is a question whether every invention is really progress. Now, certain machines which produce commodities like—we will take the machine that weaves cloth, or something like that, is not to be compared with the music machine, because in this case the raw material goes into the machine and comes out the finished product. There, there is actually something manufactured, but with the music, the finished product goes in, the process is practically the reverse—the finished product goes in and the result is nothing but a phonograph—a photograph of the original—an imitation of the real thing; and as it keeps on going through it does not improve, it gets worse; whereas I stated with the cloth, or anything of that nature, they really produce something. So that is not to be compared with a machine that manufactures anything. In the schools of our state music has become one of the principal studies in recent years. The children get free instruction and they form orchestras and become proficient, and some wonderful artists have been developed through that. Now, as I stated, if the chances are going to be so small, that is going to stop. We know that if a child is interested in music or can be made interested in music and puts its time in on that, it will take us so much of its time and it won't have so much chance to get into mischief. We read of the crime wave. Perhaps if some of these people had studied music or some other art we would not have this crime wave today. I am just emphasizing these points to show what it means to music, and also to show if the machine should become successful in eliminating musicians, what it would mean to the cultured growth—of our country, because without cultural growth the country will fall, there is no question about it. And what would happen in the community would grad-

ually spread throughout the country and would mean a great deal in our time and also to future generations. There is no question about it, we are also trying to look out for the future generations.

The theatre owners in Newark have shown an utter disregard, in my opinion, as to the welfare of the community. As is known, it is not a local proposition entirely, because these corporations own theatres in other cities. And one manager in an interview with a newspaper man said, "The people of Newark are very fortunate that they live so close to New York, because if it did come to a break here and vaudeville here was cut out, then they could go to New York and hear their vaudeville, and they are lucky they only live a few miles from New York." I do not think that shows a very good spirit towards the community, because I was born and lived here all my life, and I am very proud of my city, and I have often noticed that through circumstances it is put into a second-rate class. It is gradually coming up in some spots. For instance, our airport; we are very proud of our airport. Only recently a very successful movement was started to form a symphony orchestra. Now, you take and go out west, a city of half the size of Newark, they have a symphony orchestra. Newark has always suffered, because of the close proximity to New York, in music and in theatres, and very often the people would go to New York because they were getting first performances, and so on. For that reason Newark was always pushed to the rear, and for that reason some of the very people who should be first interested in the development of the city are willing to push the city to the rear because they have theaters in New York and if they don't get them in the pocket in Newark, they figure they will get them in the pocket over in New York, and I do not think that shows a very good civic spirit. Newark has been very good to the theatrical interests. I recall some years ago when Sunday performances were not allowed in Newark, but through the cooperation of the authorities and of the labor unions, particularly the musicians, feeling that through New York having Sunday shows Newark being only permitted to play six days a week, many of our people were going to New York and

spending a great deal more there than if they had gone in Newark. And a plan was formulated to permit Sunday openings. Now, that is a special privilege and we were glad to see it happen, because we want our employers to be successful; we want them to make all the money that they can, but we feel that with that, with those rights and privileges that they have here, that they also owe the community a duty and responsibility, and we feel that they should be made to know that. Now, they have simply eliminated the orchestras, and in comparatively few instances they have reduced prices. President Hoover, a few weeks ago at the Federation of Labor Convention, mentioned what a valuable thing the labor-saving machine is. Now, there is some difference between a labor-saving machine which manufactures something and a machine like this. This doesn't save any labor. Because the musician does not get much consolation out of the fact that he is told there is a machine, you won't have to play any more. There is no consolation to him for that after he has spent years in learning his profession. But President Hoover emphasizes that a machine should go to the benefit of three factors; the manufacturers should get his profit out of it, the workman should get something out of it, and the consumer should gain through it through decreased cost. Now, with this music machine you will find, as I say, in very few instances has there been a reduction in admission prices. In fact I know of one case in Newark where the price has been raised since we have been out. You can figure that out, if they can get more money for that, and it is costing them less money to run it. Sometime ago there was a law passed compelling the theatres to have a city fireman stationed in each theatre on account of panic, because things have happened, and it was found necessary for that purpose. Many times panic has been started in a theatre and the musicians have allayed the excitement. Now, with this machine there is no telling when it might go off. I might just illustrate that: We had a few object lessons at our concerts that we have been giving at the park. We were compelled, through circumstances, to have a generator on the truck to put on lights, and the gasoline went low and the lights went out, and for about

ten minutes the musicians were in darkness. The musicians immediately started to play. They played songs and the people started to sing, and, of course, it was in the open; there was really no occasion for a panic, but had that happened in a theatre and had something gone wrong with the mechanism, and, of course, without the power on the music machine cannot play,—there is no telling what might happen. Now, for reasons of that kind the firemen are stationed in theatres, and for similar reasons musicians should be in theatres, and because it has often happened in Newark, because you know the film is of an inflammable material, and while it may not be dangerous, the panic itself is the dangerous part, and for that reason alone the musicians should not be eliminated. It is really more for the protection of the public than for the sake of the musicians themselves.

Now, I do not want to go on—I could talk at length on this proposition, but I feel that you are pretty well familiar with it. We just want to appeal to you as the city fathers who have the well being of the community in your charge, to use your best efforts in convincing these interests that in addition to having rights and benefits that they also have corresponding duties and responsibilities which they owe, and that the community is entitled to the best in entertainment. As a matter of fact, they are not giving the community what it is entitled to, they are not giving them what they are paying for; and also that they should not be permitted and it should be pointed out to them that they should not destroy the employment opportunities of the citizens of this community. Thank you for listening to me for so long.

Mr. James Prendergast: Mr. Mayor and members of the Commission: I am going to talk along entirely different lines than the two gentlemen that preceded me, our worthy president of the Central Labor Body and our worthy president of our local 15, American Federation of Musicians. At this time it certainly burns me up to think that the conditions that we have been instrumental in creating that the managers are taking advantage of and locking our people out on the street. Now, just what I am getting at is this: We have been instrumental in creating for the benefit

of the theatre managers, and they have taken thousand of dollars out of this city due to the thing that was fostered and nursed by the allied crafts—the theatrical crafts. I am referring to the Sunday proposition, the opening of theatres on Sunday. There is nobody, I do not believe, in the City of Newark—and I do not want to appear egotistical when I say that—that is more familiar with that condition than I am myself, because I was the spokesman on all the conferences that we had for the last twenty years back. It was an honor that I feel that my constituents conferred on me, and it works very well to my interests at this time to be able to talk to you gentlemen as I want to, and I am going to try to convince you gentlemen that you can settle this strike, or this lockout, overnight,—if I can convince you. You know, some years ago we did not have any Sunday shows in Newark. Finally they started opening them and closing them up. Shariff Harrigan used to jump in that little wagon on Sunday, back up to the theatres, rush them off to jail, performers, musicians and managers. It was a poor way of carrying on a business. The thing came into form when the City Commission was brought in the community here. And when the public saw fit to elect that great friend of labor who since has passed away—God rest his soul—I refer to William J. Brennan. There was nobody closer to William J. Brennan on this subject than what I was. I took the matter up with him. Our opponents wanted the theatres closed. We met in conference, and the same theatrical lines that I refer to took this stand. We asked Commissioner Brennan to let the theatres open on Sunday as a labor measure. What did he say? He said to the theatre managers, “Gentlemen, I will not allow you to come into this city and commercialize our Sundays, but I will allow the theatres to be open on Sunday for two reasons, firstly, because I am letting them open for a labor measure, and secondly because a number of our worthy charities of the City of Newark will be benefited by it.” And that is the reason the theatres had to put up a certain amount of money on a Sunday, which goes to our worthy charities of the community. Now, this same thing

came up a year ago. I went to Commissioner Brennan about it. I said to the Commissioner, “We are about to have trouble here. The theatrical interests are going to force certain conditions onto us. What can I expect from you?” I will never forget it, gentlemen. He looked out of the window. He turned around and he took a piece of paper and he wrote on that piece of paper his phone number. He said, “When you go into conference with these people have them call up this phone number.” And they did call up that phone number, and the result was that the theatres—we had no trouble, the thing was settled before they started. This is what he told them: He said that any theatre in Newark that gets into a discussion with their employees, I will close them up on Sunday during the time the controversy is on.” He did not want to shut all the theatres up, but he would have shut up the theatres that were in this trouble, and his reason for doing that was a precautionary measure, because on Sundays there is so many people that come in here from out of town and it is generally the out-of-towner and sympathizer that causes trouble. Now, gentlemen, you can do something if you see fit to do it, and we are not here this morning with any demands or any requests, we are here simply pleading with you, our city fathers, to help us in this trouble, and I think you will do it. Gentlemen, I thank you.

Mr. Frank J. Higgins: Mr. Mayor, Commissioners, ladies and gentlemen. I would like to have a little something to say in this, and I am taking the stand for the musicians as I am their business agent. I know the city fathers, as Mr. Prendergast says, can do a lot, and I know they will do a lot. I have always found them a fine body of men, and I have been to see them on several occasions and they have always worked in conjunction with me. I want to point out how the public is getting fooled by a phonograph that we had here thirty-five years ago. It is now a disc record. As Mr. Cluesmann, our president, told you, I can point out where they have raised the price in these different houses. They are fooling the public. What are our ladies and our men that does not know

anything about music to do when they are out of employment? What are they going to do? They are going to be put on the streets. It is like a lawyer or doctor, if he was thrown out of work they would not know one thing to do. I am appealing to you gentlemen, and I know you can do it, and I hope you will do it for our organization, settle this lock-out. I thank you very much.

Mayor Congleton: Does anyone else desire to address the Commissioners' at this time on the question of the musicians' lock-out?

Mr. Oliver T. Wood: Honorable Mayor and members of the Commission, I think there is still another angle that we should view this from, and I believe you should view it from that angle. The public has foisted upon them a machine. Organized labor is not opposed to mechanical devices of any kind. But when they come to the point of a machine creating something that is a detriment to labor in general, the machine does not consume that which it creates. It forces mankind on the street depending on some other source for a livelihood. Inventions are very good. We are glad to accept them. But there is one point we believe we should view it from. There was an inventor one time who decided to invent an acid that would eat everything it would come in contact with. And some fool asked him, "What do you intend to use as a container?" And he stopped. I think that some fool, and possibly the fool may be the one that is addressing you today, may be the one that would suggest something along this line: We who pay our money to go in for entertainment in theatres are compelled to listen to something that is mechanical. There is nothing natural about it. It takes our money through the ticket office and then leaves us with just a mechanical device to listen to. I agree you might say not to go in there. We could remain away. But after all, it is a public institution; theatres are; and these theatres are exploiting mankind. They are creating a condition, or rather, aggravating a condition of unemployment in the city, and the cause of these musicians and their families should be taken into consideration from that

angle. They bring nothing here but a machine and they take the money away from the community to be used elsewhere. I believe we ought to view it from that angle, and I believe you gentlemen should consider it, and I believe you have the power within your hands to check this unemployment situation forced upon labor in general, not only organized but unorganized, and as organized labor represents the unorganized worker, well, we are looking after the interests of those, so not as to aggravate a condition, because after all we must pay it in the form of taxes or some way else if these people are thrown out of work and become destitute. With these few remarks I want to call it to your attention as an angle that you should consider it from.

Mayor Congleton: Does anyone else wish to be heard on the matter under discussion?

Commissioner Gillen: Mr. Mayor, I have very seldom had the pleasure of listening to a better presented case in this Commission Chamber since I have been here, that this case today, and particularly by Mr. Cluesmann. I am an old theatrical fan myself. I am very fond of the theatres and very fond of music. And I want to say that in my humble opinion canned music will never take the place of music by the living musicians sitting in the orchestra of the theatre.

I further think and believe that the theatre owner more than any other person in the community perhaps, should cater to the well-being and to public opinion of the community. I think that in these hard times when we have all agreed with the President of the United States that employment should be encouraged and fostered, that it is a very sad act on the part of the theatrical owners to turn these musicians out of work. And I think that we ought to make a strong appeal to them to try and relieve the situation. I would therefore, Mr. Mayor, offer a motion that it be the sense of this meeting that we deeply sympathize with these musicians who have been thrown out of work, and that we make a very strong appeal to the theatrical owners and managers of this community to take these musicians back, at

least until times are better and they find employment elsewhere.

Commissioner Egan: Mr. Mayor, in seconding Commissioner Gillen's motion I would like to say this, that I have had two conferences with Mr. Prendergast in connection with this matter, and about ten days ago I had a conference with him, a committee from the Essex-Trades Council, and representatives of the Musicians Union. I think we spent at least an hour in the discussion of the matter, and it was their desire that I attempt to have the theatrical interests sit in conference with the representatives of the Musicians Union and the Essex Trades Council's representatives, in the hope of bringing about a solution of this problem. At that time I expressed my sympathies to the labor men who were unemployed, and I agreed to carry out their request in making a request upon the theatrical people to so confer. That I did the same afternoon. I called up again this morning to find out what their attitude was, and I have received no acceptance of the invitation up to the present moment.

I sympathize with these men who are out of work. It is a situation that involves many things, as was indicated by Mr. Cluesmann, the president, one of economics, one of art, one of culture and one of industrial hardship. I also know the feelings as expressed by Mr. Higgins, Mr. Grois, Mr. Prendergast and the other gentlemen, and I second the motion of Commissioner Gillen; and there isn't anything I can do until I hear from these people as to whether they will confer with your representatives or not. I know it is not within my official province to do a thing of this sort, but being sympathetically inclined I wanted to help if I could; but as I just said a moment ago I have yet to receive their acceptance of an invitation to confer. I will second Commissioner Gillen's motion.

Mayor Congleton: I would like also to say that I have very little use for a theatre or moving picture place that has not some live music in it. I felt that when the orchestra that your president referred to was started a short while ago—I think it completed two seasons—that it was a wonderful step forward. I have, in so far as my

means would permit, assisted in carrying on, and have gotten the greatest pleasure attending some of their Sunday afternoon concerts at the Broad Street Theatre. I am just wondering what we are going to be in five or ten years from now if we cannot have read musicians to set before us. It is not only the music, but the artists in their performance and their personality that they throw into it, that adds very much to that pleasure when I go to the theatre or to concerts; and it does seem that we ought to do all that we can, and I am sure that we will. One of my great hopes has been that sometime the City itself might have a very fine orchestra supported by public funds, so that when visitors come and they are here overnight that they really get something very fine to go to. One of the things that has astounded me at times when I have been in Washington and often times had to stay overnight, I have wondered why the Federal Government has not established in its national capitol a very fine orchestra so that the people who are visiting us or are visiting at our capitol might go and get the best that there is in music at a very moderate price, and I hope we may have something of that kind right here in our midst some day.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Mr. Henry Green: Mr. Mayor and gentlemen of the Commission, I am in sympathy with the musicians and I hope they win a victory. We are lovers of music and culture and we like to see the city progress. We are also supporting the musicians, and we will.

I am here today, though, to appeal to you in behalf of the unemployed. I have been here before. You may think it is a nuisance, but the way conditions are going, and the winter is approaching, and if I am not mistaken, and if the newspapers reported Commissioner Egan right, you have fifty visitors at the station houses sleeping, and they are properly registered the same as hotels do. Now, it is time—

Commissioner Egan: So you will have

the record correct, I dropped in the First Princtinct that night before last at two o'clock in the morning and there were sixty.

Mr. Green: Well, I am glad I do not exaggerate. I said ten less. I always make it my business to mention a few less so I should be within right. Now, as the national government, Mr. Hoover, and different governors from all over the country, and mayors, have already taken measures to help the coming winter the most unfortunate, unemployed and down and out that formerly occupied Military Park for the summer, and it is, I think, for this winter will be on the increase. Now, it is time that the City of Newark takes some measures and take a building that stands idle, or some building that that taxes have not been paid on, and put cots in, and showers, and if possible some lunch, not expensive lunches, but some that will keep these people from starving—and the Mayor of Boston took those measures, and Mayor Walker of the City of New York included \$1,000,000 in its budget for this coming winter, and it is high time—I was here in the early part thinking that we ought to do something before the thing comes. So far we haven't taken any measures yet. But I hope that it is not too late now and that the City of Newark should take some steps to try and alleviate the misery of these people that are suffering. I do not think the station house, while it is a charitable act, it is better than on the streets, but I do not believe we ought to have our unfortunate citizens laying around in station houses or be registered in station houses for to sleep overnight and we were sent here as a committee, and we hope—we wish that some action be immediately taken. The City of Detroit, Michigan, is doing it, and other progressive cities, and I know the City of Newark is a progressive and prosperous city, and the number of unemployed in front of the Evening News, they are mobbing the boys for the first edition trying to get employment. Things have not become better at all, and it is time that we took some action, some constructive action to try to alleviate these conditions, and I think we are in a position to do it and we ought to do it. I want to point out to you that the Madison Avenue School, one of our fine schools in a fine section—it is not like

South Street, it is not like some other streets where down-and-outs live, or more unfortunate people—a great number of children had no clothes to come to school, and the principal and teachers have asked the children to bring warm clothes, and they brought clothes so that the children could attend class. In the City of Newark. And I believe that such conditions should not be tolerated and we should take some steps and try to alleviate these conditions. We are in a position to do it. We have the right men. The City can well afford it and let us not neglect this, because I know that President Hoover found fit to call a special commission and take special acts, and he called for the co-operation of the governors, state institutions and the city government, and the county, if possible they ought to join in, and we ought to take immediate measures to try and alleviate some of these conditions. I thank you.

Mayor Congleton: Mr. Green, so that there will be no misunderstanding in the minds of any of the public—I do not want them to go away with the idea that the City Commission has not done anything—the only difference between you and the City Commission is that you think apparently that we ought to get it in all the newspapers from here to California and back to Detroit. We have taken the matter up and we do not intend to have anyone to sleep in the cold this winter, but we have been going about our work in a quiet systematic and proper method.

Mr. Green: Mr. Mayor, with this exception, that Commissioner Egan has many times used that the question is an economic one, and that it ought to be met and dealt with psychologically and sociologically. We are going about it the old-fashioned way, we are handing out money here and there privately, and it is a public matter, and the jail is crowded, and I understand you have four hundred people in the poor house now and there are eight hundred people to get in.

Mayor Congleton: The reason the jails are crowded is because those people have been working and they got caught at their work. We are trying to take care of the others.

Mr. Green: There are many unfortunate that are due to the unemployed situation.

Mayor Congleton: That has something to do with it.

Mr. Green: The Evening News had it distinctly to say the insane asylums is jammed to the doors due to the poor business among the small business men and due to the unemployed situation. While you have been doing something, and I haven't come up to clash with the Commission, or haven't anything against the Commissioners personally, this calls for modern psychological, sociological, and from an economic standpoint it must be dealt with entirely different than we dealt with it days ago.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Samuel Levine, 8-12 Essex Street: Gentlemen of the Commission, I had no idea that Mr. Green would be here. I do not belong to any organization. In fact, I am to speak upon the same subject. I am not a Communist, nor do I belong to the Socialist party. In fact, I do not belong to any particular party. I am a respectable citizen. I voted for some of you gentlemen. I am not bragging about it now, I am just explaining it to you. I am not even bragging about the fact that I voted once for Henry Green. But the conditions I do not need to tell you about the conditions. I believe that you know the conditions as well as I do. It would be insulting your intelligence in trying to tell you how bad things are. But it so happens that I happened to come in contact of late with actual living pictures of men and women, particularly girls. I have been thrown a little into the hotel business. I would not tell you what hotel it is, because I did not come here for the purpose of advertising my business. Occasionally I can see what is going on, particularly with girls. They will come in, they have no place to sleep, they have no money. And only a few months ago a policeman called me up about two o'clock in the morning, telling me of a girl who is in the park, hasn't got a cent, has no home, and he said, "Now, the only thing left for me to do is to run her in. Is there anything that you can do?" I said "I don't know, but send her over." She came over. Well, it is useless to tell you the story because the same story could be told of many of them.

It would be too long. I let her stay there, gave her some money for food for a while until she got a job. Now, there are many such girls who get to the point where they are going but not yet gone. Some agency ought to exist to take up particularly these girls. In that particular instance I went to the Y. W. C. A. That was about three months ago. I spoke to Mrs. Grafton, who was then acting secretary, but what could she do? There is nothing that they can do. They can look for a job, but when there are no jobs to be had they cannot do anything for these girls. The jails are overcrowded, the hospitals are over crowded. I know in some instances where they leave them out at the City Hospital before they are well. In one particular instance they let a girl go from the City Hospital, she was not well yet. As a matter of fact, she had a venereal disease. After she left the hospital and while she was in the hospital, and they let her go in spite of it. Within a few days after that the girl worked in a restaurant. Now, I suppose if I were a public-spirited citizen I would probably see that the city ordinance regarding all who work in restaurants, hotels, and so forth, should have certificates from the Bureau of Health, should be enforced.

Mayor Congleton: We have such an ordinance.

Mr. Levine: That is what I am talking about. I suppose if I am a public-spirited citizen I would see that she does not work. But what about the girl? Suppose she were forced out of these? What could she do? What is there for her to do? Now, there ought to be—I am glad that the Mayor said that the Commission is doing what it can, but notwithstanding, I believe that we can do and we ought to do a great deal more. The coming winter, I believe, will be the hardest winter in the history of this country. I do not mean to say that the people will actually have less than in 1893. No. But there will be more suffering. In 1893 very few people knew what it meant to have a bath in their home. For a man who has acquired a high standard of living and has already been in the habit of having a bath frequently in his home, it is more difficult for him to be sleeping in the park or in some other place. Something ought to be done. If nec-

essary, why let us open some of the synagogues and churches for those who need a place to sleep. You may say, "It has been built for God." God does not need our help, our aid or our work or our prayers. Take what the prophet Isaiah said, "To what purpose are your sacrifices unto me said the Lord. Incense is an abomination to us. We do not need your prayers and your ceremonies and so forth." God does not need these houses of worship, but the children of God are in need and desperately so, and something ought to be done for them. I hope that we will try to do what we can for them.

Mayor Congleton: Does any other person desire to be heard?

Mr. Herman Lowenberg, 525 Bergen Street: I am not an orator, neither am I a dummy. I have something to bring before this Commission that is probably not important to the Commission, but very much important to myself and family. I have been trying to reach several of you members of the Commission individually, but I have never been able to get beyond the outer office. And I take this occasion to address you where you hardly can get away from me without running away. Gentlemen, I am one of the unfortunate class, numerous class, if I may say so, which are being boycotted for no other reason except that we are beyond forty years of age. I am quite from being in my second childhood and quite a ways from my first one. I had experience beyond many people, very much above me socially. And I am proud of that experience. I probably would be in a class with John D. Rockefeller and his kind. I am not begrudging him his money. But I think that I am at least entitled to make a living for myself and children. Gentlemen, I am the father of seven children from two years to sixteen. I am bringing it before you for the simple reason a desperate disease needs a desperate remedy, and I am taking this desperate act to reach some heart to give me a chance to make a living and keep my family together. This City is spending quite a few dollars, and I am not saying that they are spending it except where it is needed. But I wonder in my own heart whether

they can find a few extra dollars to give a man a job somewhere in this city whereby he can keep his family together. I think the world of my family, my family thinks the world of me, although nobody else seems to have any use for me at the present time. Gentlemen, I may not be in the right place to bring this matter, but I had to bring it out somewhere whereby I can reach some heart that gives me a chance for work, not charity. I am not asking for it. I have to accept it, but I am not looking for it and I am not proud of it. If all this talk that I have brought to you gentlemen is useless, I at least have the satisfaction to get rid of a little hot air that was bothering me. I thank you, gentlemen.

Mayor Congleton: Does any other person desire to address the Commission?

Commissioner Gillen: Mr. Mayor, I intend to bring up at the conference the question of this Gopsill Bill. I would move that the Law Department be directed to act very promptly in the matter.

Commissioner Egan: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Egan moved to adjourn. The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
CHARLES P. GILLEN

The Board of Commissioners of  
the City of Newark, N. J.

PETER J. O'TOOLE, JR.,  
City Clerk.

Newark, N. J., October 29, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioner's Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of October 22nd were read and approved.

The City Clerk presented An Ordinance authorizing the execution by the City of Newark of a Supplemental Joint Contract between The City of East Orange, The Township of Hillside in the County of Union, The Town of Irvington, The Township of Maplewood in the County of Essex, The Township of Millburn in the County of Essex, The City of Newark, The Borough of Roselle Park, The Village of South Orange, The City of Summit, The Township of Union in the County of Union and The Town of West Orange, municipal corporations of the State of New Jersey, for the purpose of changing and modifying certain of the terms of the Joint Contract, dated June 1, 1926, entered into by the aforesaid municipal corporations, to permit a relocation of the route and an increase in the size and capacity of Section 1 and Section 2 of the Supplementary Joint Trunk Sewer, and a relocation and increase of the size and capacity of the Sewage Disposal Plant as provided in said Joint Contract of June 1, 1926; to provide for a reapportionment of the capacities allotted to each of the aforesaid municipal corporations in said Joint Contract of June 1, 1926 and for a reapportionment of the cost of said Supplementary Joint Trunk Sewer and Sewage Disposal Plant, and to appropriate and provide for the raising of the additional funds necessary to pay the share of the said The City of Newark of the cost of said improvement and the charges and expenses incident thereto, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard upon this ordinance?

(No response.)

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance authorizing the execution by the City of Newark of a Supplemental Joint Contract between The City of East Orange, The Township of Hillside in the County of Union, The Town of Irvington, The Township of Maplewood in the County of Essex, The Township of Millburn in the County of Essex, The City of Newark, The Borough of Roselle Park, The Village of South Orange, The City of Summit, The Township of Union in the County of Union and the Town of West Orange, municipal corporations of the State of New Jersey, for the purpose of changing and modifying certain of the terms of the Joint Contract, dated June 1, 1926, entered into by the aforesaid municipal corporations, to permit a relocation of the route and an increase in the size and capacity of Section 1 and Section 2 of the Supplementary Joint Trunk Sewer, and a relocation and increase of size and capacity of the Sewage Disposal Plant as provided in said Joint Contract of June 1, 1926; to provide for a reapportionment of the capacities allotted to each of the aforesaid municipal corporations in said Joint Contract of June 1, 1926 and for a reapportionment of the cost of said Supplementary Joint Trunk Sewer and Sewage Disposal Plant, and to appropriate and provide for the raising of the additional funds necessary to pay the share of the said The City of Newark of the cost of said improvement and the charges and expenses incident thereto.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance authorizing the execution by the City of Newark of a Supplemental Joint Contract between The City of East Orange, The Township of Hillside in the County of Union, The Town of Irvington, The Township of Maplewood in the County of Essex, The Township of Millburn in the County of Essex, The City of Newark, The Borough of Roselle Park, The Village of South Orange, The City of Summit, The Township of Union in the County of Union and the Town of West Orange, municipal corporations of the State of New Jersey, for the purpose of changing and modifying certain of the terms of the Joint Contract, dated June 1, 1926, entered into by the aforesaid municipal corporations, to permit a relocation of

the route and an increase in the size and capacity of Section 1 and Section 2 of the Supplementary Joint Trunk Sewer, and a relocation and increase of the size and capacity of the Sewage Disposal Plant as provided in said Joint Contract of June 1, 1926; to provide for a reapportionment of the capacities allotted to each of the aforesaid municipal corporations in said Joint Contract of June 1, 1926 and for a reapportionment of the cost of said Supplementary Joint Trunk Sewer and Sewage Disposal Plant, and to appropriate and provide for the raising of the additional funds necessary to pay the share of the said The City of Newark of the cost of said improvement and the charges and expenses incident thereto, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The Clerk then read the title of the ordinance as follows:

An ordinance authorizing the execution by the City of Newark of a Supplemental Joint Contract between the City of East Orange, The Township of Hillside in the County of Union, The Town of Irvington, The Township of Maplewood in the County of Essex, The Township of Millburn in the County of Essex, The City of Newark, The Borough of Roselle Park, The Village of South Orange, The City of Summit, the Township of Union in the County of Union and the Township of West Orange, municipal corporations of the State of New Jersey, for the purpose of changing and modifying certain of the terms of the Joint Contract, dated June 1, 1926, entered into by the aforesaid municipal corporations, to permit a relocation of the route and an increase in the size and capacity of Section 1 and Section 2 of the Supplementary Joint Trunk Sewer, and a relocation and increase of the size and capacity of the Sewage Disposal Plant as provided in said Joint Contract of June 1, 1926; to provide for a reapportionment of the capacities allotted to each of the aforesaid municipal corporations in said Joint Contract of June 1, 1926 and for a reapportion-

ment of the cost of said Supplementary Joint Trunk Sewer and Sewage Disposal Plant, and to appropriate and provide for the raising of the additional funds necessary to pay the share of the said The City of Newark of the cost of said improvement and the charges and expenses incident thereto.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing the vacation of Avenue A from a point about 820 feet northerly from Peddie Street Ditch southerly to Bound Creek, as it formerly existed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Avenue A from a point about 820 feet northerly from Peddie Street Ditch southerly to Bound Creek, as it formerly existed, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which may be on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1407-V, dated October 14, 1930, shall be vacated as a public street or highway, as follows:

BEGINNING in the easterly line of Avenue A, as laid out on the map of Commissioners to lay out streets, Avenues and squares in the City of Newark, which point is 820 feet more or less northerly from the northerly line of Peddie Street Ditch and is also in the northerly line of land owned by the City of Newark and in the southerly line of land formerly of Mary E. Dodge and later conveyed to New York Bay Railroad Company by Manor Real Estate and Trust Company, by deed dated December 30, 1908, and recorded in

Deed Book F-49, page 134, Essex County; thence along the line of land formerly of Mary E. Dodge, now United New Jersey Railroad and Canal Company, 75 feet more or less to the West-erly line of Avenue A as laid down on said Commissioners maps; thence south-erly along said westerly line of Avenue A laid down as aforesaid 1970 feet more or less to the center of Bound Creek as it formerly existed; thence along said center line of Bound Creek and along the fourth course in the second tract of a deed from Essex and Hudson Land Improvement Company to the Mayor and Common Council of the City of Newark, dated September 5, 1914, re-corded September 21, 1914, in Deed Book C-55, page 209, 75 feet more or less to the easterly line of Avenue A, as laid out on the aforesaid Commis-sioner's Map; thence northerly along said easterly line of Avenue A 2,000 feet more or less to the line of land of the United New Jersey Railroad and Canal Company and place of Beginning.

Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordina-nces or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that November 19th, 1930, at 11 A. M., or as soon hereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby di-rected to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

**CONSTABLES:**

August J. Hoffman,  
David Fine.

W. J. Egan  
Charles P. Gillen  
John Howe  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, on December 19, 1928, a preemptory sale of City property was

held, titles to which have been acquired by the City of Newark under the Pier-son Act, which provides for the sale of properties for delinquent taxes, and

WHEREAS, Morris C. Copeland purchased nine tracts for a total sum of Six Thousand Six Hundred and Thirty-Five Dollars (\$6635.00), and paid a deposit amounting to 20 per centum of the purchase price, after which a deed for each piece was duly executed by the Mayor of the City of Newark and the City Clerk, which deeds have been held by the Law Department until this time; and the Corporation Counsel is now informed that the said Copeland has endeavored to clear title through the Fidelity Union Trust Company on the premises purchased by him, and has succeeded in doing so, except that he has been unable to clear title on four certain parcels, two of which parcels, lying on Halstead Street and sold to him each in the sum of Two Hundred and Fifty Dollars (\$250.00), are totally bad, and in the opinion of the Corporation Counsel said Copeland should not be obliged to accept them Two others of the titles, both on Wilson Avenue, one of which sold for the sum of Fifteen Hundred and Five Dollars (\$1505.00), and the other sold for the sum of Ten Hundred and Ten Dollars (\$1010.00), will require further court action to clear, and the Corporation Counsel advises that a settlement be affected with the said Copeland, allowing him One Hundred Dollars (\$100.00) to perfect title on each of the said properities.

THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark that the Corporation Counsel be authorized to deliver deeds to the said Morris C. Copeland for seven parcels, being properties heretofore sold to him at public sale, upon the payment by the said Morris C. Copeland of the balance due of the sale price, less the sum of Two Hundred Dollars (\$200.00), which is hereby allowed to the said Copeland to perfect title on the promises above mentioned, and that the amount of deposit made by him on the premises referred to as the Halstead Street parcels be returned to him, and the sale as to those premises cancelled.

John Howe  
Jerome T. Congleton  
W. J. Egan

Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

To The Board of Commissioners of the City of Newark, N. J.

Dear Sirs:-

I respectfully submit the statements annexed (by items) of the amount in gross as shown by the records in this office of the several grading, curbing, flagging, paving, repaving, resurfacing and openings and widenings, Chapter 152, Laws 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

In the death of our beloved fellow-citizen, William H. Barkhorn, who departed this life on Sunday, October 26, 1930, there passed from our midst one who throughout his lifetime had en-

deared himself a community-wide circle of friends and acquaintances, and one who was for more than a generation an important and telling factor in the commercial, financial and civic life of Newark.

The son of a father who had distinguished himself by his services rendered in the public welfare. Mr. Barkhorn contributed much toward the advancement of his native city of Newark through years of endeavors as a member of the Newark City Home Commission and in numerous additional unofficial civic activities.

As President of the William H. Barkhorn Company, he was for many years a leader in the development of Newark as a manufacturing centre of world-wide renown, and as Vice President and member of the Board of Managers of the United States Savings Bank, and President and Vice President of the Mutual Building and Loan Association, he was a conspicuously outstanding figure in the Newark world of finance.

NOW, THEREFORE BE IT RESOLVED, that the Board of Commissioners of the City of Newark, on behalf of the people of Newark, record this expression of deep loss which the City has suffered through the death of William H. Barkhorn, and that we express to his bereaved family our deepest sympathy on their great loss.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

### November, 1930

---

Newark, N. J., November 5, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioner's Chamber, City Hall, Newark, at 11 A.M.

Present: Commissioners Egan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of meeting of October 29th were read and approved.

The City Clerk presented A Further Supplement to an Ordinance entitled "An Ordinance to Establish the Names of Certain Streets in the City of Newark", and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until December 3rd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An Ordinance to authorize the City of Newark to contract with the County of Essex, The Town of Irvington, Township of Maplewood and the Village of South

Orange for the improvement by the Board of Freeholders of said County of Essex of that part of Irvington Avenue within the limits of The City of Newark by paving the same with a hard, durable pavement with necessary drainage and curbing and other work incidental thereto, and for the sharing by the City of Newark of the cost of said improvement, pursuant to the provisions of Chapter 138, P. L. 1927, as amended and supplemented, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to authorize The City of Newark to contract with The County

of Essex, The Town of Irvington, Township of Maplewood and the Village of South Orange for the improvement by the Board of Freeholders of said County of Essex of that part of Irvington Avenue within the limits of The City of Newark by paving the same with a hard durable pavement with necessary drainage and curbing and other work incidental thereto, and for the sharing by the City of Newark of the cost of said improvement, pursuant to the provisions of Chapter 138, P. L. 1927, as amended and supplemented.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to authorize The City of Newark to contract with the County of Essex, The Town of Irvington, Township of Maplewood and the Village of South Orange for the improvement by the Board of Freeholders of said County of Essex of that part of Irvington Avenue within the limits of The City of Newark by paving the same with a hard, durable pavement with necessary drainage and curbing and other work incidental thereto, and for the sharing by the City of Newark of the cost of said improvement, pursuant to the provisions of Chapter 138, P. L. 1927, as amended and supplemented", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the City of Newark to contract with the County of Essex, The Town of Irvington, Township of Maplewood and The Village of South Orange for the improvement by the Board of Freeholders of said County of Essex of that part of Irvington Avenue within the limits of The City of Newark by paving the same with a hard, durable pavement with necessary drainage and curbing and other work incidental thereto, and for the sharing by the City of Newark of the cost of said improvement, pursuant to the provisions of Chapters 138, P. L. 1927, as amended and supplemented.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the acquirement of property known as 239 Mulberry Street in the City of Newark, for City use, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to authorize the acquirement of property known as 239 Mulberry Street in the City of Newark, for city use, and providing for the financing thereof.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, the following resolution was adopted by this Commission on March 19, 1930, as follows:

"WHEREAS, The Overseer of the Poor of the City of Newark reports to this Board that because of the unusual demands upon his department for assistance, the amount heretofore appropriated for the support of said department is inadequate;

RESOLVED: That an emergency exists in said department which requires an increased appropriation therefor; and

BE IT FURTHER RESOLVED, That in order to meet the requirements of such increased demands the issue of emergency bonds be hereby authorized from time to time, as required, in such amounts as this Board may by resolution declare."

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that pursuant to Chapter 192 of the Laws of 1917, entitled: "An Act Concerning Municipal and County Finances", and Acts amendatory thereof and supplemental thereto, emergency bonds in the aggregate amount of Fifty Thousand Dollars (\$50,000.00) (This sum being in addition to the sum of Fifty Thousand Dollars (\$50,000.00)) heretofore authorized on July 23rd, 1930, and Fifty Thousand Dollars (\$50,000.00) on October 1st, 1930,) are hereby authorized; and

BE IT FURTHER RESOLVED, that said emergency bonds authorized by this resolution shall state in general terms the purpose for which they are

issued, shall be dated as of the date of issue, shall mature not exceeding six months after date, shall bear such rate of interest not exceeding six per centum per annum and shall be issued in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized by this resolution, subject to the provisions of Chapter 192, of the Laws of 1917, as amended; and

BE IT FURTHER RESOLVED: that the Director of Revenue and Finance be and he is hereby authorized to sell said emergency bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

RESOLVED, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Eighty-five thousand dollars (\$85,000.00) for the purpose of purchasing property No. 242-248 Belmont Avenue and No. 218-234 Livingston Street to be used for park purposes, and is an improvement for which the City is authorized to issue bonds by the aforesaid Act;

FURTHER RESOLVED, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Eighty-five thousand dollars (\$85,000.00) shall state in general terms the purpose for which it is is-

sued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance may determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

**FURTHER RESOLVED**, that the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

**RESOLVED**, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Forty-two thousand dollars (\$42,000.00) to be applied for the purchase of property in the rear of the City Hall on Mulberry Street, and is an improvement for which the City is authorized to issue bonds by the aforesaid Act;

**FURTHER RESOLVED**, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Forty-two thousand dol-

lars (\$42,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance may determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

**FURTHER RESOLVED**, that the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe

Commissioner Howe moved that the resolution be laid over to November 12, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

WHEREAS, heretofore on the 4th day of June, 1930, a resolution was adopted by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits be directed to issue a permit for the application of E. McDonald for the construction of a machine shop; premises 238 South Twentieth Street, Newark, New Jersey,

which permit is required under the City ordinance to be issued within a period of ninety days thereafter; and

WHEREAS, the application, owing to defects in the title to said lands, was unable to obtain said permit during the time specified, and said defects in said title having been cleared up:

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that the ninety-day period for the issuance of said permit as aforesaid, be and the same is hereby suspended and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth notwithstanding the time limit for the issuance of same having expired as aforesaid.

W. J. Egan  
John Howe  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

The following petition was received and read:

To the Honorable Mayor  
and Commissioners of the  
City of Newark.

Honorable Sirs:

We, the undersigned, dealers in ice,

respectfully petition your Honorable Body to pass an ordinance prohibiting the sale of ice within the City limits, on the Sabbath Day, except under orders of the Board of Health or under Doctor's prescription.

Respectfully submitted,

Signed by one hundred.

Commissioner Murray: I move the matter be referred to conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter they desire to bring to the attention of the Commission this morning?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

Jerome T. Congleton  
W. J. Egan  
Charles P. Gillen  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen,  
Mayor Congleton.

BE IT RESOLVED By the Board of

Commissioners of the City of Newark that the Director of the Department of Revenue and Finance be and he is hereby authorized and directed to accept the sum of Two Hundred Dollars (\$200.) in full settlement for all liens on property known as 46½ Goble Street, Block 1183, Lot 54, assessed in the name of Charles Farley. This cancellation and discharge of all claims of the City of Newark against the above property in excess of Two Hundred Dollars (\$200.) is acceptable as the outstanding liens more than double the assessed valuation.

John Howe  
Jerome T. Congleton  
W. J. Egan  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen,  
Mayor Congleton.

**RESOLVED:** That the Comptroller be and he is hereby authorized to cancel from the records in his office taxes and assessments amounting to \$432.98 covering property, known as Block 2153, Lot 2, which is made up as follows:

Taxes 1911, Index	9779		\$ 5.91
1912,	10047		9.18
1913,	11310		10.91

Jerome T. Congleton  
W. J. Egan  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Mayor Congleton offered the following resolutions:

RESOLVED, that the contract between The City of Newark and Standard Bitulithic Company, lowest formal bidder in response to public advertisement for sealed proposals for the paving of Commerce Court from Commerce Street to Raymond Boulevard with asphalt pavement, dated the 28th day of October, 1930, and awarded to Standard Bitulithic Company, a copy of which contract is hereunto annexed, be and the said contract is hereby approved, and the Director of the Department of Public Affairs and the City Clerk are authorized and directed to duly execute the same on behalf of the City upon the passage of this resolution.

Jerome T. Congleton  
W. J. Egan  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

RESOLVED, that the Director of the Department of Public Affairs be and he is hereby authorized and directed to negotiate and consummate an agreement between the City of Newark and the New Jersey Bell Telephone Company for the installation of underground conduits and cable equipment in the air

mail section of the Newark Airport as follows:

BEGINNING at an existing manhole located approximately the center of a plane-way, designated as No. 3 E, on the westerly side of a public street serving the air mail section of the Newark Airport; thence extending the service through the approximate center of the aforementioned plane-way to a point 280 feet from the manhole; thence extending a service to each side of the plane-way to serve the National Air Transport hanger on the north, and the Eastern Air Transport hanger on the south. The entire extension of service to constitute approximately 458 feet, all as shown on the location plan to be attached to the agreement.

After the completion of the installation of such extended underground conduits and cable equipment, the City will pay the Company on demand the sum of not more than Eight Hundred dollars (\$800) for this installation, as above set forth.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

BE IT RESOLVED by the Board of Commissioners of the City of Newark that \$100,000 be and the same is hereby appropriated to August H. Winters, being the price agreed to be accepted by him for a conveyance to The City of Newark of lands in the City of Newark, described as follows:

BEGINNING at a point in the northerly line of Market Street distant easterly 766.23 feet, more or less, from the northeasterly corner of Market Street and Lawrence Street, said point being in the division line between lots 120 and 76, block 151, on the Newark City Tax Maps; thence along said division line North 6' 15" east 58.67 feet to an angle; thence still along the same north 39° 37' 25" east 41.96 feet to a point

in the division line between lot 76 and 101, Block 151 on the Newark City Tax Maps; thence along said division line south 78° 20" east 30.05 feet to a point in the division line between lot 76 and 78, block 151 on the City Tax Map; thence along the last mentioned division line south 45° 30' 10" west 35.76 feet to an angle; thence still along the same south 50 feet west 58.67 feet to the northerly line of Market Street; thence along the northerly line of Market Street south 88° 2' 45" west 29.92 feet to the place of BEGINNING.

said sum to be paid to said August H. Winters upon the filing by him of a Deed from he and his wife to The City of Newark, conveying the above described premises free and clear of all encumbrances, except taxes for 1930, which are to be apportioned as of closing title, said Deed to be a Warranty Deed, approved as to form by the Law Department, and the Mayor and City Clerk are authorized to enter into contract with said Winters.

Jerome T. Congleton

The following communications were received and read:

**Board of Adjustment  
City Hall**

Newark, N. J., November 5, 1930.

The Board of Commissioners of  
The City of Newark.

Honorable Sirs:-

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L., 1928, that the following structures and uses in variance from the requirements of the Zoning Ordinance be allowed:

443-445 Bloomfield Avenue, Long Bros., Super-service Corp., owner; gasoline station;

399-401 So. 12th Street, Charles J. Hilser (Joseph Hilser, owner); automobile body repair shop; (for 2 -year period);

13-15 St. James Place, Kalman Litwak & Abe Zaentz, owners; 4-family dwelling;

8 Rome Street, Schwartz Bros., Truckmen, Inc., owner; commercial garage.

Detailed reports on the above proceedings will be submitted.

The Board of Adjustment

R. B. Rankin, Secretary

Received, copy to be sent to each Commissioner and further action postponed for two weeks.

**Board of Adjustment  
City Hall**

Newark, N. J., November 7, 1930.

The Board of Commissioners of  
The City of Newark.

Honorable Sirs:-

At a special meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L., 1928, that the following use in variance from the requirements of the Zoning Ordinance be allowed:

**1060 Broad Street, Minature Golf & Real Estate Corp., (Louis V. Aronson, owner); Indoor minature golf course.**

Detailed report on the above proceedings will be submitted.

The Board of Adjustment,

R. B. Rankin, Secretary

Received, copy to be sent to each Commissioner and further action postponed for two weeks.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Minature Golf & Real Estate Corp., (Louis V. Aronson, owner) for an Indoor minature golf course; premises 1060 Broad Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Charles P. Gillen  
Jerome T. Congleton

Commissioner Egan: I move the rules be suspended in this matter.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commission, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Charles J. Hilser (Joseph Hilser, owner) to use an existing private garage for an automobile body repair shop; premises 399-401 South Twelfth Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Charles P. Gillen  
Jerome T. Congleton

Commissioner Gillen: I move the rules be suspended.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Mayor Congleton: All in favor of concurring in the recommendation of the Board of Adjustment signify by saying aye; opposed no; the Clerk will call the roll.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed.

**Application of Schwartz Bros., Truckmen, Inc., owner, for the construction of a commercial garage; premises 8 Rome Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Charles P. Gillen  
Jerome T. Congleton

Commissioner Gillen: I move a suspension of the rules.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Mayor Congleton: All in favor of concurring in the recommendation of the Board of Adjustment will signify by saying aye; opposed no; the Clerk will call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

#### **Reports of City Officers**

The following Reports of City Officers were received and ordered filed:

Department of Weights and Measures for October, 1930.

Department of Buildings for October, 1930.

Clerk of First District Court for October, 1930.

Clerk of Second District Court for October, 1930.

Clerk of Alms House for October, 1930.

City Clerk (2) for October, 1930.

JOHN HOWE,

Director of Revenue and Finance

Department of Revenue and Finance

Gentlemen:-

Office of the City Treasurer

City of Newark, New Jersey

November 3, 1930

To the Honorable

The Commissioners of

The City of Newark, N. J.

In compliance with the Act of the Legislature entitled "A further supplement of the Act entitled 'An act to amend and revise the charter of the City of Newark, N. J.' approved Feb. 22nd, 1866" I herewith present a statement of the receipts and disbursements for the month of October, 1930:

**RECEIPTS**

Cash on hand Sept. 30, 1930	\$4,227,317.67
Rec'd from Comptroller—October	2,638,778.09
	<hr/>
	\$6,866,095.76

	<hr/>
	3,701,184.69
	<hr/>
Balance on hand—November 1st, 1930,	\$3,164,911.07

Respectfully submitted,

JOHN J. SURGUE,

Acting City Treasurer

Mayor Congleton: I think it might be wise to make known to the public that it is the judgment of the Board of Commissioners that, where matters come from the Board of Adjustment involving the construction of new buildings, in cases where there have been no objection it will be our policy where we concur with the Board of Adjustment, to suspend the rules and let the permit be issued forthwith so as to furnish as much work as possible to people that need it. This will be done in those cases where the applicant is ready to start immediately.

Does any person have any matter they desire to bring to the attention of the Commission this morning?

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. EGAN

CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.

City Clerk

Newark, N. J. November 19, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J. was held on the above date, in the Commissioners Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of the meeting of November 12, 1930, were read and approved.

Mayor Congleton: Are there any person who desire to bring up matters with the Board of Commissioners before we go into the regular order of business? If so, we will hear them at this time.

Mr. Henry J. Sutton: Mr. Mayor and Commissioners, you will recall about a year ago, soon after the stock market crash, I appeared before the Commission as representing the Socialist Party and suggesting that something be done as you are doing now with reference to the situation that is upon us. And as a result, in April last you had a conference. I wish to say, gentlemen, today I am not appearing as a member of the Socialist Party. I have been out of touch with the local movement recently and do not expect to be in active work with it in the near future. I wish to say this, however, as a citizen, that while it is splendid to see the way Newark led last April, and other cities are following, in connection with the relief of the present situation, might I suggest that a sub-committee of this committee of twenty-one which already today is to be appointed, or, if necessary, a separate committee, to go into the causes of such bad times that we are in, with reference to better curing them. A physician has to diagnose a disease before offering a cure, and I respectfully suggest that there might be action taken, not only to relieve and to see that no one hungry and homeless, but that some committee be appointed, a group small or large, and I would be glad to cooperate in any capacity personally, because I am extremely interested in preventing such things occurring in the future.

Mr. Ralph E. Lum, Griffith Building:  
Mr. Mayor and Commissioners, some-

time ago I appeared before this body to present for consideration a project having to do with the garage to be placed under Military Park. The idea was not favorably considered by this body at that time. I am re-urging it at this time. The work, if done, would certainly give employment to at least 2,000 men. It would be a very large project. In addition to that, the matter of the question of parking is continuously in the forefront as one of the major problems for consideration. It was not inspired—I did not know it was in here until I arrived—but I happened to find in the Inquiry Column of the Newark Ledger that is in every day, reference to that particular subject, and it is suggested that one reason why the parking stations do not give relief is they are too far from the center, and another is, they charge too high a price for a short time, and both of them are sound criticisms; but both would be met by such a plan as we presented before this Board. I ask that it be reconsidered at this time. I find very often in matters of this sort, as they are approached there is a large plus, and perhaps a large minus, much to be said in favor, but on the other hand a balancing of equities with much against. It may be that I am looking at the matter too much from one side, but I have tried to study it, not as an advocate but as a citizen, and one interested widely in the whole good interest of Newark, and I am unable to find one single possible objection against it and I find a very great deal in favor of it. The project will be in the very heart of the city. It would provide a huge parking space for several thousands of cars, both day and night it could be used—the night for the storage of trucks which are out on the road, and daytime for the many people who want perhaps to stop and shop but a very few moments; and a very, very favorable rate could be given to a project such as this. If it contemplated the destruction of the park, if it contemplated mutilating that which you hold as trustees for the people, it should not be given consideration, no matter what. We offered a bond to the city to assure putting the surface back in better condition than it is now, beauti-

fyng and in no way harming. There are within a quarter of a mile in circumference of what would be this great garage, thousands of cars parked today. When we realize the tremendous expense of just a little widening of a thoroughfare and realize that on both Mulberry and Washington Streets right close to the center at every hour and every moment today there is practically more space taken up by parked cars than was provided by all the great expense of the very fine improvements, we realize that it is a thing of really major importance, and I am going to ask if it won't be given reconsideration. I want to say on behalf of the interests concerned, that there is no reasonable term that you will suggest for your protection that we feel we cannot meet. We can give adequate security; we can provide reasonable terms in every way; and if many years from now that space might be needed for something else in some other way, that can be protected by proper contract terms. We are anxious to negotiate with you. We feel that we can meet any reasonable thing you suggest, and we feel that while the matter was passed over before, the time is now ripe for further consideration, and I hope now that I am not burdening you, with all your important duties, by something that should not be brought against you—in other words, the counsel that argues with the court after the court has ruled against him is usually considered a nuisance—but I feel in this case the changes are so great that we are entitled to a reconsideration at this time, and I very strongly urge it.

Commissioner Murray: Could that be done in such a way as to obviate its becoming an obstacle in the further development of the Hudson and Manhattan train service connecting with the City Railway?

Mr. Lum: I see no reason in the world why it could not. There is a very great deal of space there. That may be years from now, and we have so large a space our plans are elastic—it is not as though we had to put walls to make a certain kind of structure for manufacturing or something else in which somewhat taken away from us would be utterly fatal. I feel we can

meet that; at least, I think it is important enough for anything that you think would be in the way, to be set up and see if we cannot meet it.

Mayor Congleton: We did that just before. I went into it, through my engineer, very carefully, Mr. Costello, with his assistants, and Mr. Smiley, who was one of the designing engineers of the Holland Tunnel and who is now associated with us in our subway work, and for one I could not vote to interfere with the subsurface of that park at this time. I do not agree that it is going to be such a long time before we will have need of that property in connection with our subway work. Our present subway is being built with proper grades and curvatures to fit into a plan that will require the space underneath of the park. All of the work is done with the idea sooner or later—and I hope sooner than a good many people think—the Hudson and Manhattan tube trains, instead of stopping at Park Place, will come down underneath that park, and that there will be a big terminal there where we will require loops around underneath that, and going back and connecting with the subway in the canal bed, and connect with a subway on Broad Street; and until that matter gets a little further along I for one would not feel justified in voting along the lines of the proposition that you submit.

Mr. Lum: I think, Mr. Mayor, that the use of part of that subsurface must come, and I think the subways are a development that will have to come in Newark. With reference to Newark, if this was a building of a type which was going on the surface, for instance, and your lines such as you indicate were going on the surface, I should think the plan would not be sound. But everything that you have suggested is going to require the doing of everything that we are going to do. The excavation—

Mayor Congleton: Not according to expert opinion that I have from Mr. Smiley, whose advice, of course, I must follow in a matter of this kind. He is a trained man in the work; he has his plans and diagrams drawn showing the course that would be needed, the

loops that would be needed, and there would be no place for a garage if that plan goes through.

Mr. Lum: In that event we would have already done exactly that which the City will have to do. It will have to make its excavations. We have never had an opportunity with your engineers, these experts—

Mayor Congleton: Your people were in at the conference at which our engineer was present with his drawings.

Mr. Lum: But we were never given a chance to submit ours to meet his, and his is bound to be many many years off. In the meantime, even a few years—if we knew it would only be a matter of fifteen years I think the value of this project for those fifteen years would be so great, when you take into consideration that it would not be a matter of filling up the excavation we have made, but using what we have done, it seems to me we could work out reasonable terms. At any rate, I think it is sufficiently important just now, so I ask your reconsideration of the project.

Commissioner Murray: I think the matter should be referred to conference next week.

Mayor Congleton: The matter will be referred to conference and take it up next Tuesday at eleven o'clock.

Mr. Fred Sholl, 81 Academy Street. Mr. Mayor and Commissioners, I am here in behalf of the building trades. When this question was brought up to the Council with regard to this garage and the Military Park proposition, the Council went on record endorsing this proposition and instructed me to appear here. They were in favor of any City project that was going on at this particular time, and being a member of the committee of unemployment in the building trades, as you know, we appeared before your City Commissioners some weeks back. We stated our views at that particular time that we were in favor of any City projects that might go on to try to stimulate conditions of unemployment in the building trades. I am not going to bore you with a

lengthy talk. I know you are very busy. I just want to make plain the facts that the Council is in favor of this project and hope the Commissioners will take this question very seriously under consideration. I thank you.

Mr. Joseph Zimmel Prudential Building. Mr. Mayor and gentlemen of the Commission, I appear here today on behalf of the Association of Grand Jurors of Essex County. The Association of Grand Jurors of Essex County was formed a couple of years ago, and its purpose, I think you may readily gather from its name. It consists mainly of persons eligible for Grand Jury Service and members of former Grand Juries, and its purpose among other things, is to take a hand in and look after civic affairs in our county. Of course, our city is in our county. There is a small matter I would like to bring to your attention this morning. I feel some of you have given it some consideration, but we would like you to give it further consideration. About a month ago there was an atrocious murder in one of the private hospitals of our city. You will recall that a member of a gang here was in one of the hospitals and some thugs broke in and murdered him. We feel that adequate provision should be made, if we cannot regulate private hospitals, certainly we can regulate the City Hospital here, a city institution, and we feel that adequate provision should be made for a proper prison division in the City Hospital. We do not feel this would entail a great deal of expense. In general, there are never more than three or four criminals in the hospital held there as material witnesses or as defendants and it is our belief that if a little section was set off, say three or four or five beds, we believe that would be sufficient. It is our thought that there should be an appropriate guard at the door, appropriate bars, and that sort of thing, so that the proper persons, such as nurses and physicians can go into these rooms where the prisoners are lying, but we feel those who are likely to do damage should be kept out. It so happened in the case I mentioned only one man was murdered, and he was probably a member of some gang, or something of that sort. I

have nothing to say about that. But our though is a similiar occurance might result in death or serious injury to persons who are entirely innocent, persons who go to the hospital to recover from disease or an operation, or that sort of thing. We submit to you that it would be proper at this time to provide in an inexpensive fashion for a small part of the hospital to be used as a prison ward to the end that we may avert any possible disaster of this type. Thank you, gentlemen.

Mayor Congleton: Does anyone else have any matter to present to the Commission?

Commissioner Gillen: I move this last matter be referred to Director Murray.

Mr. John H. Scott, Jr., Chief Boxing Inspector.

Gentlemen, I am here to offer my services to put on a benefit show for the unemployed on December 11 the fund to be turned over to the Mayor's Committee. I would like to do anything else that I possibly can to help. I would like to use all the Commissioner's names in back of the fund, and I think it can go over with a big success.

Commissioner Gillen: Where, in the armory?

Mr. Scott: Yes, on December 11, a boxing show.

Commissioner Gillen: Director Murray is preparing a committee for that purpose. I imagine it should be under the supervision of the committee.

Mr. Scott: Yes, under the supervision of the committee.

Commissioner Gillen: I move a vote of thanks to Mr. Scott.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan: I think it ought to be referred to Commissioner Murray.

Mayor Congleton: Thank you, Mr. Scott, very much.

Mr. Scott: Don't mention it.

Commissioner Howe: No free tickets.

Mr. Scott: No free tickets. And Mr. Gilzenberg, matchmaker for the armory, will act as matchmaker. This is Mr. Gilzenberg. He will tell you about the layout he wishes.

Mr. William Gilzenberg: Mr. Scott, Chief Inspector of the New Jersey State Athletic Commission, asking me what I thought of running a boxing show for the benefit of Newark's unemployed. I will be glad to offer my services gratis and put on a show to the best of my ability and see that every penny derived from this benefit is turned over to the needy of the City of Newark.

Mayor Congleton: That is very nice of you and we thank you.

Commissioner Murray: Put on a good show and charge good prices.

Mr. Gilzenberg: We don't care to do that, we care to charge just the same prices we have always charged, one, two and three dollars.

Commissioner Murray: Those are very good prices.

Mr. Scott: Somebody said a five-dollar top, but I believe one, two and three would go much better than five dollars.

Mr. Gilzenberg: What I plan to do is to set all boxes around the ringside and sell the boxes for a hundred dollars a box, and we may sell fifty, sixty, a hundred of those boxes around the City of Newark.

Mr. Scott: Do you want me to get in touch with you?

Commissioner Murray: Yes.

Mr. Scott: After the meeting?

Commissioner Murray: You had better wait until I get this committee selected. I will get in touch with you right after I select this committee.

Mayor Congleton: Thank you very much.

The City Clerk presented An ordinance providing for the vacation of Avenue A from a point about 820 feet northerly from Peddie Street Ditch southerly to Bound Creek, as it formerly existed, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading.

An ordinance providing for the vacation of Avenue A from a point 820 feet northerly from Peddie Street Ditch southerly to Bound Creek, as it formerly existed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance providing for the vacation of Avenue A from a point about 820 feet northerly from Peddie Street Ditch southerly to Bound Creek, as it formerly existed," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Avenue A from a point about 820 feet northerly from Peddie Street Ditch southerly to Bound Creek, as it formerly existed.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented an ordinance providing for the vacation of parts of the following streets:

Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundary line;

Sedgwick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street;

Van Vechten Street from a point 147.-57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to Elizabeth-Newark boundary line, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen moved that the ordinance be laid over to December 3, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the appropriation of moneys in accordance with contract with the State Highway Commission, acting for and in the name of the State of New Jersey, for the construction of Route 21.

The Board of Commissioners of the City of Newark do ordain:

1. That in accordance with the contract adopted January 10th, 1928, the sum of One Million Dollars (\$1,000,000.) be and the same hereby is appropriated to the State Highway Commission, acting for and in the name of the State of New Jersey, for the acquirement of lands necessary for the construction of Route 21, through the City of Newark.

2. That the sum of One Million Dollars (\$1,000,000.) be and the same hereby is appropriated to the said State Highway Commission, acting for and in the name of the State of New Jersey, to pay for the acquisition of lands necessary

for the construction of Route 21 through the City of Newark, as aforesaid.

3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding one million dollars (\$1,000,000.) bearing interest at a rate not exceeding six per centum per annum, payable semi-annually for the purpose of temporarily financing the cost of said acquisition of necessary lands for the construction of said Route 21. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Clerk, and City Auditor are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem advisable to issue;

4. The sum of one million dollars (\$1,000,000.) to be raised by the issuance of said temporary bonds, is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that December 3, 1930, at 11 A. M., or as soon thereafter as said matter can be reached and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where

said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance, and moved that its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the appropriation of moneys to the Passaic Valley Sewerage Commissioners for the relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza and Raymond Plaza, East, in the City of Newark.

The Board of Commissioners of The City of Newark do ordain:

1. That the Director of the Department of Public Affairs be authorized to enter into the necessary contract with the Passaic Valley Sewerage Commissioners, a body politic and corporate of the State of New Jersey, for the relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza and Raymond Plaza, East, in order that new public works of the City of Newark in that vicinity may be completed.

2. That the sum of five hundred thousand dollars (\$500,000.) be and the same hereby is appropriated to the Passaic Valley Sewerage Commissioners to pay the cost of the relocation and construction of the said main intercepting sewer as aforesaid.

3. Pursuant to the provisions of Section 13, of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding five hundred thousand dollars (\$500,000.), bearing interest

at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of temporarily financing the cost of said relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza and Raymond Plaza, East, in the City of Newark. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Clerk, and City Auditor are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue;

4. The sum of Five hundred thousand dollars (\$500,000.) to be raised by the issuance of said temporary bonds is hereby appropriated for the purposes which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that December 3, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes.

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

RESOLVED, by the Board of Commissioners of The City of Newark, that the sum of Thirty-two thousand dollars (\$32,000), be and the same is hereby appropriated to John C. Lloyd, Madeleine Lloyd Goodrich and Caroline Lloyd Strobell, being the amount agreed to be accepted by them for a conveyance to the City of Newark of certain lands owned by them situate in the City of Newark, Essex County, and State of New Jersey:

BEGINNING at a point in the westerly line of Mulberry Street distant 30 feet 2 inches northerly from the corner of Franklin Street; thence running

northerly along the westerly line of Mulberry Street 25 feet 7 inches, more or less to a corner of lands now belonging to the City of Newark, thence westerly at right angles or nearly so to Mulberry Street and along the southerly line of lands now belonging to the City of Newark, 102 feet 1 inch more or less to a corner of said lands belonging to the City of Newark; thence in a southerly direction and along said lands now belonging to the City of Newark 26 feet 6 inches more or less to another corner of lands of the City of Newark; thence in an easterly direction and along the several courses of lands now belonging to the City of Newark 102 feet 8 inches more or less to the westerly line of Mulberry Street and point and place of Beginning.

Being also known and described as the fifth tract in deed recorded in Book X 53 of Deeds for Essex County, on page 428, in the following manner:

BEGINNING at a point on the westerly side of Mulberry Street 30 feet north from the corner of Franklin Street thence westerly parallel with Franklin street 100 feet to James Bruen's lot; thence northerly along his line 25 feet 6 inches; thence easterly parallel with first mentioned line 100 feet to Mulberry Street; thence southerly along said street 25 feet 6 inches to Beginning.

Being also known and designated as Lot 64 on Block 873 as shown on the Tax Maps of the City of Newark, also known as 239 Mulberry Street.

The aforesaid sum of thirty two thousand dollars (\$32,000.) is to be paid to said John C. Lloyd, Madeleine Lloyd Goodrich and Caroline Lloyd Strobell, upon the filing by them with the Acting Auditor of Accounts of a warranty deed, approved as to form by the Law Department; the conveyance to be made free and clear of all encumbrances except 1930 taxes, which are to be apportioned as of closing title; an existing lease with Lee Gong, which lease expires October 1, 1930; permission heretofore granted to the New York Telephone Company to place and maintain pole, with necessary wires, etc. in rear of said premisses, which permission is revocable on ninety days notice; and

also such conditions as an accurate survey might disclose.

Charles P. Gillen  
John Howe  
Jerome T. Congleton  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED**, that the Director of the Department of Parks and Public Property be and he is hereby authorized to offer for sale 18 feet on Summer Avenue beginning in the westerly line of Summer Avenue 75 feet from the north line of D'Auria Street; thence along the westerly line of Summer Avenue northerly 18 feet; thence westerly parallel with D'Auria Street 112 feet more or less to the westerly line of lands of the City of Newark; thence southerly along the same 18 feet more or less; thence easterly 110 feet more or less to the westerly line of Summer Avenue and place of beginning.

Being part of Lot 33 on Block 454 of the City of Newark.

Jerome T. Congleton  
John Howe  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

**RESOLVED**, that the sum of Eight thousand, one hundred fifty one dollars and nineteen cents (\$8,151.19) be and the same is hereby appropriated to per-

sons named on the annexed certified list, being the bills and claims of the Department of Public Safety, as follows:

Police Division .....\$ 8,151.19

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolutions:

RESOLVED, that the contract between the City of Newark and The State of New Jersey, authorizing the sale to the State of certain lands at junction of Routes 21, 25 and 29 in the vicinity of Peddie Ditch, a copy of which contract dated November 19th, 1930, hereto is annexed, be and the same hereby is approved and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute the same on the part of The City of Newark, upon the adoption of this resolution.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that permission be and the same is hereby granted to the City of East Orange to connect a proposed eighteen (18) inch storm water sewer with the Newark Sewer System at the intersection of North 13th Street and Sixth Avenue, it being understood that the City of East Orange will bear the entire expense of the proposed work.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED by the Board of Commissioners of The City of Newark that the claim of The City (Department of Public Affairs) against Clark & Company, for twenty one dollars and twenty-five cents (\$21.25) be settled for ten dollars and sixty two cents (\$10.62) The claim is being settled for the reason that there is a question of liability and that the costs of conducting litigation for the recovery of the amount claimed would be unwarrantable.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED that the claim of The City of Newark (Department of Public Affairs) against the Belleville Yellow Cab Company, in the sum of forty eight dollars and forty seven cents (\$48.47) be settled for thirty dollars (\$30) for the reason that this offer was made by the Company, that it would cost considerably more than the face amount of the claim, to litigate the case.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the claim of the City (Department of Public Affairs) against the Bush Haulage Company and William W. Kirby, in the sum of forty one dollars and eighty five cents (\$41.85) be cancelled because the case is contested by both the Bush Haulage Company and William W. Kirby, and it is apparent that the cost of contesting this case will amount to more than the amount claimed by the City.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the alleged claim of the Department of Public Affairs against Mrs. L. H. Dauer in the sum of eighty one dollars and sixty cents (\$81.60) be cancelled for the reason that investigation shows that the automobile which caused the damage to said City's property was stolen from Mrs. L. H. Dauer, and that it was not in her possession at the time of the impact with the City's property.

W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, By the Board of Commissioners of the City of Newark that the sum of thirty-five thousand dollars (\$35,000) be and the same is hereby appropriated to Ellen McCabe, being the price agreed to be accepted by her for a conveyance to The City of Newark

of premises in the City of Newark, described as follows:

BEGINNING at the southwest corner of a lot now or late of Ira Harrison on Academy Street; thence running along Academy Street west 25 feet to an alley 14 feet in width running from Academy Street to the Inclined Plane of the Morris Canal and the same to be left open for public use forever, thence running along the said alley north 81 feet to the said Inclined Plane; thence running along said Plane east 25 feet to said lot of Ira Harrison; thence running along his line south 81 feet to the place of BEGINNING.

BOUNDED westerly by said alley; northerly by the survey of the Morris Canal; easterly by Ira Harrison's lot and southerly by Academy Street.

Said money to be paid to said Ellen McCabe upon the filing by her with the Acting Auditor of Accounts of her Warranty Deed conveying said lands to The City of Newark, free and clear of all encumbrances, except taxes of 1930, which are to be apportioned as of closing title, said Deed to be approved as to form by the Law Department; and the Director of the Department of Public Affairs and City Clerk are hereby authorized and directed to enter into contract for the purchase of said lands.

Jerome T. Congleton

John Howe  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, by the Board of Commissioners of the City of Newark that the sum of Eleven thousand nine hundred and twenty-nine dollars and sixty cents (\$11,929.60) be and the same is hereby appropriated to Edward J. Grassman being the purchase price of certain lands agreed to be sold by said Edward J. Grassman to the City of Newark which said lands are situate in the City of Newark, County of Essex

and State of New Jersey, are described as follows:

All that certain tract or parcel of land and premises situate, lying and being in the City of Newark, in the County of Essex and State of New Jersey.

BEGINNING in the center line of Avenue J at a point distant south 31 degrees 38 minutes west 1668.57 feet from intersection of same with center line of Willow Street; thence (1) along center line of an old ditch, being the northerly line of land now or formerly of Estate of S. R. W. Heath, north 54 degrees 50 minutes west 424.35 feet to easterly line of property of John Kidd; thence (2) along same, north 45 degrees 10 minutes east 222.50 feet to southerly line of property now or formerly belonging to Estate of Samuel Baldwin, deceased; thence (3) along same, being center line of an old ditch, south 60 degrees 53 minutes east 596 feet to westerly line of land now or formerly of Estate of Wheeler Lindsley; thence (4) along the same being the center line of an old ditch, south 25 degrees 5 minutes west 290 feet to corner of land formerly belonging to S. R. W. Heath; thence (5) along that line north 54 degrees 50 minutes west 258.40 feet to BEGINNING.

Containing 3.73 acres.

The above description being taken from survey made by George H. Gardner. It is agreed that none of the avenues or streets mentioned in this conveyance are hereby dedicated the same being referred to for purposes of description only.

Said land by a recent survey is shown to contain 3.728 acres.

Upon the filing by said Edward J. Grassman of a Bargain and Sale Deed with covenants against the acts of the grantor, conveying the lands above described free and clear of all encumbrances, with the Acting Auditor of Accounts of the City of Newark, which said deed shall be approved as to form by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, by the Board of Commissioners of the City of Newark that the sum of Thirty thousand seventy-six dollars and eighty cents (\$30,076.80) be and the same is hereby appropriated to Elizabeth Terminal Corporation, a New Jersey Corporation, being the purchase price of certain lands agreed to be sold by said corporation to the City of Newark which said lands are situate in the City of Newark, County of Essex and State of New Jersey, and are described as follows:

FIRST TRACT: All that part of the following described tract lying in City of Newark, County of Essex and State of New Jersey.

BEGINNING in the center of a ditch, the division line between land of the City of Elizabeth and formerly John Z. Woodruff at the northwest corner of lot of land conveyed to John S. Kimball, now belonging to John P. Posz; thence (1) along a ditch, the northerly line of said Posz, north 83 degrees 30 minutes east 4 chains 60 links to Creek called "Little Creek"; thence, (2) along said Creek, north following its various courses 5 chains 78 links, more or less, to a ditch, the line of Charles Woodruff; thence (3) along said ditch, south 57 degrees 27 minutes west 5 chains, 12 links to the northeast corner of land of City of Elizabeth; thence (4) along the ditch first above mentioned being the east line of land of said City, south 8 degrees 16 minutes, east 3 chains, 96 links to the place of Beginning.

Containing 2.37 acres more or less.

Said portion of the above premises lying in the City of Newark by a recent survey is shown to contain 1.633 acres.

SECOND TRACT: All that certain lot, tract or parcel of land situate, lying and being in the City of Newark,

County of Essex and State of New Jersey.

Being on the Great Meadows at place called the Black Stake.

BEGINNING at corner meadow lands of the heirs of Nathaniel Johnson; thence (1) easterly along meadow of Josiah Tichenor 6.25 chains to Wheeler Lindsley; thence (2) southerly along the same 12 chains to meadow of Chester Robinson; thence (3) along same and Abraham H. Johnson northwesterly 10.64 chains to meadow of said Johnson; thence (4) along same north 7.62 chains to BEGINNING.

Containing about 8 acres more or less.

Said tract is shown by a recent survey, to contain 7.766 acres.

Upon the filing by said corporation of a Bargain and Sale deed with covenants against the acts of the grantor, conveying the lands above described free and clear of all encumbrances, with the Acting Auditor of Accounts of the City of Newark, which said deed shall be approved as to form by the Law Department.

W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, on March 18, 1930 the Board of Adjustment and on July 30, 1930 the Newark City Commission granted permission for the construction of a gasoline station on State Highway 25, Carnegie Avenue to James F. Smith, and

WHEREAS, the said James F. Smith

was unable to proceed with the work of construction within the allotted time, therefore be it

RESOLVED, by the Board of Commissioners of the City of Newark, New Jersey, that an extension of three (3) months from the time of the passage of this resolution be granted for the commencement of the aforesaid work.

Charles P. Gillen  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

A communication from the Board of Adjustment in reference to the application of Clifford MacEvoy Company, recommending change in zone northwest corner of Roseville and Seventh Avenues was received, read and on motion referred to the Law Department to prepare the proper ordinance.

A communication from the Board of Adjustment recommending variations in Zoning Ordinance was received, read and action postponed for two weeks.

#### Reports of City Officers:

The following Reports of City Officers was received and ordered filed:

Auditor's Trail Balance for October, 1930.

Mayor Congleton: Does any other person have any matter they desire to bring to the attention of the Commission this morning?

Mr. E. W. Binkley, 433 Lincoln Avenue, Orange.

Mr. Mayor and Gentlemen, with reference to the building of a miniature golf course at 89 Springfield Avenue, I would like to proceed with the construction of that course, if it be convenient.

Commissioner Gillen: Is that inside in a building?

Mr. Brinkley, Yes, sir.

Commissioner Gillen: Is there any objection to it?

Mr. Rankin: There was no objection to it yesterday.

Commissioner Murray: Did your Board approve it?

Mr. Rankin: Yes, sir.

Commissioner Murray: I move the rules be suspended.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of E. W. Binkley & C. H. Hoops (Feld Bros., Inc., owner;) for an indoor miniature golf course, for a period ending Jan. 1, 1932, premises 89 Springfield Avenue; therefore be it

RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
Jno. F. Murray, Jr.  
John Howe  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commission?

Mrs. W. Romer, 120 Brunswick Street.

Gentlemen of the Committee, I kindly request that the garage, commercial six-car garage be denied across the way to Mr. Weinstock to which I have reference. It has been misrepresented yesterday at the meeting, claiming under the circumstances that he wants to make it safe, and he has his car in the yard; he never had but one automobile, one truck, and he never had his name on the truck. I am the sister of a war veteran. I have lost one brother in service, served seven years in the Spanish-American War, and here my husband died a year ago last June, and my aunt bought me a little property to try to take roomers to try to make an honest living, as I am out of all means of support. And also, I intended to have my little home that so when my brother was well I could take him home, but I haven't dared; and since I have been there I became a nervous wreck through the noise, and also my neighbor, who is a widow and has been trying to make an honest living. She is a minister's wife and run all our roomers, all to Wilkinson and Gaddis. It isn't so beautiful lately, last year claiming by Wilkinson and Gaddis their garages are going to be empty next to this man's property, Mr. Weinstock, fully equipped with all tanks and everything. Wilkinson and Gaddis are going to vacate. This man has a six-family house, but one family is open and he has a driveway, which is one of the greatest fire hazards the City could have. I have had the police, Fire Department, Board of Health and Tenement Inspectors there continually. He has had different fires because he had the poor people, all colored people living in this place, and they haven't the means to pay the Public Service any deposit for gas and the electric, therefore they use gas. He pays no attention to whatsoever goes on, and now he comes in and suggested, misrepresenting this one gentlemen here that he has cars in the back. He has no cars in the back—

He has no car in the back—

Commissioner Howe: Is this next

door to Wilkinson and Gaddis Company?

Mrs. Romer: Yes, but on that side of the street is ten garages.

Commissioner Howe: They have been down there for forty years.

Mrs. Romer: Yes, they are but next-door, right nextdoor to this property Wilkinson and Gaddis is going to vacate a fully equipped garage, which no doubt can be rented by this man who only has one car of his own. He has no name, no business name on his car, only his home address, 32 Wright Street, and now he intends to put a six-car commercial garage there, and I am a nervous wreck; I haven't been able to rent any rooms or do anything; and also my neighbor Mrs. Townley, she is a minister's widow with two children, and we have lost all our people and I have never been able to rent anything; and Mr. McRell and Lieutenant Keeneis continually sent by the Police Department to keep the trucks and the traffic is all cut off from Brunswick Street; from Lincoln Park they run off and run through. I intend to get my poor brother home for a vacation as soon as he is able so he can enjoy outdoor life. Here is his accounting, he has this money, gentlemen, to his credit, and I try to keep the home to take him home and make an honest living, and to rent out a few rooms. My husband died a year ago last June and I cannot make no living otherwise.

Mayor Congleton: Well, there won't be any action taken on it today, Madam. We will lay it over two weeks and we will inspect it ourselves before any action is taken on it.

Mrs. Romer: Wilkinson and Gaddis--

Mayor Congleton: They are right across the street.

Mrs. Romer: No, they are right alongside of this gentleman's property; Weinstock's property is 123.

Mayor Congleton: Well, we will go down and look at it. The Wilkinson, Gaddis garage is going to be empty nextdoor and somebody else will go in there, they are not going to let that stand idle.

Mrs. Romer: They have told the tenant next door that if they can get a tenant they will rent it, and there is a stable and garage without putting another garage back there. The police has got trouble, whenever they come up the street and hear the motor cycle, the men get in and lay low.

Commissioner Gillen: I move the matter be placed on the inspection list.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any other person have any other matter to bring to the attention of the Commission this morning?

(No response.)

Commissioner Howe moved that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOIE, JR.

City Clerk.

Newark, N. J., November 26, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of November 19th were read and approved.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended by extending the Second Business District as shown on the Zoning Map so as to include the area described as follows:

Beginning at the northwest corner of Seventh and Roseville Avenues; thence northerly along Roseville Avenue 223.6 feet; thence N. 65° 43' W., 150 feet; thence N. 24° 17' E., 75 feet; thence N. 65° 43' W., 50 feet; thence N. 24° 17' E., 60 feet; thence N. 65° 45' W., 134.8 feet to the easterly line of the right of way of the Bloomfield branch of the D. L. & W. Railroad; thence southerly along said right of way to Seventh Avenue; thence easterly along Seventh Avenue to the place of Beginning.

and that the Zoning Map which accompanies the ordinance to which this ordinance is an amendment be and the same is hereby changed so as to include within the Second Business District the area above described.

2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that December 10th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of the curb of Lockwood Street, from the northerly curb line of Raymond Boulevard 460 feet northerly, the new grade to be established to include the roadway, curb and gutters; and to provide for the grading, curbing, flagging, paving and repaving of Lockwood Street, from the northerly curb line of Raymond Boulevard, 460 feet northerly with asphalt pavement (1½" top-1½" binder) on a new 6 inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the grade of the curb of Lockwood Street from the northerly curb line of Raymond Boulevard 460 feet northerly shall be changed and established, the new grade to be established to include the roadway,

gutters and curb, and described as follows:

**Grade of the westerly curb:**

Beginning at the intersection of the northerly curb line of Raymond Boulevard and the westerly curb line of Lockwood Street at an elevation of 9.60 feet; thence ascend northerly 2.63 feet in 100 feet for 154 feet; to an elevation of 13.65 feet; thence ascend northerly 1.60 feet in 100 feet, for 25 feet to an elevation of 14.05 feet; thence ascend northerly 0.60 feet in 100 feet for 25 feet to an elevation of 14.20 feet; thence descend northerly 0.50 feet in 100 feet for 17 feet to an elevation of 14.11 feet; thence descend northerly 1.00 feet in 100 feet for 17 feet to an elevation of 13.94 feet; thence descend northerly 2.00 feet in 100 feet for 33 feet to an elevation of 13.28 feet; thence continue northerly at the elevation of 13.28 feet for 5 feet; thence descend northerly 3.00 feet in 100 feet for 110 feet to the intersection of the southerly curb line of Euclid Avenue at an elevation of 9.98 feet.

**Grade of the easterly curb:**

Beginning at the intersection of the northerly curb line of Raymond Boulevard and the easterly curb line of Lockwood Street at an elevation of 9.43 feet; thence ascend northerly 2.82 feet in 100 feet for 162 feet to an elevation of 14.00 feet; thence ascend northerly 0.66 feet in 100 feet for 30 feet to an elevation of 14.20 feet; thence descend northerly 0.50 feet in 100 feet for 52 feet to an elevation of 13.94 feet; thence descend northerly 1.50 feet in 100 feet for 25 feet to an elevation of 13.56 feet; thence continue northerly at an elevation of 13.56 feet for 5 feet; thence descend northerly 2.56 feet in 100 feet for 120 feet to an elevation of 10.49 feet; thence continue northerly at an elevation of 10.49 feet for 5 feet; thence descend northerly 0.92 feet in 100 feet for 59 feet to the grade of the existing curb at an elevation of 9.95 feet.

The above mentioned elevation refer to Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1019-G, dated August 5, 1930. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the Supplements thereto and amendments thereof.

Section 2. That Lockwood Street from the northerly curb line of Raymond Boulevard 460 feet northerly shall be graded, curbed, flagged and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving and repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 5, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any

such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 3. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 4. That the sum of \$29,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$29,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 5. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the following resolution was adopted by this Commission on March 19, 1930, as follows:

"WHEREAS, The Overseer of the Poor of the City of Newark reports to this Board that because of the unusual demands upon his department for assistance, the amount heretofore appropriated for the support of said department is inadequate;

RESOLVED, that an emergency exists in said department which requires an increased appropriation therefor; and

BE IT FURTHER RESOLVED: That in order to meet the requirements of such increased demands the issue of emergency bonds be hereby authorized from time to time, as required, in such amounts as this Board may by resolution declare."

THEREFORE BE IT RESOLVED: By the Board of Commissioners of the City of Newark that pursuant to Chapter 192 of the Laws of 1917, entitled: "An Act Concerning Municipal and County Finances", and Acts amendatory thereof and supplemental thereto, emergency bonds in the aggregate amount of Fifty Thousand Dollars (\$50,000.00)—(this sum being in addition to the sums of Fifty Thousand Dollars (\$50,000.00) heretofore authorized on July 23rd, 1930; Fifty Thousand Dollars (\$50,000.00) heretofore authorized on October 1st, 1930; and Fifty Thousand Dollars (\$50,000.00) on November 5th, 1930, are hereby authorized; and be it

FURTHER RESOLVED, that said emergency bonds authorized by this resolution shall state in general terms the purpose for which they are issued, shall be dated as of the date of issue, shall mature not exceeding six months after its date, shall bear such rate of

interest not exceeding six percentum per annum and shall be issued in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized by this resolution, subject to the provision of Chapter 192, of the Laws of 1917, as amended; and

**BE IT FURTHER RESOLVED:** That the Director of Revenue and Finance be and he is hereby authorized to sell said emergency bonds at not less than par, either all at one time or from time to time.

RESOLVED, that the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

Essex Press, printing and binding drawings for Section 3, City Railway. (Contract bond).

Drill Contracting Company, general construction of Colonial hangar lean-to at Newark Airport. (Contract and indemnity bonds).

Harry Murphy, printing and binding specifications for Section 3, City Railway. (Contract bond).

Alex Kertesz, plumber's bond.

Maurice Huckman, plumber's bond.

Harry M. Ennis, plumber's bond.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, The Board of Commissioners of Assessments for Local Improvements of the City of Newark made an award of damages amounting to Seven hundred and fifty dollars (\$750.) to South Newark Realty Company for land taken for the opening and widening of Evergreen Avenue to a width of sixty four (64) feet from Frelinghuysen Avenue to Dayton Street in the City of Newark, and a portion of land taken for said improvement, having a frontage of about seventy nine (79) feet on Evergreen Avenue, is now owned by the First Ward Building and Loan Association of Irvington, and a proportionate share of said award should be paid to the said First Ward Building and Loan Association of Irvington:

RESOLVED, that the sum of five hundred and fifty dollars (\$550.) be and the same hereby is appropriated to First Ward Building and Loan Association of Irvington, the said sum to be paid to the said Association upon the presentation of properly executed conveyance to the City of Newark for said premises, said conveyance to be approved by the Law Department of the said City.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Bayor Congleton.

WHEREAS, The Board of Commissioners of Assessments for Local Improvements of the City of Newark made an award of damages amounting to Seven hundred and fifty dollars (\$750.) to South Newark Realty Company for land taken for the opening and widening of Evergreen Avenue to a width of sixty four (64) feet from Frelinghuysen Avenue to Dayton Street in the City of Newark, and a portion of the land taken for said improvement, having a frontage of 24.95 feet on Evergreen Avenue and a depth of 15.69 feet on Ross Street, is now owned by Toni Nachtigall, and a proportionate share of said award should be paid to the said Toni Nachtigall;

RESOLVED, that the sum of two hundred dollars (\$200.) be and the same hereby is appropriated to Toni Nachtigall, the said sum to be paid to her upon the presentation of a properly executed conveyance to the City of Newark for said premises, said conveyance to be approved by the Law Department of said City.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

RESOLVED, that Lee Harris, in the absence of a Civil Service Eligible list, be and he is hereby temporarily appointed to the position of Traffic Enumerator in the Police Division, Department of Public Safety, at a salary of \$6.00 per day, payable semi-monthly as other salaries are paid, effective November 20th, 1930.

W. J. Egan  
Charles P. Gillen  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that the resolution covering the application of Thomas E. Stauder, owner, for the construction of four additional garages; premises 260-262 Fifth Street; on condition that they be set back from the street further than the other buildings on the block; be disapproved.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

**Application of Long Bros. Super Service Corp., owner, to convert an existing automobile greasing station into a gasoline station; premises 443-445 Bloomfield Avenue;**

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter that they desire to bring to the attention of the Commission this morning?

Mr. Joseph Zemel, Prudential Building.

Mr. Mayor and gentlemen of the Commission: I appear here on a matter this morning that was before the Zoning Board a week ago yesterday, the application of Elmer Steeber, as tenant, and Laurel Garden Corporation, as owner.

Mayor Congleton: Is that the lunch wagon?

Mr. Zemel: Yes.

Mayor Congleton: We had it up in conference yesterday, and several of the Commissioners wanted to inspect it before they voted for it, and it was decided to lay it over until next week so they could look at it.

Mr. Charles Stewart, 9-15 Clinton Street.

Mr. Mayor and Commissioners: I am here representing the farmers of practically all New Jersey, particularly the farmers in the northern end of New Jersey. They understand that the Commission is considering buying a piece of property and locating a city-owned and city operated farmer's market on that plot of land. They understand that that is proposed to go down near where the present commission houses are on Miller Street, and that vicinity. Last night at a meeting up in Dietsch's Hall, there were about 150 farmers from all over the northern end of the state, and quite a good many from as far down as Burlington, who met and considered the proposition of whether they were desirous of having to sell their goods in a city owned and city operated farmer's market. They tell me that at present there is down at Miller Street a piece of ground set aside for a city farmer's market, which has practically never been used. The farmer's won't go there. Of course, where they are now operating is back of the Center Market from the lessee of the Center Market. That, of course, is going to be taken away. They passed last night a resolution that what they desired was a farmer's owned and farmer's operated market. It is needless to go into the reasons of why they feel that way.

Mayor Congleton: They have suddenly changed their minds, haven't they, Mr. Stewart?

Mr. Stewart: No. I understand after you spoke to me I spoke to them to ascertain just what the facts were regarding what you said. They told me that whoever made those representations did not represent the organized farmers.

Commissioner Howe: What representations?

Mr. Stewart: The representations

that the farmers desired a city owned and city operated market.

Mayor Congleton: They were here several occasions, this chamber was well-filled, and they were headed by such men as Mr. Van Riper, of Montville, and many others; and one of the strong arguments that they used was that the farmers market should be owned and controlled by the City.

Mr. Stewart: Well, now, I have here with me this morning a committee of eight—there were eight appointed and there are three of them here, one of whom, who is not here this morning, is Mr. Van Riper's son.

Mayor Congleton: I am speaking of the elderly gentleman, the Judge's father.

Mr. Stewart: I am speaking of the Judge's brother, who was appointed on the committee.

Mayor Congleton: He started out by telling us all about how he was a real dirt farmer.

Mr. Stewart: Well, these fellows here are all dirt farmers. Now, last night at this meeting there was present Mr. Oley, State Superintendent of Markets, who presided at the meeting. There were county representatives of Middlesex, Monmouth, Sussex, Essex, and Morris. There was there Mr. Molay, representative of the Federal Farmers Board, who came up. The idea of these farmers is that the place for the market in the first place is not down in the vicinity of the commission men's market, but an entirely different location. Their idea is that the farmers market ought to be Down Neck in the vicinity of what is commonly called "The Island". That meeting last night lasted from eight o'clock to eleven o'clock; the question was discussed from all angles. Ultimately a vote was taken as to whether in the first place they were in favor of a city owned market. That vote was unanimous against it. The next question was whether they were in favor of a farmers owned market, to be controlled and operated by the farmers, and that vote was unanimously in favor of it. Then they passed a reso-

lution appointing this committee, and, because they understood that this matter might come up either today before the Board, or between now and next week, they requested me to come down here and simply say to you gentlemen that they are not in favor of a city owned market and they are in favor of a farmers owned market, one which they will control and operate; and I would like to simply ask one of the gentlemen to speak to you. There was sent out prior to that meeting cards to all the farmers who now sell from the stands back of the Center Market, and this was what was sent: "This is to certify that I am in favor of a farmer owned and farmer controlled market in the City of Newark." And we received in reply this bunch of postcards here, about 250 or 300 cards, out of, I think there has been about six or seven hundred licenses issued to the farmers down there who operate there, and cards are coming in still; a batch came in this morning, which indicates that the farmers who operate there desire not a city owned but a farmer owned market; and we do not say this in the way of a threat, but simply by way of warning, that regardless of whether the city goes ahead and buys and opens up a market for the farmers, these farmers who are in the North Jersey section, and the farmers who are in Monmouth, Somerset, Hunterdon and the counties at least north of Trenton, will buy and open and operate for themselves a market, and it would seem a shame that the city should spend its money for a farmers market if it is not going to be patronized by these farmers, and they assure me it is not.

Mayor Congleton: I still stand by my previous statement, Mr. Stewart, that the farmers have absolutely changed their attitude. We went into the question of buying city property and operating it on the part of the City very reluctantly, and so far as their going to some other place than the wholesale district, when they were here we tried to convince them that they did not have to be right close to it, and even offered them land down at Port Newark, which the new Haynes Avenue bridge, where we owned, and they

all threw up their hands with holy horror, so it must be that something has happened amongst the farmers.

Mr. Stewart: All I can say to you is this, that your arguments must have been so persuasive that after they got away from here and had a chance to think it over, you had convinced them absolutely against their will.

Mayor Congleton: You are wrong again, because they have been back, through their officers and have pestered us until we finally, about three weeks ago, took the matter up seriously.

Mr. Stewart: Here is a real dirt farmer, Mr. Dye, from Middlesex County, and he is one of the committee appointed last night, and he will go a little further into detail of the matter.

Mr. Frank Dye, Middlesex County representative.

Mr. Mayor, all I have to say is this: I personally, as representative of Middlesex County, we never heard of any of these meetings that came down here, and, of course, if all the farmers were here on that question, why, I should think we should have been notified.

Mayor Congleton: We did not invite them, they came and this council chamber was packed with them.

Mr. Dye: But I was to the meeting last night, and the question was put to them and it was unanimous in favor of having a farmers owned market. And as I say, there was a very good gathering there; represented practically a good part of the state, whether or not these people who came here represented that full quantity of the state or not, I don't know.

Mayor Congleton: If you were not with them, one of the men from the state Agricultural Department, Mr. Oley—

Mr. Dye: Mr. Oley was there last night.

Mayor Congleton: He was one of the men here advocating—

Mr. Dye: That is all I could say.

Commissioner Murray: Do your men want to buy a market themselves?

Mr. Dye: A farmers owned market.

Commissioner Murray: They want to own it themselves?

Mr. Dye: Yes, and run it themselves?

Commissioner Howe: That is what I am for.

Mayor Congleton: That is what we tried to convince them to do.

Commissioner Murray: It may be as Judge Stewart said, after they got away from here they changed their minds.

Mr. Stewart: Possibly there is a division in the Van Riper family; because young Van Riper is on this committee.

Mayor Congleton: The matter will be taken up in conference. Does any other person have any matter to bring up before the Commission?

Mayor Congleton offered the following resolution:

RESOLVED, by the Board of Commissioners of The City of Newark that the sum of eighty-five thousand (\$85,000.) be and the same is hereby appropriated to Samuel Baime, Israel Baime, Max Baime and Joseph Baime, being the amount agreed to be accepted by them for a conveyance to The City of Newark of property owned by them in the City of Newark, described as follows:

BEGINNING in the northerly line of Market Street at a point therein distant 61 feet 9½ inches easterly from the easterly line of property formerly belonging to the Market Street Baptist Society: thence running (1) northerly along the easterly line of the wall of the store No. 327 Market Street, 40 feet, 4 inches to rear end of said store building; thence (2) westerly along the same 8 inches; thence (3) northerly along the westerly line of the building No. 329 Market Street and continuing the same

course 13 ft., 6 ins; thence (4) north 46° 35' east 43 ft., 6 ins., more or less; thence (5) north 18° 50' east 12 ft., to the line of land now or formerly belonging to Yates, Wharton & Co; thence (6) south 71° 10' east 25 ft., 6 ins. more or less, to line of land now or formerly belonging to Oliver Anketell; thence (7) along said Anketell's line south 46° 35' west 41 ft., 9 ins., more or less, to a point where the same is intersected by line heretofore established by agreement between the said John C. Smith and August H. Winters by agreement dated May 20, 1890 and recd. in Book Q 25/322 as the division line between lands of said Smith and Winters; thence (8) along the division line so established southerly 58 feet, more or less, to said line of Market Street; thence (9) along said northerly line north 88° west 28 ft., 2½ ins. to place of Beginning.

Together with any right of way over and access to an alley in the rear of said premises to which said Company may be entitled, which alley has an outlet to Commerce Street.

said sum to be paid to said Baines on the delivery by them of a Warranty Deed made by them and their respective wives to The City of Newark, conveying said lands, free and clear of all encumbrances, except taxes 1930, which are to be apportioned as of closing title, which deed is to be approved as to form by the Law Department; said deed to be delivered to the Acting Auditor of Accounts; and the Director of Public Affairs and City Clerk are hereby authorized to enter into contract with said owners for the acquisition of said property.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Charles P. Gillen  
Jno. F. Murray, Jr.

Mayor Congleton offered the following resolution:

RESOLVED, by the Board of Commissioners of the City of Newark that the sum of one hundred thirty thousand dollars (\$130,000.) be and the same is hereby appropriated to Ferry Land Company, (a corporation), being the price agreed to be accepted by it for a conveyance to The City of Newark of its lands in the City of Newark described as follows:

Beginning on the westerly side of Ferry Street at a point therein measured along same 20 feet northwesterly from the northwesterly line of a 10 ft. alley running from Ferry Street to East Mechanic Street, a short distance north of the intersection of said Ferry Street and East Mechanic Street; and from said beginning point running thence south 68° west 112 ft. 7 ins. thence north 68° 10' west 20 ft. 2½ ins; thence south 21° 50' west 26.6 ft., 6 ins. to East Mechanic Street; thence along the northerly line of said street north 69° 30' west 29 ft; thence along same north 20° 30' east 80 feet; thence south 69° 30' west 25 ft. thence north 76° 45' east 92 ft.; 9 inches to Ferry Street aforesaid; thence along the westerly line of the same south 23° 25' east 42 feet, 4 inches to place or point of Beginning.

said amount to be paid to said company upon the filing by it with the Acting Auditor of Accounts of its Warranty Deed, conveying said lands, free and clear of all encumbrances, except

taxes of 1930, which are to be apportioned as of closing title, which deed is to be approved as to form by the Law Department; and the Director of the Department of Public Affairs and City Clerk are hereby authorized to enter into contract for said property, on behalf of the City, on the passage of this resolution.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

The Board of Commissioners of the  
City of Newark, N. J.

P. J. O'TOOLE, Jr.,

City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

December, 1930

Newark, N. J., December 3, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of November 26th were read and approved.

The City Clerk presented A. Further Supplement to an Ordinance, entitled "An ordinance to Establish the Names of certain streets in the City of Newark", and stated that today was the time fixed for hearing on the same.

Commissioner Egan: I move that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry line; Sedgwick

Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgwick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundry Line, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until December 17th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance authorizing the appropriation of moneys in accordance with contract with the State Highway Commission, acting for and in the name of the State of New Jersey, for the construction of Route 21, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Would anyone like to be heard on this ordinance?

Mr. Joseph Zemel, Prudential Build-

ing: Mr. Mayor and Gentlemen of the Commission: I see here today an ordinance to be considered providing for the appropriation of money for Route 21 that goes through Newark. This is not a little ten-penny affair, it is a big affair, and I think it ought to be given very careful and thoughtful deliberation. The first thought that occurs to me is why the City of Newark should pay one penny towards the erection of this route as it goes through Newark.

Mayor Congleton: Mr. Zemel, I want to give you all the time you want to speak on it, but so far as the question you are now putting is concerned, you are about a year and a half late. The City of Newark entered into a contract with the State Highway Commission agreeing to this, and we are under obligation to do it. This ordinance is merely now raising the money to carry out an obligation that was entered into a year and a half or more ago.

Mr. Zemel: If that obligation has been entered into I have nothing further to say.

Mayor Congleton: That Contract was made during Mayor Raymond's lifetime, and that is two years ago or more.

Mr. Zemel: And has everything been decided upon?

Mayor Congleton: Yes, sir. The State adopted a route, they have acquired a great deal of the property, and this ordinance now is to raise the money so that the City can meet its share of the acquirement of that land in accordance with the agreement entered into over two years ago.

Mr. Zemel: Is that to go through at grade or up above?

Mayor Congleton: Elevated.

Mr. Zemel: That is definitely decided upon?

Mayor Congleton: Yes, sir. It will come across from Route 25, across the Pennsylvania Railroad and Lehigh Valley yards to hit in at Poinier and Broad and Mulberry where they come together, and then proceed north along New

Jersey Railroad Avenue to a point opposite about Lafayette Street; and then bear off and come in through Ward Street and through River Street just west of Cherry Street, and will come to grade at River Street just this side of Mulberry. The State Highway plan is ultimately to carry it all the way through on a viaduct.

Mr. Zemel: My thought was if it is definitely decided to make an appropriation, I think the appropriation ought to be somewhat consistent with any benefit the City might get from this thing. It would seem to me that a highway of that type is going to hurt us more than benefit us. Of course, if it is decided to make it that way, that settles it. On the matter of an appropriation for a highway that does not touch the center part of Newark, Market Street or Broad Street, it takes people right through Newark, none of our storekeepers or merchants get a cent out of that, they would not be very apt in that way—

Mayor Congleton: Anybody that wants to come up to Broad Street will come off of this route at Poinier Street on the finest kind of a ramp you ever saw, right on Broad Street.

Mr. Zemel: At Poinier Street, and they ride right out of our city.

Mayor Congleton: No, they ride right up Broad Street. If they are not coming into Newark they won't come as far as that, they will go off onto Route 29, or these others; if they want to get out in the direction you are indicating, there will be another cloverleaf turn down opposite the Airport.

Mr. Zemel: Very well, I have nothing further to say. Thank you.

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the

following ordinance be taken up on second reading:

An ordinance authorizing the appropriation of moneys in accordance with contract with the State Highway Commission, acting for and in the name of the State of New Jersey, for the construction of Route 21.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance authorizing the appropriation of moneys in accordance with contract with the State Highway Commission, acting for and in the name of the State of New Jersey, for the construction of Route 21", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the appropriation of moneys in accordance with contract with the State Highway Commission, acting for and in the name of the State of New Jersey, for the construction of Route 21.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance authorizing the appropriation of moneys to the Passaic Valley Sewerage Commissioners for the relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza and Raymond Plaza, East, in the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading.

An ordinance authorizing the appropriation of moneys to the Passaic Valley Sewerage Commissioners for the relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza, and Raymond Plaza, East, in the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance authorizing the appropriation of moneys to the Passaic Valley Sewerage Commissioners for the relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza and Raymond Plaza, East, in the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the appropriation of moneys to the Passaic Valley Sewerage Commissioners for the relocation and reconstruction of the main intercepting sewer in the vicinity of Raymond Boulevard, Market Plaza and Raymond Plaza, East, in the City of Newark.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan introduced the

following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of the corners of Market Street and Jackson Street and Jackson Street from Market Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the corner of Market Street and Jackson Street and Jackson Street from Market Street to Raymond Boulevard shall be graded, curbed, flagged, paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 25, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty days (30) after the passage of this ordinance. Upon failure

of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$12,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$12,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not exceeding six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan moved that December 24th, 1930, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of Blanchard Street, from Raymond Boulevard 537 feet northerly, the new grade to be established to include the roadway, curb, and gutters; and to provide for the grading, curbing, flagging, paving and repaving of Blanchard Street, from Raymond Boulevard 537 feet northerly, with broken stone, including the demolition and removal of the bridge over the Morris Canal.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the grades of the curb of Blanchard Street, from Raymond Boulevard 537 feet northerly, shall be changed and established, the new grade to be established to include the roadway, gutters and curb, and described as follows:

Grade of the Westerly Curb:

BEGINNING at a point in the westerly curb line of Blanchard Street distant 1.5 feet northerly from the intersection of the westerly curb line of Blanchard Street and the extension of the northerly side line of Raymond Boulevard (west of

Blanchard Street) at an elevation of 9.63 feet; thence ascend northerly 0.50 feet in 100 feet for 185.3 feet to an elevation of 10.56 feet; thence descend northerly 0.49 feet in 100 feet for 300 feet to an elevation of 9.08 feet; thence descend northerly 1.55 feet in 100 feet for 50 feet to the existing curb of Blanchard Street at an elevation of 8.30 feet.

Grade of the Easterly Curb:

BEGINNING at a point in the easterly curb line of Blanchard Street distant 15.4 feet northerly from the intersection of the easterly curb line of Blanchard Street and the extension of the northerly side line of Raymond Boulevard (west of Blanchard Street) at an elevation of 9.65 feet; thence ascend northerly 0.50 feet in 100 feet for 172.5 feet to an elevation of 10.51 feet; thence descend northerly 0.53 feet in 100 feet for 300 feet to an elevation of 8.91 feet; thence descend northerly 1.50 feet in 100 feet for 50 feet to the existing curb of Blanchard Street at an elevation of 8.16 feet.

The above mentioned elevations refer to Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1025-G, dated November 20, 1930. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That Blanchard Street, from Raymond Boulevard 537 feet northerly, shall be graded, curbed, flagged, paved and repaved with broken stone, including the demolition and removal of the bridge over the Morris Canal, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving and repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere

wherever needed, and the laying or re-laying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated Nov. 20, 1930, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 3. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 4. That the sum of \$34,500. is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$34,500. under and by virtue of the provisions of an act entitled "An Act to authorize and regulate

the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 5. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that December 24th, 1930, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize alterations in and about the City Hall Power Plant

and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the following alterations and improvements in the City Hall Power Plant be and the same are hereby authorized, to wit:

Repairs to the power plant to eliminate vibrations in the main steam line.

2. That the total cost of completion of said alterations shall not exceed the sum of Fourteen Thousand (\$14,000.) Dollars.

3. Pursuant to the provisions of—  
**Chapter 252, P. L. 1916, Section 12, and the acts amendatory thereof and supplemental thereto,**

there shall be issued temporary improvement bonds of The City of Newark, in aggregate principal amount not exceeding Fourteen Thousand Dollars (\$14,000.) bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of the improvements aforesaid and all incidentals connected therewith in order to make the same suitable for said purpose. All other matters in respect to said temporary improvement bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance, and of

**Chapter 252 of the Laws of 1916, and the supplements thereof and amendments thereto.**

and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or as many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of fourteen thousand dollars (\$14,000.) to be raised by the

issuance of said temporary improvement bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that December 17th, 1930, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place, when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED, that the sum of Twenty-Nine Thousand, Seven Hundred Seventy-One Dollars and Thirty-Five Cents (\$29,771.35) be and the same is hereby appropriated to the City Treasurer, as per annexed certified list, being the semi-monthly payrolls of the Department of Revenue and Finance, from November 16th to 30th, 1930:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does anyone have any matter they desire to bring to the attention of the Commission this morning?

Mr. Moses Plaut, President of the Broad Street Association, appeared and read the following communication:

**Broad Street Association, Inc.**  
**790 Broad Street**

Newark, N. J., December 3rd, 1930.  
To the Hon. Mayor and Board of Commissioners of the City of Newark.  
Gentlemen:-

By resolution of the Board of Directors of the Broad Street Association I am handing you herewith a copy of a petition that has been presented to the State Highway Commission relative to State Highway No. 10.

After careful consideration of the report of our representative at the con-

ference held in the rooms of the Essex County Park Commission on October 9th, we felt it our duty to again urge that this highway be located near the business center of Newark.

In order to be sure that the decision of our Boulevard Committee and Board of Directors met with the approval of the members of the Association, this petition was drawn and presented to our membership for signature. The response was most gratifying and the petition speaks for itself.

May I again bring to your attention the absolute necessity of locating this highway near the business center of the city and the serious objections to building it on the outskirts.

First, we now have several large office buildings, and are building more, comparable to the best in the east, which are attracting large organizations from New York to take office space in them. As instances, the new American Insurance Building is now housing several departments of the Standard Oil Company of N. J., formerly located at 26 Broadway, New York City, and the General Electric Company has taken offices in the new National Newark & Essex Building. These and other companies with offices in both cities should be provided with a highway somewhere within hailing distance as necessarily they will have many inter-office activities. A convenient highway will prove a most valuable aid and a powerful lever to induce more firms to locate here.

Second, Verona Avenue, which we understand is under consideration, is at the extreme northern end of the city, being as far from Broad and Market Streets as the Brick Church Station on the Lackawanna Railroad or the center of Irvington.

Third, we do not feel that an added burden should be put on the city and county by building a connecting boulevard with this highway, as has been suggested, when we are paying so great a part of state highway construction.

Fourth, if Highway No. 10 does not

cross the Passaic at or near the point suggested in our petition, the present Clay Street Bridge must be replaced in the near future and the expense borne by Essex and Hudson Counties. This additional burden on our taxpayers will be avoided if the bridge is built by the State Highway Commission.

Fifth, if our merchants are not afforded every opportunity of getting new business into this center a general lowering of taxes will be demanded which will mean a lower revenue for the city.

Our members in their petition heartily endorse the plan suggested by Chief Engineer Costello published in the Newark Evening News November 26, 1928. This same route was also recommended to your Honorable Body by the Mayor's Advisory Traffic Committee on May 21st, 1929, which proposal was again endorsed by the Newark Evening News on May 22nd, 1929, in an editorial headed "Best Proposal Yet in Route 10 Problem." The Newark Star Eagle, on November 8th, in an editorial headed "Just Plain Justice", advocated this plan.

May I not call the special attention of your Honorable Body to the unusualness of this petition. After being given an ample opportunity to study it, it has been signed by notably prominent men known throughout the State as great business leaders. Not only have the retail business organizations, including the large department stores on Broad Street signed as a unit but the Presidents of every Bank and Trust Company in our territory and the heads of the large Insurance Companies have also affixed their signatures.

The Broad Street Association through its Board of Directors asks your hearty co-operation in securing a location of this road where it will be most helpful to all parties concerned and this we believe to be where Chief Engineer Costello, the Mayor's Advisory Traffic Committee, the Newark newspapers and the Broad Street Association have suggested it.

Respectfully yours,

Moses Plaut, President.

Now, gentlemen, here is our petition. That is what I have to say formally. And I personally consider this a very serious matter to our business men of Broad Street. We have now over eighty vacant stores on the street. We have had quite a number of failures recently, and probably will have more. Our Broad Street business men are paying very heavy taxes. You are asking our people to by-pass and run your highway three and half miles from the center of our city. I suppose you are aware of it, that we have one department store after another that are locating in the Oranges. Those are New York department stores. Our stores here are suffering very much, and I hope that you will give this your earnest consideration and recommend the State Highway Commission, to whom we presented the original petition yesterday, that you will back us up as you have before and ask this Highway No. 10 to be placed where we think it will do us merchants the most good. I thank you.

Mayor Congleton: It will be taken up in conference, Mr. Plaut.

Does any one else desire to be heard? Does any one else have any matter they want to address the Commission on?

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Magna Investment Co., owner, for the construction of a gasoline station; premises 526-536 Bloomfield Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The

City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Gillen moved that the application be disapproved.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Carl Goldberg and Max Cohen, owners, for the construction of a gasoline station; premises 999-1005 Eighteenth Avenue;**

**THEREFORE BE IT RESOLVED** by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe moved that the application be laid over to December 17, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent

of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Elmer W. Steeber (Laurel Garden Corp., owner) for a lunch wagon; premises 457 Springfield Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of them Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan

John Howe  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Abraham Weinstock, owner; for the construction of a 6-car, commercial garage for the storage of owner's trucks; premises 123 Brunswick Street;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby

directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

Mr. Joseph Zemel, Prudential Building.

I want to speak in favor of this application. Mr. Weinstock has asked me to speak here this morning for him. At present he has a large stable there for five or six horses. The stable has been there a long time; it is an old affair, it is dilapidated. With the horses, naturally, there is hay and bedding, and all that sort of stuff, and as usual in stables, you find a very unpleasant smell. The stable, as I understand, at present comes right up to the house. Now, what Mr. Weinstock wants to do it to go to work and build a garage in the back. It won't be an ordinary public garage, it is a series of private garages. It will be removed from the house sufficiently to prevent any fire hazard; it will be made of either brick or cement block, so the fire hazard will be greatly reduced. Today they have there one large frame stable. They have the odor from the stable, and the fire risk from having hay and bedding around. If we go ahead and build a garage there that risk will be entirely eliminated. I might say there are other garages in the neighborhood. We are not trying to change the neighborhood, or anything of that sort, but we feel this is an application that ought to be granted.

(Mrs. W. Romer of 120 Brunswick Street appeared in opposition.)

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Meler Chernin (J. and N. Realty Co., owner); to alter an existing building for use as a public garage; premises 107-109 Brunswick Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, The City of Newark is engaged at the present time in the construction of a City Railway over the course formerly occupied by the Morris Canal, and the plans of the Railway for the section lying between Orange Street and the Belleville line call for construction as an open cut, and it being necessary that certain excavating work shall be done in the preparation of the old canal bed for the installation of construction work; and

WHEREAS, economic conditions in the City of Newark and elsewhere throughout the country, as they exist, reveal that there is an usual situation

of unemployment of unskilled labor, and that many people in Newark are without employment and likely to become dependent upon the City for help to support themselves and their families; and it being the advice of the Engineering Department of the City that the work of excavating the canal bed can well be done by common laborers by hand-shoveling, at a cost not in great excess of what contract work would cost for the same operation; and it being in the opinion of the Board of City Commissioners desirable that this work be immediately started in order to give employment to as many persons as possible, and thus alleviate the financial depression existing in the City, and it appearing further that in order to insure the employment of local labor entirely that the work be done by the City itself, through the Department of Public Affairs;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that an exigency exists which would not permit of advertising for bids for the doing of the work aforesaid; and

BE IT FURTHER RESOLVED, that the Director of the Department of Public Affairs be and he is hereby authorized to commence the work on the section of the City Railway above referred to at once, and to employ all labor and help required for the operation, giving employment to persons residing in Newark aforesaid, as he is able to determine, to purchase necessary equipment, to wit, shovels, tools and other implements needed for hand-shoveling, to construct proper sheds or tool-houses, to employ trucks and necessary cartage facilities, and to, without further authorization, do all things necessary in the preparation for construction of that section of the Railway above referred to.

W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

The following communication was received and read:

## Board of Adjustment City Hall

Newark, N. J., December 2, 1930.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:—

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L., 1928, that the following structures and uses in variance from the requirements of the Zoning Ordinance be allowed:

444 Central Avenue, Firestone Tire & Rubber Company, owner, alteration of a public garage to provide exit to Fairmount Avenue.

742 South Orange Avenue, Emma Thrall, owner; gasoline station.

1 & 2 Garrabrant Place, Forrest Land Co., owner; automobile parking.

345 Badger Avenue, Frank & Arthur Lindeman, owners; gasoline station.

242-248 Elizabeth Avenue, John C. Eisele, Inc., owner; gasoline station.

441-445 Bergen Street, Don Schneider, owner; alteration of public garage to provide for gasoline station.

The Board of Adjustment

R. B. Rankin, Sec.

Received, copy to be sent each Commissioner, and further action postponed for two weeks.

Mr. Edward Schoen, 763 Broad Street; Mr. Mayor and Commissioners, in that communication there is reference to an application that I submitted to the Zoning Board and which has been passed, and the owners of this property are ready to proceed with building operations if this Commission ratifies the action of the Zoning Commission. It means an expenditure of ten to fifteen thousand dollars, which would provide some immediate employment, and I would respectfully ask the Commission to act on this ap-

plication today if possible. There has been no objection by anybody to this application, and it is a neighborhood in which there is nothing but garages and things of this character.

Commissioner Egan: I am not inclined to vote in favor of suspending the rules until we have a chance to look at it.

Mayor Congleton: That is our rule, not to suspend the rules if any one Commissioner does not want it. Judge, you might renew your motion next week.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a reinforced concrete pipe sewer in State Highway Route No. 25 to be known and designated as the "Haynes Avenue Sewer, Section No. 2."

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That a reinforced concrete pipe sewer shall be constructed in State Highway Route No. 25, to be known and designated as the "Haynes Avenue Sewer, Section No. 2," as follows; In State Highway Route No. 25 from a point approximately 500 feet north of Haynes Avenue southerly about 80 feet. The above sewer to be forty-five (45) inches in diameter together with approximately 12 feet of fifty-seven (57) inch pipe at Bound Creek, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 9, 1930, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be paid by the City at large.

Section 3. That the sum of \$2500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$2500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that December 24th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, in accordance with the provisions of Chapter 115 of the State Laws of 1919, an estimate has been submitted to the Board of Commissioners of the City of Newark by the Engineer in Charge of the Bureau of Sewers showing the probable cost of constructing a sewer in Ropes Place from end of the present extension at North 6th Street to about 156 feet easterly, for the use of the abutting property only, together with lateral connections to the curb lines of said street, to be \$700.00, said probable cost being based on the best information obtainable as to the probable cost of such sewer;

AND WHEREAS, the entire cost of doing the work will be less than one thousand dollars;

THEREFORE BE IT RESOLVED, that in accordance with the provisions of the said Chapter 115 of the State Laws of 1919, the estimate so submitted and presented be and the same is hereby adopted and ordered filed;

AND BE IT FURTHER RESOLVED, that the Board hereby signifies its intention to construct a sewer in Ropes Place from end of the present extension at North 6th Street to about 156 feet easterly, together with lateral connections to the curb lines of said street, and that the Director of the Department of Public Affairs of the City of Newark will hear objections to the making of said improvements on Monday, December 15, 1930, at 10 o'clock A. M. at the office of the said Director on the second floor, City Hall, Newark, New Jersey;

AND BE IT FURTHER RESOLVED that the Engineer in charge of the Bureau of Sewers be and he is hereby authorized and directed to mail a copy of this resolution to the last known owner of record as shown by the tax records of the City of Newark, N. J., of property abutting on the portions of the street or highway through which such sewer is proposed to be constructed; and that the Engineer in charge be and he is further instructed to post

or cause to be posted a copy of this resolution in the City Hall, Newark, N. J., at least five days prior to the introduction of a second resolution setting forth the final decision of said Board to construct such sewer.

Jerome T. Congleton  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor— Congleton.

Commissioner Gillen offered the following resolution:

WHEREAS, considerable trouble has been experienced by city employees in operating the City Hall Power Plant during the past year due principally to vibration in the main steam line which has resulted in considerable vibration in the Board of Education Building and the City Hall Annex; and

WHEREAS, the Director of the Department of Parks and Public Property has tried unsuccessfully to cure the defects through the work of the Chief Engineer and his assistants and finds that after consulting with the original engineers and other experts in power plant construction immediate action must be taken to prevent a possible shut down of the entire plant; and

WHEREAS, The Director of the Department of Parks and Public Property acting on the expert advice finds that an emergency exists and that immediate alterations must be made in the said power plant; which will not permit of advertising for competitive bids.

NOW, THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that an emergency does exist and that the Director of the Department of Parks and Public Property be and he is hereby authorized to proceed with the said alterations and repairs as expeditiously

as the conditions require at a cost of not to exceed Fourteen thousand (\$14,000.) dollars, by virtue of the power and authority of Section 1 of Article XI of Chapter 152 of the Laws of 1917 as amended.

Charles P. Gillen  
John Howe  
W. J. Egan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Respectfully submitted,

JOHN J. SUGRUE,

Acting City Treasurer

Mayor Congleton offered the following resolution:

RESOLVED, that Milton Shelton be and he is hereby appointed to the position of Assistant Engineer, Structural (temporary) in the City Railway, Department of Public Affairs, at a salary of \$3600.00 per annum, effective Dec. 4th, 1930.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk

Newark, N. J., December 10, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of December 3rd were read and approved.

The City Clerk presented An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark," adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance putting the property at Seventh and Roseville Avenue in a business district.

(No response).

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark," adopted January 8, 1930.

The Board of Commissioners of the City of Newark, Do Ordain:

That an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930, be and the same is hereby amended by extending the Second Business District as shown on the Zoning Map so as to include the area described as follows:

Beginning at the northwest corner of Seventh and Roseville Avenues; thence northerly along Roseville Avenue 223.6 feet; thence N. 65° 43' W., 150 feet; thence N. 24° 17' E., 75 feet; thence N. 65° 43' W., 50 feet; thence N. 24° 17' E., 60 feet; thence N. 65° 45' W., 134.8 feet to the easterly line of the right of way of the Bloomfield Branch of the D. L. & W. Railroad; thence southerly along said right of way to Seventh Avenue; thence easterly along Seventh Avenue to the place of Beginning;

and that the Zoning Map which accompanied the Ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the Second Business District the area above described.

2. All ordinances and parts of ordinances in consistent with this ordinance are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to amend an ordinance entitled: "Zoning Ordinance of The City of Newark," adopted January 8, 1930, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The Clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark ", adopted January 8, 1930.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED: That the sum of Two Thousand, Five Hundred Twelve Dollars and Fifty-Eight Cents (\$2,512.58) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

To The Board of Commissioners of the City of Newark, N. J.

Dear Sirs:-

I respectfully submit the statements annexed (by items) of the amount in gross as shown by the records in this office of the several sewers and openings and widenings, Chapter 152, laws 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

Acting Auditor of Accounts

A. K. Brady,

Mulberry Street Opening and Widening, from a point about 27 feet south of Market Street to Aronson Square, \$2,-489,457.33.

Delavan Avenue Storm Water Sewer, \$8,115.79.

RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declarations of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction and provision of the statutes in such case made and provided.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, a suit is now pending in the Essex County Circuit Court wherein the City of Newark is seeking to recover damages sustained by it on October 5, 1925, when a fire truck was run into and damaged by a trolley car,

owned and controlled by the Public Service Transportation Company; and

WHEREAS, the amount of damages claimed by The City is three thousand two hundred and seventy seven dollars and two cents (\$3,277.02); and

WHEREAS, it appears that it will be impossible to obtain all the witnesses necessary to prove such damages; and

WHEREAS, the Public Service Transportation Company, the defendant in the suit has agreed to compromise this said suit for two thousand five hundred dollars (\$2,500.), and good and sufficient reasons appearing therefor;

NOW, THEREFORE BE IT RESOLVED, by the Board of Commissioners that the offer of the Public Service Transportation Company to settle the suit now pending against it in the proceedings instituted by The City of Newark in the Essex County Circuit Court, for the sum of two thousand five hundred dollars (\$2,500.00) be accepted; and

BE IT FURTHER RESOLVED, that the Director of the Department of Public Safety and the City Clerk, be and they are hereby authorized to execute proper and sufficient releases in connection with said settlement; and

BE IT FURTHER RESOLVED, that upon the payment of the said sum of two thousand five hundred dollars (\$2,500.00) in settlement of said suit, the Corporation Counsel of the City of Newark is hereby authorized to consent to a discontinuance of said suit.

W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Westinghouse Electric and Manufacturing Company purchased a site at Port Newark from the City of Newark; and

WHEREAS, the Westinghouse Electric and Manufacturing Company requires the facility of a temporary railroad siding to properly develop and operate the plant; and

WHEREAS, the aforementioned temporary siding is urgent and necessary because the permanent rail service can not be accomplished until after the completion of the new Haynes Avenue Bridge now in the course of construction; and

WHEREAS, it is considered that the City of Newark is delaying and interfering with the Westinghouse Electric and Manufacturing Company's operations, unless a temporary siding is

constructed at the north end of the site; and

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that the City share in the cost, less the salvaged value of rails, ties and appurtenances, for the establishment of a temporary railroad siding to connect with the Pennsylvania Railroad Company's running track at the North end of the property sold to the Westinghouse interest; and

BE IT FURTHER RESOLVED, that the Director of the Department of Public Affairs be and he is hereby authorized and directed by virtue of the power and authority of Section 1 of Article XI of Chapter 152 of the Laws of 1917, as amended, to have the aforementioned temporary siding constructed by the Westinghouse Electric and Manufacturing Company at an estimated total cost of \$7,191.31 of which amount the City shall pay as its portion no more than \$3,283.31 including its proportioned share of the work and after deducting a credit for salvaged rails, ties, and appurtenances to be retained by the Westinghouse Electric and Manufacturing Company, after the temporary siding has been abandoned.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, in connection with the construction of the City Railway in the bed of the Morris Canal it is necessary to build a 36" reinforced concrete pipe sewer from the present Millbrook Sewer at a point in Branch Brook Park opposite the intersection of Sixth Avenue and First Street to the intersection of Sixth Avenue and Fourth Street and 33" reinforced concrete pipe sewer in Sixth Avenue between North 6th Street and North 7th Street;

AND WHEREAS, it is deemed advisable owing to the economic conditions existing in the City of Newark and elsewhere to do this work by labor under the direct supervision of the Department of Public Affairs;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that an exigency exists which would not permit of advertising for bids for the doing of the work aforesaid; and

BE IT FURTHER RESOLVED, that the Director of the Department of Public Affairs be and he is hereby authorized to start and prosecute the work above outlined at once and to employ all labor and help required for said work, giving employment to persons residing in Newark aforesaid; as he is able to determine, and to purchase all the equipment and material necessary to prosecute and complete the said work, without further authorization, and to do all things necessary for the construction of said sewers, cost of said sewers to be approximately \$21,000.00.

Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the contract for the furnishing and delivering of curb boxes to the Department of Public Affairs, be and the same hereby is awarded to the Central Foundry Company, it being the lowest formal bidder in response to public advertisement, the amount of its bid being as follows:

Approx. 2000 curb boxes \$1.18 each.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
W. J. Egan  
John F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that Frank J. Keegan be and he is hereby appointed to the position of Second Assistant Engineer (temporary) in the City Railway, Department of Public Affairs, at a salary of \$1800.00 per annum, effective December 11th, 1930.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that Andrew Level, Jr., be and he is hereby appointed to the position of Transitman (temporary) in the City Railway, Department of Pub-

lic Affairs, at a salary of \$1500.00 per annum, effective December 11th, 1930.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer;

George L. Dennis Company, Inc., heating work in connection with erection of pressure regulator house at Belleville Reservoir. (Contract and indemnity bonds).

A. Neri, Inc., electrical work in connection with erection of pressure regulator house at Belleville Reservoir, (Contract and indemnity bonds).

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter they desire to bring to the attention of the Commission?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. EGAN

JOHN HOWE

CHARLES P. GILLEN

JNO. F. MURRAY, Jr.

The Board of Commissioner of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.

Newark, N. J., December 17, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting held December 10th were read and approved.

Commissioner Gillen offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of John C. Elsele, Inc., owner, for the construction of a gasoline station; premises 242-248 Elizabeth Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.  
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal

from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Carl Goldberg and Max Cohen, owners for the construction of a gasoline station; premises 999-1005 Eighteenth Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Egan moved that the resolution be laid over until December 24th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Firestone Tire and Rubber Co., for the alteration of a public garage and service station to provide for vehicular exit to Fairmount Avenue; premises 444 Central Avenue;**

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard?

Dr. William R. Silverstein, 17 Fairmount Avenue: There is before your Honorable Board for ratification, the application of the Firestone Company for a project which, from its very inception, has been obnoxious to the owners of property on Fairmount Avenue. The property owners are one hundred per cent. united in opposition to this project. Upon two occasions the Zoning Board has seen fit to reject this application, the last application of it meeting with their approval. It is hardly conceivable that within good reason that they could reverse, not alone their own rejection of it, but that of a Board that served prior to theirs. Nevertheless, one hundred per cent. of the property owners have always been received with courtesy until the last time, when they were rejected. Our objection to this is not based upon the limiting of anyone's privilege of doing business, nor for their advancement. When the Firestone Company applied first for their permit, we rose in one hundred per cent. objection against the project as offered; namely, the making of a doorway on Fairmount Avenue. The Firestone Company agreed in writing with the Building Department of the City of Newark that they would abide by our request, and that this door would not be built. When they erected this building the very construction of it was in direct violation of their agreement. The character of the laying of the bricks in that wall facing Fairmount Avenue is such that could be easily removed and a jump put in; and then still further, the curb was cut and cement pavement was laid out and cut permitting the entrance and exit of automobiles. That is a spirit of arrogance that I do not think, in my own humble opinion, meets or would meet with the approval of well-thinking men. It hardly shows the integrity of the concern. Fairmount Avenue is a residential street to us and has always been to us. We do not make any demands upon this Board; we make a request; and our request is based upon that we of humble circumstances be

permitted to keep our homes as they have been and not to permit our street or our block to serve as a parking space for automobiles for the Firestone Company, waiting for or finished repairs, as they have and are doing. I, the past week, have seen their service truck stand in the street a few doors from my home for a period of four hours. It is at the present time being used as a parking space for their employees' automobiles. It is a hospital street. The street will be closed, we will have absolutely no privacy; all that we will have is automobiles and absolutely no privacy whatever. Still further, at the present time we must endure a pounding of a compressor, so much so that it has broken dishes in my home, and my home is two doors from this supposed doorway. In other words, the character of the street, the danger to our children from automobiles entering or leaving the place, the changing of the character of the place by loading or unloading of trucks, passing to and fro of automobiles to and from that place, must all be considered. Still further, the few dollars that we possess are put into our homes and with the construction of this doorway it seems that we must suffer from the depreciation in value of our property. It means nothing to the Firestone Company. The Firestone Company had ample time to construct their building in such a way as to accommodate their business at the time of the original application, when it was objected to by us and agreed to by them; and I therefore most respectfully request that this Honorable Body reject this application, as has been done on two prior occasions.

Mayor Congleton: Is there anyone else who desires to speak in opposition?

Mr. Joseph Zemel, Prudential Building: Mr. Mayor and Commissioners: I shall refrain from stating anything that Dr. Silverstein has just stated, except to say that originally when the Firestone Company came to Newark to build this building, they built this in such a way just to get a wedge in there. They went in there to mislead

the people. They knew, and knew-very well, that the Zoning Board would not pass upon a building such as the type they have erected or proposed to change it into, so in order to fool them they made a promise before the Board of Zoning Adjustment in this City in this very room, that there would be no driveway on Fairmount Avenue. But apparently a promise to them does not mean anything. There is, however, a more important consideration to be considered, and that is this: Fairmount Avenue, as the Doctor has told you, is a hospital street. The ambulance goes across that street I don't know how many times a day. It has been up until this company came in there, a residential street, one and two-family houses, and on the corner there is a house occupied, I think, by about twenty or twenty-five tenants. There is in that house and the neighboring houses something like 150 children between the ages of five and fifteen years, and the only place they have got to play is on the sidewalks. They cannot very well play in the street because the street is an ambulance street; it is right near Central Avenue, and there is a great deal of traffic. Now, then, if you go to work, sirs, if you go to work and take away this space where these children can play in safety, what are you going to do? You are fixing there for them nothing more or less than a death trap, and I tell you, sirs, that if this thing is put through you are going to find a condition there within a very short time, and it is unavoidable, when one or more children is going to be killed there; and I appeal to you, sirs, each one of you; I appeal to you, Mayor Congleton, as the leader of our city to protect these children; I appeal to you, Commissioner Gillen, as the man who has sat on this Commission the longest time and who knows and understands the needs of Newark and the children of Newark; and to you, Commissioner Howe, they appeal, they appeal to you because you know the conditions in Newark, having been a public servant for a long time; they appeal, sir, to Director Egan, and they appeal to Director Egan because he is the Director of Public

Safety of our City and these children are asking for safety; and to you, John Murray, I appeal on behalf of the children, because you know their conditions, and you have charge of the hospital in Newark, and you have been aptly termed Newark's Humanitarian. We appeal to you, sirs, on these grounds. Now, then, it may be that a deaf ear will be turned to the pleas of these children, it may be they are not influential enough, I don't know; but suppose we do not do that? Suppose this door goes in there? We are going to find ourselves there with conditions where there will be a few children killed there every year, and regardless of the legal aspect, I charge if this thing goes through and a child is killed there that every person who has voted for the thing is morally, at least, if not legally, a murderer. When we find children being killed there, then we will be in a position to stand before God and say, "I am the murderer of that child."- My sirs, well may you pray for forgiveness to God because you will never forgive yourself. I have done.

Mayor Congleton: Is there anyone else who desires to be heard in opposition?

Mr. Raymond A. Mulhearn, 16 Fairmount Avenue: Honorable Commissioners—Mulhearn is my name, owner of property at 16 Fairmount Avenue, directly across to this opening in the Firestone building. I object on the grounds that we agreed in this room before a Board, with the Firestone Company to allow them to erect that building under the conditions that they would not put an entrance or exit on the side. I believe that they have broken their pledge. I believe they brought us down to this building eight or nine times. They have taken my time from the bank to come down here, and I object to the door being there. The street, is, as Mr. Zemel has told you, a hospital street. This company can very well to its business without that entrance or exit on Fairmount Avenue. They already have six doors. I don't know that there is very much to say to you gentlemen. You prob-

ably are acquainted with the situation, but I would like to let you know that there are fifteen property owners on that street representing the owners on both sides of Fairmount Avenue in that particular block, and they are one hundred per cent. against the opening of this door, so I ask this body to consider that and give the neighbors and the citizens and property owners, if I might say, a break.

Commissioner Murray: Mr. Mayor, in order to shorten this discussion and the length of time to be consumed here, I think in every one of these cases the Commission is controlled by the substantial objection of adjacent property owners, all of whom have equal right, and unless there is more to be said about it I ask that the matter go to a vote.

Mayor Congleton: I see the Firestone representative here. Does he want to be heard?

Mr. L. R. Richmond, 444 Central Avenue: Mr. Mayor and Commissioners, I think we have fairly, simply and frankly stated our position to the Zoning Commission. They have seen fit to grant us that exit at the rear of that building there. I just would like a minute or two to refute, if possible, some of the statements our worthy neighbors have made as to our operation there. I will grant that in the beginning our real estate department did not see fit to put a door in there, as they thought it would be possible to operate the business without it. The Zoning Commission has visited the building and they have seen that we have approximately fourteen per cent. of our floor space there which cannot be used and utilized to the advantage that it should be in an expensive location like that. We request an exit there, we do not request an entrance. The Zoning Commission has seen that our operation takes place in approximately 13,000 square feet of floor space there, and that space is needed in that end of that building to park cars so they may exit from that Fairmount Avenue door and not have to come all the way back through the

building, which is full of automobiles, and try and get their way out that way. Now, we do not do any unloading of trucks. Our business is a retail service business. We do not unload trucks, neither do we load trucks, except repaired tires and that sort of thing which goes out to a retail business, the same as you would be if we delivered your tire back to your home or your garage. The Firestone Company did not come to Newark just now. The Firestone Company in 1918 built a building on the corner of Kinney Street and Broad Street on the southeast corner, so they are not new. You have probably heard of them before. Mr. Zemel stated there were twenty-five families in the corner building and there are 150 children. It seems to me that is a pretty good average. That makes six children to a family. I have not seen that many there yet. There is a place for the children to play in a park provided by the City of Newark and the taxpayers of Newark, just exactly one block away. Now, they will have to cross one street, and that street is Littleton Avenue. They will not have to cross any trolley line or bus line street, which they do have to do when they attend school. We are operating at the present time 400 of these service stations, each one individually owned and operated at its location. Our statistics show that the safety that we provide for around our service stations, that in three and a half years of operation we have not had any children in or about our service stations hurt. They also stated that there were fifteen objectors. I personally have talked to some of the objectors, and they personally in their own mind are not put out that we want that door there, they are simply sticking with the neighbors so that those gentlemen that do object will have some support for their opinion. They are on the fence, they don't care either way, whether we have a back door or not. They are simply staying by their neighbors and helping their neighbors out. I think that those are the few things that I wish to just sort of refute in Mr. Zemel's argument against us. Thank you.

Mayor Congleton: The resolution is to concur in the recommendations of the Board of Adjustment. All those in favor say "aye," opposed "no". The clerk will call the roll.

The roll being called, the resolution was declared lost by the following votes:

Naye: Commissioner Egan.

Commissioner Gillen: Mr. Mayor, first I was sympathetic toward the application of the Firestone people because they seemed to think they required this exit, but I have been informed that it is not an absolute necessity, and it seems that one hundred per cent. of the property owners on Fairmount Avenue in that block is opposed to this application. I think that where the opposition is so unanimous that we must listen to it. After all, their homes are there; they want certain protection against what they consider a menace or encroachment of some character, and I am going to vote against the application.

Commissioner Howe: No.

Commissioner Egan: At the time my name was called I merely recorded my vote as no. I want to say that the speech that Commissioner Gillen made for himself covers me too.

Commissioner Murray: No.

Mayor Congleton: No.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Emma Thrall for the construction of a gasoline station; premises 742 South Orange Avenue;**

**THEREFORE, BE IT RESOLVED,** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be

and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this matter?

The roll being called, the resolution was declared lost by the following votes:

Naye: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Forest Land Company for an automobile parking station; premise 1 & a Garabrant Place;**

**THEREFORE BE IT RESOLVED,** by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Naye: Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent

of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

**Application of Don Schneider for the alteration of a public garage to provide for a gasoline station; premises 441-445 Bergen Street;**

**THEREFORE BE IT RESOLVED** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard?

Mr. Jacob Lubetkin, 60 Park Place: I represent the applicant in this case. I want to say a petition was filed with the Board, a consent by practically all of the property owners in the vicinity, and the Board unanimously passed it. He is permitted to use gas tanks there now.

Mayor Congleton: At the curb?

Mr. Lubetkin: At the curb, and there is considerable traffic on Bergen Street. Instead of filling on the street---

Commissioner Egan: This letter we have from the Board of Adjustment shows a considerable number of objectors were present at the hearing before the Board of Adjustment.

Mr. Lubetkin: That is not correct. There is probably some misunderstanding about it.

Mayor Congleton: The objections have been withdrawn and that petition has been signed favoring the proposition.

Mr. Lubetkin: I presented a petition signed by probably forty or fifty property owners. There was not a single objector.

Commissinoer Howe: It is one thing

selling gasoline at the sidewalk where you haven't got cars crossing the sidewalk.

Mr. Lubetkin: There is a signed petition filed here, and notice was duly given. It will improve the property. It certainly is not going to do anybody any harm. There is considerable traffic on Bergen Street and when cars line up and park there it simply adds to the congestion, where by permitting them to drive in it can not hurt anybody.

Commissioner Murray: I move the matter be laid over and taken up in conference on next Tuesday morning. You appear then at eleven o'clock and make your statement.

The roll being called, the motion was declared adopted by the following votes.

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An Ordinance to order and cause the change and establishment of the grade of the curb of Lockwood Street, from the northerly curb line of Raymond Boulevard 460 feet northerly, the new grade to be established to include the roadway, curb and gutters; and to provide for the grading, curbing, flagging, paving and repaving of Lockwood Street, from the northerly curb line of Raymond Boulevard, 460 feet northerly with asphalt pavement (1½" top-1½" binder) on a new (6) in concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Herman W. Brams, 951 Broad Street: I appear in behalf of Elsworth M. Drew of 27 Esther Street, and a number of other people living both on Esther and Joseph Streets have asked me to present their opinions in this matter. They have no objection to the work being done. But they asked me to call your attention to the fact

that these people own small one and two family houses, very poorly constructed, all of them frame. About a year ago Esther Street was paved, and my client informs me that there was an assessment of \$360. put on his—

Mayor Congleton: What Street?

Mr. Brams: Esther.

Mayor Congleton: This is Lockwood Street.

Mr. Brams: Yes, sir. He has been unable, because of conditions, to pay any taxes for the last two years. The same condition prevails amongst the other people for whom I speak. They have no objection to the work being done, but they are not in a position to pay an additional assessment for this work on Lockwood Street.

Commissioner Howe: Will that assessment go over there? Will it be straight over there?

Mr. Brams: They have these notices, so I assume—

Mayor Congleton: That will be fought out before the Assessment Commissioners.

Commissioner Murray: Doesn't your printed notice show your property is within the area intended to be assessed?

Mayor Congleton: There isn't any doubt about that. What we do, when we send out these notices of the contemplated improvement, the Board of Assessment Commissioners plays safe and includes everyone, to the greatest extent, because if it is not included, and if they are not given a notice, and if it should subsequently appear that the property was benefited, even to a slight amount, you could not assess it for anything. The fact that they have got notice does not of itself mean they will be assessed if they do not get any improvements. That case will be heard before the Board of Assessment Commissioners after the improvement is completed and people can see what conditions are. Personally, I think this improvement is going to enhance the value of all that immediate prop-

erty because the change of grade is made for the purpose of giving access to State Highway Route 25, and if the same situation is created at this point that experience shows has been created at other places, you will have a real business center right there where these connections are.

Mr. Brams: I agree with your Honor on that point. Raymond Boulevard must be improved, there isn't any question about it, and Lockwood Street needs improvement because of these large factories of the American Hair Felt, Sherwin - Williams, and others. But these streets immediately to the west are very small streets, inconsequential houses, and there is very little likelihood of any improvements accruing to them, because they are one and two family houses.

Mayor Congleton: You may be absolutely right about it, but we have to play safe, so to speak, and the question is whether or not your property has been benefited by the improvement, and that question is not determined until after the actual improvement is made, so that everybody then has a real opportunity to see whether it is or is not, and we have to include the whole area. If we attempted to guess now, whether it was or was not, we probably would do an injustice to somebody, so we include the largest area that might possibly be affected, and then as to whether it is or is not benefited is discussed before the Board of Assessment Commissioners when they are considering that question after the improvement is made.

Mr. Brams: Of which these people will have notice?

Mayor Congleton: Absolutely. They get notice and they have an opportunity to appear with counsel or witnesses or what not, a regular judicial proceeding.

Commissioner Murray: How much land has your client?

Mr. Brams: 38 feet.

Commissioner Murray: Assessed \$360?

Mr. Brams: Yes.

Commissioner Murray: That would indicate that Esther Street pavement was assessed on abutting property.

Mayor Congleton: It was an original pavement.

Commissioner Howe: Esther Street nor Joseph Street have never been paved before.

Commissioner Egan: Mr. Mayor, I understand that this particular paving is being done at this time for the reason it provides proper surface just outside of the ramp leading to the elevated highway structure.

Mayor Congleton: This is a change of grade.

Commissioner Egan: And more particularly because of the ramp?

Mayor Congleton: Yes.

Commissioner Egan: It would seem to me if it is possible that the Highway Commission ought to include this in as part of their highway system.

Mayor Congleton: We are trying to do that, but the improvement is outside of the line of their improvement. If we want the access we have to make our street approaches to meet it. They are building the ramp. We are trying to get them to pay it all. There may not be any assessment, but in order to protect our right in passing this ordinance we have to make it a local improvement, because if we do not get any State aid we cannot charge it against the property owners.

Commissioner Howe: There are only two blocks there, Esther and Joseph, in which there are any houses on the island, and there are houses down there not worth \$500.

Mr. Brams: That is true.

Commissioner Howe: The majority of these houses are only about 16 or 18 feet wide.

Commissioner Egan: It is probably more of a hardship on that particular citizen to pay this assessment.

Commissioner Howe: This will benefit the manufacturers more than these little places.

Commissioner Egan: It will benefit the City at large for the reason it is being used as an approach to this highway.

Commissioner Howe: The new market is going there, the Farmers' Market, within two blocks of those houses.

Mayor Congleton: That should be argued before the Board of Assessments after the improvement is made. If we have not been able—

Commissioner Egan: What you have in mind is to get this physical work done, and the question of cost is an open one. You have the Assessment Commission to deal with, you have the City Commission to deal with, you have the Highway Commission to deal with.

Commissioner Howe: You take the Assessment Commissioners down there and show them what kind of houses they are and they won't put much on it, I do not think.

Mr. Thomas Smith: Mr. Mayor, after the expression of the Mayor and Directors Egan and Howe, I am simply fulfilling a promise I made to the American Hair Felt Company, Central Foundry Company, Fisk Brothers, and Oraton Investment Company. They own practically 1800 feet on Lockwood Street. Their thought, without advising with anybody, is identical with the expression that was expressed here today. They appreciate that the idea is to enhance the highway system, bring out an exit into Lockwood Street, and the only worry they had was that probably the creation of this highway into Lockwood Street would be a sort of a detriment to the Public Service, who own one corner of Lockwood Street and Raymond Boulevard, and the Oraton Investment Company who owns the other, but that is something that none of us can decide at this time, and our interest is purely, with respect to the cost of the improvement. We know the nature of the hump down there; we know it will involve considerable expense in order to make

sidereable expense in order to make possible this ramp, and our interest is just as has been expressed today. We would like you to give us some assurance that you will cooperate with the property owners, because there has been some considerable burden down there for some of the abutting property owners on Raymond Boulevard. The Oraton Investment Company and Christian Feigenspan Corporation have now on their desks bills for \$22,000 for the improvement of Raymond Boulevard, and naturally they are concerned as to what this project will cost. Together we are representing our neighbors, the American Hair Felt Company and Fisk Brothers.

Mayor Congleton: Commissioner Smith, we sympathize with all that you have said. We are endeavoring to get everything we can out of the State Highway Department. Please bear this in mind, that the State Highway's plan of carrying Route 25 did not call for any ramp at this place at all, and we have fought what we think is a good fight and have finally prevailed upon the State Highway Commission to give us this additional ramp there, and, of course, they insist that going outside the line of their property today, that we must take care of the change of grade of our street in order to meet the approach, but we have the matter, we think, well in hand, and we are going to get every nickel we can out of the State, and after it is finished and the Assessment Board is considering the question of the assessments, if we don't get it all from the State, you can feel sure your property owners are going to be assessed a very small amount because we look upon it to a large extent as a general improvement.

Mr. Smith: Well, Mr. Mayor, we appreciate the efforts of the Commission, and I have one more suggestion to offer in keeping with my promise to these manufacturers, and that is, that that in the event that we fail in our efforts with the State Highway Commission, that in levying this assessment that the Commission try to console the property owners there by arranging an assessment that will be

based upon sixty-forty per cent. basis, in view of what has been said.

Mayor Congleton: Well, it may be better than that. We cannot change the ordinance and put those figures in, because if we do not get anything from the State—my own impression is that this approach is more for the benefit of the public at large.

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to order and cause the change and establishment of the grade of the curb of Lockwood Street, from the northerly curb line of Raymond Boulevard 460 feet northerly, the new grade to be established to include the roadway, curb and gutters; and to provide for the grading, curbing, flagging paving and repaving of Lockwood Street, from the northerly curb line of Raymond Boulevard, 460 feet northerly with asphalt pavement (1½" top 1½" binder) on a new (6) in concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of An ordinance to order and cause the change and establishment of the grade of the curb of Lockwood Street, from the northerly curb line of Raymond Boulevard 460 feet northerly, the new grade to be established to include the roadway, curb and gutters; and to provide for the grading, curbing, flagging, paving and repaving of Lockwood Street, from the northerly curb line of Raymond Boulevard, 460 feet northerly with asphalt pavement (1½" top 1½" binder) on a new six (6) inch concrete foundation", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of the curb of Lockwood Street, from the northerly curb line of Raymond Boulevard 460 feet northerly, the new grade to be established to include the roadway, curb and gutters; and to provide for the grading, curbing, flagging, paving and repaving of Lockwood Street, from the northerly curb line of Raymond Boulevard, 460 feet northerly with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry line; Sedgewick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street; Van Vechten Street from a point 147.57 feet west of the northwesterly corner of Sedgewick Avenue and Van Vechten Street northwesterly 272.19 feet to the Elizabeth-Newark boundry line, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over until December 31st.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize alterations in and about the City Hall Power Plant and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading.

An ordinance to authorize alterations in and about the City Hall Power Plant and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to authorize alterations in and about the City Hall Power Plant and providing for the financing thereof", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize alterations in and about The City Hall Power Plant and providing for the financing thereof.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks of Jackson Street on the easterly side thereof from Market Street to Raymond Boulevard and requiring the removal of obstructions, projections or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of Jackson Street on the easterly side thereof from Market Street to Raymond Boulevard is hereby changed and established, as follows:

On the easterly side thereof from Market Street to Raymond Boulevard eight (8) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectfully abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate, or cause to be taken out, removed and abated, any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Jackson Street between the limits herein stated contrary to the provisions of this ordinance, and the expense thereof shall be recoverable from the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordin-

ances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that January 7th, 1931, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$3,000,000.00 City Railway Construction Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. In pursuance of the provision of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Three Million Dollars (\$3,000,000.00)

for the purpose of temporarily financing the construction of the City Railway and is an improvement for which the City is authorized to issue bonds by the aforesaid act.

Section 2. Each of the Temporary Loan Bonds authorized by this ordinance amounting in the aggregate to Three Million Dollars (\$3,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the Bonds authorized by this ordinance.

Section 3. The Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 7th, 1931, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

**WHEREAS**, the following resolution was adopted by this Commission on March 19, 1930, as follows:

**WHEREAS**, The Overseer of the Poor of the City of Newark reports to this Board that because of the unusual demands upon his department for assistance, the amount heretofore appropriated for the support of said department is inadequate;

**RESOLVED**, That an emergency exists in said Department which re-

quires an increased appropriation therefor; and

**BE IT FURTHER RESOLVED**, That in order to meet the requirements of such increased demands the issue of emergency bonds be hereby authorized from time to time, as required, in such amounts as this Board may by resolution declare."

**THEREFORE BE IT RESOLVED**, By the Board of Commissioners of the City of Newark that pursuant to Chapter 192 of the Laws of 1917, entitled; "An Act concerning Municipal and County Finances," and Acts amendatory thereof and supplemental thereto, emergency bonds in the aggregate amount of Sixty-five Thousand Dollars (\$65,000.00)—(this sum being in addition to the sums of Fifty Thousand Dollars (\$50,000.00) heretofor authorized on July 23rd, 1930; Fifty Thousand Dollars (\$50,000.00) authorized on October 1st, 1930; Fifty Thousand Dollars (\$50,000.00) on November 5th, 1930, and Fifty Thousand Dollars (\$50,000.00) on November 26th, 1930) are hereby authorized; and

**BE IT FURTHER RESOLVED**, that said Emergency Bonds authorized by this resolution shall state in general terms the purpose for which they are issued, shall be dated as of the date of issue, shall mature not exceeding six month after its date, shall bear such rate of interest not exceeding six per centum per annum and shall be issued in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized by this resolution, subject to the provisions of Chapter 192, of the Laws of 1917, as amended; and

**BE IT FURTHER RESOLVED**, That the Director of Revenue and Finance be and he is hereby authorized to sell said emergency bonds at not less than par, either all at one time or from time to time.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, in accordance with the provision of Chapter 115 of the State Laws of 1919, an estimate was submitted to the Board of Commissioners of the City of Newark by the Engineer in Charge of the Bureau of Sewers showing the probable cost of constructing a sewer in Ropes Place from end of the present extension at North 6th Street to about 156 feet easterly, for the use of the abutting property only, together with lateral connections to the curb lines of said street, to be \$700.00,

said probable cost being based on the best information obtainable as to the probable cost of such sewer;

AND WHEREAS, the Board of Commissioners signified its intention by a resolution to construct such a sewer in Ropes Place from end of the present extension at North 6th Street to about 156 feet easterly, together with lateral connections to the curb lines, at a meeting of said Board held on December 3rd, 1930;

AND WHEREAS, a copy of such resolution together with a notice stating that objections to the making of said improvement would be heard by the Director of the Department of Public Affairs on December 15th, 1930, at 10 o'clock A. M., was mailed or caused to be mailed by said Engineer to the last known address of the last owner of record as shown by the tax records of such city, of the property abutting on the portion of the street or highway through which such sewer is proposed to be constructed;

AND WHEREAS, a copy of such resolution and notice was posted conspicuously in the City Hall at least five days prior to the introduction of this resolution, setting forth the final decision of said Board to cause the construction of said sewer;

AND WHEREAS, at least two weeks have elapsed since the passage of the first resolution to which this resolution refers;

THEREFORE BE IT RESOLVED, that this Board hereby signifies its final decision to construct a sewer in Ropes Place from end of the present extension at North 6th Street to about 156 feet easterly together with lateral connections to the curb lines, and the construction of such sewer to be done by day labor under the direct supervision of the Department of Public Affairs.

The following communication was received and read:

The Prudential Insurance Company  
of America  
Home Office, Newark, New Jersey

December 15, 1930.

To the Honorable  
Board of Commissioners,  
City of Newark, N. J.

Gentlemen:-

I hand you herewith the application of The Prudential Insurance Company of America for your formal approval, under Chapter 202 of the Laws of 1929, of its project for the improvement of the plot of land which the Company has acquired in the Ironbound District by the construction thereon of new housing facilities, all as set forth in detail in the plans and specification annexed to the application.

The cost of the entire project, the plans and specifications for which already have been approved by the Building Department of the City, will approximate \$2,250,000.

Included in the data submitted is the estimate, required by the statute, of the rentals that may be charged. As the plans and specifications submitted show, the Company proposes to erect modern buildings which will be fireproof throughout. This type of construction is of necessity more costly than if it were less than fireproof. Realizing that the scale of rentals permitted by the statute, based upon an amortization of the cost of construction in twenty years, would require individual rentals in excess of the sum which could reasonably be paid by those whose needs we are seeking to meet, the Company has submitted alternative estimates based upon a lower return, with building costs amortized over longer periods. These estimates are amply justified by the more enduring type of construction decided upon. Naturally, the exact cost of the project cannot be determined at the present time, but we confidently anticipate that when it is completed we shall be able to adopt a schedule of rentals which will average approximately \$12.50 per room per month.

In view of the well known desire of your Commission to facilitate relief to the unemployed, we have expedited the work in every way possible. It is our hope, if weather conditions remain favorable, to reach a point which will permit operations to continue throughout the winter. In doing this we anticipate the employment of eight hundred or one thousand men for a considerable period of time.

Under the circumstances may I ask to give early consideration to the matter.

Very truly yours,

Edward D. Duffield,  
President.

Ordered filed.

To the Honorable the  
Board of Commissioners of  
The City of Newark.

The application of The Prudential Insurance Company of America, a corporation organized under the Laws of the State of New Jersey, respectfully shows unto the Board of Commissioners of the City of Newark, in said State, as follows:

1. The applicant is an insurance company of the State of New Jersey, organized and existing under the laws thereof and duly qualified and empowered to carry on the business of writing insurance upon lives in said State and in other States of the United States and for many years has been and still is engaged in such business.

2. At various dates subsequent to the first day of March, 1930, and within one year prior to the date hereof, the applicant pursuant to the authority granted by Chapter 202 of the Laws of 1929 of the State of New Jersey invested certain of its funds to an aggregate amount, including all similar investments, not exceeding five per centum of its total admitted assets in the purchase of the real estate hereinafter described in the City of Newark, in the State of New Jersey, for the purpose of constructing thereon apartments and tenements.

3. The real estate thus acquired by the applicant, the improvement of which is deemed by the applicant to be necessary to the project hereinafter set forth, consists of the entire block bounded by Fleming Avenue, Oxford Street, Raymond Boulevard and Lexington Street in the Twelfth Ward of the City of Newark. The location of the said real estate is shown upon the map attached hereto and made a part hereof and marked "Exhibit A".

4. The applicant proposes at its own expense to improve the said real estate thus acquired by constructing thereon new housing facilities in accord with proper standards of sanitation and safety and pursuant to the following project:

All structures have been removed from the real estate in question and it is proposed to construct thereon a group of six fire-proof brick apartment buildings, five and six stories in height surrounding an interior court devoted to garden and play-ground purposes. The buildings will contain four hundred and six (406) apartments, most of which will consist of three or four rooms each, accomodating in the aggregate from ten hundred to twelve hundred people. On the Fleming Avenue frontage the ground floor will be occupied by a row of eleven (11) small shops having an average frontage of about eighteen feet.

5. The applicant has caused to be prepared by Edmund C. Stout, architect, of 763 Broad Street, Newark, New Jersey, plans and specifications for constructing new housing facilities and stores upon the said real estate pursuant to such project, true copies of which are hereunto annexed and made a part hereof, the said plans being marked and serially numbered "Exhibit B-1" to "Exhibit B-24", inclusive, and the said specifications being marked "Exhibit C."

6. The cost of the entire project if carried out pursuant to the said plans and specifications is estimated by the said Edmund C. Stout, architect, at Two million, two hundred and fifty thousand dollars (\$2,250,000.), including the cost of the real estate so acquired, as shown by the exhibit hereunto annexed and made a part hereof and marked "Exhibit D."

7. The applicant estimates the rentals of such new housing facilities necessary to assure to it a return of five per centum upon the cost of the entire project, after payment of

(1) all taxes, insurance, costs of operation and maintenance,

and

(2) an annual amount sufficient to amortize the entire cost of operation of such new housing facilities at the end of the period of twenty

years from the completion of the same.

in accordance with the schedule hereunto annexed and made a part hereof and marked "Exhibit E."

WHEREFORE, the said The Prudential Insurance Company of America, pursuant to the provisions of the said chapter 202 of the Laws of 1929 of the State of New Jersey, respectfully applies to the Board of Commissioners of the City of Newark for approval of the project hereinbefore set forth and prays that the said Board of Commissioners of the City of Newark may determine that the project herein set forth is in the public interest, and may approve this application and authorize and empower the said The Prudential Insurance Company of America to undertake and carry to completion the said project, all in accordance with the provisions of the said Chapter 202 of the Laws of 1929 of the State of New Jersey.

**The Prudential Insurance Company,  
of America**

By Edward D. Duffield,

President.

December 15, 1930.

#### **EXHIBIT "D"**

##### **Estimate of the Cost of the Project.**

I, Edmund C. Stout, the architect who prepared for The Prudential Insurance Company of America, the applicant named in the application to which this exhibit is annexed, the plans and specifications contained in the exhibits heretofore annexed, marked respectively "Exhibits B-1 to B-24," inclusive, and "Exhibit C", do estimate the cost of the entire project represented by such plans and specifications, including the cost of the real estate described in the application to which this is annexed, at the sum of Two Million, two hundred and fifty thousand dollars (\$2,250,000.).

Edmund C. Stout

Architect.

December 15, 1930.

#### **EXHIBIT "E"**

##### **Estimate of Rentals**

I, Willard I. Hamilton, Vice-President of The Prudential Insurance Company of America, the applicant named in the application to which this exhibit is annexed, and the officer under whose immediate supervision the project set forth in such application has been prepared, do estimate the rentals of the new housing facilities described in Exhibits B-1 to B-24", inclusive, and "Exhibit C" annexed to such application necessary to assure a return of five per centum upon the cost of such entire project after payment of all taxes, insurance, costs of operation and maintenance and an annual amount sufficient to amortize the entire cost of operation of such new housing facilities at the end of a period of twenty years from the completion of the same, at the average sum of Sixteen dollars and twenty-five cents (\$16.25) per room per month.

If the period of amortization shall be extended by the Company to twenty-seven years and if the return to the Company be reduced to four per centum per annum, then I estimate such rentals at the average sum of Thirteen dollars and seventy-three cents (\$13.73) per room per month.

If the period of amortization shall be extended by the Company to thirty-four years and if the return to the Company be reduced to four per centum per annum, then I estimate such rentals at the average sum of Thirteen dollars and one cent (\$13.01) per room per month.

If the building operations progress satisfactorily and certain economics which the Company contemplates are effected, I estimate the rentals shown above could be reduced approximately Fifty cents (\$.50) per room per month.

The above estimates include heat, janitor service and the use by the tenants of the park areas and play-grounds in the interior courts.

Williard I. Hamilton,  
Vice President

December 15, 1930.

Mayor Congleton offered the following resolution:

**RESOLUTION APPROVING  
APPLICATION**

WHEREAS, The Prudential Insurance Company of America, an Insurance company incorporated under the Laws of the State of New Jersey, has heretofore on the fifteenth day of December, 1930, presented to and filed with the Board of Commissioners of the City of Newark an application for approval of a project for the improvement of the whole of a certain tract of land, therein particularly described, situated within the City of Newark, by the construction upon such tract of land of new housing facilities in accord with proper standards of sanitation and safety at the expense of such applicant and pursuant to a certain project fully set forth and described in the said application and the several exhibits thereto annexed, and

WHEREAS, pursuant to the statute in such case made and provided the Board of Commissioners of the City of Newark has examined into the said application and is of opinion that the same should be granted and approved,

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark that it is hereby determined that the said project set forth and described in the said application and the undertaking and completion of the same is in the public interest, and

BE IT FURTHER RESOLVED that said application be and the same hereby is approved and that the said The Prudential Insurance Company of America be and it hereby is authorized and empowered to undertake and carry to completion the said project pursuant to the statute in such case made and provided and to that end to take such action as may be necessary and appropriate in the premises.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Frank and Arthur Lindeman for the construction of a gasoline station; premises 345 Badger Avenue;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard?

Mortimer Eisner, Chamber of Commerce Building:

I represent the Lindemans, if your Honor please. I undersand Mr. McCloskey appears for several opponents of the application.

Mayor Congleton: We will hear Mr. McCloskey.

Mr. John J. McCloskey, 45 Branford Place.

This is an application, as I understand it, on a plot of ground that on its best side is 22.63, according to Robinson's Atlas of the City of Newark,

running down to a point. It shows that at one point the pumps are only five feet from the sidewalk line on either side, and at the widest point the pumps are eight feet, and that where they are to have their lift, the lift, of course, will have to go out on the sidewalk, because as I understand it from gasoline station operators a lift is 18 feet and the property at that point is approximately 10 feet wide, so consequently the lift will have to project four feet out on the sidewalk on either side. Now, I represent Hyman Epstein, who has an apartment house across the street on Hawthorne Avenue from the apex of this triangle. He, some time ago, applied for a gas station permit and was informed by the Zoning Board it would not be granted because there were too many gas stations in the vicinity, and therefore he built an apartment house on it, and has had, as we all know, considerable trouble in renting apartments, primarily because of the condition, and then they say there are so many businesses in the neighborhood—there are three or four stations right in that neighborhood now. On one side of Peddie Street the property is owned, as I understand it, about fifty per cent. by the applicant Mr. Lindeman, and the balance of the property is a factory, and, of course, they don't care. But on Hawthorne Avenue across the street from the property, the entire property owners with the exception of the man on the corner, are here objecting, because they figure that this gas station on this triangle is going to be so prejudicial to their property that will materially depreciate its value, especially when you consider there are so many gas stations in the neighborhood. Now, there is a garage across the street, and it is not a question of giving him the monopoly of the business in the neighborhood, but if we put gas stations all over this street someone is going to lose business. So this man joins in the opposition because he feels there is so little business there now that another gas station would make it ruinous. I represent, as I said, Mr. Epstein. The balance of the neighbors

are represented by the gentleman who spoke at the conference yesterday. I feel that this gas station is not going to be a gas station operated on this property, but going to be a gas station operated on the sidewalk. I do not think there can be any other angle to it because of the size of the property. I think it is going to be absolutely imperative that the cars placed on the sidewalk when they are filling and when they are waiting to be filled, because there is hardly room for a car to get in there and fill now, and if another car comes in while another car is being filled, it has to wait on the sidewalk; and the lift, because of the size of the lift, must occupy sidewalk property to have a car on it, so it is not, gentlemen, a question of granting a permit on this property, I think it is a question whether this Board should grant a permit to this applicant to a gas station, a great portion of which will be operated on the sidewalk belonging to the City.

Commissioner Murray: Mr. McCloskey, you say the property is 22 feet front?

Mr. McCloskey: According to this sketch which is taken, as I understand, from Robinson's City Atlas of Newark.

Commissioner Murray: The sketch which the secretary of the Adjustment Board shows it is 27 feet plus.

Mr. McCloskey: This shows 22.63.

Commissioner Murray: Then the pump furthest from the base of the triangle is more than eight feet.

Mr. McCloskey: This sketch shows four pumps. This sketch shows it five feet from either side, the next one nearest the house five foot six, the next one seven and the next one eight. And the lift being nearer the apex of the triangle than the furthest pump.

Commissioner Murray: What is the lift?

Mr. McCloskey: On which they run their cars when they grease them and change the oil. They run it on and lift it up. There are several gas

station operators I have conferred with and they say the lift must be 18 feet to operate it successfully, and that being in advance of the fourth pump there is certainly not 18 feet there, and therefore it would of necessity be on the sidewalk, in order to grease and oil cars, and the men working around the cars will, of course, certainly work on the sidewalk.

Mr. Phillip Nohemie, 45 Branford Place.

Mr. Mayor and members of the Commission—

Mayor Congleton: Do you want to add anything to what you said yesterday? We all remember very well what you said yesterday.

Commissioner Egan: Repetition is all right sometimes, but it is not necessary to repeat it now. You made a wonderful presentation of your case yesterday.

Mayor Congleton: Is there anything further you want to say?

Mr. Nohemie: I want to say that I am here representing fourteen objectors who own property within a radius of 200 feet. I have their signed petitions here and I think that their appeal is more eloquent than anyone I can make. They own property there, their fortunes are invested there; they are taxpayers adding to the revenue of the City, and they feel that their property will be materially depreciated in value if this gasoline station is allowed to be erected. They have been down here on three different occasions battling for their rights. There have been other applications to grant a permit in the vicinity, and they have all been turned down for one reason, because there are too many stations in the neighborhood. There are no less than three gasoline stations within a radius of one city block. If this was a country road such a condition might be justifiable, but this is one of our city streets, and it is hazardous from the standpoint of a fire nuisance, it is a traffic hazard, it is dangerous to traffic and dangerous to the children who live in the multiple-family houses right opposite this plot

to have a gasoline station erected on that site. Mr. McCloskey has pointed out that the City Atlas shows that the plot is only 22.63 feet at its widest point. If this permit will be granted it is quite possible that the proponents of the station would not be able to put up a gasoline station in requirement with the rules of the Fire Department anyhow. But in view of the fact that there are so many gasoline stations in the immediate vicinity within a radius of one block, I think it should be turned down. About three months ago the owners of property in the vicinity were served notices to come down here and object if they cared to to the granting of this station. They came down, and at the first hearing before the Board of Adjustment the application was turned down for the reason that there were too many stations in that neighborhood. Just a few weeks later they were served with another notice to come down, and they came down again and they presented their objections, but in spite of the opposition a permit was granted by the Board of Adjustment. I want to present before the City Commission these petitions, and I want to say that at least two of them are signed by people who signed petitions for the applicants not knowing what they were signing, and one of them is signed by the owner of a piece of property in that neighborhood, whereas the applicants have the signature of a person who is not the owner, the son of the owner of the property. In view of the many reasons which I feel we have shown that this permit should not be granted, I respectfully appeal to every member of this Commission and to the Mayor to refuse this application.

Mayor Congleton: Does anyone else desire to be heard in opposition?

Mr. Barney Romanoff, 124 Hawthorne Avenue:

Honorable Mayor, I own a piece of property at 124 Hawthorne Avenue, just opposite where the applicant has made application for the erection of a gasoline station. At the present time there is three gasoline stations in a radius of one block, one on the

corner of Hawthorne Avenue and Badger Avenue, one on the corner of Hawthorne Avenue and Jelliff Avenue, and there is one on 126 Hawthorne Avenue. Three places where they sell gasoline, and now if they erect another gasoline station opposite my property I will be surrounded by four gasoline stations. The smell of the gasoline and the noise of the cars all hours of the night keep me awake. I would ask the Commission to please turn this application down.

Mayor Congleton: Is there anyone else in opposition? If not, we will hear the applicant.

Mr. Jacob Lubetkin: I do not represent the applicant, but I represent a property owner, and we are taking the position where we are confronted with several evils, we desire to choose the lesser. I represent the owner of the property on the corner of Badger Avenue and Hawthorne Avenue which would be directly opposite this gasoline station. This particular plot is zoned for industrial purposes. Now, if we do not get a gasoline station we may get a factory or chicken market or some other offensive structure may be erected there. We feel that the gasoline station is the least evil that we could possibly have there. On the block below, the corner of Ridgewood Avenue, somebody built a baker's shop, and he has got his building erected right on the street line with a blank wall which darkens the neighborhood and blights it. This neighborhood is a blighted neighborhood. So far as noise is concerned, there is plenty of noise there and this gasoline station will not add to it. You have trains drilling there right along side of Peddie Street. Peddie Street is a street having considerable traffic. Hawthorne Avenue has a car line, and these trolley cars operate all night. In fact, there are three other stations there, which would indicate very clearly this a proper place for a gasoline station, and our view of the situation is that we would rather have that there than a factory or other offensive structure.

Mr. Eisner: Gentlemen, I represent

the applicant. It appears that at the time this application was originally made we deemed  $\frac{1}{2}$  opposition to it so unlikely, because it seemed so reasonable, that we were not prepared for the opposition that came in, and for that reason there was a vote against it. Therefore, on the first hearing we took steps and investigated the situation ourselves, and as a result of it, I think you will find in the files that approximately sixty-five to seventy-five per cent. of the persons who would be affected by this gasoline station have over their written signatures conceded that it was all right for the neighborhood. So far as the opposition is concerned, this gasoline permit, if granted, will result in the erection of a gasoline station within the requirements of the ordinances of the City of Newark in every respect, and if it is not we will make it so. I am talking only in reference to the diagram and suggestion made by Mr. McCloskey. We will not in any way prejudice the persons walking on the sidewalk. The lift will not be on the sidewalk, and the dimensions of the triangle itself, contrary to what has been suggested here, are over 27 feet in width at its widest place and about 200 feet in length, and gives ample room to build a gasoline station along the lines suggested, and build it in a way that will not damage the neighborhood, not damage the sidewalk, or affect the persons using it in any way. So far as the opposition of Mr. McCloskey's client is concerned, I would like to say that he sometime ago made an application for a gasoline station on the plot of ground which he now uses for an apartment house, but it was turned down at that time, not for the reason given, but because that apartment house is surrounded by frame houses and it would have been a menace to the neighborhood and possible hazard to have a gasoline station there. Moreover, Mr. Epstein's apartment house does not have its entrance out on Hawthorne Avenue but has it out on the upper side, so that this in no way would affect his entrance or persons going in or coming out of his apartment house. Now, gentlemen, the

situation is this: This is a small triangular plot of ground and unless we can use it for the purpose we now make application for, will practically be rendered useless to the owner. I say to you, the effect of denying this application would be confiscatory, as far as use of this ground is concerned. The applicant, with the second largest property owner on that street, is in agreement, and with Mr. Lubetkin's client, and those other persons who have signed the consents are here, in agreement that this triangle as it stands now, unlighted, covered with brush and trees, is a greater menace to persons using that neighborhood, and to traffic in the neighborhood, than it would be, of course, if it were lighted and a respectable high-class gasoline station built on that lot. I say to you that it will be a substantial improvement for persons living there and for persons using it. I say it will light up the neighborhood and eliminate any possible congestion and traffic which might happen in that neighborhood now. I say that the number of persons who are in favor of this thing, in addition to the fact that it represents the ownership of one of the largest taxpayers in the neighborhood, should be sufficient reason, considering the approval heretofore given by the Board of Adjustment, for this Commission to concur in the finding made below, I submit, gentlemen, that this application should be approved.

Commissioner Gillen: I move the matter be laid over for a week for the purpose of inspection by the Board of Commissioners.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the Director of the Department of Public Safety be and he hereby is authorized and directed to advertise for sealed proposals covering the furnishing of one or more .38 Colt "Bankers Special Positive Double Action Revolvers", for use in the Police

Division of the Department of Public Safety.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the Director of Public Safety be and he is hereby authorized to advertise for sealed proposals covering the furnishing and delivering of ten thousand (10,000) feet more or less of two-and-on-half (2½") inch cotton covered, rubber lined fire hose for use in the Fire Division, Department of Public Safety.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the Director of Public Safety be and he is hereby authorized to advertise for sealed proposals covering the furnishing and delivering of one lot of line supplies for use in the Telegraph Department of the Fire Division, Department of Public Safety.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the Director of Public Safety be and he is hereby

authorized to advertise for sealed proposals covering the furnishing and delivering of thirty (30) more or less Fire Alarm Boxes for use in the Fire Division, Department of Public Safety.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the Director of Public Safety be and he is hereby authorized to advertise for sealed proposals covering the furnishing and delivering of ten (10) more or less one-half ( $\frac{1}{2}$ " ) inch Puncturing Registers for use in the Fire Division, Department of Public Safety.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that the Director of Public Safety be and he is hereby authorized to advertise for sealed proposals covering the furnishing and delivering of ten (10) more or less one-half ( $\frac{1}{2}$ " ) inch take-up reels for use in the Fire Division, Department of Public Safety.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, that Joseph Battaglia is hereby transferred from the position of Laborer in the Shade Tree Division, Department of Parks and Public Property to the position of Laborer in the Fire Division, Department of Public Safety, at a salary of \$4.00 per day, payable semi-monthly as other salaries are paid, effective December 16th, 1930.

W. J. Egan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

RESOLVED, by the Board of Commissioners of The City of Newark, that the sum of eight thousand dollars (\$8,000.) be and the same is hereby appropriated to the following persons, in the shares set opposite their names:

Edward Ross—three fifteenths (3/15).

Ida Ross—three fifteenths (3/15).

Jennie Ross Willis — three fifteenths (3/15).

Harold Kimble—three fifteenths (3/15).

Ida Ross, guardian of Theodore and Willard Forgerson — Two fifteenths (2/15) and John E. Forgerson—one fifteenths (1/15).

being the amount agreed to be accepted by them for a conveyance to the City of Newark of certain lands known as the Estate of George M. Ross, deceased, situate in the Township of Hardyston, Sussex County, New Jersey:

BEGINNING at a dogwood tree formerly marked with a blaze and three notches under the same standing on the northwest corner of Jacob Morrison's meadow and twenty five links to the southwest of a small run of water that was in said Morrison's meadow, thence (1) north

eighty eight degrees west forty-eight chains and twenty links; thence (2) north twenty six degrees east thirteen chains, more or less, to lands of William Fredericks; thence (3) along his line north eighty five degrees east forty five chains, thence (4) south nine degrees west seventeen chains and twenty links; thence (5) south down to Israel Polson's fence up to the Beginning. Containing 64.92 acres, strict measure, as the compass pointed November 24, 1875, be the same more or less.

The aforesaid sum of eight thousand dollars (\$8,000.) is to be paid to said Edward Ross, Ida Ross, Jennie Ross Willis, Harold Kimble, and Ida Ross, as guardian of Theodore and Willard Forgeron and of John E. Forgeron, upon the filing by them with the Acting Auditor of Accounts of a warranty deed, approved as to form by the Law Department, the conveyance to be made free and clear of all encumbrances.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray: Mr. Mayor, I notice that Mr. Wollmuth, secretary of the executive committee on unemployment, is here, and I am very glad he is, because twice this morning it has been mentioned to me that individuals are calling upon citizens and alleging that they are seeking contributions for the relief of the unemployed. I do not know whether they have a right to do it for themselves or for some particular organization, but I do understand that they cannot have any connection with the executive committee in charge of this unemployment relief, and I would like to have Mr. Wollmuth advise us whether any application has been made to them for any such right.

Mr. Wollmuth: For the purpose of getting consent from the committee to go out and seek contributions, the question has not come before the executive committee. I think it would be rather unfortunate if agencies were set up for the collection of funds for the unemployed at this time. I do not think we have reached any situation that would necessitate any such step of that kind. In other words, I think it would be better policy, when the time comes that additional funds have to be raised over and above those that appear to be in sight now from payroll contributions from the City employees, and other persons in industrial plants and commercial offices, generally, if we do arrive at a time of that kind, then I think it should perhaps come from the City Commission in an official way directed to the public at large.

Mayor Congleton: And then they ought to be sent in, and not have solicitors going from house to house.

Mr. Wollmuth: There should not be anything of that kind. It opens up a channel that I think would be susceptible of great criticism.

Commissioner Howe: Following on the Community Chest it would be unfair.

Mayor Congleton: I think we ought to state publicly, and ask the news papers to give prominence to it, that no one has been authorized by the City Commission or any committee working with us, to make calls at homes and so to solicit subscriptions to aid the unemployed. I had, my family informed me last evening, a solicitor at our house saying he was collecting for the unemployed. There maybe some that have authority from some of the other organizations, but none that has been authorized by the city commission, and I think it ought to be made just as clear as we can make it.

Commissioner Murray: In committing to this committee the matter of unemployment relief, this committee has complete control over it, and the committee, we are advised, has not authorized any such action by anybody.

Mayor Congleton: We might say if any public-spirited citizen wants to make a contribution to that fund, it ought to be made direct to Mr. Scudder, treasurer of the fund, and not give it at the front door.

Does anyone else have any other matter to bring to the attention of the Board of Commissioners this morning?

Mr. Albert Mershfelder, 786 Broad Street.

Mr. Mayor and gentlemen of the City Commission, I am again appearing on behalf of the Commission merchants in the southern part of the City, in that section known as the Miller and Wright Street section. These merchants have for months brought this matter to the attention of the City Commission, and the City Commission has very patiently listened to the urgent requests made by the Commission men. Since my appearance here two weeks ago on behalf of the merchants, it appears that a delegation appeared before this commission on behalf of the farmers, stated that they desired to form a farmers market, owned and operated by farmers. The commission merchants of Newark originally were established on Commerce Street. About five years ago, when the congestion was so acute, when the rentals, due to a large rise in price of rent, it became necessary for these men to seek a new section and new quarters. This they did by the establishment of what is a credit to the City of Newark, that large wholesale commission market on Miller and Wright Streets. At that time they believed that in the event that they moved down there that the farmers would come with them. And to that end a commission group got together and they built a farmers square at the corner of Miller Street and Wright Street and Avenue A. The contention at that time was that the space was too small, and therefore the farmers could not use it. Now it appears that the farmers say that they want to have their own farmers market in the Ironbound Section. Gentlemen, to segregate the farmers from the commission men would be fatal to the

commission merchants. To segregate the farmers market in one section of the City and to have the commission merchants in another section of the city would be disastrous. It has been a terrible thing for the commission merchants within the past few years that they had to be obliged to go to the farmers market where it is at present located. We are here to advocate a city-owned and operated market in close proximity with the commission merchants. As long back as I can remember the city has always had a city-owned and operated farmers market. Way back in the days when the old market was at Broad Street and the farmers would come into those places, the Commission men on Commerce Street, they all operated together. One is so closely interwoven with the other that the commission merchant needs the farmer and the farmer needs the commission man. I am told there has been apparently considerable publicity on this subject, that several hundred farmers have signified their willingness to join in this enterprise of a farmers-owned market, and to try out that experiment. Gentlemen, we represent over upwards of a million-dollar investment on Miller and Wright Streets, and these gentlemen, these commission merchants, they feel it right to come before this commission and to lay before this commission the necessity of having a farmers market where the commission men can directly operate with the farmers. If that be true, that all these farmers have signified that intention, may I recall to your attention that the commission men some time ago—not so long ago—prepared a petition and that petition was signed by upwards of 1,000 retailers of the City of Newark, who recommended to the City, and who asked the City to give it due consideration, to have the farmers market attached to the commission market. That petition, I believe, was filed with the City Clerk. That petition, as I said, represented over 1,000 signers of bona fide business men in the City of Newark. Now, what is the condition? The farmers and the commission men are operating when we gentlemen are all asleep. The

principal business hours of the farmers and the commission men is from midnight until about seven to eight o'clock in the morning. That is when that business is transacted. And to have segregated place, away from the commission men, so that commission men must go down to this segregated place to get their commodities and bring them back to the commission house, it is only reasonable to suppose that if such a condition exists that that will add to the burden of overhaed, and naturally increase the prizes of the commodities. I am speaking not only for the commission men, I believe it is vastly and vitally important to the citizens of the City of Newark that these markets should be so closely lined up that one could work with the other to the mutual advantage, and could keep the prices regulated. in a segregated part like that where the farmers bring in their goods and the prices are not established, we say the commission men down here who are serving the public twelve months in the year—the farmers bring their goods in in seasonable times of the year—but the commission men are serving the public twelve months in the year, and it seems to me that their appeal should receive a great deal of consideration. With the farmers market as a vital part in the city, may I respectfully call to your attention an article that appeared in the Newark Evening News in which Senator McAllister, Chairman of the New Jersey Farm Market Relief Commission, at the New Jersey College of Argicultural put the blame on the Newark market. He said in part, "A city the size of Newark should have large primary and secondary markets. Senator McAllister said to enable the efficient marketing of produce both in this city and the surrounding sections as it is, New Jersey farmers prefer to haul their produce to New York rather than to be limited in facilities. The result is, according to the Senator, that Newark jobbers are forced to shop in New York for Jersey-grown produce and then ship or haul it back to Newark and the surrounding towns." An Article also appeared in the Sunday Call, and I just wish to call your attention

to one little paragraph of that. This is in connection with the farmers-owned market. "Representatives of the Federal Farm Board have conferred with the organizers, together with officials of the State Agricultural Department and the County Agents, and that department, all of whom have endorsed the proposed plans" according to the speaker who addressed you commissioners. It seems most inconceivable to believe that the representatives of the State or of the Federal Department, where they know the great interest that this commission has taken in the farmers, should endorse a plan without first consulting this City Commission.

Mayor Congleton: They did consult us to the extent of coming here and telling us what they were going to do.

Mr. Mersfelder: Yes, but the article reads "Have endorsed the proposed plan." I feel that that is a pretty far step to take. I don't know what the conferences were.

Mayor Congleton: The farmers came here.

Mr. Mersfelder: The farmers came here. But the way it appears here, that the Federal Farm Board have conferred with the organizers, together with officials of the State Agricultural Department. Here is a matter which affects the City of Newark and it affects the citizens of the City of Newark. When the market was moved to Miller Street it created two different sections, and I believe that that is analagous and should be brought in as part of this argument. It created a new section on Commerce Street. Where the old farmers building stood large banking houses have been erected. I venture to say that if the farmers are placed down in the locality of the commission men it will only follow that the remaining commission men who are now dependent upon the farmers in Commerce Street, will also come down to Miller Street and join with that section. That section, as you know, with the erection of those buildings, has created a large, a consider-

ably large tax ratable. Property in that section has increased thirty fold, so that now on the question of the City-owned farmers market, I am told on authority that so long as Newark has operated a City-owned farmers market that it has always been productive of great net revenues to the City. I am told that last year over and above all expenses it brought a revenue to the city something like \$43,000. Are we going to throw—if that be true, are we going to throw a revenue like that away?

Mayor Congleton: Mr. Mersfelder, I do not mean to interrupt you, but I would like you to address yourself to the point that you were on for our enlightenment. I am largely in sympathy with what you say about the two markets being together, but wherein have we any power to block the farmers going down on the island and buying and establishing their market? Only yesterday we received a communication from the attorney for them, in which he states, "At a meeting held in Bloomfield on Saturday, December 13, with the full committee of nine farmers and county agents, it was unanimously voted that the options on ten acres of ground on property located in the section known as the 'island' in Newark, be exercised, the property acquired, and a corporation formed to take over the same for operation by the farmers. It was further voted that engineers be hired for the physical layout of the market. This committee represented 368 farmers out of 461 who are licensed to trade in the present 'Newark Farmers Market.' " Now, if that large number of men are going to invest their own money to establish a market, it is quite fair to assume that they are going to take their truck stuff down to their own market. But what I would like you to address yourself to, how can we block them if they want to do it?

Mr. Mersfelder: I don't see that we can block that. I am not attacking their privately-owned organization—

Mayor Congleton: You would not have to, would you? If 368 out of 461

who are licensed are going to invest their money in their own market, they will naturally go to that market, won't they?

Mr. Mersfelder: Well, it is questionable.

Mayor Congleton: That it not human nature, as I have observed it. Usually we go where we have our money.

Mr. Mersfelder: But they will have to go where they can unload their produce.

Mayor Congleton: But they have not in all these years, you say. You say you have had your plot there all concreted and been standing with open arms urging them to come but they have not come.

Mr. Mersfelder: Some have come, but the greater portion have been down here on our City-owned market in Commerce Street. The distance between those two—

Mayor Congleton: My own belief is that the two should be together. But what I am trying to get some light on, if these men are determined and they are going ahead and buy there ten acres, can you point anyway in which we can block it if we think wise to do so, and try to send them down to the other place?

Mr. Mersfelder: Well, we cannot block their going down there, but I am trying to point out this point, that the farmers who will bring in their commodities and who will take it down to that new farmers market, and I am not talking against that farmers market, I am talking about a city-owned market to be located for two reasons: One is to keep the prices of commodities low so that they may be distributed—

Mayor Congleton: I think the consensus of opinion in this Board is with you on that, but it seems to me your reasoning and your argument should be addressed to these farmers to get them to come down to you, rather than to us, because we are pretty much of one mind that the two mar-

kets ought to be together. Now, when you took this up first we thought the farmers were with the commission men, and they attended here, but they tell me I am all wrong on that. I still have a very clear recollection of what the farmers and their representatives told us, but apparently some very high-powered salesman has convinced them that they did not mean what they said.

Mr. Mersfelder: Here is something to be said in favor of the City—

Commissioner Gillen: Mr. Van Riper--

Mr. Mersfelder: Mr. Van Riper is president of the organization.

Commissioner Gillen: He wrote me a letter in the past few days inasmuch as there seemed to be some difference of opinion between the farmers as to whether it should be city-owned or privately-owned, that he was calling a meeting for Saturday night of all of the members of his association and they are going to vote on it this coming Saturday night.

Mayor Congleton: That is not the meeting Mr. Stewart wrote about.

Commissioner Gillen: No.

Mayor Congleton: You ought to get into that meeting some way or other and make the argument that you are making to us to those farmers, because you are talking to a body that is sympathetic to your proposal.

Mr. Mersfelder: I am so sincere in my argument, and knew that the City entertained that argument. But I do say this, it is an experiment, and if our farmers market is one gone and we have no farmers market and the experiment should not be a success, it might be a difficult thing to re-establish a farmers market in this city. It might have scattered them.

Commissioner Howe: Mr. Mersfelder, one thing I find is this: There is insufficient room at your commission men's present market. There is less than an acre and a half of land that could be utilized.

Mr. Mersfelder: At present.

Commissioner Howe: At present. While these men, it seems, are selecting a piece of property totaling ten acres, and they claim they will need all of it. That is one thing. If there was a proposal or if there was sufficient ground for them down there they would have no objection to it, but there is insufficient ground, only about an acre and a half, or less than that there, when they claim they need near ten.

Mr. Mersfelder: In all the time that the farmers market has been in existence, and you know our present farmers market down there, I do not think it was ever shown that that was inadequate. I believe that was always adequate room—I am talking about the city-owned farmers market on Commerce Street.

Commissioner Howe: I recall seeing them in Mulberry Street and Cherry Street and Park Street when they could not get down there.

Mr. John Hageman: This matter is very important and of great interest to us. It is an important project, feeding the people of Newark. And there has been much said about reducing the expenses. That is what we are trying to do, to bring in things as cheaply as possible. We have great facilities for bringing things into Newark, we have the Lehigh Valley Railroad and Pennsylvania both of them, who bring stuff to this city from far distant points, and contrary to the belief of some, we have in this room probably fifty or a hundred men down there who have substantial investments down there. They are men of standing, business integrity and large experience. We are not going away from there. We are going to continue to do business there whether there is any farmers market there or not, but we can do it a little bit more efficiently if we have the farmers with us. We read in the paper that the matter was settled and all drawn up, that this organization had pledged to it so and so. Well, I presume they are men of standing, integrity and experience, but it

seems to me they have just merely scratched the question. I understand they sent out a great many postals and the response in persons were twenty-five. It takes a lot of money to finance—

Mayor Congleton: I think that is when the real test will come, when they ask for the money.

Mr. Hagemann: It takes a great deal of money to finance a half-million dollar project. I was brought up on a farm and I know farmers' ideas. I have followed the plow and I have of man the farmer is. He is hard-working and it is hard to get him to put money down. He is very careful because he hasn't a great deal. It has always been our idea to have the farmer with us. We cannot bring them if they won't come in there, neither can we block their project if they want to invest their money. But they have their peak reasons and weak seasons. If the market were established this morning you probably would not find more than four or five trucks, if any at all. Their service is only seasonal and we are twelve months in the year operating, and we certainly want them there if it can possibly be brought about. The question in our mind is whether the people who have been so active in this new movement do represent the real members of that market gardeners association. It is reasonable to believe that the head of that organization must speak with some authority, and he has appeared before you and told you that the farmers want a city-owned and operated market. He says he has had no expression from the members that they do not want that to be done, and certainly we know Mr. Van Riper is a man of standing, a man of integrity, and he does not talk wildly. He says the things that he knows to be so, and we appreciate all the consideration you have given us. If you can see any way to carry the project through we would be very glad to have it done. We have available space, and the time is short, and those things don't happen over night and we cannot concrete

space of that size—it will cost a lot of money to concrete that— three or four hundred thousand dollars to concrete ten acres. And when you ask men to put down money for that, that is something different. And we do not want any visionary scheme to take place in the City of Newark. We want something that has a semblance of solidity about it. We know if this market was carried down there, in a very short time, in two months or three months, there could be a splendid market established there, we believe, for all the bona fide farmers. If they are going to have ten acres they are going to take all the income they can get out of it. They are going to have the element they objected to. They are going to have speculators. When they have a lot of space vacant there is a very great temptation to let any man in who will pay the rent. And we do not want that condition to arrive again. We have always wanted the farmers down there. We have always expressed ourselves, and we hope there will be some way of working it out in the future.

Mayor Congleton: Does anyone else desire to be heard? Is there any other persons who has any matter they desire to bring to the attention of the Commission this morning?

Mayor Congleton offered the following resolution:

RESOLVED, that the sum of Fifty-four thousand sixty-six dollars and ninety-one cents (\$54,066.91) be and the same hereby is appropriated to the persons named, as per certified list attached, being the gross amount of bills contracted and chargeable to the Department of Public Affairs as follows:

City Treasurer, sem-monthly payroll, period December 1—  
Dec. 15, 1930, both incl....\$54,066.91

Jerome T. Congleton  
W. J. Egan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution

was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

Commissioner Gillen: I move we ad-  
journ.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. EGAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.

City Clerk.

Newark, N. J., December 24, 1930.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Howe, Murray,

Absent: Mayor Congleton.

The minutes of meeting of December 17th were read and approved.

Commissioner Howe, presiding.

The City Clerk presented An ordinance to order and cause the change and establishment of the grade of Blanchard Street, from Raymond Boulevard 537 feet northerly, the new grade to be established to include the roadway, curb and gutters; and to provide for the grading, curbing, flagging, paving and repaving of Blanchard Street, from Raymond Boulevard 537 feet northerly, with broken stone, including the demolition and removal of the bridge over the Morris Canal, and stated that today was the time fixed for hearing on the same.

Commissioner Howe: The Mayor has requested that the ordaining clause be stricken out.

Commissioner Murray: I move that it be done.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging, paving and repaving of the corners of Market Street and Jackson Street and Jackson Street from Market Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does anyone desire to be heard on this ordinance?

Mr. Ignatz Weiss, 530 Market Street, appeared and stated he had received a notice of the improvement at 532 Market Street and stated he was the owner of 530 and not 532.

Commissioner Howe stated that if he was not the owner of property at 532 Market Street he would not be assessed for it and suggested that he confer with the Board of Assessments for Local Improvements in reference to the matter.

Commissioner Howe: Does anyone else desire to be heard on this ordinance?

(No response).

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of the corners of Market Street and Jackson Street, and Jackson Street from Market Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that said ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging, paving and repaving of the corners of Market Street and Jackson Street and Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of the corners of Market Street and Jackson Street, and Jackson Street from Market Street to Raymond Boulevard with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the construction of a reinforced concrete pipe sewer in State Highway Route No. 25 to be known and designated as the "Haynes Avenue Sewer, Section No. 2," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing. Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a reinforced concrete pipe sewer in State Highway Route No. 25 to be known and designated as the "Haynes Avenue Sewer, Section No. 2".

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Gillen moved that the title of "An ordinance to provide for the construction of a reinforced concrete pipe sewer in State Highway Route No. 25 to be known and designated as the "Haynes Avenue Sewer, Section No. 2", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray. \*

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a reinforced pipe sewer in State Highway Route No. 25 to be known and designated as the Haynes Avenue Sewer, Section No. 2".

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of Summit Street from a point 72.9 feet north of the northerly curb line of Bank Street, 517 feet northerly.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That the grade of Summit Street from a point 72.9 feet north of the northerly curb line of Bank Street, 517 feet northerly, shall be changed and established, the new grade to be established to include the roadway, gutters and curb, and described as follows:

Grade of the Westerly curb:

Beginning at the grade of the existing westerly curb of Summit Street at a point distant 73.8 feet north from the northerly curb line of West Market Street at an elevation of 99.50 feet; thence ascend northerly 1.28 feet in 100 feet for 25 feet to an elevation of 99.82 feet; thence ascend northerly 0.50 feet in 100 feet for 134 feet to the proposed southerly curb line of Academy Street at an elevation of 100.48 feet.

Thence beginning again in the westerly curb line of Summit Street at the intersection of the proposed northerly curb line of Academy Street at an elevation of 100.48 feet; thence descend northerly 1.33 feet in 100 feet for 99 feet to an elevation of 99.18 feet; thence descend northerly 0.50 feet in 100 feet for 136 feet to an elevation of 98.50 feet; thence descend northerly 1.03 feet in 100 feet for 20 feet to an elevation of 98.29 feet; thence descend northerly 2.08 feet in 100 feet for 20 feet to an elevation of 97.88 feet; thence descend northerly 3.14 feet in 100 feet for 20 feet to an elevation of 97.25 feet; thence descending northerly 4.19 feet in 100 feet for 20 feet to the grade of the existing curb of Summit Street at an elevation of 96.41 feet.

Grade of the easterly curb:

Beginning at the grade of the existing easterly curb of Summit Street at a point distant 72.9 feet northerly from the northerly curb line of Bank Street at an elevation of 98.74 feet; thence ascend northerly 2.00 feet in 100 feet for 19.5 feet to an elevation of 99.13 feet; thence ascend northerly 1.00 feet in 100 feet for 27 feet to an elevation of 99.40 feet; thence ascend northerly 0.50 feet in 100 feet for 112.6 feet to the proposed southerly curb line of Academy Street at an elevation of 99.96 feet. Thence beginning again in the easterly curb line of Summit Street at the intersection of the proposed northerly curb line of Academy Street; thence descend northerly 0.50 feet in 100 feet for 227 feet to an elevation of 98.54 feet; thence descend northerly 1.04 feet in 100 feet for 20 feet to an elevation of 98.33 feet; thence descend northerly 2.11 feet in 100 feet for 20 feet to an elevation of 97.91 feet; thence descend northerly 3.19 feet in 100 feet for 20 feet to an elevation of 97.27 feet; thence descend northerly 4.26 feet in 100 feet for 20 feet to the grade of the existing curb of Summit Street at an elevation of 96.42 feet. The above elevations are referred to Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1022-G, dated September 30, 1930. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$30,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$30,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Murray moved that January 14th, 1931, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks of Lockwood Street from Raymond Boulevard northerly to Euclid Avenue and requiring the removal of obstructions, projections or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of Lockwood Street from Raymond Boulevard northerly to Euclid Avenue is hereby changed and established as follows:

From Raymond Boulevard northerly to Euclid Avenue Ten (10) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, are hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days'

notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate, or cause to be taken out, removed and abated, any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Lockwood Street between the limits herein stated contrary to the provisions of this ordinance, and the expense therefore shall be recoverable from the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Gillen moved that January 14th, 1931, at 11 A. M. or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

Commissioner Howe offered the following resolution:

RESOLVED: That the sum of One Hundred Ninety-Four Dollars and Seventy-Three Cents (\$194.73) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

Commissioner Howe moved that the resolution covering the application of Frank and Arthur Lindeman for the construction of a gasoline station; premises 345 Badger Avenue, be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray.

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for September, October and November, 1930.

Auditor's Trial Balance as of November 30, 1930.

Commissioner Howe: Does any person have any matter to bring before the commission?

Mr. Bernard W. Schur, 60 Park Place;

Members of the Board of Commission, I am interested in property on Railroad Avenue on Route 21. The contract for this property was signed quite some time ago with the State Highway Commission, but the State Highway Commission has withheld closing title to this property and paying the purchase price because of the fact that they have been waiting for the approval of the City on this property. Now, I have been around here week after week and then to the various departments asking information, and I have been told every week that this matter would come up for the City's approval, but nothing has yet been done. On the strength of the contract being signed with the State, notices were given to the tenants to vacate the premises. The premises have been vacated, and it is causing a big money loss to the owners of the property.

Commissioner Gillen: I move that this be reported to the Mayor.

Mr. Schur: If it please Mr. Gillen, this has been in the Mayor's hands for quite some time.

Commissioner Gillen: I mean, this is a protest now. The Board refers it back to the Mayor. You will get action on it.

Commissioner Murray: It has been in the Mayor's hand since it started.

Mr. Schur: I mean for the approval on the price agreed upon between the State Highway Commission and the owner.

Commissioner Howe: I have been informed that this is being taken care of by the Commission. Those different properties are being taken care of in their regular turn, and yours will be reached very shortly.

Mr. Schur: That is what we have been told for the past few months.

Commissioner Howe: There is a lot of property and a lot involved.

Mr. Schur: It is costing a lot of money to the people down there. Here is property causing a loss to the owners of \$425 to \$450 approximately for every month's delay. The State is ready to close it as soon as the City approves it. I know that contracts made with the State where the City wasn't involved, the people have been already paid. They have had their deeds delivered and the money paid for it.

Commissioner Howe: The delay, I am informed, is not through the City at all. It is only within three weeks that any of them have been referred to the City, and there are hundreds of them. We are working as fast as time permits.

Mr. Schur: Of course, I don't argue with you, Commissioner, but I know differently.

Commissioner Howe: Does any other person have any matter to bring to the attention of the Commission?

Commissioner Gillen: I move that  
we adjourn.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Egan, Gillen,  
Howe, Murray.

APPROVED:

JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.

Newark, N. J., December 30, 1930.

A special meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Mayor's Office, Newark, N. J., at 10:30 A. M.

Present:-Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

The following call of the meeting was read:

**Office of the City Clerk**

Newark, N. J., December 27, 1930.

William J. Egan, Esq.,  
Charles P. Gillen, Esq.,  
John Howe, Esq.,  
John F. Murray, Esq.,  
Jerome T. Congleton, Esq.,

Honorable Sirs:-

You are hereby notified that a special meeting of the Board of Commissioners of the City of Newark, N. J., will be held on Tuesday, December 30, 1930, at 10:30 A. M., in the office of the Mayor, for the purpose of confirming, ratifying and approving the issuance and sale of Tax Revenue Bonds.

By order of the Mayor.

Very truly yours,

P. J. O'Toole, Jr.,  
City Clerk.

Commissioner Howe offered the following resolution:

WHEREAS, the Mayor, Director of the Department of Revenue and Finance, and the Auditor of Accounts, and the City Clerk have, acting in pursuance to and in reliance upon the resolution adopted by the Board of Commissioners on the 3rd day of December, 1930, issued the Tax Revenue Bonds hereinafter described; and the Board of Commissioners desires to confirm and ratify the issuance of said Tax Revenue Bonds; NOW THEREFORE,

BE IT RESOLVED, that all of the acts done by the Mayor, Director of the Department of Revenue and Fi-

nance, Auditor of Accounts and City Clerk, pursuant to said resolution, for the purpose of issuing on December 10, 1930, in anticipation of the receipt of tax revenues for the fiscal year 1930 for municipal purposes, for local school purposes and for State and County purposes, which are collectible by the City of Newark, and which have become delinquent, a tax revenue bond or bonds for the face amount of \$400,000. dated December 10, 1930, maturing June 10, 1931, and bearing interest at the rate of two and three quarters per per centum (2¾) per annum, payable at maturity, and consisting of four bonds of the denomination of \$100,000 each, numbered from 284 to 287, inclusive, to the Federal Trust Company in exchange for the face amount of said bonds, are hereby approved, ratified and confirmed.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
W. J. Egan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Murray, Mayor Congleton.

JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.

Newark, N. J., December 31, 1930

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Absent: Commissioner Egan.

The minutes of meeting held on December 24th and special meeting of December 30th, 1930, were read and approved.

The City Clerk presented An ordinance providing for the vacation of parts of the following streets: Two (2) parts of Dayton Street (formerly Lower Road to Elizabeth) lying between the intersection of Ludlow Street and the Elizabeth-Newark boundry line; Sedgewick Avenue from a point 203.12 feet north of Van Vechten Street northerly 132.21 feet to Dayton Street, VanVecten Street from a point 147.57 feet west of the northwesterly corner of Sedgewick Avenue and Van Vechten Street north westerly 272.19 feet to the Elizabeth-Newark boundry line, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until January 14th, 1931.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An Ordinance to establish a Law Department in the City of Newark", adopted January 27, 1921.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 13 of an ordinance entitled " An ordinance to amend an ordinance entitled 'An ordinance to establish a Law Department in the City of Newark,' adopted January 27, 1921," be and the same is hereby amended to read as follows:

SECTION 13.: The salary of the Corporation Counsel shall be Fifteen Thousand (\$15,000.00) Dollars per annum. The salaries of the Assistant Corporation Counsels, Legal Assistants, Clerks, Secretary to Corporation Counsel, and other employees of said Department, shall be fixed by resolution of the Board of Commissioners and be payable as other salaries are paid.

Section 2. All ordinances and parts of ordinances inconsistent herewith shall be and the same are hereby repealed.

Section 3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that January 14th, 1931, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to order and cause the change and establishment of the grade of Academy Street from a point 76 feet east of the easterly curb line of Summit Street to a point 72 feet west of the westerly curb line of Summit Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the grade of Academy Street from a point 76 feet east of the easterly curb line of Summit Street to a point 72 feet west of the westerly curb line of Summit Street shall be changed and established, the new grade to be established to include the roadway, gutters and curb, and described as follows:

Grade of the southerly curb:

BEGINNING at the grade of the existing southerly curb of Academy Street at a point 76 feet east of the easterly curb line of Summit Street at an elevation of 95.21 feet; thence ascend westerly 7.00 feet in 100 feet for 19 feet to an elevation of 96.54 feet; thence ascend westerly 6.25 feet in 100 feet for 19 feet to an elevation of 97.73 feet; thence ascend westerly 5.50 feet in 100 feet for 19 feet to an elevation of 98.78 feet; thence ascend westerly 4.75 feet in 100 feet to an elevation of 99.68 feet at the easterly curb line of Summit Street.

THENCE BEGINNING at the westerly curb line of Summit Street at an elevation of 100.48 feet; thence ascend westerly 1.50 feet in 100 feet for 18 feet to an elevation of 100.75 feet; thence ascend westerly 0.50 feet in 100 feet for 18 feet to an elevation of 100.84 feet; thence descend westerly 0.50 feet in 100 feet for 18 feet to an elevation of 100.75 feet; thence descend westerly 1.11 feet in 100 feet for 18 feet to the grade of the existing southerly-curb of Academy Street at an elevation 100.55 feet.

Grade of the northerly curb:

BEGINNING at the grade of the existing northerly curb of Academy Street at a point 76 feet east of the

easterly curb line of Summit Street at an elevation of 95.21 feet; thence ascend 7.00 feet in 100 feet for 19 feet to an elevation of 96.54 feet; thence ascend westerly 6.25 feet in 100 feet for 19 feet to an elevation of 97.73 feet; thence ascend westerly 5.50 feet in 100 feet for 19 feet to an elevation of 98.78 feet; thence ascend westerly 4.75 feet in 100 feet for 19 feet to an elevation of 99.68 feet at the easterly curb line of Summit Street.

THENCE BEGINNING at the westerly curb line of Summit Street at an elevation of 100.48 feet; thence ascend westerly 1.52 feet in 100 feet for 18 feet to an elevation of 100.75 feet; thence ascend westerly 0.50 feet in 100 feet for 18 feet to an elevation of 100.84 feet; thence descend westerly 0.50 feet in 100 feet for 18 feet to an elevation of 100.75 feet; thence descend westerly 1.00 feet in 100 feet for 18 feet to the grade of the existing northerly curb of Academy street at an elevation of 100.57 feet.

The above elevations are referred to Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1023-G, dated October 24, 1930.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be assessed against the City at large.

Section 3. That the sum of \$500. is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement temporary bonds or notes shall be is-

sued from time to time in an amount not to exceed \$500. under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission, approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amend thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that January 21st, 1931, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The following communication was  
received, read and on motion ordered  
filed:

#### City of Newark, New Jersey

December 31, 1930

Subject: Appointment of J. Henry  
Bacheller

To Sinking Fund Commission.

The Board of Commissioners of  
The City of Newark,

Addressed.

Gentlemen:

The term of J. Henry Bacheller, as  
a member of the Sinking Fund Com-  
mission of the City of Newark, ex-  
pires on January 1, 1931.

By virtue of the power and authority vested in me under an act of the Legislature of this State, entitled:

"An Act concerning sinking funds and Sinking Fund Commissioners", approved March 29, 1917, and the acts amendatory thereof and supplemental thereto,

I am, by and with the consent of your body, appointing J. Henry Bacheller, a resident taxpayer on real estate, a member of the Sinking Fund Commission of The City of Newark, for a term of three years, to commence from January 1, 1931.

Respectfully,

Jerome T. Congleton,  
Mayor

Mayor Congleton offered the following resolution:

WHEREAS, Jerome T. Congleton, Mayor of The City of Newark, by and with the consent of this governing body, has this day appointed J. Henry Bacheller, a member of the Sinking Fund Commission of the City of Newark, for a term of three years from January 1, 1931;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the action of said Jerome T. Congleton, Mayor of The City of Newark, in appointing said J. Henry Bacheller, a member of said Sinking Fund Commission of The City of Newark for a term of three years from January 1, 1931, be and the same is hereby ratified and confirmed; and our consent to said appointment is hereby given; and

BE IT FURTHER RESOLVED, that said J. Henry Bacheller give a bond, with corporate security, in the sum of five thousand dollars (\$5000), for the faithful performance of said office.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED by the Board of Commissioners of the City of Newark that William F. Yeomans be and he is hereby appointed as a member of the Board of Adjustment for the term of five (5) years from January 1, 1930, to January 1, 1936, or until his successor is appointed and qualified, at an annual salary of Fifteen Hundred (\$1500.00) Dollars, payable as other salaries are payable, under and by virtue of the authority of Article 9, Chapter 274, P. L. 1928, and the provisions of an ordinance entitled "Zoning Ordinance of the City of Newark", adopted January 8, 1930.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes.

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Don Schnelder for the alteration of a public garage to provide for a gasoline station; premises 441-445 Bergen Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

John Howe  
Jerome T. Congleton

Charles P. Gillen

Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Commissioner Gillen: Mr. Mayor, we attended the funeral today of a former City Official who rendered very faithful service to the City of Newark. He was a native son, and highly respected by all the citizens; and I make a motion that a proper resolution be prepared, inscribed, and sent to the family of Mr. Harrison R Van Duyne.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

JOHN HOWE

CHARLES P. GILLEN

JNO. F. MURRAY, Jr.

The Board of Commissioners of  
The City of Newark, N. J.

P. J. O'TOOLE, Jr.,  
City Clerk.
